SATURDAY, OCTOBER 9, 1954

FUND-RAISING HITS HALF WAY IN 2 YEARS

At the college assembly on Thursday, September 30, President Gibson addressed the students on "The State of Washington College."

Washington College."

Dr. Gilsson reminded the students of the Washington College Development Program, inaugurated in the fall of 1952 to raise one and one-half million dollars for building construction and one million

construction and one million dellars for endowment, these sums dellars for endownerst, base nums to be obtained during the next 10 to 12 years. The first phase of the program was an intensity fund-staining comparing to sale where the program was an intensity of the program was an intensity fund-staining and the program was an intensity fund-staining and the program was an intensity of the program was an intens

under construction. Furthermore, the college is the recipient of a grant of the Hodson Trust which will finance the erection of a new kitchen wing to Hodson Hall, consequently enlarging the facilities for dining. Last winter the legislature of the Maryland appropriated \$250,000 for a new gymnasium for Washington College.

LOAN APPROVED
To top all of these accomplishments, the college has just been informed that its application for a loan of \$380,000 from the Federal Housing and Home Finance Agency has been approved. This means the erection of a new wing to erset House, and the complete interior renovation of both Middle Hall and East Hall

Summing up, Dr. Gibson pointed out that in less than two years the college has raised \$317,000, or over 50 per cent of the goal for capital construction planned in the original development program.

This does not include the government loan. This, Gr. Gibson said, is truly a remarkable accomplishment, particularly since the college has never before sought financial support for such purposes from its alumni and friends. The com-pletion of all the projects for which

Editorially Speaking

TO THE NEW STUDENTS

It is customary and often expected that editors devote ir lead-off editorial to a lengthy welcome for the new dents on campus. We feel that, having been a member of their lead-off editorial to a lengthy welcome for the new students on campus. We feel that, having been a member of Washington College for two weeks now, you feel quite at 6th the state of the control of the control

We were indeed disappointed to have such a meager turnout for the staff this year. It is not due to lack of interest, we were glad to discover, since quite a few of you have mentioned to us that you wish to participate but, on the advice of your advisors, have not joined extra-curricular activities. This is an individual problem, of, course. We do activities. This is an individual problem, of course. We do hope you will soon have your work organized and extra time to devote to your college paper. It is important that you begin to acquire that much needed experience if we hope to have a successful ELM two or three years from now. HAZING . THINK TWICE!

Violence and destruction are not a part of hazing. We have had both on our campus this year. The violence and fighting in Somerset resulted in the injury and hospitalization of one of the Sophomore boys. Surely his injury was an accident. But the destruction in G. I. Hall was planned and deliberate - no accident here - simply willful destruction of school property.

It seems, to the Editors, that the administration has been

more than tolerant in both instances. Had they decided, on either occasion, to end hazing, their action would have been justified. But they, like us, must feel there are good aspects of hazing too. Hazing is fun if we approach it with the proper attitude. It creates a spirit and liveliness that is

good for a college campus.

So, as hazing goes into its final two weeks, let's think twice about those "pranks". Think back to Dr. Gibson's "State of Washington College" address. We who are seniors soate or wasnington college" address. We who are seniors realize how much has been accomplished in the past four years - we can see it when we look around us. And you will see the college plant constantly improving as yon go through school. More people than we realize are working and sacrificing, let's not be so unappreciative that we undo the good they have done. Remember, think twice.

Sho'men - Roanoke Vie In Mason Dixon Soccer Tilt

Clarkmen In Fall Warmup

By Jim Wright

Washington College's stickmen under the watchful eye of coach Doctor Charles Clark, are be-ginning another colorful lacrosse season with many aspirants numbering those prodigies fresh from high school, the transferees, and just plain beginners taking part in pre-season activities They've been sweeping through fundamentals three days a week-Monday, Wednesday, and Fridayfrom 4 to 5 p.m., since September

The main purpose of this preseason schedule is to give beginners a chance to gain experience before regular season opens in March. Some of the promising new men who handle a lacrosse stick quite efficiently are Joe Sbievold from Friends, Gordy Miller and Harry Dundore of St. Paul's, Bill Bernstein, a product of Mt. St. Marys, Bill Litsinger, a Towsonite, Marcen Waterman who bails from Severn, and Don Miller, a transfer student of the Naval Academy

Working along with the afore-mentioned freshmen are several experienced veterans from Charlie Clark's Mason Dixon Champion-ship team of '54. Anxious to taste ship team of '54. Anxious to taste collegiate competition again are, goalie Jack Parker, defensemen Roy Pippin and Bill Barnett, and midfieldmen Pete Bartow, Stan Goldstein, and Mac Connel.

Coach Clark was asked what the eam's chances were of remaining the Laurie Cox Division Cham-pions in the absence of Dick Weller, pions in the absence of Dick wenter, Bob Lipsitz, Bob Appleby, George Hesse, Mickey DiMaggio, John Jennings, and Jack Lamon. He had this to say, "The loss of had this to say, "The loss of these men is certainly a great blow to the team; however, we intend to have a good team in spite of their absense-we've got good material ong the new-comers and three indispensable men have returned (goalie John Parker, defenseman Bill Barnett, and attackman Jack Howard who incidentally led the nation in assists with 51, in'54). If the team works together, if the new men take the game seriously, there's no reason why we should't have a successful season."

workout appears more promising then any we've had for some then any we've had for some seasons. The players are more experienced and have already

Hoopsters Hustling

uriously than ever under the combined heels of Coach Emerson Smith's thinclads and prospective **&....** basketball athletes.

Coach Smith remarked that running cross-country each night for the past week and a half has gotten the courtmen in fairly good shape. "We intend to run until October 25; and it will be a pre requisite for any team member to have had these 15 workouts with the cross-country team, along with resular practice.'

Two factors predict an improve ment over last year's squad. First of all, veterans have returned except Bob Appleby and George Hesse. Secondly the influx of new athletes will, so Coach Smith the same token, most of the last years' foes are greatly improved: Loyola promises to have one of in the best teams in the school's noyld't have a successful season."

To follow up Coach Clark's bitory: Mt. St. Mary's, with its bitment, this year's preseaton entire first string unit intact, is bound to give the Sho'men trouble; while Roanoke again is picked to top the Mason Dixon Comference.

Freshman - Prospect -

"Buck" Larrimore

Editorially Speaking

"IT IS A SMALL COLLEGE, SIR . . . "

The big weekend is here again and the Elm would like to take this opportunity to extend greetings to parents and friends - to say "Welcome Home, Aldmnil" College homecomings are joyous occasions on any campus, each college thinking it's alumin are the best and most loyal in the world. Washington College is no exception-we KNOW or alumin are the most fathful. Otherwise why would the design of the college in the control of the college in the control of the college in t

use? It is a part of the Washington College tradition. It is the love that has become ingrained in the student for his institution during the four years in which Washington College was "home". The tie is hard to break and indeed, there are few who wish to break it. For at least this one weekend every year, businesses, careers, and kitchens are forgotten as buy a lumni back-track and re-live their.

be a supported by the s

THEME TIME

Editor's Note - It has been brought to our attention that Editor's Note - It has been brought to our attention that occasionally an unusually good and publishable freshman there is no second to the property of the control of the these theres on the recommendation of the English Dept. We hope it will serve as an incentive for you to make the most of your genius. The following theme was written by Mike Booth and is titled "Session".

Seemon Seemon I state of John's coach, my left night club. I had been playing foot on the sock-cymbal pedal, my drums for searcely four months, right on the base drum pedal. Just to be playing with them, ms I to be corner, leaning against the plano, Frank was running through been doing for so long, was Jano, Frank was running through been doing for so long, was exact the plano while John, sitting on a high be accepted by them as a musician, leading the seems of the see steel, plucking his hig double bass. not as just a friend. As a result is fried a few rolls on my snarty. I was stems, drowed the fines. Statempting to loose up my write. I wouldn't do well.

He was right, my dromming was way off. I outlan't find the beat or hold the rhythm. My stomach was knotted, my wrists and feet lead weighted. Frank, John and Mel were playing as they should, cool, relaxed, smooth, and effortless; I played as if my life depended on it, rough, choppy, not anticipating or following the others' ideas:

Dirty Ernie's Diary—

Dear Diary.

study period.

Well gung ho, gang, that rough and tumble weekend known as Homecoming is here! Strange things happen . . and unhappen . during times such as these, so all men beware. She might say "Ho hum, dear, drop dead!" or get you helplessly drunk and steal your pin.

Whichever it is -- "Buddy have a drank!!!"

This being the big weekend, methinks it's time to expose some of these freshmen. Like that girl they call Kakie . . . what material! She has a four man fan club similar to a lawyer's firm known as Bob Bob Bob and Robert. Egads, girls, what a memory you must have for details.

Oh! and girls, please control yourselves, the K. A.'s are running out of pins. The latest one ended in a bird's nest (congratulations, Bernie.)

Speaking of the Rebels, which one of them was seen wattzing up the West Hall lire secape clad in nothing but a towel and bar of soap? (Answer-The owner of the beanstalk and Boone's first name.) And Mr. Collo! What is this story about you being in seclusion last Monday—Lady Godiya indeed!!!

The foos seem to be taking over the freshmen girls although it's a little confusing as to who takes whom. Hear tell the theme song of their last party was "Changing Partners."

Grimes is after number seventy-six in June's little sister—here's to you, Al!

Have noticed that little brother Newbold is trying to ontdo John, who graduated last year. Jim's been after two of the "new kids." (Tip to the girls: He's got no money.

Open suggestion to Burky and Bernie; Keep trying.

From Fooville to Oxland, I hear a report that Leo Gillis was studying in the library when all the lights were out. One hitch: 'twas the Reid Hall Library, and he wasn't alone. Look out Girls!

The two inseparables Pet and Tom aren't dating each other anymore; they've taken to women. For instance last Saturday before dinner! I saw Bartow reading "Helen of Troy". Came the evening Helen was gone but Pete was still looking at Troy.

Say, diary, do you know that willowy blonde from New Jersey—her philosophy on life is "Variety is the spice of"—as related to dates in an evening.

Incidently, in answer to many questions about a certain couple on campus named Jack and Marie. Last entry asked the question "To be or not to be". Herein lies the answer: To be.

You know of course about: Bobbie and Liberrace—pardon—I mean Pete; Barbara T. and George "It was a tough fight, men, but I made it" Cromwell; and Mr. Bounds and Sue— they're all penned—uh—pinned.

And before I go, here is a warning to Wayne: Beware of the boardwalk hlonde, she's loose upon the campus!

Happy homecoming, kids, see you in the sweet bye and

Freshman - Prospect -

By Sam Macera B.....

The tip of the Freshman Prospeet Hat goes this week not to one, out two outstanding Frosh athletes, Basil Wodkovsky and Arnold Sten. Taking flirst things first, Wodkovsky, migrated to Washington College

from St. Paul's Prep School in Baltimore, Md., and is presently Battmore, Md., and is presently a member of Coach Emerson Smith's cross country squad. While at St. Paul's, he was a member of the varsity basketball team for three years and for two of those years was top man in the scoring column. His only other athletic effort was in

starting lineup on Coach Ed Atbey's soccer team. The North East, (Md.) yearling so impressed the coach that he was inserted into a starting halfback slot

Sten enjoyed a sort of Frank Merriwell career in sports while at-tending North East High School. During his four year term he was a four letter man (soccer, baseball, track and basketball) and carned a total of fifteen varsity letters. He was captain of the soccer team in his juoior year and co-captain in his sector year. While on the basketball team, he was high scorer three out of four years that he played. He showed equal talent in baseball having pitched two no-hitters while on the mound. In track, his proudest accomplishment was the fact that he ran second in the state in the Class B 440.

Since his hobby is collecting roamaps, the blonde 5'11' - 171 lb the game into overtime.

Neither team scored as the defenses of both continued to stand or the basketball court when the

time comes

Homecoming Test Sees Hornet's First Soccer Team In Schools History

FEATURE SOCCER STORY
By Jerry Yudisky
Washington College opens the doors of its buildings for its oldsters—the Alumni of W. C.—and opens its athletic field to a newcomer, in soccer at least—the Hornets of Lynchburg College. The Homecoming Day athletic feature presents a Maroon and Black delven who have, to date, looked stronger than had been expected facing a game, pioneering squad that is introducing soccer to the Va, school. The Misson-Dixon Conference event will commence at 3.00 P. M. on Kibler Field. Ilsan Soddinberger, has formed by

liam Schellenberger, has formed his team around a nucleus of three nam schemenger, has formed insteam around a nucleus of three players: John DuVal, a sophomore from Baltimore, and two fresh-men — Bob Witcofski, of Bain-hridge, Md., and Ralph Todd, of Lynchhurg — all of whom have His only other uthletic effort was in layer/thrug. — all of whom have lacrose during his senior year.

The outstanding thing about this Cooch Shellenberger is well versed larky (624-165 lbs.), easy going in the formatides and techniques from its that although he had never the contract of the contract To Delaware

Vanik and Reicks Star In Players' Fall Production

Turning to witchcraft for their all production, the Washington erformance of Bell, Book and Van Druten's delightful play is dependent upon modern-der witchraft and its subscribers for its unisual comedy. There are no stereotyped witches who stand over their cauldrons browing their yer their cauldrons browing their potions, or no pin-pierced doil models. The characters are well dressed, cosmopolitan personali-ties who from all ontward appear-ances resemble ordinary people. In reality these apparently ordi-nary people form the clique of the modern day witches.

Gillian Holroyd, no wart-nose, uses her unusual powers to lure a normal beau into her amorous in-trigue. This part is being played by Joan Vanik. Shephard Henby Joan Vanik. Shephard Hen-derson (Pete Riecks), the victim, upon finding out that he has been trapped by rather unconventional methods decides that his affair has been quite satisfactory. He rea-lizes that he still loves Gillian ev-en after she has removed the hex she placed on him.

she placed on hum.

To provide the traditional happy ending, Gillian undergoes somewhat of a transformation also.

ENORDE, DIASH!

Last week end may be a road indication that W. C.'s social life can recuprate from its traditional "not-actifing-to-do" illness if given enough shots in the arm.

W. C.'s light week ends are always well supported, however there are very few of these—Homecoming, Mid-Winter Reunion, Inter-farternity, Inter-surerity, Christmas Dance that makes the impatient suitcase students pack up and lead for greener pastures.

This past week end was one of those average ones, but this time the suitcase students pack up and lead for greener pastures.

The "shots in the arm" were administered by sorrities and fraternities who sponsored informal, inexpensive get togethers. The week end got under way Priday save green the suitcase students with a combination supper party, dance and game night.

All activities were successful — lest year similar at parties and Sanday night another sorrity closed the week end with a combination supper party, dance and game night.

What Is A College Boy

Between the sentility of second childhood and the lighthearted lechery of the teens, we find a leathsome creature called the college boy. College boys come in assorted sizes, weights, and states of sobriety, but all college boys have the same creed: to do nothing every second of every minute of every day, to protest with minute of inertia is finished and the minute of inertia is finished. College boys are found everywhere — breaking train windows, tearing down goal posts, inciding riots or jumping ball. Mothers love them, little girls love them, and state of the minute of t

in his pocket.

A college boy is a composite — he has the energy of Rip Van Windle, the shyrness of a Mr. Micawber, the practicality of a Don Quitoce, the kindness of a Marquis de Sade, the imagination of a Bill years, the appetite of a Gargantus, the asphrinism of a Commonwa, and when he wants something it's usually more more and the manual of the property of the

Dirty Ernie's Diary—

Dear Diary,

The gossip this week is so raunchy that I was forced to go off campus to write it. So here I am at the meeting hall of Club \$1.02 in a dark corner, getting good and lit so I can see what I'm doing.

For sake of security and peace of mind, I must use initials only. Please forgive the confusion.

Club news of the week: The Royal Order of the G. U. E. met in the men's room of Hodson Hall last week, and S. S. was named to succeed to the throne

By the way, W. H., did you know that A. T. would like to cut your throat? No special reason, she just hates

Open letter of the week: Dear G. A., I wish you and N. G. would please stop necking under the second couch to the lett in the Passion-Pit; that is where I hold wrest-ling practice. (Signed) T. H. of the E. R. E. Society of Society of Washington College.

Expose of the week: Students I. S. and N. O. are running a Campus Bootleg Service with a package of receirs thrown in as a bonus for every purchase over

Bet of the week: G. O. and S. S. have an argument with I. P. as to who will make the Dean's List in Beach-Party 205 come Springtime. The latter claims to have ad-vantage due to a snorkel pen for use in his term project on Submarine-racing.

Quote of the week; was when T. H. whispered into the ear of his beloved I. S. one morning at breakfast "Kiss me, you jerk, or I'll kick your teeth in!" How's that for brute strength?

What two girls with initials W. E. and E. K. were caught injecting Vodka into their tooth-paste tubes in order to have that "kissing smoooooothe" breath.

Faux Paux of the week: D. A. came back from a beach party Sunday night all smiles. When asked why, he answered "She didn't want to be at first, but I finally pinned R. N. tonight.

And last but not least the General Hint of the week directed to Miss I. Tr.: Do you know that a certain boy on campus with the full initials of the week of the we

Next Wednesday November 10. Raltimore Univ. four-time chamf the Mason-Dixon Conference, will pion of the Mason-Duon Conference, will invade Conserverow's Kinser Field in quest of crown No. 5 There is only one roadblock or barricade which is capable of preventing the Bees from copping their most coveted goal, and that ONE OBSTACLE is none other than COACH ED ATHEY'S WASHINGTON COLLEGE ELEVEN.

During early pre-acason scrimmages, Coach Athey thought this season to be a rebuilding one, due to the depletion in ranks of All-Southern halfbook Red Wore and All-Atlantic linemen Dong Tilley. But surprize after surprise filled the heart and mind of our victory-conscious coach as he watched from the sidelines the tricky and educated commons ocons as he watered from the suddines the tricky and aducted forthered of four force and Black equal. Probably the work sufficient forthered for the foundation of center halfback MORT. LENANDE, a regard, intelligent Bolchér product. One fiscally, Morthas held his opposite linement, wandy the best performer on a secur team, to a mere three goals (including a penalty hick) out of the ten guest course by Washington's opposition.

goats scored by warmsgerns appeared.

Another bright aspect is always the scoring punch, and this department comes under the heading of "SPIRIT OF SMOOT", a burly blond Glen Burnie center-forward who is detrimental to any goalie whenever "Big Roge" is in control of the 16 oz. sphere. I know from personal experience how great a pleasure he gets out of putting the hall through the net, taking the goalie along with the ball.

If I were a demolition engineer, I might sum up Washington College's chances of beating B. U. by assembling a lisastrous bomb College's chances of brating E. U. by creembling a litarious bomb or puided mixell for use on Neverthe I. For the Injunce or winger at the tail and, I'd use SAM SPICER and DICK LEVY, both capable of another injunction, the much needed internal explosive, would spraisely the tail of halfbacks, ARNOLD (T.N.Y.) STEN, MORT (WITPO) LENAME, and REX (DYNAMIE, DICKERAL), three slort hands who seldom receive credit or write-map for providing the timely end accurate axists, needed for a score. For the gravesopt derive needed to balance the attack while in flight or in action, captain AL HANIFEE, a senior who has to keep the array of talent in fashionable order, might fill the bill. One might consider goalie JOE SUYMANSKI, who has or stury container of this mechanism, a goalie whose job will be to ware

talents to the Sho' booters, playing right half back with amazing regults. His two years of high school soccer qualify him well. Other high school sports were lacrosse, which he expects to play here, and baskethall. Rex's hobby here, and baskethall. Rex's hobby is sports, naturally, and he looks the part of a dedicated athlete, on and off the field, with his 150 pounds spread evenly on a five foot-ten inch frame.

The Lions Club of Dundalk awarded Rex a \$250 scholarship to help him through college, and the Optimist Club of that city honored him with their "Boy of the Year" award during his senior year in high school. Rex is a member of the U.S. Coast Guard member of the U.S. Coast Guard Reserve and the Young Life Club. C.U. Topples Rex gave four reasons why he likes Washington College. It is small, has a friendly student body, a helpful faculty, and he can participate in intercollegiate

Aside from sports, Rex is concentrating on his studies and wondering which subject he should choose for a major. He will decide we'll be seeing him regularly on the athletic field. We extend our best wishes for college success and the years that follow. If his work on the soccer field is an indication, we know he will go far.

The Players Slant

The soccer campaign has passed the half-way mark. Everyone, I'm sure, is proud of the Sho' team. This fall, the members of the soccer team have pooled their efforts to insure, even at this point, a very successful season. Fine spirit and consistently fine performances have dominated the 1954 campaign. This year, the soccer team has surprised almost everyone by its ability to win more games than the 1953 squad, which was superior in ters bit years and the K. A. A. the Sign from eight place shot at present, spring in the defense of their mych-cought after championship. The control of the powerful from the

Shoremen Pluck Blue Hens

by Al Grimes

Oct. 29-The Sho'men of Wash-Oct. 29—The Shomen of Washington College regained their winning ways, after their initial loss to Catholic U., when they handed the Blue Hens of Delaware University a 4-2 defeat at Newark, Delaware.

The victory leaves Washington College the leading contender for both the Mason-Dixon Champion-ship (5-1 record) and the Middle Atlantic Conference crown in which

it's undefeated.

Washington, which scored a single marker in each period, opened the scoring parade after three minutes of action when forward Roger Smoot three minutes of action when center forward Roger Smoot connected with a hard accurate boot past Hen goalie Boh Brown. The Hen's offensive led by out-side right Dan Regester sneaked one past Sho' goalie Joe Szymanski, contributed thirtoon save it to knot the score 1-1. he victory. the victory, to knot the score in-t.

The Blue Hens continued to nuleash their offensive attack but
fine hustle and tricky footwork
by Sho' defense of half backs Mort Lenane, Rex Linderman, Arnold Sten, full backs Dick Lent and Sam Spicer, prevented further scoring as the first quarter ended in a

Ontstanding lineman candidate or All - Southern Conference laurels, Roger Smoot, again tallied to return the lead to the Sho' team, s lead they never relinquished as After a halftime rest period the Sho' eleven regained its wind and resumed its effective offense as George Santana added the third marker to the Sho' total. In the final period Smoot showed how he got to be the Sho'men's leading scorer with eleven goals when he rammed in his third goal of the contest. With only 20 seconds remaining out of the 88 minutes of intensive action, Regester again sent a hard shot into the victor's net guarded by Ralph Laws, sub goalie, from about 12 yards out.

Editorially Speaking

The following article came to the Editor's desk anonymously. It is not the policy of the Elm to print unsigned opinionated articles. An exception was made in this case because the views expressed are not peculiar to a single individual, they are the same views held by most members of Greek letter organizations. This is the first time they have offered for publication. Since the situation affects a sizeable portion of the student enrollment, the Elm feels the article well worth publication.

SINK OR SWIM

Many students on campus who have heard others, re-turning to school after a tour of service, talking about the glories of the different fraternities in days long gone, probably often wonder about the future of fraternites here at Washingoften wonder about the future of fraternites here at Washing-ion College. If they looked closely at the present activities of the fraternities and in the direction they are moving, a rather dim, if undesired conclusion would be drawn. The fraternities' days are numbered. This is obvious because the gradual process of moving the fraternities out of the houses and into dormitory cellars, whether calculated or not, will eventually bring about the end.

eventually tring about the end.

Of course, the fraternities may be allowed to move off campus, but they must get money to pay for a house. This would mean that the approximate four hundred and fifty dollars a year each fraternity man now pays the school for room and board could be paid to the fraternity for room, board, and upkeep on its own house. A large number of men could muster a sizable payment for the house. What a change it would be from the miserable circumstance surder a continuous course. It is just an idea. . and no such cliently idea when the payment for the miserable circumstance under practical difficulties as loans, fuel, electricity, house furniture, per mission, etc. mission, etc.

mission, etc.

No matter what the idea, it will be hard work to get the fraternities off-compus. Still it is a question of sink or the fraternities off-compus. Still it is a question of sink or is the still be the end of the still be the end of traternities? Who is going to stick his hand into the family sock for those believed dollars every month to pay for a few Greek letters, when he knows that on other campuses those betters mean a fine house, good meals, and strong fraternity betters mean a fine house, good meals, and strong fraternity.

There are many resons for keeping fraternities at W. C. There are many resons for keeping fraternities at W. C. Since this is supposed to be a growing and progressive school, fraternity houses would provide an outlet on the pressure of the business office, each year, to find rooms for students. They could provide meals far above the present level. They could provide shetter social file and influe a vital injection of the present level. They could provide a better social file and influe a vital injection. Fraternities can be a large asset to W. C. but they have to get and of the highly column first. out of the liability column first!

CUMOR'S HUMOR

by Head and Midge

EXCLUSIVE

True to our promise of last week, we took a trip to Frederick, Md., and now for the first time on the Washington College campus, an especial expose of Hood CoClege. For some time your writers have wondered what goes on behind the wall of the girls' college.

NOW IT CAN BE TOLD

Our first stop was the very con-tinental French House, where us; we were met by well filled every thing is done the French aweaters and well shaved legs in wey; (need we say more).

After a delightful lunch in the pleasure to duty, we proceed to Prench House, (Traffles and interview.

Champagne), we endravored to Question-(to the Snack Bar)-Who Champagne), we endravored to reach the Snack Bar for intimate type interviews. Along the way we had to fight our way through 200, grasping females; (who could be dgly with a ratio of 238 to 17). Eventually we reached it, the promised land. Instead of fashions

are we?

Answer- Apollo? Clark Gable?
Gregory Peck? Liberace? Roy
Campanella?
Qes. - (to the Snack Bar)-What
do we seek?

Spotlight on a Senior

by Carol Kniseley One of the most active senior

girls on com ompus this year is June varied interests in wans. Her varied interests in the social affairs, aports, music, science, and playing bridge keeps ber quite active in all phases of college life. June not only partic-ipates, but is a leader in the activities in which she takes part.

Republican Club, and F.T.A. Some of her more important responsibilites come with being vice president of the Society of Sciences, Treasurer of Panhellenic Council, Treasurer of Fannelleme Coment, and mis significant of all, presi-dent of Alpha Chi Sorority. She is often seen whitzing off for a good time in her '51 Ford which is filled with sorority sisters. Because she likes its smallness and its informal atmosphere June transfered to W.C. in her sopho-more year from St. Lawerence College in Canton, New York. Her hometown is Hasbrouck Heights. New Jersey. A large part of June's last three years have been spent in the lab, as she is majoring in biology and minoring in related subjects. After graduation, June's subjects. After graduation, sune some immedate plan is to teach school; however, we know that June has all the personality and ability to make any future plans come true and we wish her success and happiness in them.

Dirty Ernie's Diary-

Dear Diary.

This week, Buster, 1 am writing this particular entry under a card table in Middle Hall. And let me say IT'S GREAT!———— Especially because the table is, in reality, made up of four girls laps.

Now to what gossip there is

The flash of the week of course is: Roger "it's about time" Smoot pinned Polly "just call me Florence Nightingale" Taylor. It's certainly has changed old 3-G — — I even saw him smile between grumbles the other day.

Sports item of the week: - The Theta Chi's edged out the K.A's in two games for the Championship of the Slug-Football League — — — like the edge of Mt. Everest — — — — 33-16 League - -

Speaking of this mild and gentle game, I understand one other fraternity on campus is going to play Alpha Chi, A.O. II. and Zeta next year instead of their fellow Greek organizations.

New couples upon the campus: Looks like Roy "I was last years president" MacDonald is on the list of lovers again. Kakie has disbanded her fan club of Bobs and has written a letter of thanks to Mr. Sandman.

And while wer'e on new couples, there is the old story every year about Adam and Eve — — — well this time it's a new virsion called Aldo and Eve.

And now my memory takes me back to the past few nights, when I have been following Wayne back from Reid Hall. However I forget all about him as I approach the Middle Hall steps. Because there, diary, among the regular lineup, can be seen some new athletes. In the center-spot is Miss Sue Samuels, and executing passes from the quarter between the position is Jack Hunter, who is a candidate for "the play of the position is Jack Hunter, who is a candidate for "the play Maulers is 1-ynn Rotins, Presidence for the Middle Hall Maulers second string

Best wishes for a speedy recovery to sixty minute man Jack Dail who will be out of the game for awhile recovering from an appendectomy.

Couching out award of the week goes to: (will everyone please imagine a fanfare) - The study twins - Tom Bounds and friend!

Oh! Well — — today is W. C.'s Sadie Hawkins Day, so to all co-eds I quote from a guy maned Balthasar in Shakespeare's "Much Ado Abaut Nothink". "Sigh no more, ladies, sigh no more!" or as somebody else once said "Gather ye rasebuds while ye may" — — you - all!

PACA'S

W.C. Close Soccer Season With Shutout Over Drexel

ATHIFTF'S FFAT

by Jerry Yudizky

"I've worked with a lot of nice boys, and he's as nice a boy as any 've ever worked with. You couldn't ask for a nicer boy." Those are the words of cross-country coach Emerson Smith and the subject of his remarks is Mr. Lewis Ernest Buckley, of Amenia, New York. Mr. Buckley, is better known around the campus as Lew Buckley, cross country runner extraordinaire

Nation-wide football and local soccer, news has overshadowed the athletic fasts of the Marson and Black harriers, and Mr. Buckley in stage, few had certer tool a three miles course. In the ensuing wars with "green newcomer" has developed into one of the best runners in the SNo history. Coming in first is dist of the seven meets in which W. C. has engaged this year, and second in the other starts, upholds this opinion. His best achievement was setting a more corner recent this opinion. His oest achievement was seeing a new course record this year when he ran the 3.2 mile course and won, against Hopkins in 14.58. Last year he set a new record at West Chester, but finished second. His performances so far this year promise a better showing in the Mason-Dixon Championship run today than the seventh spot in which he finished last year.

W.C. will miss Lew when he graduates next June. Besides being w.C. will mass Lew when he graduates next June. Besides being an asset to Coach Smith and the cross country squad, he is also a cradit to the school in general, where he is excelling in his studies as a math major. A familiar sight this year has been seeing Lew, proudly wearing his Theta Chi jacket, "greeting" the diners at Hodson in his capacity as dining hall manager.

Anyone who knows Lew also knows how correct Coach Smith is in his appraisal of the turf and cinder star. It is young men like Mr. Buckley who, fifty years later, return to their Alma-Mater to relate a few anecdotes of the great success that they have achieved in the world after college.

lone score came early in the final period. The Bees put the ball into period. The Hees put the ball into play after a pushing penalty against the Sho'men directly in front of the goal. Capt Hank Wohlfort kicked the ball twenty wontort kicked the ball twenty five yards to the goal where Sho' goalie Joe Szymanski partially deflected the shot. Alert B. U. outside right lineman Eel Malin-ouski quickly followed up the block for the only counter of the afternoon

The game was highlighted by not only brilliant defensive strength on carb side, but also smooth working offense in which both the Bees and the Athey-men passed and manipulated the ball well. John Kruse. Mort Lenanc. and Rex Lenderman played one of their best games of the year, while Rog Smoot, Barry Burns, and Bucky Larimore continued to be outstanding on the offense. Ed Campbell, returning to action for the first time since breaking his arm in the Delaware game, was not slowed in the least by the cart

PLAY REVIEWER

absolutely on Pyewacket's word, and can only conclude that witchery was indeed at work!

Laurels For Others John Daniel as Nicky was pro-

perly and engagingly airy as he pulled his neat little spells, acting with ease and carrying conviction The performance of Clarence Burhave as the shuffling, tipsy author, was notable for its restraint and his successful suggestion of elder-liness by posture and motion. Barbara Delancy's fluttery and dowdy aunt was consistently amusing, and we well understood why witch-Gillian and why witch-Gillian and warlock Nicky were fond of their Aunt Queenie. This is true, though the queene. This is true, though the part was somewhat over-played; "featheriness" might have been better attained by not being un-brokenly "feathery"; at moments the exaggerated delivery blurred

and expressive.) Possibly the director might have helped to tone down the pleasant Auntie in her manner and her costume.

Applouds Direction

point, smoothness, and good long for a drama with a single set the audience cheerfully granted Gillian the respite she must have needed, witch though she was, for drawing a breath off-stage.

Thinks Se, Make-up Good The scene-builders offered satisfying stage-set, uncluttered and pleasing to the eye. Against it, Gillian's costumes were attrac-tive in color and line. The make was unusually effective in its ap was unusually effective in its avoidance of unnatural height-ening. Pyewacket's coloring left nothing to be desired: no mischief maker could wish a greener eye. And no collegeiste group could hope for more all-round success, hope for more all-round success, in directing, eating, and behind-she curtain preparations, than the Washington Players achieved. The present reviewer can recall every few non-curricular student productions that surpass our last week's BELL, BOOK AND CANDLE.

Roanoke placed first with 55 points; Washington College took fifth with 140.

A cold, damp atmosphere satur A cold, damp atmosphere saturated the 3-mile track as a large crowd gathered to witness the event. When the gun went off, Buckley, Noel, Kngel, and Good-lake, from Washington, Roanoke, Gallaudet, and Roanoke, respectively, took an early lead. They ran in close order for approximately two miles tefore Les Noel, twice Mason-Dixon champion and wife Mason-Dixon champion and control of the control

Varsity Cagers Top Alumni Stars By 85-58

by Jerry Yndizky

W. C. began its winter athletic schedule last Saturday night, downing the Alumni, 85-68. A near-capacity erowd at the Chester-town High gym watched the allveteran varsity team overcome a first period deficit to win, even though Nick Scallion of the Alumni though Nick Scallion of the Ammu-topped both teams in individual scoring with 32 points. Scallion, efficiency that Haverford couldn't with cest scoring, records for the match except in the second and Sho'men from 1950-52, gave all indications that he etil possesses and effective with the periods. The defensive units of both teams exhibited attention, a special country of the control of the control of the special country of the control of the control of the special country of the control of the special country of the control of the control of the control of the special country of the control of the control of the control of the special country of the control of the control of the control of the special country of the control of the control of the control of the special country of the control of the control of the control of the special country of the control of the control of the control of the special country of the control of the control of the control of the special control of the control of the control of the control of the special control of the control of the control of the control of the special control of the control of the control of the control of the special control of the control of the control of the control of the special control of the special control of the control of the control of the control of the special control of the control of the control of the control of the special control of the special control of the control

Atheymen Lick Haverford 1-0

Head shot by Kruse breaks deadlock in furious, action-packed struggle; coach elated.

by Al Albertson

Washington College's soccer eleven became the first Mary-land team in history to win the Middle Atlantic Confer-ence championship title on November 23, by upsetting Haverford College 1 to 8 in regulation time on Kibler Field. Substitute right out-Field. Substitute right out-side lineman John Kruse made the decisive goal late in the fourth period after a fast, unusually exciting 81 minutes of scoreless action.

With only seven minutes of playing time left in the game, with only seven minutes of playing time left in the game, substitute left outsids Luther Vaught lifted a corner kick to five yards in front of Haverford's goal, where Kruse came crashing through with a difficult head shot to make the winning tally.

SHOMEN SET PACE With the starting whistle the Maroon and Black commenced a

indications that he still possesses of both teams exhibited entrues, an accurate spe as he continued to score almost at will with his left hand push hot from all parts of the floor, connecting for 5 cm-sective from the control of the section with 14 saves, while Haverford's goals Sandy Frey made 15. Failback San Spicer, for the varsity. Board Appoints Editor SSO Members

The Board of Publications has appointed George Hanst to succeed Ramona Willey as Editor-in-Chief of the Washington Elm. George has worked up through the ranks in the Elm, starting as a news-writer in his sophomore year and working as news editor on the present staff.

He is president of Phi Sigma Kappa, a member of Omicron Delta Kappa and the Inter Fraternity Council, and a letterman in the Varsity Club.

To help him in publishing the Elm for the next two semesters, George has chosen his three as-sistant editors. Ralph Usilton will replace George as News Editor, Al Albertson will step into Jne Syzmanski's shoes as Sports Editor, and Emily Dryden will succeed Wayne Grueha as Feature Editor. Joe Keller will continue to be photographer and Dr. Newlin will still be chairman of the Board of Publications and adviser to the

The new editors will take nver publication when the present staff retires in February.

Wesleyans Hold Hop

Offer Tutoring

The members of Sigma Omicron have volunteered to act as tutors to anyone desiring scholastic aid. The program is organized so that each member of the society is responsible for giving help in the subject for which he is qualified. The member-ship of S. S. O. is large enough to present each department and pro-

vide a tutor for nearly every course offered by the college.

This program is in no way con-nected with the freshman advisor, program. The members of S. S. O., are willing to act as tutors in anyone in college from the freshman class through the senior class.

Anyone wishing to be tutored is advised to check with the head of the department in which he wishes the department in which he wiskes the department in which member of S. S. O. to constant. There is also a list of the members of S. S. O., and the sub-locus which they are willing to ruter, solution con to the list of the members of S. S. O., and the sub-locus which they are willing to ruter, solution can be all of Bill Smith. How the sub-locus which they are willing to the sub-locus which they are will be sub-locus with the sub-locus which is the sub-locus will be sub-locus with the sub-locus will be sub-locus with the sub-locus will be sub-locus with the sub-locus will be sub-locus will be sub-locus with the sub-locus wit

This program was not put loto operation until it had been discus-sed with Dean Doyle, who voiced bis whole-hearted approval, of the program of tutors. It has been in operation a little more than a week.

Response from the student body

indicates that the idea is needed and appreciated

Gallo To Head College Players

Aldo Gallo was elected president of The Washington Players on Thursday, January 6. Other newly electe officers are Emily Dryden, secretary and fack Daniels treasurer Aldo lone has been an active member, both in acting and executive capacities.

USUAL EVENTS SCHEDULED

The first big event on campus in the second semester will be Washington College's annual Mid-Winter Reunion, held this year on Saturday, February 5th, in the midst of the semester vacation. This second homecoming of the school year will highlight business meetings and other alumni affairs, a basketball game, and a dance.

In the afternoon, a business meeting of the various chapter Dr. Gibson Is

Panelist agents.

At Meeting Dr. Daniel Z. Gibson, president

of Washington College, was a guess panelist in a "Discussion in the Round" on January 6th at the Ameri can Alumni Council Conference at West Point, New York. The panel discussion in which Dr. Gibson participated was the featured event in s three-day program conducted on January 6, 7 and 8th.

The panel, consisting of two col-

lege presidents and two alumni association executives, discussed meau-of improving relationships between colleges and their alumni, and the mutual responsibilities of the two

bodies. Members of the panel in addition to Dr. Gibson were Dr. Francis Horn, president of Pratt Institute Brooklyn, New York; James S.ewart Brooklyn, New York; James Sewar, Wilmington, Delaware, president of the University of Delaware Alumni Association; Chandler Cudilppe, chairman of the graduate counci, Princeton University National Alumni Association; and moderator Morris W. Watkins, executive secretary, the Alumnia Pederation of Columbis University, Inc.

presidents will be held by the Washington College Alumni Associatioe.
Also scheduled during the afternoon
will be a meeting of alumni class

Following the afternoon's activi-ties will be a baske ball game at 7:30 P. M., with the Washington College cagers meeting Roanoke at the Ches tertown High Schol gym. A tor the game will be the Mid-Winter Homecoming Dance at the Ches-Homeofrang Dance at the Cres-tertown Armory, sponsored by the Varsity Club. The dance, which starts at 9:00 P. M., and lasts till 1:00 A. M., will feature the music of Dick Metz, whose archestra also played for the fall Homeoming

The Chester River Yacht and Country Club will be the scene of another college function that evening. Starting at 9:30 P. M., there will be open house at the club for the others. the alumni.

Phi Sigs Elect

EDITORIALLY SPEAKING

THE LAST WORD

I hope you will forgive me for deviating from the beaten path and writing a rather personal and long editorial for this issue. That is the result of choosing a female editor. Women are like that, you know, they delight in having the last word on almost all occasions. Perhaps that's why so few of them with the part of the property of

tunity and write just whatever comes into my head.

My staff and I have been toiling and fretting (plus arguing, fuming and fussing at times) over the ELM for a year now. There have been many complaints about our work, not the constructive kind. But there have been a few work, not the constructive kind. But there have been a few compliments to - almost unheard of in the collegiste newspaper business. The complaints didn't bother us TOO much because we know we had done our best with the available staff, finances, and materiess. Though encouraging after goal of our labors. Our satisfaction came from the finished product. As our 600 copies rolled off the press we couldn't have been prouder had it been the New York Times. What I'm trying to say is, that despite the work and worry... well Certainly this is the morner time and alone to

Certainly this is the proper time and place to say a sincere thank you to some of the people who helped me most: To the reporters who made stories out of oft'times impossible assignments. They are here and now forgiven for misspelling every other word. To the typists who usually did their work around midnight the night before deadlines. To the photoaround midnight the night before deadlines. To the photographer who chased unwilling subjects all over campus and accepted unforgivably late assignments. To the business manager who paid the bills without arguing that pictures are all the properties of the propert

which the editor-in-chief believes would be good for reducing.

The final thank yous go to my Assistant Editors. Sports
Editor Joe Szymanski, and old hand at his job, whipped up
his page with no strain, no pain, each deadline. Feature
Editor, Wayne Gruebn, despite trials and tribulations, came
up with some original stories for his page. News Editor,
George Hanst, carrying the heaviest department, was equally
carrying the control of the property of the control of the

account our read on page one, Gorge will succeed me as Editor-in-Chef of the Eld. The working with Goorge for a year I know that the Boater working with Goorge for a year I know that the Boater has been considered the has interest and enthusiam for the newspaper field, as well as technical know-how coupled with ability as a writer. In choosing his Assistant Editors he has shown ex-tremely good judgement. I am sure the Elm will prosper with the companion of the companion of the companion of the work of the companion of the companion of the Section of the companion of the companion of the Section of the section of the section of the section of sect

when placed in their capable nands.

So with both a sigh of relief and a feeling a fond reluctance I had over my key to the ELM room and peck away at my last editorial.

R. L. W.

CULTURE CORNER By Shelly and Stan

This is a little late we know but we compiled the following list of New Year's resolutions overheard at parties all over

the world.

Teharan, Persia (The Shah's Palace) - I will pay the postage on that trunk and have it sent home.

Washington, D. C. (Speech Dept. at Galluadet) - I'll fly down and see my old classmates soom.

Mardella Springs - I'll have to give up waiting for the mildle of the springs of the springs of the complex of the springs of the complex of the springs of the

milkman and get some rest into the control of the control of the cape May - I'll work this summer on the beach for my thirty-seventh consecutive year.

Lyabrook - I'll try and be more gentle with the little fellows because then more will live and my experiments

can go on Baltimore - I won't bring any friends home late at night

Spotlight On A Senior

by Carol Kniseley

As one of the most active and well liked boys at W. C., Tommy Bounds has earned the honor of Bounds has earned the honer of being the outstanding senior for this week. Coming to W. C. from Mardela, Md. as a freshman, with a lively interest in all phases of college life, Tommy soon became a leader on campus. With sports as one of his main interests he joined the baseball team, playing centerfield, and is their captain this year. He also plays soccer, intramural basketball, and is vice-intramural basketball, and is viceintramural basketball, and is president of the Varsity Club. Active in fraternity life, Tommy is president of Theta Chi Fraterniand secretary of the Inter-

fraternity Council. acedemic field Tommy is majoring in chemistry and minoring in re tated subjects. As a junior he was initiated into O. D. K. and is its president for this year. Usually Tommy can be seen in the Snack Bar, studying in Reid Hall or just walking around campus with Sue Reichlin, who wears his OX pin, After graduation Tommy's immediate future plan is him much success.

LOYOLA INVADES SHO'MEN IN CRUCIAL M-D CONTEST

by Jerry Yudizky

by Jerry Yudizky

For a comparatively little school like this (in size) there is quite a lot about which to write and boast when reviewing the past year-athletic-wise. I doubt if many other schools of like size can claim so large a percentage of champions—There could hardly have been a year of more glory in the schools 172 years than the one just past. During the past well-well months the Shofmen took too honors in the Laurie Cox Division of the inter-Collegiate Lacrossa Association, won like and the control of the laurie control of the most of the laurie cox Division of the inter-Collegiate Lacrossa Association, won like and lauried to the lauried cox Division of the inter-Collegiate Lacrossa Association, won like and lauried to the lauried cox Division of the inter-Collegiate Lacrossa Association, won like and lauried to the lauried with the lauried which have been been supported by the lauried when he crossed the finish line first in the sixth of the seven meets in which he ran this fall.

Seven meets in which he ran this fall. Seven meets in which he ran this fall. Seven meets in which he ran distribution of the country by the Wingate National Lacrosse Association, being topped only by Navy, Arrhy, Maryland, and Duke. Syracussow with the lauried with the late of the late of

Lenane and Arnold Sten.

A word must be said about the one thing that, above all else, made the aforementoric successes possible—and the said of the s

WASHINGTON COLLEGE

Advisor System Held Successful

The Student Advisor System, in-troduced on this campus for the first time this year, has been a mesess this past semester, accor ding to Dean Joseph Doyle. This means by which Freshmen can be helped in adjusting to college life is the newest method for siding the Freehman during his first year in college. A variation of this sys-tem is used on many other campuses and it has become very pop-

ular in the last few years.

Here at Washington College the advisors are upper classmen, choa volunteer besis. Each advisor is assigned from one to three Freshmen whom he or she will be responsible for during the year. The primary job of the advisor is to help with academic work, although discipline, athletics, and personal problems are often and personal problems are often dealt with. The Freshmen report to their advisor when they have difficulty, the advisor helps the student with his problem and helps him decide about his problem what-

This system has proven its worth This system has proven its worth in one semester both to the stu-dents and the faculty. Dean Doyle pointed out that the system is a well-needed link between the ad-

ministration and the new student, (Continued on page 4)

Dates Set For Bids, Pledging

Fraternity and sorority bidding for new members will take place next week, according to announcements from the Inter-Fraternity and Pan-Hellenic councils.

and have the councils.

Due to difficulties involving the Convocation on Tuesday, the fratearnity hids will not be received then but on Wednesday from 12 mon to five, from Dean Depte's edies. Traditional "Stense Wednesday, during which interval mo communication between freshmen and fratearnity men will be permitted. In accordance with the change in hidding data "Tueday inghi intered of Menday. Pull rules will be posted by the IFC. Treasurer and house man-ager have not been appointed. Lambda Chi officers are Joe 1,006.

Lambda Uhi officers are Joe Keller, vice-president; John Kruse, secretary; Bernie Mitchell, Treas-urer; Jerry Csporoso, rush chair-man.

Make New Academic Rule

At a recent Academic Council meeting the following decision was reached: "The Academic Council has studied the cases of students and the ways any individual can

maximum loads permitted by col-lege regulations. As a result of this study the Academic Council has prescribed that no further such exceptions shall be made.

"Students in their sophomore and junior years who are behind schedule in completing graduation requirements are therefore remind ed to make provision for summer school before the beginning of their senior year if they wish to graduate with their classes."

As an explanation and a warning to all students, Dean Doyle wishes to add: "Sophomores who have completed less than 60 hours' work next June and Juniors who have completed less than 90 hours should consult with their advisers as to the choice of a summer school If they need more semester hours regulations permit for stu-

the senior year, either in summer school or during a later semester."

39 Make Dean's List; OX's, Alpha Chi's Ah ead definition of Larrow, may be presented in Incland, ... possibly. The project has received the

The Dean's List for Soptember, The fraternity averages were as 1954 to January 1955 is based on follows: Theta Chi 1:566; Phi Sigmi the obtaining of a 225 semerte Kapps 1.355; Kappa Alphi 1:436; average or better. This average will and Lamba Chi Alpha 1:392. In the containe until September, 1955 when soverlike, Alpha Chi Omega took the requiement for Dean's List will fart place with a 1:745, while Zeis be 2:50 or better. This ratie in Tau Alpha toolsid a 1:626, and average or better. Inis average win continue until September, 1955 when the requirement for Dean's List will be 2.50 or better. This raise in scholastic standing will coincide with the honors at graduation which are: 3.00 for summa cum laude; 2.75 for magna cum laude; and 2.50 for cum laude; and 2.00 entitling one to honorable mention as merit-The over-all school average for

The over-all school average for the first semester was 1.256. Women students averaged 1.371, while the men totaled a 1.214. The all Frat-emity-Sorority index was 1.515. Non-Fraternity-Sorority average was 1,078. Sororities procede Fraternity indices by the difference between 1,371 and 1,214.

Theta Chi Fraternity received the honors for the highest fraternity average and Alpha Chi Omega led the sororities in scholastic honors.

perhaps best known for his book "Bring Out Your Dead", which describes the terror and heroism of the yellow fever plague of 1793 Mr. Powell, a graduate of Swarth more College, is also a journalist in American History and Consti-tutional Law. He taught American History at many institutions in-cluding lows State College, the University of Delaware, and Bryn Mawr College, and was research librarian in The Free Library of Philadelphia.

Assembly attendance will be on Tuesday instead of Thursday, the week of the 21st, and third period classes will be dismissed at 10:50 m. on February 22.

Frosh Council Plans Party

The Reid Hall Library was the scene of an enthusiastic meeting of the Freshman Council last Fri-day night. Tom Elmore, president of the Freshman Class, presided over the newly formed council. The council is composed of vol-untary members who wish to further the interests of their class.

cussion was the advancement of class spirit. The twenty members in attendance agreed that the seed of spirit, once effeciently planted of spirit, once effectiently planted, will grow to engulf the entire student body. Practical steps in this direction were suggested. A tentative date for a shipwreck party was set. The council he-lieves that a freshman party will help unify the class and provide ar opportunity for its new members t become acquainted with their class-mates. Ken Bonrne, Studen

Government President, presented a short address in which he re-emphasized the importance of class spirit. Ken urged the council to work in close co-operation with the Student Government, Other ideas discussed by the council were: (I) the institution of

a new system of freshman hazing which will be shorter and more disciplined than former systems.

About The Blessing

Recent action by the Student Council, requesting the various religion groups to conduct the prayer at meals, is a positive move to replace the pandemonium which occurs during the blessing with some measure of dignity and re-

verence.

Many persons contribute to this pandemonium and to the ensuing disrespectful attitude toward the blessing. In the midst of thankful words, persons are pouring milk, buttering bread, scraping chairs, talking about classes, telling lokes, imitating the one saying grace; waters occasionally enhance the disorder by clomping across the floor. Still in the midst of thankful words, some unfortunate soul who can't remain standing for a six-second blessing, collapses into his chair, and students follow like stacked dominoes, through noisier than the Great Plains' "thundering herds." For a scant six seconds per meal, very few persons can find the incentive to be thankful or want to find it.

tol or want to find it.

The grace-time manners make a farce of the Catalogue's statement on conduct: "All students entering Washington College agree thereby to conduct themselves as ladies and gentlemen, and to refrain from any action which might bring disreptue upon the school... This declaration applies to dining hall conduct as well as to dormitory conduct. At no time is public abuse of this fields more noticeable than during those six seconds. And to prospective freshmen, the bessing those six seconds could well be added charmed the bessing those six seconds could well be added charmed experience which would send them elsewhere.

The religion clubs have an opportunity to inspire reverence for the blessing; the challenge is one the groups can not reject.

can not reject.

Letter To Editor

On this campus the only effective and direct way the student voice can reach the administration is through the Student Council. By no other means could students have received a favorable cut system or a television set in Hodson Hall.'
For the Student Council to re-

an effective representative of the students, in carrying their complaints to the administration, the Council must have SUPPORT, This support may come from four sour-ces; the college administration, the fraternities and sororities, the class organizations the individual and col-

Use of the first two sources would defeat the purpose of the Council, that or representing the students. If the Council accepted all its support from the administration, Council would be obliged to support the ad-ministration in turn, and would de-cline to the position of administra-tion mouthpiece. If the Council gaintion mouthpiece. If the Council gain-ed the support of the fracturities and sororities only, a sizeable part of the student body would have no one to represent its interests. The Council would simply become a du-plication of the Inter-Fracturity Council and Pan-Hellenic Council. The Ibited towards the student of the

Council and Pan-Hellenic Council. The third source has proved to be weak because of an amazing lack of interest shown by the classes, Council delegates, actually class representatives, have repeatedly been absent from meetings, this stifling the Council. Because a quorum was seldom present, action by the Council coll pass birthers. cil was hindered. A meeting of class presidents, called for the purpose of stimulating Council delegates to act in behalf of their classes, further showed unconcern that is prevalent. Of the two classes which even both-ered to attend, neither offered to lend any more than lip service to the Council.

The alternative, then, is that sup

themselves, acting as individuals. The Council could conveivably seek support by constantly circulating petitions and instigating mass demonstrations. But the Council does not want this type of backing it needs the calm and consistent support of reasonable minds. Such support can be made most effective at Council meetings, where ANY-ONE, not only delegates, may ONE, not only delegates, may ex-press opinions and complaints. On the students falls the responsibility of keeping the Council active, the

port must come from the students

classes apparently having failed to do so. Students must be encouraged to bring their problems directly to the Council. I will guarantee action on any problem, no matter how trivial it may seem. Without the support of individuals.

the Council, that instrument which crystalizes the vapory wishes of the students into solid accomplishment, is in danger of breaking down. Sincerely,

Ken Bourn, President, Stu-dent Government Association

'Cocktail Party.' In-The-Round. Deals With Marital Problems

and a London setting, the Washing-ton Players will present "Cocktail Party" next Thursday, Friday, and Saturday nights in Cain Gymnasium. Curtain time for the Players' first attempt at theater-in-the-round will be 8:30 o'clock, and the cast will feature several nowcomers to the campus stage as well as some forn-iliar faces. In the roles of Edward and Lavinia Chamberlayne, the in-compatible couple around whom the play is centered, Jack Winkler and Joan Vanik star. Julia Shut-tlewaite is portrayed by Dina Henry, while the part of Alexander Mac-Colgie Gibbs is played by Deac These last two lend an air of helpful coofusion to the solu-tion of the Chamberlaynes' problem. Eva Corliss and John Parker are the extra-martial complications in the lives or Edward and Lavinia as Celia Coplistone and Peter Quilpe. The Unidentified Guest, later unmasked as a noted psychiatrist in the per-son of Sir Heary Harcourt-Reilly, is John Richey. Anna Lucy All-spach lends her support as his nurse-

ing) rises we find in progress the activity from which the play derives its name - a cocktail party in the Chamberlayne home. Lavinia has Chamberrayne home. Lavnia has disappeared, leaving Edward to en-tertain alone for the evening, a task for which he is quite incapable. Not knowing where his wife has gone, he is thoroughly confused and miserable, and approaches an unknown guest to whom he confesses his problems. Unknowingly, he chooses proper person for such a confes-sion, and gradually we see the in-fluence of the phychiatrist becoming more apparent throughout the play. As the lights dim we find the Cham-berlaynes and their lovers coming closer to the ultimate realization of their destinies. T. S. Eliot, the (Continued on page 4)

ATHLETE'S FEAT

How many "great" plays and spectacular assists go without notice in the fast moving game of Basketball? The law of averages would probably set the number fairly close to the amount seen and applauded by the spectators. With only two eyes being the standard possession of everyone, it is understandable then that many worthwhile efforts

one, it is understandable their that they would be upon the vast court are never seen.

With this in mind, I have watched certain players intently throughout an entire game and in doing so have witnessed some fine examples of sportsmanship and team

work. Take for an example (as he would describe himself) "that blockbuster from Waterbury, Connecticut" alias Leo Gillis. Repared by many as the best hustler on the team, his boy knows his basketball to the letter. What I most admire about Leo, however, is his ability to set up a short admire about Leo, however, is his ability to set up a short admired about the connection of the service and determined facial expression in completely as service and determined facial expression in the connection of the service and determined facial expression in the connection of the service and the service of the se ton College's number eleven.

on Colleges number eleven.

At Crossly High School in Waterbury, Leo donated three years of his talents not only to the court game but also to the baseball diamond. For the sake of newcomers to the campus, Mason Dixon record books have listed "Winning Pitcher-Gillis" after many a game.

Pitcher - Gills" after many a game.

Perhaps the greatest assist or set-up I can connect with
Leo, took place this season on the night of January 8th, our
first game with Western Maryland. I twas one of those
moments when everyone was quite at once and save for the
sound of shuffling feet, the only thing beard was Leo's "Get
in the center Rock!" Seconds later, Bob Kardon, was in the
center to receive a well timed pass from you know who and

On Thursday, March 3, the speaker at assembly was Dean William E. Cadbury of Haverford College. A distinguished chemist Dean Cadbury is well-known in educational circles and is a leading authority on preparation for medical school. He has published medical school. He has published a book concerning the liberal arts college and its place in the prep-aration for a medical career. Small College

Haverford College is an institution of about the same size as Washington College and is an in-

officers for the coming year. Those elected are as follows:
President, Walter Baker, First Vice-Freelisted, Howard Smith, to both his school and curs-the wards; Fraser Freelisted, Freeli Annapolis to see the Legislature in the disadvantages, he said that the action. Although this is designed small college is not well known by especialty for history and political the public and that the faculty is actione molor, all other sundents limited in numbers and variety, who are interested in such a trip. These points, he said, are really are urged to go. A definite time limited where the small liberal surfor leaving has not been set but college does another more impulsed to the said of the said that the sai

Personal Attention

The intense contact and personal attention to the student by the teacher is very important, related Dean Cadbury, and the exposure to these conditions is an essential part of small college life, he

pointed out.
The contact with all of the best teachers in the small colleges is an experience found only in institutions of a small size, and is naturally advantageous to the student. Dean Cadbury showed that this contact helps to furnish the environment necessary for the

Main Objectives

This point was further clarified when the speaker listed two objectives of the small liberal arts college. The first is to provide vocational training for those students who are already decided their future second purpose of the college is to provide the environment in provide the environment in which the student can learn to think for himself in preparation for ister life. Dean Cadbury stated that training on the job in business and industry is made easier by having well-educated trainees who can think for themselves.

Must Practice Democracy Finally, the speaker added that to accomplish the purposes of the small liberal arts college, the students must have the trust of their faculty and the freedom to practice democratic living on the

If When we were your age, ...

Perhaps these accusations are true to some extent. But to peculiar lot, the older generation, somehow fail to

that peculiar lot, the older generation, somehow fall to practice the preaching.

Last school year they decided to relieve Washington College of a very distressing lack of activity. And what did they do? They removed from Hodson the activity-producing ping pong tables and installed a television set, which has been enjoyed by far less students. The older generation thus discuraged the very traits they claim to support.

We have heard increased rumblings from some students who are beginning a campaign for ping pond. Maybe they have taken the preaching to heart, or maybe they know what recreation they want anyway. When the tables return to use,

it presented each of us with the

opportunity to learn something and hence to grow. The many

Washington College Fifty Years Ago

Taken from the Washington College Catalogue for 1905- 1906.

"Washington's birthday is holiday.

"At a mass meeting of the student body held Feb. 11, 1905, the following pledge was signed and presented to the faculty: 'I here-by promise, on my honor, that I will refrain from the use of unfair means of any kind whatsoever in recitation, tests and examinations during my connection with W. C. and that I will use my influence to prevent the use of unfair means on the part of others.' Hereafter no one will be recieved as a student of the college until he shall have subscribed to the above pledge."

"Every student unless excused on account of religious scruples, is required to be present at morning prayers and readings of scriptures."

"The following offenses are specially forbidden and the com-mission of any will render the offender liable to suspension or dismissal:

The use of tobacco in any form on the part of the student.

The habitual keeping of a disorderly or untidy room.

Fitting Performance Rewards Players' Ambitious Undertaking

by George Hilton Jones

It is an ambitious project for the dramatic society of so small a college to attempt a production of Mr. Eliot's play. In the first place, it is a verse play, and ability to speak verse intelligibly is one common on the American pro-fessional stage. Again, it is ar fessional stage. Again, it is an intentionally subtle and ambiguous play, with several themes, all verging on the theological. Last, and least, of these formidable obstacles, it is set in England, and its characters are English.

therefore all the more creditable to the dramatic society which undertakes it knowing its diffi-culties and bringing off a fitting

The plot is not at all difficult An English barrister, in the midst of a love affair with a young oman of talent, is left by his wife When she returns (and after he has broken off his affair because he recognizes that he needs his wife) the couple have recourse to a psychiatrist, and are able to find the basis on which their marriage stands. A pair of friendly busy-bodies who have helped to reach this highly moral conclusion toast the marriage and the future of the young woman, who leaves for a "sanatorium", as the second act ends. Our director and cast have

acters are symbolic of religious subjects—the psychiatrist of God or the priest, the busybodies of guardian angels, the couple of marriage itself and all husbands and wives, and the young lady of the redemption of sin-in the discarded third act it is revealed that her sanatorium is a religious nursing order and that she eventually

Spotlight On A Senior

This week the spot falls on This week the spot falls on Ramona Willey from Vienna (Maryland, not Austria). She's been one of the busiest girls on campus for four years.

For the Elm Monie has been news writer, feature editor and then editor-in-chief. She has used her literary talents as a student writer for the alumni office and n the editorial staff of the Pegasus, too. In her sophomore year she was publicity manager for the

Washington Players.

Last year Ramona was Theta Chi Dream Girl and this year she cids. Our director and cast have [9th Drama Girl and this year ahe chosen not to include the third act, veriged as all emecoming Queen as only telling how "everything Being vice-president, then president our "or a sense this is dent of Eet Tan Alpha and on what the play is about. In fact, of the seven seniors selected for there are woven into the dislogue "Who's Who I american Colleges treatment of love and indifference, and Universities" proves her the continuity of human beligis, leaderphip ability and campus free will and choke, and guilt. Furthermore, some of the chair.

Finding time for athletics, too,

Monie has played intramural tennis, softball, and basketball, and been a representative on the Board of Managers and a cheer-

Ramona is a history major and minor, and her larship merited her English superior scholarship superior scholarship merited her heing tapped into Sigma Sigma Omicron last year. Right now, she's a practice teacher, but the tring she wears on her left hand hints that Rod Ware and a summer suffers martyrdom. This is a good deal to put over in two hours and

wedding are as much a part of her future as a teaching career.

Cagers Fight To Playoffs, Lose To B. U.

Clark Expects Winning Season As Drills Start

"I have never had a losing season; I don't intend to start this

Those were the words of Coach Charlie Clark as he talked of the prospects of defending the Laurie Cox Championship won by his lacrosse team last year.

The outlook for a winning season as Captain John Parker (All -American honorable mention, 1954) in the goal; Hezzie Howard (All can honorable mention, who are four other letter men from last yeer. They are Jack Bergen, Ed Bair and Mac Connel, all midfielders, plus Bob Kardon at de-

Other returning members from last year's squad are Berky Kenny, Pete Bartow, Stan Goldstein, Roy Pippin, Dick Cain, Tom Elder, Glen Schiebel, John Kruse and

erups of prospects to come to Wash- and 21 points in the 30-27 Alpha ington College. After watching them work out one afternoon I conne what he means.

The most outstanding of these The most outstanding of these new men is Joe Sievold from Friends School in Baltimore, who will be close to a starting berth.

Other hove who will probably

see more than bench duty this spring are Gordie Miller, Chuck Buck, Rex Lenderman, Basil Wadkovsky and Chick Mills. Don Wadkovsky and Chick Mills. Don Messenger, Jim Fowke, Jan Maskol, Bill Bernstein, Chuch Foley, Bill Litsinger, Harry Dundore and Dick Watts round or the Watts round out the squad.

The first game of the scason is with Navy on March 26. But two practice games are scheduled to precede the regular season, the first with the University of Maryon March 19 and the second Subscribe To The "Pegasus." with Johns Honkins at a later date.

Baseball Team Shaping Up

AOPi's Leading: Frosh Powerful

and intramural activities the girls' Intramural Basketball League has come into its own, with the pre-season favorites, the AOPi's and season favorites, the AOPi's and the Freshmen, taking an early lead in the standings. After the first two weeks of competition, the AOPi's sport two wins and the Freshmen and Zeta "A's" one each.

The strongest attack seen in at least the past two years was put forth by the Freshmen girls against the Independents. The 55 points scored by the victors were evenly also led the nation in assists) at divided with Jane Bracken getting also led the nation in essence) at divided with same Bracken genous attack; and Bill Barnett on de-ettack; and Bill Barnett on de-tack; and Bill Barnett of the same attack and the same bracken genous de-tack and bill Barnett of the same attack and the same bracken genous de-tack and bill Barnett of the same bracken genous de-tack and bill Barnett of the same bracken genous de-tack and bill Barnett of the same bracken genous de-tack and bill Barnett of the same bracken genous de-tack and bill Barnett on de-tack and bill Barnett of the same bracken genous de-tack and bill Barnett on de-tack and bill be a same bracken genous de-tack and be a same bracken genous de-same bracken genous de-tack and genous de-genous d bucy Anspace 20. Lynne Rooms, with 14 points, was high for the Independents, who were held to a total of 30. A smooth-working weave, accurate passing, and a high shooting-scoring percentage put the Freshmen into the position of top early-season favorites. Junior Janet Middleton leads the

scoring charge for the defending champs, AOPi. In the two games sim Wright.

According to Cosch Clark, the secret of prospects to come to Washington Cosch Clark and the secret of prospects to come to Washington College 4 for the Secret of Prospects to come to Washington College 4 for the Secret of Prospects to come to Washington College 4 for the Secret of Prospects to come to Washington College 4 for the Secret of the Secret of Prospects of

Connie Whaley become the envy of both the male and female spectators Monday, when she spectators Monday, when she swished in four long set shots for the Alpha Chi's as they suffered their second defeat of the season, this time to the Zeta "A"s. She made good on four out of seven attempts from about 20 feet from the basket, which is a most re-spectable average, even in men's pro circles. However, Sue Reichlin was hitting even more consistently with her favorite shot from just in front of the basket as she scored 24 ponits to lead the Zeta's to a 51-24 win. Bobbie Dew got 15 points for the victors.

Coach Thomas Kibler, in the first official meeting of baseball candidates last week, expressed optimism for the chances of another Mason-Dixon baseball champion ship for Washington College in i. He went as far as to pre-an "even better" squad this dict an This optimism is well-found ed, for the Sho'men have lost only two regulars from last year's conference champs.

Both Rod Ware, a hustling outfielder, and second baseman Doug Tilley, captain of the '54 ninc, were steady performers and will be missed. However, from the unusually large number of returning usually targe number of returning veterans, and a plentiful turnout of hopefuls from the Freshmen class, Coach Kibler should find capable players to fill the vacancies

Mr. Kibler, a dynamic speaker and leader, stated that despite the fact that there are so many pennant winning players returning all positions will be open and up for grabs to the best ballplayers.

One of the most interesting position battles will be for the position battles will be for the catching post. Lest year's number one backstop, Vic Collier, will have to contend with veterans Dick Lent, Bob Jones, and newcomer Bucky Larrimore

On the pitching staff, Dean Wood and Ron Sisk, last season's top moundsmen, will form the nucleus, along with veterans Leo Gillis and Tom Wells.

Ample reserve strength looms from a group which includes Luther Vaught, Arnold Sten, Jack Becker, Jim Kreeger, George Robbins, and Roy Henderson.

An infield featuring both hit-ting and fielding excellence can be formed from holdovers Lon Boybely, Mort Lenane, Barry Burns, Sam Spicer, and Herman Schmidt. Jack Shipley, Shelly Goodman, and Jack Bergen is the season's scor-"Flash" Gordon are outstanding ing champion of the Mason-Dixon Freshmen infield condidates.

Returning from the '54 outfield are Tom Bounds, Roger Smoot,

and Steve Mastrianna. New out Billy Justice, and Al Bernard.

This all adds up to a justification of Coach Kibler's "even better" tag on the '55 squad. Spring practice is now being held on Kibler Field. Athletic Director Ed Athey is again assisting Coach Kibler with the diamond sport.

OX's Take Title In Intramurals

Theta Chi's intramural cagers nudged the Fizz Bars out of first place in the league during the preliminary playoffs, then went on to win the championship by scoring two victories out of the three-game

playors series.

In the first game of the finals, a strong Fizz Bar team won 31 to 30 over Theta Chi. The next day the losers walked off the court with a 42-33 win over the Fizz

The final and crucial game ended with the score 45 to 34 in favor of Theta Chi.

ATHLETE'S FEAT

The big clock of the Mason-Dixon Conference has signaled that the season is over. For many teams basketballs, uniforms, and scorebooks are already packed away for another year. But for the first eight clubs, the scoreboard has gone into

When consulting the list of "Who's Where," you'll find Washington College tenth from the bottom, sixth from the top; nothing to scream about, but under the circumstances at least enough to say "nice going, gang."

I am no forecaster; therefore as this article is being writ-ten I cannot say how much success or failure we shall ex-perience in the playoff at Evergreen. Instead I would like to give a rundown of those boys who represented us on the court this past season.

First, my congratulations to Captain Jack Bergen, who swished through an average of 265 points per game to win not only the MD Conference scoring title but the state title as well. As this is Jack's last year, we are gled to see him enjoying distinction in the game he lowest busing man; Trank Phaser W would like to green on this year's squad, the property of the p

to grab the resonants.

Another boy whom I understand is not returning next fall is Chick Haines. Chick made but a few appearances (Continued on page 4)

> (Continued from page 2) Cagers Fight

ppening minutes of the game, but shots by Joseph and Kardon moved the Sho' team to the front where they remained the rest of the game

Bergen and Kardon led the fight Bergen and Kardon led the fight offensively with 23 and 23 re-spectively, while Joseph again handled the rebounds. W. C. 79 Raudolph-Macon 77 Feb. 24 Washington College won

it's third consecutive league game four days as it edged Randolph -Macon 78-77 on the losers' court.
Leo Gillis became the "man-of -the-hour" as he pumped in a jump shot with only five seconds re-maining to give the Sho'men their final win and sixth place in the Mason-Dixon Conference.

The Sho' team, well ahead by halftime (43-31), found their lead owly shrinking in the second half. Drives by the opponents' sharp-shooting forward closed the gap between the two teams, and put between the two teams, and put the pressure on the Shōmen more than ever. With 15 seconds to play, Ray Benton, the lanky center, tied the game 77-77. The rest is history. Leo Gillis, re-peating Chle Haines' shot in last year's C. U. game, tossed one in. ed and play-off bound.

Jack Bergen led the offensive fight with a 26.3 average for the three games. He was followed by Joseph, 14.6; Sisk, 12.6; Kardon, 12.6; Silverie, 11.6; and Gillis, 9.3.

It would be impossible to pick any one player and credit him as being the "outstanding" one. Jack Bergen played his usual offensive game, providing the team with those much-needed points. Ebe Joseph used his legs in such a manner as would make a kangaroo blush. He took control of both boards as well as scoring 44 1955-96 cagers is Basil Wadovsky.

Wad's is eighten years old, atagib points in the tree games. Romie six feet, three inches tall, and weighs 105 points. The three games. Romie weighs 105 points. He likes all hing the last three. SATURDAY, MARCH 19, 1955

Speakers Will Discuss Communism

Two From W. C. Debate Today On TV

Surbage and John Messerall will represent Washington College in the first of a series of debates on WMAR-FV, a Batitumer Fele-

To Debate Affirmative

Burbage and Messerall will de-fend the affirmative side of the greation, while two students from Loyola will debate the negative. This program is the first of a series of television debates to be beld on WMAR-TV every Saturday from 4:30 to 5:00 P.

Debate Plan

The debate plan has been changed since the last publication. WMAR changed the plan to make the debate fairer to the teams. The debate will start with Wash-College's first speaker, Burbage, who will argue Counges first speaker, Pete Borbage, who will argue for five minutes. Loyola's first speaker will follow with an argument to the negative. There will be a five-minute question and answer period with John Messerall of Washington College questioning members of the other team. This is the main a six of the second of the contract of the team. This is the major change in the order, since the program directors feel that one member of a team questioning the other team will be fairer to both teams.

Summary

The final phase of the debate the mai phase of the debate will be a summary by the first speaker of each team. The teams will each get three minutes for this part. Pete Burbage will give the summary for Washington College.

In the next of these debates on WMAR-TV, midshipmen from the United States Naval Academy will debate an issue of state-wide concern with students from the University of Maryland.

Concert On 31st Lists Pianist

pianist and composer, will play at the concert sponsored by the Chester Community-College Music Group on March 31.

Post II, But Where?

Posting of the Dean's List is a good way to recognize students for scholastic achievements. This year the list was placed appropriately the library, the symbol of learning at an experiment of the list per posted in the Snack Bar, where, allegedly, more persons couls see it. If such is the case, the happy solution would be to post serveral lists. But it is a disheartening commentary on the students if they do not patronize the library at least as much as they do the Snack Bar.

by Al Grimes A 129-101 victory by Baltimore

University in the opening round of the Masen-Dixen Playoffs added the hinishing chapter to another volume of the Washington College Rasketball Story.

While the season wasn't impressive as far as a won-lost record

over Towson S.T.C. and 84-74 over Western Maryland put the Sho' team ahead with a 4-1 record. Three straight losses, 112-108 in overtime to Gallaudt, 60-59 to West Chester S.T.C. and 65-60 to

Levola evened the record at 4.4. The team seemed to have found ts stride again against John Hopkins U. with an 82-73 victory, eve though the outcome was in deubt during most of the second half. The Sho'men biew a 9 point half-time lead (43-34) when the Blue Jays scored 14 straight points to

It was to be a long time before play

Appear Favored In Conference

Washington College appears to have a good chance to cop the Mason-Dixon Conference tennis championship this spring because, while the Sho'men have been strengthened, their opponents have suffered heavy graduation.

Two losses, Clint Bradway n John Minnich (number 1 and men, respectively), are the only absentees from last year's squad cause such veterans have returned cause such veterans have returned as Jerry Lambdin and Les Bell, who will probably vie for number one spot this year; and George Hanst, Palmer Hughes, and Stan Kaufman To further stack the cards in

their favor, this year's coach, John Wyatt, with much tournament ex-perience behind him, has begun to shape the team with the same skill that made him the tennis champion of Baltimore City for two

Also, Catholic University Johns Hopkins, lest year's champion and runner-up, respectively have suffered such devastating losses that neither is considered a

threat.
Finally, there are several promising additions to the 1955 team in Alan Sharp, Bill Lewis, Jack Dail, Tom Short, Ollie Benil, Tom Elmore, Don Witmondt, Rich Devine, and Don Slipper.

Last season's team record was 4 wins and 8 losses. The She'men won one match from Randolph-Macon, one from Fort Meade and two from Mt. St. Marys Opponents who scored victories were Catholic University and John Hopkins, two matches each; West

ATHLETE'S FEAT

by Wayne Grnehn

These last two weeks the sportsworld, for the most part, has been at rest. I say for the most part because various helpstoffs and tournaments around the country are still in progress. At Washington College, thoughts of baakethall haves now turned to thoughts of baseball, lacroses, track, and tennis.

My worthy collegues have herefolore given rundowns on the above mentioned squads, so I shall not attempt to add any-more information here. Rather I'd like to pause a moment and take inventory on the facts and figures concerning the past, present, and future of Washington College's over Towes S.T.C. and 84-44 ever Western Marchitte the ans.

Candidates must speak up

As important as Student Council is to the well-being A important as Student Council is to the weitbeing of our school and our school life, the candidates for office in the approaching election have little realized that importance or their duties as candidates. With the commendable exception of Shannon's publicity, campaigning has been distressed.

ception of Shannous pionecty, campiagiang assured singly scarce.

Perhaps the candidates are campaigning on their personal reputations. If such is the undesirable case, then the candidate of the candidates. Student Council cannot survive many popularity contests. Besides, personal reputation does not help anyone perform Council duties.

Delicate the candidates are relying on their so-called the candidates are relying on their so-called.

not help anyone perform Council duties.

Perhaps the candidates are relying on their so-called qualifications for office which have been posted. These qualifications for office which have been posted. These which would make competent officers. Candidates have listed any remote position or accomplishment which looks good on paper. They may as well have listed "Resident of Maryland." The presidential and vice-presidential aspirants are especially at tault in this respect. Structures must bear in mind a list of offices in not proof of leadership in those offices.

Neither regulation per qualification is enough to justify

election. Candidates must offer some program telling where they stand or what they stand for! Will they cooperate with the administration? To what extent will they follow students' wishes? More important, how will candidates Hents' wishes? More important, how will candidates to improve Council? What projects should Council lertake, what situations need correction? Candidates try to improve Council: the undertake, what situations need correction? Candidates over it to the students to speak out on these and other questions. The students cannot afford to buy lennous, and with the students cannot afford to buy lennous, and who can offer something?

Whether candidates face a primary electrion or not, they should begin at once to acquaint us with their views. Council the improvement for them to remain silent.

is too important for them to remain silent.

LETTER TO EDITOR

From my experience as a player and coach, I know how much the support of the student body means to a team. Last Saturday, the cheerleaders and students who attended the Washington-Hofstra boys to victory, but it was a plus the ilness of others kept us from holding Hofstra to a reason-

Recently I was quoted in the LM (March 5) as saying "I tye never had a losing season; I don't intend to start this year."

Since this statement has now been printed in the KENT COUNTY NEWS and the WASHINGTON ALUMNUS, I want to say that I said no such thing. When an ELM reporter asked if we could win eaders and students who many games with our depleted the Washington-Hofstra ranks I said something to the were unable to move the effect that we never start a season thinking we are going to lose, that heart-warming action nevertheless. fortunately we had had winning I want, therefore, to thank the teams in seven preceding years and cheerleaders and others who backed us. Unexpected losses during the summer of key players and the that the reporter deliberately misabsence of regulars last Saturday, represented me, but I do mean to say the statement as printed was Hofstra to a reason-we did not have the to make such a statement. I think from hooting towards to the did not have the many boys who have played that we licked last year 8-5.

"We' and not "!" when I am "latking.

Sincerely yours, Charles B. Clark

Results Of A Band

As movement for organizing a small brass cheering band gets underway, we begin to foresee some pleasant results, all of them boosting school morale and adding richer experiences to school life.

First there is the zest that a band will give to cheering.

First there is the zest that a band will give to cheering. Playing at time-outs, half-times, and between imings, a spirited band would provoke cheers even if the teams because the band would be blaring their support. The extra rooting would spur on a tired team to victory.

The band will be the focal point of all per falles. It will drum up pro-game enthusiam and lead a snake dianct, and up High Street. The presence of the band will make for an orderly affair, and a thrilling one. Pre-game parades would become a necessity once the custom took hold, and the enthusiasm would begin to affect the local citizens. Cheatertown would become a college tor the band more

Chestectown would become a college town. When school spirit has been aroused by the band, more students will attend the games, more will stay for week-stadents will attend the games, more will stay for week-star been game, they will galher in Hodson Hall with the band for a victory (or defeat) dance. The music won't be the best by any standards, but there will be many good times. Then someone will plan to have better dancing music and there will begin the college's full-time dance

music and there will begin the coneges affiltime dance band, playing after games and every weekend. All these accomplishment will come from a small brass cheering band. We could predict even greater things if we forgot student apathy. Perhaps the band will cure that too

Netmen Falter

The W. C. tennis team's short two-game win streak was broken Saturday when Johns Hopkins defeated the Sho' netters 6-3 on the home courts. The loss lowers the season's record to 3-5.

Les Bell was the only Sho'man able to conture a singles match Bell, number one man for Coach games.

John Wyatt, and senior Jerry Two Lambdin, lead the team in victories, each with five. Working as a doubles team, the two have been next to unbeatable, dropping only one of their six doubles matches.

The surprising success of a comer to the court sport, Ollie Beall, has player a major part in the team's improved record over last year's win-loss ratio at this point of the season. The Annapolis sophomore, who had never played tennis until this year, has three wins in singles, and has teamed with Jack Dail to win their last three doubles. Their victories in the doubles against Mt. St. Mary's and Towson were the margins victories as the Sho'men edged by the two opponents, 5-4, in their other action last week.

Coach Wyatt will take his team to Loyola on Wednesday and to American U. on the following day for their only matches this week.

Zeta "A" Win

(Continued from page 3) The sorority gals never let the Reid Hallers close the gap, coun tering every Freshman goal with at least one of their own, as they built up their lead to the final score of 68-44 for the Freshmen's only loss. One of the deciding factors of the game was the Zeta's height advantage which enabled them to control the back-boards and intercept innumerable Freshman passes.

In third place in the final lea-In third place in the final lea-gue standings was last year's champions, the AOPi's with three wins and two defeats. Following them were the Zeta B's, with a 2-3 record, Alpha Chi, 1-4, and the Independents 0-5.

After each game the referees gave a point rating to each of

Play Review

(Continued from page 1)

of Patty O'Neill, which was played by Wanita Macmullen. Miss Macmullen was deft and sponta-neous, and excellently cast for the part of Patty, the engagingly incoherent and indiscreet youngster who, though so naive, is yet plausible because she has her feet on the ground and manages to "figure things out". Miss Macmullen, who accomplished without apparent effort the tour de force of being on stage almost con-stantly, turned in by far the best

job of acting.

The two principal male parts obvious foils for Patty, serve to Gruehn, as Donald Gresham, was completely at ease, looked the part, and played it convincingly, more so in the less strenuous scenes than elsewhere. The role, however, was not one that had much to offer him

the players. These points are totaled at the end of the season and the three forwards and three and the three forwards and three guards with the highest totals are named to the honorary varsity and presented with white varsity sweaters with the English "W". Practice matches are now being

held in badminton in preparation for the next inframural sport, which got underway last week. Final leaders in basketball are as follows: Most points, season: Allspach,

Most points, 1 game: Reichlin, Most points, 1/2 game: Middle-

ton, 22. Most points, season: Freshmen

Praise The Seniors

With exams and commencement hurtling upon us, forcing us to notice them, we are induced to succumb to them and forget any pleas for school betterment. And so, amid thoughts of grueling tests and eventual triumph for the Seniors, we do abandon any reforms, and think about Seniors and gradu-

For the Seniors, their eighth and last examining period will be tough, as usual, and they will finish it with much worry, knowing they still cannot become favorably accustomed to finals.

Then will follow a glorious week as the Seniors celebrate Then will follow a glorious week as the Seniors celebrate in an it-sall-all-over-but-the-shouting manner. During this glorious week they will own the world, and deservedly so. They will expect, and should get, the adoration of the whole school, for they will seem to be at the pinnacles of their careers, inspiring reverence as awesome Graduation Seniors. Perhaps in this week each Senior will review his whole college experience, evaluating friends, classes, good times. He will recognize his failures, appland his triumplis, and look for ways to improve himself.

The proposed proposed his proposed in the proposed proposed in the contraction of the proposed proposed in the contraction of the proposed proposed proposed in the contraction of the proposed p

bring only credit to Washington College. As the Seniors look forward to a fuller life, we add our commendations for a good start made here, and our best wishes for future success

In The Right Direction . . .

Washington College is growing, and is doing so in many washingto new buildings represent the most obvious ex-pansion. With the completion of Minta Martin Hall, the Hodson addition, and the new field house, the college will have lopped of a sizeable chunk of the extensive building and overhealing program.

Another growth indication appears in the increased number of students. The college virtually has reached the maximum enrollment (under 500) which will still keep her a "small liberal arts College".

a "small liberal arts College."

To accomodate all the students, the faculty has been enlarged, and the curriculum has grown by several new

courses.

By far the most important advancement, beside which
the above-mentioned ones appear dwarfed, is in the quality
of the faculty. In doctoral degrees alone the percentage took
an astounding leap in one year. According to a survey by
the Public Relations Officer, last year only 38% of the faculty
had doctorates; now two-thirds have them. In this respect
Washington College has overtaken Amherst, Hamilton,
Trinity, Union, and Williams, and Is nearing top-ranking
Bryn Mawr and Haverford.

Bryn Mawr and Haverrord.

One result of this boost is immediately evident. The
ring excellence of the faculty has doomed the "snap",
course or "index-builder." Sixteen senseter hours will soon
mean 18 in work instead of 13 in idleness.
Further results are bound to occur as the quality im-

proves.

Quality of the faculty is the only standard by which to appraise a school. Lacking it, functional buildings, efficient administration, and energetic students mean nothing. Possessing high quality, through educated and experienced professors, a college will prosper gloriously, with her entransen multiplied, her dorms filled, her professors revered, downstandard and the professors are vertex of the control of the control of the deality with theme and the control of the deality with theme and the control of the control of the deality with theme and the control of the deality with theme and the control of the control of the deality with theme and the control of the deality with theme and the control of the deality of the deality of the control of the deality of the deali

with them.

Washington College is growing in the right direction.

Spotlight On A Senior

The outstanding senior of the year's first issue of the ELM is the president of the Student Council, Rulph Laws, who served a representative to the Council for two years before being elected to his present office. A member of Theta Chi Froternity, Ralph serves as vice-president this year. He is also active in the Inter Fraternity Council, where he held the office of secretary last year and is now vice-president. During

nietuve editor PEGASUS is another one of his

freshman year. Now he plays basketball for the local team. In the academic field, Ralph is

majoring in economics with a minor in related subjects. After graduation this June he plans to attend law school. Although a staunch Theta Chi, Ralph's OX pin can be found on a near-by campus with Elaine Glendon, who has a part in his future plans.

Dirty Dishes

bue)

Everybody seems to be com plaining these days. . . Aren't they always? Anyway, it seems that this time everyone is complaining about the same thing.... Hodson!! (well, naturally!) In prehistoric times, the complaints shout our favorite head house were directed at the food ... But now,

it's everything!

The cafeteria system started this year with the promise that faster service and a better selection of food would result. found on your first day that the food was the same and service was rood was the same and service was three times slower. Although the supper hours run only from five to six, you often find yourself, waiting to get in the door at six-fifteen! After surviving the first line, you wait in a second line. Then, after wiping off a dripping tray, you wait while they cook up some more meat loaf. Finally, after thirty wasted minutes, you sit down at a dirty table and try to cat your peppery meat loaf in spaces between somebody else's dirty dishes.

So You've Got It Tough

"I knew college was going to nard, but this is ridiculous!" seems to be the moan and groan of most college freshmen and ever some upperedassmen. Aside from classes and the long grueling hours spent preparing for them, we find more than ample fields in which to sow seeds of complaint today. The dining hall, dormitory con-ditions, cost of schooling and the "wholly unreasonable and ridicu-lous regulations" set up by the administration concerning college life are all choice bits of con versation among the more, or less, intellectually minded students at W. C. Yet, the lot of today's W. C. Yet, the no. ... student isn't so bad if we care to look at the regulations our grand parents had over their heads.

Let's go, back a few years and ee what the mid-Victorian scholar had to fight. As for our com-plaints of the vile conditions of the dormitories and the furnishings in them, we quote from the catalogue, 1901:

"The rooms in Middle, East, and West Halls are fully equipped with oak furniture; table, chair, rocker, bureau, washstand, single iron bed with spring and matresses and the necessary toilet articles."

Now won't that bed of yours feel better tonight after you have spent

your evening at the books or the movies or "up the road"? How-ever, if we were back a few years, ever, if we were back a few years, the following would have eramped your "getting-into-bed-late" style: "Habitual absenting of himself from the room after 7:00 P. M.

on the part of any student below the rank of a senior will result in suspension or dismissal."

See what we mean? And if any-(Continued on page 4)

Sho'men Whip Lynchburg In Opener, 5-1

Towson Ties Sho'men 2-2 In First M-D Test

The Washington College soccer; team came from behind to tie a tough Towson State Teachers eleven, 2 to 2, last Wednesday on the Towson field. The Sho' team, fresh from a victorious weekend trip to Lynchburg, opened the scoring in the waning minutes of the first quarter. Outside right Hezzy Howard drove a shot which bounced off the Towson left fullback for the tally.

Midway through the second neriod, Buckshot Harmon, the Teachers' talented linesman, broke through the Sho' backfield for his team's first score, with the assistance of left halfback Bob Colburn. Towson scored again with ten minutes elapsed in the third quarter. Dick Clem, Towson's in-side left, hit paydirt, scoring unside left, hit paydirt, scoring un-assisted on a pass from Harmon. Scoring: Towson-Harmon, Clem; Washington C.-Smoot Howard

Workmanlike defensive play by goaile Joe Szymanski and full-backs Dick Lent, Bob Bragg and Sam Spicer prevented further

By Dixie Walker scoring by the fast-moving Towson booters.

The Sho'men did not score again until late in the fourth quarter. Roger Smoot, the Maroon and Black's high scoring star, maneuvered behind the Towson fullbacks to score the final and tying goal with a shot past goalie Reece Livingston, who gained Mason-Dixon all-star recognition last year along with Smoot.

It was the first Mason-Dixon Conference game for both teams. Washington 0 1 0 1-2 Towson 0 2 0 0-2

General Napoleon Bonaparte believed in simplicity.

General Napoleon Bonaparte believed in simplicity. It is said that when he promulgated an order it was first presented to the two dumbest soldiers in his army. If they could understand it, the order became official; if it was Greek to them, the order was re-written or forgotten. We can't simplify the rules and terminology of Washington College athletics to such a covenient degree. But we can endeavor to write about our athletic program in a manner which we hope will be understandable to the students who have played or observed the various sports. We are trying to go a step further with this first issue of the ELM and help the Freshmen understand and appreciate the intercollegiate sports in which Washington College engages. I trust that some of them are like myself. I had never seen soccer or lacrosse before I came here.

And, as usual, we hope to stir up enough interest and

never seen soccer or lacrosse before I came here.

And, as usual, we hope to stir up enough interest and enthusiasm to pack the stands at every home game.

As a first inducement, I might mention some of our athletic highlights. This is soccer season and a good time of point with pride to Coach Athey's history-making champions. They were the first Maryland team to win the Middle Atlantic Conference championship. This they did in a heroic game against Haverford College last November on Kibler Field.

We were the defending baseball champions of the Mason

We were the defending baseball champions of the Mason-Dixon Conference until last spring. Randolph Macon College

Dixon Conference until last spring. Randolph Macon College took it from us in a three-game playoff series—likewise on Kibler Field.

Last year's basketball team won a berth in the Mason-Dixon Conference playoffs at Loyola. We lost to Baltimore University, but even in losing we set a Conference record for scoring in the second half of the game—70 points. The final heartbreaking score was 129 to 101.

Lacrosse Coach Charlie Clark kindly provided us with (Continued Page 4)

LATE BASEBALL

Sho'men Lost M-D Title To Randolph-Macon in Playoffs

The Sho' nine, defending champions of the Mason-Dixon Conference, captured the Northern Randolph-Macon barely edged the Division title last apring, but lost the championship to Randolph-Macon, the leaders of the Southern Randolph-Division, in a three-game playoff series.

The loss could possibly be attributed to a heavy schedule near the end of the season. Whereas Randolph-Macon was fresh and rested after a week's layoff, the Sho'men had played eleven games

in eight days and had been on the road nearly every day.

In the playoffs, Randolph-Macon won the first and third games, win the title.

Randolph-Macon barely edged the Sho'men in the first game, the final score being 3 to 2.

The Sho' squad came back strong in the second game and won 8 to 1.

The final and deciding game on Saturday began with a run for Washington in the first inning, which was tied by Randolph-Macon which was tied by Randolph-Macon in the second frame. The tie was not broken until Randolph-Macon scored a run in the eighth. The Virginians drove in five runs in the ninth to set the score at 7 to 1 and win the title.

In only a short time, and that and the envy of the Western Shore the first time.

—the Washington college soccer squad—defeated its first opponent squad—defeate

Freshman - Prospect -

Bragg and Walters

By Dixie Walker

The initial "Freshman Prospect" spotlight for 1955 falls on a pair of promising fullbacks of the Washington College soccer squad. This husky due, Bobby Bragg and George Walters, has found the starting fullback positions blocked by Sho' stalwarts Dick Lent and Sam Spicer. But since both are equally adept at the fullback and balfback slot, Coach Ed Athey is counting on them heavily for future backfield relief roles.

Bragg, a lanky six foot three, 190 pounder, hails from Catonsville High School where he was an outstanding all-round athlete. He starred in three years of high school soccer, sported a 300-plus batting average in three years of baseball, and contributed a ninepoint average in two years on the Basketball courts.

Bob is alert and extremely agile for his size and is fast adapting himself to the Sho'men style of play which requires speedy full-

George "Toby" Walters, a pro-duct of Friends Central School in Overbrook, Pennsylvania, also played three years of high school soccer. Following the 1954 season, George was named to the All-Interacademic League soccer squad as a center halfback. In 1953 he had obtained a second team berth on this all-star squad. He also participated in baseball and basket-ball at Friend's Central.

Any spare time that Big George (six feet one, 175 pounds) can garner from his athletic activities devoted to his interests in stamp collecting, Glee Club and Boy Scout work. He serves as Assistant Scoutmaster of an Overbrook troop.

Bragg and Walters are names to watch in Washington College's soccer future as the She'men reach for even greater heights in 1955.

X-Country Squad Shows Speed in 1st Time Trials

Coach Chatterlier reports excellent progress with his cross country runners, even though the turnout was less than expected. On the basis of recent time trials, he is optimistic about the harriers Towson State Teachers College.

So far, the lineup includes one returnee from last year's squad, sophomore Buddy Moore. Others on the 1955 roster are Freshmen Joe Thompson, Bob LeCates, Tom Allen, Jim Murphy, and Q. Parsons.

In the second time trials on a course slightly less than three miles, the runners shaved from 12 to 30 seconds from their timings of the previous day.

However, Coach Chatterlier points out that the squad has been training only a short time, and that with more practice all runners should improve steadily.

Booters Win Easily After Few Workouts

downed Lynchburg College 5 to 1 downed Lynchburg College 5 to 1 Smoot opened the fourth period in the Sho'men's opening game of scoring with an assist from right the 1955 season last Saturday on halfback Rex Lenderman. the Lynchburg field.

Center forward Roger Smoot kicked in three goals and left wing Luther Vaught accounted for two, which gave the squad a safe fourgoal lead at the end of the game. The outcome was in doubt only when Lynchhurg tied the score to 1 in the third quarter.

Smoot scored the first goal on a penalty kick called against Lynchburg because a fullback handled the hall. The score re-mained 1 to 0 in our favor at halftime.

Smoot and Vaught scored two goals each in the second half of the game.

In the third period, inside lineman Barry Burns assisted Smoot on the second tally for the Sho'men.

Vaught's first goal was also in the third quarter. He was unas-sisted because the ball hounced off the third quarter. He was unast two periods. sisted because the ball hounced off the goal upright before he kicked Lynchburg 0 0 1 0—1

The final goal by Vaught was a tricky headshot, one of the most difficult in soccer, after a corner kick by substitute left wing Spike Watts placed the ball in front of

the goal.
Veteran Sho' goalie Joe Szymanski collected 12 saves in his bid for a shutont.

Coach Athey praised the team highly for improved performance in the second half, as evidenced by the one-sided scoring.

The Sho'men are following a trend they set in the 1954 season. That is, they score more goals in the second half of games than in the first half. This atrategy, whether planned or not, seems to put the opposition off guard and leaves them unprepared strong scoring attack in the last

LACROSSE

Howard On All-American Third Team: Honorable Mention To Barnett- Seivold

By Ronnie Dratch

Although it's Fall, and fall is traditionally the season for football and soccer, lately on campus have been heard cries of "Here come the butterfly boys." This of course could only mean that fall lacrosse practice has started again. Last year's squad, although not compiling an overly impressive won and lost record, did develop some outstanding individual talent. Special honors came to John "Hezzy" Howard, who was placed on the Third All-American Team. Howard, an attackman, led the nation in scoring assists as a sophomore, and although falling short in this department last year, he still proved to be the sparkplug of the squad. Hezzy was also honored by being picked for the first team, All-Laurie Cox Division. Washington College, which plays in the Cox division, was co-champion in 1954 with Syracuse in the Cox division, was co-champion in 1954 with Syracuse University.

University.

Honored also on last season's squad was goalie John Parker, who for the second consecutive year made the Honorable Mention list of the All-American Team, and was selected to play in the annual North-South game. Parker was handicapped with an injured foot but still played creditably in the classic as the South won 12 to 11.

Other players honored were Bill Barnett, defenseman, and Joe Seivold, midfielder. Both were given Honorable Mention on the All-American list. Barnett graduated last June, but Seivold will be back for three more seasons. Seivold combined with attackman "Chuck" Buck to give the Washington College offense a one-two punch that scored 44 goals. 44 goals.

44 goals.

As for this year's squad, while graduation took three defensemen and a goalie, the entire attack and midfield will be returning. The team for 1956 will have even more experience than the 1955 squad, and with new material rounding into shape, things look good for this spring.

Coach Charlie Clark will be counting heavily on returning lettermen "Mouse" Bair, Berkey Kenny, Chuck Buck, Basil Wadkovsky, Joe Seivold, Jerry Caporoso, Roy Pippen, Bill Litsinger, Rex Lenderman, Spike Watts and Stan Goldstein.

Coach Expects Good Soccer Season As Team Shows Form

The pride of the Eastern Shore men and Freshmen on the team for and the envy of the Western Shore the first time.

Coach Expects Good Dirty

Szymanski had the highest rating. He was chosen goalie for the All-American third team and was second goalie on the Mason-Dixon okay! Another complaint concerns okay! Another complaint concerns dition, Joe was picked for goalie on the Middle Atlantic Conference school? How are you supposed to

Veteran lineman Roger Smoot, Veteran lineman Roger Smoot, way the boys get fed, especially the other 1955 co-captain, was aclose behind Szmanski in the country's leading lineups. Smoot was on the first team Mason-Dixon "All Stars" for the second consecutive year. He also has membership on the Middle Atlantic woweeks... And you'll continue two weeks... And you'll continue the second all Stars was not all the second all Stars was not all the second was not all th

Burns ore three of the four players from Washington College who dominoted the Mason-Dixon Con-ference second team in 1954.

Coach Athey was more than pleased with the 5 to 1 score against Lynchburg, considering that the team had had only one good week of practice. He says the team should be as good or better than last year's squad after the players have had more work-

Although the Sho'men beat Towson 3 to 1 last year, the Teachers finished the season in third place in the Mason-Dixon Conference. The Sho'men tied with Western Maryland for fourth place.
Wednesday's game with Towson

should give some general in-dication of the Maroon and Black's performance during the 1955 sea-son. But no hard and fast pre-let's get this thing fixed!!! dictions can be made until the team has more time to practice.

A really good match should be the Loyola game next Tuesday the Loyola game next Tuesday. The clash ended in a tie last year.

The class ended in a de last year.

The Sho'men lost three games during the 1954 season—to Catholic University, Johns Hopkins, and Baltimore University. The scores were low in all three games.

When the last scheduled game is played on November 12, the Sho'men might be the defending champions of the Middle Atlantic Con-ference, and also the challengers of the Mason-Dixon Championship.

This year we have as many stars on the team as any other school in either conference, and there is plenty of room to predict a better season for the Sho' squad.

X-Country Squad

ference, who graduated last June But one runner might match Buckley's speed. This prediction is based on the time trials.

A new cross country course has been laid out which includes much less concrete and brick pavement and sloping ground. The old course was largely unsuitable be-cause the runners could not wear spikes, which give needed traction in wet weather.

Another feature of the new course is that the runners will be in the open for the last eight tenths of a mile. This enables them to see their teammates and calculate their chances of crossing the finish line earlier.

Exam Date Set

Princeton, N. J. The Graduate Record Examinations, required of applicants for admission to a number of graduate schools, will be administered at examination centers throughout the country four times in the coming year, Educational Testing Service announced. During 1954-55 more than 9,000 students took the GRE in partial fulfillment of admission requirements of graduate schools which prescribed it.

This fall candidates may take the GRE on Saturday, November 19. In 1956, the dates are January 21, April 28, and July 7. ETS advises each applicant to inquire of the graduate school of his choice which of the examinations e should take and on which dates Applicants for graduate school fellowships should ordinarily take the designated examinations in the fall administration.

Application forms and a For weig Bulletin of Information, which provides details of registration and 95 calories.

Individuals who won laurels are too numerous to mention. Washington College had a lion's share of men who were named to "All-Star" and "All- Conference" teams. We hope the men and the teams will perform as well this year. With your support and mine, they will surely give their opponents a workout.

TRIBUTE

For a year or more this column was written faithfully by Wayne Gruehn, a 1955 graduate. Now that the dubious honor falls to me, I have the opportunity to salute him. Gruehn is now employed by WBOC radio and television stations in Salisbury, Md. He handles spot commercials, works with the news staff, and has two disc jockey programs a day. The first is from 7:30 to 8:00 p. m. and the second from 10:00 to 12:30 nightly. Those are on radio only, but last week he was promoted to TV floor director for the busy period from 6:00 to 7:30 each evening. Gruehn was a dependable ELM staffer who, to my knowledge, never missed a deadline. We wish him luck and success while confidently expecting that he will go to the top.

Were You There?

There are occasional moments in sports that survive for

There are occasional moments in sports that survive for decades in the memories of fans who were there and witnessed the event. Later they derive great pleasure in relating it to friends. I'm no exception, so I'll tell my

favorite anecdote.

Clem McCarthy will probably be longest remembered as the fastest talker in the world. During the 1930's he was announcing boxing matches for the ABC Network. One night a pair of mediocre light-heavies were coupled in a ten-round main event at Madison Square Garden. The fight started slowly, but Clem rattled on at his usual speed. After the first round, one of the fighters leaned over the ropes toward Clem and yelled from coast-to-coast: "Hey, Clem! Slow down! I can't keep up yith you!"

WASHINGTON COLLEGE

SATURDAY, OCTOBER 22, 1955

FULL PROGRAM IS SET FOR ALUMNI

Alumni To Honor Five Graduates

Five Washington College graduates will be awarded alumni citations during the Fall Homecoming Banquet at the College this Saturday at 6:30 P. M.

Each year since the citations program began in 1952 the Alumni Association has selected for citation several alumni who have distinguished themselves in their chosen fields of endeavor.

Those who will be honored this year are Wendell D. Allen, of Baltimore; J. Willard Davis, of Easton, Maryland; Jacob D. Rieger, of Waterbury, Connecticut; Reger, of Science Francis Beaven, of Solo-mon's, Maryland; and Raverend Wesley L. Sadler, who is in the United States on leave from

missionary duties in Liberia.

Marvin H. Smith, of Federals-burg, Maryland, president of the Alumni Association, will read the citations. They will be presented by Dr. Daniel Z. Gibson, president the College.

of the College.

Wendell D. Allen will be cited in the field of law. He is senior member of the Baltimore firm of Allen, Burch, & Allen, and has been a prominent figure for years in the Maryland legal scene. He received the A. B. degree at Washington College in 1918, and M. A. degree there in 1916. He holds Made Known the L.L.B. degree from University of Maryland, 1916. He has been president of the Maryland Board of Education since 1953.

A citation in education will go to J. Willard Davis, Superintendent of Schools in Talbot County (Md.), and one-time member of the College Board of Visitors and Governors. Mr. Davis graduated from Washington College, A. B., 1915, and Columbia University, M. A., 1923.

Jacob D. Rieger, Connecticut

Jacob D. Rieger, Connecticut civic leader, youth counsellor, and educator, will be cited in civic affairs. He received the B. S. degree at Washington Collega in 1928, and holds the degrees of M. A. and Ph. D. from the University of Connecticut. Ha is vice-principal of Leavenworth High School in Waterbury and director of sports for that city's high

(Continued on Page 4)

Club Plans Year's Work

The year's program of the Young Republicans Club will center on arranging for a mock political convention late this spring, it was announced at the club's meeting Wednesday by President Buddy Sparks. To prepare for the convention the Republicans are working with the Young Democrats and

Forensic Society.

The tentative GOP schedule calls for each meeting during the year to be concerned with drawing up a part of their campaign plat-Such meetings will discuss segregation, forsign policy, the budget, farm program, internal security, and other issues.

During the year various outstanding political figures will speak to the club and assist in formulating a platform. U. S. Representative Edward T. Miller has been invited to speak at ona of the November meetings.

Varsity Dance Is At Rock Hall

Al Green and his Cadets, twelve piece orchestra, will furnish the music for the Homecoming Dance tonight in the Rock Hall Fire Hall from nine till one. The Washington College Varsity Club sponsors this dance every year.

Tickets for the dance are \$1.75 and can be purchased from any Varsity Club member. Decorations

Financial policies for school publications were set forth at a recent meeting of the Committee Student Publications, and additional matters were discussed. The ensuing report comes from the chairman of the committee, Jack

Gard, Director of Public Relations. The following questions were settled:

1. The financial books of the ELM will be audited once a month by the Business Manager of the College.

2. The financial books of the PEGASUS will be audited once a month beginning December 1.

Of the considerable number of items introduced the following matters are to be discussed further at subsequent meetings:

1. The late publication of the PEGASUS during the last few

2. Should the printer of the PEGASUS be approved by the com mittee before the printing contract

3. What is to be done with the money in Professor Newlin's custody?

4. Should business managers be required to have their financial books approved by the committee as a condition of their graduation or advancements?

5. A less expensive type year-book should be investigated.

It was the feeling of the faculty members of the committee that the editor of a publication should have complete control of his operation including its business affairs and that the business manager should be subservient to the editor.

The next meeting will be on November 10 at 3:30 p. m. in room 17 of William Smith Hall.

Jazz Combo To Play Here

Next month the Student Government is sponsoring a jazz concert although the exact date is not known. Bobby Conway and his Dixie Six are shuffling up to our campus for the Bayou Club in Washington, D. C. The concert will last for two or three hours with an intermingling of a few progressive numbers with the dixieland numbers. Featured in the progressive numbers will be the piano, bass fiddle, and trumpet.

Bobby Conway and his aggregation have earned a good reputation at the University of maryland, George Washington University, and American University. Attendance is not re-quired for this concert.

Dedicate Martin Hall: Faculty Discusses College

Five members of the Washington College faculty will take part in a round table discussion today on the topic, "What is College for?" The discussion will deal to the coming week-end, Mr. John H. chiefly with the program offered now at Washington College, and will take place on the second floor of the Bunting Library.

A secondary topic of the dis-cussion will be the question of what the best education is a colwhat the best education is a col-lege can give people for their money. The members of the dis-cussion are Dr. Ford and Miss Blammethal of the Language Department, Dr. Erk of the Biology Department, and Dr. Taber and Dr. Barnett, both of the Economics Department. Dean Doyle will moderate the discussion to which all parents, students, faculty, and returning alumni are

Group To-Read At Convention

On November 5th the Washington Players will present a dramatic reading before the Maryland State Student Council Convention, to be held in Wicomico Senior High School, Salisbury, Maryland, on November 3, 4 and 5, 1955. The Players will present a type of reading in the manner of the First Drama Quartet, the selection will be an adaptation of Anton Chekov's "The Proposal".

The principals for the reading will be Jack Daniel, Al Easterby and Eva Corliss.

At the same convention the At the same contents the Washington College Choir will present a concert. The forty-eight member group under the direction of Dr. Frank C. Erk will appear on November 5 in a full concert.

Hessey, chairman of the Board of Visitors and Governors of Washington College, will officiate at the dedication ceremony to be held in the main lonnge of the new women's dormitory.

The principal speaker of the program will be Dr. W. Kennedy Waller of Baltimore, the physician of the late Mrs. Martin. Dr. Danel Z. Gibson, President of Washington College, will make further dedicatory remarks. In the lonnge is a bronze plaque on which are the names of all who contributed a share or more to the construction of the new huilding. The unveiling of this plaque is to be done by Mr. Glenn L. Martin, Mrs. Martin's son and a famous aircraft industrialist.

The Reverend Lewis F. Cole of St. Luke's Church in Church Hill will give a dedicatory prayer and Miss Emily Dryden will express the appreciation of the girls for the dormitory.

John Niles Is **Guest Artist**

The College-Community Concert series got under way at 8:30 P. M. on Tuesday night with John Jacoh Niles the guest vocalist. Mr. Niles rendered quite a few folk songs and ballads during the evening's entertainment. He is quite distinguished in this field and in addition to his singing Mr. Niles also arranges his own music. This was the first in a series of six concerts being presented this year by the group.

The next concert will be held on The next concert will be field on Thursday evening, November 17 and will feature two artists, Richard Anschentz and Evi Liivak. Mr. Anschentz will accompany Miss Liivak in a group of piano and violin renditions.

"Male Animal" Is Satire On College

What would happen if the Washington College Board of Directors, after having had the matter brought to its attention by a fiery editorial in the "ELM", acted to ban Mr. Henry from reading to his classes excerpts from "The Rise and Fall of Practically Everyone" on the grounds that it was un-American? A situation very nn-American? A situation very similar to this will be brought to light on the stage of Wm. Smith Auditorium on Friday and Satur-day nights, November 11 and 12, when the Washington Players present the gay collegiate comedy, "The Male Animal".

BIG DANCES COMING
Two big dances are coming up in the next month—the Kappa
Alpha Sweetheart Dance and the Phi Sigma Kappa Moonlight Ball.

"The Male Animal".

In the play, however, it is an English professor around whom the trouble and story centers. To quote the description in Burns dunte's "The Best Plays of 1939-throom when Keller learns that 1940," Tommy Turner "is a young (Continued on Page 4)

associate professor, thirty three years old, wears glasses, rather more charming than handsome. His clothes are a little baggy. He has a way of disarranging his hair with his hands, so that he looks like a puzzled spaniel at times" Around the Washington College campus Prof. Turner could probably be likened somewhat to "Doc" James without an English accent. For the two November nights the professor's name will be spelled J. Aldo Gallo, who plays what is probably the most serious role in this light-hearted satire.

Tommy Turner's tribulations come about when university direc-

Band Needs Sousaphone

Organization of a pep band has stalled, pending the purchase or location of a bass horn. Jack Hunter and Al Stevenson, in charge of starting the band, say that nearly all necessary instruments are available except a Sonsaphone and a baritone. The band could do without a baritone, but a bass horn is considered necessary.

Stevenson, with money from the school, was prepared to hny a Sonsaphone last summer, but the only prospective purchase was called off. Anyone knowing where to find a bass horn for the band is asked to see Stevenson or

A BEAUTIFUL CAR.....

It had been a beautiful car. A new one, gleaming with chrome and red and white paint, it featured the very latest in design with its continental styling and low lines. Inside there was palatial elegance in the slick upholstery and

there was palatial elegance in the slick upholstery and soft cushions.

The car is not quite as beautiful as it was. A little bit of mud has dulled the sheen. One wheel is bent under the car like a broken leg. A headlight is staring at the bumper. A fender has several folds in it. Both doors rest on slanted hinges; they can't quite shut. There are only a few stains of blood on the upholstery. The windshield is skull-battered in a spot or two; the "death seat" passenger was traveling 50 miles an hour but the car wasn't. And the steering wheel is now a right angle; he was going only 35 when he hit that. He's lucky by any standards. After all, he might lose his crooked smile in a few years if his lip heals right.

right.
Why did this accident happen? Better yet, why do any accidents happen? Someone merely neglects a simple courtesy. Perhaps someone doesn't dim his lights, or edges ourtesy. Pernaps someone doesn't dim his lights, or edges into the other lane, or follows another car too closely, or drives after drinking, or disregards a stop sign, or omits any number of simple courtesies. Someone merely forgets to consider the other driver.

It was a beautiful car. It might have been the car of any of us. Or any one of us could have caused the wreck. Or each of us could be looking in a mirror at a crooked smile.

Slowly but surely, the political organizations on this campus are flunking out. Only each and every one of us can prevent this. All of the clubs on the campus luck the support that they need to survive. If something isn't done in the near future, all of our extracurricular activities are going to go right down the drain.

recent meetings of the Young Democrats prove this point quite well. The Young Democrats held their first meeting on October 4th with six students in attendance, They decided that the reason for the small turnont was the lack of publicity. The students had of publicity. The students had not been informed! Therefore Committee for Membership and Publicity was formed. The chair-man of this committee, assisted by John Messerall, printed and placed 15 posters around the campus. Notices were put on every bulletin board, form letters were distributed in each mailbox, and the result was

Ten students and one faculty member attended the next meeting, which was held on Tuesday, October 18th. There are more than 10 Democrats on this campus, so the question at hand is, "What went wrong" The officers of the organization were by no means at fault. An interesting meeting was well planned by President Walt Baker. Bob Boyd and Angus Shannon bought refreshments which were much better than the conventional ginger ale dumped the conventional ginger ale dumped over ice cream with cookies. These people put themselves out for the studenta' benefit. The Young Democrats could put up a hundred posters, write two hundred hundred posters, write two hundred letters, and drop leaflets from a helicopter, but the turnout would still be meager. This is no re-flection on the Democratic Party. The Young Republicans, The The Young Republicans, The see the Marlon Brando type: Mnnn Processic Society, and the religions organizations could do the same you doin' the town? Pick you up, thing. The results would be the same.

If someone were to outlaw and abolish these activities on the cam-

Letter To The Editor bloody murder. But they are attempting to execute the clubs bloody murder. But they are as-tempting to execute the clubs right now. Why? Clubs are here for our enjoyment and pleasure, Perhaps this falls on denf ears, but ask any old salt or even a newcomer what they think of the

spirit on this campus. The answer will be, "What spirit?" The "Summer soldiers and snn-shine patriots" on this campus had better get on the hall. This has been hashed over and run through the mill many times, but let's give these clubs some support before they flunk out. The students are cheating themselves.

Bert Lederer

Doing Anthing

Tonight?

In my travels around the campus I've noticed that quite a few boys have been giving the beautiful young Miss Americas of Washing-ton College the mad rush (Don't grab, Boys, there are enough of us to go around!).

Once in a while these lordly personifications of God's gift to women called college joes, condescend to ask a girl for a date, and because of their jet-propelled egotism perhaps, their techniques are perfectly fantastic!

While strolling down the Holly-wood and Vine of The W. C. cam-pus, I, the lowly co-ed, could easily imagine myself in the M. G. M. studio watching promising young actors making their screen tests.

First, I behold the Charles Boyer type (you know-the tall, dark, languid, and is he conceited man). He says, "Darling——how lovely you look, with the moonlight shining on your golden hair. My dear, my love, come with me to the CASBIRD!"

Now, in the middle of the read-(Continued on Page 4)

Spotlight

On A Senior

The outstanding senior of the week is Kay Cassoboon, who comes to W. C. from Millville, N. J. Since her freshman year Kay has been an active participant in all girl's sports-field hockey, basketball badminton and a member of the Girls Interclass Athletic Association. During her freshman year she was named most valuable basketball player and the Out-standing Girl Athlete. Kay is a

member of the Society of Science and writes articles for the PEGASUS. Serving as presiden of Alpha Chi Omega sorority and participating in the Panhellenic Council are Kay's busiest activities this year.

In the academic field, Kay majoring in chemistry and takes languages for her minor. After graduation she hopes to work as a research analyst.

J&J JABBER

by J. Levin and J. Fowke

Hello again, humor lovers! It's once again our furshlugginer pleasure to bring you the latest in campus jive.

All eyes (and stomachs) are turning at the thought of the Homecoming festivities. So we of J. & J. Jabber would like, if we may, to give you (our readers?) a few hints to set you hep as to what to expect and look for.

Be a carefree lad with a smile and song.

But turn your back and your bottle's gone.

Girls, watch out for the shiny It's just an excuse for a little

Attention, all you bottles on the

need! So don't he stuffy and don't be

Let the good times roll, we'll see

you there! In closing, we would like to ex tend our sincerest wish that you all may have a nice weekend, and especially do we wish this to Mr.

Nicely Nicely.

Now this is J. & J. saying, "Remember, play it straight on the street."

P.S. Readers! If studies have you down in the mouth, just re-member Jonah. He came out all

The Inside Story Of Martin Hall

Minta Martin Hall is a palace parties or a late snack. fit for a queen. To whom do we SORORITY ROOMS INCLUDED owe our gratitude? To the more han one thousand alumni and ridor are the scrovity rooms; friends of the college who made Alpha Chi Omega first, Zeta Tau this dream come true!

In the spring of 1954, Martin Hall's corner stone was laid, and construction began immediately and continued through early September of this year. Brohan Brothers Company was the contractor who built our impressive colonial mansion in seventeen months, assisted by the architect, H. P. Hopkins.

As soon as the ivy begins to climb up the brick walls, Minta Martin Hall, with its small pened windows, top floor dormers, white wooden doors and brass knockers, wrought iron railings, and big white pillars out front, will fit in perfectly with the other colonial structures on compus.

INTERIOR COLONIAL

outside. As we walk in the front door, we find ourselves in a large center lounge furnished in colonial style with benches, mirrors, cap-tain's chairs, and foam-rubber cushioned couches and arm chairs. The Woman's League of Chestertown is responsible for the lovely decor; a Vermont firm supplied the motif. Off to the right and left of the main lounge are two smaller, yet equally comfortable and beautiful lounges, equipped with desks for group studying. The impressive works of art which adorn the walls came from the Art League of Chestertown,

Down the long hall our tons proceeds, finding many new and exciting rooms behind the open doors. First, on our right, we find doors. First, on our right, we find a card room decorated with a Williamsburg wall mural, card table and chair sets, and all you could possibly want for an evening of bridge. This room is large enough for parties and dinners, too. Adjoining the card room a brank new kitchen sparkles. The facilities in it consist of a stove, oven, a refrigerator-freezer

Alpha in the middle, and Alpha Omicron Pi last.

Next to the kitchen is an infirmary containing six beds and a surgical sink and then the snite of the housemother, Mrs. Strauff. Across from these rooms is the laundry room with two washing machines, two dryers, and ironing (Continued on page 4)

Introducing The Faculty

Irving Barnett

Irving Barnett
Dr. Irving Barnett, our new
economics teacher from Garden
City, Long Island, received his degree of Bachelor of English Literather from Yale. He then entered Columbia Law School and
was admitted to the bar. Prior
to his induction in the Army Dr. was admitted to the bar. Prior to his induction in the Army, Dr. Barnett worked with the National Research Board. After the Army sent him to Harvard to study Chinese, he went to China as an economic planner and field officer for UNIRA, where he worked both in Nationalist and Community to the Community of the Nationalist and Community to the Nationalist and Community of the National Nationalist and Community of the National ist areas. On his return to the United States, he entered Colum-bia to study international rela-tions and law and often served in informal capacities at the U. N. In 1951 he administered the Phil-adelphia office of a Quaker society for aid to foreign peoples and in 1953 he taught at Haverford. He received his Ph. D. from Columbia after submitting his dissertation on "UNRRA in China". Dr. Barnett has a variety of hobbies such as music and tennis, but saya that most of all he enjoys meeting people and exchanging ideas and conversation.

Charles West

Mr. Charles West, the new art instructor from nearby Centre-ville, was a student at St. Johns for two years and then attended the Pennsylvania Academy of Fine Arts. After four years, he was awarded the Cresson Memorial Traveling Scholarship and went to

France for study. He did studio work and then studied frescoe painting at the University of Iowa, after which he was award-ed a fellowship at the Herron Art ed a fellowship at the Herron Art School and received his Bachelor of Fine Arts degree. This same year he married Mrs. West, who is also an artist. Mr. West has taught at the Herron Art School, St. Mary's Hall, Delaware Art Center, Notre Dams School in Bal-timore, and at the public schools timore, and at the public schools in Kent County. He has won honors in shows, and included in Kent honors in shows, and memorahonors in shows, and memorahonors in shows, and memorahonors in shows a short shows a short shows a short shows a short short shows a short among his many among his many ones at the Pennsylvania Acaoemy, Herron Institute, Chicago Institute, Academy of Arts and Letters, and the National Academy of Design. Mr. and Mrs. West recently held a two-man show in Annapolis, and are interested in the local Kent County Arts League. Mr. West's hobbies are oardening, and reformations of the control o estation.

Elizebeth Rudd

Elizebeth Rudd
Teaching English here at W. C.
this year is Dr. Elizabeth Rudd.
Born in New York City, she received her B. A. degree at Bryn
Mawr in 1947. She taught there
for one year, and then, having
been awarded two fellowships by
the American Association of University Women, she went to England, where she earned her Ph. D.
from Oxford University in 1951,
and studied at Reading and Cambridge. Abroad for seven or

Random Sports Harvest —

By Al Albertson

Ye Sports Editor almost fell down on the job this week. This column was supposed to contain enough information—complete with diagrams—to give the average

formation—complete with diagrams—to give the average person a spectator's knowledge of what goes on in a soccer game. Certain other factors of the academic and social world took first priority, however, and I didn't get around to doing the necessary research.

The Sho'men play their first home game today at 3:00 p. m. Firmly believing that mystery breeds indifference, I urge everyone to read carefully the section in the program concerning soccer which Bedford Groves thoughtfully included. A stranger to the game can't very well understand the tactics used without the aid of diagrams. But the program will be helpful if the spectator knows the positions of the eleven players on each team.

It might be well to remind the student body that there

of the eleven players on each team.

It might be well to remind the student body that there are only four home games during the 1955 soccer season. Today's game should be a rugged affair, because Gettysburg usually has a topnotch team.

Our Homecoming opponent last year was Lynchburg and we won 6-0. The year before was a different story. On Homecoming Day in 1953, Franklin and Marshall took us for a 3-1 loss. With such a good start this season we should have the edge over Gettysburg.

As evidence of the respect Washington College's soccer

Franklin & Marshall Held To 1-1 Tie In Overtime Battle

Freshman Prospect —

Bob Mundeno

By Ronnie Dratch

This is the second in a series of articles on Freshman prospects this year at Washington College, but by no means is our subject this week of secondary caliber.

One of the major factors in the Lovola last week was the outstanding play of Freshman Bob Mun-Starting in his first coldeno. Starting in his first col-legiate game, Bob reminded many of the spectators of two past greats, Dick Weller and Doug Tilley. Bob combines the neverending hustle of Weller with the toe talent of Tilley to give the Washington College offense speed plus accuracy.

A halfback in his high school A name of the state of the stat bother him at all.

Bob hails from Lonaconing, Md., where he graduated from Valley High School in 1955. While at Valley he compiled one of the most outstanding athletic records in the school's history. A three-letter man for two years, Bob was a member of Valley's championship occer team in 1955, and was also instrumental in getting into the finals of the Western Maryland Interscholastic Championships.

In basebali Bob was, and still is, protege of ex-big leaguer "Lefty" Grove, a native of Lonaconing. Bob was awarded a Senatorial

Scholarship and is majoring in the sciences. He plans to enter medical school after he graduates from Washington College. Although sports take a major

portion of his time, Mundeno still likes to tinker with his 1946 Ford

Harriers Lose To Towson T's In First Meet

The Baltimore Press

As evidence of the respect Washington College's soccer team commands, I refer you to the Evening Sun of October 11, the day we beat Loyola. Walter Taylor interviewed Coach Athey and wrote a somewhat analytical feature about the team. Taylor's most significant comment: "Give the Sho'men an inside right, and some reserve forwards, and Athey promises they will kick up some dust in both the Mason-Dixon and Middle Atlantic Conferences."

The team has played four games so far and all hands are in excellent condition. Today's game is the halfway point in the ten-game season, and the experience the squad has had will pay off in the remaining games to be played. In this last half of the season the schedule includes the perennial toughies—Catholic U., Johns Hopkins and Baltimore U. Coach Donald Chattelier made Beginning with the next issue of the ELM, there will be a new feature on the sports page. Several students have asked why no recognition is given to individual athletes other than in "Freshman Prospect." We think the idea has enough endorsement to merit a trial. The new column will be built around the "most-improved-player" angle. Our first nomination for this feature is a Sophomore who is playing his second season of collegiate soccer. You can read about him in the next issue.

Funnybones is coaching debut at Washington College as his cross country runners matched their talents against Towson here on October 7. It was a losing battle for the Sho'men as Towson won by a score of 24-31.

Bud Moore of the Sho' squad was first to cross the finish line in

14 minutes and 11 seconds. Spencer of Towson was second with a time of 14 minutes, 17 seconds.

Joe Thompson took third place
for the Sho'men by crossing the finish line in 14 minutes, 33 seconds.

The Sho' harriers took first, third, tenth, twelfth, thirteenth, and fourteenth places in the meet.

The evenly matched soccer the scoring.

teams of Washington College and Franklin and Marshall 15 saves for the Sho'men and played a fighting game to a 1-1 deadlock in two overtime periods last Saturday in Lancester.

Baker accounted for 12 for Franklin and Marshall.

A ruling of the Middle Atlantic Conference allows a maximum of Lancaster.
Outside left Luther Vaught

opened the scoring after 19 is tied at the end of the fourth minutes of the first quarter quarter. If either of the teams had elapsed, assisted by left scores in overtime, the tie is broken

The scoreless second period cost the Sho'men the valuable services of left fullback Sam Spicer, who was injured and could not return to the game. Freshman George Walters substituted for Spicer during the remainder of the game and turned in a commendable performance. The extent of Spicer's injuries could not be determined at the time.

A ruling of the Middle Atlantic Conference allows a maximum of two overtime periods if the score and the game ends. There is no such ruling in the Mason-Dixon Conference.

Including the two overtime periods, the Franklin and Marshall game lasted two hours and twelve minutes. A regulation game consists of four 22-minute quarters, or one hour and twenty-eight minutes of playing time.

All members of the Sho' team agree that the Franklin and Mar-Washington College held on to the one goal lead until the end of the third period. With less teams had to have superb def shall contest was the toughest one

INTRAMURALS

Foxwell Ahead In Touch Football: Blue Birds 2nd.

to the six-man touch intramural variety, hut as always competition that has the ball must surrender is keen among the six teams in the it to the opposing team.

intramural commissioner this year, for the four-down system or succeeding George Stanton, who graduated last June.

The opening game was a victory for the Blue Birds, an independent team, over Kappa Alpha. The final score was 14 to 7.

The Freshman team from Foxwell is currently on top in the league with no losses. The Blue Birds and Theta Chi share second place with two wins and one loss

Foxwell beat Theta Chi, last year's league champions, by a score of 6 to 2 in their first game.

Lambda Chi won its first game, 13 to 7, against the Phi Sigs, but in their second game they lost to the Blue Birds, 50 to 0.

A new rule of the league this year did away with the four-down

allowance. Each team now has five Phi Sigs

By Pigskin Pete downs in which to make a touch-football on campus is confined down. Scoring constitutes a first down. On the fifth down, the team

league this year.

Athletic Director Ed Athey is mixed, because of the high regard necessary yards gained to constitute a first down.

We hope the ELM's readers will understand the difficulty involved

in keeping up with intramural happenings. The paper is pub-lished fortnightly, whereas games are played nearly every day. The best we can promise is a general resume similar to the foregoing in each issue. Any seeming neglect of intramural affairs is wholly unavoidable and is not always due to inferior reporting.

place, immediately behind Buddy, was Joe Thompson, a Freshman from whom we should be hearing quite a bit this year. Ninth, tenth and eleventh positions were awarded Bob LeCates, letterman Alex Stanf, and Don Messenger, respectively.

Stant, and Don Messenger, respectively.

Coach Chattelier can be justifiably prond of this record. Not one man on the Sho' team failed to finish the race. This is especially impressive in view of the fact that the course was approximately one mile longer than any course our team has run thus far.

The team, though somewhat green at the start, is shaping up nicely. They have shown daily improvement and should realize their full potential by next week's meet with West Chester.

"Male Animal"

the English instructor plans to read to his classes a letter by a reputed Fascist. Howard Morrison's portrayal of Ed Keller, and Dan Haupt's enactment of Keller's old college-days' buddy, All-American Joe Ferguson, is an evening's worth of entertainment in itself. The Homecoming reunion of these two is a hilarious facsimile of many greetings that will undoubtably be seen on this campus today. Written by two former school-

Written by two former schoolmates at Ohio State University, James Thurber and Elliott Nugent, "The Male Animal" was one of the three top shows to hit Broadway sixteen seasons ago, the other two being "The Man Who Came to Dinner", and "Life With Father". Its humor and interest to a college student audience is even greater than that of its two recordbreaking contemporaries.

Tickets for the production, which is being directed by Pete Riecks, will be on sale in about a week. Students are reminded that under the new seating arrangements, general admission seats will be 80 cents, reserved seats per performance one dollar, and reserved seats for the season two dollars.

Random Sports Harvest

It was a dull, misty day, but the post band was there to keep things lively. A drizzle set in at halftime and the bandsmen were trying desparately to keep their instruments dry. The bandmaster was Warrant Officer Gus Olaguez (now retired), a congenial expert at repartee. Near the end of the third period Quantico was ahead by a score of about 47-6 and nothing much was happening on the field. During the lull a spectator high up in the stands, safely out of sight of the generals' box, yelled to Gus to "play some music." Gus pointed toward the Army's grey uniforms on the field and replied, "What do you want to hear, "The Old Grey Mare'?"

Minta Martin Hall

facilities

The two upper floors house the quarters of the Assistant Dean of Women, Miss Mary G. Paget, sitting rooms, phone booths, the office with its efficient buzzer system for contacting the residents, and the rooms of the girls. The top floor will be finished in dormitory rooms when the women's enrollment of the college warrants expansion.

All the windows in the dormitory were donated by Mr. Frank Russell, the benefactor of little boys, who replaces any windows they may break with base-balls.

Our beautiful new building, which is being dedicated today, is named for Mr. Glenn L. Martin's mother. Mr. Martin completed and furnished our new home.

Today's dedication is a red-letter event for Washington College, and Martin Hall will be open to visitors all day long.

Introducing Faculty

cight years, she visited Galway in Ireland, and met William Butter Yeats and also traveled in Spain, France, Belgium, and Holland. She hopes to visit Italy and Greece soon.

She hopes to visit Italy and Greece soon.
Dr. Rudd's doctoral thesis, which she developed into a book, which she developed into a book, "Divided Image", a study of William Blake, was published by Sir Herbert Reed. She now has a publisher's grant for a second book on Blake, "Organized Innocence", which the American Philosophical Society has helped her finish. It will be published next year.

Dr. Rudd likes it here at W. C. and says she is pleasantly surprised. She enjoys teaching the many different types of students and finds the interaction of varied minds very interesting. Also, she likes the co-ed atmosphere, which she says is quite different from that of Oxford and Bryn Mawr.

Appoint Sparks GOP Chairman

SATURDAY, OCTOBER 22, 1955

Appointment of Buddy Sparks as College Chairman of the Maryland Federation of Young Republicans will become official this week when Richard Paul Gilbert, president of the state organization, receives Sparks' acceptance.

acceptance.

In offering the job to Sparks, local club president Gilbert said the duties would include supervising all college Young Republicans clubs in the state, and taking an active part in organizing clubs in other colleges.

VOL. XXIX. NO. 3

WASHINGTON COLLEGE

SATURDAY, NOVEMBER 5, 1955

ODK Initiates Three Seniors

Omicron Delta Kappa, the na tional honorary fraternity on the Washington College campus, held its annual fall assembly and tapping ceremony on Thursday, Octping ceremony on Indisady, oct-ober 27. In charge of the pro-gram was George Hanst, the President of ODK. Hanst ex-plained the recognition of stu-dents in the five fields for membership in Omicrou Delta Kappa. The fields are Scholarship, Publications, Athletics, Speech and Dramatic Arts, and Social and Religious activities.

Dr. F. G. Livingood then introduced the guest speaker, Mr. W. Theodore Boston, who graduated from Washington College in 1930. While enrolled at Washington College Mr. Boston was a mem-ber of the first lacrosse team and Phi Sigma Tau Fraternity which is now Lambda Chi Alpha.

Following his graduation Mr. Boston taught and in 1938 became County Supervisor of Dorchester County, In 1952 he joined the State Department of Education and is now in charge of teacher education in Maryland colleges. Mr. Boston spoke on colloges and their graduates as compared to non-college students.

The tapping of the newly selected members of ODK followed Les Bell, president of Kappa Alpha, captain of the tennis team member of the Varsity Club, and Sports Editor of the Pegasus; and Aldo Gallo, member of Alpha Psi Omega honorary dramatic frat-ernity, president of the Washington Players, President of the Mount Vernou Literary Society, and member of Kappa Alpha were the first two men tapped.

The other student to be tapped was Ralph Laws, president of the Student Government Association, vice-president of Theta Chi, picture editor of the Pegasus, and holder of a letter in soccer. The speaker, Mr. Boston, was also tapped, and initiation was held after the completion of the

CAMPUS OUEENS

Crown Queen AT K. A. Dance

Barbara Anderson was crowned Kappa Alpha Sweetheart last uight by Les Bell, president of the fraternity, at their annual Sweetheart Dance at the Rock Hall Fire Hall. The affair lasted from 8 P. M. to 12 midnight.

Music was furnished by Paul Erdesight, Pead which have always

Fredericks' Band which has played at other Washington College at other Washington College functions. Following the crowning members of Kappa Alpha Joined in singing the "Sweetherat Song" to their Queen. Last year's K. A. Sweetheart was Joan Vanik.

Turkey Shoot

Lambda Chi Alpha fraternity is planning a turkey shoot prior to the Thanksgiving Vacation. The affair is open to everyone and prizes will be awarded in each of ing intermission. include shotgun and rifle events, with some events that require no particular shooting skill. The time and date of the shoot will be announced later.

ODK INITIATES

THREE NEW members of Omicron Delta Kappa who were tapped at the assembly on October 27. Shown, left to right are Ralph Laws, J. Aldo Gallo, and Les Bell.

Set Date For Jazz

Monday, November 21 is the definite date set aside for the jazz concert. Bobby Conway and his Dixie Six will be assembled in William Smith Hall auditorium from 8 to 10 o'clock for two solid hours of jazz. The Student hours of jazz. The Student Government, who is sponsoring this assembly, would like everyone to come and enjoy our '55 Jazz Con-

Society Seeks Student Essays

In an attempt to revive publicution of the traditional literary magazine, the SAUSAGE, the Mt. Vernon Literary Society is asking students to submit their original poetry, short stories, and

essays.
According to present plans, the SAUSAGE will be out by Thanks-giving and will be distributed free to all students.

Material should be given to Aldo Gallo, Hezzy Howard, or

Students Select Dryden Queen

At the annual Homecoming Dance, held at the Rock Hall Fire Hall, on October 22, Emily Dryden was crowned Queen by Varsity Club president, Ronnie

Representing the Junior Class was Sarah Sachse, Sophomore Class, Carole Christensen, and Freshman Class, Lee Burris. The Thursday preceding the dance a primary election was held with students entering names of a representative from their respective class and the sophomores, juniors, and seniors the name of a Queen. Friday, the elections were held and the results were an-nounced that night. The Queen and her court were present dur-

CAMPUS BOOKIE

Unofficial odds this week were 7 to 1 that the 1955 PEGASUS wouldn't be out in November.

Dean Lists Dance Rules

Dean Doyle published a list of the regulations governing all school dances, this week. He reminds students that failure to comply with any of these regulations may cause a dance to be cancelled by the administration at the last the last minute. The rules follow:
1. A clearance form for all

dances must be submitted to the Assistant Dean of Women, Miss Paget, not less than one week before the scheduled date for the event, with all necessary signatures affixed.

2. The date of the affair must be fixed in advance on the Activities Calendar in the Dean's Office on a date not previously claimed by any other organization.

3. An organization applying for a date on the Activities Calendar will not be assigned that date until its officers have circulated the clearance form and submitted copies of it to the Assistant Dean of Women. The Assistant Dean of Women will then uotify the Dean's Office that she is ready to authorize the placing of the dance on the Activities Calendar.
4. Chaperone cards must be sub-

mitted to the Assistant Dean of Women not less than one week before the scheduled dance.

be obtained from the Assistant Dean of Women before the event is placed on the schedule.

GOP's Plan '56 Platform

Cutting the first plank of the campaign platform to be used in next year's mock political convention and election, the Young Republican Club on Wednesday voted to take a "strong stand" against segregation, and appointed a committee to write up the policy by next meeting.

Comprising the committee are George Hanst, Ralph Laws, Jim Wright, and Tony Stalone.

The vote came after preliminary The vote came after preliminary opinion reports by Paul Proom and Dina Henry, and general discussion presided over by John Richey.

Campaign policy for next meeting will concern private and public power developments.

Forensic Group Holds Mock U.N. Meeting

A mock Security Council meeting discussing the admittance of Red China marked the Forensic Society's observance of the 10th anniversary of the United Nations, in a public program held Tuesday night in Bill Smith Hall.

"Delegates" from the various countries expounded the authentic views of the actual delegates in the Security Council. The Embassies and Permanent Delegations of the nations concerned were consulted

to supplement the group's research information.

Following the hour's discussion the delegates voted 8-2 against admitting Communist China.

Senior Class Sponsors Sadie Hawkins Dance

It's Sadie Hawkins Day again on Campus and everyone is going to Cain Gym tonight to the Sadie Hawkins Dance, "Sam the Marryin' Man" will he on hand to "hitch" the best-costumed campus couple. Sam, or the local justice of the peace, will be portrayed by Mr. Meigs.

Tickets for the dance are only 25c each and the dance is from 8 to 12. The Sadie Hawkins Dance is annually sponsored by the Senior Class and the proceeds will

Players Present Male Animal'

Two hours of mad hilarity of humor will be presented when the Washington Players open their thirty-seventh season with "The Male Animal" in the Wm. Smith Auditorium next Friday and Saturday, November 11 and 12.

The Fall production is a farcical satire, full of humor, sparkling dialogue, and brisk action. The authors, James Thurber and Elliott Nugent, treat an ordinary up-roar in a professor's domestic life in the anti-heroic style that has made Mr. Thurber's solemn draw-ings in the NEW YORKER magazine and Mr. Nugent's crackbrain literary style so popular with the American public. The people of the comedy were freely observed and knowingly written by 5. Permission to conduct any the co-authors who were fraternity brothers and co-editors of the college paper at Ohio State University.

Anna Lucy Allspach, a veteran of two plays last season, plays the feminine lead in "The Male Animal". As the story progresses she is tossed about more than the football in the big homecoming game between Michigan and Midwestern U., the school where Prof. Turner teaches English. Tommy Turner (J. Aldo Gallo) hands his Turner (J. Aldo Gallo) hands his wife off to her college-days' suitor, Joe Ferguson (Dan Haupt), who passes her right back to her hus-band who proceeds to bobble and fumble the situation for awhile. At the end of the play it is Ellen who has to act as referee to rnle whether Tommy had recovered her or had lost her to the opposition . former All-American football hero Ferguson.
"The Male Animal" opened on

Mr. Jack Henry moderated the debating, which was presented from a long conference table com-plete with desk plaques denoting the various delegations.

the various delegations.

Listed in the program as participating were Pierre Curie Wright (Jim Wrigh) for Belgium; Senor Lino Padron for Brazil; Mehdi Djahabani Sullivan (Bob Sullivan) for Iran; Dr. Sun-Yao Shannon (Angus Shannon) for Nationalist China; Senor Juan y Vaughn (John Vaughn) for Pern; Petrov Montgomerovich (Tawny Montgomery) for Peland; Mao Tse Chou (Sid Friedman) as the representative from Red China; representative from Red China; Igor Beckerovitch (Jack Becker) for the U.S.S.R.; Omar Messeraall III (John Messerall) for Turkey; Sir George Dengler, K.C.B., for the United Kingdom; Henry Gabot Lederer (Bert Lederer) for the U. S. The seat for France was vacant, since that country has walked out of the Security Council.

Lino Padron gave his speech in Spanish, and Norris Haselton translated it for the record. Jerry Yudizky was recording secretary.

Below are main points of several of the speeches:

Nationalist China-Red China isn't worthy of admittance, for she kills her own people and infects the world with drugs.

United Kingdom-We have long recognized Red China, because the communists are abviously carrying on the work of government. However, we won't admit her until the world situation changes, and Red China is responsible for that situation today.

Poland—We as socialists plead for seating the socialists of Red China. Hundreds of millions of the world's people are being denied

Brazil-Red China's neutrality is a fallacy.

U.S.S.R .- It's Red China's right to sit. Many countries have re-cognized her; others have no reason not to. The U. S. becomes the real aggressor by fortifying Japan and Formosa.

Tnrkey-We have always stood for freedom, justice, and peace. The U. N. stands for peace, Red China doesn't.

U.S.—Red China's political and economic philosophies are contrary to the aims of the U. N.

Red China-We perform all the duties of a "de facto" government: we control, the people acquiesce, and we are willing to conduct diplomatic relations and obliga-tions. Our form of government is irrelevant to the issue; recognition does not mean approval.

CORRECTION

In the last issue, the ELM was "The Male Animal" opened on Broadway in January, 1940, with an impressive cast. In the role of Tommy Turner was co-author Nugent. Ruth Matteson was his wife and Gene Tierney portrayed (Continued Page 4) Andrews is the commissioner.

Helpful Boosts

Campus activities received separate boosts this week from the Forensic Society and from the candidates for fres-man class officers. The society's mock Security Council meeting and the candidates' intensive campaigning added

color and vitality to each group's functions.

By presenting views on a controversial issue, admittance of Red China to the Security Council, by staging the presentation in the form of an actual Security Council meeting even including a foreign-language speech), and by injecting enough humor in the delegates' action to keep the program lively, the Forensic Society demonstrated the successful way to interest students in worldwide problems.

successful way to interest students in worldwide problems. The freshman class candidates have done more to promote interest in elections than anyone has done for any election, whether class or Student Council, in the past four years. We were especially gratified to see campaign posters splattered all over the school, since the ELM commented unfavorably on the lack of campaigning in last spring's Student Council election. These posters, clever both in idea and art work, let everybody know who was running for what office, even if they didn't say why. Campaign speeches took care of that matter. These campaign tactics used by the freshmen, if applied to the whole student body, are bound to stir up a much-needed interest in campus elections.

elections.

The Forensic Society and the freshman candidates should be commended for the splendid accomplishments in their own fields. We hope these two groups have set the standard for enlivening all campus activities.

Letter To The Editor

Dear Sir

I write this to bring to the attention of the student body a change in academic policy which I think is most unfair. Some ef the members of this year's senior class will be nnable to receive their diplomas on Graduation Day, even though they may have completed the necessary requirements for graduation!
The catalogue states

be admitted to the Bachelor's degree, the candidate must have completed one hundred and twenty semester hours of academic work and have earned ene hun-dred and twenty quality points, or a minimum cumulative average of 1.00". Several seniors are not being allowed to apply for graduation or to receive their diplomas with their class because they do not have a cumulative index of 1.00 new! They will ebliged to wait to receive their degrees until 1957, even though, in all probability, they will have completed their graduation requirements by Jnne of 1956!

The catalogue does net state that the "minimum cumulative average of 1.00" must be acquired by the first semester of one's senier year. Yet, these students were told it must and were informed of this requirement last June, after graduation when their last chance to raise their grades for graduation with the Class of '56 had passed by!

I personally know of three sen-ors of the Class of '55 who had cumulative indices of belew 1.00 during the second semester their senier year and yet graduated with their class in Juce be-cause they had completed their requirements as stated in the catalogue at the end of the second

Why the audden change in policy? Where did this new ruling come from? It is not stated that to summer the requirement of one hundred And apple trees and suckling twenty hours must be completed (Continued Page 4) And then . . . I hated butchers!

Yummy Yums

I sat in an orchard, An apple orchard, A cool and peaceful Restful orchard.

One day I saw approaching A fat and waddling sow And many tiny waddling pigs Which I recall right now.

Every day I went and sat. And everyday the pigs came back All summer long I played with them

And called my favorite Yummy Yums.

We rolled in the grasses And buttercup; I fed them red apples Which they gobbled up.

At last I returned to the dismal city, And left my piglet friends With regret and pity.

I thought of summer fun And remembered most of all My favorite, Yummy Yum.

Alas-Alack-Aday My faith in all mankind Is shattered, gene astray.

Today, while walking down the

I saw, hnng by their curly tails Six small and tender fat young

Not warm pigs, but cold pigs! And ef those pigs— The smallest one Resembled my ewn Yummy

And apple trees and auckling

Spotlight On A Senior

This week the spetlight shines on Roger Smoot, president of the Senior Class, from Glen Burnie A busy man on campus since his arrival at W. C. as a vet, Roger has been an outstanding player on the soccer team for four years. This year he is ce-captain, and he has placed on the All-Masen-Dixthe All-South, and the All-Middle Atlantic teams each sea-sen. Also fer four years he has been a hard-hitting cutfielder on the basehall team, and in his junior year he was initiated into the Varsity Club because of athletic prewess.

Vice-president of his class last year and president this year Roger has also served the campus as a Student Council representative. (His jeh on the Coun-cil as chairman of the Cemplaints and Grievances Committee earned him the nickname of "The Grump"). A Theta Chi since his freshman year, Roger is now president of the fraternity. Because of his outstanding leader-ship and his high schelastic standing, he was tapped into ODK last spring.

Roger is one of the several seniors who wears a wedding band. His wife is Pelly Taylor Smoot, a '55 graduate.

In the academic field, Roger is majoring in chemistry, with math and physics as related subjects. After graduatien he plans to work in chemistry or physics, perhaps in the field of guided

THE RUT

By now, many of the freshmen and most of the upperclassmen have recovered from the initial shock of those first few weeks on "The Hill". Those parties dur-ing Freshman Week, these heurs of spare time, and those long walks to town have become little more than written words in letters, lying in some remete cerner of Mether's desk at bome. We have become conditioned to the college routine! we have reached the so-much-to-de-and-so little-time-to-de-it stage.

Some philiosopher once said ... students fall inte four categeries; the inquiring freshman, the know-it-all-sophomore, the doubting junior, and the stupid senier". From where we sit it's hard to tell the difference, but, at least, most of us have emerged

Opening The Door Of Ringgold House

eighteenth - century mansion located on Water Street in Cheslocated on Water Street in Ches-tertown. The house is named for Thomas Ringgeld, a wealthy merchant prince who developed the property to its greatest extent and with his sons and grandsens held it from 1767-1808. U. Senator James A. Pearce and his Judge A. Jesrce, Jr. owned and lived in the house from 1854-1899, Matilda Ringgold was the 1899. Matilda Kinggoto ,.... second wife of Judge Pearce, so the house is often called the Pearce House or the Pearce-Ring-

Sectional Construction

The mansion is built in three sections. The rear section was erected as a house in itself beerected as a house in user tween 1735 and 1740 by Nathaniel Palmer, This wing is the plainest in construction. The front wing, alse a separate house, was built about 1735 by Natheniel Hynson, Jr. Dr. William Mur-ray purchased both properties and seld them in 1767 to Thomas Ringgold,

Ringgeld built the central wing to connect the two former struc-tures, and this middle section includes principally the grand stair-case, the dining room and the great hall. The merchant prince of colonial days also placed the pancling in the front rooms and halfs, added the water-front lots. and enclosed the garden in the walls which surround it today. Until then the boxwoods and flewers had extended down to the river. The stables were across the way on Cannon Street.

It is believed that the original

property included the whole bleck around the house. Somewhere within this area was the family graveyard, which has since been meyed.

The brick work of each section of the mansion is different. The walls of the middle part are of peader bond type, a construction in which the end sections of the brick are visible, while the frent and rear wings are English and Flemish in design. The exterior walls are twenty inches thick. Black walnut heams support the roef in the rear section.

Antique Furnishings

The Ringgeld House, which was presented to Woshington College in 1944 to be used as a president's house, is a famous eighteenth - century mansion located on Water Street in Chespaned windows is eld and wrink

The paneling throughout the house is original (1770) and suppesed to have been imported (Continued Page 4)

Introducing The Faculty

Mr. Donald M. Chatellier, teaching phys-ed and coaching track and cross country at W. C. this year, is from Arlington, New year, is from Arlington, New Jersey. He received his B.S. de-gree at Springfield College in Massachusetts in 1952 and earn-ad his M. Ed. ii. ed his M. Ed. there in 1953.

Teaching at W. C. this year is Mr. Chatellier's first experience as a professor. During part of the two years he spent in the Army, he was assigned to Special Services at Fort Monmeuth, N. J.

Among the new coach's many Among the new county many hobbies are sailing, fishing, golf, bowling, and reading, and he has enjoyed traveling on the East Coast from Maine to Flerida.

Mr. Chatellier likes Washington College because it is a small college like Springfield, and he feels very much at home here. He and as human heings by now, though as a human heings by now, though a casual visitor to W. C. during the first few weeks might have disagreed. There are a few, though, who haven't yet fallen into that prosaic rut, known as (Continued Page 4) learn. Joseph McLain

Dr. Joseph Howard McLain, who returns to the faculty this year as chairman of the chemistry year as chairman of the chemistry department, graduated from Washington College in 1937. While here as an undergraduate, he was a member of ODK and Theta Chi Fraternity. After two years of study at Johns Hopkins, he worked with the Chesapeske Biological Laberatories on water pollution and then returned to Hopkins, where he completed work for his Ph. D. in chemistry in 1946. In September of that year, he became a professor at Wash-1946. In September of that year, he became a professor at Washington College and secretary and technical director of the Kent Manufacturing Company until it was blown off the map two summers ago! In June 1954 he joined Olin Mathicson as a research liaison maneger and assistant to the vice-president. He is still a technical adviser in that firm. Dr. McLain has served as chairman of McLain has served as chairman of the Water Pollution Control Commission of Maryland, belongs to the Army Ordnance Association, Armed Forces Chemical Associatien, and the American Chemical Society. While at Hopkins he was a member of Sigma Xi, Phi Lambda, and Phi Beta Kappa.

Booters Try Hopkins Today; Beat Delaware 4-2

Sho'men Bow To Catholic U. In First Defeat

The Sho' soccer eleven suffered its first defeat October 25 in a 2-0 shutout by Catholic University in Washington. It was also the Sho'men's first Mason Dixon Conference loss.

Washington College's defense prevented any scoring until 15 minutes of the second quarter had ticked away. Inside right Andy Xeppus scored on a corner kick by outside right Luis Fernandez.

Catholic U.'s second goal was made by center halfbuck Alex Sokoloff with eight miiutes re-maining in the third period.

The Sho'men's goalkeeper Joe Szymanski made 16 saves. Jose Duran stopped 15 for Catholic

Washington ____ 0 0 0 0-0 minutes-plus.

Lovola Harriers Take X-Country Meet, 23 To 37

In a drizzling rain last Sat-urday afternoon the Washington Harriers were defeated by Loyola

Sho' runner Buddy Moore and Ken Billeb of Loyola fought a see-saw battle from the starting gun to the finish line, with Billeb the winner by five yards. Billeh's time was an impressive 13:32 over a wet course. Moore finished at 13:34, the fastest he has run the home course this season. Record for the course is 13.20, set last week by Bankert and Douse of West Chester, who tied for first place.

Joe Thompson of Washington College trailed Moore in third place and finished in 13:57. Other runners in order of finish were U. Catholic U. ___ 0 1 1 0—2 Freese, 14:11; Spriggs, 14:25; and Hennman, Mainsfield and Usowsik, all of Loyola, at 15

- Random Sports Harvest -

By Al Albertson

There was no scoring in the fourth period of the Catholic U. game, but the Catholic fans were tense right up to the final whistle. Even with the score 2 to 0 in their favor, they held their breath and sweated every time the ball went into Catholic territory. The favorite exclamation from the stands was, "Watch 35!" (Smoot's number.)

Rehashing the game doesn't change the score. My point is to assure the Washington College student body that the Sho'men played a fine game from beginning to end. They didn't have a "bad day," nor were they sluggish. The simple truth is that they were engaging one of the toughest teams on the East Coast. However, there are other factors which deserve mention.

deserve mention.

on the East Coast. However, there are other factors which deserve mention.

Every man on the Catholic U. team is an expert at putting the ball exactly where it should be at the precise moment that it should be there. Watching them on the field, one would think that all they do is play soccer. They seldom miskick, and a man is always where the ball comes to the ground. Their scoring potential is perhaps rooted in every man's ability to handle the ball rather than in the abilities of a few key men.

The Sho' team's basic offensive tactic is passing the ball from the inside of the field to the outside and back again as soon as a ball carrier becomes "covered" by a man on the opposing team. This criss-cross maneuver is repeated until the ball is in the desired place for a shot at the goal. Catholic U. plays a different game. They pass the ball down the center of the field and use the outside linemen only when necessary. This does not mean that the Catholic U. offense is inherently better than the Sho'men's criss-cross system, any

herently better than the Sho'men's criss-cross system, anymore than one formation is better than another in football. Winning or losing is still dependent on the team's proficiency

winning or tosing is still dependent on the team's profidency with the methods it uses.

Although they lost, I thought the Sho'men played their best game of the season. One cold, rainy day last year Catholic U. dropped the ball into our goal three times in the first period. With only one or two new men on their team this year, they were held to two goals in two different periods. My impression was that Catholic U. has the better soccer club, but only a shade better than the Sho'men.

Funnybones

Most collegiate sports were not governed by rules when Most collegiate sports were not governed by rules when they first appeared on campuses, and in many instances they fought a losing battle with college administrations and the public. Without a doubt, football had the most trouble gaining respectability and acceptance. A crude form of inter-class football was first in evidence at Yale and Harvard around 1850. Finally, after so many contests between Freshmen and Sophomores ended in bloody riots, the citizens of New Haven joined with Yale authorities and banned the sport from the campus in 1860. Harvard followed Yale's example in the same year. But the disgruntled Harvard students protested by holding a solemn and elaborate funeral students protested by holding a solemn and elaborate funeral for "Football Fightum." As the ball was lowered into the "grave," the eulogy was followed by a fitting epitaph:

"Beneath this sod we lay you down This sign of glorious fight; With dismal groans and yells we'll drown Your mournful burial rite!" Resurgat (It may arise)

Rising Star In Sports

Luther Vaught

By Dixie Walker

Luther Vaught, speedy left-wing of the Washington Sho'men, gains' the recognition of the Elm this week as the "most improv-ed player" of 1955. Vaught, a sophomore, should be a lead-pipe cinch to capture all-star honors in the Mason-Dixon and Middle Atlantic Conference play this year. That, at least, is the opinion of Coach Ed Athey and num erous referees and opposing coaches.

Couch Athey remarks, "The referees and coaches have consistently mentioned Luther's name as a candidate for all-star selections. He certainly deserves a spot on one of the numerous aggregations. His play this year has been greatly improved. His footwork is very good and he is handling and shooting the ball much hetter. I believe he can owe all this to more confidence."

Vaught has accounted for exactly one-third of Washington College's fifteen goals and has assisted on several more. In theseason opener at Lynchburg, Virginia, Lou scored twice, his secgoal coming on a difficult head shot. His third goal of the senson, scored in the late minutes of the first uarter, enabled the Sho'men to tie a tough Franklin and Marshall eleven at Lancaster. Last Friday, against the University of Delaware, Luther was a one-man gang. Within thirty seconds after the opening whistle he broke through for a goal. By the time the final gun sounded, he had maneuvered around the Delaware backfield to score another goal himself and assist left-inside Rex Lenderman for two more.

Luther didn't come upon his improved soccer play over-night. A well-coordinated and devoted athlete, he played in the half-back slot for four years at Perryville High School. Last Coach Athey converted him into an outside man and he was good enough to gain an honorable mention on the 1954 All-Southern soccer squad. In fact, it was Vaught who set up the winning Vangnt who set up the winning goal in the game with Haverford which gave Washington College the Middle Atlantic Conference championship last season.

With two years left to play, Luther will no doubt continue to thrill Sho'men soccer fans with his all-out hustle and determina-tion for the Atheymen in their quest for future Mason-Dixon and Middle Atlantic Conference

 Delaware — Bohdam, Sacharuk.

Outside lineman Luther Vaught (in white Jersey nearest ball) moves toward the goal to make his second tally in the fourth period of the Delaware game.

INTRAMURALS

Foxwell Leads At Halfway

Foxwell maintains its lead in the intramural football loop as the first round of games is completed. The top team has won four games and tied one.

The Blue Birds are still holding second place with three wins, a loss and a tie. Theta Chi is now third from the top with two wins

A recap of the games played since October 19 will show what has happened in the league.

Theta Chi and Phi Sigma Kappa met on October 20 and the OX men won 49-0.

Lambda Chi showed new strength in their 6-0 loss to Foxwell. In the previous game Lambda lost to the Blue Birds,

October 26.

Foxwell and the Blue Birds locked horns in an interesting game October 27. The result was a 7-7 tie.
The Foxwell aggregation added

its fourth win by defeating Phi Sigma Kappa 13-0 on October 31. Theta Chi and Kappa Alpha

played a game on November 1 that was rained out October 24. Theta Chi won, 23-13.

from England, except for that the right-hand drawing room. The heautifully moulded wood of this room was sold and remov-ed to the Baltimore Museum of Art some years ago, but a reproproduction of the paneling was made and installed. The carving over the mantle here depicts the "Ark" and the "Dove", Lord Baltimore's ships for the transportof Maryland's first settlers.

ing of Maryland's first settlers.

The deep shell cupboard in
the left-hand drawing room is
an exceptional feature of Ringgold House as is the highly unusual staircase of the double-wing, or "antler" type in the great Much of the furniture was made for Ringgold House and presented by Mr. E. K. Wilson of Baltimore. Some of the out-standing include the Pembroke table in the right-hand drawing room, the coffee and tilt-top room, the coffee and tilt-top tables in the left-hand drawing room, the Chippendale mirrors, the banquet table in the dining room, and other small tables.

There are thirteen rooms in the house, two of which are the big halls. In addition to these finished rooms, there are extenmished rooms, there are extensive attics and deep cellars.
Three rooms make up the attic in the rear section. One is a strange dungeon-like room with ont windows, perhaps used as a secret hiding place.

Mysterious
Of the numerous stairways,
some are mysterious. A small
secret staircase behind the dining room chimney (in the breakfast room) was demolished and covered when the house was repaired in 1916-17. Evidence of it remains in the corner and ceiling of the breakfast room. Another strange staircase is in a tiny attic room. It is a ladder type stair which just leads up to the ceiling under the roof and

stops at the solid wall! There is a Revolutionary legend about the house. The story goes that bones of a body were once found in a closed off attic room of the rear section. It seems no one realized the room was there until a hole was cut through an adjoining wall, vealing the room and the skeleton. Bits of clothing on the bones indicated that the body that of a British Redcoat!

This is Ringgold House - famons, distinguished, and ageless, the proud home of the Gibsons, and a part of the tradition of Washington College.

THE RUT

(Continued from Page 2)

the (Ho-hum!) semester grind. First and foremost are the tree lovers. It is the trees themselves and the beauty of nature that these individuals love? Any fair day will find a number of them perched "neath the shade" of an old elm . . . studying? Then there are the professors would like to restore to W. C. the old Greek system of schooling by invading the prerogative of the tree lovers with classes on the green. If said professors and their attentive students are lucky, they may be briefly, but interrupted in the midst of a most stimulating lecture by the most stimulating lecture by the presence of a football, propelled there by some overly ambitious young lady—lady, mind you—who has decided she will throw a few passes with the boys, Oftimes her agility makes her male cohorts look pale and weak by contrast. At supportine, however, she reappears as a charming, sweet young thing, intent on charming her afternoon buddles with her femininity.

Amazing, isn't it? Then, too, there's the most illustrious brigade of janitors and campus cleanups. These boys are working their way through col-lege majoring in Maintenance 401. The most obvious and indeed the saddest is the paper picker-upper. We understand he is to be awarded a gold-plated pick-up stick on Commencement Day and will graduate with the degree of Man Around Campus, cum laude. Haven't you seen these scholar-ship slaves? Well, look a little closer next time you are in the vicinity of the dormitories or the Sacred L. They're there, every afternoon, pushing brooms and picking up paper, bless their hearts.

We can't neglect the Hodson Hall Lounge. The big city may have bar flies, but W. C. has a brand not to be excelled anywhere in the world. The Snack Bar Fly is a specie with which we are all familiar, and guilty of being, on occasion. Almost in the same category is the music lover who would make that oversized portable phonograph in lounge a high-priced hi-fi.

What does the well-adjusted W. C. student say about all these people who've persisted in their idiosyncrasies in spite of seven weeks of campus indoctrination? He says, "Oh, well, it takes all kinds!"

There are other eccentrics who relieve the monotony of our com-monplace existence, but we'll leave those unmentioned but to our memories. Come the end of the semester, we'll climb out of the rut for a few weeks, then hibernate again. Dull, isn't it?

Letter To Editor

(Continued from Page 2)

at the beginning of the senior year. Why is it more reasonable to suppose that a student will complete his requirements semester hours than it is to suppose that he will acquire the specified number of quality points?

Does this mean that since a student must have a 1.00 index at the end of his junior year in order to graduate the next year, than a sophomore must finish his second year with a .800 index and a freshman must have a cum-ulative of .600? Has the old system of .400, .600, .800, 1.00 for freshman, sophomore, junior, and senior years, respectively been

Wouldn't it be better to order a few diplomas that might not be awarded, than to deprive many other students of their degrees when they have satisfactorgrees when they have satisfactorily completed their college work?
Are we to create "five-year" men who have actually finished college in four years? Are we to have seniors "in absentia"? ??

This new ruling seems grossly unfair to me, especially since those affected by it cannot possibly remedy their position now I feel that the student body agrees with me, and I hope some compromise can be reached.

Shoot Is Tomorrow

A Turkey-Deer Shoot will be held by Lambda Chi Alpha fraterithis Sunday, November 20. There are events scheduled for rifles, shotguns and archery, with turkeys and cash prizes to be awarded the respective winners. The events are designed to test both the luck and the skill of the participants.

The shoot will be held in Price's Gravel Pit on Flatland Road near Chestertown and is slated to start at 1:30 Sunday afternoon. those college students not having firearms, there will be rifles and shotguns available at the affair. In addition to this the Athletic Department has consented to lend the school's hows and arrows to students participating in the shoot. Ammunition will be furnished for the event.

Highlighting the afternoon will be the deer-shooting event, in which a deer target is pulled across an area for the entrant to shoot at. To get to the shoot, follow the signs on High Street going west.

SSO Admits Seven

The new members of Sigma The new memoers of Sigma Omicron and their indices: are: Barbara Long, 2.758; Paul-Proom, 2.735; Charles King, 2.515; Doris Hall, 2.393; Jessie Miller, 2.287; John Meseroll, 2.268; and Warren Wassen, 2.200.

Memhers of this society at Washington College are granted unlimited cuts and exemption from final seams during their senior year. Activities of the group have included tutoring students at exam time. Jack Hunter, President of Sigma Sigma Omicron, was in charge of the assembly and pre-sented the certificates of membership to the new members.

Democrats Hear Two Senators

On Tnesday night, November 15, two of the delegates to the Maryland General Assembly were pre-sent at the meeting of the Young Democrats. The Honorable The-mas Hatem and the Honorable Charles Moore, both from Harford County, spoke to those present on their own observations as mem-bers of the state legislature.

It was announced at the meeting that Senator Millard E. Tydings, a democrat from Maryland, will Washington College on January 12 at the regular weekly

Turkey-Deer | Eight Seniors Chosen For 'Who's Who' Jazz Sextet

WHO'S WHO in American Colleges and Universities selected these Washington College Students to join the ranks of America's campus leaders. GOP's Form First Plank

The Young Republicen Club, adopting its first plank of the mock election campaign, has called for abolition of racial segregation

for abolition of racial segregation in fields supported by public funds. Other action at the regular Wedaesday meeting included a discussion of public and private development of natural resources, with Ralph Laws, Ronnie Dratch, Warner Andrews, and Tony Staloni heing appointed to formulate a plank on the subject. Internal security issues will be

Internal security issues will be discussed at the next meeting.

The club's segregation plank

"The Republican Party, firmly believing in the Constitution as the supreme law of the land, and acknowledging that the Supreme Court, by ruling against ation in schools, has in effect de-nounced all racial segregation as contrary to that supreme law, pledges to support this implied decision.

"We of the Republican Party realize that racial segregation prevents certain minority groups from making their fullest contribution ta society, and that segregation provides propaganda which is detrimental to our relations with other countries; therefore, to benefit the United States both here and abroad, we advocate that segregation he abolished as soom as possible in all institutions, functions, and activities supported by public

Foster Makes Statements On New Academic Policy

veek from E. N. Foster, Registrar, reported that the monthly grade period will be replaced in February by a mid-semester appraisal of grades, and that the academic policy requiring a 1.00 index a year before graduation would be

The latter statement appears as a letter to the Editor on page 2. The announcement of the revised grading period follows:

"Beginning with the second semester of this academic year the traditional monthly grade period for reporting unsatisfactory grades will be replaced by a single mid semester grade report to parents and students on all courses pur-sned. One of the major reasons for this change is to lengthen the

Separate announcements this determine whether he can do the work of the course, hence reduce the number of unnecessary early withdrawals. We believe that both parents and students are interested in knowing the satisfactory marks as well as the unsatisfactory ones.

"Grades at mid semester will not be recorded on the student's perbe recorded on the student's per-manent record and will be con-sidered as tentative. The mid-semester grades will be issued a-round Thanksgiving of the first semester and Easter of the second."

Stunt Night

The annual Stunt Night, sponsored by the Senior Class, will be held Tuesday, December 13, at 8 p. m. Mr. Jack Henry will serve ties for four years and is a member of the Canterbury Club.

George Henry Hanst is an English major from Oakland, Md., and his minor is history. He has been on the ELM staff for three

Play Reviewed

(Continued from Page 2) more comic aspects of a football week-end.

Therefore this play which is serious attempt to be comic and a comic attempt to be serious is one in which the pace and tempo are very fast and the dialogue de-mands the most careful timing and the most skilled delivery.

Actors Commended

Actors Commended
The major characters are the idealistic and highly intellectual Tommy Turner, a professor of English, beautifully played by J. Aldo Gallo who is one of Washington College's most accomplished players; and the varied people whom the authors use to make their point. These are Joe Fergon, the former football star, except the former football star, exwhom the authors use to make their point. These are Joe Ferguson, the former football star, extremely well acted by Dan Haupt, and Ed Keller, a member of, a board of trustees to end all such trustees, incisively portrayed by Howard Morrison, and the campus student radical, a species known only in the 1930's and early 1940's, played with brilliance by Tom Elder. In a different vein, the events of the football weekend have varied effects upon Turer's wife, Ellen, somewhat tenseend have varied effects upon Turner's wife, Ellen, somewhat tensely played by Anna Lucy Allspach,
and Dean Damon skillfully underplayed by Tom Jones. The other
characters such as Pat Stanley,
Ellen Turner's sister, played by
Helen Hull who is faced with a
choice between a football type and
Bannes the campus radical and choice between a football type and Barnes, the campus radical, and the wives of Dean Damon and Trustee Keller, played by Lee Harrison and Phyllis Papperman, as well as the Turner maid acted by Emily Dryden, all contribute skillfully and carnestly to the de-velopment of the play.

Any serio-comic piece such as this must depend upon a very sim-ple occurrence to begin the chain of events which the play deline-ates. Professor Turner is on the verge of reading to one of his classes as literature, even though the writing of an uneducated man, the writing of an uneducated man, the last statement of Vanzetti of Sacco and Vanzetti fame. The whole situation is blown sky-high by n typically violent editorial in the student newspaper, thoroughly familiar to anyone who attended college before World War II. Because of this editorial a chain reaction begins and creates friction between the characters of the play, the reactionary trustee. play, the reactionary trustee, Dean Damon, the former football star, and Professor Turner and his wife, and Turner and his pro-tege, Michael Barnes.

tege, Michael Barnes.

Drunk Scene Tops

The play itself is divided into the traditional three acts. The high points to this reviewer were the drunk scene, between Turner and Barnes, in Act II, Scene 2, in which Gallo and Elder acquitted themselves nobly, and the apex of the play in Act III in which the supposedly disturbing piece of literature is read to all concerned to erature is read to all concerned the consternation of those w have opposed Turner's purpose. Inevitably the Statue of Liberty play receives the greatest overt appreciation from the audience. It was, as usual, a huge success in this production.

All of the acts are fully equip-ped with rapid-fire verbal barbs which to this reviewer were some-what poorly paced in the first act, but which improved immensely as what poorly paced in the first act, but which improved immensely as the play progressed. The Washington Players are to be congratulated upon their generally deft handling of a play which makes terrific demands upon those who attempt it. Certainly, the set and the lighting were among the very best which this reviewer has ever seen upon a Washington College stage. Henry Riecks is to be congratulated for his able direction. The Washington Players have done a very creditable job with an exceptionably difficult play.

The audience seemed to express the feelings of this reviewer in that "The Male Animal" was an evening well spent, and one for which we all owe The Washington Players a vote of thanks. We should all make known our desire

to fully support their ambitious schedule for the future. This presentation was a job well done, a play with something to say, an effort which justifies highest hopes for future offerings.

Raised Marks

Random Sports Harvest

(Continued from Page 3)

coaching or lack of effort on the part of the runners. Unless a man is a natural cross-country runner, he won't become one overnight. It takes time and a lot of running to get the body in condition for such a demanding sport. As has been pointed out earlier, most of this year's cross-country squad larked prayious experience. It must take locations to the second to lacked previous experience. It may take longer before we have a better season, but I predict the record books will tell a different story at the end of the 1956 season. We have a good team and they are willing to do their best, as they proved this year.

Royal Flush

Royal Flush

The late great Jim Thorpe had one weakness, and that was for liquor; he couldn't stay away from booze. When he was under the influence he showed none of the stolid characteristics of his forefathers; he was nonchalant and talked to anyone who would listen. After he made his mark in footbail at the Carlisle Indian School, he won both the pentathlon and the decathlon in the Olympic games of 1912. While awarding the medals to him, the King of Sweden was so impressed that he proclaimed Thorpe "the most wonderful athlete in the world." The hero of the day had visited a bar just before the ceremony, and when he received the medals and the king's praise, he casually replied, "Thanks King."

Letters To Editor

(Confir and from Page 2) ably, that if the decision had been published farther in advance it might have served as an in-centive for certain individuals who may have believed that fur ther exceptions to the rule might be made for them, as they have

been made in the past.

Recognizing the element of justice in this view, the Committee has decided that members of the present senior class should he allowed an additional semes-ter to provide assurance that they may be listed as candidates with some certainty that they will in fact graduate. It has therewill in fact graduate. It has therefore directed the Registrar to draw up his list of candidates this year at the beginning of the second semester, and to include on it all seniors whose cumulative averages are 1.00 or better at the end of the first semester.

The problem is still under study; but the Committee's policy at this time remains that in the future no one may become a candidate for graduation who does not have an average of 1.00 at the beginning of his senior year. Grades achieved in the pre ceding summer/will count in the computation of this average.

Seniors who do not have the average of 1.00 at the start of the second semester will not participate in the graduation ceremony with their class. If any of these seniors do achieve a 1.00 average at the close of the year they will be given letters indicating that they have successfully completed the requirements for grad nation and will be listed and ranked in the Registrar's records as graduates with their class. Trunscripts of their completed records will be available to them for submission to employers and others just as if they had gone through the graduation ceremonies. Diplomas will be ordered for them at once and either forwarded to them in the mail or conferred at a later public ceremony, as they wish. The only inconvenience they will incurr is that of being excluded from the graduation exercises and of receiving their dip-lomas later than their classmates

receive theirs.

VOL. XXIX, NO. 5

WASHINGTON COLLEGE

SATURDAY, DECEMBER 10, 1955

To Repair **Balcony Soon**

As a result of the enthusiastic reception given "Wild Bill" Whelan and his Dixie Six, the balcony section of William Smith Hall auditorium has been declared un-

The balcony was inspected last week by the huilding engineers, who found that the main beam of the balcony had split and dropped an inch. Before any reconstruction can start the engineers must draft a plan for the renovation and give an estimate of the damage to the administration.

The administration is now wait ing for the report from the engineers. In spite of the fact that the auditorium was inspected by the insurance company two weeks before the jazz concert and considered safe, the engineers said that the damage was partly due to some faulty construction in the now forty year old structure. President Gibson is hoping that the reconstruction will be finished before the start of the second semester.

Assemblies will continue to be held on the ground floor of the auditorium which is perfectly safe and has a seating capacity of a-round 250. Seniors and possibly all Juniors will not be required to go to assemblies until the balcony is remodeled. This will reduce the isual 400 seating capacity by some 150 students.

January's College-Community Concert is still scheduled to be held in the auditorium. Stunt night, however, has been postponed until the second semester

Committee Invites New Assemblies

Any school organization interested in giving an assembly for students is encouraged to contact the Assembly Committee. Comprising the committee are Dr

Barnett, chairman; Dr. Fred Livingood and Mr. Norman James faculty; Lynn Robins, Helen Hull and Pete Riecks, students.

All groups are sincerely urged to participate in the assembly programs and are asked to contact the committee immediately as the program is being planned for the remainder of the school year.

Phi Sig Dance

Phi Sigma Kappa Fraternity will hold their annual Moonlight

the Rock Hall Fire Hall from 9 to 1. Tickets are \$1.00 cach.
Paul Fredericks' Band will furnish the music for the dance.
The crowning of the Phi Sigma. Kappa Moonlight Queen will high-light the evening.

Rock Hall Is Scene Of Costume Ball

Lambda Chi Alpha presents its first annual costume ball tonight at the Rock Hall Fire Hall from

at the Rock Hall Fire Hall from: 8 till 12. It will feature costume 9 judging and the crowning of the ambda Chi Alpha Crescent Girl. Prizes will be awarded for costumes on the basis of origin-ality, and creativeness. Music for the dance is by the Harmonaires, a popular group who play in the Eastern Shore area Eastern Shore area.

Tickets may be purchased from Tickets may be purchased from any member of Lambda Chi Alpha or may be obtained ut the door. It is not necessary to wear a costume to attend the dance,

This dance is a first on the Washington College campus and it is felt that it will provide a pleasant and gay evening for all.

Food Problems Are Discussed

prolonged meeting of ministration officials and student government members concerning student complaints about the dining hall produced positive results in some instances and a realization of administrative problems in others.

Participating in the 2 1-2 hour session were President Gibson, Business Manager Dumschott, Mrs. Cookerly, head of the dining hall, Mrs. Hotchkiss, dining hall hostess, Miss Padget, Assistant Dean of Women, Jack Winkler, and Bill Warner. The meeting was in-itiated by the Student Council.

Winkler presented all the com-plaints he had heard about service and food in Hodson. Discussion of the short-lived and limited trenchmouth epidemic ended with the administration promising to re-quire Dr. Farr to notify it if he located any cases of contagions diseases, and to recommend pre-ventive measures for the dining hall to observe in caring for dishes. It was brought out that afflicted students are responsible for seeing the doctor so that the precantions will help everyhody.

The administration probably will place a dividing barrier at the top of the stairs, so that one side could be used for an exit, and students wouldn't be forced to go outdoors to leave the dining room.

The problem of dirty dishes and The problem of dirty dishes and silverware is one which the administration is aware of but is powerless to solve. The booster which further heats the hot water and the silver washer are not working as they should, it was revealed, and everyone is waiting for the plumbers, who contracted to install the kitchen equipment, to fix the machines.

Another aid to cleaning dishes will come when adequate draining equipment will provide for a prerinsing operation.

Extra milk would be a budgetary problem. Mr. Dumschott said that the ocllege spends \$2000 - 2100 per week for raw food, which amounted to 34 cents per meal per person. Labor raises the cost to 72 cents per meal. Of the 34 cents, milk at 6 cents a carton is the amounted to 34 cents per meal per person. Labor raises the cost to 72 cents per meal. Of the 34 cents, milk at 6 cents a carton is the biggest single item in the food budget. Officials frankly admitted that they were balancing the dining hall budget on those who don't come to breakfast and those who leave on weekends. who leave on weekends.

Fees Increased For '56-'57

In a letter to the purents of students at Washington College, Dr. Daniel Z. Gibson announced Tuesday that there would be an increase in tuition starting with the fall of 1956. He conveyed the regret with which the Board of Visitors and Governors made the decision to raise the fees.

The tuition, which is now \$500.00, will be raised next fall to \$500.00, will be raised next fall to \$650.00. All other fees with the exception of room rental are also increased, making the total ex-pense to a student living on the campus from \$1235.00 tt \$1285.00. At the present time, this exp is from \$1031.50 to \$1281.50.

Dr. Gibson explained that the academic position of Washington academic position of Washington College ranks quite high among America's colleges, but that advances in academic standing have lately been made to some extent at the hazard of the teachers' aclasics. salaries.

For this reason, Dr. Gibson relates, "We are in imminent danger of losing the ground we have gained, if other wealthier colleges are able to 'raid' our fine faculty for teachers for them-selves."

Dr. Gibson expressed the regret of the governing body of the college in increasing the fees. He stated, however, that it was a decision between that and destroying the academic progress that has been made by Washington College.

Meet, Form Rifle Group

Students interested in forming a rifle club at Washington College met in William Smith Hall on Tuesday Night, November 29.

Jim Meyers, who is heading up the effort to start such a club on campus, explained to those present that the Student Council had recognized the club us an official campus organization. He then went into the details of how the club will operate and the basic steps the group must take to be-come a member club of the National Rifle Association.

Mr. Bunny Mears of Centreville, Md. spoke to the shooting en-thusiasts present on his own experience in forming a junior rifle club in that town. He brought to light the necessity of a good place to shoot, the need for good in-structors and leaders, and also the basic and most important matter of safety.

A faculty leader, Dr. Edwin Ray Gilman, has heen secured for the lowed the winter theme. Stars rifle club. Dr. Gilman is the and snowflakes fluttered from former rifle coach of the rifle club above and Christmas angels danced at Brown University, where he has also served on the faculty. Charles Buck, a student, has had several years' experience in the field of competitive shooting and will probably serve as an instructor.

Glenn Martin Dies; Was Benefactor Of Washington College

Mr. Glenn Luther Martin, pioneer aviator, famons aviation in-dustrialist, friend and recent benefactor of Washington College, died on Sunday night, December 4, at University Hospital in Balti-more. Mr. Martin had been in ill health since late October and death came from a cerebral hemorrhage at 8:25 P. M.

He had been rushed to the hospital by his physician, Dr. W. Kennedy Waller, by ambulance from his farm here in Kent County where he was stricken on Sunday morning. Burial took place yesterday, December 9, in the Fairhaven Mausoleum near Santu Ana,

Mr. Glenn L. Martin

Decorations for the dance fol around the room. A giant tree was at one end of the gym while many other trees were placed around the gym. A red sleigh full of stuffed animals stood at the ontrance.

There will be another meeting of the rifle club and those who are interested in it before the Christmas Vacation, and after the vacation officers of the body will be elected. Those who are in-terested in shooting, regardless of experience, are urged to attend.

Dr. Gibson expressed the feelings of the college and students in this statement:

"The death of Mr. Glenn Martin closes a chapter in the history of aviation. He was the last of the pioneers of flight, a man whose ereative vision and determination helped to produce a new mode of transportation and a great industry. Flight and the laws of flight were eternally fascinating to him. His waterfowl sanctuary a few miles from our campus is a living memorial to that in-

Though reserved in manner and essentially lonely, as all great creative spirits are, Mr. Martin was a generous and kindly man. We who knew him will miss his shy sense of humor, his warmth of spirit, his fundamental simplicity. Washington College has lost a great benefactor and friend."

The 69 year old airplane builder held several firsts in aviation, having made his first flight in his own home made plane, and was the recipient of numerous awards for his contributions in the field of aviation.

Mr. Martin was responsible for the erection of the new women's dormitory at Washington College which he had named in honor of his mother, Mrs. Arminta DeLong Martin. She had greatly en-conraged the late Mr. Martin during the early days of his career, and had even been the first passenger on one of his flights.

The achievements of this pioneer in his field are well known; his company has made quite a few planes of great note, among which are air force training planes and bombers, including the famous Martin Marauder. The Martin aircraft firm, which now has a 92 million dollar payroll, was recently given by the government the job of making and launching a satellite from the earth.

Christmas Assembly

The annual Christmas Assembly, The annual Christmas Assembly, featuring the Washington College Choir, will be held Thursday, December 15, in the auditorium. Under the direction of Dr. Frank

Under the direction of Dr. Frank Erk, the choir will present a pro-gram consisting of Carol of the Bells, Silent Night, Jingle Bells, The Hallelujah Chorns, and And the Glory of the Lord from the Messiah, Oh Sleep Baby Jesus, The Three Kings, Lo, How a Rose E'er Blooming, and the Alma Mater. Mater.

Accompanying the choir will be Bob Tisen.

A LOT OF SPIRIT

We join with others in wishing success to the pep band which made its first appearance at the Alumni-Varsity basketball game last Saturday. In ten minutes the band created more school spirit and enthusiasm than has been seen here in

at least four years.

A lot of spirit went into the creation of the band, and a lot more will help keep it alive. Spirit of the kind that provided the little red wagon and the clangy brass bell will not only keep the band alive, but make a growing institution

out of it.

The wagon and bell were the ideas and gifts of Ken Bourn, last year's Student Council President. Ken saw that out rooting section needed some sort of "mascot" or symbol which would signify "Sho'men", a rather vague nickname at best. Since the Eastern Shore is noted for its splendid fish and oysters, Ken worked from this idea and finally purchased the bell from an oyster boat. He dug up his childhood wagon, painted it, lettered it, mounted the bell on it, and brought it to W. C. last summer.

Such active interest in school spirit by a graduate should inspire us to support our teams avidly. With a few more Ken Bourns and a pep band that promises continued success, school spirit should reach its greatest heights.

Letters To Editor

I find that I am one of the very few students on campus who read the Elm. God knows why I pursue it, for I am aware as any other of its shortcomings. The Elm is trite, flat, uninteresting, in short, it says nothing. For this reason, the majority of the student body glance at the headlines when they take their copy from their mail-boxes, then, as they turn their attention to an infinitely more interesting letter, deposit their colnewspaper on the nearest table or chair or even on the floor Hence, the snack bar on Elm dis-tribution day commonly looks like Broadway just after an election

I say that the Elm says nothing. The most common form of article to be found in it is an announcement of some coming attraction, a dance or concert or what have you. This is usually worded so as to convey the least possible amount of information in the greatest possible number of words. If the event is of any significance, the faithful reader is plagued with anouncements (sic: Editor) of it for as much as three issues in ad-vance. Finally the great event dollars an issue to print, and I occurs, and in the next issue, one think that, for that reason if for can invariably find a write up of it no other, it should be of good for as much as three issues in advergers, and in the next issue, one think that, for that reason if for can invariably find a write up of it using the identical words of the advance notices, with the sole execution that the verb tenses have infrequent. Throw out the gar-less changed from future to past, have George Hanst. You know been changed from future to past. Ather fill for our newspaper in-cludes articles whose fauning (sic: Editor) chauvinism disguises their utter lack of subject matter, in-tenviews with people who obviously only reader. do not wish to be interviewed, and altogether uncritical criticisms of

There is enough news on this eampus, completely appart (sic: Editor) from the slander and the muckraking, to publish a news-paper the size of the Elm once a week. Example: within the last week, there has been a plagerism (aic: Editor) case before the judiciary committee. This is interesting. This is news. Example: Ralph Laws, one of the best liked and most influential mem-bers of the senior class, left school at Thanksgiving, and does not

This, too, is interesting news But we hear nothing of it. We hear, instead, that Sigma Sigma Omicron recieved (sic: Editor) seven new members at an assembly which we were all compelled to

The Elm says nothing because it has no policy. In talking with Dr. Penn recently, we concluded that the Elm never knows what to do or say about anything he-cause it has no policy. Its aims are not defined, and so, do not exist. It never takes a stand, exist. It never takes a stand, because it has nothing to stand upon. Consequently, the only truly interesting things published by it are the letters that people only having nothing to do with it send

You, George Hanst, are not to hlame. You are kept so husy writing articles and correcting the you have no time to formulate policy or set a tone for the paper. Here is what I suggest that do: write a good onepage paper once a month. When you can put out a good onepage monthly, put out a onepage himonthly. When you have mastered that, enlarge it or publish it every week. The bage, George Hanst. You know it to be garbage as well as I, and I warn you that if the quality of the Elm does not soon improve, you will lose one reader, perhaps your

Spotlight On A Senior

by Carol Kniseley

An outstanding member of the senior class, Jack Hunter, is in the spotlight of the ELM this week. Since he come to W. C. in his freshman year from Sparrows Point, Md., Jack has taken an active interest in campus activities.

As president of Lambda Chi

Alpha Fraternity, Jack is leading the Foos in their many activities this year. He served as their secretary last year. Since Jack enjoys music he sings in the choir, and plays the sax in Al Stevenson's Band and the trombone in the Per Band. Sports are another one of Jack's interests, for he takes an active part in intramurals and

plays laerosse Last year Jack brought recognition to himself and to the college when he was chosen by the National Association of Manufacturers as the represent-ative from independent colleges in Maryland to attend the National Industrial Conference in New York. He maintains a high scholastic standing, is vice-president of O.D.K. this year, and president of Sigma Sigma Omicron. Also, he has been selected for Who's Who among students in American Colleges and Univers-

Jack is majoring in biology with chemistry and French as his related subjects and plans to at-tend medical school after gradu-

HERO IN OUR MIDST

Have you ever wondered about the fellow you see working in the Snack Bar after ten thirty? He is Eniwon Chough, a quiet, un-assuming pre-med student who has seen the Korean War from the front lines in his native land.

Euiwon began his college educat ion at the University of Seoul in June 1950. He had been in school for ten days when the war broke out, and he was forced to conceal himself to avoid detection by the Communists, who were "covering the area like red waves on a sea."

Everyone feared the Reds, but few had as much cause as Euiwon. While in high school he was al-ready on their black list as being definitely anti-communist. He was a leader in a student group trying to keep the schools free, and as a his home was kept under constant surveillance and eventually burned. The Chough family finally had to separate and go to live with relatives, not knowing whether they would ever see one another again.

Euiwon escaped by crossing the Han River, where he joined the voluntary students' troops under the Korean government. None of the students was trained in the use of their weapons, thus, in one battle one hundred and fifty memhers of the group were killed.

The remainder of the students were reassigned duties under medical dispensaries on the front lines, once again with no orien-tation as to their work other than the cries of dying men needing attention. This experience made such a deep and lasting impression on Eniwon that his goal is to be-come a doctor and help his people.

CHRISTMAS WISHES

by J. Aldo Gallo

With Christmas at our doors and those enchanting tokens of affection showered upon us by the faculty (exams—soon to drop on us), we find ourselves turning our knowledge-ridden minds to more pleasant thoughts. would we like for Christmas? are all weak mortals and therefore, our desires are somewhat

The faculty desires peace and quiet away from the students. The students desire peace and quiet (?) away from the faculty, and both desire peace and quiet away from the administration, if even for two short weeks. It's a nasty circle. Some of us want more for Christmas than to get away from

The "Trash Scholarship boys want to put aside their pick-np sticks, the athletes want to sleep all day, and the "sociallyconscious segment of the enroll ment" is busy consulting travel bureaus to arrange tours around the countryside for the annual round of Christmas parties. All students want to take home all the books in the library for those term papers they won't work on during the vacation. during the vacation. Plain and, simple sweet young things want the plain and simple things in life—like a plain and simple mink stole or a plain and simple '56 Caddy from Daddy. On the other hand, some people (guess who) want contributions for the England of the contributions for the England of the production willing or the contributions for the England of the production willing or the contributions of the England of the production of the England of the Engl dowment Fund, another million or two for building, an auditorium that isn't propped up, etc. Well, come Christmas morn, per-

of us will be lucky. Maybe old Santa, though he can't Maybe old Santa, though he can't do the impossible, will bless us eieved—and to say I appreciate it simply doesn't say what I feel, and the say is supported in the say is supported by the say what I feel, but thank you so much for it. You have for you, enjoy it and have a Most sincerely,

dispensary and returned to the temporary campus in Pusan where he attempted to resume his studies. For a four month period Euiwon volunteered his services at a nearby orphanage while keeping up with his studies.

Before returning to Korea he hopes to do some traveling, especially in France. Euiwon says hopes people everywhere are the same underneath, but their environpeople everywhere are the same underneath, but their environ-ments and cultures cause the differences that we see. On his vacations he stays at the Inter-national House in New York City, where he hopes to pursue his hobby of listening to classical music this Christmas.

We are glad to have Euiwon here on our campus and sincerely hope that he will choose W. C. to be his home in the United States.

CONTRACTOR CONTRACTOR CONTRACTOR J&J JABBER ***************

With high regard and respect for the ensuing holiday season, we of J. & J. Jabber wish to give you, our most glorious reader, our version of Clement Moore's immortal poem "The Night Before Christmas". Twas the week hefore Christmas

and all through the school

student eaught studying was labeled a fool.

The stockings were hung at the party with care,
To dry from the booze that was

spilled on them there. When out on the lawn there prose

such a clatter, That they tossed down a drink to

forget the whole matter

Away to the window one flew like a flash,

Toting his gallon of 80 proof mash; The moon on the breast of the new fallen snow

Gave a luster to beer cans that lay far below;

When what to his wondering eyes

should appear, But the "Bluehird's" own Gibby with a sleigh full of beer! And the little ole driver so lively

and quick
Was a college professor as tight
as a tick! To the top of the porch, to the top

of the wall, By George, they were headed for the top of Reid Hall!

So up to the housetop the coursers

they flew With people in song, and a sleigh

full of brew. As he drew in his head and was

turning around, Down the chimney they came, not

making a sound. Twas Washington's faculty with

soot in their hair! They were led by Gibby, now stand-

ing there. They said not a word, but working

with cheer, They proceeded to empty their

(Continued on Page 4)

THANK YOU

To the faculty, administration, and students of Washington College,

I am at a loss for the right words to adequately thank you for your many kinduesses to me during my illness, but I do want to say thank you for everything, and to assure you that your consideration of me at that time helped more

than you know.

The letter in the ELM recently from the students was one of the nicest tributes I have ever re-

Most sincerely Katherine Elliott

Cagers Down Alumni, Lynchburg In Openers

Alumni Bow, 84-53, In Home Tilt; Sievold, 'Nick' Top Scorers

last Saturday night in the Chester-town High School Gym in the opening feature of the 1955-56 season. The final score was

The Varsity squad wasted no time in its attack, with Al Bernard and Joe Sievold each scoring 10 points in the first quarter. High scores for the Varsity hoopsters were Joe Sievold with 21 points, Al Bernard with 15, and Ronnie Sisk with 14.

The Alumni were paced by ex-Little College All-American Nick Scallion with 22 points, and last year's Varsity captain Jack Bergen

With the Sho'men leading all the way, Coach Athey was able to rest his regulars and get a good look at his reserves under fire. This season's Varsity squad, al-

though sprinkled with a few fourth

LACROSSE

As fall lacrosse gradually freezes to a standstill, now is a

good time to see how our team is

game with particular emphasis on stickwork and ball handling. This fall, as in the past, there has been a great deal of develop-ment with the new players. Out of approximately twenty boys who came out regularly this fall, half were new men and of this group

were new little and of any greaty many had never played lacrosse at all. However, the end of a month's practice found the new men participating in scrimmages along with the more experienced

the basic fundamentals of the game

players. This does not mean that defense du lacrosse is by any means easy, but stickwork.

Fall Drills Produce Skill

good time to see how our team is shaping up.
Fall Jacrosse has a two-fold purpose: it teaches new men the basic fundamentals of the game so that they can he better prepared for formal spring practice, and it gives the returning players a chance to perfect their own game with particular emphasis on less than the seed with leading the solution. The season, and Chick Mills have been working defensively behind the season, and chick Mills have been working defensively behind the season.

team downed a strong Alumni five squad. They are consistently good last Saturday night in the Chester-outside shots and dependable ball handlers.

Joe Sievold and Al Bernard, hoth Joe Sievold and Al Bernard, notal graduates from last season's Junior Varsity, show considerable promise this year. Sievold has the speed, drive, and alertness to develop into a fine scorer, as he proved Saturday night. Bernard has the scoring potential plus re-

bound ability.

Coach Athey also has Lou Borbely and Bob Sullivan under the boards. Sullivan has been plagued with a neck injury. He saw limited action Saturday night but looked especially good on a corner set shot he has perfected.

Along with the Sho' veterans Coach Athey has come up with two high school scoring ages: Fritz Showers and Jim Sigler. Fritz led the Potomac Conference while Jim led the Western Marythough sprinkled with a few fourth year veterans, is composed mainly land Conference in scoring last of graduates from the bench and three Freshmen. Co-captains Ronnie Sisk and Leo Gillis are both Roy Henderson round out the team.

> in an encouragingly short time The outstanding problems that have faced Coach Clark this fall

are the developing of an experi-

been working defensively behind the goal. The experience that both these boys gained last season should prove valuable this spring.

should prove valuable this spring. Other strong contenders are Doug Gates, a Freshman who played lacrosse at Severn Prep; Ron Dratch, a big newcomer who is learning fast; and Boh Moore, a husky veteran who shows good promise. Midfielder and letterman Jerry Caporoso may he used on defense due to his able size and stickwork.

At this point it looks like Berky

Try Out For Olympic Soccer.

By Dixie Walker

Coach Ed Athey announced this week that two Washington College soccer stars, co-captains Roger Smoot and Joe Syzmanski have heen selected to attend try-outs for a berth on the 1956 Olympic Soccer

Since time will not permit a North-South game, or sectional try-outs, the players selected will go directly to the Eastern Finals, which are scheduled for this weekend in Philadelphia. From this trial, men will be picked to play in an East-West game. Final trials will be held in St. Louis. A home and home series with Mexico will be held to determine who will represent North America in the Olympic competitions

Smoot has declined the invitation for personal reasons, but Syzman ski plans to attend the trials. Since this will be the first time that a Sho' player has been nominated to participate in an Olympic Soccer trial, Washington College will be watching the progress of Syzmanski closely.

by Jerry Yudizky

Apparently the student body is "banding" together in an effort to raise the school spirit. How successful the new venture will be remains to be seen, but one thing is certain. If it isn't the spirits it will at least be the roof of the high school gym that will he raised when the band gets together in their rendition of "When the Saints Come Marching In".

Saints Come Marching In".

The possibilities are very good that at future basketball games the band will play what is undoubtebly W. C.'s most popular Alma Mater - "Dixie". (I myself am from Jersey and still pay my respects to "Yankee Doodle".)

The uniform worn by Bubbles (Continued Page 4)

Want to get on Bandwagon?

Coach Ed Athey is wondering it nough students would be intere ed to make it worthwhile to charter a bus to take students and the College's new pep band to the Johns Hopkins basketball game January 21.

Student Government has agreed to investigate the possibility, and interested students should make their wishes known to their representatives. The game will be played at Johns Hopkins in Balti-

The greater the number of students who sign up for the trip, the lower will be the rates charged.

The last time a bus was chartered to convey students to an athletic event was last February when the Sho'men played Batti-more University in the semi-finals of the Mason-Dixon Con-ference at Loyola's Evergreen Gymnasium. Those who took the trip will remember that it was an enjoyable affair, and this year the added attraction is the pep band with plenty of music.

Szymanski To Cagers Nip Lynchburg, 88-74, In First Of 19-Game Schedule

Washington College opened its vein by defeating Lynchburg Col-lege by the score of 88 to 74 on the

loser's home court.

For the Sho'men the evening was one of constant excitement. In the first quarter the outside shooting excellence of Leo Gillis and Ronnie Sisk gave the Sho'men a commanding lead which they were never relinquished. Stunned by the sudden onslaught from the outside, Lynchhurg set its de-fenses to cope with this and found it a hitter change for Ebe Joseph began to hound the Virginians from around the foul circle with one-handed jump shots.

With about two minutes left in the first half the Sho'men in-creased this shooting mastery and finished the half leading by a score of 50 to 36. Yet, all was not bright for the Athey men, for Joe Sievold, Al Bernard, and Ronnie Sisk, all members of the starting lineup, had three personal fouls each, and a loss of any of their talents could have caused defeat

instead of victory.

Coming out of their dressing room to start the second half the Sho'men were not a cocky bunch, but seemed determined to squelch any attempt by Lynchburg to gain the victory. But Lynchburg was not to be denied, and at eight minutes-fifteen seconds had cut the lead to three points. It seemed to this writer that the team was not playing its ball game, but that of

at the sound of the one minute huzzer the stern-faced Sho'men reappeared on the court.

Roy Henderson, Fred Showers, Jim Sigler, and Jim Solden had as by this time been present in the In lineup, and all these youths who were making their first appearence in their Washington College career helped to ignite the spark set by Joseph, and the Sho'men were off on the scoring rampage that wa bring them their hard fought

For the winning Sho'men Joseph led the scaring with 22 points followed by Sisk, Henderson, and Gillis with 14, 12, and 12 points respectively.

fair amount of athletic ability and a lot of determination can master in 1955, is in the lead for goalic.

By Al Albertson

The revised edition of the Sho' cagers looks as though they might have the power to snag another try at the Mason-Dixon Conference championship. Last year they had a so-so season but managed to win enough games near the end to get in the league playoffs. My observations thus far lead me to make a favorable prognosis. I think our boys will be the cause of a lot more sweat in the Conference this year.

Mason-Dixon "All-Stars"

The Mason-Dixon All-Conference soccer rosters came in too late to be written up the way we did the Middle Atlantic. In order to get the M-D line-ups in this issue at all, this column was cheerfully revised. I hope the readers will understand that our failure to give adequate space to the Mason-Dixon "All-Stars" was unavoidable.

As usual, Washington College did all right; five of our players were chosen. Fullbacks Dick Lent and Sam Spicer are on the first team; and Joe Szymanski, Roger Smoot ad Luther Vaught represent us on the second squad. Rex Lenderman was our only selection for honorable mention. The revised edition of the Sho' cagers looks as though

Luther Vaught represent us on the second squad. Rex Lenderman was our only selection for honorable mention. Taking the first and second teams together, Baltimore (Continued on page 4)

WE NEED NEWS

The ELM needs improved The ELM needs improved quality, and more complete coverage, of news. A representative on the staff from each news-making campus group would make things too cumbersone. On the other hand, a limited news staff can't expect to cover all activities. To solve our problem, each organization could select someone responsible for giving news tion could select someone re-sponsible for giving news tips and basic facts to an ELM writer, preferably the news editor. Then the paper would be reporting all the campus news and would be better performing its duties.

If this plan works and news becomes abundant, we will need experienced reporters. Interested persons should contact the editor or

University had the highest number of players chosen (six) and Washington College was second highest with five. Baltimore U. and the Sho'men each had three men on the second team—more than any other schools in the league.

Kibler Field to Australia

Joe Szymanski has done a lot for Washington College at least the base of the same of the same

athletics. He has played something ever since he came here, always seriously and with plenty of constructive criticism. Last week he received and accepted the invitation criticism. Last week he received and accepted the invitation to the Olympic tryouts. It's a long way from the preliminaries to Australia, and Joe might not get there. We can only hope he makes it and encourage him all we can, because he will be playing against the best booters in the world. It is a feather in Washington College's cap that it has a participant in the world's foremost athletic event.

The Olympics impost difficulties and inconveniences that prevent many worthy athletes from getting into the events. Students lose several weeks of preious study time in the tryouts alone. All entrants must pay thir travel and living expenses and furnish their own athletic equipment.

Gladiatorial Intramurals

Jack Eredricks is amazed that he played nine year of

Gladiatorial Intramurals

Jack Fredricks is amazed that he played nine year of tackle football without getting any chronic injuries. Now he has a persistent knee ialment as a result of an injury received early in the recent intramural touch pigskin league. It was a rough league this year, perhaps too rough to be called "touch". Good and bad can be said of the rough. Good and bad can be said of the rough. Since no crippling injuries occurred, the worst result of the rough-stuff was the premature death of the league before the schedule was completed.

Too much enthusiasm and the determination to windrinarily valuable assets—robbed the top teams of a try at the championship. But in the final analysis it was a case of suicide and self-larceny, for it was the way the teams played that caused the injuries, which in turn caused the league to be outlawed.

> From 9 'til 1, the music of Paul Frederick's Band kept the dance in full swing. The highlight of the evening was the ceremony to crewn the Moonlight Ball Queen. Following this, the Phi Sigs serenaded the queen with the "Meenlight Girl Seng".

Chaperones at this semi-forma affair were Mr. James, Mr. and Mrs West and Mr. and Mrs. Barnett. The president of the Phi Sigs is Jack Winkler. Bob Celborn, vice-president, was in charge of the Moonlight Ball.

Will Meet With Future Teachers

Any seniors interested in teaching, regardless of whether they have taken the professional courses, will have an opportunity to secure teaching positions this coming year, due to the present scarcity of teachers who meet all qualificatiens.

Representatives from the Balti-Representatives from the Batti-more County Department of Education will be on the campus Tuesday, February 7th to inter-view prospective teachers. Stu-dents who are interested in teachto serve the newly announced admissions policy of the college, which aims at wider geographical origin and increased quality of the student body.

dents who are interested in teaching in elementary schools can be secure limited qualification by taking a summer course in Towson State Teachers College during the summer of 1956

Handbook Will Assist Students In Library

long felt that the time officially allotted for giving instruction in the use of the Library was quite inadequate. The members of the inadequate. The memoers of the Library staff constantly endeavor to supplement the lecture given to Freshmen during their first week at College with individual assistance and instruction. But this individual instruction is, for the most part, given only to those who ask for it, since it is hardly feasible to collar each student as he comes into the Library and make him a captive audience.

On the other hand, the librarians frequently encounter stu-dents who obviously have not grasped the bare fundamentals of correct or intelligent library usage. To remedy this situation is clearly the librarians' duty. But unless more library instruction is either required by the administration or sought after by the students, hew is it to be given?

An impertant contribution towards solving this problem has re-cently been made by Mr. Bailey, Assistant Librarian, who has pre-pared an excellent STUDENT HANDBOOK, copies of which have been issued in mimeographed fermat and are for sale at the Circulation Desk in the library for 25 cents per copy (less than the cost of manufacture!).

All students who believe that they should know more about how to use the library (and that should apply to most of you) are urged to purchase a copy of this in-formative and fact-filled pamph-

An hour or two spent in study-ing its contents will save much more time and wasted effort fer those who new flounder needless-ly and helplessly when confronted by how to find what and where in the library. Do yourself a favor and bny a STUDENT HANDBOOK today!

Padgett Quits; New Teacher Is Appointed

Mr. Edward R. Padgett has resigned his post as Assistant Professor of History and Political Science at Washington College, and for the second semester of this academic year Mr. Vladimir Reisky-Dubnic has been appointed as Instructor in Political Sci-

Professor Padgett, who came to the College in September, 1950, will leave the campus at the close of this current semester in order to continue and complete the work for his doctorate at the University of Maryland.

Dr. Daniel Z. Gibson said, "Pro-fessor Padgett's colleagues and students join with me, I am sure, in wishing him great success both in his work at Maryland and in his subsequent career."

The new teacher, Mr. Dubnic has been educated in Czechoslovakia, England, and in this coun try, at Harvard and the Univer-sity of Chicago, where he has com-pleted his work for the doctorate,

excepting the dissertation.

During the war Mr. Dubnic fought against the Germans in the Czech underground and finally escaped from his native land after the Communists occupied it. He has been Assistant Director of the Institute of World Affairs, a Teaching Fellow in Government at Harvard University, a foreign correspondent and British Broadcasting Company scriptwriter in London and for the past half-year has been a political and economics frec lance writer in Brazil,

Players Rehearse The Father "

Rehearsals are well under way for "The Father", the Washington Players' winter production by August Strindberg which will be presented in mid-February.

Strindberg's works are generally extremely melodramatic and "The Father" presents one of the most difficult challenges in the field of acting. Jack Daniel, a seasoned veteran of previous Players' productions, is cast in the lead role of the Captain. Starring opposite him in the part of Laura, his crafty, dominating wife, is Sally Ann Groome, a freshman who is making her first appearance with the Players. The Doctor is en-acted by Dan Haupt who returns to the Bill Smith stage in a much serious role after his popular success as ex-football great Joe Ferguson in "The Male Animal" last month. Eva Corliss as Bertha, Doris Hall as the Nurse, Bill Shortall as Nojd, and Al Easterby

as the Orderly complete the cast.

Harvey Samis, Jr is in charge of directing and will be assisted by Tom Elder.

College Instructor Speaker At Hopkins

Dr. Gerda Blumenthal, Assistant Professer of French at Washington College, participated in the Graduate Writing Seminar at Johns Hopkins University on January 11.

Summa Cum Laude

The resignation of Professor Edward Padgett meets with

regret from the students.
Mr. Padgett is characterized as a brilliant man and a great teacher. As one who knows current world history and keeps remarkably well informed on all sorts of everyday topics, from politics to conomics to grade D movies, Mr. Padgett has few equals and fewer superiors. Comparatively little in human relations escapes his interest, yet he knows enough about those subjects which don't interest him to tell why they don't.

Imparting this knowledge and desire for knowledge to the students is a knack of Mr. Padgett's. Combining an intelhe students is a knack of Mr. Pagett's. Combining an Inter-lectual formality with a sarcastic and critical informality, he has made his class periods into campus legends. His lucid judgment cuts through sham and bombast, now condensing, matters to important facts and ideas, now highlighting those things slighted, always illustrating his remarks with his own brand of satire. Learning is at once both pleasurable and serious, always memorable.

and serious, atways memorable.

It seems a shame to spend so little space on a man who has tremendously influencel his students, and who will be counted as a great contributor to their college education. As Mr. Padgett leaves Washington College summa cum laude, we join with the rest of the school in regretting his decision, but wishing him further success.

Letters To Editor

I was interested in reading in the last issue of the ELM how much Tom Jones had to say about "nothing." In this letter I would like to give a reply to not only Mr. Jones, but to all of the other stu-dents who have used their school paper as a pet object on which to sharpen their powers of critical analysis. I would like to intro-duce to these perennial gripers the "something" that is in the ELM.

Mr. Jones said in his letter that "the ELM had nothing." Henry Thorean, who expressed a number of personal opinions a century or so ago, once stated, "I am sure or so ago, once stated, I am sure
I have never read any memorable
news in a newspaper." Is Tom
Jones, like Thoreau, searching for
"memorable" news in a small-college bi-weekly rather than for
that news for which the ELM is intended to present—the goings-on about the campus?

The ELM is not a literary magazine. Pick np any newspaper and what do you find? You will see pages of pictures, reports, and comments about a speech, ball game, or other event which the greater part of the nation has already watched on TV or heard over the radio. Mr. Jones should visit the dining hall on Thursday dnring the assembly hour. He would wonder who was at the as-sembly! Therefore, contrary to sembly! Therefore, contrary to what your correspondent in the last issue might have thought, there were a number of students who did not know about the SSO initiation, to use his illustration on this reject. on this point.

As for "plaguing" the editor As for "plaguing" the editor with announcements of, coming events for "as much as three issues in advance", I would like to refer Mr. Jones to the Philadelphia Inquirer and Bulletin. These two are among the top papers in circulation and quality in the nation. They begin publicizing coming events as much as two months—eight weeks—in advance. And these are daily papers, not biweekly. To make an event a financial success, it must be "gold" to the public, and newspaper publicity is one of the strongest tools
of selling. The Washington Playors, in particular, are in need of
as much support of all kinds—

ELM articles being one of the

prime sources-as possible in order to exist.

In connection with theatricals in connection with theatricals, it might be noted for the benefit of Mr. Jones, that the critical reviews of the Players' productions, be they critical, uncritical, or just practice in writing for a doctor's degree thesis, are written by mem-bers of the faculty and not by ELM reporters

I agree with the ELM that there is more news than that which eventually ends up on these four pages. However, I also know that there are many stu-dents, like Tom Jones, who have the ability to transform the news into interesting write-ups, but who would rather complain about the work of the two or three heroic reporters who comprise the news writing staff. The news is here, 'at where are the writers hiding who could assist the presskeleton-size staff?

There is no need to follow Mr. Jones' suggestion of writing a good one-page paper once a month, etc., in order to eventually put ont a good paper. If more Tom Joneses would stop spending their time criticizing and complaining about the ELM to their friends and would devote, instead, a little time and effort to contributing to the paper, a good four-page paper could be put out each week, starting with the next issue. It takes time to write one good article, especially when the writer also has two or three term papers of ten to fifteen pages in length to write and a hundred pages or so of ontside reading to do each week in addition to his regular text assignments. When five columns have to be filled two persons every other week. person shouldn't expect the finest.
Nor should a science major be
expected to write an article of
New York Times caliber.

Nothing is ever perfect. No matter how improved or changed over the ELM might be, there would still be room for more improvement, and there would still be complaints. But in order to better the paper at all, there must be someone to do the bettering.

Spotlight On A Senior

by Carol Kniselev

Anne Grim, the Senior of the Week, proves the truth of the old statement "If you want something done, ask a busy person to do it She has been taking an active part in campus activities since coming as a freshman from Catonsyille.

Anne, who is editor-in-chief of ne 1956 PEGASUS, gained her evnerience by working as assigniate editor last year and printing editor in her sophomore year. The Stu-dent Government Association has been one of her major activities. She held the office of treasurer in her sophomore year, that of vicepresident last year, and served on the Constitutional Revision Commiftee. As freshman, Anne was class treasurer. A member of the Washington Players for four years, she has worked on the Make-up Committee, of which she was chair

man for two years. She is also a member of the Centerbury Club and the F.T.A.

In the field of sports Anne is active in all the intramural tournaments, has made the honorary field hockey and basketball teams, and has been a representative to the G.I.A.A. for four years Formerly president of the Reid Hall Council, Anne is now the first president of the Minta Martin Council. She also serves as secretary of Zeta Tan Alpha, and beside her Zeta pin is Hezzy Howard's Theta Chi pin. With all these activities, Anne earned the honor of being chosen for Wh Who in American Colleges and Universities this year.

Majoring in psychology with biology and English as her related courses, Anne plans to teach after graduation. Although she proves one old adage, Anne disproves another, that "Beauty and brains

I Used To

How We Studied In Reid Hall

virtually way to attain an atmosphere suitable for adequate concentration was to sound-proof the room, barricade the door, and then sit out on the fire escape. Since that procedure was impractical, there was no such thing as true study in a quiet room in the old dorm.

Each night at seven the belt sounded to signal the beginning of study honr, and the floor councilor (alias whipcracker) shepherded the girls into their rooms two by two, where a two and a half hour perusal of the books was supposed to take place. However, the first hour was spent in hanging up clothes, discussing the events of the day, and searching for the books. Then, if both roommates books. felt conscientions, a few moments of study took place.

Soon we heard "Third floor" over the intercom system. Fourteen doors opened simultaneously and twenty-odd faces peeped out. The voice continued "Mary Jones, long distance". Mary squealed, grabbed a honsecoat, and rushed madly down to the phone booth. We clustered in little groups and discussed the source of Mary's phone call, until the warning cough and raised eyebrows of our floor councilor sent us scurrying back to our separate cells. There, we waited tensely until we heard the sound of Mary's returning foot-steps. Then the doors flew open steps. and the heads popped out again as we satisfied our curiosity concerning the mysterious phone call.

After a fifteen minute roundtable on why the rest of us didn't get calls, we settled down behind our doors to resume study (?) in our individual ways, and believe me, there used to be some very original study techniques on the us studied on our beds, never at our desks. One girl had to have her feet on the wall in order to concentrate. Another used the concentrate. Another used the woeful twangs and sighs of hillbilly music to stimulate her study. The exact opposite was our one devotee of classical music, from whose room came sound of stirring symphonies every evening. I had to crack my toes constantly in order to get full understanding from my history readings.

We always dressed for study our. Since comfort was the hour.
criterion, dunga.
housecoats, dungarees, shorts, pejamas, housecoats, slips, even towels were acceptable, but skirts and sweaters were taboo

Food was essential for effective study. After each meal, rolls and bread were smuggled from the dining hall into the dorm, where they were stored in tin containers for future consumption. Cookies and crackers with jelly were the staple foods of study hour, as the fingers moved from cracker box to jelly jar to month, and the eyes never left the books. Cider was smuggled in occasionally, but it had a habit of fermenting quickly if kept near radiators, so naturally, we had to throw it away (?).

Eight-fifteen was the hour to

Where are we going, What will

What are we here for, what have we done,

Religion and politics, fraternities, too. Did I waste my time then, I ration-

alize?

No, I don't think I did.

The Bird was part of that "broad education". Til I D cards called me a kid. So now I see my card's flattering

picture, And remembering makes me blue. But I'll soon be a Senior and do

again
The things that I used to do.

Way back when I was a fresh-an, to study in Reid Hall was irtually impossible. The only sociology with the strains of "You set to sound-proof the room," "Why Don't You Believe Me", as to sound-proof the room, "Hold Me, Kiss Me, Thrill Me", "Blacksmith's Boogie", and the theme from "Moulin Ronge".

At about eight-thirty, stealthy footsteps were heard creeping down the hall. They pansed, and then there was silence. That continued until the end of study hour when few of us were found in our own rooms. During the mass migration, study ended, as discussions of clothes, girls, and (mostly) men took over. For diversion we used to practice Miss Doris's contortive gym exercises, imitate professors, or perform mock Voodoo ceremon. ies

During the last part of study hour, the floor councilor often ventured into some of our rooms, At her knock, all of us who didn't have permission to be out of our rooms dived under the beds or into closets where we hid in safety, unless someone stepped on our toes or the clothes poles fell on our heads.

At last the hell rang, and study honr was over. Conversation end-ed abruptly as we all rushed down to the bathroom to claim a position in line for one of the three ancient bathtubs!

Maybe things have changed in Reid Hall these days. I doubt it, hecause I hear fencing duels are now the favorite study hour pasttime. The girls put plastic sweater bags over their heads, use tennis rackets as shields, and fence with curtain rods! Maybe study hour doesn't accomplish much, but at least, we girls have enjoyed a lot of that "dormitory life" for which our parents sent us to college!

Dear Parents

Girls' Varsity, Faculty Cagers Meet In New Gym

By Ronnie Dratch

If it is ready for use on March 2nd, the new Field House will be the scene of one of the greatest athletic events of this decade. The Washington College Girl's Varsity studded Mixed Faculty Five. The game will be spensored by the Girls' Intramural Athletic Association.

The girls' varsity squad will be picked later, in the second semester, after the season has progressed. Returning from last year's honorary varsity are Anna Lucy All-spach, Priscilla Dumschott, Kakie Brackett, Penny Stenger, and Ann

The faculty five, which has been practicing behind locked doors, can boast of such greats as ex-All American from Yale, Norman James; all-time high scorer from Washington College, Jack Henry; Little College All-American, also from Washington Cellege, Charlie Clark; and set shet wizard from Springfield, Don Chatellier. Reunding out this all-star aggregation will he Ed Athey, Mary Padget Anna Lydia Motto, and Joe McLain. The game will be refereed by

Fred Melgs, one of the nation's top officials in that department. Local The National Guard Armory is odds makers pick the Faculty Five located at the end of East Capitel at 7 to 5.

Sho'men Lose To Upsala Upsets Lycoming, 85-61 Cagers, 74-69

Five Teams Lead In M - D

By Sid Friedman

Washington College's basketball team was defeated by Lycoming College in the Sho'men's peorest showing of the young season by a score of 85-61.

For the first quarter it appeared that the Sho'men might defeat the victors, but Lycoming's superior height and shooting accuracy soon dispelled all such thoughts.

Leading the Sho' five were Al Bernard and Jim Sigler who had thirteen and fourteen points. (Bernard Fourteen) For the victors Wilson, Zaremba, Kitt, and Porter all hit for double figures with Wilson leading the pack with 20 points.

The victors appeared to be masters of ball control and re-bounding, and with players of proven ability made the Sho'men's effort a futile one. The second half saw the Lycoming squad pull farther away and they were never again to be threatened by the

Loyola has a season record of 5-6, which at first glance seems un-

impressive. But when one considers that Loyola has played teams of much batter national

caliber, this does not make them any less impressive in Mason-

Dixon, but rather tends to heighten them in the eyes of the other teams

By Sid Friedman
The Sho' basketball team was
defeated by Upsala College, 74-69,
on the victors' court in East on the victors' court in East Orange, New Jersey, in a game played before the Christmas vacation.

The victors, led by their captain. Jee Gaspirini, who scored 20 points built up a halftime lead of 44-29 as the She'men could not extract themselves. With such a lead, the visitors took the pressure off in the visitors took the pressure on in the second half, and the She'men be-gan to come to life. Ronnie Sisk, hitting with set shots and the aid of Leo Gillis and Joe Sievold, led the rejuvenated club to within five

peints as the final buzzer sennded.
For Upsala, Bob Shaw and Joe
Gaspirini hit for double figures,
and with the aid of their 6' 5" center Al Wisniewski, were not to he denied.

Sisk, Sievold, Gillis, and Joseph scored 18, 10, 10, and nine points, respectively, to lead the Sho'men in the scoring column.

point average, followed by Hel-

Share Scoring Lead In Tense Home Game By Sid Friedman

Sievold, Shorreck

Washington College's basketball team opened up its 1965-1966 regular home season, with a victory ever Western Mnryland last Saturday night, 91-89.

Led by Joe Sievold and Ebe Joseph the Sho' men opened up with a blistering first period attack that found Sievold scoring 15 points and left the home team with a 27-21 first period lead. Yet, hy half time, the boys from Western Maryland had cut the lead to 42-37. Western Maryland had relied on the scoring punch of Den Schorreck, Ralph Martinell, and Ed McIntyre to put them back in the game.

When the second half began, it locked as if the Sho'men no longer had their scoring petency as West-ern Maryland not only had erased the defecit, but had a five point lead. It was then that the Eastern Shore five began to find the range again, and this caused what was to remain until the conclusion of the game a see-saw hattle with neither team able to obtain a commanding lead.

With two minutes and fifteen seconds left in the game, and with Western Maryland leading 77-73, Western Maryland leading 77-73, Ronnie Sisk fouled out to the dismay of the partisan crowd and his teammates. Fritz Showers was inserted into the lineup and with just fifty-six seconds remaining with the State. scored a field goal. With the Sho'men leading they began to freeze the ball, and Western Maryland came out to meet the challenge, but te ne avail as a technical foul plus a sheeting foul in the clesing second cut short any threat they

In the scoring column the Sho' men were led by Sievold, Joseph, and Sisk, who scored 27, 25 and 16 points respectively. Joseph is now the fourth leading scorer in the league with 23.5 average per game.

For the lesers Schorreck led the scoring with 27 points followed by Martinell and McIntyre who scored

- Random Sports Harvest -

By Al Albertson

In a pre-season booklet of facts released to press and radio, Upsala College's basketball coach lamented the loss of four of his five starters through graduation, and the lack

of height.

The Viking's coach seems to have been a trifle too gloomy, for they led the Sho' hoopsters all the way. This is a little surprising. Last year they supposedly had a much better team, but the Sho'men downed them 89 to 87. Apparently, the Sho'men came alive in the second half of their most recent tilt; they narrowed the losing gap from 15 points at halftime to five points at the end of the game.

Something For The Nerves

Something For The Nerves

Last Saturday night the cagers redeemed themselves in the Western Maryland fracas. The spectators had a hard time staying put after the score narrowed down to a nervewracking, two-point yo-yo affair. After the second half began, I don't recall seeing a single spectator leave the stands. They stayed on to cheer and enjoy the agony of suspense. It was one of those rare games in which the last two points scored decided the winner.

The response from the stands was the best yet and immensely gratifying, especially since the pep band was not there to augment the enviable efforts of the cheer leaders. Emily and her pretty assistants do a fine job and I think they deserve more credit than they get. Henceforth, you people in the stands, lets follow their lead and make every home game noisier than the previous one. Your support has a powerful effect on the boys we depend on to win, believe it or not.

Men Of The South

Men Of The South

Congratulations to our men on the 1955 All-Southern Soccer Team. Conference-wise, this has been a good year for the Sho' booters. And the All-American selections haven't yet been made. There is good reason to believe that Washington College will be represented on it, although it is difficult to judge the importance of our other Conference selections in light of the greater competition for All-American honors.

Song of the Swan

In the introductory chapter to The Columnists, author Charles Fisher wrote, "Columnists are faulty and imperfect souls, no matter what their clients believe. But when they are seated at their typewriters they are, poor devils, beyond all human help." After a few months of columning I can't go along with Mr. Fisher's dismal appraisal of the job. To be sure, writing a sports column is not nearly as risky as writing about politics, for instance, because the columnist who sticks to sports doesn't have to be full of opinions, judgements, and prophecies on every conceivable subject.

Second game of the scason on Tues day as they dropped a 76-74 lead as they dropped a 76-74 lead of they dropped a 76-74 lead of

them in the eyes of the other teams in the five-way tie. The Sho'men, who have a season record of 2-2, and a tendency to blow hot and cold, have been red hot in Cenference play. Conference scoring leaders are Sullivan of the Mounts with a 27-

'Miscellany' Refreshing; Poems Too Optimistic

After the fastidious reticence, lately, of its predecessor the Sausage, the mere existence of the Mount Vernon Miscellany is refreshing. No criticism that I make of it is meont to diminish the support it should receive, for the promise one finds in its first the promise one mas in its first issue can only be fulfilled if its contributors and potential contributors are frequently given this opportunity to develop as writers. Silence, ofter all, is un-

Most of the contributions to the first issue are poems. One is en-couraged by the absence in them of old-fashioned poetic diction, along with lank limbs, haggard cheeks and all the rest of the posturing paraphernalia that used to be thought poetic. This is much more than one can say for the last issue of the Sausage. There is nevertheless in many of these poems too much of the easy plati-tudinous optimism that is characteristic of, though not appropriate to, America today. There is too much of the optimism that is achieved by ignoring rather than assimilating the complexity of life Ont of such complexity, after all, comes the dramatic tension with

which poetry breathes.

A number of the Miscellany poems lack this tension. After an effective start Miss Harned lapses into platitudes. Mr. Darsen of the misself of the m ley, in addition to committing the Swinburnian sins of bouncing rhythm and excessive alliteration, misnses his commendable facility with words and rhymes to pound us on the back and urge us (in the manner of Longfellow) to cheer manner of Longrellow) to cheer np. His poem ends with a stanza in which he merely states the same platitude three different ways; there is no development from one line to the next.

Another easy optimist is J. F. D., who has an admirably dry and terse style, but who asks us to believe that the existence of one's beloved eliminates all of life's

Such poems as these attempt to coast along on the largely spec-ions "power of positive thinking." ions "power of positive thinking."
It is refreshing, therefore, to find
Mr. Riecks ironically attacking
this attitude. Mr. Riecks has the
decency to be puzzled by life.
Optimism, however, is not the
only source of sentimentality.
Mr. Fowke's smooth poem is weak-

ened by such vague cliches as "sky blue eyes" (the eighth line, more over, explains away the seventh) while except for a striking para-dox in its fourth stanza Mr. Long's poem reflects a nostalgia that is insufficiently individualiz-

There are also several poems which their authors didn't own up to. "Warsaw Concerto" serves up the clinches of transported Romanticism—complete with "ut-ter infinity". "Episode" is clever ter innuty. "Episode" is clever but needs tightening to be as sharp as it intends to be. "Dno Viae", however, and the poem which follows it, are more suc-cessful. Neither is completely sustained (The reference to "pet-ty way" in the first is proposed. ty way" in the first is unnecessarily explicit after the imagery of the opening line, while the last

STREET STREET

Bata SHOE STORE

SECULIAR DE LA COMPANION DE LA

line of the next poem would be more effective with "sorts of" deleted), and each tends to be too Eliotic. Nevertheless both poems are skillful in their handling of irony, tone, and polysyllabic rhymes.

Turning to the prose one finds that Mr. Bunting's "The Myrmechy" is smoothly written but relies too heavily on a surprise ending, while his "Concerning My Age" rokes mildly amusing fun at doctor. Mr. Jones' "Joel" is spoiled by the fact that while the narrator experiences doubts about Ann's view of Joel, he never allows the reader to. Consequentlows the reader to. Consequently there is no tension, and the reader is faced, as in Victorian melodramas, with a simple contrast between a male heel and his female victim.

Mr. Jones' other story, howev-er, is far more successful. In 'Benny Said' there is gradual development in the characterization. There is also complexity, for though Benny is philosophical about the Timon of Athens treatabout the Timon of Athens treat-ment he receives, and has con-quered materialism, he is vain about his clothes and likes to be waited on. The emotions, there-fore, which this story generates are genninely effective.

College Receives \$2000 Grant From **Esso Foundation**

Washington College this week was announced as one of 226 col-leges and universities throughout leges and universities throughout the nation to share in a total of \$1,067,900 granted by the Esso Education Foundation for the as-sistance of the educational insti-tutions during the 1955-56 aca-

Washington's share of the grant was \$2,000. The grant, like those made to 193 privately supported institutions, 85 of which had stu-dent budies of less than 1,000 students, is unrestricted for under-graduate education.

which appeared in the last edition of the ELM, and of a talk with ing water from the ceiling the editor of this publication, it is my intention to write a column windows be replaced by skylights, ious campus institutions. I have chosen my heading to point out, by analogy to the British politi-cal system, that this column is, though critical, basically for the school and sympathetic to its

What is chiefly lacking Washington College (1 prefer not to use the initials W. C.) is any imagination whatsoever. The editor's little gibes, inserted in my letter to him, are practically the only instance of genuine wit that I have seen here. I aim to restore the balance, to be imagi-native and original at all cost, to inspire a constructively critical point of view.

It would be well to say, before He says it for me, that the position here expressed is not necessarily the public position of the editor.

The greatest difficulty with the disciplinary system here at Washington College is that there is no intermediate form of punishment, so that the administration, like the State of Athens under the laws of Solon, must either execute the citizen or let him go free. The worst result of this is that many crimes therefore go unpunished, and so they are repeated until they become standard behavior.

One of the worst of these is noise in the dermatories. Noise and vulgarity and downright de-structiveness. I propose that the residents of G I Hall be removed, and that the student council empowered to place within its confines any who, in its judgement, are too uncivilized to enjoy the refinements of ordinary dorma-tory life. To this purpose, the partitions should be removed from G I Hall, as they would soon be torn down anyway. The inmates should live in a great com-munal waste of their possessions and themselves. Special furniture should be installed, made of cast iron and bolted to the floor. There should be no plumbing, nor anything else equally fragile, but

As an outgrowth of my letter, there should be only a hole in the floor and a pine constantly pour-

in every issue. I propose to be windows be replaced by skylights, radical, hypercritical of the var- well ont of reach of even the longest lacrosse stick, made of plexi glass and several inches thick Hay bales should be piled against the outside of the building, though it may be questioned if even this would soften the constant stream of obscene abuse and rundom, animalistic din that would reverberate within. In short, G I Hall would be complete ful-fillment for the few students here who cannot check their propensity to return to their most natural behavior.

My solution may seem fabulous but my point is clear. Coarseness, vulgarity, and destructiveness should not be tolerated by the ma-jority of the students at Washington College, not by the quiet, sensible, selfrespecting majority, nor by their elected representatives, nor by the administration.

Be prepared for hospitality

WASHINGTON COLLEGE

SATURDAY, FEBRUARY 18,1956

GIBSON DEFENDS CLARK REMOVAL

Princeton Professor Is CITES REASON FOR ACTION Convocation Speaker

Dr. Julian Parks Boyd, distinguished Princeton University scholar of 18th Century History and editor of the monumental Papers of Thomas Jefferson, will give an address at the Washington's Birthday

Convocation at Washington College on February 22.

This college is the nation's only one that bears Washington's name with his express consent. "I am much indebted," wrote Ceorge Washington in 1782, "for the honor conferred on me, by giving my name to the College at Chester."

The convocation is a traditional observance of the birthday of the

great Colonial leader.

The Reverend Mr. Newton C. Wilbur, rector of Emmanuel Episcopal Church, Chestertown, will give the invocation and read from the Scriptures. Dr. Daniel Z. Glbson, president of the College, will introduce Dr. Boyd.

Dr. Boyd has been a professor in Princeton University's Department of History since April, 1952, when he joined that staff after twelva years as Librarian of the Univer-

In 1943 he assumed the editor-Papers, ship of the Jefferson Papers, a 52-volume project undertaken with the aid of a gift from The New York Times and given formal approval by the U. S. Thomas Jefferson Biceptennial Commission. The writings and correspondence of Jefferson comprise more than 48,000 documents (some 23,000,000 words). The first volume of the Papers appeared in the spring of 1950, and was accorded national attention.

A product of the South, Dr. Boyd was born in Converse, South Carolina, and was educated at Duke University where he received his A. B. degree in 1925, and his master's degree in 1926.

In 1928 he became editor of the Papers of the Suquehanna Com-pany, for the Wyoming Historical and Genealogical Society, Wilkes Barre, Pennsylvania. In 1982 he

Blaze In Somerset **Summons Firemen**

Fire broke out in Somerset House last Tuesday night, February 7th with minor damage being done to the ceiling insulation in the stairway between the first and second floeors. The fire itself was confined to this stairway, though there was smoke damage in other parts of the dormitory.

The cause of the fire is attributed to horseplay on the part of some of the dormitory residents involving a large amount of scrap paper. The local fire department was summoned, though the major part of the blaze had been extinguished by students before the arrival of the firemen.

It was pointed out to the residents of all dermitories later last two years in active duty. This week that when it is necessary to compares with four years that call the fire department to the cammust be served by non-reservists. call the fire department to the campus, the exact location of the fire should be made known to the fireshould be made known to the fire-men in order that valuable time will not be lost in such cases as the Somerset blaze last Tuesday night. they enter active service. Somerset blaze last Tuesday night. they enter active service.

CLARK DENIES INFERENCE "In this affair which is naturally of the greatest importance to me, I have steadfastly declined making a public issue of it. Now that it has become one through no

instigation on my part, I must state that in serving Washington College for ten years in several capacities, and in my other activities, I have never hurt the College or its personnel. I have had lege or its personnel. I have had no evidence presented to me that

"The President of the College stated that no charges were being made against me, but gave some made against me, but gave some reasons for his action. For my part there is nothing I have to hide at all, but because I do not want to hurt the College I have asked several times for a full board hearing and have declined dis-cussing the matter except to trust cussing the matter except to trusted and legal advisers. I do not
like the veiled implication that a
full and impartial hearing would
hurt me. Too many persons
know that my integrity is not
questionable and I will stand on
the record. It was made clear at
the brief expressions. I made he the brief appearance I made be-fore the Board Committee (net a hearing) that there is a desire on the part of the administration to have me leave the college."

Charles B. Clark.

Chestertown Celebration-

Clark Heads Group College Will Help

Washington College will play an important part in the celebration the 250th anniversary Chestertown to be held next fall. Actually, there are two anniver-saries in the coming school year, Chestertown's 250th, and in Jannary Washington College will begin its 175th year. The anniversary of Chestertewn will be an affair invelving both the town and the entire county, recognizing the historical events since the year

Heading up the preparations for the Chestertown celebration next fall is Dr. Charles B. Clark, Head of the Department of History and Political Science of this college. He is the president of Chestertown's 250th Anniversary, Inc. and is assisted by a board of directors of 20 members. In addition to this the group new has approximately 35 major committees at work in preparation for the celebration.

Dr. Clark recently explained the role of the college and its students role of the college and its students in this celebration. First of all, he pointed out that the college grounds and the new gym have been offered as sites for the pageant. The pageant, of course, will present the history of the community since its founding, and in connection with this, the Wash-ington Players and Alpha Psi ington Players and Alpha Psi Omega will assist with the execution of the pageant.
Students are expected to help

Explanations of the college administration's action which removed Dr. Charles B. Clark as head of the Department of History and Political Science, were presented to the Student Council yesterday morning by Daniel Z. Gibson, college president.

The meeting with the president was the autgrowth of

opinion which preduced many informal discussions and little con-crete expression other than scattered posters; of Student Council's move to seek some official announcement of, and possibly reasons for,

Dr. Clark's removal; and the result of multiple rumors.

The meeting preceded one called by President Gibson for the whole student body, at which time essentially the same matters were discussed.

In answering what seemed to be one source of complaint, Dr. Gibson said that the whole matter was kept quiet lest it hurt Dr. Clark professionally and harm the college.

Clark professionally and harm the college.

Gibson emphasized that the decision was purely an administrative one, sanctioned by him, by the Faculty Committee on Appointments and Tenure, by the Cemmittee on Faculty and Curriculum of the Board of Visitors and Governors, and finally by the Board itself.

It was noted that all decisions were unanimous except for the Board's, which represented a "no dissent" verdict among the group,

which was more than a quorum.

The decision, Gibson pointed out, does not concern athletics, fraternities, recent resignations (notably those of Mr. Dudley Johnson and Mr. Edward Padgett), academic policy, or anything connected with According to Gibson, the Faculty Committee on Appointments and

Tenure, an advisory body making recommendations on all appointments, promotions, and dismissals, considered the question last fall, conferred with three members of the Faculty and Curriculum committee the Board, and decided not to reappoint Dr. Clark as depart-ntal head. Gibson averred that he originated the decision. mental head.

mental nead. Gibson averred that he originated the decision. Gibson said that Dr. Clark attended a hearing before this group on January 21, at which time he was told of the decision and was asked to resign. Dr. Clark subsequently refused, he said, and was automatically removed as the decision gained ultimate approval of the governing Board.

Removal from a department chairmanship involves no decrease in salary and no change in professional status and tenure, he said. In such a situation administrative decisions are seldom questioned. ever, he added, in a case involving a professor's status as a member of the faculty, charges would be made and a hearing held. According to the faculty handbook, a department head "shall have

charge of the instruction and discipline of his ewn department and will be held responsible therefor.'

It could not be learned what the Student Council planned to do after the assembly

Varsity Club Is **Planning Dance**

The Eastern She' Notes will be featured at the Varsity Club Dance on Saturday, February 25 from 9 to 1. The group is from Denton, Md. and has quite a good record of most favorable per formances all over the area.

The Chestertown Armery will be the scene of the affair, to which tickets are \$1.75. They are availible through any member of the Varsity Club.

446 Now Enrolled

As of the second semester there are four hundred forty-six full time students and seven special students enrolled in classes at Set Dates For Washington College. New stndents include twelve freshmen, four special students, and nine returning former students and upperclass transfers. The total enrollment for the second semester shows one hundred sixty-two freshmen, two hundred eighty-four upperclass students and saven special students.

Group Holding Rifle Practice

Last night, February 17, several students engaged in rifle practice at the Centreville Armery. The practice was held by the newly-formed rifle club as a result of a meeting held by that group on February 9.

Rifles were furnished for the participants, who went to Centreville at the invitation of that local rifle club, against whom the College rifle club expects to have competition in the near future.

The next meeting of the rifle cinb will be announced soon. Officers for the group have not yet been chosen and all students are welcomed to participate in the

Grad School Tests

All students planning to go to gradute school must take the Graduate Records Examination, to be given April 28, 1956. To be eligible to take this test, appli-(Continued on Page Four)

Of Identity Cards

An explanation was given this week for the issuance of the identification cards now in the possession of most students. They were made up at the request of the local banks and the various merchants patronized by Washington College stu-dents. This request was presented to President Gibson and it was decided that the best solution would be identification cards with attached photos of the students.

Mr. Frederick W. Dumschott, business manager of Washington College had this to say about the cards: "The purpose behind their distribution is to benefit the student as in cases of verifying checks, identifying the student in case of an automibile accident, and as-serting his or her age if the quest-ion arises." Their purpose is to help the student; don't abuse it!

Get Local Branch Of Naval Reserve

The first meeting of the Chestertown Naval Reserve unit will be held this Tuesday, February 21, in Reem 21, Wm. Smith Hall, at 8:39 P.M. The local unit is a 8:39 P.M. The local unit is a branch of the U. S. Naval Re-serve Composite Company 534

The Chestertewn branch, which The Chestertewn branch, which will be under the direction of Commander Harry C. Coleman, U.S.N.R., the local Postmaster, and Commander W. Vernon Kirby, a local magistrate, will meet on every first and third Tuesday of the month. The meetings will consist mainly of lectures and the showing of films telling of the different phases and branches of Navy work.

Any young man eighteen-and-a-half years old or younger is eligible to join. Regular attendance at the meetings keeps the reservist in a non-draftable status. Upon completion of college he must serve Another advantage of the local reserve company is that its memb

THE STUDENTS'-VIEWPOINT

The ELM is attempting to give the students the facts of the Clark controversy on page one. In the following editorial the ELM hopes to present to the Administration the views of the students and, if to indicate the points of friction between them and the Administration. There is no reason to believe that such a complex thing can be simplified without going into much greater detail. This editorial does not claim to represent each student's opinions, because some students are neutral and others favor or oppose the Administration's action on the Clark issue. What is presented here is believed to be the case for the students who oppose the Administration's action, because they are the ones who demand to be heard. The ELM believes that they are the majority group.

In this situation and others similar to it, the students feel that they have been entitled to know why things are done the way they are. The decision to relieve Dr. Clark as Head of way they are. The decision to relieve Dr. Clark as Head of the History and Political Science Department is taking away the services of a man they think is best qualified for the job, and a man who will be difficult to replace with a person equally competent.

Dr. Clark is a great man in the eyes of the students. To them the fact that he is being removed as department head is totally incomprehensible. No official notice of his removal was given by the Administration, and the news leaked out with the same effect as a rumor.

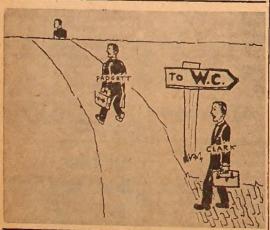

The secrecy surrounding the move stirred up suspicions among the students. When the Administration refused to give satisfactory answers to their questions, they thought that they were being denied an explanation of a matter of great academic concern to them. The Administration's silence gave rise to the rumors and suspicions. The students couldn't help wondering if there were reasons for removing Dr. Clark from office other than the simple and inadequate explanation that he has opposed the Administration's policies. Many students wondered if the action was just and fair, and whether or not Dr. Clark had any available defense and the opportunity to use if

The students had the same high regard for Mr. Padgett The students had the same high regard for hir. Faugen, who recently resigned because his request for a year's leave of absence, to complete work for his Ph. D., was denied. The Administration did not explain why Mr. Padgett's request was denied, an dapparently the students did not seek an explanation. But now that there is a chance Dr. Clark might resign they feel that both the College and Thompselves will not from the college and the college feel that both the College and Themselves will suffer academically from the loss of the two men. Finally, many of the students do not think the new professors are as competent as those who have recently departed from the campus.

those who have recently departed from the campus.

On two specific occasions, this present controversy over Dr. Clark's removal and the dormitory incident in 1954, the Administration has ignored the interests of the students. The result is that the faith the students once had in the Administration has all but vanished. In order to preserve peace between the Administration and the students in the future, it seems that the students must be informed in advance of any changes in which they as a group have a definite academic or personal interest. If giving the students detailed information is a violation of some rule, the rule must be changed.

AS TIME GOES BY

WHY?

Spotlight On A Senior

by Carol Kniseley

This week the ELM honors its past editor and an outstanding Since senior, George Hanst. coming to W. C. from Oakland, Maryland, in his freshman year, George has taken an active part in many campus activities. wit and intelligence are well known to his fellow students through his work on the ELM. George has written articles, edited the news page, and was editor-in-chief of the ELM for one year during his four busy years on campus.

Another organization in which George has been active is Phi Sigma Kappa Fraternity where he served as treasurer for one year and as president last year. Acting as treasurer of the Interfraternity Council was another one of

George's activities. He has also been active in the realm of sports he has played on the tennis team for three years, he plays intra-mural basketball, and was taken into the Varsity Club in his junior year. Another honor came to George during his junior year when he was tapped into O. D. K. He is filling the office of president for O. D. K. this year. Although his future plans are still indefinite, George plans to attend graduate school after his graduation in June. With this distinguished record the ELM spotlight is thrown on George as the outstanding senior of the

Keyhole Humor

My purpose in writing this col-umn is not to offend but to enlighten the students who are most in-terested in other people's affairs . So here goes:

(A Letter to a Fighting Friend in Korea) Dear George,

Nothing much doing back here We sure envy you out there is Korea - right in the thick of things Bet you never have a dull moment. We were over to see your wife

last night and read all of your letters. They were a bit mush, but we don't blame you. Frances is a swell girl. Wonderful figure good looks and personality. boys still whistle at her when she walks down the street, especially in those short shorts and tops.

One of the guys is buying your golf clubs. He said he will pick them up tomorrow, and he paid Fran \$25 for them. That is more than she got for your movie camera and projector.

We had a party at your house yesterday, and Fran sure was the life of the party. I thought she would be a little shaken up after the accident last week with your new Chevy, but you would never know she had been in a head-on collision and smashed your car all to heck. The other driver is still in the hospital, threatening to sue. in the hospital, threatening to sue. Too had Fran forgot to pay the insurance, but the funny part is she isn't a bit worried. We all admire her courage and carefree attitude, especially he willingness to mortgage the house to pay the hill. Good thing you gave her power of attorney before you left, real thoughtful of you. George. real thoughtful of you, George. Well, to get back to the party, you should have seen Fran give her imitation of Gypsy Rose Lee. She was still going strong when we said good-night to her and Clande. Guess you know Claude is rooming at your house now. It's close to his work and he's saving a lot of money by not having to pay board and room. It is getting late now, so we'll stop. We can see across the street to your front porch. Fran and Claude are having a night cap, I guess. Claude is wearing your smoking jacket the one that used to he your

Well, George, wish we could be over there with you. Lucky guy. Give those Koreans hell.

Your pals, J & J

P.S. Pay no attention to the rumor that Fran is expecting. Be seeing you . . (Letter borrowed from a campus

Letters To Editor

The editors of the ELM are entitled to receive congratulations for having met the deadlines for for having met the deadlines for the College newspaper publica-tions. Resulting from the com-parison of the efficiency and punc-tuality of the present staff and previous ones, you have set a rec-ord! I whole-heartedly compli-ment you, although I am inclined to disagree with the editor on cer-tain aspects.

tain aspects.

Concerning the gossip colum which the ELM does not have I would like to make a complaint. According to the critics from the Columbia Scholastic Press Asso-Columbia Scholastic Press Asso-ciation, of which we are not a member, a "Nosey Rosey" column is outlawed or frowned upon. As the past editor of the ELM has pointed ont: When a line or two is written which makes good gos-sip, most of the readers would not be interested because of only the few yearly which there. few people which they may con-cern. He also pointed out that those types of things would be heat in a high school newspaper. On the other hand, our College

WARE—Reid Hall girls are demanding executive positions. How brazen can Freshwomen get?

Jaywalking

In Sports

By J. "Dixie Walker
Although last season's Sho' quintet was ranked third in the nation among small colleges in shooting percentages—a 45.3 mark—, averaged over eighty points a game and managed to score over a hundred points in a game four times, the fact remains that the team had a losing season. They finished with a 7-11 overall record, although their Mason-Dixon Conference showing enabled them to gain a berth in the play-offs. While they averaged eighty points a game, their opponents were shooting at an eighty-two point mean. Of the four games in which they broke the century mark, they won only one.

Of the four games in which they broke the century mark, they won only one.

The performance of the 1955-56 squad forms quite a contrast. The team has no player approaching state scoring champion Jack Bergen's twenty-six point average, but any player onthe squad is capable of breaking the ice in a crucial game. They are hitting the hoops for about seventy points a game at a 40% shooting clip. The Sho' team has yet to score a hundred points in a game, but no team has scored that many against them.

crucial game. They are intung the hoops for about seventy points a game at a 40% shooting clip. The Sho' team has yet to score a hundred points in a game, but no team has scored that many against them.

The opinion here is that Coach Ed Athey's return to the helm has made the difference. Under Athey, the team is performing as a unit. They are now among the top three teams in the M-D Conference and have their eyes fixed on the approaching play-offs. The amiable Athey knows how to get the most ont of his players, but at the same time, does not adhere to the old "win at any cost" adage. Needless to say Coach Athey is a great credit to Washington College.

DIAMOND CHIPS

Coach Tom Kibler called the initial practice of the 1956 baseball squad on February 14 . . . No less than seven basketball players will be out for baseball this season. They include Ron Sisk, Leo Gillis, Bob Sullivan, Roy Henderson, Russ Summers, Al Bernard, and Lon Borbely . . Fred Van Dusen, the diamond sensation from New York who signed with the Philadelphia Phillies has departed from the Washington College campus to attend the Phillies' preseason training camp at Clearwater, Florida, with 44 other Phil hopefuls. Van Dusen is the only outfielder from the group to be selected to remain for the regular training season, which opens March 1. . . Roger Smoot, one of Washington College's outstanding athletes and scholars, is descended from a family with quite an athletic background. Not only was Rog's father a great athlete here, but his grandfather, Homer Smoot, was so good a baseball player that he played five seasons as an outfielder in the major leagues. In 1902, his rookie year, the eldest Smoot played 129 games batted 313 for the St. Louis Cardinals. He followed this with batting marks of 296, 281, and 311, playing in more than 100 games each season. He bowed from the major scene in 1906 and some years later served as baseball coach at Washington College . . . Coach Ed Athey has been telegated and scholars in the played five seasons as an outfic

SUSQUEHANNA HERE TONIGHT

Washington College plays host tonight to Susquehanna University of Schingsgrove, Pennsylvania. The Sho'men, smarting from their 82-70 defeat at the hands of Loyola College, are look-ing for a win to add to their 8-7 ing for a win to add to their 8-7 overal frecord. Pacing the Sho' five tonight will be their 5'8" gnard Joe Seivold, who has scored 56 points in the last two games. His 30 tallies against Loyola Thursday night was the highest total scored by a Sho' player this season. Other Washington College stalwarts include the highbounding Ebe Joseph, hero of the Baltimore U. thriller, Bob Snilivan, Ron Sisk and Leo Gillis. Roy Henderson, a 6'3" center, Ken Solden and Bill Davis, both good floor men, can be counted on for floor men, can be counted on for much relief work.

Washington College set a blistering pace during the past two weeks winning five of their last six games to move into third place in the Mason-Dixon Conference. Close victories over American U., Catholic U., and the Baltimore Bees enabled the Sho' five to emerge to the top of the scramble for third place and almose assure them of a M-D playoff herth.

The Loyola Greyhounds hold down the top spot in the conference with an impressive 10-0 record.
Mt. St. Mary's, pre-season favorites to capture the M-D title, is second with an 9-1 slate, their only loss being a thriller to Loyola.

Sho' Track Team Runs Fourth In Washington Meet

By Bill Miller

After spending a hectic evening

The Loyal Opposition

By Tom Jones

and this self-praise is largely justified, but, whenever progress is made as rapidly as it has been made here, there are inevitable lags. Facets of college life do not improve as rapidly as others, and the results can be highly au-

In many ways, the regulation of the students here is positively Moyen Age. I understand that, as of this semester, the girls are to be allowed slightly longer hours, but, like the French concessions in but, like the French concessions in North Africa, it is probably too little and unquestionably too late. However, there are other matters of student regulation even more pressing.

One of the worst of these is compulsory assembly attendance. Seniors have been forgiven this requirement, as were juniors for the time when the balcony was so benevolant as to sag, but, for the majority, there is but one assembly majority, there is but one assembly cut allowed each semester. Let us look at the program from the point of view of everyone who is interested, to see if there can be any justification for making it compulsory.

compulsory.

In this year alone, how many speakers have opened their remarks by wishing that they were not speaking to a "captive audience"?

What is more, how many organi-What is more, now many organizations do not have an assembly program for fear of such an audience? Nothing is so unpleasant as speaking to someone who has cotton, either physical or intellectual, in his ears. And yet we persist in insulting visiting

we persist in insulting visiting speakers with such listeners. There are two kinds of people in Bill Smith Anditorium every Thursday morning, those who want to be there, and those who want to to be there, and those who want to be at Washington College enough to come anyway. The opinion of the latter for the program need not be enlarged upon. Even the former lose much by being surrounded by their uninterested schoolmates, for, with no more than offitz present audience marticipes. than fifty percent audience participation, a speech never come alive. There is a dead atmosphere about the whole procedure. And this is the least harm that can be done to the interested, the extreme heing illustrated by my encounter with a group of giggling freshmen who, forced to attend the last concert, determined to enjoy themselves

anyway.

Finally, there is the point of

Dean's List Shows 16 Seniors Cited

Twenty-eight were placed on the end of the Deau's List at the first semester. Included are six-teen seniors, three juniors, four sophomores, and five freshmen. The following are the students who received an index of 2.500 or better and were placed on the Dean's List: Seniors, Charles Barton 2.625 Les Bell 2.764, Ken Bunting 2.800, Les Bell 2.764, Ken Bunting 2.800, Emily Dryden 3.000, Sondra Duvall 2.750, Dave Fields 2.900, John Howard 3.000, Joe Keller 2.611, Roger Kinhart 3.000, Joan Kramer 2.671, James Leonard 2.625, Harvey Samis 2.588, Roger Smoot 2.928, Robert Sullivan 2.500, Joe Szymanski 2.833, Rou Thomas 2.642, Juniors, Charles King 2.812, 2.642, Juniors, Charles King 2.812, Barbara Long 3.000, Paul Proom 2.812, Sophomores, Eva Corliss 2.687, Tom Elmore 2.875, Pete Reicks 2.625, Arnold Sten 2.500, Freshmen, Touy Byles 2.812, Bruce Cooperman 2.812, Sally Groome 2.625, Judy McCready 2.812, Barhara Wyatt 2.812.

Much has been said about the progress that Washington College has made in the last few years, and this self-praise is largely I do not believe that this is the case. In the first place, I do not believe that you can teach most students anything without giving them an examination in it. Second-ly, I do not believe that the dog-matic presentation of religion, by Bible readings and prayers, can be construed as liberal in any sense. Finally, I do not believe that true education can be conveyed by the lecture method.

Convocation

part, modeling the fashious popular part, moderng the fashions popular these last 250 years. Several mem-bers of the faculty are helping out with the preparations, mostly as committee chairmen.

As preparations are now in full swing any students desiring to participate in the celebration or to assist in any way should consult Dr. Clark, that they might be directed to the proper committee chairmen.

Letter To Editor

of the paper and most of the readers on the Washington Col-lege Campus would be very inter-ested in knowing what's going on. Besides all this, let some of the things the students do be brought things the students do be brought to the surface. It will eventually get around by word of mouth anyway! Let the intellects who sit in their rooms and study all the time get the lowdown on a few things! To me a gossin column would seem no worse than J&J Jabber which usually deals with

Jabber which usually deals with something about the Bluebird (which at this point has won first place over the American Eagle!). Along with T. J., I am an andent reader of the paper and hope to be for three more years. A few of the critics in Reid Hall are troubled by the recessive traits of their college paper. Most likely they will be a part of the publications division in the next few years and they are already looking for places where improvements can be made. In order to show years and they are already looking for places where improvements can be made. In order to show those persons who feel that the student body has no interest in the school's publications, that the interest is increasing, the occupants of Reid Hall will continue to submit material for publication. Although we can not assure you that this material will be of high literary, value, we will endeavor literary value, we will endeavor to make it of benefit to the paper. Pat Shaffer.

(Authorized by a few of the Reid Hall Critics).

The very kind editorial in the last issue of THE ELM fully merits a note of appreciation. May its a note of appreciation. May I express my personal thanks for the comments contained therein. My only hope is that what has been for me a very pleasant stu-dent-faculty relationship justifies

dent-faculty relationship justifies in some small way those opinions. At the end of five and one-half years of service on the Washington College faculty, less one year, r951-1952, on leave, I should like to express my best wishes to the students, past and present, and to students, past and present, and to my fellow faculty members with whom I have worked over these years. It has been a rewarding experience to know, and learn with, each and every one of you. I shall miss Washington College even though I am most auxious to move on to new shores. Good

luck to all of you,

Edward R. Padgett.

WASHINGTON COLLEGE

SATURDAY, MARCH 3, 1956

ODK Honors Three Here

Omicren Delta Kappa initiated Omicren Delta Kappa initiated three new members on Thursday, March 1, after tapping ceremonies held at assembly. One student, Al Albertson, was initiated; the other two men were Mr. Norman "Doe" James and Dr. Phillip J. Wingate, '33, guest speaker at the assembly assembly.

Wingate, a fermer editor of The Elm, is an industrial chemist with Dupont and was honored sev-eral years ago by this college for is outstanding achievements as an alumnus. During his talk Thursday he impressed upon the students the necessity for a bal-ance of leadership in all aspects of

life.
Mr. Norman James, assistant nr. Norman James, assistant professor of English, was henor-ed at Thursday's assembly as was Al Albertson, Editor-in-Chief of The Elm and president of Theta Chi frateruity.

Caporoso Elected By Lambda Chi

Jerry Caporoso was elected president of Lambda Chi Alpha on February 6. He will succeed Jack Hunter in that capacity, representing that fraternity in all campus activities. Joe Keller will by Mike Kochek, who has been ritualist during the past year. Berky Kenny was re-elected for the post of secretary.

Sharp. Chuck Foley was elected social chairman, succeeding Roy Pippen, and Sonny Usilton was chosen as ritualist.

Jerry Caporoso, in addition to his other duties as president, will continue to serve as rush chairman in a temporary status.

Theta Chi's Elect Al Albertson Prexy

Elected president of Theta Chi recently was Al Albertson. takes over this post from Roger Smoot. Bob Beaton, the present secretary, was chosen as treasurer for the coming year and the new vice president will be Dick Farrow.

Albertson is succeeded in the secretaryship by Chico Rovira. The present incumbents of the The present meumbeus of the posts of vice president and treasurer are Bob Beaton and Hezzy Howard, respectively. Bruce Beddow will fill the position of corresponding secretary.

Phi Sigma Kappa Re-elects Winkler

The recent elections of the officer of Phi Sigma Kappa resulted in the re-election of Jack Winkler the re-election of Jack Was president of that group. as president of that group. Bob Colburn, the present vice president, was re-elected to that position. Jerry Yudizky is the present secretary and will be succeeded by Bob Gillespie. Jack Becker takes over the post of treasurer, now held by Bob Shoekley.

THREE NEW MEMBERS tapped into Omicron Delta Kappa Thursday's Assembly. Left to right, Mr. Norman James, English Professor; Dr. Philip J. Wingate, '33, guest speaker, presently an industrial chemist with duPont; and Al Albertson.

Award Contract For Dorm Work

A low bid of \$341,000 has been accepted by the Board of Visitors and Governors for a new wing to Somerset House. Final approval of the bid must come from

will come from college funds.

A. W. Josephs, Inc., of Dover, the post of secretary.

Taking over the position of treasurer in the coming year will be Roy Pippen, who succeeds Bernie Mitchell. Sam Macera now childs the post of pledge trainer which will be taken over by Al Sharp. Chuck Foley was elected the work, it is hoped that the new wing, which will house thirty six men, will be available for use by the start of school next September.

This is the first of a series of additions and renovations designed to provide more and better quarters for the men students. When completed, the three fraternities along Washington Ave. will choose among themselves to decide which will move into the wing. Present plans also call for moving the men from either Middle or East Hall to the new wing to permit the renovation of first one hall and then the other. With the renovation of Middle and East Halls, the two remaining Washington Ave. fraternities will move, and "Dorm Hill" will become "Fraternity Hill". The present fraternity houses will then be made into attractive apartments faculty memhers.

Dadrian Resigns; To Continue Study

tends next year to write his second and minds will be appealed to and dectoral dissertation in political each person in the audience will be able to form his own inter-Zurich, where he has completed all his course requirements. For this work Professor Dadrian feels he

Clark Calls Action An Injustice

Professor Charles B. Clark has told the StudentCouncil that he has been misjudged and that the college's president, Dr. D. Z. Gibson, has been ill-advised, regarding the former's deposition as history and political science department head. Dr. Clark stated his objections last week to a special closed session of the Council.

The Council previously had heard President Gibson explain that department chairman are administrative officials only, and thus are removable at will.

Dr. Clark said that he was Dr. Clark san that he was "shocked" when he was infermed of the president's decision to re-move his chairmanship. None of the reasons had authing to do with his work as head, he announced, adding that if he thought he had fallen short in his duty he would have approved a change

During the meeting he refrain-ed from mentining particulars because, he said, he didn't wish to involve anyone's past conduct.

Dr. Clark, department head for

Greeks Pledge 92 New Members

from the effice of the dean and the pledging ceremonies were held This preliminary initiation was held by the fraternities from Monday until Tuesday (February 20 and 21) for 12 hours. The soror-ity pledges were "silenced" from thy pledges were "silenced" from Thursday night until Friday night of the same week. The final for-mal ceremeny for the serorities was the pledging on the evening of February 27.

Sororities welcomed the following pledges

Alpha Chi Omega, president, Doris Hall - 13 pledges

Phyllis Burgess, Susan Elliott, Virginia Gilmore, Ellen Green, Sally Ann Greome, Helen Hull, Regina Jerumanis, Rena Knicker-becker, Mary Elizabeth Norton, Joan Russell, Eleanor Sewell, Eva Shenberg, Elizabeth Young.

The Chesapeake and Potomac Telephone Co. is interested in senier men majoring in chemistry, physics, or mathematics for positions in the and women for training in re-sponsible administrative positions. The women should realize that the well-paying positions.

Students interested in obtaining more information about the oppor tunities available with the tele-phone company should give their name to Dean Doyle's secretary so that Mr. Matt, of the company, can arrange an interview at the school. Those interested can also phone Mr. Matt at the local office,

or visit him in person.

Notice-

Course Dropping Deadline

The deadline for dropping courses without getting a failing grade has been tentatively set as Saturday, March 10.

As explained by Mr. Foster, this is equivalent to what would have been the first grade period plus one week, which is the way the system worked under the old monthly-grade pattern.

Spring Vacation

Monday, April 2, is for traveling back to school from the Spring vacation. Classes will resume their regular schedule on Tuesday, April 3, This is in correction of the calendar that is in the 1955-56 college catalog. The vacation begins at the close of classes on Saturday, March 24, as listed in the calendar.

Strindberg Play is Set For Three Performances

International Theater International Theater Month-will be observed at Washington College with the Washington Players' production of August Strindberg's three act tragedy, "The Father", on Thursday, Fri-day and Saturday, March 8, 9, 10, in William Smith Auditorium.

Dr. Doniel Z. Gibson, president of Washington College, received the resignation of Dr. Vahakn U. wright's work. Instead of trying Dadrian, assistant professor of sociology on February 8, to be effective at the end of this academic year.

Dr. Dadrian stated that he include any to some stated that all types of persons and minds will be provided by

Bob Gillespie. Jack Becker takes over the post of treasurer, now held by Bob Shockley.

Mickey Anderson is succeeded as sentinel by Kenny Barrett, and Bucky Ford was re-elected as inductor.

his course requirements. For this work Professor Dadrian feels he should be near a large, specialized as library.

President Gibson said the resignation is yet to be acted upon by the Visitors and Governors.

An example of this appears in the role of the wife, Laura. She is generally portrayed as having a crafty and elever animal instinct that completely dominates the father at all times and brings about his eventual ruin. Samis,

a well-rounded individual.

A series of conflicts builds up shocking several stirring and several stirring and snocking situations, of which the closing scene is one of the most dramatic and difficult to be attempted on the local stage. The over-all con-flict is that between rational man and irrational woman and the in-ability of the rational mind to cope with the intuitive mind of

woman.
Strindberg's plays are rarely
done in the popular theater, primarily because of the difficulty
involved in acting and following
his inadequate stage directions. will There is, however, intense literary and magnetic magnitude in his work.

In proving that good literature is good theater, director Samis has established these evaluations: have you hroadened a person's college catale outlook? have you contributed to his basic knowledge? have you (Continued on Page Four)

THE CASE FOR CONSERVATISM

Many students have criticized the Elm because it doesn't have enough snap, crackle and pop. There are two ways the criticism can be viewed. First, conservatism can be reflected tone of the writing-either mild, strong, or violent. Second, the paper can take an obvious stand on a partisan or controversial subject by giving disproportionate space and

controversial subject by giving disproportionate space and attention to them; or it can support the causes toward which its editors and publishers are sympathetic.

Both trends are dying a slow death in American newspapers. The fire-breathing editor is becoming as obsolete as the fringed surrey, and for a good reason. The high level of present-day adult education enables a great majority of the people to make independent decisions if the facts are presented to those in a space accurate and unbiased manner. (which to them in a sober, accurate and unbiased manner (which should be the proper goal of any newspaper). The proposition is based on the assumption that the well educated adult takes time to read the facts.

The Elm is therefore committed to the middle way, in which slanted news is avoided. The paper's policy, if it can be stated, is objective reporting and simplification without interpretation. That is the only safe policy that will result in satisfying the greatest number of readers and offending a minimum of them.

satisfying the greatest number of readers and offending a minimum of them.

There are, to be sure, worthy causes that deserve the support of the press. They are best supported and explained in editorials. But even there care must be exercised. Launching an all-out attack on anything less than obvious political or social injustice, for example, is not good editorial policy.

The primary purpose of the Elm is to provide journalistic experience for the members of its staff. But, since all of the students must give financial support to the Elm while only a few can write for it, there are good grounds for considering the students' reasonable demands concerning their newspaper.

CAUSE FOR ALARM

The assistant fire chief of the Chestertown Volunteer Fire Department has pointed out the need for some audible alarm in each of the College's dormitories. Such a system would alert all the occupants of the building at any hour of the day, and it shouldn't be extremely expensive. If it saved one life it would justify itself.

Poet's Corner by Pat Shaffer

Wordsworth - My heart leaps up when I behold

Tennyson - An infant crying in the night

Byron - I never saw its like before-Shelly - It struggles and howis

at fits.

Browning - What is he but a brute
Milton - Of Cerberus and the black-

est midnight born?
Burns - Thou'll break my heart,

thou bennie bird!-

Arnold - Creep into thy narrow bed, Creep and let no more be said.

Kipling - (Lremember going crazy. I remember that I knew it.) Hood - Oh! but for one short hour,

a respite however brief.-Browning - Oh! to be in England! Marvel - But ever behind me in the night I hear

Arnold - Its melancholy, long with-

drawing roar, Wordsworth - Nor harsh nor grating, though of ample power. on - But when the rising moon

begins to climb. Henley - Out of the night that covera me, Southey - Young Peterkin, he crics,

Pope - And screams of horror rend the affrighted skies.

Wordsworth - Why all this toil and

nold - Thou art tired, best be

Shakespeare - What? You egg! Wordsworth - Shout round me, let me hear thy shouts! Shelly - Wail, for the world's wrong!

Keyhole Humor

Memo - Recent recording "Ladies Room" soars to the top of the Hit Parade. W. C. girls were in excellent voice.

Memo - Spring is coming ... Courses now available. . . See Chris and Chuck for Beachparties 101 .Advanced courses from Bitzie and Bernie.

Memo - Poor Jim . .

and concern about the campus and campus life and to offer suggestions for their improve-

STUDENT GOVERNMENT

The recent removal of Dr. Clark department head brought the Student Council to the fore as the speaking agency and liason unit of the student body in its association with the college admini-stration. The Student Government stration. Association, of which the Student Council is the executive branch. shown a general indifference and lack of knowledge in its operations, although the Student Council is probably the most im-portant undergraduate activity at Washington College, or on any other campus.

Few students realize that the Council meetings, which are held at 6:30 every Tuesday evening in the meeting room in the basement of the Library, are open to the entire student body. Nor do most students know that they are represented by the following: sopho-mores - Bob Colborn and Tom Elmore, Juniors - Carol Knisely and Nancy Jalbert; seniors - Jack Winkler and Barbara Mershon. The executive officers, elected by the entire student body in the Spring, are: Bill Warner, President (filling the vacancy left by Ralph Laws); Marie Pasquerello, Vice President; Anna Lucy All-spach, Secretary; and Roy Pippen, Treasurer

Everybody complains that the Council should look into this or that, without realizing the work that it has accomplished and currently undertaking. It has sat in lengthy meetings with representatives from the administration and the cafeteria in an unpublicized effort to iron out menu and service complaints about the Dining Hall. Improved lighting in Wm. Smith Hall is another product of the Council's initiative, as is the recently formed Pep Band. It is now busy drawing up a wide program for improved student activities and reconstructed facilities. ties and recreational facilities These are but a few of the many things that the Council is doing for its general membership.

Since the beginning of the school year the Council has been working , a year the Council has been working to to develop a vast plan of reorgani-his zation. The present Student ter Government set-up is still in its hip early stages, having been formed ma years of any semblance of an undergraduate governing body. As the Council is organized under its present constitution, there are the eleted officers and six delegates representing the upper thre col-leges classes. Three sub-committees - nominations, constitution and by-laws, and social - have chairmen but no permanent members. Each time the committee cussion he must draft the rest of his committee. Under the proposed new set-up, all committees would have permanent members.

The most important improve-ment in the new plan is the con-solidation of the thirty four extracurricular activites on the campus

Hypocrite - A boy who goes to class with a smile on his face. Mistake - All A's on a semester report,

Nonsense - When an elephant is hanging over a cliff with its

tail tied to a daisy. Turmoil - A classroom during the absence of the instructor.

The spirit of '56 is the spirit to into a twelve-member Inter-Club strive for the continual improvement of Washington Colecumittee of the Student Council lege. In the pursuit of this spirit, it will be this column's endeavor'to bring to light many ties and calendar of the thirty four endeavor to bring to ngue meny little-known facts about some of clubs and organizations and repor-the major items of discussion the talents and services of the organizations to publicize and pro-organizations to publicize and pro-fortheoming activities. The mote forthcoming activities. The of considerable research by Mis Padget, the college's social directs Student Government organi zation and problems in other leges across the country. In the suggested Inter-Club Council con solidation up for consideration, th four fraternities and three soror ities would be represented by respective IFC and Panhelenic delegate. The three bonor societies ODK, SSO, and Alpha Psi Omega would be teemed up under one representative. Another delegate would represent the four religious clubs. Other council members would be from: Athletics (Var-ity Club, GlAA); Art Club; Choir, Political Union (Young Democrats and Republicans, Forensic); Music (dance and pep bands, cheer leaders); Washington Plavers; Publications (ELM, PEGASUS); Special Interest Clubs (FTA, French, Mt. Vernon Literary Society, Society of Sciences). By the consolidation a workable organization is had that should be of great assistance in solving many of the difficulties with which the individual organizations have been confronted in the past in their attempts to make their activities successful.

Coordinating and uniting these organizations is one big step forward in strengthening the Student Government Association. Another major innovation is the monthly meeting of the executive branch with the general assembly. these meetings the Council's activities for the past month would be reviewed for the entire student hody. This would be followed by (Continued Page 4)

Girls Open Cage Season 96-70 In M-D

Once again the girls bave invaded Cain Gymnasium. The Girls' Intramural Athletic Association has begun it's Intramural League. This year's league is composed of five teams: The Zeta's, Alpha Chi, A. O. Pi, Freshmen "Oranges," and the Freshmen "Greens"

The Zeta's, last year's intramural champions, jumped off to an early lead by winning their first two games. In their opener on February, 12 them.

31 markers in this victory.

The Freshmen "Greens" split their first two games, winning over Alpha Chi 26-21 and losing to A, O, Pi, -.

Loyola Wins

By Jim "Dixie" Walker

The Washington College Sho'men put up a valiant first half battle against Loyola in the opener of the Mason-Dixon Basketball against Loyola in the opener of the Mason-Dixon Basketball Tournament on March 1, at Catholic University, but the Grey-hounds secored 52 points in the second half to rout the Sho' five,

February 13, they romped over
A. O. Pi, 54-27 and followed this up
with a 43-22 win over Alpha Chi.
The Freshmen "Oranges" lookthe Freshmen is their only 23-21. Fibe Joseph sparked this The Freshmen "Oranges" look-men grabbed a first quarter lead of ed very impressive in their only 23-21. Ebe Joseph sparked this contest, whipping the hapless A. O. Fi's, 43-22. Joy Leverage, an caging one shot from the flor and Pi's, 43-22. Joy Leverage, an caging one shot from the floor and 'Orange' forward, accounted for coverting a perfect 7 for 7 from the foul line. Throughout the re-mainder of the frist half, the spunky Sho' men showed that they were not to be regarded as push-

Jaywalking In Sports

Jim "Dixie" Walker

Jim "Dixie" Walker
Until the fatal eve of February 16, the Sho'men were
rolling along in fine style, especially in their Mason-Dixon
Conference showings. But after their fabulous comeback
victory over the University of Baltimore, the bottom dropped
out. They lost their final four games, three of which were
M-D Conference tests, and finished thier overall 1955-56
schedule with a lackluster 8-10 record. Their surprising M-D
mark of 8 wins and 3 losses, maintained until the Loyola
game, dwindled to 8-6. Rather a disappointing finish to an
otherwise exciting season.

otherwise exciting season.

Nevertheless, their early splurge enabled the Atheymen Nevertheless, their early splurge enabled the Atheymen to be counted among the contenders in the Mason-Dixon playoffs, which opened Thursday at Catholic University in Washington, D. C. As luck would have it, the Sho'men drew Loyola, top team in the conference, for their playoff opener. However, this could be viewed as a blessing in disguise, for the Sho'men seem to perform much better against the Greyhounds than against that other Washington College nemesis, Mt. St. Mary's. If the Athey men can slip by the Loyola five, they will meet the winner of the American U. - Catholic U. contest. The Sho' men have defeated each of these teams this season, so the sledding would become a bit smoother after the opener.

Anyway, regardless of who they meet or how they fare, it is a certainty that the Sho' squad of Seivold, Sisk, Gillis, Sullivan, Joseph, and Co. will be fighting right down to the final buzz'er.

(Continued Page 4) sky, Summers, Borbely.

chores by netting 10 of the 15 points that the Atheymen scored ong Loyola forward, paced the Greyhounds' first half efforts with 11 markers. Loyola led at halftime, victor's home court by a score of The Greyhounds, displaying the Greyhounds and the Greyhounds the Greyhounds and the Greyhounds and the Greyhounds and the Greyhounds are the Greyhounds and the Greyhounds and the Greyhounds are the Greyhounds are the Greyhounds and the Greyhounds are the Greyhounds and the Greyhounds are the Grey

Birds, Fizz Bars Tie For League Lead

by Sam Macera

The 1955-56 Intramural Basketball season drew to a close this week but not before the two titans of the league, the Fizz Bars and the Blue Birds, had their un-blemished records spoiled. The Blue Birds were the first to

taste defeat, going under to under-dog Theta Chi, 47-37, as Warren Wasson, the league's number three scorer, dumped in 12 points. In what might be considered the game of the season, the Birds came back to snap the Fizz Bar's unheaten skein by squeezing past the league leaders, 42-29. Ron Deeflice was high for the winners with 17. Both ended the season with identical 10-1 records.

Sho' Five Drops Final M - D Games

By Sid Friedman

Washington College, fighting to maintain their position in the Mason-Dixon Conference, dropped their last two contests. The losses gave the Sho'men a final 8-6 Mason-Dixon record and a seventh place slot in the Conference stand-

The shooting of Ron Sisk and widen their lead shortly after the but when big Ed Balint, C. e. halftime intermission. Jim Staiti and Denny McQuire sparked of 19 points in that initial half, it began to spell defeat for the Shol quintet. Al Uber aided Balint in the second half by dropping in 18 the second half by dropping in 18 markers, as the Catholic U. team widened their lead.

Joseph paced the Sho'men with a total of 17 points, with help from Joe Seivold, with 13, and Ray Henderson, who scored 12 points. Balint and Uher led the C. U. attack with 26 and 20 points re-

spectively. MT. ST. MARY'S 109, SHO'MEN

Mt. St. Mary's overwhelmingly defeated the Sho'men in a second half rally that saw then putscore the Sho' five, 63-47, in a contest they won, 109-81.

With Joe Seivold, Leo Gillis, and

Ebe Joseph showing the way, the Sho'men built up a lead that they were to hold until one minute and five seconds in the first half when Bert Sheing connected with two shots and a free throw to give the Monnts a first half lead of 46-44.

When the second half opened, the Mounts, behind the shooting excellence of Sheing, Bill Stanley and Frank Smith, built up a lead of 18 points after thre and a half minutes of action. Their biggest lead of the game came with

three minutes remaining when they boasted a 30 point bulge. The leading scorers for the Atheymen were Leo Gillis, with 18 points, Ebe Joseph and Joe Seivold who accounted for 13 markers each.

The playoffs for the league championship, which will include the top six teams, are scheduled to get under way Monday, March 5th and continue until Friday. The two finalists will meet in a best out of three series. The number one of three series. The number one and two teams, the Fizz Bars and Blue Birds respectively, have drawn byes for the opening round. The Birds will plny the winner of the Kappa Alpha "A"-Trotters contest while the Fizz Bars will tangle with the victors of the Theta Chi-Neat Guys game.

The Kappa Alpha "A" team (9-2) finished in the number three spot with wins over KA "B", 42-30, Neat Guys, 52-41, and the Syndicate, 49-87. Theta Chi (8-3) Syndicate, 49-87. Theta Chi (8-3) finished the season a half game hehind KA "A" with wins over the Blue Birds, Foxwell, 45-39, and G. 1. Hall, 45-49. The Trotters (7-4) with victories against KA "B", 46-39, Neat Guys, 79-67, and the Syndicate, 74-54, ended up in the number five spot.

The finel playoff berth ended in a deadlock between the Neat Guys (5-6) and Foxwell (5-6). A one game playoff was held and the Neat Gnys, paced by Herm Schmidt's 32 counters, came np with the victory, 47-41, in two overtime periods.
Schmidt also captured the in-

Six Vets Return For Track Team

With spring just around the corner, the track men of Washington College are beginning to don their running attire. So far this year, twenty five men have signed up for positions on the track squad. Coach Don Chattelier points out that only six of the twenty five candidates are veterans, so there

are still many positions open.

Heading the list of veterans is
Ebe Joseph, who performed in
many capacities last year for the
Sho'men. Rounding out the returnees are: Ham Bauer, high and low hurdles; Roger Kinhart, jump; Buddy Moore, two mile and 880; Boh Penkethman, broad jump and 220 and Ralph Usilton, high hurdles.

Coach Chattelier will count heavily on his veterans but there are also a few highly touted hopeare also a few highly touted hopefuls from the Freshman class. Jim Pickett set a Maryland state high school record in the pole vault last year when he scored 11 feet 6 inches. Joe Thompson proved his worth during the cross country season by finishing second to the perennially good Buddy Moore in total points. Two other Freshmen runners are Tommy Crouse and Jay Cuccia. Crouse ran for Chattelier in the cross country season and performed well. Cuccia, too, made a good showing when he too, made a good showing when he ran in the Evening Star Meet in

Washington, D. C., on January 21.

This year all of the meets will be held on the road because of possible renovation of the home track. The season's schedule is as follows:

follows:
April 6 - Loyola
April 17 - Catholic University
April 21 - Western Maryland
April 28 - Baltimore Relays
May 1 - Towson Teschers
May 5 - Penn. Military College
May 8 - American University
May 11 and 12 - Mason Dixon

Championships at John's Hopkins.

general discussion from the floor at which time the students could contribute further suggestions of criticisms. Also present at these monthly meetnigs should be repre sentatives of the college administration who would be free to enter the discussions and present the administration's viewpoints. The 11:15 period on Tuesday, an as sembly period on Thursday, or any day at 12:45 are possible times that such a student body-Counciladministration meeting could be held. At present the auditorium offers the best facilities for the assembly place. After it is completed the Field House could be

another location possibility.

The posting of the weekly minutes on the bulletin board and a more complete coverage of the Council's activities in the EIM would enable the students to go to the general assembly fully prepared with questions, criticisms,

A survey sponsored by the United States National Student Associ-ation has shown that students, in general, have several mistaken attitudes about their student government and college ndminigovernment and college admini-stration. The common beliefs of the government are: that it does not accomplish anything; that student leaders are a hunch of politicians whose self-interests over the students' interests; that the student government is a tool or a puppet of the administration; or that the government lacks the back-bone to make a strong, solid stand. As for the administration it is viewed as "severe and moneyminded", "intolerant and mistrust-full", "authoritarian", "changing from liberality and freedoms to restriction", and so on.

The above proposals would do much to eliminate these misconceptions. Monthly assemblies and a better informed student body will prove that the Student Council does do many things of benefit for the people it represents. Also, the administration will be able to explain many things first-hand, before inaccurate reports and rumors have a chance to spread around via the "grape-vine"

The Student Government is the foundation of student life. Improving and strengthening the Conneil, and coordinating its activities more closely with the administration, student body, and other organizations is the first and biggest step in bettering the life of all on the college campus.

point production against Lambda Chi. Shelly Goodman (Trotters) came in second with 219 counters and a 19.9 average. Warren Wasson (Theta Chi) was third with 187 points and a 16.9 average.

In the team scoring department Trotters walked away with the season crown, rolling up 560 points, besting the Fizz Bars who came in second with 528 counters.
Kappa Alpha "A" (517), Foxwell
(516) and the Blue Birds (507)
business, and social fields. complete the top five. The Fizz Bars hold the record for the sea The Fizz son's high game, an 83 point effort against G. I. Hall.

Dr. Clark is a donor of the Clark - Porter medal, awarded at Dr. Doyle again reminds all seniors who want to apply for graduate school and fellowships that they should file their appli-cations immediately as the deadhas done the most to maintain a high moral tone among the students. line for such filing is rapidly approaching.

KAPPA ALPHA LED GREEKS LAST TERM

The scholarship record for the first semester, 1955.'56, showed the senior class index to be 1.797, junior 1.384, sophomore .993, and

Alpha Chi Omega 1.528, and Zeta Tau Alpha 1.486. The total all the all sorority index was 1.532, as was the all sorority index. The all women's index was 1.420 and all men's 1.190.

JAY WALKING IN SPORTS - Continued From Page 3

This year's intramural basketball program has probably

This year's intramural basketball program has probably reached a new high for effectiveness. There were twelve teams in the league with close to one hundred students participating. This is a giant step toward fulfilling one of the primary objectives of an intramural program—athletics for all. Often the play in an undivided twelve team league becomes lopsided and boring, but not so this year's campaign. The competition has been exciting and the caliber of play surprisingly good. In addition to the thrilling battle for first place between Joe Syzmanski's Fizz Bars and the Bluebirds, interest was also held by the mad scramble for the number six slot and a playoff berth.

The officiating of the early games came in for much criticism, but the handling of games steadily became more efficient as the season progressed. Perhaps a training program for game officials or the selecting of a staff of officials before the season opens would help to solve this problem in the future. The Managing Editor and his assistants will work with the Editor in making up the ELM and writing the headlines.

the future.

Our hats are off to Coach Don Chattelier and Warner Andrews for their fine handling of the league this year. Both are hardworking and conscientous men who have greatly improved the intramural cage setup this year and they plan an even better league for next year.

college To Send Reports In April

Mid-semister grade reports will Mid-semister grade reports will e sent out to the students by the first week of April, the Registrar's fice has announced. The reports nay be in the mail in time for the nudents to receive them while key are at home during the Spring acation.

The mid-semester marks are entative grades. They are neither ntered on the student's permanent scord card nor figured into any ndex calculations.

The purpose of issuing a complete report on all subjects, rather than just those in which unsatisfactory work is being done, as has been the practice in the past, is to give the student a more complete picture of his over-all progress by he middle of the semester. Those udents who receive unsatisfactory rades, (D and F), should consult heir faculty advisors to see what an be done to improve the grades or the study habits

Downs, Moriarty Win Elections

Lois Fuchs in the general balloting last week.

Since then Moriarty has school, and Council President Bill citement of genuine drama.

Warner has not appointed a successor as yet. Freshman repre-sentatives will serve until the annual Council elections are held in late April.

A primary election the week pre-vious eliminated Boh Belsley. Nominations were made through the prescribed petition method.

Response to the election was poor, according to Bob Colborn, the Army Moves Student Council's chairman of elections.

Dr. M. C. Berger To Speak Here

beaker at assembly on Thursday, April 12, and will give a talk on the "Problems of Primitive People in Transition." The announcement tame this week from Dr. Irving Barnet, chairman of the committee on assemblies. Dr. Berger's talk will cover principally the Samoan people and their problems in meeting the new demands of the 20th century.

Born in Chicago, Dr. Berger studied at the University of Chicago, where she received her B.A. in economics in 1935 and the degree of Doctor of Law in 1937. In World War II she worked with LIMDPA in the Mediterranean In World War II she worked UNRRA in the Mediterranean region.

Dr. Berger is a member of the Bar of the United States Supreme Court and has served as advisor on United States delegations to the Trusteeship Council of the United Nations.

She has studied the problems of quite a number of the more primitive peoples, especially those encountered in meeting needs of the 20th century.

Erin Go Bragh! Happy St. Patrick's Day

Players' Staging of 'The Father' Thumbs Nose At Broadway

With a vigorous back of their hand to the inanity of Broadway, the Washington Players last Thursday, Friday and Saturday nights produced August Strindberg's THE FATHER. It was an ex-cellent choice, for this play is a masterpiece of modern realism. In America mere dilutions of Strindberg have a way of passing for drama, and Strindberg himself is

He is not easily done. An actor's usual bag of tricks will not pro-duce a Strindberg character, and for about half of Thursday's performance one feared that the actors were keeping a professional distance from their author. Mr. Daniel had occasionally the air of a hadly strung marionette, and to catch some of his glances one would had to post outfielders on Washington Avenue. Miss Groome's washington Avenue. Miss Groome's unrelieved malignity left one wondering how the Doctor dared stay around unarmed. And Miss Hall got inappropriate laughs by In the three-cornered contest left two freshman representatives to the Student Council, Charles over these faults were corrected over the fault of the and on Saturday (as well as, I gather, on Friday) the audience was treated to the shattering ex-

When a good play is put on in America at all, it is usually per-formed at the dramatic level of Gentlemen Prefer Blondes. This is the condescending, or Shakes-peare-knew-just-as-much-about-thetheatre-as-Oscar-Hammerstein ap-

sacrificed to theatricality.

Mr. Samis, therefore, deserves fords varying interpretations as long as each is, as Mr. Samis' was, honestly and intelligently derived doesn't often see it. from the play. To have the Captain die next to Laura instead of Margaret is consistent with his life-long search for a mother and its role in his marriage.

Above all, Mr. Samis preserved the play's delicate balance and its distance. We remain sufficiently detached from both the Captain and Laura to see the play as a conflict developing out of the limitations of each. Here is one of Strindberg's most significant advances beyond Ibsen's Ghosts.

Mr. Samis also deserves credit for the fact that the play's reality was not sacrificed to the theatricality of a pretty set, bright lighting and hot-foot pacing, all of which mar too many American attempts at realism. The set that the indestructible Mr. Jones and his crew built was a masterful evocation of the hideous bourgeois environment in which Laura and

the Captain battle.

In the title role Mr. Daniel did not fully convey the Captain's intellectual strength, but he gave a brilliantly powerful performance - the most powerful, in fact, that I have ever seen here. Especially brilliant was the way, in the last act, he conveyed both what the Broadwa proach, in which interpretation is Captain had come to and what he not missed.

Mr. Samis, therefore, deserves a great deal of credit for the way in which dramatic meaning shaped last week's performances. One last week's performances. One times with his invivid and on Saturday subtly shaded. Together, she and Mr. Daniel produced what Coctear has called "the poetry of the theatre." One

In lesser roles Mr. Keller and Mr. Haupt each achieved an admirably complete and effective characterization. Mr. Keller's haffled unction did full justice to a role that captures lhsen's Pastor Manders in a brilliant impressionistic sketch. As the Doctor, baffled by skepticism as the Pastor is by belief, Mr. Haupt showed a complete command of characterization that was lacking in his neverthedelightful performance last fall.

I thought that both Miss Hall, as Margaret, and Miss Corliss, as Bertha, could have given more forceful performances, but Miss Hall overcame the stagey whining that tempts one in the role of an that tempts one in the role of an old woman; and playing a young gril Miss Corliss avoided the various sorts of appalling untractiveness that such roles usually evoke, to the audience's delight, on the American stage.

Mr. Shortall was effective as Nojd, and Mr. Easterby, in addition to delighting us with the audibility of his line, showed the poise that has always distinguished his per-

Increasing the penalty for changing courses once the semester has begun from two dollars to five dollars emphasizes the need for careful planning in filling out the re-registration schedules.

Students planning to take sum-mer courses at other schools should consult their faculty advisor and the Registrar to make sure that they will be acceptable for credit.

Anne Grim Is **OX Dream Girl**

Theta Chi Fraternity held its 100th Anniversary Ox Hop ye day evening at the Rock Hall Fire Hall. Anne Grim was crowned the fraternity's 1956 Dream Girl, to reign during the centennial year.

Livingood Heads **New Committee**

A "Campus Committee", composed of faculty members, has recently been organized to assist the administration in planning the beautification of the campus.

Such a committee, according to Dr. Gibson, is not unusual. It will serve as a consulting unit that will aniel assist in reaching decisions con-cerning planting, decorating, and the general exterior appearance of the campus. Until now this and responsibility was borne solely by a detailed. Manager.

The committee plans to work with the Biology Department in an attempt to increase the number. of varieties of vegetation that are studied in the biology classes. Another proposed project is the planting of an evergreen hedge a-long College Avenue to obscure the unsightly coal pile in back of Bill Smith Hall.

Dr. Livingood heads the com-Dr. Livingood heads the com-mittee which also lists Messr's Dumschott, Gord, Gwynn, and West as members. Suggestions from the student body or other campus groups will be welcomed

Gibson To Speak. **Answer Questions**

The assembly of March 22, at which time Dr. Gibson will speak, should be of especial interest to the students. The first part of the program will be Dr. Gihson's periodic report to the student The remainder of the will be devoted to the question -answer period at which time the students may query the administration on matters which the students might be in doubt or would like to he better informed.

Barber Hits Student's Car

Two Washington College students were involved in a two-car collision around midnight March 2 in front of the Bluebird tavern. Antonio Rovira's injuries required hospitalization in the Kent-Queen Anne's hospital and both cars were a total loss.

Rovira, driving Richard Farrow's car and accompanied by Robert Cleaver, was thrown out of the car when it was struck almost head-on by a stolen vehicle operated by Charles W. Lotman, a local barber.

Lotman, who stole the car from Thomas Mogle, his landlord, was sentenced to two six-month terms to run concurrently in the House of Correction, for unauthorized use of a motor vehicle and driving under the influence of alcohol. He was fined \$52.90 for reckless driving and operating without lights, and was confined in the lights, and was confined in the Kent County jail when he couldn't pay the fines.

Rovira suffered a chipped shoulder bone and an ankle injury. Cleaver was uninjured.

John "Hezzy" Howard, was presented the annual silver cup trophy at a special ceremony during dance by the fraternity president.

April 10 will mark Theta Chi's Anne, who is pinned to oxman 100th year as a national fraternity.

A VACUUM AT THE TOP

What do you say when someone asks you about joining an organization on campus? The most frequent answer given is, "I don't have enough time." That may be true for some students, but certainly not for all of them. The majority of students could devote more time to extra-curricular activities than they do. And the purpose of this editorial is to point up the lack of organizational interest and the corresponding lack of campus leadership.

Of the 50-odd organizations on campus, several are dying on their feet. There are barely enough members in some of them to fill the offices. The political clubs are a special case. In this Presidential election year the Young Democrats and the Young Republicans seldom have more than ten members

In this Presidential election year the Young Democrats and the Young Republicans seldom have more than ten members at a meeting. The Supreme Court decision on segregation has forced into the open a political and social problem that will require the very best leaders the country can find for years to come. Are there any Abe Lincolns here? Opportunity knocks. Who will come in?

Unfortunately, there is no honorary leadership society here for women like the men's Omicron Delta Kappa. The first step in establishing one for women is to create a local society and petition for national membership later. Other requirements must also be met, but the task is not impossible.

possible.

But even ODK membership is suffering for the lack of qualified candidates. All the present student members except one will graduate this June.

cept one will graduate this June.

Are you afraid your grades will suffer if you take on extra work outside of required studies? If so, consider these facts. The index of the present senior class was 1.797 at the end of last semester, and this class of '56 has been the most active one in recent years. In every case you examine you will find a high degree of correlation between indexes and activities — on either the individual or the group level.

Where do you begin? That depends on where you are in college. The freshman should take a good look at all the organizations he can join, then select one or two in which he has the most interest. In his sophomore and junior years he can join one or two more groups. In no case should

which he has the most interest. In his sophomore and jumor years he can join one or two more groups. In no case should a student try to join everything at once. Go slowly, show a willingness to work, and you will get there faster.

One doesn't have to be an Einstein or an Eisenhower to be a leader. Average intelligence and a likeable personality are the major requirements. Time, patience, willing and cheerful obedience, and a little enthusiasm will do the rest. Remember, leaders are made, not born.

Little Indian Say:

Spring Brings

The first thing I saw yesterday morning, besides my unbelievable untidy room, and a great deal of expressionless people, was a small green bud. It was small, but it was green. Indeed, it was a bud sitting on an otherwise naked looking tree. Does this all mean spring, I asked myself? I couldn't seem to be able to swallow that idea. Could those beach enthusiasts weeks ago really have had that insight that they said they did? (The ones that always take your blankets off your bed.) Does all this mean bigger and better beach parties, less people in Minta Martin after dinner, fewer snow battles, warmer mornings, less studying, convertibles, saving of light bills, and innumerable other little goodies, I asked myself?

Soon I suppose we will see those palette and paint lovers surveying the campus under the sound guid-ance of Mr. West; for heaven knows what - inspiration they coll There will be those lawn parties it. There will be those lawn parties too, and the ever popular sun bath-in behind Reid Hall. Sheer fun spring is — and the best time of the year here! No one wants to

Spotlight On A Senior

Fizz Bars Defeat K.A. Five To Win Intramural Title

INTRAMURAL CHAMPIONS kneeling, left to right. Chuck King, Palmer Hughes. Standing, Don Clansen, Dean Wood, King, Palmer Hughes. Standin Joe Szymanski, John Derringer.

By Sam Macera

The 1955-56 Intramural Basketball Championship banner

flies from the Fizz Bar camp today.

Joe Szymanski and his boys had quite a time of it before they subdued a stubborn Kappa Alpha "A" team 45-43 in the third and final game of the championship playoffs.

In the first round of the six team playoffs, Theta Chi broke an 18-18 halftime deadlock to eke out a 41-39 win over

the Neat Guys. Kappa Alpha gave an indication of things to come by easily taking the count from the Trotters, 59-42. The Fizz Bars and the Blue Birds drew byes for the opening

Kappa Alpha grabbed a lead it never relinquished as the second round opened and went on to knock seeded Blue Birds out of the tournament, 52-48. The Fizz Bars tuned up for their series with the Southerners by easily beating Theta Chi,

53-35.

In the opening contest of a three game series for the championship, four of the Fizz Bars, Joe Szymanski, Chuck King, Don Clausen and John Derringer, hit double figures as they soundly trounced Kappa Alpha, 50-37. It appeared, as if the Fizz Bars would take the crown in two straight games. However, the Southerners had other ideas. In the second game, paced by Les Bell, Chuck Covington and Tom Short, KA came from a 22-20 halftime deficit to win 51-49 and knot the series at 1-all. Diminutive Chuck King led the losers with 25 counters. losers with 25 counters.
(Continued on page 4)

Jaywalking

In Sports

Jim "Dixie" Walker

Joe Sysmanski's Fizz Bars upset all pre-season prognostications by emerging as champions of the 1955-56 Intramural Basketball League. The "experts" favored the Bluebirds, K.A., or Theta Chi to sweep all the honors, but, evidently, they did not count on the determined efforts of Joe Szymanski, the sharpshooting and floor play of Little Chuck King, the rebounding of Dean Wood, the clutch shooting of Don Clausen, or the reserve strength of Palmer Hughes and John Derringer. The Fizz Bar victory was indeed a team victory.

Clausen, or the reserve strength of Paimer Hughes and John Derringer. The Fizz Bar victory was indeed a team victory. Sysmanski was often criticized for the seriousness with which he directed his team, but it is certain that the Fizz Bar players, backers, and big Joe himself do not regret his determined coaching. It is the belief here that this attitude spelled the difference in the final playoff game—the Fizz Bars wanted to win just a little more than the K.A.'s.

The Washington College basketball squad, asked to pick an all-opponent squad from the Mason-Dixon Conference, promptly came up with the name of Roger "Pip Moyer, the hook-shot artist from the University of Baltimore, as the player who got into their hair the most during the past season. In B. U.'s two games with the Sho'men, Moyer tallied 60 points. His scoring, rebounding and floor play made him an easy choice as the outstanding Washington College opponent. Rounding ont the top five opponents were:

Tony Pistorio, Loyola; Jack Sullivan, Mount St. Mary's; Hugh McIntyre, Western Maryland; and Andý Balint, Catholic University.... ... Athletic Director Ed Athey announced this week that

Seivold, Star Cager & Sticker, Only Sophomore

By Sid Friedman Two years ago a short, stocky, young man made his appearance on the Washington College campus and in a short time built up a reputation as one of the campus best athletes.

best athletes.

A graduate of Friends' School in Baltimere, Joe was an eutstanding foodball, locrosse end basketball piayer. In his senior year, he led Friends to a state lacrosse championship and was selected on the All-Maryland Lacrosse squad.

Since coming to Washington Col-

Since coming to Washington Cel-lege, Joe has averaged over fifteen points a game in leading both the Jayvees and the varsity in scoring. This year his play in the Mason-Dixon Conference earned him a spet on the conference all-star team, and after he tallied 23 points against Loyola in the M-D playoffs, he was picked for the second all-tournament five. Earlier in the year, against this same Loyola squad, Joe poured in 30 markers

for what is probably the highlight of his college athletic career. For a man of such meager heighth in a game of giants, these are quite worthy achievements.

Seivold is also a key man in the Washington College scene as he is one of the mainstays of Coach Clark's ten as a mid-fielder.

Only a sophomore, Joe causes quite a gleam in the eyes of his ceaches, because in the short time he has been here, he has olready proven himself a star. However, Joe's talents are not

stored in just sports for he is also a fine student and a credit to his school. It is reassuring to know that Joe Seivold will be present for two more years to lead the two more years to lead basketball and lacrosse teams.

Sho' Teams Prepare For Spring Training

Kibler Drills Vet Sho' Nine

While the major league tenms train down in the sunny southland, our ewn Sho'men begin to loosen up their muscles on Kibler Field for the coming season.

Coach Tom Kibler is well pleased that eighteen memoers of last year's squad are returning for the 1956 basehall season. Especially pleasing is the fact that seven of pleasing is the fact that seven of those veterans are pitchers. Re-turning meundsmen include: Ronnie Sisk, Leo Gillis, Arnie Sten, Tom Wells, Roy Henderson, Bob Sullivan, and Dean Wood. The only newcomer vieing for a place en this staff is lefthonder Don

Outstanding among the five turning infielders is the hard-hit-ting captain of he Sho' nine, Herm ting captain of he Sho' nine, Herm Schmidt. Other infield vets are shortstop Barry Burns, second haseman Shelly Goodman, first baseman Dan Haupt and reserve infielder Jack Shipley. Lou Bor-bely, last year's regular first sack-er, has donned catching gear this season in order to compete with Dick Lent, Sam Spicer, Bill Warner and Millard Schellinger for behind-the-plate duties. Borbely, Spicer and Sten may also see spot action in the outfield if extra power is needed in the lineup.

Three veterans, Roger Smoot, Al Bernard, and Tom Jacobs, are among the ten men battling for a regular berth in the outfield. The promising group of newcomers are Ronnie O'Leary, Bob Bragg, Bob Landis, Bill Bloom, Richard Devine, of last year's squad.

Jim Hand, and Al Johnson.

Newcomers who as

The list of rookie infielders include: Warren "Moose" Mix, Russ Summers, Gus Skordas, Barry Sipes, Gary Frank, Harry Deh-ringer, and Willie Weldin.

The summer vacation usually means the loss of a few players Vic Collier and Bob Jones, and out-fielder Tommy Bounds. Collier,

Coach Kibler has high hopes that this large number of returnees, along with the sprinkling of new blood, will do the honers for Washington College this season and bring home the 1956 Mason-Dixon Conference crown.

Clarkmen Meet Navy March 24

By Roy Pippen On Saturday, March 24th, the Weshington College lacrosse team will make its debut for the 1956 season against Navy, at Annapolis. The team has shown constant improvement since the beginning spring practice on February 13.

Coach Charles Clark's biggest problem has been that of rehuild-ing the entire close defense unit. Last year's defense was com-pletely lost when Bill Barnett graduated and Bob Kardon and Gordy Miller did not return to school. Ed "Mouse" Bair has been transferred from his midfield position of last year to form the nucleus of the new defense. He will be aided by Bill Howe, who played at Hofstra, and Roy Pippen, who gained valuable experience with last year's squad. Ronnie Dratch, Chick Mills, and Bob Moore are also in the running for starting

In the goal will be Berky Kenny, who has been moved from start-ing attack position. Kenny has shown rapid improvement and should prove an able successor to last year's dutstanding goalie, John

This year's midfield presents no serious problem with a fair amount serious problem with a fair amount of depth and experience returning. The Sho' team's outstanding midfielder is Joe Scivold, whose capabilities as a lacrosse player seem unlimited. Assisting Scivold will be Basil Wadkovsky, Bill Litsinger, Bill Bernstein and Jerry Caparose, all returning lettermen

Newcomers who are expected to carry some of the midfield load are Tom Allen, Tom Knight, Don Messenger, Al Stevenson, and Lee Nichols

The attack will be led by All-American John Howard. John is of the outstanding attackmen one means the toss of a tew players of the Country, truly a lacrosse States. The Sho'men suffered the lass of three key players, catchers vice Collier and Bob Jones, and outcrease man from last year's squad, and Stan Goldstein, whose work with Howard and Buck should a topnotch backstop, was signed by with Howard and Buck should the Philadelphia Phillies and is form a well organized and potent slated to display his talents this clese attack unit. Bruce Hawtin, season with the Phillies' Class A farm club, Salt Lake City. the attack.

the attack.

This year's schedule will include the national championship team, Mt. Washington, and last year's intercollegiate champion.

To Present Pygmalion 'In The Round' In Cain

to be heard from the mouths of the Dean Bradley At students as the Washington Players get into full swing of their rehearsals for the Spring production, Pygmalion. The George Bernard Shaw comedy, which approaches being a farce in style and tone, will be presented "in-the-round" in Cain Gymnasium on Thursday, Frilay, and Saturday, May 3, 4, and 5. Heading the cast will be an all-veteran group composed of Jack Daniel in the lead role of Henry Daniel in the lead role of Henry Higgens, Eva Corliss as the co-star, Liza Doulittle, who is trans-formed from a dirty flower girl in-to a distinguished Lady, Les Bell protraying Co. Pickering, Sally Ann Groome as the elder Mrs. Hig-gens, and Al Easterby as Eliza's fetter Alfred Doulittle father, Alfred Doolittle.

Supporting members Supporting members include Mist Rutkowski, Felicia Wozniak, Janet Gill, Bob Colborn, Bill Cole-man, Pete Riecks, Eva Shenberg, Ellen Green, Janet Little, and Ann Branch.

Director J. Aldo Gallo has style following the successful experiment in that medium last year with Cocktail Party". Douglas Gates will assist in the directing.

Work Institute Concluded Here

Dr. Martha van Hoesen Taber was the director of the Washington College Institute for Foremen and Supervisors conducted here March 26-30. In conducting the course she was assisted by Dr. Frederick G. Livingood, head of the depart-ment of education and psychology, and members of the Eastern Shore Personnel Group, of Salisbury.
The course was designed to help

foremen and supervisors do their jobs better through increased understanding and skill in dealing with people. Subjects chosen for the course were those which, in the eyes of the Institute, would benefit all supervisors, whether they had previous training in

leadership or not. The various problems of labor and management were discussed in small groups, and during the week he participants heard several outstanding speakers who are dis-tinguished in related fields. The Institute concluded on Friday, March 30.

Application Forms-

The application forms for the Graduate Record Examinations are ow available in the Dean's office. All seniors interested in con-tinuing their education on the graduate level must take this test. slide, the cafeteria style of eating and the appearance of Hodson Hall has proven to be more satisfactory to the majority of students.

President Daniel Z. Gibson has Continued on Page 4

Gibson Announces Salary Increases

Dr. Daniel Z. Gibson has announced that faculty salary increases for 1956-57 will average slightly more than ten percent.

The Ford Foundation made : grant to Washington College late in 1955 as it did to private colleges and universities in general, of approximately \$115,000. The income from this money will be used, according to the terms of the award, to strengthen faculty

Other sources of income which will support the salary increases are the higher tuition schedule which will go into effect in September and the increasingly generous gifts of alumni and friends of the

"Washington College," President Gibson said, "has an outstanding faculty and we aim to keep it so." Pointing out that although since 1950 Washington College salaries have risen sixty percent, Dr. Gibson said that even the new salary scale does not adequately recognize the value of a good instructional staff. "We are grateful, of course that these present increases can be made, but the sad truth is that they are by no means the answer to the unresolved problem of adequate faculty salaries."

Two Seniors Do Research

presented a joint paper describing the results of two years of undergraduate research at the tenth annual Eastern Colleges Science Conference last weekend at Temple University in Philadelphia. The two men, Alan Stevenson

and Ronald Thomas, conducted a research problem in the College department of biology dealing with the effects of vitamin B-12 on nerve regeneration in the white rat. The work required the use of surgical and injection technique.

Both Stevenson and Thomas plan to pursue careers in science upon their graduation in June.

Stevenson is a native of Lynbrook, New York, and is a graduate of Malverne High School. Thomas is from White Hall, Mary-Stevenson is a native of Lynbrook, New York, and is a graduate of Malverne High School.

Thomas is from White Hall, Maryland, and is a graduate of Sparks High School.

I am confident that justice will triumph ultimately. Meanwhile, despite the effort to reputation, I doubt that either aim has been accomplished."

Board Hears Clark; Affirms First Decision

Clark's Statement Calls Hearing Unfair

(The following statement was released to the ELM by Dr. Charles B. Clark on April 13. It was requested because the ELM believes that all parties directly involved in a controversial issue are entitled to equal opportunities to be heard.

"On April 7 I appeared before the Board of Visitors and Governors to present background information on the President's action removing me as Department Head. While I presented highlights of many developments at the College in recent years, I was not allowed to have five members of the faculty and others who wanted to present pertinent data appear during the afternoon. I am confident the Board would have been much surprised to find out that I am far from the only faculty member here who has been treated in an un professional manner, without cause. Few, of course, can afford to speak out.

"I specifically asked the Board to reconsider its earlier action and not remove me as Department Head. I also asked that a public statement be made to retract the unfortunate published statements made by the President about my academic integrity and professional reputation. Obviously, neither action was decided upon. It apparently will be necessary for me to release a full statement soon to set the record straight on all this case. The impression given is that the Board merely upheld the President's technical right and did not vote upon the other aspects

Dr. Charles B. Clark will not be

the Charles B. Clark will not be reappointed Head of the History and Political Science Department, the Board of Visitors and Governors decided last Saturday while meeting here in special session.

This information came from President Daniel Z. Gibson, whose decision to remove Dr. Clark from his chairmanship prompted the Alumni Association and the Col-lege's Student Government Association to request the governing Board to conduct a hearing on the matter.

The hearing lasted about three hours Saturday afternoon, and followed the regularly scheduled Board meeting in the morning.

According to Dr. Gibson, Dr. Clark spoke for at least an hour and a half, after which the Board voted to support the original administrative decision. There was no question as to the decision, he said, adding that the Board will decide whether to release the actual

decide whether to release the actual count of the votes.

At least 25 of the 32 Board members were present for the morning meeting, although some may have left before the special hearing, Dr. Gibson said.

Dr. Clark appeared with two counsels and several witnesses, but they were not called upon, since the Board thought Dr. Clark appeared the counter of the several witnesses.

gave a complete, effectual account of all points in which the members were interested, the President stated.

The matter of calling witnesses was left to the discretion of Dr. Clark's counsels, said Dr. Gibson. No mention of witnesses appeared in the Board's executive com-mittee's letter to Dr. Clark's counsel informing them of the forthcoming hearing.

1955 Yearbook Almost Ready

By any standards, the absent 1955 PEGASUS is LATE. For the present sophomore class, yet to see its first yearbook, the PEGASUS has become even more obscure than the "Alma Mater." Happily, the PEGASUS, 1955 version, should be here next week, said W. J. Gard, Jr., Director of Public Relations and chairman of the faculty-student committee on

the faculty-student committee on publications. He has received word that the book has left the printer and is now at the binding shop. The yearbook will be the same The yearbook will be the same size as originally planned, he said.
Following on its heels will be the

Following on its heets will be sue 1956 volume, already in its final stages of publication, he said. Gard stated that this year's staff should be highly praised.

"The New Look"

There are obvious changes going on in educational and administrative techniques at Washington College. The growth of seminars in every department and the elimination of monthly grade reports are events that might be fore-runners of more radical changes. The extent and consequences of the changes are not evident to the average observer, so there is bewilderment among the rank and file.

Perhaps, as President Gibson has said, the changes alleviate the burden imposed by myriad administrative details. One thing is sure, in any event. We are still a long way from the academic utopia envisioned by Mr. Harry Russell in his column, "The Lancer", in the recent Kent County News.

Most students welcome the demise of the monthly bluebook and the weekly yellowsheet. But in their places are the mid-semester tests and more term papers. The tests are tougher, and both the term papers and the tests are graded more rigorously. Ending compulsory class attendande will be the greatest blessing yet — if it ever comes.

Another aspect of the "new look" is the trend toward discussion-type classes and away from the lecture theory. In discussion classes the professor asks the students for ideas and opinions which are then batted around until the class is dismissed. Implicit in the discussion theory is the fact that every idea and opinion, no matter how irrelevant or irrational, must be given the benefit of class discussion.

Such discussions consume valuable time and limit the material a course can cover. It creates ill feeling between young students eager to defend their ideas and the sober thinkers who proceed cautiously. In the lecture-type class it appears that the students would learn more, by listening to the professor, who is a specialist in his subject.

This editor has associated with graduates of schools that have adopted the progressive method of education (which employs discussion-type classes). Without exception, those graduates were tenacious in their opinions and beheits to the point of obnoxiousness. There seem to be no

LETTERS TO EDITOR

Dear Sir:

On several occasions during the year, complaints concerning the conduct of Washington College students have been brought be-fore the Student Council. In every instance, with one exception, the Council has upheld the student. Most of these complaints have involved boy-girl relationships. We volved boy-gill relationships. We are not speaking of any grave breech of ethics but those things which some would consider "little" or unimportant. "The stolen kiss" in the Snack Bar or "the embrace" in the lobby of a girls' dormitory or on the campus grounds regard less of their innocence seem quite surprising at times, to visitors and friends of the College, especially during the day.

The Student Council believes that the student body here is as morally sound as any in the country. We are not attempting to regulate morals, but do feel that a little discretion is necessary, if for no other purpose than for appearances' sake.

Spotlight On A Senior

As spring haltingly comes to the campus, the ELM does not hesitate in honoring an outstanding senior athlete, John "Hezzie" senior athlete, John "Hezzie' Howard. For the past four years Hezzie has been one of he main men on the W. C. soccer team. Every fall his score-huilding ability has been recognized by the soccer fans. Every apring, even before coming to W. C. from Annapolis Maryland, Hezzie has played lacrosse. Here on campus he has been recognized as an outstanding

lacrosse player for four years and was chosen co-captain of the team this year. Outside the lacrosse abilities have Outside the school his bilities have been recognized hy his being chosen All American Lacrosse for three years. Because of his athletic abilities Hezzie has been a member of the Varsity Club for two years.

In addition to the athletic field Hezzie has contributed to the college publications as a staff mem-her for the ELM three years, circulation manager for the ELM and sports editor for the PEGASUS in his junior year. This year Hezzie is business manager of the PEGASUS.

Hezzie has been a Theta Chi for

Along with these activities, Hezzie has been outstanding, scholasticly. His major is English with a minor in history. He is a member of S. S. O. and was tapped into O.D.K. his junior year where he was elected treasurer for two vears.

The Spirit of "56"

Russell Gym To Be Opened In Fall

By Bill Miller

Now that most of the work appears to have been completed on our new gymnasium many of the students are wondering when it will be opening for business. The original date set for the opening was April 15, but at the present it seems improbable that the gym will be in use this year at all.

In order to acquaint you (the men and women of Washington College) with our newest birlding on the campus I will relate a few facts given to me by coach Ed Athey.

Upon entering the gym one will pass by the athletic office, an official's room, and a concessions room, which surrounds the lobby. Walking on, the future fan will see our new 110' x 92' varsity basketball court. This court may also be used for volleyball, badminton, and may types of gymnastics. At the west end of the building on a higher level than the court is a section which may be used for wrestling, ping pong, shuffle-board etc. This area also, if needed, can be converted to hold an overflow croud giving the gym a seating capacity of about an overflow crowd giving the gym a seating capacity of about

an overflow crowd giving the gym a seating capacity of about 1800.

On the lower floor one will see a series of rooms separated by a "T" shaped hallway. One of the large rooms will be used to accomodate visiting team members. Another large room is the equipment room which will be used by varsity members and physical education classes. The new training room, also downstairs, is now equipped with an aluminum whirlpool bath along with heat lamps and a rubdown table. There are four large shower units downstairs which will be sufficient to handle physical education classes and varsity teams. The laundry room, which occupies a large downstairs area, is large enough to allow plenty of working room.

The Varsity Club has been given a room of its own on the downstairs floor and with the cdub's consent this room may also be used for a recreation room by visiting teams. Next year physical education classes will be able to leave their equipment in the gym because baskets will be given to all classes. The whole setup is a lot more than a lot of us expected. It is gratifying to know that we will have full use of the building during the 1956-57 term.

Jaywalking

In Sports

By Dixie Walker

It was a wonderful day for baseball at Washington College. The sun was shining brightly and the Kibler Field stands filled up quickly. The Sho'men whipped through their pre-game drills, with the remarkable Coach Kibler, a spry 70 years young, drilling grounders to the infielders and lifting towering flies to the outfielders. The umpires arrived on the field and were greeted by a good-natured booing from a Jerry Levin-led jeering section. After the Sho' nine's captain, Herm Schmidt, huddled in the conference at the plate to discuss ground rules, "Play Ball!" was heard for the first time in 1956 for Washington College baseball fans.

Arnie Sten, a crafty righthander, was on the hill and dis-

Arnie Sten, a crafty righthander, was on the hill and disposed of the first three Juniata batsmen on infield outs. The Sho'men found the Juniata batsmen on infield outs. The Sho'men found the Juniata southpaw hurler, Alderfer, a tough nut to crack. Barry Burns skied to left field on the lefty's first delivery. Russ Summers, the hitting hero of the previous two games with a 6 for 9 effort, went down swinging and Herm Schmidt watched a called third strike to end the invite.

the inning. Juniata's only run came across in the second inning. With one out, keystoner Summers threw wide to first, pulling "Moose" Mix off the bag, giving Juniata their first runner. Juniata's third sacker, Oriss, sliced one of Sten's choice curve balls to short right field and Spicer, who could do no wrong the rest of the day, elected to make a futile throw to second base instead of home, where a good throw may have nipped the runner who scored. Sten retired the side on a tap back to the mound and a liner to shortfielder Burns.

Sam Spicer got the first semblance of a hit for Sho' nine

Sam Spicer got the first semblance of a hit for Sho' nine with a smash through the hole between short and third and Rog Smoot was safe on an error, but the threat came with two out. Dick Lent, Sho' backstopper, took three called strikes to end the frame.

to end the frame.

Alderfer, the Juniata monndsman, drove a ball over leftfielder Shelly Goodman's head, but Goodman retrieved the ball and taking advantage of Alderfer's poor running, threw the picher out with a great throw from the deep left field corner. Herm Schmidt followed this up with what was probably the fielding play of the game. Charging hard to his left, Hammerin' Herm scooped up a tricky roller and, seemingly off-balance, suddenly straightened and fired to the stretching Mix to nab the runner at first.

In the Sho' fourth, "Man Mountain" Spicer unloaded what was probably the longest fourbagger seen at Kibler Field in a long time. Coach Ed Athey (who, did you ever notice, from the rear bears a strikingly close resemblance to Yankee coach Bill Dickey) estimated that the straight-away center field blow travelled between 400 and 440 feet, a lusty blow in any league.

field blow traveried to the grade.

But Spicer wasn't through yet. Sten and his mates set the Juniata nine down in the fifth and sixth innings, and when Big Sam lumbered to the plate to lead off the Sho' half of the seventh, he received a rousing greeting from the fans.

Hofstra Ten At Hampstead Spicer, Sten Pace

By Rey Pippen Washington College La-

The Washington College La-crosse team journeys to Hamp-stead, Long Island today to play Hofstra College, last year's third ranking team nationally. In the previous four meetings of these teams, the record stands at two wins each with Hofstra winning last year's game by a 16-2 score.

Although the Long Island team Although the Long Island team has been been considered as the construction. As the construction of the season, a 5-1 win over graduation, Coach Howdy Myers Juniata. Sten pitched a neat 5-has huilt a rough and aggressive squad. Many of the Hofstra stickers are also outstanding wrestlers and football players. What these players lack in Incrosse five of the last six to face him, skill is equalized by hard hitting speed and physical conditioning.

Washington College appears to hold an advantage over their hosts through superior stickwork and ball handling ability. Ceach Clark and the team realize that it will take a full sixty minutes of hustle to heat this Class A team.

The She'men are seeking their first win of the season, after having lost to Navy and Mt. Washington. The Navy contest saw much scoring by beth teams with the Sho'men playing best in the first and fourth quarters. What promised to be a last quarter rally was thwarted and Navy was victorious, 18-10.

Last Saturday the national open champion. Mt. Washington, used their excellent stickwork to earn a win over Washington College, 14win over Washington College, 14-2. The first quarter was a give and take affair with each team scoring two goals. However, in the second quarter the Mt. Washington attack exploded as they racked up eight tallies. The entire second half saw both teams ankle deep in mud and this hondicapped the superior She'men speed and conditioning. The She'men de-fense allowed only four goals in the second half, but their scoring punch could not produce a goal.

GIAA Approves Girls' Varsity

At a recent meeting of the GIAA Board of Managers the Girls' Honorary Varsity Baskethall Team was approved. Clarkmen Try | Sho'men Meet B. U. In Twin Bill Today

Sam Spicer and Arnie Sten Kibler Field. teamed up Tuesday afternoon to give the Washington Colleg beseball aggregation their first victory pass and setting eight men down via the strikeout route, including five of the last six to face him, to register his first win. Spicer provided the heavy artillery. In addition to having a perfect day at the plate, Sam clouted two homers to put the Sho'men ahead to stay. In the fourth inning, with be locals behind 1.0. Spicer blast- pitching of Lee Gillis eked out a the locals behind 1-0, Spicer blast-ed a 400 foot four bagger to tie the score. In the seventh inning, he poled another round tripper to put the Sho'men ahead for good.

Backsten Dick Leat also keeped. Backstop Dick Lent also homered in the seventh.

The Sho'men's northen jant proved less enjoyable. The lack of practice told the tale as Upsala College (N. J.) stopped the Kiblermen 13-10 in the season's opener. Ron Sisk, the starting hurler, received the loss. The next day, Wagner College (N. Y.) handed the local nine their second defeat of the season, 9-4 setback. Leo Gillis went the distance to absorb

Sho' Cindermen Defeat Lovola

By Chuck Covington

The Woshington College track team opened their 1956 campaign on April 6 by defeating Loyola of Baltimore, 63% to 58%. Al-though the weather was poor, it was a good day for Coach Don Chattelier's boys as they ran off with nine first places, four seconds, and seven thirds from a total of fourteen events.

Washington led by only one peint with two events remaining, the mile relay and the broad jump. It was the Sho'men all the way in the relay as Jay Cuccia opened in the relay as Jay Cuccia opened up a 45 yard gap between himself and the next Loyola runner as he handed the stick to his number two man, Jim Potter. Washington Cellege won the relay by 25 yards to give then a six point lead with a parely the hered jump remaining only the broad jump remaining. It was this event that proved to be the ene that later brought home the bacen. Both Bob Penkethman and John Proctor had fouled on their first two attempts to jump, while Loyola's Mc-Donough had soared 18 feet for a Donoigh had soared is feet for a good crack at first place and a cut in the lead to one point. On their third attempt, Penkethman and Proctor jumped 16'11" and 16' 2½" respectively to steal from basketball trophy.

Practices for badminton and before had looked like their second. and third place, and won the meet.

Coach Chattelier was very proud of his boys' win and for good reason. His only experienced track man is Captain Ebe Joseph.

By Sam Macera

The Washington College baseball nine will open their defense of Sho' Nine To 5-1 the Northern Division Title of the Mason-Dixon Conference today Win Over Juniata when they take of the versity in a twin bill scheduled to get under way at 1:30 P. M. on when they take en Baltimere Uni-

Lecal fans will long remember last year's fracas played at Baltimore. In the first tilt, by Ronnie Sisk and even bigger Bo Eibner hooked up in one of the most thrilling pitching duels seen in the Conference since its inception in

Baltimore is reportedly stronger this year and the Kiblermen will have to produce if they expect to come up with a twin killing this afternoon.

It's also interesting to note that playing centerfield and batting in the leadoff spot for the invaders will be a former Washington Col-lege player Joe O'Malley, sometimes known as the "Smiling Irish-man." O'Malley, who played for the Sho'men in 1954, has been play-ing great ball for the Bees and it will be interesting to see how h performs against his former team-

Tha W. C. - B. U. rivalry dates back to 1947. Since that time, the She'men have taken 11 contests while losing only 6 to the Bees.

Today's lineup should find Moose Mix at first, Russ Summers at a ond, Herm Schmidt at the hot corner and Scooter Barry Burns rounding out the infield at short-stop. Shelly Goodman in left, Rog Smoot in center and Sam Spicer in right should make up the outfield. Leo Gillis and Ron Sisk will prebably get the pitching nod with Dick Lent behind the plate.

On Monday April 16, the Kiblermen take on another Mason-Dixon rival when they travel to Emmitsburg to tangle with Mount St. Mary. The locals swept both ends of the 1965 double-header played on Kibler Field, taking the opener, and the nightcap, 6-1. college nine holds an even greater margin in their series with the Mounts, which dates back to 1934. Washington has emerged victorious 23 times while dropping only 10 tilts to the Emmitsburg nine and tieing one, an 8-8 deadlock in 1934.

Golf Team Formed

Athletic Director Ed Athey an-Athletic Director Ed Athey announced this week that a Washington College golf team had heen formed and will train informally this spring. If the team shanes up well, it will be entered in the Mason-Dixon golf championships which take place in May. Next year, the sport will be placed on a formal basis with a full schedule of methes.

Ten golfers have been lined un to take part in this year's informal play. They include Freshmen Bob D'Angelo, Jim Scott, Stan Bailey, and Gary Frank; Sophomores Dick Lester, Jack McKenna, E4 Chach, Richard Devine and Boh Cleaver; and Junior Antonio Rovira.

JAY WALKING IN SPORTS - Continued From Page Three

Sam grinned broadly, pounded the plate several times with his bat, set himself, and waved his menacing club at Alderfer, who was soon to part company. Sam swung and missed the first pitch, took the second for a ball, then unleashed a long drive to right-center. Before the Juniata gardeners could return the ball, Sam had boomed across home plate with his third hit and second hemen of the offerneed.

return the ball, Sam had boomed across home plate with his third hit and second homer of the afternoon.

This drive evidently added comph to other Sho'men bats also, for after Rog Smoot's hard hit liner was snagged, the hustling Dick Lent, who is regarded as a "good field, no hit" catcher socked a long homer to left center. The fans exploded with this circuit clout, and Lent, who didn't permit himself to show his joy until he crossed that dish, finally dropped his head and laughed as if saying "Well, whattaya know, a homer!"

The Sho'men tallied twice more in the eighth. Shelly Goodman's long drive to center was hauled in, but Mix

The Sho'men tallied twice more in the eighth. Shelly Goodman's long drive to center was hauled in, but Mix singled and then the red-hot Spicer got his fourth hit on a slashing grounder to third that couldn't be handled. Smoot's roller forced Spicer at second and Mix moved along to third. At this point, Coach Kibler strolled to first base, conferred with Smoot and then bid the game go on. On the second pitch to batter Lent, Roger ran a few yards off the bag, hesitated, and took off for second. The Juniata catcher fired the ball to the pitcher who in turn threw to second. Coach Kibler yelled "Run!" from the bench and Mix was off and running for paydirt. Smoot scored on Lent's base knock and the game's scoring was ended.

Meanwhile, Sten was hurling beautiful ball. In the last three innings he allowed only one hit and struck out six of the last ten batters he faced.

last ten batters he faced.

As the Sho' fans filed from the stands after the game, the heroic deeds of Spicer and Sten were on every tongue tip. Dick Lent moved off the field and seemed to still be mulling, "Well, whatta ya know, a homer!"

women as a special WAVE recrnit company in commemoration of the 14th anniversary of the lady sailors, the WAVES, on July 30th. WAVE Lt. Leona J. Fox, in charge of this area pertion of the program, says the drive will show all the many career opportunities in the Navy for qualified young ladies.

This will be the first time a group of fifty women will be

enlisted together, although the Navy Recruiting Service has recruited special "companies" of men during the past year.

Eighteen Year Olds Should Vote-Butler

COLLEGE PARK .- Sen, But-

COLLEGE PARK.—Sen, Butler (R-Md.), said last week Congress should approve a constitutional amendment to permit 18-year-olds to vote.

In a speech prepared for a student conference en "Youth and Politics" at the University of Maryland, Butter said "young men by the thousands on the fighting fronts of the world helped to preserve the American way of life."

"Certainly if a man is old enough to fight he is old enough to vote," he added.

Butter said young men and women were an important factor in the Republican election victory in 1952.

"Young people flocked to the support of President Eisenhower and GOP candidates for national and local offices and much credit for our success is due to our youth," he said.
"In November and in the campaign preceding the election they will again be in the forefront in behalf of the reelection of President Eisenhower and a Republican Congress dedicated to the Eisenhower program."

Hodson Hall

appointed and announced a new permanent faculty committee. The group will be known as the "Campus Committee" and will advise the administration about the removal or planting of trees and shrubbery the general appearance and upkeep of the campus.

Clark Makes Full Statement On Removal

Room reservations may be made

In a statement to the Kent County News regarding his re-ROOM RESERVATIONS moval as head of the history and political science department, charles B. Clark repudiated "state Studentents of the college President" which attacked "my integrity and professional reputation", and he defended his stand in pressing for action in an assault and attempted rape case involving two students, charging that the Dean considered it as "routine affair" and "bnngled it completely".

The statement, he said, was made "even at the risk of additional re-erimination."

Clark said the President

"made many explanations for his action."

He told the student body that the real reasons could not be given lest real reasons could not be given lest they shred my professional reputation, and that he did not desire to wash the 'dirty linen' of the College in public. He talked to the student council in secrecy. To another group he said it was a punitive action; on another occasion he stated the real object was to force me ont of Washington Col-..; to others he stated he and I differed on educational philosophy; to others he stated the action had nothing to do with my work as department head or professor, or as lacrosse coach or college historian, or as Dean of Men formerly. He asserted repeatedly that it was a routine administrative action which in no manner ad-versely affected me. He told others I had undermined him before students, faculty, alumni, and the pub-lic. The latest reason given is that I am 'incompatible'.

The statement continued, "He has said I exceeded my authority when I reported an assault and attempted rape case (involving one of our college girls and boys) and pressed strongly for action against the boy. I gave the President a full account of this incident, the full account of this incident, the girl and I both gave a full account to the Dean to whom the president turned over the case. The Dean closed the case, considering it a routine affair. He bungled it completely. . . . I was referred to by the president as one who got 'so excited over these trivial things'. . . . The Board chairman says this case had nothing to do with my. case had nothing to do with my demotion, but the President has cited it as an example of my poor conduct. I am confident parents would not think a faculty member out of line for this sort of action." Further, "Stands I have taken

along with others, have made me personna non grata. In the proper places, I urged a strong crack-down and clean-up of a bad morals situation on our campus; I opposed Continued on Page 4

Gallo Directs Shaw Comedy

DEATH OF ANONYMOUS

The Board of Publications, which supervises publication of the ELM and the PEGASUS, passed a motion at the meeting last week which requires all articles of opinion, judgement, and critical evaluation to be signed by the author if they are to be used in the ELM. The past practice of anonymity has led student writers to believe that feature articles must be hypercritical of some person or organization. It is well to be critical, but many of the criticisms were not founded upon solid facts. Some of them were speculations. By granting anonymity, the ELM permits the writer unlimited scope to attack anything he wishes to criticize. The "anything" is a helpless victim with no power to retaliate. After he has been speared on the point of a sharp pen, the damage is done, whether just or not—and the writer has to answer to no one.

The passion for anonymity is difficult to understand. Ordinarily, human beings desire credit for their work. In this case, however, no one is supposed to know the indentity of the writer and, theoretically, he can write whatever he pleases. Anonymity is a safe refuge from the consequences of irresponsible public utterances, which have characterized some ELM feature articles. The editor might be called upon to answer, but the writer is not subject to public approbation. approbation.

upon to answer, but the writer is not subject to public approbation.

This business of printing statements of opinion, judgment and critical evaluation without the writer disclosing his identity means that the newspaper itself supports everything stated in the articles. This is not sanctioned by professional journalism. The paper's attitudes and beliefs are expressed in the editorials; columns and other sections that attack or defend something or somebody are signed by the author, and the paper usually makes clear that the opinions stated by the author are not necessarily those of the newspaper in which they appear.

Since the ELM is committed to providing journalistic experience for its staffers, it is clear and logical that the ELM should not condone journalistic practices which would get a writer fired from the staff of a commercial newspaper, if that should happen, the writer who suddenly finds that what he has learned as an ELM staffer is detrimental to his qualifications to hold a job as reporter after he graduates can blame no other person than the ELM editor for whom he wrote during his college days.

NOTE TO THE LOYAL OPPOSITION

In today's column, Tom Jones is saying that the student

In today's column, Tom Jones is saying that the student demonstrations last February in regard to the Clark controversy reflected immaturity, emotionalism, and the desire for excitement on the part of students who participated in the demonstrations. Some of his facts are probably true, but he is treading on thin ice when he underestimates the intelligence of the students who took part in the demonstrations.

strations.
Dr. Gibson told Student Council that he was proud of the fact that the students were defending an ideal, and that the commotion did not take the course of usual student uprisings at other colleges—protest marches, destruction of

the commotion did not take the course of usual student uprisings at other colleges—protest marches, destruction of property, and panty raids.

The question to be raised by Tom Jones' column is whether or not the legitimate voting age for United States editizens should be lowered to eighteen. Popular opinion favors it, but custom and tradition have prevailed down through the years. Are we, as Jones intimates, mentally insufficient to discern right from wrong? Can we be persuaded to follow any cause that offers excitement, drama, and possibly temporary personal recognition for supporting that cause? The independent jndgement of youth today is a marvelous thing. They cannot be led around by the nose. It should be remembered, however, that any social disturbance will attract the mob elements which were characteristic of some of the poster slogans. All in all, the Clark movement was not the work of a "... few very clever people, closely followed by a few very sincere ones." It is invariably the sincere persons, albeit misguided, who initiate action in defense of a cause. The clever organizers have their own goals and are merely looking for an opportunity to attain them.

No Intentional Oversight

Over Dr. Clark's statement in of which ore being printed in this the last issue of the ELM, the editor stated that all parties to a controversial issue should be given equal opportunities to be heard. That policy is not being abandoned, although. President Cibera and although President Cibera and although a statement and the statement of the properties of the statement of the statement in the s

The Spirit of "56"

The administration looks for two basic things when it screens through the applications of pro-spective students. The first is whether the student is intellectually qualified to do the level of work offered here. This student is not to he confused with the long-hair "intellectual", even though some of three years. Sondra has served these will matriculate at W. C. as treasurer and vice-president for her sorority Zeta Tau Alpha. Dursteen ber sorority Zeta Tau Alpha. Dursteen students who are well qualified,

normal young men and women.
In addition to desiring a mentally alert person, the administration also checks to see if there is an indication of vigor and character in the applicant's high school record - that is, if he has been physically active in athletics and organizations, and if he has maintained good moral principles. Thought has been given to requiring the applicant to take the College Entrance Board Exani-nation as a check against his high school record, since schools vary greatly in their grading systems and standards.

The student body will continue to be about the present size for several years to come, due mainly to lack of dorm and science lab facilities. The "ultimate" plan calls for a maximum of 550 students. There

The administration is desirous

of increasing further the academic respect that W. C. has held in the United States. However, Dr. Gib-son has no interest in a reshuffling of curriculum like that at St. John' in 1935. A college must be alert to changes. As Dr. Gibson ex-presses it, you can't sit on your hands; you must keep on the move or else retrogress. Although the academic program has not changed fundamentally in the six years he has been president, there has been some experimentation within the individual departments where mistakes can be and are corrected more swiftly. There has not been any radical change in the past, nor is there evidence of any such desire in the future.

Dr. Paul Klapper, after an in-

tensive study of colleges and universities across the nation, con-cluded that the most significant form of teaching in the country was at the U. of Chicago where the pattern was for one big lecture and smaller discussion classes. The English and History departments are presently experimenting with this system. It is true that dis-(Continued on Page 4)

ATHEY ACTIVE IN MIDDLE ATLANTIC CONFERENCE

The minutes of the recent Middle Atlantic States Collegiate Athletic Conference revealed that Washington College's athletic director, Ed Athey, has been very active in the organization's work this year. Mr. Athey has geen serving as chairmen of a special committee for the revision of the M.A.S.C.A.C. eligibility rules. The revised rules were read and approved in the last meeting of the conference. It was also announced that the conference had reorganized and now numbers thirty-three active members and one associate member. The active membership was previously thirty-eight colleges.

DIAMOND CHIPS

A look at the Sho' baseball team's batting averages, compiled by ELM baseball writer Sam Macera, reveal several interesting points about the '56 squad Herm Schmidt, whose bat mark is an unspectacular 277, is nevertheless far ahead in scoring runs with ten and is one of the leading RBI men on the team. Hammerin' Herm has also slammed out four triples and leads the club in that department.... Dick Lent probably has been the most pleasant surprise for Coach Kibler this spring. Lent saw very little action in 1955 as Vic Collier, now a member of the Philadelphia Phillies' organization, and Bob Jones handled most of the catching chores. But Dick came fighting back this year, determined that the backstop position belonged to him. Not usually regarded as a heavy hitter, the hustling Lent has managed to whack the ball at a .360 pace through the team's first ten games and has continued to do his usual proficient job behind the plate While everyone was marvelling over his home fightly blank that the blow was no fluke by socking another fourbagger and a triple in the games that followed ... Lou Borbely, who apparently can play any position that Coach Kibler needs to fill, is now firmly planted in the centerfield spot and is leading the club in hitting with a rousing .400 mark The performance of Shelly Goodman has given the Sho'men a hard hitting and dependable leftfielder. Last year Goodman was the starting second baseman until a dormitory accident sidelined him and he has now made the conversion to the onter garden with ease. He has a strong arm, is hitting at a .343 clip and is leading the club in RBI's....

NETMEN UNDEFEATED IN M-D PLAY

The Washington College tennis team, sporting a 4-0 conference record, will meet Catholic University on C. U.'s court on May 1 . . . Today the Sho'men play host to Cambridge High School in a practice match

Meets

By Chuck Covington

On April 14th, the Washington College track team posted its sec-ond win of the season by defeating Towson State Teachers, 69 5/6 to 22 1/6. The catterdian performance to knot the score. Hofstra scored Hezzie Howard hitting once each.

Thompson and Bob Emory teamed up to lead Washington College as they won the one mile, two mile and high jump, high hurdles respectively.

The thinclads met their first defeat of the year at the hands of Catholic University the following Tuesday, losing 74 1/3 to 46 2/3. Joe Thompson ran his best two mile of the season that day in 10:54. The mile relay team did well but lost their event by six tenths of a second. Four days later, Coach Chatellier men were handed another sound thumping by a superior Western Maryland squad, 79 2/3 to 41 1/3. Jay Cuecia was the man of the day for the Sho'men as he took the 100 and 200 yard dashes. Jim Potter ran his fastest time from a crouch, as he did the quarter in 54 3/10 second in the relay.

CAPTAINS SHO'MEN — Third baseman Herm Schmidt, Sho' Diamond Captain, is currently thitting .277 and leads the club in runs scored (10) and triples (4). science of phonetics to transform a Covent Garden flower girl into a "lady", the basic underlying theme is probably best expressed by the phonetician, Henry Higgens, when he states, "Remember you are a human being with a soul and the divine gift of articulate speech". In the course of events, Shaw also manages to touch on middle class morality, the status of the cultivated but professionally untrained women in society, and the responsi-hilities assumed by anyone who undertakes to play God.

In the lend role of Henry Higgens is Jack Daniel. Higgens, who could learn some lessons in refinement himself, picks up a poor cockney flower seller, Eliza Doolittle, (Evo Corliss), who, in the course of a few months, is transformed from rags to respectability.

Eliza's father, Alfred Doolittle (Alan Easterby), serves as the mouthpiece for several of Shaw's ideas pertaining to socialism.
(Doolittle, a chimney sweep by occupation, admits he is one of the "undeserving poor" and openly glorifies in it.)

Col. Pickering (Les Bell), in his encounters with Higgens and Eliza, provides many of the brightest moments of the evening.

Supporting these principles will be Saily Ann Groome as Mrs. Hig-gens, Mish Rutkowski and Felicia Wozniak as Mrs. Eynsford Hill and her daughter, and Bob Colborn as Freddy Eynsford Hill. Junet Gill Pete Riecks, Bill Coleman, Eva Shenberg, Ellen Green, Janet Little, and Ann Branch round out

Clark's Statemen

the authorization of open drinking at college sponsored dances; I was among five faculty members who refused to allow the administration retused to allow the administration to pressurize us into changing our stand on a disciplinary case involving peagiarism. Also, I have had the courage to ask questions to differ on proposed policies, to express my opinion. While this is superficially encouraged, most faculty have learned to make cer-tain how the ground lies before pushing a point too for. I want to emphasize here that I have always supported all adopted policies and programs."

He said, "... the Dean has stated that my teaching methods and interests in research and writing do ... Because of these things I have been undermined by the Dean and one of the newer Dept. Heads before applicants for positions here."

Refreshment headavarters

Easton Coca-Cela Bottling Co.

Upon request by the Alumni Asmagnificent pointed and pungent mitted Dr. Clark to appear before wit of the author.

Outwardly a "romance" about a spinster hachelor who uses the Board chairman ruled against allowing five members of the faculty to appear and make statements re lating to my situation." Dr. Clark's statement said, "My reading of the statement said, "My reading of the litt is better to feel that way College charter made it clear that now than later ... Even so take I was entitled to a full hearing, a look at the eld sign that says The chorter states that the Board "Washington College, founded in should 'hear and determine on all 1782", as time goes by. College charter made it clear that I was entitled to a full hearing. The chorter states that the Board complaints and appeals, and upon all matters touching the discipline of the seminary (college), and the good and wholesome execution of their ordinances . .

Saying his stand has been based upon what he felt was best for the cellege, Dr. Clark stated that "Our first responsibility is to our stu-dents....and to their parents who entrust their sons and daughters to our guidance."

'The doetrine of infallibility is

o dangerous one indeed when a college president's action is based upon it and when he is upheld in that action," he said.

The Spirit of 56

cussions tend to stray from the main issues. But on the other hand, lectures tend to produce mental laziness, where the student merely has to remember his notes and hand back to the teacher what the teacher originally capt the the teacher originally gave the stu-dent in the lecture. There is great educational value to the "give and take" between students and instructor that comes from a well handled discussion. One of the greatest advantages of a small school is the ability to have small classes where everyone can do independent and original thinking and reciting. However, it is emphasized that in the future, as in the past, the methods of teaching will be decided upon by the faculty and not the administration.

To avoid getting into a decaying rut we must not assume that the way we've been doing is the only or the best way, we must contantly revise our ways to seek better methods. It is around this principle that the college's academic program has been, is presently, and will be formulated.

Annual Exhibit At Dunning Hall

Four departments of the natural sciences were represented at the Annual Science Exhibit, held Thursday night, April 26. During the time of the exhibit, from 7 to 10 P.M., some 200 people viewed the various demonstrations by students in the field of biology, chemi-

stry, physics, and psychology. First prize for the best exhibit was for the strobescope experiment in the physics department, demonstrated by Roy Jones. The physics exhibits were under the direction of Jesse Terres and Dr. Rizer. . Second prize was for the

The Loyal Opposition

with the Tzarists that I am concerned, but rather with the Bolsheviks, and why they revolted.

As the acedemic standards of this College have risen in recent years, the student hody has not risen with equal speed. Many students who entered a much easier College now find themselves hard pressed just to keep afloat, and divine presence. they see some of their friends going under. This is a very real predicament, perhaps the most unfortunate result of the raised stand-ards, and one with which we must all sympathize. However, the Col-lege cannot be expected to stand still for these people, no matter

Whether D. Clark intended it or not, these people saw in him the leader they sought. In con-sequence, every emotional or in-tellectual cripple on campus, every-one who cherished the "good old days" when students were wet nursed through college, in short, everyone who had an axe to grind against the current state of affairs hopped on the Clark handwagon swelling its numbers geometrically beyond those few actually believed in or even knew what he was doing.

These people, by posters and through the ELM, struck out on this occasion at every grievance which they had nourished over a period of years. Anti-intellectual ism was the order of the day (the absurdity of anti-intellectualism in an educational institution needs no enlargement here). They made Dr. Clark's removal the excuse to at tack any professor who had given them a low mark, every institution which hampered their ewn desires. Their attacks in the ELM, invariably unsigned, were frankly libel-eus, and it is only the good will of those who were slandered that newspaper from ten thousand dollars here and twenty thousand there.

And now it is all over. muck has settled to the bottom again. It is difficult to know what should he done with these people who are unable to keep up with the pace here at Washington College Perphaps, new that the new gym is completed, the old one could be taken ever and made into a nursery for them, where they will be given Rizer. Second prize was for the ammonia fountain, demonstrated by Ross Carrozzo in the chemistry department.

Time Marches On

Dean Doyle Reviews Mt. Vernon Miscellany

By Joseph M. Doyle

The current issue of the MT. VERNON MISCELLANY continues the bold beginnings of the initial one last winter; it includes a wide range of themes and talents. At one extreme of this range are Hanst, full of good-humored satire and verbal play on a popular level. At perhaps the opposite extreme is Tem Knight's "The Garden," a poem of amazing obscurity ap-parently concerned with the presence of death in life.

In between these outer ranges the chief concern of the contribu-tors appears to be religious. Tom Jones' "Metorcycle", written in the manner of Gerard Manley Hopkins, is an energetic statement in modern images of man's hunger for the

Mr. Jenes' story "Spiritui Saneti" appears to be a kind of naturalistic fable; its "crazy" victim represents either divine grace or human intellectuality, blunderingly done to death in a stupid and greedy world. The dilemma it presents is world. The different are presents and divine forgiveness; the priest, obliged to give absolution to the murderer, is torn between his duty to receive the lest sheep into the fold and his human resentment of

The anenymous "Matthew 13" appears to record the struggle of a spirit torn between the desire for religious faith and an intellectual resistance to belief. The aneny-mous "Idem Sunt" suggests the modern conception of T. S. Eliot's "Waste Land" that the world is a dry and barren place where only the revivifying water of divine leve can bring the fecundity that is salvation.

The love poems in the issue vary widely among themselves. anenymous "Sonnet," wh which marred by some startling lapses in versification (I assume the author intended to write tetrameter line throughout), associates the alternation between night and day with the cycles in the sufferings of a rejected lover, who cannot escape

rejected lover, who cannot escape from his dreams. Eva Corliss' "Nightfall in Music" and "Laughter Falls", in-terestingly enough, make similar associations; they link the coming May 17.

of night symbolically with spiritual awakening and the discovery of love. Miss Corliss' "Sun of My Life," which with much of her other verse in this issue is heavily other verse in this issue is neavily burdened with abstractions and is perhaps unduly direct and dis-cursive, deals with the difficult philosophic problem of identity opphilosophic problem or identity op-posed to community. Her "Vac-uums" sheds some light on the last-named poem; it is concerned with the problem of social con-formity and originality; of ereatiriving and originality of creaming of the crowd. Mr. Jones' "for L. C. C. D.," on the other hand, is straight-forward neo-classical tribute, gracefully extravagant in celebrating the allure of the beloved one.

Pete Riecks' verse technically is SUI GENERIS; faintly reminiscent of the contemporary William Carlos Williams, it appears to be a venture in surrealism, "Ree-joahce" seems to be an ironical statement about the vanity of human effort. "Twenty point on bond" is energetic but haffling; starting out with some cryptic allusions to typographical matters, it ends with a total abandonment of the original metaphor and a dark reference to "lime", a commodity of which the relationship to writing materials unfertunately is beyond the imaginative capacity of this reviewer to comprehend.

Generally speaking the writing in this issue shows a prepon-derance of imaginative energy over technical discipline; the area in which these authors have the largest gains to make is in the logical associations of their images with one another and the unifying of their imaginative conceptions. The college has responded with a substantial show of interest to their collective effort; that interest is well merited.

Advise Students To Take Draft Test

All students who have not taken the Selective Service College Deferment Test will have an additional opportunity to do so on Thursday, May 17. Students who have never taken the test before are advised to take the test this time to ensure a deferred status with the draft board.

Those planning to take the test should consult the Dean well in advance of the date of the test.

WASHINGTON COLLEGE

SATURDAY, MAY 12, 1956

'Pygmalion' A Good Choice, **But Suffers Acting Pains**

Shaw's better plays speaks well for the taste of any amateur group;

our own Washington Players may he complimented for the choice of a sephisticated and subtle play, and for making a pretty good job of it. The reviewer wishes, however, to record some reservations.

In the first place, Pygmalion.

like any play including a crowd scene, is not suited to "the reund." From all parts of the house much of the first act was simply invisible. This was also true is some parts

of other acts.

The leading male character, Jack Daniel, showed some grave short-comings, notably a monotony and comings, notably a monotony and little. Yet these lack of sublety in his performance failed to pull tog of Henry Higgins. Surely a phonetician would be more careful of his speech; surely a man has in the past of the direction of A beautiful of his speech; surely a man has in the past of the pleasure cless consistently iraseible. Eliza Doelittle was performed by Eva Corliss, whose first performance were played by were played by the surely were played by the surely support of the property and the second-especially in the sureness and timing of the third and fourth Sally Ann Croome, as Mrs. Higgins, approached but did not done, as were the limited furnish-quite reach the urbanity and toler-ance of her part, which was mar-tractive program.

By George Hilton Jones
The production of one of Bernard Robert Colborn gave us an inhaw's better plays speaks well for consistent Freddy, forceful in the third. Marie Rutkowski estabi-shed the shahby gentility of the Deep South in Mrs. Eynsford Hill; Felicia Wozniak did better as Clara. Janet Gill, clearly under standing and relishing her lines spoke them so timidly as to pre-vent their getting over to the audience.

Two of the secondary roles were Two of the secondary roles were played with expertness which went far to make the play a success. Les Bell made a shrewdly char-ncterized Colonel Pickering; Alan Easterby a delightful Mr. Doe-little. Yet these and other parts failed to pull together into a distinctive style. This suggests that the direction of Aldo Gallo, which has in the past contributed much to the pleasure of our audiences,

The miner parts in the first act were played by Henry Riecks, William Coleman, Ellen Green, Eva Shenberg, and Janet Little. The Parlor Maid was Ann Branch. Costumes were unexpectedly well

Les Bell, who Saturday morning became a father for the first time looked much more like an aft-time grandfather. It wasn't worrying over blue-books and finals that gave him his gray hairs for the

While on the aubject of tests Eliza, (Eva Corliss), sounded like a W. C. student squaking to his (or her) professor about getting a "D" instead of a "B".

The Loyal Opposition

by Tom Jones On Monday, May 7, the campus was regaled by a Dixieland comho led hy Wild Bill Some-hodyorother. I did not go. In-Dixieland stead, I bought a six pack of heer and consumed it with a friend down by the river. On returning to the campus around midnight, I witnessed the rather bizarre spectacle of the en-tire student body, presumably led by the aforementioned Wild Bill, muskrat rambling across the greensward to the tune of "The Saints". I believe that this concert cost fifty cents per pair of ears, and since my half of the six pack cost fifty-five cents, they may be considered compar-able investments in pleasure. Now, the question is: who got the most for his money?

In favor of Mr. Wild Bill, it may be said that audience participation in jazz lets off more steam than almost anything imaginable. This is probably quite true; but on the other hand, letting off steam is not a good in itself, but is done for the relaxed feeling that one has afterwards.
Thirty-six ounces of beer re-laxes me much more than any amount of steam letting.

What is more, Wild Bill is not "D" instead of a "B".

The cast for "Pygmalion" had a titioner of his genre. He is what is known as a hack. He may "accented" profs.

Spotlight On A Senior

By Carol Kniseley For the outstanding senior Girl of the Week the ELM is honor-ing Dina Henry. Dina has been ang Dina Henry. Dina nas been active in various activities, as president of the French Club, a member of the Canterhury Club, the Young Republicans Cluh, Alpha Chi Sorority, and she appeared in the Washington Players production of "Cock-tail Party". Dina has been an ardent participator in field hockey, meking the honorary var-

The Purpose Of Learning

In less than a month, 33 first class citizens will step out into this bewilderingly complex world in which millions of dollars worth of business are transacted and millions of people travel millions of miles every day.

For most of them it will be the first time they have ever been completely on their own. They have always been members of a composite group, either in high school, neighborhood, or family life. After four years of advanced study, they are in a highly enviable position, and still members of a group to which they feel they can "belong."

In less than a month they will find themselves in an impersonal world that demands as much as they can give. Everywhere there will be authority and prescribed standards. He who fails to measure up will be replaced. In the sometimes grim business of earning a living, hirings and firings are as impersonal as a surgeon's instructions to an intern.

These graduates are not facing the world unprepared. Their special endowment is the degrees they have earned. The everyday world of work and play, life and death, will not be entirely strange to them. Their four years of preparation have given them a rock of faith to stand upon—a foundation of knowledge about subjects still unfamiliar to the great majority of people. They need have no fear of the unknown, as did the unfortunate vagabond in an old story.

One cold, damp November day in Jersey City, a seasoned hobo was looking for a box car that was routed to the Deep South. He found one, climbed inside, and was sleeping soundly when the train pulled out of the yards. Hours later, he saw the inside of a cave. He suddenly stiffened, for something was crawling on his neck. He remembered that he was in a refrigerated fruit car, and he panicked. What else could it be except a deadly trantula!

Thirty-nine hours after the car left Jersey City, it was shunted onto a siding outside of New Orleans. Yard inspectors opened the car and found the hobo. His hands were reported in the attachment of the plant of the

LETTERS TO EDITOR

Dear Sir:

I would like to take this op-I would like to take this op-portunity to reply to Tom Jones' statement in the ELM of April 28, 1956. I do not intend to say anything about Tom Jones himself, no matter how strong my feelings, for I do not feel it to be within the province of one student to attack an-

of one student to acted another student.

Let's examine more closely this new so-called "intellectual movement" on campus. As the Dean has said, "In making our appointments we are seeking to stay clear of narrow specialists who are interested only in subject matter and also of who are primarily technologists
... our faculty has been dramatically improved by sweeping changes in the last three years and is now as stimulating a group of scholars as anyone could wish for as colleagues," What does the Dean mean by

"narrow specialists"? He has described Dr. Clark as "a man heavily specialized in American History and institutions." How is this possible? How can any man he heavily specialized in man he heavily specialized in all of this? The Dean is quite right when he states there have bee sweeping changes in our faculty. A deliberate and suc-cessful purge, which is a more accurate term, could be used to describe the situation. Several board members can attest to the fact that plans were being laid to replace several members of the History and Political Science Department.
A man recently interviewed

by the Dean and one of the newer department heads for a position wrote, "one of the most urgent -indeed decisive- factors in

April 25, 1956

Dear Sir:

Dr. Clark, speaking of an assault and attempted rape case, writes in the sixth paragraph of his communciation (Kent County News, April 20, 1956), among other things, the following:

a carton of cigarettes.

3. Anne Grim - Wills good luck to the fortunate person who gets to be president of the dorm next year.

4. Eleanor Hempstead - Wills her parents and lawyer appeared and threatened to take the case to eourt.'

In view of my connection with that case, I am under some constraint to supply the cor-

rect particulars,

I was local counsel for Washington College in the fall of ington College in the fall of 1953 when the atempted rape case occurred. The Dean called me into the case on October 14, 1953, which was the day after the case had been brought to his attention. Because of the contra-dictory testimony of the princi-pals — and they were the only witnesses — I found that the were considerably conissues were considerably con-fused. From then on, the investi-gation was conducted under my direction and with my participa-tion. The attitude of the Dean throughout was serious and respeasible, and when the guilt of the accused was satisfactorily determined, the accused was promptly sent home. The girl's parents and lawyer by appearance and threat, if threat there were had nothing whatsoever to do with the handling or outcome of the case. I do know that the President of the College offered to the girl's parents the cooper-ation of the College in any criminal action that they might wish to press against the young for further study.

Kenny Bunting - Wills his haugh to Mac Hatch and Margy not to press charges. man, and the parents decided

Very truly yours, Preston P. Heck

leading me to conclude l wasn't interested in the possibility was the number of warnings not to be misled or to interpret Dr. Clark's teaching and research interests as what the college wanted, warnings which aside from anything else struck me as mom anything else struck he as unkind to a colleague before I met Dr. Clark, and after I met him struck me as obviously pal-pably needless. The other and related reason why I wasn't interested was the obviously exaggerated emphasis on a few points of teaching method and the disof teaching method and the dis-dain for scholarly research seemingly associated with that emphasis; and it became clear that the feeling about Dr. Clark was an outgrowth of this rather cultist emphasis,"

Unfortunately it has been made to appear that Dr. Clark is alone in his stand on the academic program. He has been singled and backed into a corner out and backed into a corner to make it appear he is an upstart and a trouble-maker. This is a good cover-up for a good deal of unpopularity and bungl-ing. Dr. Clark isn't alone. Is there no justice for loyalty and deaption? devotion?

The term "intellectual move-ment" is being misused and is nothing more than a farce. What is actually happening is that courses are being watered down and the trend is to do away with many upperclass courses. Facts aren't important; verbsl fluency is the order of the day.
Mr. Jones has said that the

academic standards of this college have been raised in the past few years. How have they been raised? Has he made a study of what he calls the old prog-

Continued on Page 4

Dear Sir:

What happened after Heck was called in on the col-lege case referred to by him last week is one thing. How it had been handled before he was called in is another thing. Mr. Heck stated to me that he knew nothing of what had happened before he was called in on the case. Basic facts are as follows:

(1) The assault and attempt ed rape case was reported by me to the President of the College, with full details. As academic adviser to the girl, I was asked by her through my wife (the sorority adviser) nort it.

(2) The President turned the case over to the Dean. The girl gave him full particulars. The boy was called in separately. (3) On the following day the

Dean called the boy and girl in together, told them the case was closed. He humiliated and em-harrassed the girl by asking her to relate her side of the story in the presence of the boy and making it clear he believed the boy's story. He advised the boy and girl to date each other.

(4) The girl reported to us that the Dean has closed the case and that she would quit school rather than stay on a campus where such a boy remained.

(5) My wife and I went t (5) My write and I went to the Dean. He reiterated that the case was closed. He blamed the hoy's action on his drinking. (The girl said the boy was not drunk.) We insisted that the Dean reopen the case. He proceeded to tell us all about sex and sexual history and asserted the girl would not get so upse the next occasion.

ofter we persisted that action he taken to protect one of the college's finest girls, the Dean Continued on Page 4

Sho'Nine Plays Loyola Today, 2 Games

Cindermen Romp In Tri-Meet

By Chuck Cevington

By Chuck Cavington
In its last outing before the
Mason-Dixon Finals, the Washington College Track Team romped
home with an overwhelming win
over Loyola and Mt. St. Mary's in
a Triangular Meet held at Layola
last Tuesday. Taking six firsts
out of fourteen events, the thinclads piled up 63 points and walked
away with top honors of the day. clads piled up 68 points and walked away with top honors of the day. Among the winners were Jay Cuccia, winning the 100 and 200 yd. dash; Joe Thompson, winnig the 2 mile, and placing second in the 1 mile; Ebe Joseph, winnig the 200 L. hurdles, the broad jump, and placing second in the 100 and 200 yd. dash; and Jim Pickett, winning the pole vanlt. Other stand cuts of the team were Bob Landis who placed second in the shot put euts of the team were Bob Landis, who placed second in the shot put and the discns, Bob Emory who placed second in the 880 yard and the high jump, Bob Penkethman who placed second in the broad jump and Jim Potter who placed second in the 440 yd. run. Stickmen Beat Loyola 13-6

Washington College ended its 1956 Lacrosse season here on May 9 with a 13-6 win over Loyola Cel-lege of Baltimore. The She' men finished with a 5-4 overall record as they won five of their last seven

Joe Seivold and Hezzy Howard again paced the Sho' ten to victory. Seivold, who leads the team in scoring, tallied five goals and as-sisted three times, while Heward accounted for three goals and four assists. Seivold's five goals brought his season's total to 37.

The She' men broke loose in the seven and a half minutes of play as Jim Fowke set up Seivold for a driving shot. He scored again minutes later on an assist from Howard. Leyela's first goal came near the end of the first peried.

Washington College held on to their lead as each team scored in the second quarter—Seivold again for the Sho' men and substitute Chuck Franklin for Leyela.

The sho' men broke loose in the second half for nine goals and Loyola managed only fenr-all in the third frame. Minutes after the second half opened Chnck Bnck scored on an assist from Howard and then set Howard up for another By Tom Short tally. In addition to the scoring of Scivold and Howard, Buck chipped in with three tallies, and captained by Les Bell, finished with a winning season despite last osa one each.

GIAA Presents Girls Awards

By KAKIE BRACKETT

The Best All-Around Athlete for the year 1956-57 is Anna Lucy Allspach, a member of the Sophomore class. Each year a girl, from any class, is chosen for this honor, which she receives for ontstanding work in athletics and physical education classes. Anna Lucy has made Honorary Varsities in hockey in Honorary Varsities in hockey in 1954, and in basketball in her Freshman and Sophomore years, She was voted Most Valuable Player in basketball in both years she played. Anna Lucy also plays tennis and badmintion and in 1954, 1955 and 1956 she showed ontstanding work in physical education class. work class.

NINE VIE FOR SENIOR AWARD

Nine girls, the outstanding athletes of the Senior Class, are eligible this year for the 1956 Senior Athletic Award for having: played two major sports for four years; accumulating one thousand points in one year, and having made one Varisity team.

team.

Those eligible for the award are: Marilyn Bock; Kay Cossaboon, who was given the Best All-Around Athlete award in her Freshman year; Emily Dryden, winner of the award in her Sophomore year;; Marion Waterman, also an award winner in her Freshman year: Priscilla her Freshman year; Priscilla Dumschott, Ann Grim, Janet Middleton, Lynn Robins, and Eleanor Hempstead.

Kiblermen Must Win Today's Games To Enter M-D Final s

By SAM MACERA
The Sho'men of Washington
College and the Greyhannds of
Loyola College tangle today in
a doubleheader that should decide the Northern Division title
of the Mason-Dixon Conference. The games will be played on Kihler Field and the opener is scheduled to get under way at 1:30 P. M. The Loyela nine comes into

the Sho' camp firmly entrenched in first place in the Northern Division, sporting an 11-1 lea-gue log. The Sho'men, holding second place in the league, enter the game with a 7-2 record. Washington College must take must take hoth ends of this double-header and win the rained out tilt with Western Maryland if they expect to capture their third Northern Division pennant. The Sho'men previously won the coveted title in 1949, 1954, and 1955. Coach Kibler will probably pat

Coach Kibler will probably par-his championship hopes on the streng arms of his workhorses, Arnie Sten (1-2), Lee Gillis (2-2) and Ron Sisk (3-1). The Sho'men lineup should find Dick Lent behind the plate, Moose Mix on first, Barry Burns at the keystone sack, Herm Schmidt at third and Gus Skordas at shortstop. Patrolling the outfield will stop. Patrolling the outlied win he Shelly Goodman in left, Lou Borbely in center and Sam Spicer in right.

Ronnie Sisk picked up his third victory of the campaign last week

when he blanked Johns Hopkins, 3-0, on the losers' field. Sisk has yet to taste defeatt in league competition. The husky right-hander struck out six while giving up three walks. Barry Burns and Moose Mix led the attack with a brace of hlows each. Righthander Arnic Sten lost his

heartbreaking game of the sea-son when West Chester State Teachers College (Pa.) handed Teachers College (Pa.) handed him a 5-3 setback, in a 15-inning marathon at Kibler Field. Sten went the route, giving up 8 hits, 8 walks and fanning 9 enemy batters. West Chester's game winning runs came in the 15th inning, after Sten gave up his 8th walk. Johnny Bedall, West Chester outfielder who had received by homografic smoothed. previously homered, smashed a sizzling single to center, and when the ball skirted past ontwhen the ban skirce past blicheder Al Bernard, Bedell circled the bases. Ontfielder Shelly Goodman, with three hits, and Moose Mix, with two baseknocks, led the Sho' hitting attack.

Girls End 1st Rounds, Tennis And Badminton

The first round of the Girls' Tennîs Singles was played during the past week with the results as follows: Bea Clarke drew a bye; Priscilla Dumschott won over Sally Kendrick, 6-1, 3-6, 6-2; Marion Waterman over Sandy White, 6-0, Waterman over Sandy White, 6-0, 6-0; Ann Jones over Rena Knickerbocker, 6-4, 6-4; Anna Lncy Allspach over Nancy Mullikin, 6-1, 6-3; Betty Wilson over Nancy Jalbert by default; Natalie Wadkovsky over Mary Jo Moore, 6-0, 6-1; and Helen Latimer over Betty Warren, 6-2, 6-4. The final mat-Bill Sharman, who once had a trial as an ontifelder with the Brooklyn Dodgers, led the Boston Celtics in scoring in the National Basketball Assn. last season with 1,434 points in 72 games.

Intramurals

The Intramural Softball League launched its 1956 season last week and, as "Moose" Mix, a great fan of the late Jimmy Dean, would probably say, everything was "apropo." The league games are played at twilight and fair-to-middlin' numbers of students have turned out to watch them. The competition is keen and plenty of good-natured riding is carried on at the games. League Commissioner Don Chatellier has formed an umpiring staff of varsity athletes from all sports and they have performed their duties in a very commendable fashion.

The only fault that this writer has found with the league has been the neglect to keep statistics of the games. Mr. Chatellier reports that the scorebooks have been sent to the games and that each team is responsible for keeping the running score and individual statistics. Few teams have bothered to see that scoring is taken care of.

This may seem to be a trifling matter, but statistics and averages are an important part of any game and in a league where there is the student interest that the softball loop holds, they are very necessary. This problem could be solved by assigning an official scorer to each game just as umpires are assigned. By this method, a person could be selected who "knows his oats" about scoring and who will use good judgment in recording the plays of a game.

Much interest is added to sports when statistics and averages are kept and periodically recorded. Proof of this was shown by the past intramural basketball league, when Coach Chatellier and ELM writer Sam Macera did a whale of a job in keeping detailed statistics. Near the end of the season, there were not only battles for first place and playoff sports, but also for team and individual scoring titles.

It is too late this season to initiate an adequate scoring system, but perhaps in the future this problem can be remedied.

Sports Banquet

medied.

Sports Banquet

The annual Sports Award Banquet of Washington College, to be held on May 23rd, will have as its toastmaster, Harry Russell, local publisher. With Tommy Mont, head football coach at the University of Maryland, heading the list of guests, which will also include high school and college coaches from all over the state, this affair should be a big one.

In addition to the presenting of letter awards to members of all varsity athletic squads, there will be a number of larger presentations. An award will be given by the Athletic Council to the student who has, in the opinion of the athletic council; contributed the most to the development of athletics at Washington College through his cooperation, loyalty, spirit, and industry. There will also be several lacrosse awards, one of which will be presented the Baltimore Lacrosse-Alumni Association.

All students who participated in any varsity sport during the past year is cordially invited to attend. Don't miss it!!

(Continued on page 4)

Regrade Slope

The area between Reid Hall and Minta Martin Hall is being regarded this week in an effort to change the flow of rain water change the flow of rain water in that area. This action came as the result of a complaint by A. Sydney Turner, Jr., who lives in the house next to Minta Martin

Rain water had been flowing Raia water had been Howing down the long slope, across the walk in front of Minta Martin Hall, and collecting on Mr. Turner's property, causing damage. The slope of the hill, therefore, is being change to allow more water to the discoultry into the criticer on flow directly into the gutter on Washington Avenue.

The work, of course, is being done with the loss of several trees, but removing them was necessitated by the problem presented by roots in moving the large amount of dirt. At the request of the Campus Committe, the contractor is trying to save as many trees as

College Forced To Commencement News Note To Seniors

Commencement exercises will be held outside on the compus unless there is bad weather. In that case it is hoped but the hope is not yet a certainty, that the program can be moved into the new Russell Gymnasium. In any event, indoor arrangements will be made.

Each graduating senior will re-ceive three tickets for Commencement and three tickets to the luncheon for the families of the Class of 1956. It is suggested that those people who do not intend to use all their tickets give their excess to those colleagues who need them. A limited number of additional tickets will be available in the Public Relations office in William Smith.

Seniors and their families will be guests of the College at the luncheon on Sunday, 3 June, 12:30 to 2:00, in Hodson Hall. Seniors will not need tickets for this oc-

On Friday, 1 June at 1:30, all seniors will meet in William Smith auditorium for Commencement rehearsal. On that occasion Registrar Ermon Foster will distribute both kinds of tickets.

Tennis Team

ed, "I realize that the loss of seniors Bell, Hanst, and Hughes will be one not easily overcome, but if the returning players continue to show the improvement that they have been showing, we should have another good season." Coach Wyatt also stated that he hopes to hold his fall practices on the new courts

The Loyal Opposition

is known as a hack. Me may have enjoyed playing jazz once, but now he just plays it for a living. His enthusiasm is forced, his pleasure cloyed. The rendi-tion of "The Saints" was dry and mechanical. There was no spontaneity. The same variations were repeated over and over, and the only thing that seemed to keep the audience interested was a desparate,, existential mass hysteria. I dare say that the whole show was false and forced.

Now my beer, though not the finest quality, was sincese beer. It had a genuine alcoholic con-tent. Our conversation was genuine, too. We may not have pinpointed the good toward which all things aim, but we thought we did. My evening was not an orgasmic experience, but it was an honest one.

On a campus where some would make an isue of morals I dare not draw any too specific conclusions to this little comparion. But I think I can suggest that true pleasure, though stimulated by certain externals, comes principally from within, and the onter violence of Mr. Wild Bill cannot rouse the ennul of his inner heart.

Serving as Secretary next year Wishart over Misti Ingham, 11-7, vill be Donna Miller, and the Treasurer will be Jesse Terres. Davis, 8-11, 11-10, 11-5; and Carol Knisely over Beth Gordon, 11-4,

JAY WALKING IN SPORTS - Continued From Page Three

Diamond Chips
Today is "do or die" day for the Sho' nine. Coach
Kibler's boys must defeat the Loyola Greyhounds twice in Kibler's boys must defeat the Loyola Greyhounds twice in order to retain their Northern Division crown and get a crack at the Southern champs for the conference title. Loyola will be tough. The 'Hounds have solid pitching in Jack Benzing and Cary Foreman, the duo that will probably hurl today. They have a near air-tight infield and Loyola batters have been unusually tough in the clutch this year as they have come from behind to win several important games.

The Sho'men will be out this afternoon to show that the Loyola nine is not invincible. The chips are down now and the Kiblermen know that they must grab both games to get into the M-D championship series with the winners from the deep south. If the Sho'men can tighten their defense, the belief here is that they will go all the way. While sharp in the field at times, ragged fielding has been costly in several games and too many miscues against the loop leaders

several games and too many miscues against the loop leaders today could be fatal.

New Teachers Appointed By College

Total of ten, including staff members, make debut at W. C.

Harvard University. Before his appointment at this college he was supervisor in charge of research and development for Blue Shield medical and sprace with the supervisor was supervisor. The supervisor is charge of the Ft. Eustis, Va., Sentinel. taught three years at Stanford University.

Nathan Smith will serve as an instructor in the department of history. A graduate of Roosevelt College in Chicago, Mr. Smith earned his A.M. degree at the University of Illinois, where he is now working on his doctorate. Last year he held a research -training fellowship in Soviet studies from the Ford Foundation. He is a former history editor for Con-solidated Book Publishing Company in Chicago.

Dr. John C. Cothran will serve as visiting professor of chemistry. A graduate of Cornell University, where he received both bachelor and doctor degrees, he was lecturer in physical sciences at Kansas State Teachers College last year. He has taught at Cornell, Duluth (Minn.) State Teachers College, and the University of Minnesota. He has had industrial chemistry experience with the General Elec-tric Corporation, and for 13 years was treasurer of the Cochran Box Company Manufacturing Lockport, N. Y.

Sheppard B. Kominars, Philadel-Sheppard B. Kommars, Philadelphia, Pa., has been named instructor in English. He has the A. B. degree from Kenyon College, Ohio, and the A.M. degree from Collumbia University. He was formerly with the editorial department of Time, Inc.

James L. Bowers, Beaver Falls, James L. Bowers, Beaver Falls, Pa., has been appointed director of public relations. Mr. Bowers received his A.B. degree from Geneva College in Beaver Falls, and did graduate study in journalism at Northwestern University. For several years he was associate

Dr. Richard W. Reichard has director of public relations and exbeen named assistant professor of ecutive secretary of the alumni history. He holds the A.B. degree from Lafayette College, and the A.M. and Ph.D. degrees from Harvard University. Before his

medical and surgical service in New York City. He taught at Radeliffe College and Harvard while working on his doctorate, been appointed asistant professor of sóciology. Mrs. Horsley did her undergraduate work at the university of California at Berkley and received her Ph.D. from Columbia University. She served for two years in the Women's Army Canne as a Intelligence Specialist Corps as an Intelligence Specialist and taught anthropology and sociology at Hofstra College. In 1951 Dr. Horsley did field work in the Philippines on a Fulbright award and for the past year has been writing a book based on that research.

Dr. William M. Armstrong has been appointed associate professor of history and head of the department of history and political science. Professor Armstrong comes to Washington College from Armstrong Eastern Illinois State College where he has been assistant pro-fessor of history and political fessor of history and political science. He received his A.B. from Bradley University, his M.A. from Louisiana State University, and Louisiana State University, and his Ph.D. from Stanford University, where he also taught.

Dr. Otto Ludwig Elias has been appointed assistant professor of German. Dr. Elias attended the University of Berlin and the University of Edinburg, and received his doctorate from Berlin in 1931. He comes to Washington College after considerable experience language education. For 12 years Dr. Elias was a teacher in the city school system of Berlin. For the last 20 years he has been an in-structor of German, French, and Spanish at Fieldstron School in New York City.

Albert S. Hill has been appointed to the newly created position of Dean of Students. Mr. Hill has recently been serving as a pro-fessor of history at the University of Massachusetts. He received his

EDITOR'S NOTE

Barring unforseen vicissitudes of the publishing business, the ELM will be published weekly this year: A four-page issue first, then a two-page issue containing news and sports. Publication day is Wednes-day this year instead of Saturday In the event we miss a deadline we ask the students to have pity on us, since this is an unpaid, un popular, unwanted job.

Concert Series Starts Oct. 18

By Clyde Sutton

By Clyde Sutton
Again there is a series of concerts planned just as has been the
practice in the past years. The
first performance will he on Thursday, October 18, 1956. The duo,
Shirtee Emmons and William McGrath, a soprano and tenor combination, first sang together in 1954 at the Oratorio Festival in Lindsborg, Kansas. Both of the singers have made careers in radio, recordings, opera, recital, with

Miss Emmons had the lead in the revival of Virgil Thompson's opera, "The Mother of Us All". In 1954 Mr. McGrath was the In 1954 Mr. McGrath was the proud winner of the JUGG Award as he made his New York Town Hall debut. He has been associated with many symphony orchestras.

There are five other concerts scheduled. These concerts are sponsored by the citizens of Chestertown as well as Washington Col-lege. They have found the best artists possible at the lowest price The series is a non-propossible. fit operation and taxes are waived All six concerts may be seen if you huy a season ticket for \$5.00. The concerts will be held in William Smith Auditorium beginning at

Other concerts are scheduled as

Michel Chauveton, Thursday, November 15. violinist,

Suzanne Bloch, singer to the lute, Thursday December 13.
Artist for this concert will be announced later, Thursday, January 10.

The Philadelphia Woodwind Quartet, Thursday, March 28. Louis Crowder, Pianist, Thurs-day, April 25.

Homecoming Slated For October 20

Rules Issued

Recently, a memo of dining hall regulations was sent out by the Dean of Students, Albert S. Hill. A few changes have been made in the dress attire for meals, the major one as follows: At the dinner hour Monday through Fri-day from October 15 to April 15 all men students will wear a shirt and tie (a coat is not required).

This regulation is not in effect 15 in consideration of the warmer weather.

Dean Hill states that this change

In reply to the query of in-convenience to members of the athletic teams and students coming from late science labs, the Dean states that the regulation will investigated for adjustments in the event that these students find compliance to the regulation impossible.

Dean Hill hopes that the change will result in a more sociable atmosphere, in as much as dinner is not only a special occasion and one which is important in the professional world, but it is also a time of social intercourse and relaxation.

Even though the cafeteria style prevents, to some extent, the viewing of the evening meal as a special occasion, the Dean feels that the student's attire could compensate for this in some measure and bring

about a more pleasant meal.

Dean Hill points out that this procedure is in effect in many other colleges throughout the country and is now a part of their regular routine. In demonstration of this fact is the following quote from the dining regulations of Michigan State University: "Evening meals except Saturday, and Sunday noon meals are dress up occasions calling for shirt, tie, and coat.'

By Alice Torovsky

New Dining Hall The annual Homecoming and Parents' Day of Washington College will be held on Saturday, October 20.

The Board of Visitors and Governors will begin the proceedings with a meeting scheduled for 11 a.m. They will be served luncheon at Hodson Hall at 12:30 p.m. From 11:30 a.m. until 1 p.m. there will be an informal luncheon for all students and their parents in Hod-son Hall,

At 2 p.m. ceremonics will be held for the dedication of the Frank Russell Gymnasium. The soccer Russell Gymnasium. The soccer game will begin at 3:00 on Kibler Field. Washington's opponent will be Lynchburg. Also at 3 p.m. there will be a faculty-parents forum in Bunting Library.

Dean Hill states that this change was made in order to encourage students to develop formal social graces by everyday association. It also should help improve the general appearance of the dining hall at the evening meal.

The Emmanuel Protestant Epis-copal Church will hold a banquet

at the church at 6:30.

The Varsity Club Dance, which will be held at the Frank Russell Gymnasium, will begin at 9:00. The crowning of the Homecoming

Queen will climax the evening.
The Alumni Open House will hegin at 9:00. This event will bring the Homecoming to a close.

Crash Takes Life Of Former Student

Ensign George W. Hesse, USNR, was killed May 20 when his jet aircraft crashed during an attempted landing at Glynco Naval Air Station, Brunswick, Ga.

The 23-year-old pilot attender Washington College from 1951 to 1954 and joined the Navy at the end of his junior year. He had planned to enroll here in September 1957 to complete his college education.

SUMMA CUM LAUDE

Dr. Charles B. Clark, formerly Head of the Washington College Department of History and Political Science, is now working for the Atomic Energy Commission in Washington. His former students and friends miss him and his colleague, Mr. Jack Henry, and wish them luck and success in their new ventures.

ventures.

During Dr. Clark's ten years on the faculty, his department had the reputation, in the opinion of students, as being the toughest and hardest working in the school. Students majoring in history and political science were sure that they did more work than those majoring in any other subject. And when they came back to Washington College for a visit

majoring in history and pointical science were sure that this did more work than those majoring in any other subject. And when they came back to Washington College for a visit after graduation, they would not hesitate to admit the value of the education they received in Dr. Clark's department. They "knew their stuft."

They worked hard for Dr. Clark because he demanded the utmost of them and himself. His time-bonored welcoming remark to a new class of students was, "We set the standards here and you have to measure up to them. We don't come down to meet you."

Dr. Clark was often stern and uncompromising in his beliefs when he knew he was right. Yet he was sympathetic to contrary points of view and did his best to explain fully his reasons for defending a particular belief.

Dr. Clark is a man of high principles and has the courage of his convictions. He was opposed to some of the administration's policies because he could not accept them in good conscience. If he had remained on the faculty, he would have been participating in that which opposed his beliefs. He would have been false to himself, and therefore false to his alma mater and the students of the College. Those who knew him respected and admired him even though they disliked him, because they consciously or unconsciously recognized his self-discipline, courage of convictions, and intellectual superiority. By any standards, he is a man.

THE VALUE OF HAZING

Freshman hazing is of doubtful value on the surface, but the long-range objective is something to think about. Ane thing it obviously does is bring the Freshmen together and mold them into a class distinct from the other three classes. They will belong to this class for the rest of their lives. The graduate will refer with pride to his class of '60. It is hoped that the undergraduate will take a more active interest in his class both while he is here and when he becomes an alumnus.

Also, the humiliation to which Freshmen are subjected

comes an alumnus

the humiliation to which Freshmen are subjected should (but often does not) instill in them reverence for the College and its traditions. This is our alma mater; she the College and its traditions. This is our alma mater; she has been here a long time, and will be here long after we leave. Don't abuse or discredit her. She is more than orderly stacks of bricks that provide shelter for us.

THE SNACK BAR'S NEW LOOK

Everyone was surprised to see the new furniture in the Snack Bar. The Hodson Trust has generously provided us with more seating and table space, and therefore greater convenience and comfort. The new furniture is attractive but of doubtful durability. If we take good care of it, we can enjoy it for years; but slight misuse will destroy it before the end of this year. Let's show our appreciation for this fine gift from Mrs. Hodson.

Letter Home

Just me, and I'm in love again . . Now don't get shook...I can't afford a girl!...Had to go out and huy a shirt and tie so I could eat (stand in line for hours).... Expect to be reimbursed (please) .. Classes are just about the same as last year...But oh, those assemblies...Know of a nice room somewhere? Seems I'm going to be "inconvenienced" in November... Send down my old pup tent — I can't stand to sleep outdoors during a snow storm....Also send down my hip flask—we're going underground! Spotlight On A Senior

The ELM honors as its first Outstanding Senior of the Year the president of the Student Government Association, Bob Penkethman Bob ,who came to W. C. from Wildwood, N. J., has been one of the most active members of the class and was elected class president for three years. With an interest in the college publications, Bob wrote for the ELM, was associate editor of the 1956 PEGA-SUS and is editor of the 1957 PEGASUS. Bob sang in the choir

for three years and was a member of the track team for three years He is a member of Lamhda Chi Alpha fraternity and was tapped into O.D.K. during his junior year. Being president of the F.T.A. Club gives one a clue to Bob's future plans. With his major in history and minor in Spanish Bob wants to teach high school. With all his campus activities, Bob still found time to get married this summer and now lives with his wife, Pat, on Washington Avenue. Congratulations to an outstanding senior and

The Loyal Opposition

By Tom Jones

So once again we have freshman not indulge in extra-curricular acti-hazing. This is the most discourag-ing reversion to barbarism by a that can just as well be done by normally intelligent administration normaly intelligent administration that I have seen since coming to Washington College in the fall of 1955. I am told that, the year before, there had been some feeble attempts made at hazing, but so great had been the lethargy of the upperclassmen to this variety of sport, that it had to be abandoned simply because there was no one to enforce it. So much the better. to enforce it. So much the better. We were all therefore content to wait peacefully for the evolution-ary elimination (we felt it was ary elimination (we felt it was bound to follow) of the one real annoyance that was left to fresh-men, the dink. This year we have not only the dinks, but the hazing,

It is important to understand why the administration has re-vived this wholly unpopular in-stitution. First of all, it must have come from a desire to have some particular work done around the school, some work for which the maintenance force did not have time. This is a good enough idea, but why it should be assigned to the freshmen I cannot see. Better to assign it to the seniors, for they have been here longer and there-fore should have more interest in the college. In addition, I do not feel that students in their fresh-man year, the hardest year of all, the year when most of them are struggling just to stay in school. when they are so pushed, according their lethargy will triumph, as it to some sources, that they should has so often before.

others.

But this is not the big reason for hazing. It is hoped that, by making students suffer in various making students suiter in tactiviol ways, they will come to take greater pride in the school once the hazing period is over. reasoning on this is somewhat similar to the famous Lockean sense of property, by which, after a man has assiduously swept a street for a period of time, he comes to feel that it is his street. Locke was unquestionably right; he does come to feel that it is his street, but that does not answer the question, should be be encouraged to think of it as his street?

Freshman dinks and freshman hazing are characteristic of second rate educational institutions. the first rate campuses in the East, which are more academically and sociologically advanced, they are seldom seen. Now I believe that this college is very much a first rate institution, and this makes all the more pressing the question: why must it persist in the superficial affectations of a second rate one? As has been demonstrated here many times in the past few years, you have to act big to be big.

However, I am confident that this new revival of hazing will not last long, for I trust in the dis-cernment of the upper classes;

Jaywalking

In Sports

By Dixie Walker

Coach Ed Athey's soccer squad played its 1956 season opener on Wednesday when Mt. St. Mary's invaded Kibler Field for a Mason-Dixon Conference test. The Sho' booters feature a veteran starting eleven and judging from the intense practice sessions, the Sho'men are going to make things tough for Mason-Dixon and Middle Atlantic Conference opponents.

tough for Mason-Dixon and Middle Atlantic Conference opponents.

One of the real bright spots in the Sho'men lineup is goalie Charlie Stow. Charlie will attempt to fill the big shoes of Joe Syzmanski, oftmentioned for All-America honors during his years as the Sho' goalie, and a more courageous hustling goalie than Stow cannot be found. Watch this fella Stow dive in front of a stampeding herd of hungry linemen to snatch up a loose ball and clear it from the scoring area.

Several newcomers to the squad have given outstanding performances. Don Davenport, a Freshman from Kennett Square; Pa., has virtually clinched a spot at left-halfback, Mike Holmes, another Freshman prospect from North East, Md., is battling for a starting assignment at the left wing slot. Joe Sievold, already a W. C. basketball and lacrosse star, made a belated appearance on the practive field and gave such an outstanding performance during the few days that he was out that he will probably see quite a bit of action on the forward wall. Joe brought along all the hustle, drive, and craftiness that made him a "big little man" in basketball and lacrosse and may play a big part in the Sho'men championsip hopes. Returning linemen Rex Lenderman, Barry Burns, and Bob Bragg form the nucleus of an offensive aggregation that has unlimited scoring potential. Coach Athey remarked last week that this line has taken more shots at the goal during scrimmages than any group since he has coached Sho' soccer teams.

Stow's performance in the goal will be the key to an otherwise weaker defensive alignment than last year, but the bomblasting forward attack of the line should make the difference as the Sho'men strive for a sweep of conference

SHORT SHOTS
The Mason-Dixon Conference has announced that their basketball tournament will be held several days earlier in 1957 so that the conference champion may enter the NCAA small college tournament. The three-day long tourney will begin on March 5. The winner of the Mason-Dixon championship will compete in the NCAA tournament on March 9.

Western Maryland College downed Mt. St. Mary's, 5-1, on Saturday, October 6.... The Sho'men meet Bucknell today at 3 P. M. in Middle Atlantic Conference contest.

Goalie Stow will be backed up by Freshman Pete Knox in handling the goalie chores, while Jerry

Sho'men Down Mounts 3-0 Shutout in Opener

The Washington College soccer squad opened its season on Wednesday against Mt. St. Mary's, and defeated the Mounts, 3-0. Barry Barns drove home the first tally just minutes after the opening whistle and center forward Rex Lenderman scored twice in the third quarter.

With two and a half weeks of practice under their belts the starting Sho'men lineup included Charlie Stow in the goal, George Walters and co-captain Dick Lent at the fullback spots, Arnold Sten, Phil-Riggens, and Don Davenport, the only freshman to start, as half-backs, and a forward line of Rex Lenderman at center-forward, Barry Burns and Josh Carey, in-Walker on the wings.

* Coach Ed Athey welcomed out

36 fine looking soccer prospects to the first practice. Of this group nine are returning lettermen. These experienced players are: Bragg, Burns, Carey, Lent, Lender-Bragg, Burns, Carey, Lent, Lenderman, Riggins, Sten, Walker, and John Kruse. Kruse, although absent from the squad last year, is well remembered as being the man who kicked the winning goal against Haverford College in 1954, to give the She'men the Middle Activities.

THE MEN WHO PILOT THE 1956 SOCCER TEAM—Co-captain Dick Lent, Coach Ed Athey, Co-captain Barry Burns (left to right). The co-captains are responsible to the officials for the conduct of the whole team while the game is in progress. The coach must remain on the side lines.

Caparoso, Jack Shipley, Cart Mas-, toll from the soccer squad as Roger sey, Bill Miller, Ron O'Leary, and Smoot, Joe Syzmanski, Herm Pete Norris round out a strong Schmidt, and Hezzie Howard all backfield corps. Jay Cuccia, Joe Seiveld, Tony Byles, Clark Johnson, Mike Holmes, and Spike Watts and slated to see action on

the line.

The addition of Seivold should strengthen the team considerably. Joe has already shown outstanding ability in basketball and lacrosse Atlantic Soccer Championship. and will probably see plenty of Goalie Stow will be backed up action in the Sho' team's ten game

received their diplomas. Sam Spicer and Luther Vaught, both 1955 starters, will also he badly missed. The men were instrumental in the Sho'men season record of five wins, two losses, and three ties. Coach Athey, however, is optimi-

stic over the team's chances. He stated, "In spite of heavy losses from last year, I am very optimi-stic. The team has been working hedule.

Last year's graduation took its mise."

well, and has shown plenty of promise."

Over To Girls

By Kathleen Brackett The women of Washington Col-

lege now have their own gym-nasium, Cain Gym. Never again will they be in competition with the boys as to who will have the use of the hasketball court.

There is all new plumbing and the washing room and six shower rooms are completely tiled. The partition in the north side of the basement has been knocked out to make an indeer archery range. On the left side there is a room for two ping-pong tables and a small lecture vroom. A washing room, equipped with a washer and dryer is also included. The freshman dressing room will be on the north side and the upperclass girls will dress on the south side.

With all these additions three sports can be kept going all winter long. Free sports will be held in the gym Tuesday and Thursday afternoons.

Hockey is starting for girls and will continue to December. Also, almost an entirely new Board of Managers will be chosen this year.

Over Mounts

By Gil Ryan

The Washington College crosscountry team defeated the Mt. St. Mary's harriers, 26-31, on Wednesday, to chalk up their first victory in two years.

Jee Thompson grabbed place for the Sho'men in 16:55 an finished behind the Mounts' J' Mnrphy, who set a course read of 16:22.5. Other Sho' finishe were: Tom Crouse, fourth; Ji Pickett, fifth; Tom Woodwar seventh; Jim Potter, eighth; Oil Robinson, ninth; Bill Pitme Robinson, ninth; Bill Pitme thirteenth; Don Messenger, xx teenth; and Mell Hunter, sev n teenth.

Ceach Don Chattelier is optimistic about the team's chen this year. A large factor in t improvement of the '56 harriers in the fact that 17 days have been devoted to practice, whereas last year the team had only five days o running before the opening meet The coach also noted that the boys have been running closer together in time trials and this is a very important factor in cross country.

This year the harriers will run a longer home course than before. It has been lengthened from 2.7 miles to 3 1-4 miles to meet con-

mies to 3 1-4 mies to meet conference standards.

Washington College plays host to P.M.C., of Chester, Penna, today in a non-conference test and travels to Towson to meet the Teachers in another Mason-Dixon Conference meet.

Building Program Hastened During Summer Vacation Star laci England.

During the summer vacation there was much building and renovating on the campus. The new wing of Somerset Hall is nearing completion and the Frank Russell Charactering is your in use having Gymnasium is now in use, having recently been completed.

The new wing of Somerset is due for delivery to the college in late November, at which time Phi Sigma Kappa fraternity will move tem-porarily into the new structure Immediately upon completion of this wing the contractor expects to move on to work on the renovation of East and Middle Halls.

When work starts on East and Middle halls the men presently occupying those buildings will have to move out. With this situation there will become quite a shortage of dormitory space for the men. Doubling up in rooms is to account for a large part of this, but it is anticipated that rooms will have to be located for some of them in Ches. tertown.

When the renovation of East and Middle halls is completed Phi Sigma Kappa will move into East At that time Lambda Chi Alpha and Theta Chi fraternities will have to decide which of them will occupy Middle Hall end the new wing of Somerset. The prenew wing of Somerset. The pre sent fraternity row will be con verted into apartments for mem-bers of the faculty .

Two other buildings on campus have undergone changes this summer. Hodson Hall has been de-corated inside and Cain Gymnasium is still being renovated for use by women students only.

Don Kelly

Exams Scheduled Worth \$72,000

Ever wonder what your college degree will be worth to you in dollars and cents? A little inquiry revealed some highly interesting facts.

The dota for this article were The data for this article were taken from Personal Finance, which took them from a book entitled They Went to College: The College Graduate in America Today by Ernest Havemann and Patricia West. There is a high correlation be-

advanced formal education and high incomes as compared to low education and low incomes
The Equitable Life Assurance Assurance Society estimates that college graduates average \$72,000 more in lifetime earnings than do non-college graduates

Taking occupation first, analysis reveals that only 16 per cent of non-graduate men in the United States hold positions as professionals, proprietors, managers, or executives. The other 84 per cent are submerged in agricultural, unskilled to skilled, and clerical and sales work.

Men with degrees, on the other hand hold 84 per cent of the pro-fessional, proprietary, managerial, and exectuive positions. Only 16 per cent are employed in agricultural, unskilled to skilled, and clerical and sales work. The sitnation is exactly reversed! The authors of Personal Finance conconclude that "it is unusual to find an Old Grad who is not at the top."

The cash value of the degree increases with age. Median earnings of men graduates are higher than for non-graduates by roughly the following figures for different age levels. Under 30, \$1,537; under 40, \$1,971; under 50, \$3,389; and over 50, \$3,732. "When the average man's (annual) income begins to decline after 50 . . . the college graduates are attaining their best returns." Evidence indicates that college

degrees in many cases are an open but the searching that causes the barred to unon-graduates because of educational necessity. Annual incomes of five major professions in 1951 were highest for doctors, lawyers don'tes and the control of the professions of lawyers, dentists, engineers, college professors, and secondary school teachers, in that order. The busi-

ness field offers handsome rewards to the man with a degree. A graduate can expect to reach the \$7,500-plus income brackets faster in banking than in any other type of business, but banks employ less graduates than does any other type. Manufacturing is the bigtype. Manufacturing gest single employer.

It has been pointed out that col-lege graduates dominate the prolege graduates dominate the pro-fessions and higher income posi-tions. Familes of college men are financially more secure, since families headed by professionals receive a median income of \$5,100. and managers and officials receive an average \$7,395 a year. Sixty per cent of the heads of families with incomes of \$7,500 or more went to college.

These are facts to contemplate. Is it worth the strain and worry for four years? The answer must be yes except under extreme conditions. For the best available evidence shows clearly that the cozy economic circle around college graduates is rapidly shrinking to the non-graduates.

A Bit of Nothing

I have always considered myself a person of very few words on the phone and being assured that there are others like myself, with the ex-ception of midnight callers, I could not understand why none of signals the callers said, were not getting through (my calls were not expected at midnight) until I resolved myself by deliberate intent to answer that phone every time it rang and get right down to the bottom of this thing immediately, which I did on my first assignment . . . (pause for breath)
"Hello," I said to the voice at

"Hello," I said to the voice at the other end.
"Hello," the voice said back after a long silence, "May I speak to Betty Brown?"

After a dorm-wide search for Betty Brown, I returned to my room twenty minutes later, convinced that the person who gets calls at midnight found out long before I did, that its not the talking

Jaywalking

In Sports

By Dixie Walker

The 1956 Intramural Football League opened its season

The 1855 intramural Football League opened its season last week with six strong squads competing.

In addition to the four fraternity teams, the Bluebirds return with another powerpacked aggregation, and a new team, the Scoffers, was added to the loop.

League games will be played on Tuesday and Thursdays, with the second and final round of play ending just before the Thanksgiving vacation.

with the second and final round of play change, the Thanksgiving vacation.

The Bluebirds, who have always fielded strong intramural teams in all sports, will be led this year by Russ Summers. With Bill Davis at quarterback, surrounded by such grid stalwarts as Carmen Janelli, Newt Schellinger, Ken Solden, Tony Oswald, and Jim Sigler, the Bluebirds will show a lot of power on the line a potent passing attack.

Theta Chi will field one of the strongest teams in their history, and rank as the team to beat this year. With Jack

Theta Chi will field one of the strongest teams in their history, and rank as the team to beat this year. With Jack Fredricks at the helm, a few big Theta names to remember are: Bruce Beddow, Ralph Laws, Warren Wasson, Ed Silverie, Chick Mills, and Jim George.

Roy Henderson's Kappa Alpha eleven will miss the passing and running ability of last season's quarterback, Romie Defilice, but Henderson believes he has come up with an equally good field general in Gus Skordas. Skordas is an excellent passer and a cool number in calling from scrimmage. In addition to Skordas, the K.A.'s will depend on Tom Halley, Rich Devine, Jim Holloway, Jim Scott, Doug Gates, Tom Short, Jack Meager, and Bill Fletcher to carry their flag hopes.

Lambda Chi, who along with the Phi Sigs, ruled the bottom of the league standings last season, are looking forward to a more successful campaign this year. The Lambda's lost several games last year in the closing minutes and will be guarding against this uphappy plight. Outstanding Foo names to watch are: Berky Kenney, Roy Pippen, Mike Kochek, Sam Macera, Hugh Shores, Tom Wells, and

Mike Kochek, Sam Macera, Hugh Shores, Tom Wells, and Mark Hoke.

Mike Kochek, Sam Macera, Hugh Shores, Tom Wells, and Mark Hoke.

The hapless Phi Sigma eleven, who were without a win last year, loom as a dark horse during the current season. Phi Sigma stars include: Bob Colborn, Don Messenger, Ollie Beall, Bill Pfeiffer, Dick Reilly, Bob Shockley, and Bill Collins.

The new entry in the league, The Schoffers, comprize an array of Freshmen, transfers, and a sprinkling of W. C. sophomores. The Scoffers have not been seen in action yet, but they are expected to field a big and extremely fast team. Among the standouts on this club are: Larry Kieffer, Lee Hammord, Bob D'Angelo, Dave Walker, Mark Diashyn, Bob Dranderoff and Jim Sauter.

League Commissioner Don Chattelier has been singing the blues because of the trouble in scheduling games this year. The Chestertown pageant held up things for awhile as it was shown on Kibler Field, and now old man weather is sticking his nose into the grid scheduling plans. Nevertheless, Mr. Chattelier is working on an alteration of the schedule and, judging from his past work in setting up intramural loops, you can bet that affairs in this year's league will soon be ironed out.

Football League **Begins Operation**

KA's & Bluebirds Tally Wins

By Tom Short

The Bluebirds and the Kappa Alpha football teams emerged victorious on October 16 as the Intramural Football League open-

penalties. Basil Wadkovsky, Bill Davis, and Russ Summers grabbed the offensive honors as they each scored a touchdown, while Jim Sigler stood out defensively. Don Messenger and Ollie Beall starred for the Phi Sigs in their losing

In the other game, Kappa Alpha squeeked out a 12-0 victory over Lambda Chi. The Lambdas pushed to within the K.A. twenty yard line three times but could not score. The K.A.'s hit paydirt as Gus Skordas tossed touchdown passes to Bob Bragg and Roy Henderson. The The Bluebirds rolled over Phil Bragg and Roy Henderson. The Sigma Kappa, 19-0 and launched Lambda's Roy Pippen starred dean offensive that aaw three more touchdowns called back because of of the game in the K.A. backfield.

Homecoming Crowd Sees Sho'men Battle To 1 - 1 Stalemate

In their third league contest, the Washington Sho'men had to settle for a tie as the whistle blew with the score at one all against Lynchburg on Kibler Field, October 20. The deadlock was quite a let-down

New Officers For Girls Athletic Association

By Kathleen Brackett

The Board of Managers of the Washington College Girl's Inter-class Athletic Association met on Wednesday, October 10, to appoint new upperclass officers. The following Wednesday, October 17, the Board met with the Freshmen girls in Cain Gym and they elected four representatives and the Board

New officers include Natalie Wadkovsky, president; Sarah Sachse, vice-president; and Doris Sachse, vice-president; and Doris Hall, secretary. In order to be an officer, a girl must serve at least gers and their duties of one year on the Board. The Board of Managers now include Carol Kniseley, senior; Kathleen Brackstr, Bea Clarke and Anna Lucy Allspach, inniors; Toni Stallone, sophomore; Cathy Rayne, freshman; Loretta Ponder, Sue Drake, and Mary Ann Gilmore, members at large; and Miss Doris T. Bell,

At the Athletic Department assembly, on Thursday, October 18, Miss Doris T. Bell, Head of the Women's Athletic Department, Women's Athletic Department, spoke of the three phases of the department-compulsory physical education, intra-mural athletics, and the national rating program.

In the girls' department there

is a trophy for each major sport; hockey, basketball, and badminton-"a sport for every girl." Natalie Wadkovsky, president of the G.I. A.A., spoke of the Board of Managers and their duties of selecting Honorary Varsities, picking the Best All Around Girl Athlete, and serving as student coaches.

Hockey began on October 15,

with the practicing of drives, jobs, and dribbling. Practices will con-tinue on Monday and Wednesday and games with Chestertown High

dents, Alumni, and parents who a good cross from the right wing were set for a victory to make the pulled the Hornet goalie out too far, and Joe Seivold jumped over a downed fullback to push the hall a downed fullback to push the ball through for Washington's only tally, just minutes before the period ended. The second quarter was tonch and go with the Shownen controlling the hall most of the

Lynchburg's only score came in the third quarter when the ball was handled by a W. C. player in the penalty area. Dooley then maneuvered the ball past goalie Stow for a point. for a point. The Sho'men came back and held the play near the Hornet's goal for the remainder of the period.

The final period produced no scoring and the ball was kept near the center of the field most of the

To review the game, it that Washington's backfield was very strong throughout the game, but the line sometimes lost good opportunities to score after having worked the ball well through the Hornet's defense. On the other On the other hand, Lynchburg's line was strateg. ically placed most of the time, which made up for their lack of backfield strength. All-in-all the game was an interesting one.

The deadlock gives the Sho'mer a one won, one lost, two tied re-cord. They go after Loyola here Tuesday to try and improve that win column.

Freshman Prospect

By Rex Lenderman

The initial Freshman Prospect spotlight for 1956 falls on a promising halfback of the Washing-ton College soccer squad. He is Donald Charles Davenport, the only Freshman to break into the starting lineup of Coach Ed Athey's squad.

Don hails from Kennett Square, Pennsylvania, and was a threesport letterman at Kennett Square High School. He was a member of the varsity baseball team for four years, basketball team for two year, and the soccer squad for two Don captained the baseball squad, was a member of the varsity club for three years and in his senior year, he received an award for having contributed the most to the success of the baseball team during his four years

Davenport was also the recipient of another award for being ontstanding in scholarship, sports, and citizenship.

Don is nineteen years old and has an evenly distributed 170 pounds spread over his 5'11" frame. Alert and extremely agile, Davenport is rapidly adapting himself to the style of play that Coach Athey favors.

Don has already contributed greatly to the soccer squad, and from all indications, he will become even better as he gains experience in college soccer.

We extend our best wishes to Don Davenport for college success and all his endeavors in years to come. He is one of the athletes to watch at Washington College as the Sho'men reach for greater heights in the soccer world in 1956.

The University of North Carclina has had two seasons in which its football teams failed to win a game. That happened in 1888 and in 1891.

WASHINGTON COLLEGE

WEDNESDAY, OCTOBER 31, 1956

Minutes Of SGC Meeting

Minutes of the meeting of the Student Government Council, Oct. ober 23, 1956

Vice-President Jerry Caporoso presided in the absence of President Boh Penkethman.

Senior Class Representative Dick Farrow, who was absent, apparently has not put up a suggestion box Caporoso reported for the Din-

ing Hall Committee. It was once a rule that kitchen help wear hose and hair nets, but lack of cooper ation on the part of the kitchen help made the rule unenforceable. Mr. Dumschott will be consulted Mr. Dumschott will be consulted about the possibility of requiring girls on the serving line to wear hair nets, Girls on the serving line have been instructed how to open loaves of bread; but their attitudes toward this and other mat-ters have been insolent and uncooperative. A mechanical, auto-matic bread dispenser is unfeasible because of the waste it would en-courage. Most students want gravy. If a student doesn't want a perticular item on the menu, he must take it anyway, since the servers can't wait for each student to specify what he wants. tray disposal line can't be speeded up because the washing machines operate at one fixed speed. Stu-dents can avoid standing in line by remaining seated when a line be gins to form and waiting until there

is no cougestion.

A letter from Sam Macera, director of the College Pep Band, requested formal recognition by SGC of the band, to be known officially as the "Washington Col-lege Pep Band." Macera also requested \$15 for purchasing sheet music and parts for instruments. SGC voted to recognize the band

as a bona fide campus organization.
Suggestions: 1. That when campus dances are held, some person from the sponsoring organization be responsible for cleaning up unsightly messes during the dance, and that said person provide a mop, bucket and cleaning rags.

2. That organizations sponsoring dances request the band leader to take moderate intermissions; the intermission during the Homecoming Dance was felt to be un-

duly long.
3. That coat hangers and racks be provided at dances. Mr. Dunschott advises that racks can

be provided.

Dean Paget suggested forming a Social Committee, composed of two elected representatives for each

class, which would be a total of nine counting the chairman.

Dean Paget will post a calendar of social events for the remainder of October.

Whether to hold elections of

Freshman Class officers during the first or the second semester was discussed, but no decision was made.
It was suggested that in the

future, posters with pictures of the eligible candidates for Home-coming Queen be posted before the elections.

Dean Hill said members of the Dean Hill said members of the SGC are overworked and need help with the myriad details involved in the discharge of their duties, particularly committee work. He proposed the formation of a "Service Panel", which would provide a staff of workers to be given assignments on a rotating basis. The suggestion was tabled until the next meeting.

The arrangements for scheduling

Lost Banjo Of 'Roaring Twenties' Fame Returned To Alumni Owners

MEMORIES come back as Al Herman and Ed Luckey look at banjo in Luckey's hands and MEMORIES come back as Al Herman and Ed Luckey look at banjo in Luckey's hands, and Dr. Dan Gibson looks on, right. The Herman-Luckey combo, with Luckey on banjo, made sweet music at Washington College 30 years ago. Back for reunion October 20, Luckey was presented with his old banjo which had been found by Bedford Groves. The couple wrote, among other things, "On The Good Old Eastern Shore." Ed Luckey is the guy who arranged for Tony Curtis to select Chestertown's 250th anniversary queen.

Mexican Government Offers Awards For Study

November 1, 1956, is the closing all anthropology.

Although these grants are dedate for application for graduate and undergraduate awards for study in Mexico during 1957, it was announced today by Kenneth Holland, President of the Institute of International Education, 1 East 67th Street, New York City.

Sixteen awards are offered by the Mexican Government, through the Mexico-United States Com-mission on Cultural Cooperation for the academic year beginning March 1, 1957. These awards are Exam Announced open to men and women preferably under 35 years of age and unmarried. Applicants must be U.S. citizens. Other eligibility requirements are: a good knowledge of Spanish; good academic record (and professional record if the applicant is not a recent grad-uate); good moral character, per-sonality and adaptability; and good health. Preference will be given to graduate students. Only junior and senior year students are eligi-ble to apply for undergraduate scholarships.

Recommended graduate fields of study are: architecture; Indian and physical anthropology; ethnology and archeology; museography; art and archeology; museography; art (painting - open to advanced stu-dents only); cardiology and tropic-al medicine (for caudidates with M. D. degree); biological sciences; and Mexican history. Other fields are not excluded. For undergrad-nates the fields of philosophy, language and literature are recom-mended. Specially, explified stu-

signed to cover full maintenance and include tuition, applicants should be prepared to pay for travel costs and incidental ex-

Candidates should apply to the U.S. Student Department of the Institute of International Education, the agency which administers the Mexican Government awards.

The United States Civil Service Commission is seeking applications from persons interested in a career in the Federal service through its Federal Service Entrance Exami-nation. This examination, which covers a wide wariety of occupa-tional fields is open to all college seniors and graduates regardless of their field or major study and to people who have had equivalent experience. The next written test will be held Nov. 10, 1956 Additional written tests will be given January 12, February 9, April 13, May 11, July 13, and August 10,

Most appointments will be made to positions at grade GS-5 with a beginning salary of \$3,670 a year. mended. Specially qualified students may study Mexican history, enthnology, archeology, and physical and GS-7, \$4,080 and \$4,525 a year.

Positions will be filled in various agencies in Washington, D. C., and throughout the United States, its Rally, Mock Election territories and possessions. A few positions will be filled in foreign countries.

Some of the fields in which posi-tions will be filled are general adtions will be filled are general ad-ministration, economics, budget management, automatic data pro-cessing, library science, statistics, information, and food and drug inspection.

Further information and application forms may be be obtained at many post offices throughout the country or from the U.S. Civil Service Commission, Washington

Theta Chi Makes Hesse A Member

Beta Eta Chapter of Theta Chi Fraternity at Washington College, Chestertown, Md., made the late George W. Hesse an honorary member posthumously at a special sec-ret ceremony in the Chapter house October 21.

Hesse, who was a pledge of Theta Chi when he withdrew from Washington College to join the Navy in 1954, was killed May 20 when his jet aircraft crashed during an attempted landing at Glynco Naval Air Station, Burnswick, Ga.

A certificate of honorary membership will be procured from the national headquarters of Theta Chi in Trenton, N. J., and present ed to Hesse's mother, Mrs. Anna R. Hesse, of Baltimore. The 23-year-old pilot had plan-ned to resume his studies at Wash-

ington College in September, 1957 and be graduated the following June.

A banjo with a missing string was the center of attraction for Edwiu T. "Ed" Luckey and Charles Allen "Al" Herman last weekend when they dropped in on the alumni homecoming at Washington College.

lt was the instrument Luckey played while in college in the late 1920's when he and fellow-student Herman launched a career in the musical world.

Together they wrote songs and organized a dance band, centered around the banjo. After leaving college they appeared in Baltimore and other places as a singing team called "The Specialty Boys—Al Herman and Ed Luckey."

Luckey is now a sound editor for Universal-International Studios in Hollywood and Harman is with a Baltimere business concern. Beth are natives of Baltimere.

are natives of Haltimore.

The barjo, which Luckey hadn't seen for 25 years, was rescued from the limbo of an Eastern Shore attic. Luckey recalled that it had gotten out of his hands when he left College. Covered as it is with autographs of college friends of years ago, the owner recognized it immediately when it was pre-sented to him by Dr. Daniel Z. Gibson, College president, Luckey re-marked that it seemed in good shape "except for that missing string."

Luckey's daughter Snsan, who is a remarkably talented actress, has recently appeared on Broadway in Mary Martin's "Peter Pan" and on the screen in "Carousel".

The national political spirit generated by the impending Presidential election pervaded the Assembly last Thursday as the Young Republicans and the Young Democrats staged a rally and a mock election.

Jack Becker opened the pro-ceedings with a short speech for the Democrats.

Carolyn Andrews then apoke for the Republicans, and immediately afterwards the Republicans put on

a demonstration with the college Pep Band participating.

John Messerall concluded the speech-making for the Democrats, then that party staged its demonstration.

At the end of the program, ballots were distributed to students present, and seniors were handed them in the Diniug Hall and Snack

Only 279 (58 per cent) of the 480 students marked and returned ballots. Of the 279, there were 214 tallies for the Republican Party, or 77 per cent of votes cast. The Democrats cast 65 votes, or 23 per cent of the total.

The only figures available for voting according to class was for the Seniors. Approximately 35-40 per cent voted Democratic, and between 60-65 per cent voted Republican.

Ballots that were illegible, de-faced or altered in any way were not counted.

WHO WILL IT BE?

Omicron Delta Kappa will honor several students with membership at the assembly on November 8.

IMPLICATIONS OF THE SUEZ 'CRISIS'

Egypt's nationalization of the Suez Canal was immediately labeled a "crisis" by Western governments and newspapers alike. But no where has there been an explanation of the meaning of the term "crisis" in this instance. The newspapers have given detailed accounts of the negotiations and deliberations of the Suez Canal Users Association and the United Nations Security Council. However, the average reader is still ignorant of the political and economic consequences if Egypt retains sole control of the Canal, which justifies calling the situation a "crisis".

On the political side, Western nations, after two world wars, are not inclined to trust a dictator of President Nasser's caliber. The life expectancy of dictatorships is too uncertain and their actions too arbitrary. Since the Israeli war of 1948, Israeli ships have been barred from the Snez; and Nasser has done nothing to rescind that edict.

But most important is the fact that whoever controls Egypt also controls the Canal. And the "Soviet camel already has its nose in the Egyptian tent."

The consequences of one-nation control might be high toll charges and inadequate maintenance of the Canal. The

The consequences of one-nation control might be high toll charges and inadequate maintenance of the Canal. The controlling power could exclude any ships it desires from passing through the Canal. If ships of the United States and other Western nations, which transport the great bulk of goods to international markets, were excluded, the only alternative routs to parts of Asia and Africa would be via the southern tin of Africa. southern tip of Africa.

southern tip of Africa.

The extra time required to make the voyage around the Cape of Good Hope would result in a shortage of shipping facilities. International trade would be sharply restricted until more ships could be built. In that event, export goods would pile up in the exporting countries while shortages would develop in the importing nations. Surpluses in one country and shortages in another mean depression and inflation, respectively. In the country with shortages, inflation would be accompanied by black markets in a wide range of consumer and luxury goods.

There would be drastic fluctuations in currency exchange rates as countries adjusted to the changes in international trade.

Western efforts to industrialize the underdeveloped countries of Asia and Africa would be seriously hampered.
Instead of desired continuous mild inflation and rising national income, the underdeveloped countries would experience a

depression. To date, neither the Canal Users Association nor the UN To date, neither the Canal Users Association nor the Undebates have produced a plan acceptable to Egypt which would also guarantee use of the Canal by all nations. None of the six principles presented by France, Great Britain and the United States have been accepted, even though they seek to "insulate" the operation of the Canal "from the politics of any country" and at the same time guarantee that "Egypt's sovereignty shall be respected." The "crisis" is still unsolved.

An old maid is a gal who knows all the answers but is never asked the

First boy: You never kissed me Attention: You can cure your like that before, Mary; is it because we're in a dark room?

Girl: No. It's because my name kindness, cooperation, and by sticking and the better the most of the second that it is small that it is market. room mate of snoring by advice, ing an old shirt in his mouth.

Spotlight On A Senior

This week the ELM spotlight falls on senior Sarah Sachse who came to W. C. from Baltimore, Maryland. Active in extracur maryland. Active in extracur-ricular activities at Catonsville High School, she continued in this same field immediately upon hit-ting W. C.'s campus. Elected treasurer of the Freshman class, she also became an ELM reporter, a member of the G.I.A.A., and a member of just about every organization on the campi. During the next three years, Sarah continued to participate in as many activities as time would allow.

She served as secretary of the Sophomore class, secretary-treasur er of the Art Club, Junior Home

coming Representative, Pegasus writer, and member of the Canter-bury Club and the Washington Players. Always active in sports, this year she holds the post of Vice-President of the G. I. A. A. In the past she has held the job of softball coach, and this year she is coaching hockey. A participant as well as a coach she has earned several Varsity and Point Award sweaters and was named Most Valuable Player in hockey. Playing basketball for Zeta Tau Alpha indicates Sarah's sorority preference. Last wear she served as Rush Chairman, while this year she holds the position of President of ZTA. Majoring in English, Sarah finds useful experience while work ing as Feature Editor of the ELM. This year also finds Sarah serving as treasurer of the Senior class as treasurer of the Senior class, president pro-tem of the Minta Martin Conncil, a delegate to Pan Hellenic, and a member of F.T.A. After graduation she plans to teach high school English in Baltimore. If anyone is interested in finding Sarah they might look behind the cafeteria counter every lunch time or at any sporting event featuring Joe Seivold

intellectual places of interest here such as the library, the museum, the labs, of course, the classes. What suprises me is that they never mention our zoo in the bottom of Hodson Hall. To acquaint the college with this less-mentioned intellectual point of interest, I will describe some of the more outstanding animals who frequent our zoo.

First and foremost in the Snack Bar is the King of the Jungle, the lion. He is one who sits regally most of the time, but astounds and mystifies the whole animal kingdom by letting out a tremendous roar every once in a while. This proves he is the king!

The deer is characterized by the timid individuals (usually Freshmen) who look in the door, see the uproar inside, slink in, and then do their best to melt in the pro-tective camaflouge provided by the sofas and chairs. From these pro-tected points, they look with eyes wide with fear at the surrounding jungle. If approached, they either jump and run or try to melt further into the scenery.

The hawk only comes out from about 11 to 12 noon. He casts a wary eye on the mail box, waiting for his prey patiently and without moving. When his prey is seen,

Some of them have been trained to play ping pong and this is very exciting for the other, for when one Continued on Page 4

LETTERS TO EDITOR

It is my wish on behalf of Chestertown's 250th Anniversary, Inc., to thank those officials, faculty members, and students and others of Washington College who con-tributed in many ways to the success of our recent celebration. Our decision to hold the affair in October was based upon two considerations: (1) our desire to have Washington College personnel on hand to enjoy and participate in the festivities; (2) our knowledge that many connected with the Col-lege could and would make a substantial contribution to the success of the celebration. It turned out, I am sure, to be a mutually beneficial arrangement.

In particular do we want to cite the members of the Washington Players who made themselves indispensable. The particular contribution of Roy Jones is recognized by all who saw operations be-hind the scenes, while others of the stage, property, and lighting units performed magnificently. The nar-rators received much praise for the job they did. The work of the Players only confirmed what many of us knew, simply that it is one of the College's outstanding groups

in both quality and consistency. We hope the College enjoyed the anniversary as much as the town and county did .

Sincerely yours, Charles B. Clark, President Chestertown's 250th 'Anniversary, Inc.

Inquiring Reporter Sue Kemp

Do you believe in interdigitation?

Mary Ellen Reinwald - Sure!

Joan DeHart — Yes, it's something that I ate at Hodson Hall.

Bev Jones - Sure, I did that at the beach party Sunday night. (Continued on Page 4)

THERE'S

Sho' Booters Shut Out Loyola, Delaware

Soccer Team Tops Loyola

By Larry Symonds In their fifth game of the 1956

in oneir fifth game of the 1956 season, the Washington Sho'men shut out the Loyola Greyhounds of Baltimore by a score of 3 to 1 on Kibler Field, October 25. The Sho'men remain undefeated at home and show a 2 won, 1 lost, 2 tied record for the year.

Rex Lenderman led the offensive attack with two goals and Bob Bragg followed up with the re-maining tally. Other outstanding linemen were Barry Burns and Mike Holmes, a frosh substitute st wing.

Charlie Stow again sparkled defensively, coming up with several timely saves. Other defensive stars for the Sho'men were Don Davenport, Arnie Sten, and Jack Ship-ley who made his first start of

With six minutes left in the last With aix minutes left in the last period, Coach Ed Athey replaced the starting eleven with a com-pletely fresh team. The Grey-hounds still could not gain control of the ball as the second string took over where the starters left off. The "seconds" held their ground and almost scored before the game ended.

Three Games Played In IFL

By Tom Short

Three games were played in the Intramural Football League last week, with Theta Chi emerging victorious twice, and the Bluebirds

Theta Chi and The Scoffers met on Tuesday in the first game of the season for each team. Big Ed Silverie of the Oxes scored 20 points as the Thetas trounced the new team, 27-0. Silveri scored his touchdowns on passes from quarterback John Davie. The other Theta score came on a toss by Davie to Warren Wasson. The Theta attack was stalled

several times by the brilliant de-fensive play of Larry Kieffer and In Griffin, but otherwise they completely controlled the game. The Scoffers field a big, scrappy team, but appeared to be unorgan-They have good speed, how ever, and with a little organization they could become a tough team for IFL opponents.

Theta Chi picked up their second

win of the week on Thursday by overpowering Phi Sigma, 34-0. John Davie again sparkled in his quarterback slot and Bruce Beddow gave a great performance as he showed off some fancy broken field running. Player-coach Jack Fredricks, Moose Schieble, and Andy Andrews were outstanding in the Theta line attack. The Phi Sigs were completely smashed as they made their second bid for a victory. They have yet to score a touchdown and have been scored on for fifty three points in two games.

three points in two games.

In the other week's contest, The Bluebirds chalked up a 9-0 victory over Lambda Chi. The 'Birds scored all their points in the first quarter and then were held at bay by a determined Lambda eleven. Bill Davis threw a pass to Basil Wadovsky for the Bluebirds' touchdown and only shortly after they had converted a pass to Basil wadowsky for the Bluebirds' touchdown and only shortly after they had converted for a 7-0 lead, they scored again when the Lambda's fumbled in their own end zone. The Lambdas recovered the fumble, but were nnable to run it out of the end zone.

John Derringer starred defensively for Lambda Chi as he intercepted three passes in his safety

Jaywalking

In Sports

By Dixie Walker

After winning two games last week, over Loyola College and the University of Delaware, the Washington College soccer team is prepared to test Towson State Teachers, one of the strongest teams in the Mason-Dixon loop this season. The Towson booters, led by their star lineman, "Buckshot" Harmon, now sport a 5-0 record with several of their victories over impressive opnonents.

Towson booters, led by their star lineman, "Buckshot" Harmon, now sport a 5-0 record with several of their victories over impressive opponents.

The Sho'men have finally found the range in the scoring area, but not to the extent that they would like. They have tailed to capitalize on many golden scoring opportunities. They continually play soccer on their end of the field, but have trouble when the time comes to split the uprights. The Sho'men have scored fourteen goals in six games while allowing their opponents only six tallies. While they have failed to take advantage of scoring chances at times, they have also had their share of bad luck. As Barry Burns, Sho'men co-captain, remarked the other day, "We must lead the nation in hitting the goal posts!"

The defense has held up exceptionally well and have only the Western Maryland contest as a black mark on an otherwise outstanding performance. Fullback Dick Lent, who had some trouble early in the season in kicking the ball as hard and far as he did in previous seasons, became his old self when the Sho'men met stiff competition. George "Toby" Walters has been very steady at left fullback, a spot that was a question mark before the season opened. Big George covers a lot of ground in the backfield and has the speed to "get back" when an opponent stages an offensive threat.

Arnold Sten has the center halfback duties more than adequately under control. He is playing his third season as a W. C. halfback and is having his greatest year. Sten, Phil Riggins and freshman Don Davenport form a great offensive and defensive halfback array. Riggins has been nursing a leginiury and saw only limited action in the last two games, but

Riggins and freshman Don Davenport form a great offensive and defensive halfback array. Riggins has been nursing a leg injury and saw only limited action in the last two games, but is ready to go again today. Jack Shipley filled in capably for Riggens during his absence.

Charlie Stow has four shutouts to his credit and continues to play courageously in the goal. No one wants to win more than Stow and if winning means jumping into a mase of wildly kicking feet, Charlie will do it.

Coach Ed Athey shuffled his lineup some during the Loyola game and received favorable resulfs. He moved wing-

wildly kicking feet, Charlie will do it.

Coach Ed Athey shuffled his lineup some during the Loyola game and received favorable results. He moved wingman Bob Bragg into the centerforward slot and sent Rex Lepderman to an inside and found that the two formed a powerful one-two punch in the center of the line. Bragg and Lenderman have accounted for all of the goals in the last two games—a total of six. Athey has also used linemen Joe Seivold and John Kruse to greater advantage by playing them more. Both handle the ball well and are scoring threats. The Sho'men tackle Johns Hopkins this weekend in Baltimore, then come home to meet a powerful University of Baltimore squad next Wednesday.

CONGRATS AND APOLOGIES

Don Chattelier's cross-country squad won three meets in a row before losing to Loyola last Thursday, but they hit their stride again the next day by defeating American University. Our hats are off to Coach Chattelier, who suffered through a winless season last year, then came back to produce a winning team of harriers this season.

Apologies are due to the Phi Sigma intramural football team. This writer reported in the last issue of THE ELM that the Phi Sig eleven were without a victory during last season. Jack Becker informs me that the Phi Sigs indeed did win a game, when they upset Kappa Alpha's gridiron squad in the design gweeks of the season.

win a game, when they upset Kappa Alpha's gridiron squad in the closing weeks of the season....

COLLEGE CORNERSTONE
CARBONDALE, Ill. (AP)—Ever wonder what's tucked away behind those college cornerstones?
Illinois Governor William G.
Stratton recently mortared up the cornerstone of Southern Illinois.
Among the 25 items sealed away were an agricultural bulletin entitled: "Shall Southern Illinois Vegetables Go South in August?" and a reprint from a cattleman's Magazine: "Where Will Crossbreeding Lead Yon?"

The Lambda's sorely position. missed their outstanding lineman, Roy Pippen.

The league now boasts three un

defeated teams, but the new rule that eliminates fall varsity players from participating in intramur-al play is expected to be a big factor in future games. The Blue-birds were hardest hit by this rule as they lost seven players. Theta Chi was forced to drop three from their roster because of the rule.

TUESDAY'S RESULTS Theta Chi 6 Kanna Alpha 38 Bluebirds 0

LACROSSE PRACTICE

Fall lacrosse practice at Washington Collge is being held on Ington Goige is being near on Monday, Wedresday and Friday afternoon. Any boys interested in playing lacrosses are welcome to attend these informal meetings with the new lacrosse coach, Don Kelly.

Harriers Lose First Meet

Bounce Back To Win Friday

Washington College's country course record was broken by three Loyola runners as the team from Baltimore defeated the Sho'men by 20-36 on October 25. It was Loyola's day as three Greyhounds took an early lead and never lost it. Paul Sherman of Loyola crossed the finish line first in 16:07, a new course record. Jim Murphy of Mt. St. Mary's previously held the mark of 16:22. Joe Thompson paced the Sho'men with a fourth place finish while Tom Crouse took fifth, Other Washington College finishers were Jim Pickett, seventh; Ollie Robin-son, ninth; and Tom Woodward eleventh. By winning this meet, Loyola remained undefeated for the season while the Sho'men sus-tained their first loss.

On the following day the Maroon and Black bounced back to defeat the Eagles of American Univer-sity hy a score of 24-35. Joo Thompson again paced the Sho'-men hy taking first place in 16:24. He was closely followed by Tom Cronse and Jim Pickett, who took Cronse and Jim Pickett, who took third and fifth places respectively. Tom Woodward, Ollie Robinson, Bill Ditman, Bob Schumann, Jim Potter, and Don Messenger also made impressive showings as the harriers racked up their fonth triumph. American University's record now stands at 2 wins and 3

The Del-Mar Championships will be held at Clifton Park in Balti-more on November 3 and Washington College will participate this year hecause of the great interest shown thus far by the harriers. Following this gruelling meet, the Sho'men will face Catholic University, Johns Hopkins, and Gallaudet to round out the regular season. The windup meet wil be the Mason-Dixon championships to be held at Gallaudet on November

17.
Coach Don Chattelier is very much pleased by the progress the team has shown to date. He has commended the boys for the interest and hard work put forth. It has been a long time since a Washington College cross-country squad has had such a good year. Although the season is only half over, the ontlook for a wining season is very bright indeed.

THE UNDESIRABLES

THE UNDESIRABLES
BOWLING GREEN, Ohio (AP)
—An assistant professor of education at Bowling Green State University has developed a test which he says will help lusinessmen put a finger on employes with undesirable personality traits.

The test contains 150 opinion-type statements and by studying the answers, personnel directors can place potential trouble makers in jobs where they will clash with others, Dr Mearl R. Guthrie says.

Sho'men Win Third Game

By Larry Symonds

The Washington Sho'men continned their winning ways by downing the University of Delaware Blue Hens, 3-0, on the losers' field, October 26. The game was played in a steady drizzle of rain that soaked the field and made footing very unsure.

The one-two scoring punch of Rex Lenderman and Bob Bragg again scored the winning tallies as Lenderman hit for two and Bragg one. The 'Hens goalie made meny good saves as the improving Sho' line continued to shoot hard Sho' line continued to shoot hard at the goal. Charlie Stow, the Sho' goalie, had to stop only four shots as the tough Washington College defense tightened up against the Delaware line. This is the fourth shutout performance that Stow has turned in after six games, and he sports an average of only one goal per contest being scored against him.

With their record of three wins, one loss, and two ties, the Sho'men go after Towson State Teacher's undefeated team here today at 3:00 P. M. Look for a hard, fast contest this afternoon as Washington Callege atempts to mar the Professors' perfect record.

Freshman Prospect

By Rex Lenderman The subject for our second Freshman Prospect interview is Mike Holmes, who is seeing a great deal of action with the Washington Collge soccer team.

Mike hails from North East, Maryland, and was a nine-letter man in athletics at North East High School. He played high school baseball for four years, soccer for three years, and hasketball for two years. In his senior year, Mike was selected to the All-Cecil County basketball team after ha finished the season as the aecond highest scorer in the league. He was also voted an award for having contributed the most to athletics during his four years of high

In addition to atbletics, Mike was outstanding in other extra-cur-ricular activities. He held tha office of treasurer for his senior class and was Sports Editor of his high school paper, The Northeastern.

Nineteen year old Mike states that he is very well pleased for having selected Washington College for his studies because he likes the close relationship that exists be-tween the students and faculty. "It really gives you a lift to know that everyone is working right along with you and not against you. The faculty has been very friendly and helpful to me," Mike

Holmes, a left wrng on the soccer squad, has good speed and a strong left foot that is needed for the position. Mike is gaining much game experience this season and in the three years that he has remaining to play for the Sho'men, he should develop into a fine,

steady lineman. We wish Mike much success in his coming years in both scholastic and athletic endeavors. If his performance on the soccer field is any indication of future success, know that he will do well.

Authority On American Eagle Here Friday Lecture

leading authority on the American Bald Eagle, will lecture and show color movies on "Banding 1200 Bald Eagles" at Washington College next Friday, November 16, at 5:30 o'clock. The public is cordially invited to attend. There will be no admission charge.

Known as "The Eagle Man" for his unique hobby of leg-banding eaglets, Mr. Broley has the dis-unction of adding more to the accumulation of knowledge of our national bird than any man now

A native of Ontario, Canada, he has ranged far and wide across the North American Continent in pursuit of his study. The color movie he will show next Friday includes scenes of many of his recent adventures.

It was at the age of fifty-eight that Mr. Broley retired as manager or a Winnipeg hank "to enjoy a leisnrely old age." Today he says, "I have never been busier in my life." Now well over seventy, he has spent the intervening years in a face-to-face study of the American and the same and the same are chosen by the face to face study of the American and the same are chosen by the a face-to-face study of the Ameri-can Eagle. Climbing giant trees on rope ladders and scaling cliffs that would daunt a boy of seventeen, he has leg-banded over 1200 vicions, clawing eaglets.

His work has attracted the at

tention not only of the scientists but the public as well, young and old with equal interest. He has been the subject of feature articles in Saturday Evening Post, Collier's, MacLean's (Canada), and Andubon Magazine, and in the Reader's Digest. His own articles have been published in leading nature

been published in leading nature and conservation periodicals. A book by Mrs. Broley, "Eagle Man", has just come off the press. In recent years Mr. Broley has devoted much of his time to lecturing, depicting with matchless color movies the exciting story of his work and many phases of the life of the eagle. Everywhere he has been received with en-

Mr. Broley's lecture tells not only thrilling adventure, an absorbing life story of a magnificent bird but carries an important message to the American public. Eagles, he finds, are diminishing with alarming rapidity. One of his banding areas in Florida produced a total One of his banding of 150 eaglets in 1946. In the same area in 1952, he was able to band only 25 birds.

Charles L. Broley, the world's and destruction of natural habitats the day may come when our Eagle will be as extinct as the Passenger Pigeon and the Great Auk. By bringing these facts before the American public, Broley hopes to awaken the public interest in this noble bird and save it from complete destruction before it is too late

ianior Girls May Apply for Secretarial Awards

Two national scholarships for college senior girls are offered for 1957-1958 by the Katherine Gibbs School. These awards were established in 1935 as a memorial to Mrs. Katherine M. Gibbs, founder and first president of the School

Each scholarship consists of full tuition (\$685) for the secretarial training course, plus an additional

of college academic record, personal and character qualifications, financial need, and potentialities for

success in business.

Each college or university may recommend two candidates, and each candidate must have this official endorsement. Students who mny be interested in competing for one of these Katherine Gibbs awards may obtain full information from the college placement bureau.

Dr. Armstrong Chosen To Study In England

Dr. William T. Armstrong, head the department of history and political science has been awarded a special grant of \$1000 by the American Philosophical Society to do research in England next sum-

mer.

He will conduct a study in connection with his biography of Edwin L. Godkin, 19th century editor and critic who was the founder and first editor of The Nation.

Dr. Armstrong was formerly assistant professor of history and political science at Eastern Illinois State College. He received his State College. He received his undergraduate degree from Brad-ley University in Peoria Illinois. He received his master's degree at Louisiana State University Due to shooting, egg collecting his Ph.D. at Stanford University

HARDENED VETERANS of the armed services turned out in number on Friday, clad in a motley display of uniforms with various sidearms, to march in the annual Veterans' Day Parade. Members of the force are shown here rallying for an attack on a well-known local tavern.

Baltimore Alumni Sponsor Fall 'Hop'

Word reached the campus this week/of the annual "Turkey Hop", sponsored of the Baltimore Alumni Chapter of Washington College. This affair, always a favorite with students from the Baltimore area, will be held on Friday, November 23 in the main hallroom of the Southern Hotel, according to Bob Ruff, '44, president of the chapter,

Students are invited to attend the "Turkey Hop" at a special rate of \$3.00 stag or drag. mission will be paid at the door, no reservations necessary. Music for the dance will be furnished by The Modernists".

Civil Service Seeks Workers For D. C. Area

The United States Civil Service Commission announces that ap-plications are being accepted for Engineer and Physical Science positions for duty in activities of the Potomac River Naval Command in and near Washington, D. C., and in the Engineer Center, U. S. Army, Fort Belvoir, Virginia. The beginning salaries range from\$4,-480 to \$11,610 a year.

To qualify for the lower grade positions, applicants must have had

appropriate education or experi-ence or a combination of both Additional professional experience

is required for the higher grades.
Further information and application forms may be obtained at many post offices throughout the country, or from the U. S. Civil Service Commission, Washington 25, D. C. Applications must be 25, D. C. ODK Honors Two Students, Professor At Assembly

ODK TAPPED these men for membership at assembly last Thursday. Shown are, left to right, Henry Reicks, a junior; Dr. Frank C. Erk, biology professor, and Arnold Sten, also a member of the junior class.

By Nancy Mullikin

Frank C. Erk, a faculty member; Henry E. Reicks, and Arnold J. Sten, students, are the three most Circle of Omicron Delta Kappa, a national honor society. They were tapped at the November 8 assembly

This national leadership honorary society for men originated at Washington and Lee University in

That was 42 years ago. Today That was 42 years ago. Today ODK can be found on 89 campuses and has had more than 20,000 members. Alpha Psi Circle of ODK was isstalled here in 1987. During the twelve preceding years, the Silver Pentagon Society was t helocal honorary group which petitioned ODK for membership.

"The primary qualifications for membership are character and meritorious attainments in allround leadership. Scholarship is a strong secondary qualification.

"Instead of recognizing outstandachievements in one or two fields, ODK determines leadership qualities on the basis of student activities in five major fields of endeavor which are scholarship; publications; athletics; speech and dramatic arts; social and religious. treasure

in order to become a member, if the fraternity feels that the evements of the person merit ODK recognition."

Dr. Erk, Head of the Biology recent members of the Alpha Psi Department, by doing research be yond the necessary requirements and by his work with the Washing-College Choir, was deemed to

qualify for this honor.

Reicks, of Baltmiore, has a cumulative scholastic average of 2.370 and is active as the president of the Washington Players, the president of Alpha Psi Omega (dramatic society), the treasurer of the Mt. Vernen Literary Society, and is a member of Sigma Sigma Omicron (a scholastic honor society).

Sten's collective extracurricular honors are the vice presidency of the Varsity Club, awards for two years of soccer and two years of baseball, the 1955-56 award for the baseball, the 1935-35 award for the athlete who contributed most to Washington College, and is also a member of SSO with a cummul-ative index of 2.338. Sten, of Northeast, is also secretary of the

Kappa Alpha Order. The officers of ODK are Albertson, president; Bob Penkethman, vice president; Prof. Norman James, secretary; Ralph Laws, treasurer; Mr. Edward L. Athey,

Science Foundation Offers 800 Graduate Fellowships

to award approximately 800 grad-uate and 175 postdoctoral fellowships for scientific study during the 1957-1958 academic year. These fellowships will be awarded to citizens of the United States, selected solely on the basis of ability. They are offered in the mathematicphysical, medical, biological, engineering, and other sciences in-cluding anthropology, psychology (other than clinical), geography, certain interdisciplinary fields, and

certain interdisciplinary fields, and fields of convergence between the natural and social sciences.

All applicants for graduate (predoctoral) awards will be required to take an examination designed to test scientific aptitude and achievement. The Student-Administration Relationship

A Statement From the American Civil Liberties Union

solution of this paradox, particularly in relation to academic freedom and civil liberties, is the basis of this statement by the American Civil Liberties Union.

"The authority of the educational institution is on extension of the traditional legal authority which parents exercise over their children. In so far as the institution is responsible for the welfare and guidance of its atudents, it can and must exercise reasonable control over their scholastic life and over much of ther general act ivity. Not to do so would be to fail in the discharge of the educational function.
"But the school or college is

also committed to daily, progressive withdrawal of its authority. Students are taught to make independent decisions based on their in creasing stock of knowledge, and since we live in a democracy, to assume increasing power and responsibility as citizens-both on and off the campus.

"The exercise of too much authority results in the paternalism which has been the blight of many institutions. Too much freedom to have advice and to answer acpermits some irresponsible students to act in a way which affects the of witnesses."

"A student in an American school, usefulness of the institution, and or college is subject to authority, reflects unfavorably upon the and at the same time is being teaching staff and the whole student body. Obviously, either ex-treme is undesirable. The answer must be found in the clarification of controlling principles and in the formulation of socially practical rules to which reasonable persons can agree.

> "A democratic government funct ions according to clearly defined an well-publicized rules. Regulations governing the extra-curricular activities of students, on and off cam-pus, should be fully and clearly formulated, published, and made continuously available to the whole Realistic academic community. Realistic and practical definitions should be used in place of such general criteria as 'conduct unbecoming student' or 'against the best terests of an institution' which allow for wide latitude of interpretation and hence confusion.

> "No student should be expelled or suffer other major disciplinary action unless advised explicitly (preferably in writing) of any charges against him, accorded ample notice, and given a hearing at which he is presented with the case against him, the opportunity

LETTERS TO EDITOR

Three years ago I entered college with this conception of college life: that college was the means for intellectual development. By intellectual development I mean not only the accumulation of knowledge in certain fields but rather something more important, the ability to think for yourself. I firmly believed that the purpose of a college, its faculty, and its administration was to endow students

College this semester I see that my conception was completely wrong. I find that I am no longer allowed

to think for myself. I find that the purpose of Washington College i to dictate to me all that the college deems important for my proper development. I find that no longer may I dress as I choose, for the college feels I should be a "cultured gentleman".

I do not find this wearing of a tie a hardship, for certainly anyone five years of age can arrange a pice of cloth about his neck in suitable fashion. The difficulty lies not in the wearing of the ties, but rather in the attitude of the administration. The attitude that the student is not allowed to think for himself.

Because of the present rule

(Continued on Page 4)

Spotlight On A Senior

This week, as Senior of the Week, the ELM salutes its editor Al Albertson. Al, who is a World Al Albertson. Al, who is a World War II and Korean War Marine Corps veteran, comes to W.C. from Kenansville, North Carolina. His main extra-curricular activity for the past three years has been work ing on the ELM, where beginning

as sports writer and editor Al advanced to the editorship. Another phase of Al's activities is fraternity life where he was secretary for two years, a delegate to the Intertwo years, a delegate to the Inter-Fraternity Council, and is now president of Theta Chi. He was tapped into O.D.K. in his junior year and is president of this, fraternity also. Academically Al' is majoring in economics with a minor in philosophy, hoping to go into industrial sales and return to North Carolina after graduating in

The Loyal Opposition

By Tom Jones

by Tom Jones

In the course of this semester we new buildings will have shown themselves in completed form or campus. Although, I am told, they were designed by the same archi-tect, they show a marked difference in style, for the annex to Somerse House is Georgian, and the Russell Gymnasium is of the functional school of design. While a compliment is undoubtedly due to the architect for his ability to work successfully in a variety of man-ners, it is possible that such an ability displays no very strong conviction about the subject to which he has, presumably, devoted his As an architectural consumer I do have strong convictions about it, and I think that the styles of these two buildings may be a matter of interest to my fellow Neither building is a monument

to originality, and so neither dis-plays any grievous failings. But the annex is of a style copied from the past. If the proverb is true, "There is no law north of Somer-set," it might have been noped that Somerset itself might display a little more of that derring-do which is so often ascribed to those in its environs. Georgian archi-tecture, even in its own legitimate time, is the worst period in western architecture. Eclectic and un-imaginative, it is revered in this country because our earliest hand-some huildings were done in its heyday. In some of its finest examples, such as Ringgold House, it is genuinely good, but it is never great. Each succeeding American has revered it generation has revered it and copied it just the same, for they have regretably equated history with esthetics. Each century (we are now suffering through the third) it has become more sterile and uninteresting. Who can spend and uninteresting. Who can spend a day in Williamsburg without feeling slightly sick? And so it will go on, perpetuated by misguided philanthropists of the future, unending rows of neat brick buildings with neat white portals, until these are no more architects. until there are no more architects but only duplicating machines.

"Who ever heard of a Georgian Gymnasinm?" asked a former Gymnasium?" asked a former faculty member of Washington

The Feud

by Connie Kremi I took my dog a-walking A-walking o'er the field And there he spied a little squirrel And neither one would yield. My dog is not so very big But rough and tough he be But squirrel-he would take no

But stared from dog to me! There was silence for a minute
And then my dog did charge
But squirrel—he play it very smart

And run up tree that's very large He sit up there and laugh like fool Which make dog very mad. So dog proceeds to bark and growl (Continued on Page 4)

College. When George Washington threw his coin across his river. he did not train for the feat in a gym. We have a functional gym. It is not a great design; but it is a good one. Walk around its ina good one. Walk around its inside and see how carefully it is planned to fit all its future needs It is an interesting pleasant, useful building. And when you walk around the outside, you will see that the outside conforms to the inside. Windows occur where they are needed for light and air. There is no white column on the entire building, no arbitrary shape im posed upon it, like a tight girdle upon a fat woman. As Louis Sullivan said, "Form follows function,"simply and unaffectedly. And in that simplicity there is a certain grace which far exceeds the esthetic qualities of any contemporary bor-ing, sterile, Georgian piece. The unity of feeling of the campus is retained by using the same material, brick, as in the older buildings Buildings need not be as alike as lifesavers to harmonize with each other. Quite to the contrary: Georgian housing developments are as insipid as any other developments. Perhaps the buildings of this campus would be held together better by an honesty of intent rather than by slavish imitation.

us have no more buildings like the Somerset House annex. Let us have many more like the new Gymnasium.

King's Klatter

Read the following ad in Variety last week:" College President, has banjo & tux, will travel ... No A's this semester, but do have three B's; Butcher Burns for Bill... Here's a new twist: Doc James complains that he's a Hockey widow
....Seriously, for a minute, Congrats to Dr. Erk, Arnie Sten, and
Pete Riecks for their tapping into O.D.K.....Also our loss is B.U.'s gain as Mrs. Carter leaves for the Western Shore. Lord knows we'll miss her....Now meeting at the Bird, The Modern Drama class will feature the works of Gunther, Schmitz and Mr. BOH next semester....Speaking of beers, what's Miller's new High-Life?...Saw the pretty Marines here last week handing out matches, booklets, and "walk on water shoes" ... Look, Ma, no cuts, academic pro is the fad this year... Roy Pippen, now owner of the largest lawn in Md. is home raking leaves again????? Noticed that Col. Darley's Raiders have been practicing Camel riding and Fig eating, could this mean? Looks like Ham Bauer shot the goose that laid the 300 dellar egg....Radio station Man Man now blasting forth from east holeKenny and Leimbach's taste switch from Gum-ball machines to Tombstones....The Senior auction produced lots of laughs and lots of loot; Dr. Erk about that car of mine Friday, at 3:30 in front of Dunning would be fine...That's Dratch, in case you forgot.

Cage Schedule Announced

Athletic Director Ed Athey an-nounced last week that Washington College would play a twenty game basketball schedule in 1956 57. The season will open on Dec-ember 1, when the Sho'men meet the Alumni in Russell Gymnasium The remaining four games in Dec-ember will be against teams out side the Mason-Dixon Conference. but beginning January 5 and running through March 2, the Sho five play fifteen consecutive contests against M-D loop opponents.

This year will mark the first time

in many years that the Washington College five will play their games on the campus. After the Cain Gymnasium court became obsolete for championship cage play, the Sho'men took their games to the Chestertown Armory and later to the new Chestertown High

Varsity games will start at 8:30 P. M., following a preliminary game at 6:30 P. M., which will

Princeton's Leighton Ford from Glen Riddle, Pa., allowed only two carned runs in 47 2-3 innings of Eastern Intercollegiate League

Jaywalking

In Sports

By Dixie Walker

"In Europe a soccer match may draw more than 100,000 people, but the game has relatively few fans in the U. S. Why?" This question was posed a year ago by SPORTS ILLUSTRATED, a national magazine, to several soccer coaches, college and professional team captains and league presidents. The subject of this question struck home last week when Towson State Teachers College, boasting one of the finest soccer teams in the East, and showing a 7-0 wontest slate, invaded Kibler Field for a Mason-Dixon Conference match with the Sho'men. Only a handful of loval fans showed match with the Sho'men. Only a handful of loyal fans showed up tor the contest, which was played to a scoreless tie. This same lack of attendance at Sho'men games has been apparent all season, with the possible exception of the Homecoming

Game.
Why are there so few soccer fans in America, and on Why are there so few soccer fans in America, and on a more narrow scale, in the Mason-Dixon loop and at Washington College? In most countries, it is the predominating sport, enlisting a large number of participants and commanding a greater popular appeal over any other athletic contest. Soccer features, more than any other sport, the principles of open play, rapid action, skill, individual and team efforts, excitement, and thrills.

Among the variety of answers to the SI poll, the foremost were: 1) tack of publicity, 2) the sport takes a back seat because of national interest in baseball and football, 3) spectators lack knowledge of way the game is played.

On a national basis, it is agreed that soccer does not receive much publicity. However, year after year Washington College fields contending soccer squads, and soccer is the 'headline getter' in both The ELM and The KENT COUNTY NEWS. So publicity cannot be blamed for the lack of attendance at Sho'men games.

Since soccer has no competition from football on this campus, why is it that students do not turn out for games? As to the third point brough out by the SI poll, the only way for the student to gain knowledge of soccer is to come out

for the student to gain knowledge of soccer is to come out and see the games. The Sho'men meet the University of Baltimore booters on Kibler Field today in what should be one of the most exciting games of the season, so why don't YOU come out this afternoon and find out what this game called soccer is all about.

INTRAMURAL BASKETBALL

INTRAMURAL BASKETBALL

The Intramural Basketball League will open on November 26, the week after the Thanksgiving vacation. Don Chatellier, who is handling the reins of the league for the second yeard, announced this week that games will be played on Tuesday and Thursday nights in Russell Gymnasium. It is hoped that there will be sixteen entries in the loop, but it is doubtful that more than twelve teams will enter. Team rosters must be received by the Athletic Department not after Wednesday, November 21. Any group of men students may enter a team, as long as they meet the roster deadline. roster deadline.

The league was strong last year and the caliber of play figures to be even better this year. Since the teams will play on a larger court, without the handicap of the overhanging balcony of Cain Gym, the 'big' men of the league will probably not have such an advantage. The style of play will not be cramped and better, faster ball-handling will result.

SHO'MEN SHORTS

Only four players have entered the 1956 Sho'men "Score Club." Rex Lenderman has powered the 1956 Sho'men "Score Club." Rex Lenderman has powered through seven shots to lead the Sho' scorers, while the others are: Bob Bragg, four goals, Barry Burns, two, and Joe Seivold, one Sam Spicer and Luther Vaught, two of last year's soccer stars, are playing for teams in the Penn-Del-Mar Soccer League. Sam is cavorting at halfback for Aberdeen and Luther is lending his services to his hometown Perryville squad

GIRL'S SPORTS

Kathleen Brackett

The Board of Managers of the G.I.A.A. met Wednesday, October 24, and discussed "the Old English W" which has been their official letter as stated in their constitution. Last year, by mistake, the Washington College boys' soccer team shirts were imprinted with "the Old English W." As this is "the Old English W." As this is the official girls' letter, a committee has been appointed to ask Mr. Athey for a solution to this matter.

Due to rain and a muddy field there have been few hockey practices. However, on Monday October 29, there were twenty-four Eastern Intercollegiate League pitching this spring.

Syracuse and Pittsburgh began their football rivalry in 1916.

OX Six Lead IFL

By Tom Short
The Intramural Football League is beginning to take shape now with four of the League's teams already completing three of the five games on their first round

As of November 5, Theta Chi and Kappa Alpha hoasted undefeated teams. The passing ability of the two teams' quarterbacks has been the deciding factor in their success. Field general John Davie has led the Ox-men to a 3-0 record, while Gus Skordas has sparked the K.A.'s to a 2-0 slate.

The Theta's have yet to be scored

seven points in three games. Supplying the scoring punch have been Ed Silverie with 20 points and Bruce Beddow with 19 markers. Chick Mills has been a standout in running interference and Jack Fredricks has starred as the defensive gun.

The Kappa Alpha squad has al-not been scored on and has chalked up forty-five points in only two games. Quarterback Skordas has led the offensive array by scoring 24 points and passing for 15 more tallies. The K. A.'s have been led defensively by hard charging Jack Meager and Rich

was ruined last week by Theta Chi on a very slippery gridiron. The on a very slippery gridiron. The big 'Bird team had accumlated twenty eight points in their first two games, but were held acoreless by the Theta eleven.

All of the scoring for the Bluebirds was done by members who are ineligible because of their filiation with varsity teams. The bulk of the work for future Blue-bird success now falls on the capable shoulders of George Darley, Neut Schallinger, Tony Oswald, and Don Clausen.

The Scoffers evened up their re-cord last week with a victory over the Lambda Chi squad. The final score was 6-0, as Jim Sauter tallied score was object annear the winning touchdown and the try for the extra point failed. The Scoffers rate as the upset of the league as they assume a 'spoiler' threat to the contending teams.

Lambda Chi and Phi Sigma have yet to score a point. Lambda has given up only twenty seven points in their three games, but they have been unable to push across any for themselves. They held the contendthemselves. They delt the contents ing K.A. team to only 12 markers and the high flying Bluebirds to 9 tallies. With a little more offensive strength they can be a threat to any team in the league.

threat to any team in the league.

The Phi Sigma squad have had
eighty six points scored against
them while their three opponents;
have shut them out. However,
because of their hustle and effort this squad should show signs of improvement during the last half of the season. Dick Reilly and Bill Collins have been particularly impressive as individual standouts for the Phi Sig eleven.

League Commissioner Don Cha League Commissioner Don Cha-tellier says that because of the weather, it may be impossible to complete two rounds of play this year. He suggests, however, that there is a good possibility that there will be a playoff series at the end of the first round. This decision will be made at a meeting of the league board, which is com-rised of the team managers. prised of the team managers.

Unbeaten Record Broken

The Sho'men's unbeaten record at home, and Charlie Stow's shut-out string of three in a row, became a thing of the past as the Bees of Baltimore University scored in the final period to take a close 2-1 decision last Wednesday.

Our Sho'men threatened right away in the first quarter, but were unable to tally. The Bees took over from there and dominated the play from then on, except on oc-casional Sho' drives. Neither team ington went on defense and held off the Bee's strong line. Baltimore's substitute right-wing, Gore, tallied their first goal as he moved past the Sho' full-back and ram-med the ball past Stow. This put Baltimore ahead as play stopped at halftime.

Washington's chance came early in the third period when a cross by left-wing Mike Holmes caromed off the Bee center-halfback into the goal for a score. The nearest Sho'men to the halfback was Rex Lenderman, who picked up the credit for the tally.

The Bee-men continued to shell the Sho'goal, but our strong backfield and goalie thwarted the at-tacks until, with fourteen minutes left in the game, the Bec right-inside, Malinowski, booted one out of Stow's reach for the deciding blow. Washington's attack improved after this, but was too unirganized to drive through the B.U. defense before the final whistle blew. The

Chi and Kappa Alpha meet in a contest that will deadlock the loop standings in the K.A. squad wins

Until November 9, Theta Chi and Kappa Alpha ruled the league roost with undeated teams. How ever, on that date, a strong Blue-bird eleven bounced back from two straight defeats to edge the K. A.' 7-6. The Bluebirds scored first when Dave Thomas grabbed a long pass from 'Bird quarterback George Darley and danced into the end zone. Darley hit Carmen Janelli with a jump pass to add the extra point. Kappa Alpha tallied late in the second half when Gus Skordas intercepted a pass at about midfield and zigzagged his way to paydirt. Skordas' pass atempt for the extra point was thrown wide of intended receiver Jack Meager. Each team staged at least one scoring threat after that but could not push far enough for a touchdown. Skordas' tally gave him a total of thirty points for the year to lead the league. The Rehel field general also passed for 15 other points.

Theta Chi, meanwhile, continued their victory skein with their fourth straight shutout by whipping Lambda Chi, 20-0. The Lambda's whipping defense was tight and held the Theta's to only one score in the first half. John Davie scored first the Oxmen and Jim Fowke added the extra point. ploded in the second half for two mor T.D.'s as Chick Mills scored with Bruce Beddow converting, and Warren Wasson tallied the

Theta Chi has now accumulated eighty seven points in their four games and have yet to be scored on. Beddow's conversion in the Lambda Chi contest gave him twenty points for the season and threw him into a tie for the team scoring lead with Ed Silverie. Chick Mills has been a standout for the Oxmen in running interference and Jack Fredricks has starred as the defensive

The Bluebirds perfect record was rnined by Theta Chi on a very slippery gridiron two weeks ago. The big 'Bird team had scored twenty eight points in their first two games, but all the points were scored by players now ineligible because of their affiliation with varfor the Bluebirds, but their per-formance against Kappa Alpha showed that they were not to be counted out

The Scoffers, after losing their first contest, came back to win three straight with victories over Lambda, the Bluebirds and Phi Sigma Their third win came on November 9 when they downed a stubborn Phi Sig team, 17-6. Jim Sauter scored for the Scoffers, but Phi Sigma fought back and knotted score on a touchdown by Devauw. turned on the steam and tallied another touchdown and two safe-ties to clinch the victory. The Scoffers now rate as a threat to the league crown.

The touchdown by Devauw was the only one scored by the hapless Phi Sigs, while they have beer ored upon for 103 points. In the event that the loop lead

will be held next week. When the season is completed the team managers and League Commissioner Don Chatellier will select an allstar squad, which will be released in The ELM after Thanksgiving.

Seminars Offered In Scandinavia

Any member of the junior class or above can have the opportunity to study in a nine month seminar plications are now being received for membership in the 1957-58 Scandinavian Seminars for special fee, which includes tuition, hoard and room, plus travel. This year there are some 50

American students enrolled in and taking part in the nine month courses of study. It was pointed out by the executive director for the group that more American students are enrolling in these seminars each year.

The seminar affords the mature student a chance to become a real part of the Danish, Swedish, or Norwegian life and culture by living with two families for a month each, learning the language and studying it, and living and studying for six months with Scandinavian students in the famous Folk Schools.
One of the nine months is

served for a field trip during which the student may travel in all of the Scandinavian countries, if he wishes, in pursuit of his special

wishes, in pursuit of insection field of interest.

Three types of students may enroll for the Scandinavian Seminars, including college juniors, graduates, adult educators and teachers. Undergraduates may obtain academic credit by individual arrangement with their colleges for their junior year in Scandinavia.

Applications for membership in the seminars should be addressed to the Scandinavian Seminars for Cultural Studies, 127A East 73 Street, New York 21, New York.

Sam Davis, '56 Gets Navy Commission

Samuel D. Davis, Jr., '56, reeeived his commission as a gradu-ate of the Navy's 28th Officers' Candidate School on October 12 at Newport, Rhode Island. He was one of 835 who were made ensigns in the United States Navy.

Officers' Candidate School consists of seventeen weeks of tensive training in naval studies. Most of the graduates report diothers await further, more specialized training. Sho'men - Towson Game Slowed By Mud, Rain

By Larry Symonds

Spectators at last Wednesday's Sho'men-Towson soccer game s one of the wettest, hardest fought contests ever played at Washing-ton College. With both teams get-ting their share of the mud, Towson State Teachers College and the Sho'men battled to a 0-0 deadlock on a well-soaked Kibler Field.

The tie marred Towson's perfect record of seven wins and no losses (5-0 in Mason-Dixon competition), and left Washington College with a slate of 3 wins, 1 loss,

The game was preceded by a driving rain through the previous day and morning of the game. At game time the sun was out, but huge puddles of water were scatter-ed about the field. Spirit was high on both teams, with Towson confident of another victory and Washington College anticipating an upset.

npset.

Although every player slipped and fell at least once during the fray, the teams' defenses held up exceedingly well. Sho' goalie Charlie Stow and fullbacks Dick Lent and George Walters did an amazing job of defending the uprights, although they played part of the game flat on their backs in the mud.

Towson controlled the ball most of the time and took the most shots at the goal. The Sho' defense, however, again played a great game and was the key to the scoreless deadlock. The line again carried the ball well at times but missed good opportunities to score when within the shooting area.

Cross-Country Team Winds Up Season

WEDNESDAY, NOVEMBER 14, 1956

On November 3rd the Maroon and Black took part in a meet involving William and Mary Col-lege and the University of Delaware. It was a bad day as the Sho'men fell victim to the on-slaught of the two powerful squads. William and Mary had nine men across the finish line before any-one else could place. Coach Cha-tellier reported that the times at the 3 mile mark were good but the 4.3 mile course caused the Sho'men's downfall.

Sho'men's downfall.
Following the Hopkins meet, the harriers will face Gallandet to wind up the regular season and then participate in the Mason-Dixon Championship meet to be held in Washington.

WASHINGTON COLLEGE

SATURDAY, DECEMBER 1, 1956

Grant From Esso Parking Rules

Washington College again this year was one of seven Maryland institutions of higher learning receive a grant from the Esso Education Foundation for the 1956-57 academic year. The local school receives \$2,000 this year in unrestricted funds.
Other state colleges sharing are:

College of Notre Dame of Mary-land; Goucher College; Hood Col-lege; Johns Hopkins University; Loyola College; and Western Mary land College.

The 297 financial grants made this year total \$1,191,450, nearly \$125,000 more than last year.

The Foundation, organized in October, 1955, coordinates and centralizes the educational assistance programs of Jersey Standard and certain domestic affiliates.

With the announcement of grants covering the 1956-57 academic year, the Esso Education Foundation reported the participation of the Carter Oil Company for the first time. Contributors to the Foundation, in addition to Jersey Standard and Carter, are: Esso Standard Oil Company, Esso Shipping Company, Esso Research and Engineering Company, Esso Ex-port Corporation and the Interstate Oil Pipeline Company.

Warren Succeeds Usilton

Betty Warren assumed the duties of news editor of the ELM last week when the office was left vacant by the resignation of Ralph Usilton. Betty, a Junior, has been a member of the news staff since the beginning of her Sophomore year in September 1955.

Usilton asked to be relieved because other extra-curricular activities prevented him from giving the time required to efficiently dis-charge the duties of the news editor. He had held the position editor. He had held the position since his appointment in January,

WC Receives Dean Hill Issues

The college administration issued this week, through the office of the Dean of Students, a set of tempor ary parking regulations to be effective until a committee of the Student Government Association formulates and submits a more complete set of recommendations on campus parking and traffic control.

The interim regulations require that "any student owning, possessing or operating an automobile in the vicinity of Washington College must register such automobile with the office of the Dean of Students." Failure to register a vehicle within three days after classes commence is grounds for revoking the automobile privileges. "All automobiles must be oper-

ated in a manner that is reasonable, safe and proper." Violation of this rule will also cost the privileges.

Students may park their cars in the four general parking areas on campus: north of Foxwell, west of William Smith Hall (except in the area reserved for faculty and visitors), east of Hodson Hall, and east of Reid Hall.

east of Red Hall.
Students are prohibited from driving on the grass areas near Somerset Hall and behind the fraternity houses, or on any other grass areas on or around the campus:

Parking is permitted on the south side, but not on the north side, of the campus lane which runs in front of the Dining Hall from Washington Avenue to College Avenue. Students may not park in the reserved area behind the Dining Hall. "Any student cars parked in unauthorized areas will be tagged,

and the registrant of that car subject to the following penalties: first offense, a warning; second offense, \$2.00 fine; third offense, \$5.00 fine; fourth offense, loss of automobile privilege.'

First Game In Russell Gym To Be Held Today

Coach Tom Kibler

The man who coached the "Original Flying Pentagon" is credited for their return this week end to attend the official opening of Russell Gymnasium. Coach Kibler took on the job of coaching at the beginning of the 1913 season.

REGISTRATION TUESDAY

All students, except seniors who complete their studies in January will be required to register for the second semester next Tuesday, Dec-

Washington College's new \$325,000 Russell Gymnasium will be launched on December 1 when the varsity basketball squad meets an

launched on December'l when the varsity basketball squad meets an alumni quintet in an exhibition match.

Among the spectators will be some of the Shore college's all-time great cage names, including "Coach" Tom Kibler and the members of the Original Flying Pentagon. They were the "iron men" who, coached by Kibler, gained national prominence in 1923-24 by climaxing an 18—2 state championship season with a sweep of five wins in five nights on tour. They were tabled the "Flying Pentagon" from then on. A special ceremony will be held in their honor between halves at the game.

Several hundred other former players and captains will be there representing every team since Washington entered inter-collegiate competition in 1912-13. Such a large turn-out is expected that local sports fans have dubbed the occasion "Washington College's all-time baskethall jubilee."

Ed Athey, varsity coach, said today he has received a large number of bids to play on the alumni team, from former Shore stars.

The opening game marks the return of home matches to the campus. Cain gymnasium, which is heing replaced by the new huilding, proved inadequate years ago, and home games had been played in the level expert and better in the high school. local armory and later in the high school gym.

The Original Flying Pentagon

This quintet, which earned the "Flying Pentagon" title for a six-day-six-win tour in 1923, will all be on hand when Washington College opens its new gymnasium on December 1. Shown, left to right, are Henry Carrington, Dutch Dumschott, Kirk Gordy, Jack Carroll and Mike Fiore.

Secretary of the Army Wilber M. Brucker, standing, greets approximately ninety "Washington Semester" students from thirty colleges and universities upon their arrival in the Pentagon for a series of Defense Briefings. The Students are attending a four-month study course in Washington under sponsorship of the American University on the study of Government and Policy Administration and political science. Each student who participates in this program makes a detailed study of a chosen branch of the Federal government to the extent that he becomes an expert in that branch. Washington College has participated in the program for several years. The two students from here this semester are Bert Lederer and Dave Singer, both members of the Class of '57. (U.S. Army Photograph.)

ZETA Christmas Dance To Be Held Dec. 8th

The traditional Zeta Tau Alpha Christmas Dance is being held this year on Saturday, December 8, from nine to one in Cain Gym. Music will be furnished by Chuck Laskin's orchestra, which was featured at Great Oaks Lodge last summer. Dress for the dance is semi-formal.

Every year this dance is given for the purpose of raising money for cerebral palsy. As Christmas lends itself to decorations such as pine trees, Santa's sleigh, dancing angels, mistletoe, holly, and a snow flake sky the Zeta dance has often

The heen termed the nicest at W.C.

The highlight of the dance is the naming of the Zeta Dream Boy. The sorority members choose the boy whom they feel has done the most for the sorority and exemplifies the typical college dream man. Last year's Dream Boy was Jack Fredricks.

Jack Fredricks.

Tickets to this affair are one dollar per person and can be purchased from any member of Zeta after Monday, December 3.

Jaywalking

In Sports

By Dixie Walker

Saturday night is the big night for Washington College basketball fans as the 1956-57 squad of Sho'men cagers will be unveiled against a strong W.C. Alumni five. Coach Ed Athey's squad has made great strides during the past few weeks in preparing for their 20-game schedule which includes such teams as Mt. St. Mary's, Loyola, and Baltimore University, who are nationally recognized cage powerhouses.

With returnees Joe Seivold and Roy Henderson and fresh-With returnees Joe Seivold and Roy Henderson and freshmen Dick Callahan and Bob Brown leading the Sho' cagers, they appear to be a good bet to match or top the showing of last year's squad. Seivold led the Sho'men in scoring last year with a fourteen point average and was selected on the All-Mason-Dixon Conference second team. Joe is a hustler who gathers most of his points on down-the-middle drives, but he also has an effective jump shot from the foul circle. With the stronger board play that the Sho'men figure to get this year from Henderson, Callahan, and Brown, Seivold will be able to take greater advantage of his outside shooting. The lanky Henderson, who stands 6'3", served capably as a reserve center last year and will be counted on to supply the major rebounding strength this season. major rebounding strength this season.

The Alumni team will feature such former Washington College basketball names as Jack Bergen, Nick Scallion, Ebe Joseph, Ron Sisk, Ed Athey, and others. Lee Horowitz, a former Sho'man star and former basketball coach at Southern

High School, will act as player-coach for the Alumni cagers.
In addition to the Sho'men-Alumni game, another feature of the evening will be the appearance of the Original Flying Pentagon, the fabulous Washington College team of the early 20's, and captains and players from every W.C. cage team since the school began playing intercollegiate basketball in

The Flying Pentagon, coached by Tom Kibler, was made up of Dutch Dumschott, Henry Carrington, Jack Carroll, Mike Fiore, and Kirk Gordy. During an undefeated twenty-game season in 1924-25, this team hung up victories over such institutions as Temple, Navy, Duquesne, St. Joseph's, and George Washington.

This tremendous all-time basketball jubilee has been assembled to officially open competition in the new \$325,000 Frank Russell Gymnasium, so be on hand to participate in this

grand sports program.

. Hats off to Rex Lenderman and Arnie Sten, who were recently elected co-captains of the soccer team. They will be good leaders for a squad that should really go places next season The Intramural Basketball League opened this season . . . The Intramural Baskerban League open week with fourteen teams lined up to play a thirteen game schedule apiece. With the champion Fizz Bar five missing schedule apiece. With the champion Fizz Bar five missing from the lineup of teams, three teams are expected to fight it out for the league crown. Theta Chi, Kappa Alpha and The Bluebirds loom as the the teams to beat. The Thetas feature top-notch rebounding ability in big Ralph Laws, Warren Wasson, and Jack Mckenna, with Jerry Levin and Barry Burns handling the back-court chores. Kappa Alpha will have a solid core in returnes Tom Short, Jack Meager, and Arnie Sten and have added strength in Gus Skordas, who played for the jay-vees last year and Rex Lenderman, exTrotter eager. The Bluebirds will again put an outstanding team on the court. Led by ex-Varsity stars, Leo Gillis and Lou Borbely, the 'Birds also have Chuck King and Don Clausen, members of the league champion Fizz Bars last year, and Dave Thomas, who was the highscorer for the Syndicate Clausen, members of the league champion Fizz Bars last year, and Dave Thomas, who was the highscorer for the Syndicate five last season. Intramural games will be played on Tuesday and Thursday nights, with contests at 6:15, 7:15, and 8:15.... It is pretty much agreed that the top offensive player in the Intramural Football League was Gus Skordas, of Kappa Alpha who tallied seventy points in five games, while Jack Fredericks, of Theta Chi, was the top defensive player. Fredericks headed a Theta defense that did not allow a single pont to be scored against them.

Soccer Season Termed 'Not Too Bad' By Athey

By Larry Symonds

Coach Ed Athey summed up the 1956 soccer season well when he remarked, "Even though our season was not too bad, I feel that son was not too bad, I feel that with a little luck we could have had an even better one." This same feeling was held by Sho'men funs and players alike, who felt that the '56 squad were a better team than their final record show-The Sho'men finished the season with a slate of four wins, three losses and three ties.

The Sho'men played host to Mt. St. Mary's in their home opener. From the opening whistle they gained control of the ball and were continually firing away at the Mounts' goal. Barry Burns tallied first and Rex Lenderman added two in the last period to clinch the game. The Mountmen were unable to penetrate the strong Washington College defense and did not score.

In their first non-league game the Sho'men battled Bucknell University to a 0-0 deadlock. The defense of both teams was out-standing in clearing the ball and each team was able to take only a few shots at the goal.

Traveling to Westminister, the Sho'men went down under a heavy barrage of shots as Western Mary-land won, 5-4. The Terrors scored their goals early and led, 5-1, as the third quarter started. The Sho'men fought back with three straight goals to open that period, but were unable to tally the tying marker. Each team had a total of fourteen shots at the goal. Bohby Bragg tallied two goals to lead the scoring for the Atheymen and Rex Lenderman and Barry Burns added one apiece.

Before a large Homecoming crowd, the Sho'men were tied by Lynchburg College, 1-1. The Hornets had a stroke of luck early in the last period as a Sho' defenseman touched the ball with his hand in the penalty area. The Hornets made good on the free kick to knot the score. Joe Seivold tallied the lone goal for the Sho'men in the

second period.

The Sho'men chalked up their third shutout of the season as they downed Loyola College, 3-0, on Kibler Field. The Sho' defense allowed the Grayhounds only seven shots at the goal while Rex Lenderman was scoring twice and Bob Bragg once to wrap up the

Washington College through the mud at Delaware University to a victory over the Blue Hens for their third victory. Lenderman again tallied twice and Bob Bragg again his scoring

Bob Bragg again his scoring-partner with a single tally.

The Sho'men ruined Towson State's hid for the Mason-Dixon Conference title hy battling them to a scoreless tie. The Sho' full-bucks, Dick Lent and George Walters, and goalie Charlie Stow were particularly outstanding on were particularly outstanding on the muddy field.

The high-scoring Bees of the University of Baltimore handed the Sho'men their second loss of the season, 2-1. The Bees scored first and Rex Lenerman scored in the third period to tie it up but Baltimore came back with the winning goal in the final frame.

The Sho'men traveled to Philadelphia to meet Drexel Tech and took a loss, 1-0. Drexel went on win their second consecutive Middle-Atlantic Conference crown.

period to win the game.
Washington College should be able to improve on this record next year. The team will lose backs Dick Lent, Phil Riggen and Jerry Caparosa and linemen Barry Burns and Dixie Walker through grad-nation, but have some good young players coming along to fill the gaps. Mike Holmes and Don Davenport were two freshmen who proved valuable this season and should be even better with experience next year. Rex Lenderman and Arnie Sten, newly-elected cocaptains, are capable leaders and should lead the team to greater

INTRAMURAL FOOTBALL

Theta Chi Wins IFL Championship

By Tom Short

Theta Chi clinched the Intramural League championship by defeating the K.A.'s by a score of 7-0 in the final game of the season. Thus, the Oxmen remained unde-feated and unscored on in five games, while they smothered their opponents with a total of ninetvfour points.

Their two closest rivals were the Bluebirds and Kappa Alpha. Outside of these two clubs they were given little trouble. In the K.A. game the Oxmen pushed over a TD in the first half but were then held to a standstill. In the second half Theta Chi never crossed the midfield stripe, but their strong defense stalled off two K.A. drives One threat was stopped on the Theta one foot line and the other on the four yard line.

Jack Fredericks loomed as the hig defensive star, while John Davie played his usual fine offensive game. Gus Skordas again starred for the Kappa Alpha eleven as he passed and ran for good yardage.

The K.A.'s, Bluebirds, and Scoffers all tied for second place with a three won and two lost record. Theta Chi defeated all three of these teams. Kappa Alpha lost an earlier game to the Bluebirds, who were previously beaten by the Scoffers. The Scof-fers were later routed by Kappa Alpha.

Lambda Chi finished fifth with one victory and four defeats. Their lone victory was a win over Phi Sigma. The Phi Sigs were win-less, but they displayed good sportsmanship and effort.

Theta Chi To Meet Alumni **Gridders Today**

Former members of Washington College varsity football teams are scheduled to play Theta Chi Fraternity's 1956 intramural team in a six-man touch game Saturday afternoon at 3:00 p.m. on Kibler

The returning alumni are members of Theta Chi, most of whom played intercollegiate football here before the sport was discontinued after the 1950 season.

"Flying Pentagon" To Be Honored Saturday

Washington College will present an All-Time Basketball Jubilee on December 1 that will feature a game between the Sho'men and Washington College Alumni, the appearance of the Original Flying Pentagon, the great basketball squad of the early 1920's, and the attendance of alumui basketball players dating back to 1913. This will be the first game played in the new college gym, Frank Russell Gymnasium.

Every member of the starting five of the Flying Pentagon has sent word that they will be present for the game, This team put Washington College on the basketball map in 1924-25 by winning six games in six days over teams in Virginia, Maryland, and the District of Columbia,

The victims of the Flying Pentasix-for-six venture numbered: Washington and Lee, the Quantico Marines, V.P.I., M.M.I., Catholic University, and Loyola College. The starting five of this great team included, Henry Carrington, Dutch Dumschott, Kirk Gordy, Jack Carrell, and Mike Fiore. Other

Carroll, and Mike Fiore. members of the team were; Johnny Bankert, a substitute who went on later to become captain of the Sho'men, Bill Johnston, a reserve guard, men, Bill Johnston, a reserve guard, Jake Flowers, and the only deceas-ed member of the team, Charles Lohran. Clayton McGran, Jimmy Gavin, Paul Becker, Al Lovesky, Mike McAullife, and Bobby Cavenaugh were members of the team during the following season, when the Washington College five swept through a twenty-game schedule undefeated.

undereated.

Coaching this team was Tom
Kibler, who took over the coaching
reins when Washington College
entered intercollegiate competition during the 1912-13 campaign.

Many other outstanding Sho' cagers of early years will be present plus the later year stars who will oppose the current varsity squad at 7:30 P.M.

Lenderman and Stere Named 1957 Soccer Co-Captains

Rex Lenderman and Arneld Sten were selected by members of the soccer team to be co-captains of the 1957 Washington College soccer squad. They will succeed Barry Burns and Dick Lent, the graduating co-captains.

The new leaders will be playing their fourth year of college soccer. Lenderman began his college career as a halfback, but was shifted to the line last year to take advantage of his scoring potential. This season the hustling lineman cavorted at the inside and center-forward slots and led the Sho'men offense with ten goals.

Sten will he playing his fourth season as a starting halfback. His tremendous defensive play and long hard kicks from deep in enemy territory have endeared him to the hearts of Sho'men fans. Sten drew the assignment of guarding the opponents top scoring threat in game after game. Probably his most outstanding game came against Towson when he completely their handcuffed their All-American candidate, Buckshot Harmon.

This is the 37th season for the National Football League.

and perhaps Joe Ingarra and several others.

Saturday's game will be played according to current intramural rules, except that a team will have to gain fifteen yards on four downs in sedent teat the state of the sedent search as the sedent search search as the sedent search sea the Sho'men defeated Johns Hop-kins University by a 1-0 score. World News In Brief

A Budapest radio station an-nounced December 5 that United Nations Secretary-General Dag Hammarskold's request for permission to visit the Hungarian capital has been denied. Mr. Hammarskold hoped to visit Budapest December 16 to confer with the government of Premier Janos Kadar and attempt to stop the slaying of Hungarian citizens by Russian troops. The Budapest radio report said that the time is not "suitable" for a visit from the Secretary-General.

Great Britain and other sterling areas from Iceland to New Zealand are facing their worst financial crisis in history. Gold reserves fell \$279 million in a month, to a total of less than \$2 billion. First efforts to strengthen Britain's sagging finances include a request waiver of \$110 million of interest due en Canadian and American loans; application to the International Monetary Fund to allow Britain to draw on her \$1.3 billion credit quota; an increase in income taxes to as much as 45 per cent of income; and further tightening of credit Un-less the situation improves quickly, Britons will have to revert to the austerity that prevailed in England during the first five years following World War II.

U. S. Attorney General Herbert Brownell, Jr., will confer December 10 with 34 U. S. district attorneys stationed in 14 southern states. Mr. Brownell said the conference will consider and decide upon measures most apporpriate to secure observance of the United States Constitution and laws by carriers and all others who may hereafter require segregation of white and colored passengers on common carriers." The Attorney General stated emphatically that segregation on any busses or trains, whether operated locally or interstate, will constitute a crime against the United States.

After careful investigation of the Soviet disarmament proposal, the United States found that it was 90 per cent propaganda and Comdouble talk. Washington munist donie talk. Washington found that "there was too much propaganda, too blatant denunciation of the West, too evident self-justification, "for the West to take the Soviet proposal seriously. State Department officials will discuss the proposal with our allies before it is answered.

The U. S. State Department confirmed a report that Russia is violating a United Nations resolution passed early this month, by sending military supplies to Syria. Most of the supplies have been of the nature of small arms and motor we had been a small arms and motor vehicles. It appears that Syria may become the first Soviet satellite in the Middle East, since the Syrian government is "controlled in Denment that the state of the Damascus by pro-Russian army

Most of the posi-tions are in the Department of Agriculture and Interior throughout the United States. Trained positions in Statistics (General) will be filled in the Burean of the Census in Washington, D. C. The starting pay is \$3,175 and \$3,415 a year.

Students must pass a written test and must have completed, or expect to complete within 9 months. either 1 or 21/2 academic years appropriate college study. amount of their academic training will determine the grade level to which they will be assigned.

Further information and application forms may be obtained at many post offices throughout country, or from the U. S. Civil Service Commission, Washington 25, D. C. Applications will be accepted by the Board of U. S. Civil Service Examiners, U. S. Department of Agriculture, Washington 25, D. C., until further notice.

Choir Will Sing At Thursday's Assembly

The regular assembly next Thursday, December 13, will be given by the Washington College Choir. The program for the assembly, however, will be something special, for the Cheir will present it's well-known Christmas tribulit's well-known Christmas tribulation. This year the program will include Jingle Bells, Beautiful Savior, Today There Is Ringing, Silent Night, and the Halledujah Chorns, from "The Messiah." The annual Christmas assembly, presented by the Chair, is considered. sented by the Cheir, is considered a noted and very beautiful program. You may look forward to an assembly you will enjoy.

Staging Of 'The Shrew' Fails Salvage A Weak Shakespeare Play

Shakespeare's masterpieces. Nor si it one of his reasonably good plays. It is not even, as *Henry V* is, tommyrot unforgettably phrased. Like the Shaw play given last spring it brings to mind a musical, but what Kiss Me Kate does not share with My Fair Lady is the

One hopes, therefore, that in selecting *The Shrew* the Players were not beguiled by the identity of its author. Since The Shrew has less in common with Twelfth less in common with Twelfth Night than with Getting Gertie's Garter, if the recent production was intended as some sort of candle left hurning on the altar of drama that candle remains singularly unlit.

latter's inferiority to its original

The Taming of the Shrew, presented November 28-30 by the Washington Players, is not one of the Shrew and the trying to innoculate a corpse with St. Vitus' Dance. The recent injection, unfortunately, was somewhat diluted with formal-dehyde, and Shakespeare's portion of the blame must be shared by Mr. Riecks, whose directing not sufficiently evident. The block ing was spenk-and-run, timing was usually non-existent, and most of the gestures held, not a mirror up to nature, but a sawmill. The abyss was the passion-pit sequence between Bianca and Lucentio which was allowed to obliterate the conversation of two other characters.

The set was atrocious. gray, gray, and all of it sort of a seek-a-boo; rather than a functional delineation of playing areas, was a restriction of them.

Requirements for new campus

organizations were set up and

passed by the Student Council on

Nov. 6th. A charter stating the

purposes, general proceduer, ten-

tative officers and members and

the faculty advisor of the organi-

zation must be submitted to the

S C Passes Rules

Student Conneil.

were used as mere decoration, and as decoration that hemmed in and hampered the actors. It is almost nampered the actors. It is almost inconceivable that Mr. Riecks and Mr. Tom Jones should not realize that the one thing on God's earth the Bill Smith stage does not need in Surely as the stage of the control of the stage of th is further shrinkage. It adds nothing to *The Shrew* to present it as a case history of claustrophobia The production, however, was by

no means a total loss. In a play that at least contains vigorons slapstick (if not the brilliant and consequential farce of The Woman of Paris or The Impartance of Being Earnest), two actors saved the day. Mr. Levin's Petruchie the day. Mr. Levin's Petruchie was all the more brilliant for achieving uproariously funny effects with a restrained use of deft intonations, facial expressions and gestures. And Mr. Fitzgerald was a perfect Shakespearean clown. These two not only never failed to delight; they delighted precisely the way their roles called

for.

As Kate, Miss Goldman was admirably vivacious but not al-ways in complete control of characterization. Here more direction acterization. Here more direction was needed, not only for continuity but also for the proper shading of rises and falls. On the other hand, Mr. Dollinger's Gremio was delightfully constructed and well maintained, but was not the doddering old man Shakespeare

Though in the last act he sprawled at the table like someone in an army mess ball watching a crap game, Mr. Easterby otherwise performed with his usual smoothness and even achieved a certain rough suavity. Messrs. Caldwell, Carozza, and Wat Watson, and Miss Norton, were amusing, while Mr. Hall, for better or worse, achieved a Shakespearean style that was certainly all his own.

Although Mr. Sandison was commendably fluent, he suggested Lucentio less than he suggested Henry Aldrich. Mr. Rhodes was awkward, whlle Miss Matthews and Messers. Kieffer and Clark, though all three delivered their lines with polish, had such vapid roles that if they shot the play-reading committee no jury would convict them.

Up from the waist Miss Brown's department did admirably with the costumes, achieving spectacular success with Petruchio's wedding success with Perricanos weading outfit (the envy of all past bridegrooms). The final banquet, however, was not enhanced by a pig so blatantly indigestible. Better no dinner at all than the latest archeological find.

The recent production was often hilarious, hut, one regrets that the general level of performance was lower than that of many of the Player's productions during the last several years. And one can-not help thinking of all the better plays, by Shakespeare and other old masters, and such contemporaries as Brecht and especially O'Casey, that are ignored in the misalliance hetween burlesque and snburhia, the Minsky's-with-a-message sort of thing, that passes for theatre in the United States. Youth is supposedly a time of curiosity and dering. Next time et's have a play rather than a Stunt Night.

CHRISTMAS VACATION

Christmas vacation will begin For New Organization at Washington College at 12:15 p. m., Saturady, December 15. Classes will resume at 8:15 a. m. on Thursday, January 3, 1957.

THE ELM STAFF WISHES YOU A MERRY CHRISTMAS

AND A HAPPY NEW YEAR

Buy Christmas Seals

The advisory board will consider the request of recognition intended. and report back to the Student Council after one week of evalu-ation. The Student Conneil will then vote on the request for re-cognition and ferward the original request to the faculty through the Dean of Students.

Upon approval of the faculty the organization becomes tentatively recognized. Reconsideration and final approval will take place after a period of three months.

The Original Flying Pentagon 34 Seasons Later

Back in basketball season 1922-23 this cage on thit brought lasting honor to Washington College with a 20-out-of-22 record, including a six-day sweep, with as many victories, earning them the title of "Plying Pentagon." Thirty-four seasons later they showed up Saturday night to help open the new \$325,000 Frank Russell Gymnasium. Left to right, they are: Manager Jack Stenger, John Bankert, Jake Flowers, Bill Johnston, Henry Carrington, Coach Tom Kibler, Mike Fiore, Dutch Dumschott, Jack Carroll and Capt. Al Gordy. NEW CRISIS IN THE MIDDLE EAST

Following a conference with President Eisenhower last week, Secretary of State John Foster Dulles said "the chances of peace in the Middle East are now pretty good." This official optimism is no doubt based on the success of the United Nation's ceasefire in the Suez Canal zone, the progress made toward reopening the Canal, and the improvement in the relations of the United States with Great Britain and France. Apparently, Mr. Dulles does not consider the Russian arms shipments to Syria a new threat to peace in the Middle East. The possible consequences of the arms shipments should

dispel some of his optimism.

Russia doesn't give away military supplies; there must be a motive, and the obvious one is to establish a Soviet foothold in the oil-rich Middle East. A rumor in Syria two weeks ago had it that Iraq and Turkey are planning an invasion of Syria. These countries are afraid of Russian influence in the Middle East and in fact might be considering an invasion of Syria to prevent Communist domination of that country. What they are most afraid of is that Russia will attempt to

What they are most afraid of, is that Russia will attempt to gain control of their oil fields.

The situation will he no hetter if Russia is permitted to gain uncontested control of Syria. The Communists could be counted on to make further moves toward controlling all of the Middle Eastern oil fields, which supply a vital part of the Western World's petroleum needs. Success in this direction would provide Russia with a powerful economic weapon to use against the West.

Mr. Dulles' actions do not support his optimism. As soon as the report of the Russian arms shipments was confirmed, the indignant attitude of the United States toward England and France for their impromptu invasion of the Suez Canal zone quickly changed to an attitude that stresses urgent reconciliation of differences. Instead of withholding Western Hemisphere oil from them as an economic sanction, plans were laid immediately to relieve their critical gasoline shortages. shortages.

This new crisis in the Middle East will be settled if This new crisis in the Middle East will be settled if Russia makes no more suspicious moves in the area, or if other Arab nations do not hinder Communist activities in Syria. Pressure from the United Nations might prevent another outbreak of fighting, in the same way that UN pressure effected a ceasefire in the Canal zone. But it must be remembered that the UN was successful in obtaining a ceasefire only because Great Britain, France and Israel were willing to agree to one.

DRIVE CAREFULLY, BECAUSE

Around midnight Christmas Eve of 1955, two cars were parked side by side on a lonely highway in eastern North Carolina. One of them was a 1954 Oldsmobile, the other a 1955 Pontiac. The drivers were students of East Carolina College at Greenville. A fifteen year old boy was a passenger in the Pontiac. It was a rendevous for a "drag" race.

Tires squealed and exhausts roared as the hotrods. "scratched off." The cars ran side by side until both speedometers passed 75, then the Olds pulled a car-length ahead. The gap between them widened still more and the Pontiac pulled into the lane behind the Olds.

When the speedometer on the Olds registered 105 miles (Continued on page 4) Around midnight Christmas Eve of 1955, two cars were

Spotlight On A Senior

This week the ELM honors Carol Kniseley as its Senior of the Week. Since coming to W. C. her freshman year from Cumber land, Maryland, Carol has been active in the campus activities For three years she was a member For three years she was a member of the Washington Players, a feature writer for the ELM, and was Judicial Chairman for the Student Council for one year. For two years she served as secretary-treasurer of the Wesley Club and is the president this year. She has

been vice-president of the F.T.A. one year and secretary-treasure for two years. Also interested in girls athletics Carol plays intramural hasketball and is a senior representative to the G. I. A. A. Her most important job is serving as president of Alpha Omicron Pi Sorority of which she was treasurer in her junior year. Carol has served on the Panhellenic Council for two years. In the academic field Carol is majoring in history with a minor in related subjects. To teach high school plus marriage to a former W.C. student is the formula for the future.

The Loyal Opposition

By Tom Jones

Why are activities at so abominably insipid? Why does so abominably insipid? Why does the Pegasus read like a racing sheet? Why must the plays here be given in spite of the stage crew, rather than because of it? Why is this newspaper (next, of course, to the Kent County News) the worst newspaper in the State of Maryland? The gniding lights of all these activities invariably leap up to say "student apathy". There is no underrating that very powerful and time honoured force, hut I think that a great part of consumate failure of every student endeavor can be ascribed to something within the organizations themselves, not, as they would have believe, outside of them.

To point out the reason for these failures, let me pick the most blatant example on campus, the organization which does everything and accomplishes nothing, Roy Jones's Stage Crew. While their leader displays his maturity by walking around the auditorium swearing and kicking the furniture, the members emulate as hest can, spilling paint, emoting selfassertively from the wings and

the extracurricular the balcony, running, bumping, Washington College screeching, dropping, doing every-y insipid? Why does thing and doing in the set, the one read like a racing reason for their being there at all. At a dress rehersal it is hard to hear the actors for the stage crew. They have a walkie-talkie, and they walkie-talkie to each other at any distance over two feet, their conversations consisting largely of, "Roger?" "Roger, over," "Over and out," while a weak voice somewhere deep within the shambles of the stage can feebly be heard to say, "To be or not to be" These people have been happy to find others of similar mentality, and they have banded together in a tight organization to play carpenter, play electrician, play war, play house, play everything but a good play.

Nor are they unique. Most of the other activities have the same sort of tight organization, based upon the principle of exclusion.

The Stage Crew does it because
they are afraid of someone joining who is not as childish and stupid as they, someone who will show by his or her genuine efforts how badly things are generally done.

Sho' Cagers **Bow To West** Chester, 83-74

Washington College was downed Washington College was downed by West Chester State Teachers College, 83-74, on December 3, on the host court. West Chester led, 49-36, after the first half, but the Sho'men narrowed the lead by outsoring their opponents in the third period. Both teams tal-lied 20 points in the final frame and West Chester maintained their nine point deficit.

Terry German, Teachers' forward, hit the nets for 24 markers to lead the individual scoring totals. He scored 15 field goals and 4 free throws for his total. Sho'man Bob Brown paced the losers with 20 points and Joe Seivold tallied 18.

Rice and Texas have met annually on the football field since their first meeting in 1914. Texas holds a 26-17 edge.

Field Hockey

By Kathleen Brackett

Washington College defeated Chestertown High School, 3-1, in girls' field hockey on Monday, November 19.
Sarah Sachse, center forward,

scored two of the goals for Washington College, and Natalie Wadkovsky, team captain and left inkovsky, team captain and left in-ner, scored the other one. Since many girls turned out to play, Washington College was able to substitute freely and keep fresh players in the game.

On Monday, December 3, the upper class girls downed the Freshmen, 3-1, in field hockey. This was the final game of the season.

Basketball practice began on Wednesday, December 5, at 3:30 P. M., in Cain Gymnasium.

INTRAMURAL BASKETBALL

By Tom Short

After one week of play in the Intramural Basketball League, there are five undefeated teams. The PHI SIG cagers chalked up

a 2-0 record with a close 33-31 victory over the *LAMBDA CHI* "B" team and a 39-21 with over the *THETA CHI BEAVERS*. Price and Shockley led the Phi Sigs in scoring in these games with 10 points each. Sam Macera scored 12 markers for Lambda's "B" team in their losing effort.

The ROCKETS also have an unblemished record after two games. They defeated the Beavers 35-31, with Bruce Briggs tallying 14 points and two nights later dropped the KAPPA ALPHA "B", 65-41. Del Foxx led the Rockets in scoring with 20 points, while Jim

Jaywalking In Sports By Dixie Walker

The Sho'men launched their 1956-57 basketball season The Sho'men launched their 1956-57 basketball season in grand style Saturday night as they topped a large Alumni squad, 75-52. After the first period, the Alumni team never threatened and only scoring outbursts by Nick Scallion and Danny Samele enabled the old-timers to come as close as they did. Samele was effective with his long set-shots and Scallion, for a time, ran and shot with the verve that characterized his play when he starred for Washington College in the early 1950's. The slight cager led the Mason-Dixon Conference three straight years in total points with a high of 432 in 1951. That same year Scallion finished the season with a 26.9 scoring average, good for second place among national small-college scorers.

college scorers.

The Varsity squad faces a rough season as they throw a The Varsity squad faces a rough season as they throw a young and inexperienced group of players up against strong Mason-Dixon Conference competition. Coach Ed Athey had an eighteen man squad to draw from against the Alumni, exactly half being freshmen. These boys performed well, but it was obvious that this lack of experience could prove dangerous later in the season. Veterans Ed Silverie and Roy Henderson were particularly impressive in their scoring and renderson were particularly impressive in their scoring and rebounding performances, and freshman Bob Brown and Dick Callahan will see plenty of action during the season. Captain Bill Davis is a real leader on the court, spotting loose players and calling them out, and steadying some of his younger mates. Basil Wadovsky may prove to be the most improved player from last year's squad. Although he didn't score against the Alumni, he looked good missing and was very strong under the boards. strong under the boards.

Lambda Chi's upset victory over Kappa Alpha typifies the type of play that can be seen in the Intramural Basketball League. Nearly every team in the league is capable of defeating any of the top-rated teams. The Foos, in edging the highly-favored K.A. five, have issued their challenge to the other top ranking teams. The Bluebirds, in their lone game of the week, an impressive 76-26 win over the Scoffers, at the odds-on-end choice to capture the league crown. Their squad is made up of two former varsity stars and several of last year's intramural all-stars and the team that beats them should go all the way.

Two Popular Cage Figures Honored

Basketball captains from Washington College teams dating back to 1912-13 contributed to honor Tom Kibler, center, and Fred "Dutch" Dumschott, right, for their long service to the cage sport here. Presentation of wrists watches to the pair was made at Saturday night's festivities by Ed Athey, left, Washington athletic director and basketball coach.

Sho'Girls Defeat Varsity Triumphs Over Alumni, 75-52 Chestertown In Brown, Silverie, Scallion Lead Scoring

Scott hit for 15. for K.A.

The *LAMBDA CHI* "A" squad defeated both Kappa Alpha teams to retain their perfect record. Their first victory came over the K.A. "B" team by a score of 48-23. Hurt Derringer led the winners with 14 points, while Massey sparked the losers with 8 points. The Lambda's second victory was a tremendous upset performance over KAPPA ALPHA'S "A" team. The Lambda's chopped away at K.A.'s big lead to tie the game at the end of official time and after the first over-time the game remained tied A sudden death period was played A sauden death period was played to decide the winner. Hurt Der-ringer scored on a shot from the corner to clinch the victory for the Foos. Charlie Stow sparked the winners with 17 points, and Tom Short was high man for the K.A. "A's" with 16 markers.

The WARRIORS posted wins over the GI Jacquess and the Ivys to continue unbeaten. Jim Sigler hit for 24 points in leading the Warriors to a 57-38 score over the Jacques and 31 markers as his team smothered the Ivys, 101-10 His two game 55 point performance gives Sigler a commanding lead in the league's individual scoring

THETA CHI remained unde-feated by defeating the Ivys and the Lambda hi "B" team. Warren Wasson tallied 19 and 21 points respectively to pace the Theta scoring totals.

The big BLUEBIRD team bas played only one game, but they won it by a score of 76-26 over the Scoffers. Leo Gillis, former co-captain of the Washington College varsity five, led the Bluebirds to victory with a 20 point per-formance. Chuck King and Lou Borbely followed with 18 and 16

points respectively.

The K.A. "A" squad won their first game of the senson over the GI 69ers. Gus Skordas led the K.A. cause with 14 points and Jim Smith scored 18 markers to pace

Playing before a crowd of spiritand Alumni and college faithful, the stands, the Sho'men could start the Sho'men overwhelmed the Washington Alumni by the lopsided score of 75-52. The game was high-lighted by the appearance of formula backethul contains and of former basketball captains and stars of the maroon and black, and especially that of the famed Flying Pentagon of 1923-1924. Harry Russell presented the former stars and there were speeches by Russell and the coach of these great teams, Tom Kibler. This was followed by the presentation by Coach Athey of gold watches to Coach Kibler and "Dutch" Dumschott in commemoration of their nchieve-ments in the past and present.

After the halftime ceremonies the game was completed with a final rally by the Alumni to ware off a humiliating defeat. Bob Brown and Ed Silverie shared scoring honors for the Sho'men with twelve each. Roy Henderson with twelve each. Key Henderson and Dick Callahan were close behind with eleven. Nick Scallion ('52) was high for the evening with thirteen and Dan Samele followed with eleven for the Alumni.

This was the first game ever to This was the first game ever to be played in the \$350,000 Frank Russell Gym, and the first view of the 1956-57 Sho'men by a home crowd. The Varsity, loaded with Freshmen, seemed to be nervous in their debut and did not quite play up to par. Their second trial at home after the West Chester duel Monday (away) should prove a

much better contest, and with the help of a good rooting section in the stands, the Sho'men could start off on the right foot with a victory

also active making plans for the Ox Hop, scheduled for Jan. 12.

The Lambda Chis are inviting Open House this Sunday, Dec. 9.
Once again the fraternity will sponsor a Christmas dance in Baltimore. It is to be held in the Deutsche's Hous on Dec. 28.

Mary's Little Lamb

It was a bitter cold night and the sheep were huddled together for warmth. The sky was very clear and full of bright stars. Two shepherds sat before a dying fire softly talking, with their cloaks pulled tightly around them as pro-tection against the wind.

Far up the hill, away from the other sheep, lay a very small lamb snuggled down deeply in a crevice. He raised his head and looked longingly towards the other sheep. But he resignedly put his head back down in the warm spot he had found. He knew well enough by now that he wasn't welcomed among them. From birth, he had been crippled. He wasn't much use to the flock at all but the shepherds had taken to his shy,

The Loyal Opposition
On the Tuesday before the production of "The Taming of the little lamb would start off with the rest of the flock, but it wasn't long before one of the shepherds would pick him up panting and exhausted, but nevertheless trying to keep up with the

The wind howled fiercely and the lamb shivered. He raised his head for one last look at the huddled sheep and something moving caught his eye. On the next hill he saw a man leading a donkey On the next on which was seated a young girl. The little lamb watched them pause before an old stable and then hesitantly enter. A few minutes, later the lamb noticed a bright light. At first he could not tell from whence it came. It shone steadily and brightly and illuminated the hills, centering itself on the stable

The crippled one looked toward the heavens and saw a brilliant star, the biggest and brightest he the heave had ever seen. He looked towards the shepherds who had also seen the light and were talking excited-When he looked again at the ly. When he tooked again at stable, he heard voices unlike any he had ever heard. They were he had ever heard. They were singing, singing joyously and gloriously — announcing the birth of a King. The little one watched as the shepherds timidly approached the stable. Struggling to his feet hindered by twisted legs, he began limping ofter them, watching with wonder filling his brown eyes as angels appeared in the heavens. They surrounded the stable and the sound of their hymns seemed to fill the midnight sky.

to fill the midnight sky.

Slipping in the big stable door, the little lamb was filled with awe at the beauty he beheld. A lovely lady sat with a Babe wrapped in swaddling clothes in her arms. A man knelt by her side and nodded to the shepherds as they came in to pay homage. The little lamb watched from a corner where he had taken refuce as he always had taken refuge as he always did, afraid of being trampled. Suddenly he realized that the lovely lady had noticed him and beckening to him. At first didn't understand, but she smiled and the warmth in her eyes re-assured him. He limped to her and rested his small pink nose on her knee. Looking up into her eyes and those of the Babe, he suddenly felt as he never had before. He felt loved and wanted and a part of something wonderful.

A beautiful peace flooded through him as the Bebe extended His tiny hand and laid it on his

Play Lute At Concert

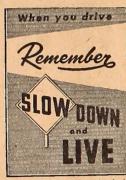

by Clyde Sutton

Miss Suzanne Bloch will accompany herself on her 19-stringed lute here at Washington College in the near future. She will recap-ture some of the beautiful literature of lute songs which were at one time an important part of our musical culture.

A keynote in Miss Bloch's pro-gram is that she extends a warm personality to her audience and comments on her knowledge of music and the lute.

Miss Bloch will appear on stage at 8:30, the time scheduled for all artists of the different concerts.

Virginia Tech has had only 12 losing football seasons out of 63.

Because they did not heed the above alogan, over 10,000 Ameri-cans died and approximately a half cans ded and approximately a nai-million were injured due to traffic accidents during the Slow Down and Live Campaign from Declara-tion Day to Labor Day. Pan - Hellenic Book Scholarship Open

The Pan-Hellenic book scholarship of \$50 is awarded each year to a girl in the Freshman Class. Each girl who would like to apply has only to write a letter to the Pan-Hellenic Council, expressing why she is applying and why she would like the scholarship.

The girl is chosen on the need expressed in her letter and on her academic index. The scholarship is awarded after first semester grades have been computed and released.

C.; The Gold Bug, Western Maryland College, Westminster, Maryland College, Westminster, Md.; The Collegian, Baltimore City College; and The Hottentot, Cambridge High School, Cambridge,

Warld News In Brief

The Soviet puppet government in Hungary, headed by Premier Janes Kadar, admitted its ineffectiveness and failure to restore order in the country when martial law was declared December 9 for all of Hungary. Unconfirmed reports from rebel sources indicated that between 10,000 and 12,000 additional Soviet troops have been brought into Hungary.

John Foster Dulles, U. S. Secretary of State, held separate meet-ings December 10 with British Foreign Secretary Selwyn Lloyd and French Foreign Minister Christian Pineau. Purpose of the meetings was to find agreement on settlement of the Suez Canal problem. The "statesmen were in full accord on the need of restoring the canal operation as soon as pos-sible and also on operating it in accordance with the six-point program laid down before the United Nations Security Council, pledging internationalization, freedom of passage, tolerable rates and nondiscrimination.'

India's V. K. Krishna Menon spearheaded a move to block an effort in the United Nations Gen-eral Assembly which would "condemn" Soviet handling of the sitdemn' Soviet handling of the situation in Hungary. Seventeen member nations, including the United States, called for condemnatory action by the General Assembly. Burma, Ceylon, India, and Indonesia opposed the request on the grounds that Secretary-General Dag Hammarskjold might be permitted to visit Moscow in order to accomplish the purnose order to accomplish the purpose envisioned in his proposed visit to Budapest, which was refused.

Cinderlla's Night Before Christmas

him with one little girl. Realizing his little daughter needed a mother's love and care he remarried, this time a widow, with two grown up daughters of college But his second wife turned out to be a real "wuzzy", and so were her two daughters, Maude and Merle, who made Cinderella's life miserable. Cinderella, you see was very beautiful and also had a very good figure while her step-sisters were sort of en the higgish side. They were very jealens of Cinderella and sent her to work in the kitchen. She was always cover-ed with dirt and soot because she had to stoke the furnace; and that's how she got her name. However in spite of the hard life she led, Cinderella leved to read and was constantly quoting Shakespeare. Whenever her stepsisters started scolding her she would politely tell them to "give every man their ear but few their voice" and then went about her chores after bidding them adieu. This infuriated Maude and Merle and they were constantly teaming up to annoy Cinderella while she was trying to work

Well, it just so happened that the king of the country had an only son. This son enjoyed open houses so he decided to throw a big blast for all the local peasants. The festivities were to last three nights, and at the end, the prince was going to pick his bride from

among the ladies present.

Naturally Maude and Merle re ceived invitations, but Cinderella didn't. This delighted the two didn't. stepsisters for at last they had In three minutes Cinderella was grind slow but they grind exceed-something over Cinderella and talk-back. Old Mabel knew her work ing small."

Once upon a time, there was a ed about nothing else but what they for with a few deft strokes the rich man, whose wife died, leaving were going to wear and what fun pumpkin turned into a lion. it was going to be. This made Cinderella feel very left out but when her two stepsisters told her she couldn't go because she was too dirty and too poor she said aside we'll see who has the last laugh.

The night of the ball, the twe sisters and their mother drove a-way in a carriage (cars were unheard of at this time). looked as well as could be expected, for they had spared ne expense

Their dresses had come from THE Store for Women.

Meanwhile hack at the hovel, Cinderella sat down on the ashes but refused to cry since she had always claimed she "was prone to weeping, as her sex often are." All of a sudden Mabel, her Fairy

All of a sudden Madel, her Fairy Godmother, appeared. "Cinderella, dear, Cinderella". "Oh, hello, Mabel," said Cinder-ella. "What are you doing here?" "Well, dearie, 1 heard over the grapevine that you had troubles so I hopped over here to see what was up. Tell your old Mabel what seems to be your trouble." Well, began Cinderella," my two stepsisters went off to the prince's dance and wouldn't let me go with them."

"Didn't you want to go?" Mable

asked.

"Mabel, you're my Fairy God-mether; what do you think?" "Well, we'll fix you up in a jiffy,"

Mabel said, now "post with dexteriout side and get me a pump kin, two lizards, and six rats, and hurry

"I must have used the wrong words" said Mabel but with a stroke of the wand—which she used only in emergencies—the lion changed into a coach. Then lion changed into a coach. the rats were changed into herses, the lizards into coachmen, and the rag which Cinderella had on was changed into a beoutiful Dior original. Her Weejuns were then changed into a sparkling pair of glass slippers." You he home by twelve, said Mabel or you'll get a kitchen campus; hesides, I'm a union Godmother and I can't work midnight.

When Cinderella arrived there was a great commotion. prince couldn't help but notice her

glass slippers and asked her,"
"What is your name?"
"Cinderella", she said as she eyed
her two stepsisters across the dance

fleer.
"That's nice" said the prince, "Will you marry me?"

"Certainly, said Cinderella," but first I have to ask Mande and Merle," (She really didn't have to ask them; she just wented to see the expressions en their face)

Cinderella, who was very happy to get away from the ashes, moved up to the palace with the prince. Her first official act was to have her stepmother and stepsisters he-headed. They pleaded for mercy headed. They pleaded for mercy with petitionary vehemance but Cinderella wouldn't give them any. In fact, she personally let the blade fall. That is the end of her two stepsisters and her stepmother and also the story. However, there is a moral: "The mills of the gods

ZETA Dance Is Well Attended

Albertson Chosen 'Dream Boy'

The traditional Zeta Tan Alpha Winter Wonderland Dence was held in Cain Gym on Seturday, December 8. A capacity crowd danced to the music of Chuck Laskin's orchestra under a silver and gold star-studded sky. Decorations included a ten foot evergreen, mistletoe, dancing angels, and Santa's sleigh complete with gifts Dress for the dance was semi-formal

and the bright colored gowns completed the picture of Christmas sendoff.

During the intermission the twenty sorority girls sang "Wel-come to Zeta Winter Wonderland", "Sweetheart of ZTA", and "Zeta Dreamboy". President Sarah Sachse presented last year's Dreamboy Jack Fredericks to the audience. She then announced that the new Dream boy was Al Albertson. The Dreambey was chosen on the basis of what he has done for the sererity and the school. Among other high honors, Al is editor of the ELM and president of Theta Chi.

The Zetas were glad to see such a fine crowd at the dance since all the profit goes to the Cerebral Palsy Benefit.

PRESIDENT BACKS WAR ON TRAFFIC DEATHS

"For eighteen months American traffic fatalities have been increas ing. If this trend continues through the rest of the year, we will have the highest motor vehicle death toll in history.

With these words President Dwight D. Eisenhower endorsed the new National Safety Council program to "BACK THE ATTACK ON TRAFFIC ACCIDENTS."

Because highway fatalities usually reach their peak during December holidays, the campaign opened in November and will continue through 1957.

In a special edition of Public Safety designed to kick off the ATTACK, the Council lists "The Faets" on traffic mishaps. Among

Last Christmas week end, a re cord 609 immediate traffic deaths were recorded from 6:00 p. m. Friday, December 23 to midnight Monday, December 26.

On the basis of the 1955 figures. the National Safety Council esti-mates that the death toll for the 1966 four-day week-end may top 800, which is approxomately four deaths per hour.

To help solve the British fin-ancial crisis, the International Monetary Fund granted Great Britain the equivalent of \$561,470, 000 and made available for con-version into British pound sterling amount equal to \$738,530,000 Both amounts can be used at any during the next twelve months.

Assembly Programs Get More Advance Planning

By Nancy Mullikin

In the following months, most of the assembly programs will take different form than that which they have had in years past. these assemblies, the programs will be carried on by a department of the college, each department responsible for a different program. These will be linked by a theme for which the Assembly Committee has been trying to find a name, has been trying to find a name, with such suggestions as "The Atom and I", "Every Man and the Atom", or perhaps "Every Man Since the Atom" among those put forward.

In these programs, major scientific changes or important changes in human relationships of the last few years will be presented, fol-lowed by discussion of the impact these are having on our society. Thus, there will be assemblies on the constructive efforts that may result from the development of atomic energy, the dangers that may result from it, and also effects of new discoveries in the field of fuels, permitting travel beyond limits earlier conceived by man. These scientific topics are undertaken by the physics, chemistry, and biology departments.

The biology and chemistry departments have previously pre-sented programs on "The Effects of Atomic Radiation" and "Rocket Fuel".

The Washington College Choir, under the direction of Dr. Frank
C. Erk, sings at the last 1956 psychology, and religion.

assembly, December 13.

The first program efter the Christmas vacation is a report to the student body by the college administration.

The physics department negotiating for a speaker whose topic will he "Constructive Uses of Atomie Energy." This is scheduled for either January 10 or 24 A definite date will be announced later.

Mr. Norman Acton, Executive Director, representing UNICEF (United Nations Children's Fund) speaks to the students January 17. Also scheduled for that date is a twenty minute, technicolor film, 'Assignment Children," starring Danny Kay.

Next semester, there will be programs by the sociology, politic ħε al science, and economics depart-ments, either on major changes that have taken place in pelitical, economic and social relations e. g., impact of the development of e. g., impact of the development of a strong Communist world politic-and economic force. Or these de-partments' may discuss the effect that current developments have had on our society, followed by programs on what effect these major changes have had on man as revealed in medern literature. as revealed in modern literature, art, and music.

Concluding the theme, there will be an effort at total evaluation in programs concerning philosophy,

PLAYERS SPONSOR NEW PLAY - WRITING CONTEST

The Washington Players are spensoring a Playing Writing Con-test which is open to all students. The winning play, to be chosen by members of the Speech and English Departments, will be presented by the Players at an assembly in April.

The rules for the contest are: 1. Length of the play must not exceed 35 minutes.

2. The play must have only one act.

.3 There must be a minimum of props.
4. The play must be written to

be performed in daylight.

5. All plays must be submitted

to Mrs. Opgrande by March 1, 1957.

Four-page issues published bi-weekly and two page issues published in alternate weeks throughout the academic year, except during officiol college recesses. Written and published by the students of Washington college recesses. Written and published by the students of Washington College in the interests of the students, faculty, and alumni. Subscription price: \$2.50 per academic year. Advertising rates on request from the Business Manager.

INTRAMURAL BASKETBALL

As of December 10, there were As of December 10, there were four teams among the unheater ranks and three of these teams were tied for first place. The Warriors, Theta Chi, and the Bluebirds sport a 3-0 record to pace the league.

The WARRIORS lead the league in the total points scored in three games, as well as the most points scored in a single game. Their scoring ace, Jim Sigler, has accumulated 84 points in three games to lead the league in that department. Last week the Warriors posted their third victory over the LAMBDA CHI "B" squad by a 61-23 margin. Sigler tallied 29 for the winners, while Sam Macera chalked up 11 markers for the

The BLUEBIRDS picked up two more victories last week as they beat the GI JACQUES, 57-23, and the IVY'S 82-16. The Bluebirds used their reserve players much of the time in both contests. Chuck

ICLA To Meet

Four Washington college repre entatives will attend the United States Intercollegiate Lacrosse Association meeting at Hotel in New York this weekend. Sho' lacrosse coach Don Kelly and Athletic Director Ed Athey

will attend along with Washing-ton College's All-American lacrosse team members, Hezzie Howard and Joe Seivold. Howard, who graduated last year, was named to the All-America first team and Seivold, who tallied 22 goals last season, was a second team selection.

Sho'men Bow To Upsala, Lycoming

Upsala

By Larry Symonds Playing their third game of the year, all of which were non-league contests, the Washington Sho'mer howed to a calm Upsala team from East Orange, New Jersey, 88-73, on December 6. Although the score denotes a strong difference in the team's play, the Sho'men had a good chance to win up until the final minutes when the two guards for Upsala started driving in and sinking shots with amazing nccuracy. Washington then tried their best to stay in the game but were stymied by a tightened de-fense led by hig Menninghall of the Silver and Blue. Upsala held their lead to win by 15 points.

The first half saw the Sho'men drop behind at the opening whistle, only to tie it up at different points and going ahead occasional-ly. Upsala took a seven point advantage with five minutes left in the first period, but the Sho'netmen tied it up 46 all by the end of the half. This gave the throng of an estimated 600 fans something to cheer about, and they did plenty of that, led by the enthused cheerlesders and Pep-Band.

The second period opened with Upsala jumping out to a short lead and never yielding the margin although that lead was in constant danger by the threatening Sho'men In the final five minutes the game got rather wild as the Sho'men tried to lessen the margin with Upsala controlling the ball.

Joe Seivold played an outstanding game, racking up 26 points. Joe rattled the opposition with his

hustle and ball stealing ability. Dick Callahan also played a good game, grabbing rebounds and sinking 17 markers. Bob Brown had an 'off' second half, but scored 11 in the first half to wind up with 12 for the night.

Five men hit double figures for Five men hit double figures for Upsala. Number 15, Gasperni led with 20, Lomker and Wisnewsky followed with 19 and 16, and Hill and Menninghall tallied 14 each. These men worked together very well, and the Sho'men couldn't break up this good combination.

The enthralling part about the game was the good crowd and display of spirit. Nothing makes a team play better than to have their work appreciated. Even the J. V. game had a good attendence and, even though they lost 71-68, the spirit of the crowd caught on, giving them the urge to fight.

Lycoming

SATURDAY, DECEMBER 15, 1956

Bob Brown, Washington Col-ge's freshman scoring flash, lege's poured 30 points through the hoop but the Sho'men dropped a 80-73 decision to Lycoming College on Wednesday, at Williamsport, Pa. Brown hit on 8 field goals and 14 of 17 free throws for his 30 markers, while Joe Sievold of the Sho'men scored 22 points. Lycoming's Al Wilson scored on

a jump shot with five minutes remaining in the game to break a 56-56 tie and sent Lycoming into the lead to stay. Wilson led Lycoming in scoring for the evening with 23 points.

Lycoming chalked up their third victory in four games in defeating the Sho' five. The Sho'men have lost three straight contests since defeating their Alumni in the sesson's opener.

Next Week's Assembly To Feature AEC Man

Mr. Joseph E. Machurek, a representative of the Atomic Energy Commission, will talk on "Constructive Uses of Atomic Energy" at the weekly assembly at Washington College next Thurs, day, January 24, at 11:15 o'clock.

Dr. Gonrad Rizer, head of the college physics department, will be in charge of the program, which is one of a series devoted to analyzing the impact on presentday society of major scientific changes, or changes in human relationships, of the last few years.

Mr. Machurek is an Industrial Staff Specialist in the AEC His activities include the presentation of the regulatory, procedural, and policy requirements of the Commission, and, by means of fectures, personal visits and correspondence, exploring with technical, business and management personnel the opportunities for radio isotope utilization and participation by private enterprise in the atomic energy program.

Education Award To Be Given By Zetas

Zeta Tau Alpha Sorerity has announced that they will give an annual award of twenty-five dollars in the field of education. The award will be presented at the graduation exercises and will become a part of the yearly pro-gram. The award will be given to the girl who in the opinion of the Education Department has done the best work in the education courses.

The award is open to any girl who meets tha following qualifications: single, well-rounded in class and extra-curricular activities, intends to continue in the field after graduation, four year resident, and has followed courses in education straight through-including practice teaching. Thi year the girl will be chosen by Dr. Livingood and Dr. Knipp of the Education Department.

Sarah Sachse, President of Zeta Tau Alpha, said the idea for the arose out of discussions award arose out of discussions and suggestions given at the sorority's convention held at Spring Lake, N. J. last summer. The sorority feels that the field of education has been neglected too long and that publicity such as this might induce worthy students to consider teaching as a dents to consider teaching as a career.

College Receives Two **Grants From Business**

Washington College has been selected to receive a share in a grant of \$50,000 being distributed by the Household Finance Corporation. The money is heing divided among 331 four-year privately supported, accredited colleges and universities. The gifts are marked for unrestricted use and the amount each college will receive is based on its full-time

Washington College has een selected to receive \$4,000 for the next academic year from a fund established by the Du Pont Company as an annual program of aid

to education.

Du Pont will distribute more than \$1,000,000 to 122 colleges and universities, a substantial increase over the \$900,000 in gifts made by the company last year. Each of the \$4,000 grants consist of \$2,500 (Continued on Page Four)

Ann Hurst Crowned Theta 'Dream Girl'

Girl of Theta Chi" at the fraterni-ty's annual dance, the Ox Hop, which was held in Cain Gymnasium January 12.

Salection of the attractive sen-ior from Washington, D. C., to reign as Theta Chi's 1957 "Dream Girl" was announced at intermission by Al Albertson, president of the fraternity, who presented her with an engraved silver cup.

Ann succeeds another member of Zeta Tau Alpha, Anne Grim, who was the fraternity's choice for "Dream Girl" in 1956.

Approximately seventy couples danced to the music of Paul Fredricks' Orchestra from nine to one. General opinion afterward was that the dance was a successful well-attended affair.

Theta Chis Elect **Davie President**

John Davie, a Junior from Wynnewood, Pa., was elected presi-dent of Theta Chi Fraternity at its weekly meeting January 14. Davie succeeds Al/Albertson, who has also served Theta Chi as

chaplain and secretary.

Other officers elected were Jim

Lewis, of Wilmington, Dcl., vice-president, to succeed Dick Farrow; Bruce Beddow, Aldan, Pa., recording secretary, succeeds Ghico Rovira; and Bob Emory, of Milford, Del., succeeds Beddow as corresponding secretary.

Beb Cleaver, of Oxford, Pa., was appointed treasurer by Davie, to succeed Bob Beaton.

Bill Litsinger, Towson, Md., was elected marshal. Jim Fowke and Donnie Miller, from Baltimore and Annapolis, respectively, will serve as guards. Another Annapolitan, Jay Cuccia, was elected chaplain. Warner Andrews, Crisfield, Md., was elected librarian; and Roger Gildersleeve, Pompton Lakes, N.J., was re-elected historian.

Senior Class Notes

Last week the seniors were fitted for their caps and gowns. This was the first real indication that graduation was near. For some, graduation will be in February. This group includes Al Albertson who was President of Theta Chi and Editor of the ELM, Paul Proom who has one of the highest indexes recorded, and Jack Fredis ricks the Zeta Dreamboy of '55 and Continued on Page 4

Mount Vernon Miscellany Has Literary Virtues, Needs More Writers body. Would there were ten times an image, an idea.

By Dr. Daniel Z. Gibson

One of the regrettable developments on the American college campus is the decline of student interest in literary societies, which for a hundred years or more were a major center of student intellectual and social life. The Mt. Ver-non Literary Society is the oldest the campus organizations at Washington College, but is kept animate only by the efforts of a handful of students.

In the current issue of the Mt.

Vernon Miscellary only five authors represent our entire student ly a state of mind, a character,

as many. Only he who has tried to capture in verse or prose some facet of the life around him or within him-really to capture it, artistically and economically, not simply to indulge a flux of words to the pen—can realize the chal-lenge and the satisfaction of writing. Not of writing for profit, nor to impress one's fellows with one's wit or cleverness-but writing for no reason at all except the hardcarned pleasure of representing

Part of this problem George Darley has essayed to state in the opening piece in the Miacellany, which has a clarity and straight-forwardness more often found in forwardness more often found in 18th century verse than in today's. Compare it with the bold and cryptic imagery of the finale to the volume by James Mousley to see what I mean. Mousley's other poem, "Spring Slant," is the most successful in the volume, an en-tirely individual handling of an old theme and a pleasant one. It (Continued on Page 4)

What's Wrong?

Surveys Opinion Of Clubs

By Bill Shortall

ington College campus have recently become a major topic for dis-cussion. The general consensus of opinion has usually been that the organizations are ineffective, and this ineffectiveness has been blamed on the fact that the students have been too apathetic to cooperate with most of the projects planned by the various groups.

In an effort to pin down the was held with various members of was held with various members of the student body. One fact stands out: "apathy" is not the answer to the problem. Actually, there is no "one answer"; the situation is much too complex to permit this. The real trouble seems to lie within the clubs themselves.

There are at present on this campus some thirty-five clubs and organizations. This includes, of

course, fraternities, sororities and The organizations on the Wash- trouble, a number of interviews honorary fraternal organizations as well as various political, religious, and general interest clubs Their primary purpose for existence is to improve relations in the college community as a whole and to afford a very important energy outlet for the individual member of the community. They are also expected to provide a certain unity

among the student body. Continued on Page 4

FIFTY - FIFTY

By the time this editorial appears in print, the ELM will have a new editor. It is therefore my intention to use this last editorial opportunity to pay tribute to the students who have served on the staff as reporters and feature writers. who have served on the staff as reporters and feature writers. Most of them have remained on the staff semester after semester, contributing their time and effort, without much hope of ever reaching the editorial level. The rewards for any job on the ELM staff are small, but their's are the smallest. Yet, the importance of the writing staff is aften overlooked. There is an old argument in the business world, because the staff is the property of the property

tween management and labor, in which both claim the more important role in the survival and success of the company. Of course, it is obvious that the company is equally dependent upon management and labor; in the absence of one the other

But the argument goes on; and when it come to publicity management reaps all the credit for the company's success, or blame for its failure. The worker gets in the headlines only when his union's contract has to be re-negotiated and a strike is imminent.

Since some state governments classify the newspaper business as a profession, ELM reporters cannot fairly be grouped with the laboring class. But a comparison of their status with that of the laboring group is a legitimate analogy. They, like the workers, contribute fifty per cent to the life of the venture in which they are engaged.

Therefore, to each and every reporter—indeed to every member of the staff—your editor for the past year thanks you for your loyal service. And to the new editor-in-chief and his staff, best wishes for a successful year.

A LAST LOOK

As Feature Editor I would like to take this space to thank my loyal staff for the work they have done this year. Although Mr. Jones seems to think the ELM has nothing to say (see Loyal Opposition and then Opposition) I feel that you have all done a good job — even Mr. Jones. To me, a good job is one that is done promptly, neatly, and correctly. There isn't too much to say here at Washington Collège, but what there is to say in my opinion is each well.

what there is to say, in my opinion, is said well.

Our editor, Al Albertson, is graduating in February. I'm
sure everyone wishes him all the luck in the world and thanks
him for the fine effort he put forth this past year as editor
of the ELM. Next issue brings a whole new staff. Good luck

Inquiring Reporter

Should Washington College promote the expleitation of expeditieus dromedaries? Why?

Jane Smith - Yes, to draw more atudents.

Jim Sigler - No, nnless you

like to travel. It would take us away from our studies.

David Mardwick - What! and pour more money into foreign aid?

Binnie Bonhage - No, as some of them might get good marks and push the curve up.

Ann Carol Jenkins — Sorry, l can't understand Greek.

Bill Howe — It depends on the season; during the spring anything (Continued Page 4)

Spotlight On A Senior

by Carol Kniseley

One of the most active seniors on the W. C. campus is Jerry Caporaso. Beginning with his freshman year, when he came to college from New Providence, New Jersey, Jerry has participated in numerous activities, Every fall, except his sophomore year, Jerry has held a position on the soccer team and every spring he has wielded the stick on the lacrosse field. This year he is a member of the Varsity Club. Jerry also played intromural sports on the Lambda Chi teams since joining the fraternity in his freshman This year Jerry was elected president of Lambda Chi Alpha and participates in the Interfraternity Council. Another of Jerry's campus offices this year is serving as vice-president of the Student Government Association. Since coming to college he has been a reporter for the ELM and a Newman Club member. Academically Jerry is majoring in psychology with a minor in biology. Since he is now a member of the Naval Reserve, he plans to be active in the Naval Air Force and later go into industrial psychology. By all these activities Jerry has truly earned the ELM's recegnition as Senior of the Week.

Teenage Rebel Loretta

The Loyal Opposition

By Tom Jones

It has been one year since I! wrote my first piece for the ELM, wrote my first piece for the EDM, a very nasty letter, as some few readers may remember, whose criticism of this newspaper resulted in this series of articles. sulted in this series of articles. I have what is probably the only extant copy of this very valuable original document, and find that the primary thesis of the letter was that the ELM had nothing to say. A year later, under the guidance of a different editor, this situation has most happily been remedied. The ELM has plenty to say.

There new appear gossip columns, unsigned in the main; de-cleimations of lost causes; fascinating reports of the affairs of quizling government. Practically any subject matter is acceptable in a newspaper, so long as the treatment is adult, and adult the ELM nuhappily is not.

Most of the articles of the past

year (with the exception of the abovementioned who-ditched-whom columns) have concerned them-selves with the relationship between students and administration, and the relationship has been an uneasy one at best. It is ever so in a college that is on the make, for there must be a fundamental discrepancy of purpose between the

work toward a reasonable compromise between the present and the future, and a college news. paper can be of invaluable service. But if giggled at among the students and discredited among the administrators, the paper is of no use.

The ELM writers either cavil The ELM writers entire cavar or else throw a tantrum, in either case childishly. Take for example articles describing the atudent ceuncil meetings. They are usualcouncil meetings. They are usually written as if the council were the intermediary between God and his children. Take for example Warren Wasson's letter, published with glee by the editors: Wasson had a good case. The tie regulation is the greatest piece of barbarism ever perpetrated under the name of civilization. But, from the tone of the letter, Wasson would seem to be a little boy, punching furiously at his father's knees and screaming, "I hate you!" Thus he discredits his own good cause.

The two tenes, tantrums and servility, seem to have something in common. Do they both expect something special of the admini-stration? Do they look to Dean Hill as a replacement for some-thing in their home lives? Are two, students and administration. As such, it befits both sides to of the fellers?

Opposition

By Sarah Sachse

In answer to Mr. Jones' Loyal Opposition I would like to state opposition I would like to state a few facts. In the first place, Mr. Jones seems to think the ELM has nothing to say. I think it does: the sports page reports the various athletic events accurately and promptly; the news staff reports the campus activities past, present, and future; and the feature page presents the more humorous and controversial side of

Washington College life.
I feel that Mr. Jones is most displeased with the feature page. I ask him: what does he want? This past year we have featured poetry, short stories, themes, col-umns (signed), editorials on school and national affairs, letters to the editor, write-ups of outstanding and worthy seniors, questionaires, complaints, compliments, etc. The page has even featured Mr. Jones and his opposition to buildings, stage crews, THE ELM, etc. In fact the page has printed every-thing the students wished to be printed, within reason.

printed, within reason.

In a cellege newspaper, written, edited, and administered by students, it is only fair that they be allowed to have their say. Where else may they do so? Certainly not the assembly, or a soaphox in front of Bill Smith. If a student wishes to they were attacked. wishes to "throw a tantrum", why not in the ELM? Mr. Jones: we leave the high toned literary pieces to the Mount Vernon Literary Society's publication.

In answer te the last part of

In answer to the last part of would be interesting for him to try Ha!

Mr. Jones' article: I don't think the students want anything special from the administration - only a fair deal. As long as they get that, there is nothing to fear. The students are not looking for another parent—but a real friend.

Lastly, I would like to remind Mr. Jones that the students here at W.C. have the right of free speech and press. If they desire to picket for "lost causes", let them. They have nothing to lose,

FLASH HOT

What Freshman girls whose initals are L.E., C.W. and D.C. were seen sneaking down the fire escape at 12:30 last Sat. night?

The purple shaft this week goes to P.W. Congratulations F.E.!
L.W. will find that the back doors of New York hars are very

beneficial next time. Experience is the best teacher.

What well know campus per-sonality spent the Christmas with another well known campus persenality of the opposite sex? All very nice, but both are pinned to another person.

Who has stolen all the exams

for a well-known profs course? Hew did he do it? Let us know,

Who stole the pepper from Hodsen Hall? Many say it was an inside job.

The answer to these questions can be found — nowhere. Names, places and situations are purely fiction and any reference to the

Sho'men Dump Western Md., Bow To Catholic U., Mounts

W. Maryland

By Larry Symonds

January 5 - Overcoming a half-time deficit of thirteen points, the Washington College Sho'men went on to defeat the Western Maryland Terrors, 105-90. The Sho' netmen launched a vigorous seventy-seven point scoring effort in the second half to set a new Washington College record.

The Terrors pulled into an early lead and maintained it at the half, leading 41-28. Only Bob Brown could hit consistently for the Sho'-men in the first half, while Western Maryland tallied on easy shots around the basket and controlled

the boards.

The Sho'five came alive in the second half, however, to close the margin and forge into the lead They reached the century mark on Roy Henderson's free throw for the first time this season.

Sloan Stewart, ace of the Terror firing line, led all scorers with 30 points. Bob Brown was high for the Sho'men and Joe Seivold was close behind with 23 markers Dick Callahan and Bill Davis gave good all-round performances and scored 16 and 12 points respective

Allspach is 1956 G.I.A.A. Hockey Star

By Kakie Brackett

Anna Lucy Allspach was selected as the most outstanding backey player for 1956 in a meeting of player for 1906 in a meeting of the Board of Managers of the G.l. A.A. on January 9. Also given recognition for their prowess on the hockey field were Kathleen Brackett, Janet Disney, Lynn Hawkins, Marion Hense, Bobba Norton, Sarah Sachse, Toni Stal-lone, Natalie Wadkovsky, and lone, Natalie Joan Woeber.

The Board of Managers also took up the problem that they have been confronted with concerning the scheduling of basketball games. It has been difficult for many girls to participate in sports this year because of conflicting classes and late afternoon lab periods. It was decided that the majority of games in the future would be played on Mondays with a few on Tuesday and Wednesday.

Catholic U.

By Larry Symonds

Chestertown, Md., Jan. 14. The Sho'men-lost their Sho'men-lost their 7th game of the season to Catholic U. tonight by a score of 77-61. Bob Brown copped scoring honors for the Sho'men with 21 points. Jee Seivold sank 11 in the second period for 14 and Dick Callahan was close be-hind with 11. The Cardinals' top man for the evening was Lynagh with 25. Mitchell and Dreher were second and third with 16 and 13. Incidentally, Bob Brown's 21 points came on his twenty-first birthday.

The Sho'men held a small lead until late in the first half when the Cardinals pulled into a four point lead and then built up a good margin as the second period got under way. Washington tried a tight man-to-man defense but it proved to late and ineffective as they pulled to within 6 points in the last two minutes but slacked off to the final 77-61 tally.

OPEN LETTER TO W. C. STUDENTS

I think most everyone knows what happened to the Sho'men at Emmitsburg on January 9. The news that Mt. St. Mary's ace, Jack Sullivan, sank 51 points against you can. There's a small bunch of our Sho'men for, a new Mason-Dixon Conference record in an floor. Let's show them that we

Mount St. Mary's

Mount St. Mary's ronted Washington, College with a 110-68 victory on January 9 on the winners' court. Jack Sullivan, the Mounts' prolific scorer, set a new Mason-Dixon Conference record by dropping 61 points through the hoop. Bert Sheing aided the Mounts cause with 16 markers. The Sho'men, completely ontclassed in the contest, were behind 47-26 at halftime and dropped even further behind as Sullivan opened up his tremendous shooting performance. Joe Seivold garnered 10 points to lead the Sho' five's

Loyola, West Md. **Drop Atheymen**

Western Maryland and Loyola Western Maryland and Loyola College took the measure of the Washington College cage team over the weekend to drop the Sho'men to the depths of the Mason-Dixon Conference,
Western Maryland routed tha Sho' five in a 96-78 win as they rallied behind the sharp-shooting of Sloan Stewart, who tallied 31

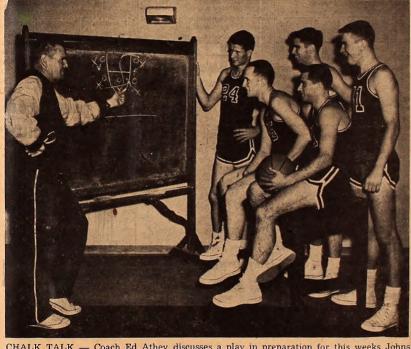

of Sloan Stewart, who tallied 81 markers, and Dusty Mitchell, who added 29. Bill Davis paced the Sho' scorers with 18 tallies and Joe Seivold poured 17 points through the hoop.

The following night, Loyola College at Evergreen. Loyola grabbed an early lead and, paced by George Leylr and Jim Staiti, were never threatened by the Sho'men. Bob Brown, sharpshooting freshman, and Joe Seivold led the Athey men in the Scoring column with 21 and 20 points respectively.

overwhelming 110-59 victory was heartbreaking. From somewhere, the voices of several 'loyal' Wash-ington College fans echoed, "Well, ington College tans echoed, Weel, that's old Washington for you. What do we have? - Hodson Hell and a bunch of well-secored upon baskethall players!" Well, it's just about time these unreasonable. fatheads are awakened to a few

The current squad of Washington College players has great potential—about as much potential as our school has seen for several seasons. But can we say much for the current student body? The very pitiful total of about 100 stu-dents attended the Western Maryland game in Russell Gymnasium two weeks ago. Is this the excited college basketball crowd that I've heard so much about? The fans that did attend the game gave the that did atteau the game gave the Sho'men little encouragement until that 'hot' second half, when they exploded for 77 points. A group of loyal fans should attend a game with the idea of giving their team something to play for, rather than thinking that they will wait for the team to produce something to cheer about. You can imagine how those cheerleaders felt, as they tried valiently to arouse a very dead crowd into giving their team, the Sho'men, some encouragement. The absence of the Pep Band was also very noticeable. A few of the members showed up, but did not bring their instruments. The band made a big hit last year and was expected to carry on in a big way again this year. It is sad to say that this indifference seems to reflect the attitude of the Washington College student body in general.

I leave it to you, the readers, to absorb from this article what you can. There's a small bunch of

CHALK TALK — Coach Ed Athey discusses a play in preparation for this weeks Johns Hopkins contest. Standing, left to right: RoyHenderson, Basil Wadkovsky, Bob Brown. Seated, Captain Bill Davis, Joe Seivold.

Bluebirds Unbeaten In Intramural Loop

The Bluebirds continued on their undefeated skein and still lead the Intramural Basketball League with 8 wins and no losses. Phi Sig gave the 'Birds a big scare last week, but coming from behind late in the second half, the loop leaders won a 64-46 verdict. They had trailed the Phi Sigs by as many as six points in the game. Chuck King led the scoring for the winners with 22 points, but it was the second half shooting of Dave Thomas that pulled the Bluebirds from behind to win. Thomas total-ed 20 for the night. Bob Shockley

the Theta Chi "A" five by scores the Theta Chi "A" five by scores of 42-33 and 56-47 respectively. The KA's were unable to stop the high scoring King, who tallied 16 markers for the winners. Arnold Sten led KA with 14 points. King continued his scoring ways by compiling '17 points against Theta. Leo Gillis also played a fine game, scoring 15 noints. Barry Burns. scoring 15 points. Barry Burns was a thorn in the Bluebirds side as he compiled 13 markers to lead the losers' scoring. The Blue-birds held the Theta's highscoring forward, Warren Wasson, to only 8 points.

The Lambda Chi "A" squad felt the Phi Sig scoring, dumping in 17 points.

The Bluebirds also dropped two other top contenders by beating the Kappa Alpha "A" team and the land of their own "B" team. The bustling, fast-breaking "B's" won by a convincing score of 44-29. Sam Macera, who tallied 16 points,

and Bob Penkethman, who scored 10 markers, led their squad from a two-point half-time deficit to win the contest. Ron O'Leary was the only man on the "A" squad who was able to find the range, as he led their scoring with 11 points.

The Lambda "A" team bonneed

The Lambda "A" team bounced back in the next game, however, and handed the Warriors their first defeat of the season by a 44-36 count. The Warriors played the contest without the aid of high-scoring Jim Sigler and rebounding ace George Walters, who are out of action due to injuries. Ken Solden, ex-Sho'men cager who was only recently picked up by the Warriors, paced the Warriors with six field goals and three free-throws for a total of 15 points.

throws for a deal of the points.

Ron O'Leary again paced the winners with 18 points.

The Ivy's brake into the win column this week with a 33-26 victory over the Kappa Alpha "B" quintet. Valle gathered 13 points to lead both teams in scoring.

Survey

apparent that these organizations are falling far short of their goal. There are many reasons for this shortcoming.

In the first place, most of the clubs have a very low membership; some have as few as two er three members. Naturally, with a condition such as this there is very little talent from which The load rests in the hands of a few and therefore almost any ferthceming project is bound to lack much imagination. In this way many of the projects are defeated before they start.

Secondly, there is not eneugh initiative shown by club members. Most members do net shew enough interest with the confines of the club, ner do they try to promote any interest entside to nenmembers. This precipitates the really serious problem of a distinct lack of communication among the stu-dent hody. No one ever takes the treuble to find out what is going on around campus and pass that information along to someone else.

Finally and probably most in-portant is the fact that there is very little individuality among club members. Everyone wants to be a follower and as a result there are very few leaders. There are prebably more than a few officers in various clubs who are not com- judges. petent and who hold their posts simply because there was no ene else around to take the job. Ad-mittedly, these people do the hest they can, but still the fact re-mains that they lack the talent te do a really good job. In the interest of their organization they should try to find someone else who can further the aims of the club. A recruiting drive should he started in order to locate more people whe can and will centribute semething of value to the group.

It will prebably take a long while to bring about ideal conditions on campus; cenditions under which everyone will take an active interest in community life. The clubs and organizations are the primary means by which these cenditions may be brought about. Before they can de this, hewever, they must prove net only to the campus but to themselves that they are capable. The opportunity is there and the time is ripe to

Before Mickey Mantle hit his 52 American League homers in 1956, the last in the circuit te lead with more than 50 was Hank Green-berg. He hit 58 for the Detroit Tigers in 1938.

AAC Appoints Dr. Gibson Chairman

Daniel Z. Gibsen, president Washington College, chairman of the Commission en the Arts American Colleges at the organization's 43rd annual meeting, on January 10. His term is for three vears.

A tetal of 753 presidents and high officers from 650 colleges in 45 states attended the annual sessiens of the Association in Phila delphia. General theme was "Education of Free Men in a Free Society for a free World." Hest celleges were Drexel Institute, University of Pennsylvania and Temple University.

Far more stress must be placed

on the liberal arts, the college leaders concluded in three days of meetings, if American education is to play its proper role in saving and strengthening the kind of free dom born in Philadelphia generations ago.

Much encouragement was seen in the trend of U.S. industry to the liberal arts colleges financially.

There was widespread feeling that higher education should turn its back on "curricular wanderings and assorted hobbies" and devote itself far more to basic disciplines which cultivate the character and

spirit of American youth.

Among the hevy of major speak ers addressing the Association were: President A. Whitney Grisweld of Yale, Dr. Pitirim Sorekin Harvard, seciologist; Dr. Arthur S Flemming, director, U. S. Office et Defense Mebilization, and Devereux C. Josephs, chairman, The President's Committee en Beyend High School. Education

KING PACES

INTRAMURAL SCORERS

Chuck King, speedy Bluebird guard, is pacing the Intramural Basketball League scorers with 138 points in 8 games. Jim Sigler, of the Warriors, racked up 120 points in 5 games before a foot injury put him on the shelf for the re-mainder of the season. Sigler's 24 point average is the highest in the loop.

BROTHERHOOD WEEK

February 17-24, 1957

The following article, by Bernard M. Baruch, is printed in the interest of Brotherhood Week, which is being observed this week. Brotherhood Week is sponsored by the National Conference of Christians and Jews.

An Unfinished Job

An Unfinished Job

The forces of organized bigotry are being routed in America. Steadily and surely, in education, employment, housing and in all human relations, discrimination is warning. Much remains to be done, to be sure, and Brotherhood Week is a reminder to us that the task is still incomplete.

To discriminate against a man because of race, color, creed or national origin is antithetical to democracy and dangerous to America. In this time of democracy's testing, we must proclaim our faith in it and live closely by its principals. In these days of danger to America we can permit nothing to undermine the unity which is so essential to our safety. Nothing is so destructive of unity than the hate, discord, suspicion and bitterness which prejudice breeds.

There can be no second class citizens in America we expect each man, black and white, Jew and Christian, native and foreign born to bear the responsibilities of citizen-

native and foreign born to bear the responsibilities of citizenship, so we demand that each share in its rights and privileges and we seek that all shall live in mutual respect, understanding and friendship.

The time will come, and soon I hope, when Brotherhood Week will be a reminder, not of the presence of discrimination in our midst, but of its eradication. Until that time, we must, each of us, work to break down its barriers, fight bigotry wherever we find it and cleanse our own hearts of blind any investity against our fellows. animosity against our fellows.

David Taylor, Noted Author, Is Speaker For Friday Convocation

David Taylor

Twenty New Students Enroll

Twenty students entered Washington College this February to raise the number enrolled to 440. The new entrants are:

Douglas Bennedict, Freshman, New York; George Boyd, Jr., Sophomore, Glenside, Penna.; Wil-bur Brandenburg, Junior, Annapolis, Md.; William Budd, Sophomore, Hinsdale, Ill.; Arthur Crisfield, Freshman, Seaford, Delaware; Melvin Dotterweich, Sophomore, Baltimore, Md.; David Fenimore, Freshman, Wilmington, Delaware; Alex Fountain, Jr., Freshman, Alex Fountain, Jr., Freshman, Easton, Md.; Jack Jennings, Sopho-more, Annapolis, Md.; James Kreeger, Senior, Easton, Md.; Charles E. Lawson, Jr., Sophomore, Perrypoint, Md.; Walton Loevy, Junior, Towson, Md.; Samuel Martin, Sophomore, Irvington, New York; Mitnick, Sophomore, Trenton, New Jersey; Robert Moore, Sophomore, Towson, Md.; William Moriarity, Freshman, Penns Grove, New Jersey; David Stern, Freshman, Baltimore, Md.; William Tweed, Sophomore, Pennsgrove, New Jersey; George Wilson, Jr., Freshman, Easton, Md.; and Seymonr Yatrofsky, Jnnior, New Brunswick, New Jersey. Sophomore, Irvington, New York;

Special students enrolled in-cluded Jean Riggin, of Chester-town, and Jules Prag, of Cambridge.

Gibson Heads **Evaluation Team**

President Daniel Z. Gibson is President Daniel Z. Gibson is on the campus of Grove City College (Pa.) this week, where he is serving as chairman of a Middle States Association of Colleges and Secondary Schools evaluation team. The team will survey Grove City with an eye to continuing its academic accreditation by Middle States Assoc-

One hundred and seventy-five years ago, George Washington wrote "I am much indebted for the honor conferred one me, by giving my name to the College at Chester." Of the many colleges to use his name, Washington College is the only one to have George Washington's express consent for that privilege. In 1789, Washington was presented with a Doctor of Laws degree by the college, the first honorary degree ever given to a President of the United States. Acknowledging the degree he wrote, "As in civilized societies the welfare of the state and happiness of the people are advanced or retarded in proportion as the morals, and good education of the youth are attended to, I cannot forbear, on the occasion, to express satisfaction which I feel on seeing the increase of our seminaries of learning through this extensive country, and the general wish which seems to prevail for establishing and maintaining these valuable institutions.

"It affords me peculiar pleasure to know that the seat of learning under your direction hath attained to such proficiency in the sciences since the peace; and I sincerely pray the great Author of the Universe may smile upon the Institution, and make it an extensive blessing to this country." On Friday, Washington College will mark the anniversary of George Washington's birth with a convocation. If the Father of Our Country could be present on the stage Friday, he would indeed be surprised at the 'proficiency' the school has attained as nearly 500 students crowd into the small assembly area in William Smith Hall. He would be even more surprised and overwhelmingly pleased to walk the "Sacred L" and peer into the science building and the library, and gaze across the road at the new gymnasium. He would never believe that his small college could ever hope to have a large modern kitchen in Hodson Hall that rivals the kitchens of many large hotels. He would be pleased that Washington College has prospered so much by the building of the Chesapeake Bay Bridge and that its enrollment stands efficient 444 One hundred and seventy-five years ago, George Wash

Washington College has survived many setbacks to become a well-known small college which has grown gradually in physical appearance and educational offerings. Gifts from alumni and friends and state appropriations have enabled the campus to expand with new buildings, while still retaining the traditional college scenery of clinging ivy, tree-lined walks, and an expanse of green grass fronting the campus.

The college will continue to grow as long as all of us continue to have faith in its high ideals and objectives. Let us mark this year's Washington's Birthday Convocation with a glow of pride for our past and a prayer that we continue to make great strides in the future.

Start Formal Rushing Girls

Formal rushing was begun last week with the Pan-Formal rushing was begun last week with the Panhellenic Tea, driving all thought of studying from the minds of the female population of the campus. The tea was held on Wednesday night at the Gibson home. Entertainment was provided by the sororities each singing two songs, after which all girls interested in going through rushing signed the rushlist. Thursday night the sororities entertained the rushess for a short time in their own sorority rooms.

Last night, Alpha Chi Omega began the next phase of rushing with their informal party. At these parties the (Continued on page 4)

Spotlight On A Senior

This week the ELM's spotlight This week the ELM's spottight falls upon an outstanding senior, Doris Hall. Since Doris came to Washington College in her fresh-man year from Princess Anne, Maryland, she has actively participated in many campus activities.
As a member of the Washington
Players, Doris has appeared in several plays and was a member of the troups journeying to Greenland and to the Azores. For her out-standing work and dramatic standing work and dramatic achievements, she was admitted to Alpha Psi Omega, of which she is now the secretary. In her scoreity, Alpha Chi, Doris has held the offices of treasurer and president. She is now president of the Pan-hellenic Council. In her work with

the Student Government, Doris is charge of the Judicial Committee. Some of her other activities have been serving as secretary of G.I.A.A. and membership in F.T.A. and the Young Republicans. Doris was one of the seven seniors chosen for Who's Who from W.C. For her outstanding academic achievements, Doris was made a

Faculty Members Wife Authority On Poet Blake

I wonder how many of you know that a well known author is fiving in Chestertown? Dr. Margaret Rudd Newlin, the wife of Dr. Newlin, head of our English department is the author and well-known authority or the poet William Blake. A graduate of Bryn Mawr, Mrs. Newlin spent seven years in England studying under several fellowships. While in England she became acquainted with the wife of the poet Yeats and from there stems her active interest in the works of hoth Yeats and Blake.

m England she became acquainted with the wife of the poet Yeats and from there stems her active interest in the works of both Yeats and Blake.

Simply through reading the various poems of Blake, his "Song of Innocence" and finally his "Prophetic Books" she developed quite an unique interpretation and insight into Blake's poetic philosophy. William Blake has been considered by many critics to be a deep and greatly contusing poet. Mrs. Newlin, however, believes in the basic simplicity of his theme and it is her purpose to overcome the "usual heavy machinery of scholarship," and get down to the basic theme "about universal human events of the spirits" as she saw it in the Prophetic Books. Mrs. Newlin advances this theory in her newly published book ORGANIZ'D INNOCENCE, which deals with the story of Blake's "Prophetic Books". This book, recently published in England by Routiedge and Kogan Paul, has met with a great deal of praise and should do much to stir up interest in the little appreciated poet. It is also Mrs. Newlin's opinion as well as the opinion of other Blake scholars that his "Prophetic Books" are "much more readily understandable to our psyche-conscious age than they were to Blake's contemporaries". Generally accepted by scholars is also the theory that Blake had a great deal in common with the philosophical thoughts of such great psychologists as Freud. Mrs. Newlin has also done another struy of Wilham Blake. Her first book on the poet was entitled DIVIDED IMAGE: A STUDY OF W. BLAKE AND W. B. YEATS. She did this work in conjunction with her doctor's thesis. As might be imagined this book met with a great deal of critical acclaim, too.

You might wonder what a woman of such literary

might be imagined this book met with a great deal of critical acclaim, too.
You might wonder what a woman of such literary accomplishments does in her private life. Well, at the present time she is happily mixing formulas for her six week old baby and when asked about her future literary plans she mentions a children's book to be written sometime in the future. Chestertown and Washington College should be proud to have such an outstanding personality in its midst.

"1985"

It had been a long time since tead of grabbung the inter-city subway to the college. Homecomings were few and factive to walk specially able to walk up the hill. It had been a long time since decided to walk up the hill. It had been a long time since to walk special to walk up the hill. It had been a long time stead of grabbung the inter-city subway to the college. Homecomings were few and face devided to walk up the hill. It had been a long time since to walk shower in the sace and the staken up an enter for a sudden! I had seen Washington College. Homecomings were few and far between, especialey after you've been out tor about twenty years. Now with my son George here I guess I should have come back more often, but I've been busy, and you know how that is. It took about I've been busy, and you know how that is. It took about I've here here. All of a sudden! I've here here here. A

SHO'MEN TACKLE MOUNTS TONIT

Sho'men Defeat B.U., But Lose To Grevhounds

By Larry Symonds Feb. 16, Chestertown, The Sho'men snapped their eight game losing streak in beating Baltimore U. on February 12, but failed to stay in the win column Saturday night in a 70-53 loss to the Greyhounds of Loyola. The win was only the second in ten Mason-Dixon Conference games for our Sho'men. The defense seemed to be the best asset with Dick Callahan turning in another good job in holding the third highest scorer in the league, Pip Moyer, to twelve markers; one of which was a fifty foot one hand set shot indesperation at the half-time buzzer. This fol-lowed his effort on the same man of only two foul shots just 6 days before at Baltimore when the Sho'men lost 81-63.

Coach Athey used his bench to a great advantage in the B. U. game as they dogged on defense and hustled on offense in setting up top scorers Joe Seivold and Basil Wadkovsky. Seivold was tops in scoring 28, Wadkovsky followed with 23 but was third in the contest as Welsh sunk 25 for the Bees. Moyer's 12 points leaves him with a 7 point average against our Sho'-men and only 3 field goals in the two scraps.

The game produced many interesting moments and also a near fight as a B. U. player pulled an obvious foul on one of our players. Another Sho'man rushed to his teammate's defense and both team benches unloaded to get to the scene. The referees finally calmed the situation and ejected a Sho'man from the game. The Maroon and Black went on from there to win

by a 9 point margin.

The Loyola game promised to b an interesting one under the con-ditions in which both teams entered the contest. Loyola needed the win to stay in contention for the M-D Conference first position, held by Mt. St. Marys with a 9-1 slate compared to the Greyhound's 6-2. (The Mounties had won an afternoon game over Catholic U. earlier in the day.) The Sho'men, with a win the previous week, were in high spirits for this game, and, due to their record could afford to play their own style of game. The con-test started out with Washington gaining the tap-off and scoring the first goal. This started the pre-cedent which lasted until late in the second half, with the Sho'men never losing their lead. The Grey-hounds were outhustled and outshot all during the first 20 minutes of play and the Sho'men came out 3 points on top at halftime, con-cluded by a 3 point play by Loyola. Not one point was scored for first three minutes of the second period until Basil Wadkovsky sunk two free throws. The scoring went back and forth from there with the Greyhounds keeping within one or two points. With about eight minutes left in the game Loyola surged into the lead with a field goal and another three point play and never relinquished the lead as they started hitting deadly jump shots from the foul circle and widened their lead with each successive play. The crowd seemed to sense the turning point as Loyola took their first advantage and tried to issue a little encouragement but the Greyhounds lengthened their margin to 17 points at the final buzzer to win, 70-53.

High scoring honors for this Continued on Page 4

JOE SEIVOLD DRIVES for two points against the Loyola Greyhounds last Saturday night in Russell Gymnasium. Seivold is followed by Fitzgerald of Loyola and Basil Wadkovsky of the Sho'men. Seivold gathered 17 markers in the game to lead the home team's cause. Loyola won by a 70-53 count.

ATHLETES FEAT

By Tom Short

This year's intramural basketball program has probably reached a new high for effectiveness. This year there are two new team sin the league and next year there figure to be even more. There are approximately 120 men now participating in the basketball program. The new gym has added much to the success, because two teams can now play at once. Another advantage likewise adding to the interest is the complete records now being kept by coach Don Chatellier. Last year there was some criticism to the officiating, but this year the officials have been of a much higher cafiber. In spite of these improvements, however, some of this years games have been lopsided and boring.

Because of this it has been recently suggested that perhaps next year the league can be improved even more if

Because of this it has been recently suggested that perhaps next year the league can be improved even more if the teams are split into an "A" and "B" class, according to their ability. This year 14 teams entered the league, and there was only time to play one round and a playoff series. One of the objectives is to get as many participants in intramural competition as possible, and this change will not in any way hinder this objective. It will simply make the competition better for all. Those teams with more ability will be playing the other more experienced teams. Thus, each league will be able to play at least two rounds. This system also includes a playoff among the first four teams in each league. The two leagues would never compete with one another. The winner's of each league would be champs in their respective classes. This suggestion should be even more beneficial if omre teams desire to enter next year's schedule.

** * * * * **

Malvin Dotterweight a Baltimore baseball star entered

Melvin Dotterweicht, a Baltimore baseball star entered Washington College this semester. He is a transfer from Loyola College, in Baltimore, and he was previously a Mount St. Joseph High School product. Mel is usually pitching, but because of his outstanding hitting ability he often finds himbecause of his outstanding nitting ability he often finds himself playing another postion when not on the mound. He represented Baltimore in the U. S. All Star game in the Hearst Classics last summer. He plays sandlot baseball in Baltimore during the summer months. Because he is a transfer, he will be unable to play for the W. C. nine this spring, but Coach Kibler has big plans for Mel in the coming seasons.

Baseball is back in the air. Coach Kibler has been holding baseball workouts in the gym for more than a week. The veterans and some freshmen have been running through a few drills in an effort to get their arms back in shape. Coach Kibler says, "We're going to be outside sooner than you think, old man."

Dick Callahan held high scoring Pip Morger of B. U. to grid official who a total of 14 points in two games. This is an Athlete's Feat.

Bluebirds Clinch Intramural Title

By Bill Miller

As the intramural basketball season drew to a close the Blue Birds remained undefeated by knocking off the Warriors by a 54 to 39 score. Dave Thomas and Church King led the Birds attack with 15 and 17 points respectively, while Solden dropped in 15 for the humbled Warriors

In a hard fought battle the same week the 69ers chalked up another in against the Lambda Chi Alpha "A" team. Brilliant playing by "A" team. Brilliant playing by Jim Smith throughout the game and in the final seconds accounted for the win. Smith's able cohort. Al Rayne, elso dumped in 12 which contributed to the cause. The losers were paced by Derringer who split the hoop for a total of 14 points.

The Theta Chi's handed the Warriors their fourth loss by dealing them a 56 to 46 loss. The Ox men were paced by Warren Wassor who dropped in 21 while Mac Brad-

who propped in 21 wine mac Frauley led the losers with 16.
With the season thus officially over, tournament time rolled around. It was necessary to have the fourth, fifth, and sixth place teams draw from a hat for play-off competition because of a three

way tie for third place.

For the opening round the
Lambda Chi Alpha team drew
Kappa Alpha and the Warriors

drew the 69ers.

The Lambda Chi Alpha — Kappa Alpha game got off to a rousing start and was well played through-out the whole contest. The lead changed hands several times before the K. A. red came out of the fray with a 39-30 victory. Tom Short and Dixie Walker mustered together a scoring punch of 12 and 11 points respectively which help-ed tumble the Lambdas. Fine team play by Ralph Skordas was also a big factor in the win. Ronnie O'Leary, who played an outstanding defensive game for the losers also led the Foos with 9 points. Derringer and Stow followed with 8 points each.

8 points each.

In the Warrior-69er game, Smith again took charge of things by pushing in 16 points and playing a heads-up game. Al Rayne followed with a total of 10 points. The Warriors, even with the help of newcomer George Wilson's 16 points, couldn't pull this one out of the fire and the high flying freshman outfit went on to another with man outfit went on to another win. Leonard Leshem, George Walters, and Bradley get 8 points apiece for the losers in this contest, The final

Score was 39-38.
So, with the first round over there are still four teams remaining in playoff competition. Still in the fight are the Birds (13-0), Theta "A" (12-1), Kappa Alpha "A" (10-3), and the 69ers who finished the regular season with a 9-4 record.

FROM COACHING

Fred (Doc) Wallace, a Washington College alumnus, recently re-tired as head football coach at Haverford School in Philadelphia, after 30 years at that post.

Wallace played football and base-ball at Washington College and started his coaching career in 1919 in Wayne, Pennsylvania. He transferred to Haverford School in 1927, where his grid teams have won eight Interacademic League championships.

In addition to his coaching chores, Wallace was a prominent grid official who handled over 300

League leading Mt. St. Mary's invades Chestertown tonight for a Mason-Dixon Conference contest with the recently revived Washington College Sho'men at 8:30 p.m. in

The Sho'men-Mountaineer series is one of the oldest in the state. It began in 1920 and since that time the Sho'men have won 30 contests and dropped 37 in one of the hottest rivalries in the confer-

The Mounts ngain have a powerfut club and look like shooins for the Mason-Dixon Championship and a berth in the newly-formed NCAA small college tournament. The talent laden visitors have a conference record of 11 wins and 1 loss and have proved that they can compete with big time cage teams by beating a good Georgetown team and losing a close game to the powerful Quantico Marines.

Local fans will have an opportunity to observe one of the top small college players in the country in high scoring Jack Sullivan.

The last time the Washington five faced the Mountaineer ace, the 6'4 forward poured 51 markers through the hoop to set o new Mason-Dixon single game scoring record as the Mounts crushed the local heroes by a score of 110-59.

Sullivan's favorite shot, and one which he fires with deadly accuracy, is a jump shot that he takes from outside the foul circle. He is also a good driver and the possessor of a fine hook shot.

Backing up Sullivan will be Burt Sheing, a 6' guard who is sporting a 19 point average. The slim sophomore hits from any spot on the floor consistently on a one hand push shot. Other Mount starters are Bill Williams 6'6, Jerry Bohlinger 6'6 and Joe Sullivan 6'3.

In an effort to stop Sullivan, Sho' mentor Ed Athey will counter

Dick Callahan, defensive of the Sho'men will tackle a herculean task tonight when he attempts to stop high scoring Mountie Jack Sullivan.

with Dick Callahan who gave Baltimore University's "Pip" Moyer such a hard time in their two con-tests this month. The agile fresh-man handcuffed the Bee's high scorer, who scored only 14 points in

W. C. Appears In STAR Meet

By Gil Ryan

Washington College opened its indoor track season by competing in the Washington Star Meet against six other Mason-Dixon Conference opponents on Saturday January 26. The Sho'men's only entry was in the mile medley relay and they captured fifth place out of seven entries.

Representing the Maroon and Black were Jim Potter in the 440 yard segment, Mark Diashyn and Tom Crouse in the 220 yard sections, and Joe Thompson in the 880 vard segment.

Roanoke College of Salem, Virginia, a perennial track power took first place and established a new Mason-Dixon Conference record of 3:42. Other entries in the meet were Catholic University, Mount St. Mary's, Towson, Bridgewater, and Gallaudet.

Tackle Gil Mains of the Detroit Lions had more than 150 profes-sional wrestling matches during the off-season.

Start Formal Rushing

sororities treat the rushees to light entertainment and refreshments. The Zeta Tau Alpha party will be held tonight, followed by Alpha Omicron Pi Thursday night.

The formal parties, held in the same order, will be given next week. Ceremony is the keynote of these parties, to which the sororities invite the girls in whom they are the most interested. As the sororities are unable to invite as many girls to the formal parties as they might like, they cut some of the rushees, but these girls may be given bids in Sentember. September.

September.

The long awaited day on which bids come out will be next Friday. Boys look forward to this day every year because it is "Silence Period", meaning that the rushees are forbidden to talk to any boys or upperclass girls. This is done so that a girl cannot be influenced at the last moment. When Dean Bradley posts a list that evening telling what girls have been given bids, the suspense is finally ended.

"1985"

carries the whip and we don't stand a Chinaman's chance around here anymore. I even think they've beginning to water these drinks."

"Well, anyway, take last week for instance. I missed hreakfast three times so I get a notice from the Dean of Probation that I'm on academic pro. And then to top it all off, because I didn't pay a lousy quarter to register my plane, he slaps me on social pro too. This means automatically that I loose my Bird membership. How about that, and it's not just me, Dad, they're cracking down on everybody. One of the guys got put on social pro for parking his helicopter in a loading zone, and to top that off, the guys in Somerset had their machine taken out because they were raising 'ell in the dorm after 9 P. M. How about that, how chicken can an outfit get?"

Before I could answer, or even try to answer he began

can an outfit get?"

Before I could answer, or even try to answer he began to expound again, "and how about this, we all order new Ivy-League bathing togas with the belts in the back, for a beach party that the Foos are throwing, and now they tell us that all beach parties have to be held on campus, and with faculty supervision. Now I ask you Dad, is this right?"

George would have raved on if I'd have let him, but I butted in and tried to calm him. "Son," I told him, "when I was here we used to have troubles like this too, but before you get too frantic just consider one hig thing you have to

was here we used to have troubles like this too, but before you get too frantic just consider one big thing, you have to play this little game with them until you graduate, but in the end you win. You win because you graduate and go on to a life of peace and quiet, while they stay here, to fight against a new band of incoming students. There life is a constant struggle".

He smiled, killed his drink, and as we walked outside, I think he really understood.

Maine Camp Seeks Summer Counselors

Camp Skylemar, a boys camp located in Naples, Maine, is seck-ing young men to serve as counselors for the coming summer cap season. This camp features a variety of activities, including baseball, golf, swimming, archery, arts and crafts, and dramatics.
Anyone interested in any of these activities and would like to spend the summer working as a counselor at this camp may write to: Norman Stern, 4220 Fernhill Norman Stern, 4220 Fernhill Avenue, Baltimore 15, Maryland.

Early Rushing

being forever conscious of each other in the 'sorority sense.' Late rushing tends to engender sus-picion. Most casual encounters can be misinterpreted. Deferred can be misinterpreted. Deferred rushing tends to bring about a continuous preoccupation with rushing and contacts for rushing. Continual consideration kills enthusiasm hefore actual rushing begins. Early pledges work with more incentive to achieve a good scholarship rating for their sorority and to obtain the standard for initiation. Chapters cometimes make hasty decisions in early rushing, but they often do so in late rushing too. Alumnae recommendations help to do so in lace rushing to. Adminae recommendations help to avoid these wrong decisions in either case, Girls are well-informed regarding sororities in this era and seldom need months to make their decisions. It gives a wonderful feeling to sorority girls and freshmen alike to be able to take care of rushing early in the year and then be free to undivided attention scholarship, campus activities, and chapter improvement."

Late rushing has always been a tradition at Washington College but in 1953 early rushing was tried. Early rushing features more parties but with less elaborate preparations. The informal and formal parties are still used to end the rush period.

Greeks Accept New Pledges Students Begin

Fraternities Pledge 41

Forty-one men students accepted bids and were pledged in the four

Bids were issued from the office of Dean Doyle on February 26 and pledging ceremonies were con-ducted during the next few days. Fraternities welcomed the fol-

lowing pledges: Phi Sigma Kappa, five pledges: Phillips Boyd, William Caldwell, Warren De Frank, Thomas Milan-owski, and Wilson Watson.

Lambda Chi Alpha, twenty edges: James Belch, Vanderlip pledges: James Belch, Vanderlip Conway, William Copeland, Robert Drandorff, Thomas Butler, James Griffin, Richard Irvin, Edward Kieffer, Edward Lankford, John Leimbach, Richard McCrory, Donald Morway, James Mousley, Gary Nichols, Freeman Sharp, James Smith, Benito Tamini, Raymond Valle, Charles Buck, and Henry Horrocks.

Kappa Alpha, eleven pledges: Fred Boutchyard, Donald Clansen, Robert D'Angelo, Mark Diashyn, Robert Eissele, Lee Hammond, David Leap, Donald Miller, John Parson, Allen Peterson, and Robert Warren.

Theta Chi, six pledges: Thomas Allen, Charles Bernstein, Edward Chach, Joseph Harasta, Douglas Livingston, and David Walker.

Pegasus Editor To Be Named

The editor and business manager of the 1958 PEGASUS, college yearbook, will be elected by the Board of Student Publications at

at a special meeting, March 7.
Students who may be interested
in making application for either of these two positions may do so by contacting James L. Bowers, chairman of the board, Robert Penkethman, editor of the 1957 PEGASUS, or Richard Farrow, business manager of the current annual.

Meanwhile work on this year's book is drawing to a close, according to Mr. Penkethman. The final pictures and copy are due at the printers next week in order to assure May delivery of the books.

The 1957-58 edition of the college catalog is being printed and will be available next month. The cover of the new bulletin has been designed particularly with the 175th anniversary of the college founding in mind.

Sororities Accept 28

Friday, March 1, sorority bids were issued from Dean Bradley's office to the following girls;

Alpha Chi Omega-11 pledges Sally Ann Brown, Maureen Fitzgerald, Roberta Goldman, Lynn Hawkins, Barbara Holmead, Ann Matthews, Katherine Rayne, Mary Ellen Reinwal, Joyce Smith, Jane Smith, Tania Walloff,

Alpha Omicron Pi-6 pledges, Marilyn Boston, Mary Florence Burnet, Martha Cornog, Betty Knøx, Jane Shurtleff, Anne Thomp-

Zeta Tau Alpha-II pledges, Virginia Bonhage, Joanne Butcher, Sne Drake, Joan Haley, Patricia Joines, Beverly Jones, Jane Roberts, Debby Sherin, Jane Snyder, Joan Waldeck, Sue Weyer.

Alpha Chi Dance Set For March 15

Alpha Chi Omega will hold a St. Patricks Day dance this Friday, March 15, from nine to one in Cain Gymnasium. Music will be furnished by Lee Paige's Orchestra, which was featured at the Interfraternity Ball last year. The dance, being held in the honor of St. Patrick, will be called the Shamrock Ball and will be presented in soft green lights.

Tickets to the dance are one dollar per person and may be purchased from any member of Alpha Cki Omega or in the Snack

Annual Bridge Tourney Resumed

The intracollegiate bridge tournament, held February 23, in Minta Martin Hall, was won by Misti Ingham and Betty Warren. The team scoring second was that of Nancy Merker and Bob Warren. The eight teams competing in the contest were scored separately on the basis of which team played each of the twelve hands the best. A rating of 4 was given to the team with the highest score on each hand. The winners received book by Charles H. Goren on rules for bidding.

The tournament, which was for merly an annual event at Washington College, is expected to be resumed and to once again be held each year for all those who are

Students Named To 175th Committee

Four students have been selected as members of the general com-mittee planning the college's observance of the 175th anniversary of its founding. Dr. Daniel Z. Gibson, president, announced the four appointments: Helen Latimer. sophomore from Bethesda; Treeva Wishart, junior from Sykesville; Robert Colborn, junior from Princess Anne; and Charles Lyons, sophomore from Catonsville.

The committee has met to formu late tentative plans for the anniversary celebration to be held Oc oher 18-20 in conjunction with Homecoming weekend.

Practice Teaching

A group of Washington College students who are training for teaching careers began teaching classes in public high schools on Monday, March 4. This is part of the college's annual program for giving future teachers practical experience in the classroom.

The three-week preliminary period began February I1 and was completed March I. The six-week practice teaching schedule will end

on April 12.

During the preliminary period, each student was assigned to a co operating teacher. The orient-ation period was especially de-signed to give the young teachers a better opportunity to become acquainted with their cooperating teachers, with the pupils whom they would subsequently teach, and with the instructional programs and available instructional materi als at their assigned schools. Part of that time was set aside for them to plan with their cooperating teachers the classroom work which they are now putting into practice.

Those at Chestertown, with the subjects they are teaching and their cooperating teachers, are: Miss Doris A. Hall, of Princess Anne, Md., senibr high English, with Mrs. Joan Riggin; Miss Sarah C. Sachse, of Baltimore, senior high English, with Mrs. Margaret Tyler; Louis Borbely, of Metuchen N. J., junior high English and social studies, with Mrs. Lois Wood; and Sam M. Macera, of Bridgeton, N. J., junior high English and social studies, with Mrs. Helen Russell.

At Galena High School: Miss Carol A. Kniseley, of Cumberland, Md., junior high English and social studies, with Mrs. Miriam Joiner; and Robert H. Penkethman, of North Wildwood, N. J., social studies, with Miss Lillie Ferguson. Those assigned to Rock Hall are: Phillip G. Riggin, of Crisfield, Md., English and social studies, with Mrs. Mary Corr; Miss Joanne Plowden, of Newport, Md., junior high English and social studies, with Miss Rebecca Wood; and Jacob Becker, of Baltimore, history, with Miss Charlotte Taylor.

Charles W. King, of Denton, who commutes to the College, is teaching mathematics at Denton High School, through special arrangements made with the Caroline County Board of Education. His father, J. Byers King, is his cooperating teacher at Denton High.

Province President Visits Alpha Chi

Mrs. James F. Steiner of Falls Chnrch, Virginia has just com-pleted her annual visit to Beta Pi Chapter of Alpha Chi Omega. As Province President, Mrs. Steiner travels to all the chapters in the province, encompassing Maryland, Delaware, Virginia and the Dis-Delaware, Virginia and the Dis-trict of Columbia. Her three day visit ended this morning with a dent of Beta Pi Chapter of Alpha Chi Omega, Ellen Green and its other officers.

Spring Vacation

Spring vacation will begin at noon, Saturday April 13, and will continue through Easter Monday April 22.

Tuesday, April 23, according to Ermon N. Foster, registrar.

Freshmen Prepare Class Slates

Monday, March 4, a Freshman Class meeting was held to intro-duce the candidates for the offices of the class, who will be voted upon today in a primary election The voting will be held in the bottom of Hodson Hell from 11:30 A.M. to 1:30 P.M. and from 4:30 P.M. to 7:30 P. M. The final elections will be Friday at the same hours.

The election, which is under the auspices of the election committee of the Student Covernment Association, is held annually during the third week of second semester. is held during second semester rather than first so the officers will have become oriented to college life, and have acquired a satisfactory index.

members of this year's Freshman Class have formed a party in order to obtain more class unity. This party, called the "60" party, has planned several ways to draw the class together so it will accomplish more than it would otherwise. The candidates for the "60" party are: Jim Griffin, president; Kathy Rayne, vice president; Carole Vnono, secretary; Warren De Frank, treasurer; and Bob Warren and Cassie Mackin, Student Government represent-

Independents running for office are: Bob Brown, president; Lee Hammond and Fred Bontchard, vice president; Binnie Bonhage, secretary; and Bill Caldwell, Nor man Hall, and Nancy Merker, Stn. dent Government representatives

Freshmen may vote for the whole slate of the "60" party, any of the members of the party, or any of the independents. The most important thing is to vote, for the freshman class has a good chance to attend Washington College

Dr. Gibson Named To Education Group

Dr. Daniel Z. Gibson was named by Governor McKeldin to a ninemember advisory commission on higher education in Maryland.

The job of the committee will be to make a continuing study of the State's problems in higher education and keeping the public inform ed as to the changing needs in the education field.

permanent advisory group was the last of 22 recommendations made to the Governor by the commission he named in 1953 to study the needs of higher education in Maryland. Dr. Gibson was also a member of this group.

This commission emphasized the "tremendous" undertaking involved in providing higher education programs for an ever-increasing number of college students.

The earlier commission, in its recommendation for a permanent group, stated that the new body should be "as far removed from the influence of changes in political administrations as is feasible and by the same token entrusted to an individual or group sensitive to the

Dean Paget On Leave

Miss Mary G. Paget, assistant dean of women, who was taken ill last week, has been removed from the Kent and Queen Anne's Hospital. She is recuperating in her home in Massachusetts, and has been granted a sick leave.

Theta Chi Party Ends In Two Week Suspension

Fraternity Placed On One Year Probation

A Saturday night party in the Theta Chi Fraternity House ended in the suspension of fifteen Washington College students and year's probation penalty for the fraternity.

An Administrative Committee announced that the students were to be suspended from the campus for a period of thirty days, but later the final two weeks of the

penalty was suspended.

The principal charges brought against the student, 8 men and 7 women, were (1) attending a social function on campus at which alcoholic beverages were served and (2) attending an unchaper-oned function at which women were present in a men's freternity

The fraternity was charged with failing to maintain proper order on their premises by allowing alcoholic heverages to be present and for failing to list the affair on the college social calendar. Their penalty of a year's prohation pre-vents them from holding any social functions and bars them from entering teams in the campus intramural leagues.

The Committee hastened to make clear that there was no evidence of immoral or improper behavior at the party but the penalty was imposed for failing to obey clearly stated college regulations.

March Placement Schedule Set

James L. Bowers announced this week that the following companies have been scheduled to be represented on campus to interview seniors during the month of March.

March 7-Hot Shoppes, Inc. March 8-Corkran, Hill and Co. March 12-Wayne Pump Co. March 14-North American

Companies,
March 21—International Busi-

ness Machines.

March 22—Prudential Life Insurance Company.

March 26-International Latex Corporation.

Bowers stated that persons interested in having an interview with any of these concerns should sign for an appointment at his office, which is located in Room 4 William Smith Hall. pontments must be made one day prior to the company's visit. Ad-ditional information on the companies is available in Mr. Bower's office.

Kappa Alpha **Elects Officers**

Kappa Alpha Order held its election for their three executive officers on March 4.

Curt Massey was re-elected to the No. I post for his second term of office. Jack Meager, previously No. IV, was selected as the new No. II. Meager replaces "Bo" Hutchings, who graduates this June. Tom Short was elected to assume the duties of the No. III position, replacing Arnie Sten.

The new fraternity officers will serve until March, 1958.

An Admirable Move

The action that the Administration Committee of Washington College took last week concerning the Theta Chi party incident was indeed an excellent and admirable move

By suspending the last two weeks of a thirty-day suspension penalty for those stuthirty-day suspension penalty for those students involved, the Committee has done a great service to the students by enabling them to resume their studies without falling so far behind that they would be unable to recover. In addition, they have served notice that the minimal penalty for such incidents in the future will be set at thirty day.

This action revealed that the college administration recognized the student body's desire to accept the hurden of striving to

administration recognized the student body's desire to accept the burden of striving to prevent another incident of this type. The administration has shown that it has a great deal of faith in the student body's ability to develop their sense of individual responsibility toward this cause.

The student body should feel its obligation to fall behind the administration and show that it is worthy of the administration's faith. It will greatly aid the efforts to make Washington College a better place to live and to

Lacrosse Is Here Again

Lacrosse practice started this week. De-

Lacrosse practice started this week. Definite changes may be noted on the campus.; For the benefit of those who don't know anything about the game, as I didn't when I came here, I'll try to explain it.

Lacrosse resembles soccer and football in that it is played on a long field with a center line and two goals at opposite ends of the field. The men on the team race up and down the field like Olympic track stars, dismember as many opposing players as posdismember as many opposing players as possible, and eventually hit the goalie with the ball. If they miss him, they have scored a point, but the real object of the game is to

The goalie's job is to get in the way of the ball and to broadcast a play by play account of the game. At half time he advertises Gillette Blue Bird (oops, Blades).

Lacrosse is a veritable way of life to those who play it. Boys play other sports observe

Lacrosse is a veritable way of hie to those who play it. Boys play other sports, observe training rules, practice regularly, and like to discuss particular players, strategy, and memorable games. But they don't live and breathe these other sports twenty-four hours a day, as lacrosse players live and breathe lacrosse.

lacrosse. The lacrosse player opens his eyes in the morning to gaze fondly upon his stick. At breakfast he talks about whether or not the field will be muddy that afternoon. During the field will be muddy that afternoon. ing classes he day-dreams about THE GAME.
At noon, table conversation concerns who
will play first string that afternoon and the
condition of the injured players. For his
afternoon classes, the lacrosse adict dons his
hardy sweet parts and several restricts.

afternoon classes, the lacrosse adict dons his baggy sweat pants and marches to class nursing his precious stick under his arm.

When the guy comes to dinner, he brings his sacred stick with him, and along with his food he digests plays, errors, and events of the day's practice. After dinner, when he associates with girls for the first time during the day, he makes stimulating conversation about what's wrong with the second string attack, how to get around a certain defenseman, etc. The poor girl can't get a word in.

All players are supposed to be in bed by 10:30. Though the week night curfew for Continued under Tom Jones Visits

Spotlight On A Senior

One of the most outstanding and busiest of persons on campus is ollie Beale, the Senior Class President. Ollie is Secretary and also Athlectic Director of Phi Sigma Kappa, a member of the Forensic Society, and Secretary-Treasurer of the Young Democrats. These many offices and important posi-tions have made him a member of Who's Who. Ollie has participated

in all inter-mural sports and for 2 in all inter-mural sports and for 2 years has been on the varsity tennis team, of which he is now captain. He has one complaint about tennis though. To quote Gollie, "I sure wish we had some good tennis courts around here." This quiet, but industrious, guy from Annapolis, Md. is majoring in economies with psych as his in economics with psych, as his After graduation, he hopes minor. to do personnel work for a large company. Ollie enjoys photography and even likes ping-pong, but his main interest is a little gal named Nicky (Rena Knicker-bocher, a former student here), and their wedding date is set for June 15. Right now, Ollie is busily occupied with plans for graduation and the Senior Class prom which he hopes will become a tradition at Here's to you, Ollie, and lots of luck.

A. Sample Of Student Originality

Marking test papers is usually a dull job but some of the comical answers students come up with help break np the monotony. Here are some original auswers taken from a test given to elementary grade students in a parochial school:

A buttress is a woman who makes butter.

An epistle is the wife of an apostle. A grass widow is the wife of a

vegetarian. Matrimony is a place where souls

suffer for a while for their sins. The letters MD stand for mental

ly deficient.
Paraffin is the next order of angels after the Seraphim A polygon is a dead parrot.

A spinster is a backelor's wife. Shakespeare lived at Windsor with the Merry Widow.

The 13th Amendment abolished the negroes.

In Christianity a man can have only one wife. This is called monotony.

Imports are ports very far in-

When you breathe you inspire and when you don't you expire.

A skelton is a man with his inside out and his outside off.

But before you laugh too hardwait! Next week come answers from tests given to college students!!!!

Queen's Quips

latest fad on campus seems to be dieting to get in shape this year, the lacrosse team has substituted it for exercise and then there's tom halley, who's invented his own training diet-why not try food some time, tom? . sue drake and sue weyer are of-fering their calorie chart for sale—so far, lee gillis and curt massey are the highest bidders, with jim bowers and mule jennings following close behind.

friday night's ceremony of flush ing "galvin I" caused much serrow in minta martin, but the girls were made happy again when he was replaced by "galvin II" (for replaced by "galvin II" (for those who aren't in the know, the galvins, I and II, are gold fish) ... tolchester officially opened satur-day, february 23-first swimmer of the season was rock walsh prince valiant really making a fetish of hitting those books congratulations to judy and berky a mighty pretty diamond congrats, also to al the new pedgesminta martin's second lfloor phone all tied up with calls from rhode island, right binnie! strange things are happening over yearbook pictures someone give andy a road map-he looks without nat any nominations for the 15 happiest kids on (off) campus? well funkey, lare you going to keep out trouble now that you've run out of room canpuses? but bea-can you really fry it!!! newest rumor around the campus (about the student body that is): moose mix is being considered for the all mary land basketball team.

Tom Jones Visits Pound Poet Ezra

As of this issue, there will be no more columns "The Loyal Opposition". The author of this of "The Loyal Opposition". The author of this feature finds himself in enthusiastic agreement with the ideas of the new ELM editor, Mr. Walker, and pledged himself to support in every way the new

Last fall, I went down to Washington, D. C., to spend an afternoon with Mr. Ezra Pound, the greatest living American poet Mr. Pound made broadcasts for the fascists during the most recent war, and is now a patient at St. Elizabeth's Mental Hospital. He was tried as a traitor after the war, and was found to be mentally unsound. During the several hours I spent with him, I found him to be perfectly sane and sound: he is really not a mental patient at all, but a

political prisoner.

Mr. Pound's conversation is not of literature-he cannot be induced to say anything on the subject-but of politics and economics. the world in general and America in parti-cular has been disintegrating because we cular has been disintegrating because we have become moneymad, and our values become corrupted by our avarice to the point where we have no values but that avarice. He feels that people whose own greed is realized in our greed are sponsoring a "blackrealized in our greed are sponsoring a "black-out of history", to conceal from us the nature out of history", to conceal from us the nature of the world before it turned avaricious. He pillories the Jews as the eternal money-centered race, and he collaborated with the fascists because he believes that they were doing more than any others to get away or keep away from the great sin, avarice.

Mr. Pound is more eloquent in casual conversation than I can be in carefully composed prose and his poetry and essays carry

posed prose, and his poetry and essays carry even more conviction. I have never met a man who cast about him such an aura of genius as he does. One meets him and believes without question. From a little distance, one sees that, whether rightly or not, he has day one of his disciples said to me in tance, one sees that, whether rightly or not, he has (as one of his disciples said to me in a recent letter) "sacrificed his art to his sense of civic duty." And, though I do not undertake to defend him point by point, I think him nearer to the truth than any other explanation o fthe ills of the twentieth century. I have yet heard.

explanation of the ills of the twentieth century I have yet heard.

Mr. Pound has been rotting in a institution for twelve years now. Whether right or wrong, he is a martyr to his cause, and there is no describing the dignity and calm with which he bears his suffering, and he will die there with the same dignity and calm. calm. And though Time may not attach importance to his economic and political ideas, he will be one of the towering few:

"When our two dusts with Waller's shall be

Siftings on siftings in oblivion, Til change hath broken down All things save beauty alone."

upperclass girls is at the same hour, most young women are escorted back to their dormitory at 8:00 so that their athletic boyfriends can "really hit that sack and be ready for practice tomorrow!"

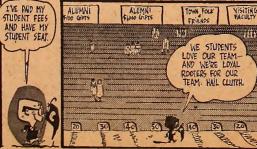

No other game is so physically dangerous as lacrosse. At every practice at least three men leave the field because of sprained joints and ligaments, mild concussions, etc. The

and ligaments, mild concussions, etc. The chronic ailments—weak ankles, shin splints, sore muscles, charley-horses, dislocated joints, and bruises—never cease. By the end of the season the whole team is held together by stitches and adhesive tape!

well, there's a brief run-down on the game. You know there's just something about it! The guys who play lacrosse love it passionately, and the whole campus seems to absorb their spirit in the Spring . . . You'll soon have lacrosse fever, too! I'll see you at the first game; you'll love it!

Athlete's Feat

By Tom Short

In a few weeks various magazines and press associations will choose their 1957 All American Basketball Teams. This year our publicity manager Jim Bowers, has been choosen on the Eastern Com-mittee of Look Magazine's All American Staff. Mr. Bowers is very much interested in basketball. He recently sent in his ballot, thus choosing some of the top basket-ball players in the east. This is ball players in the east. This is the third time that he has been chosen for such a project.

All male students and faculty

members are eligible for this year memoers are eights of mis year sintramural volleybull season. Play will begin next Tuesday, but all rosters must be in Coach Chatileer's office by tomorrow, Thursday, March 7, at one p. m. The rosters will be limited to six men. Teams will be able to play with five men, but less than five will result in a foreit. There must be one manager for each team. All play will be under official volleyball rules. A game will consist of the best of three matches. The winner of each match will be determined by whichever team is first able to score 15 points. There will be a time limit of 8 minutes per match and if neither team is able to score 15 points within 8 minutes, the team ahead at the end of eight minutes is the winner of that match. In order to win one team must be ahead of the other by at least two points. Instead of having league play, the competi-tion will consist of a double elimination tournament. Thus a loss of two games will disqualify any team. The contests will be played Tuesday, Wednesday, and Thurs-day evening from 6:30 to 9:30 p.m. The gym will be open during the day for the next few weeks, and the volleyball nets will be up so that teams will be able to practice. Anyone interested in refereeing these contests should notify Coach Chatilleer.

Coach Ed Athey reports that he thinks that the student basketball attendance was as good this year as last year, but he added that the outside support was not as good as last year's record. Coach Athey said that this poor support was probably because of the caliber of this year's team. Next year should be a better year in every way for

Last night tournament play began in the Mason Dixon Con-ference, and eight teams began their bid for the championship The teams entering the tournament last night were: Mount St. Mary's Loyola, Roanoke, Catholic University, Johns Hopkins, American University, Baltimore University, and Ham. The two favored teams of the tournament are the Mounts and Loyola. The championship game will be played Thursday, March, 7th, in Baltimore. Coach Athey has tickets for those stu-

dents wishing to purchase them. Jack Sullivan, of Mount St. Mary's scored 84 points in two games against our Sho'men. This is an ATHLETES FEAT.

Girls Basketball Season Underway

Kathleen Brackett
The Giels' Intramural Basket-ball League opened on Monday, February 18, with Zeta Tau Alpha defeating Alpha Omicron Pi by score of 60 to 20. Anna Lucy Al-lspach sparked the Zetas with 22 points, while Ann Jones accumulated 11 points to lead the Alpha Omicron Pi cause.

On Monday, February 25, play resumed and Zeta Tau Alpha won victory number two by defeating the Maroon Freshmen team, This the Alpha Chi Ome, time Bobby Dew led the Zeta a total of 9 points.

Sho'men Conclude Poor Season

Bluebirds Capture

Bill Miller

Now that the intramural baskethall season is over, the teams that participated are looking back on what proved to be a fine season of interesting baskethall games.

The Blue Birds, winners of this year's intramural cup, were undefeated in the regular season play, but dropped one in the finals to round out a season won-lost total of 16-1. The Theta Chi's put up a good battle against the Birds, but they came out on the losing end and their season record was 14-3. Kappa Alpha came out of the final with one win and one loss but their total season record was 11-4. The 69er final record was 10-5. Lambda Chi Alpha and the Warriors round out the list of ocntenders in the finals. Both of these quintets had 9-5 records.

The final playoffs began with Kappa Alpha and the 69ers whip-ping Lambda Chi Alpha and the Warriors respectively. The Theta Chi's nipped the 69ers eliminating freshmen from play and Birds erased Kappa Alpha with a

The situation now called for the best two out of three playoff series between the undefeated Blue Birds and once beaten Theta Chi's. The first game of the series went to the Blue Birds by a score of 39-35. Gillis led the Birds with seventeen points and Borbely came second with eight points. For the losers, Ralph Laws dumped in eight while Levin and Wasson both pushed in seven. At halftime the Birds were wining 28-10, so the Oxmen did well in narrowing the gap to four points by the time the final buzzer sounded.

In the second contest Jim Lewis played an outstanding game and sparked Theta Chi to a 39-38 win, to give the Birds their first taste of defeat this year. The game was very close and the lead changed hands many time throughout the contest. Wasson, backed Lewis up with a 13 point output. King paced the losers with eleven points while Gillis contributed ten. This put the teams on even terms with one win each.

Coming into the final contest with vengeance in their hearts, the Blue Birds ripped into the Theta Chi's to deal them a 42-28 loss. Theta Chi started off well and at one time they had accumulated a 10 point lead, but the ever-consistent Blue Birds came back strong and in the second half they surged ahead and went on to win Kin and Thomas shared scoring honors with eleven points each. Jim Lewis again paced the losers, but he and the rest of the Ox men just couldn't keep up with the Birds. Lewis had ten points while Wasson and Burns had eight each.

Al Moore, former New Yo Giant outfielder, plays golf as week-end pastime.

Detroit light heavyweight Chuck spieser was a captain in the U. S.

scoring with a total of 16 points. Cassie Mackin, a freshman basket-ball standout, led the freshmen

Scoring 22 points.

Alpha Omicron Pi bounced back from their loss to the Zetas with a victory over the Alpha Chi's on Tuesday, February 26, by a score of 27 to 14. Ann Jones, this time with 14 points, again took the top scoring honors. Betty Warren led the Alpha Chi Omega scoring with

J. V.'s End Winning Season

The Washington College Junior Varsity hasketball squad, capably coached by Leo Gillis, had a suc cessful and interesting season this year. They ended with an 8-5 record. With freshmen, "Flea Phillips, Ed Burch, Don Miller, Chick Perrotti, Don Davenport and Don Roland; Coach Gillis put "Moose" Mix and Bob Bragg, two of last year's players, Bragg and Perrotti, after a few games moved up the notch to varsity and proved themselves a help to Coach Athey.

The J. V. started out with a loss Goldey Beacom by the score of 62-98. Later in the season, they were defeated by the same team by were deteated by the same team by a 77 to 69 count in a hotly contested game. In another close game they lost to the Jackson Boy's Club 76 to 74. W. C. had four men in double figures, but this wasn't good enough to over-come the Jackson Boy's effort. Perrotti was high man with twenty-three points. This time the Towson State Teachers' squad by a 78 to 49 score. We had six local men in double figures. They were led by "Moose" Mix with 23 points. Their next win came over the Bainbridge Prep. Don Roland led the cause with 18 points. Later won a second victory over the local J. V.'s on the home court. Journeying to Lancaster, Pennsylvania, the J. V.'s were soundly trounced, 73-56 by Stevens Trade. This same team them rebounded with a 66 to 55 win over Wesley Junior College.

Making it two in a row, they defeated the local Nike Base team by a 72 to 56 score. Don Miller

Boh Brown

Brown, Callahan Frosh Cage Stars

Rev Lenderman

This week we are featuring two fellows from Annapolis, who have contributed much of the spark to the basketball team this year. Both are Freshmen, and have played together previously as teammates at Annapolis High School. They are, Bob Brown and Dick Callahan. Both Dick and Bob have managed to capture starting berths with the Athey Five. Brown, in the beginning of the season, was an outstanding scorer, but both boys have proven themselves to be consistent ballplayers. Callahan is also a wizard on defense, for the coach has placed Dick on the opposing team's leading scorer each game.

Brown, a 6'3", with 185 pounds evenly distributed, has proved himself a versatile player on the bas-ketball court. While at Annapolis High, Bob received seven athletic letters, three in football, three in basketball, and one in lacrosse. was also Captain of the basketball team in his senior year. He was not only active in sports, but kept quite busy as President of his Senior Class. Due to the fact that he was outstanding in athletics, scholarship, and citizenship, he was awarded the Weines Memorial Trophy, which is given each year to the Senior who is outstanding in all fields of endeavor.

Bob was also selected to the All-City, All-County, All-State Basketball Team, which is an outstanding feat in itself. Other activities at Annapolis High included his mem-bership in the Civitan Club, Varsity Club, and Chess Club. coming to Washington College Bob was a student at Wyoming Semi-

A Recap Of The Season

Larry Symonds

If the Mason-Dixon Conference season started here at W. C. with a bang, the finish was not much different. The 105-90 victory over Western Md. in January was quite a feat, especially in sinking 75 markers in the last half. Looking ahead many persons would have forseen a good season for our Sho'men, but instead they came up with only 4 wins as upposed to 11 loses. As the last game drew near, no one expected it to end with a 102-32 conquest of Lynchhurg. Hornets entered the game in need of one more win to enable them to take part in the M-D. playoffs this week. They should have been up week. They should have been up from their loss to Towson a few day previous, and maybe they were, but the Sho'men never gave them the chance as the Maroon and Black staged a brilliant shooting ability, hitting for 68 percent of their shots and collecting 40 field goals. This was quite a contrast from the other games this season, they looked like a completely different ball-

are many exciting memories to look back on from this seasons contests. After the Western Md. game another thrilling event happened, but this time at the ex-pense of our squad. The Sho'men took a trip to Emmitsburg to play Mt. St. Mary's and their fabulous shooting star, Jack Sullivan. The difference between this game was that Sully stuffed 51 points through the hoop for a new Mason-Dixon scoring record.

Annapolis Pair Star After that the individual games were uneventful except for dif-ferent scoring and defensive im-provements. The many freshmen on the team proved able, and two of them took immediate hold on the honors. Bob Brown was the lead-ing team scorer for the first half of the season. Dick Callahan was an able marksman and came to the fore as the best defensive player on the team. Dick guarded the best scorers on each opposing team with good results. Pip Moyer, of the Baltimore U. Bees, was the first to suffer from Dicks close play, and scored only 14 points in two contests against W. C. The second of these games was an 86-77 upset for the Sho'men.

The squad contained only two seniors when the season atarted. One of them, Bill Davis, was the Captain in the heartbreaking first half of the year. Bill did a good job in setting up plays, and holding the team together, but dropped out after the first B.U. game.

Perrotti Starts
In February, the team improved

and won three of their last six games. Chick Perrotti moved into the starting lineup. Joe Seivold, the high scored for the Sho'men, kept up his great work and finished hig in M.D. competition. His fast footwork and aggressive style of play was a definite asset. Even though the team finished

with a low win column, they play-ed well here at home and ended with a 4-4 record in the Russell Gym. The great number of Freshman players, along with the veterans, produces a fine outlook

Box Score on Page 4

Seivold on M-D Team

Joe Seivold, scrappy Washington College cager, was given an honorable mention spot on the Mason-Dixon All-Star team, which was announced on March 5.

Seivold ranked tenth among M-D scorers with a 17.7 mark in 15

Selective Service Tests To Be Held April 28 at W. C.

The Office of the Registrar an-nonnced that the Selective Service Qualification Test will be given on April 18th at Washington College. All students seeking de-ferment to remain in school should take this test. Application forms may be obtained from any local draft board. Chestertown's local draft board is located over the Bartley Building on High Street. It was stressed that these applimust be postmarked later than Tuesday, March 5th.

Since April 18th falls during the spring vacation students living in the Beltimore area are advised that they may take the test at any of the following schools: Loyola, Johns Hopkins, University of Baltimore, Maryland State Teachers College, at Towson, or Morgan State College. Those outside of the Baltimore area may take their test et Mount St. Mary's College, Hagerstown Jr. College, Maryland State Teacher College at Salisbury, or at Western Maryland College. Students are reminded to indicate on their application at which school they will take the test.

East-Middle And Somerset Halls

Work is progressing on the three men's dormitory projects, according to Fred Dumschott, business manager. East Hall was vacated last week and workmen have al-ready begun to dismantle the build-

ing for rebuilding and remodeling. East Hall has been gutted and the new steel and cement framework is nearing completion. Both buildings are to be completed this summer and ready for occupancy this fall semester.

Final touches are being put on the new wing of Somerset House, which was occupied the first of January. The wing houses 36 stu-dents and the house master. The ground floor contains a fraternity social room and commons.

The Joseph company of Dover, Del., is contractor for the entire project.

Alumni Fund

Washington College alumni will seek to raise \$12,500 before June 30, in its annual giving program. The drive was announced this week by Ernest J. Langham, Philadelphia, president of the alumni association, and James L. Bowers, director of public relations.

W. Ernest (Bill) Griffith, also of Philadelphia, has been named chairman for the 1957 campaign. Active in Washington College both

Active in Washington College both as a student and as an alumnus, Mr. Griffith is president of the Maytag Sales Company. The alumni fund, in its third year of operation, raised \$6,398.43 in 1956, with 407 alumni contri-buting. The funds will be unrestricted, with the improvement of faculty salaries as the primary concern, Mr. Griffith said.

Foremens Institute

The annual Institute for Foremen and Supervisors will be held on campus, April 15-19, during the regular apring vacation period. The dates were announced this week by Dr. Martha V. Taber, chairman of the economics department and director of the institute.

Some 25 foremen and supervisory personnel from area industry and business concerns are expected to enroll in the weeklong course, sponsored jointly by the college sponsored jointly by the college and the Eastern Shore Personnel Group.

Dr. Taber said that students are welcomed at any or all of the institute sessions.

Last year the men lived in West Hall and lined in the Hodson Hall dining room. Mrs. Taber remark-ed that the men were so appreciative of being able to live in West Hall, they presented the men with table tennis equipment as a "thank von" gift.

nary, a prep-school in Wilkesbarre,

When asked the question why he was a follows: "The atmosphere around Washington College is informal, The Student Body is very congenial, and like the fraternities of college life." Getting back to Callahan, he is

a 5'3", 190 pound athlete who has already made a name for himself among the students and especially with Coach Athey. Coach Athey has placed a great deal of confi-dence in Dick's ability as an ontdence in Dick's ability as an ont-standing defense player as well as an asset in the scoring punch. An ontstanding athlete at An-napolis High, Dick received one letter in football, two in basket-ball, and one in track. He was elected to the All City and All County Basketball Teams. Dick was also amember of the Annapolis High School Varsity and Civitan Club. Aside from these school activities, Dick enjoys swimming a great deal and during the summer he spends much of his leisure time on the beaches. Dick, when asked what influenced him to come to Washington College, said that he had several good friends here, which swayed his decision, and the idea of a small college pleased him. He, like Bob, gives the student body a compliment for its all around friendliness and close relationship with the faculty.

Dartmonth basketball star Dave Carruthers set a record for Hav-erford, Pa., High by scoring 505 points during the 1953-54 season.

Intellect Interest **Grows Stronger**

On Friday, March 8, and again on Wednesday, March 13, Dr. Gibson presided over informal studentfaculty meetings which were held to discuss the problems of improving the intellectual atmosphere and the general campus spirit of the college. The first of these meetings, held in Dunning Hall, was by invitation only, while the second, which was in the Reid Hall drawing room, was open to anyone who wished to come. Both meetings were well attended, with about fifty students at each.

These two meetings were the re-Insective meetings were the re-sults of some of the little-publicised work which smull groups of the faculty and students have been-doing this past/year. The first meeting was devoted largely to very general and very specific complaints. The students talked about the over-emphasis on social and athletic activities, and the "apathy" (a word which has been batted around a lot lately) toward even these. The general opinion was that the around a lot lately) that the primary aim of a col-lege education should be to en-rich the mind, even though parties and sports are important. It was felt that the widespread feeling of felt that the widespread reeling of an intellectual on campus is an "odd duck" with a wild gleam in his eye and a sheaf of Marxist documents instead of a flask in his hip pocket. The students thought that if something could be about a stimulate a little environment. be done to stimulate a little curiosity and to get rid of the high school idea of the leng-haired in-tellectual, much would be done toward solving the problem.

In the area of specific questions, many veiced a good deal of dis-satisfaction with the present concert and assembly programs. It was agreed that as a whole they were uninteresting, some even sec ond-rate, and that compulsory at-tendance made them even less attractive. If those responsible for them could make an effort to get better speakers and artists, and do away with the captive audiences, the student body would appreciate and enjoy the program more. Also discussed were the many inactive clubs on campus and the advisability of stocking the bookstore with a few books other than those directly connected with college courses.

The second meeting was given

over to definite plans on how to arouse more of the curiosity mantioned above. It was finally decided that the faculty—who seemed eager to do everything they (Continued on Page 4)

Griffin Elected To Lead Freshman

Friday, March 8, the final elections for Freshman class officers was held. The "60 Party" wen the majority of officers with Jim Griffin elected as President of the Freshman class; Vice-President is Kathy Rayne; Secretary, Bonnie Bonhage; Treasurer, Warren De Frank; student council re-presfentatives, Beb Warren and Cassie Mackin

The new officers have already formulated a plan for a new type of dance, sponsored by the Freshman class, to be held, tentatively, on April 12. The main objective of the "60 Party" is to first, improve the social conditions on campus and to give the students more to say in conducting their own functions by giving them an in-

Statue Cast For College

Lee Lawrie, one of the most distinguished architectual sculptors in the world, today, has made it possible for Washington College to obtain a model of his full-length statue of George Washington, the original of which now stands in the National Cathedral in Washington,

The model, which stands seven and one-half feet high on a four foot pedestal, is being cast at a Brooklyn foundry. The cost of the casting of the statue has been donated to the college by two friends of the college from the Eastern Shere.

The actual statue itself portrays The actual statue itself portrays Washington as a man and a citizen, not as a soldier. He is revealed standing, holding his hat in his right hand which is crossed over his chest. A long cloak, similiar to an academic gown, is draped over his shoulders and as the statue was originally executed for a cathedral, Washington's face displays a reversal stirtude. plays a reverent attitude.

The dedication of the statue will be part of the one hundred and seventy-fifth anniversary celebration of the college next fall. This date is tentatively set for Sunday, October 20.

Student Government Sets Forth Honor System

Students at Washington College indicated their will-ingness to assume responsible for their conduct during a dis-scussion of the recent fraternity house case. In recognition of this fact the Student Government Association took the of this fact the Student Government Association took the responsibility to the Administration officers of the college. The Student Government argued for clemency for the students involved and further expressed its confidence in the desire and the capability of the Student Body of Washington College to assume responsibility for its own conduct. The Student Government agreed to give leadership and guidance to this clearly expressed desire of the student body and to bring to the Washington College campus a program whereby the student body would govern its own affairs. This it was felt could be best done by the institution of an "honor system". The Student Council has signed the following pledge that it The Student Council has signed the following pledge that it will work to this end.

PLEDGE

1. "That responsibility for the establishment of standards of conduct and for compliance with the regulations of the college which reflect and embody such standards is not the responsibility solely of the faculty and of the administrative officers of the college, but of students as well, both individually and collectively."

ly and collectively."

2. "That recognizing our particular responsibility as defined in the administrative statement of February 28, 1957. we declare that we ought and will, do our utmost to encourage and promote this sense of responsibility among the student body of Washington College, with the ultimate end of estab-lishing at the college a working honor system operative in all areas of student life, academic and otherwise. 3 "That not later than the spring vacation of 1957, we

will have taken such concrete steps as will indicate progress in the direction outlined in Section 2, above. The Student Council feels that one of the first important The Student Council feels that one of the first important steps is to inform the student body of the above principles of is chosen by all the members of this operative honor system, and to encourage in the student body a discussion of the whole problem. That is the purpose during intermission intermission Saturday night.

8:30 on the Washington Players' production of The S. S. Tenacity, written by Charles Vildnac. The scene of the play is laid in a waterfront bar in France with the action being directed by Bobba Norton.

The plet in brief is about two young Frenchmen, Segand, played by Bill Caldwell and Bastien, playd by Sandy Sandison, who are on their way to Canada to find wealth and liberty. Complications occur when their sailing is delayed for two weeks. While they are waiting for their ship to sail hoth men fall in love with a barmaid, Therese, played by Mary Florence Burnett. Lending his wise and feelish opinions to the two men is Hidoux, the perpetual drunk, played by Al Easterby. Jeri Jerumanis enects the part of Madame Cordiev, enects the part of Madame Cordiev, Norris Hazelton portrays the role of an English sailor from the ship "Tenacity" and the dock workmen are played by Dusty Rhodes and Boh Aldridge.

The play will be presented tomorrow and Friday night, closing with Friday night's performance. Tickets are 80c for general admission and \$1.00 for reserved season.

sion and \$1.00 for reserved seats

Moonlight Ball To Shine This Sat. Evening

Phi Sigma Kappa has set this Saturday night, March 23, as the date for their Annual Moonlight Ball, to be highlighted by the crowning of their Moonlight Girl. The Royalaires, a ten-piece orchestra from Baltimore, who feature a vocalist, will provide the music for the dance, which will be held in the Cain Gymnasium from nine te one.

The Phi Sigs' Moonlight Girl is

chosen on the basis of character, and loyalty to the fraternity. Bobbie Dew was last year's Moonlight Girl. The new Moonlight Girl, who

Newman Club Elects **Dundore President**

On Tuesday, March 12, the Newman Club of W. C. held its annual elections in the library of Reid

John Vaughn, the retiring President, gave over his post to Harry Dundere, who had previously ser ved in the capacity of Secretary-Treasurer. Bob Wilson was unanimously re-elected to the post of Vice-President and Joan Haley was elected to serve as Secretary-Treasurer. Nancy Merker was also elected unanimously to serve in the newly created position of Corresponding Secretary. Con-gratulations are due to these new officers who will serve until March 1958.

The newly revised and edited constitution of the Newman Club was also read and was ratified. Notable in the constitution was the formation of an executive committee which will handle all business for the organization thus allowing more time for instructive and social meetings

The Philadelphia Woodwind Quintet will appear here on Thursday, March 28, at 8:30 p. m., in William Smith Hall. Seated, left to right; William Kincaid, flutist; Mason Jones, solo horn; John deLancie, oboe. Standing, clarinetist Anthony Gigliotti, and basoonist Sol Schoenback.

Student Government Deserves Credit

Student Government Deserves Credit
The Student Government Association's quick response to the administration's plea for the development of individual student responsibility on campus is one of those prompt gestures which, although not exceptional in the Student Government's work, deserves commendation when they're made. Time after time, the Student Government has rallied to intercede in problems that have arisen between the students and the administration. The group has done a fine job in handling the student body's problems in a mature way, preventing uprisings that have caused trouble for both students and administration on other college campuses. Theirs is a thankless job. Students who fail to get their way turn thumbs down on

fail to get their way turn thumbs down on the Student Government and do not attempt to support them. Several newspapers recent-ly reported that "Student Government has not functioned at Washington College since World War II," a totally untrue statement that failed to note the organization's efforts to obtain leniency in the student suspensions a few weeks ago.

Meanwhile, the Student Government Association goes about their work in representing the student body. We doubt that the student representatives at any other college

of their jb any better.

It is time that the students of Washington College recognize the work that their representative group is doing and take an active interest in it.

On Passing Middle Hall

Over One Hundred Year Old Letter Possible Clue To College's Past

Possible Clue To College's Past
by Connie Kreml
I thought at first the workman was joking when he called me over and said he had something for me. However, I went, fully expecting to be introduced to some crawly, gruesome specimen of animal life. Much to my surprise the workman extended a letter to me. "I found it," he said, "thought you might be interested. Look at the date on it." I did. December 30, 1853. Apparently he had come upon it in the walls of Middle Hall, which used to be Bill Smith Hall.
So with my treasure held tightly in my

So with my treasure held tightly in my hand I trotted back to Reid as the workman

went about his business.

I showed it to some of the girls and to I showed it to some of the girls and together we tried to make some sense out of it. For being about one hundred and four years old it was in pretty good shape. The paper was yellow and brittle and there were places where the worms had eaten their way through. The ink was faded naturally but it could be read. It was from a Kate King to her cousin Jane. Included in the letter were mostly family affairs but there were other names mentioned although their connection at this time is not too clear. Once the letter is gone over throughly and precisely the whole translation may come out.

At the time this letter was written there is a gap in college history. It is hoped that this letter may bring some helpful facts to light.

At present the letter is in the hands of Mr. Bedford Groves, Director of Public Relations at Washington College. After complete research the letter will be put into the college's historical archives where at last it may rest in peace.

Spotlight On A Senior

Bobbie Dew, Is WC Songbird

By Joan Waldeck

Last year's Phi Sig Moonlight Queen was tall, slim, blond haired Bobhie Dew, and it's easy to ace why this gal was chosen. Bobbie, a Zeta Tau Aipha, is not only very active in her sorority, but partici-pates in quite a few other aspects of campus life. She holds the posi-tion of President of the Minta Martin House Council, is a member of the Art Club, and was one of the narrators for the Chester-town Centennial Pageant. This year Bobbie was vice-president and Pledge mistress of Zeta and was Zeta song chairman in her Sophomore and Junior years. She pre-

fers badminton and basketball, and was captain of the Zeta team in was captain of the Zeta team in her Sophomore year. Bobbie has a beautiful, deep alto voice, and naturally her main interest is in stinging. She has held an office in the choir every year for four years. A psych major with sociology as her minor, Bobbie hopes to do social work for the Children's Aid Society on the Eastern Shore. She is from Bethesda, Maryland, and is pinned to Phi Sigma Kappa, Bob Shockley. About her four years here, Bobbie says, "I've loved every minute of it." Best of luck to Bobbie Dew, Our Spotlighted Senior.

As I See It

Czechoslovakia Seen As Russia's Greatest Threat

By George Dengler

Since the Soviet liberation forces swept

Since the Soviet liberation forces swept through Eastern Europe in the last days of World War II and forced Communism, or more correctly. Soviet Imperialism upon those people, the world has awaited the first signs of the "crack-up" of the Soviet Empire.

The bloody revolt in Hungary last autunm and Poland's more recent attempts to wedge free from Russian domination have shown the first concrete evidences that the Russian satellite system is weakening. As the free world anxiously awaits additional signs of the "crack-up" of Soviet Imperialism, eyes will he focused upon Czechoslovakia.

Czechoslovakia is, in all probability, the

Czechoslovakia is, in all probability, the key nation which wil decide the future of the Russian satellite governments. For one thing, the Czech nation is the most industrialized of the enslaved Iron Curtain nations. To some degree, Russian economy is determined by the industrial output of Czechoslovkia. Therefore, the Czech industrial capacity is a vital tool in the Soviet satellite

In addition, Czechoslovakia is the only nation in Eastern Europe in which democracy endured any success. In fact, before World War II Czechoslovakia was referred to as "the shining light of democracy in Eastern Eur-ope." There can be no doubt that the Czechs yearn to breathe freedom's air again.

But the past history of this small, proud European nation tends to make the Czechs a cautious people. Because of her geographic position, Czechoslovakia has frequently been overrun by more powerful peoples. But the Cezchs have always survived these invasions and history has taught them the fulfilling. cezens have aways survived these invasions and history has taught them the futility of rising against hopeless odds. They have learned to bide their time and wait for the opportune moment before attempting a re-

We in the West cannot blame the Czechs We in the West cannot blame the Czechs for being a little suspicious of us. The betrayal of Czechoslovakia at Munich is 1938 is still fresh in the minds of a large segment of the Czech population. Such a jolt is not easily forgotton. This suspicion toward the good will of the Western powers was one of the motivating causes for the Czech-Russian alliance before the Communists took control of the Czech government.

The Czech distrust for the West does not cancel out her batted for the Russian masters.

The Czech distrust for the West does not cancel out her hatred for the Russian masters and the tyranny which they have inflicted upon the nation. No. doubt, this hatred is growing stronger all the time. The crisis which arose in Hungary and Poland has not yet reached Prague, but when it comes, it could be the beginning of the end of the Russian estellite system.

Russian satellite system.

ALPHA CHI OMEGA

With the help of the new Alpha Chi pledges, the Shamrock Ball was a great success. Much fun was had by all dancing to the music of Lee Paige midst the Irish atmosphere. As for the Alpha Chi basketball team—it may not be the best in the league, but there certainly were a lot of laughs provided for all. How is your head, Sag? Plans are now being made for the Pledge Banquet to be held April I at the Granary

ALPHA OMICRON PI

ALPHA OMICRON PI
The AOII's latest activity was the Pledge Banquet at the Granary on March II, which their advisor, Mrs. Constance Stuart Larrabee, and three alumnae, Lynne Robins, Janet Middleton Macera, and Marian Waterman Moore attended. The AOII's have also been playing basketball with an inexperienced team, which has been fun, and brought many laughs. Plans are being made for the visit of Mrs. Virginia Mylander, National Secretary of AOII; and Tri-State Day, which is to be held in Chevy Chase, Maryland, on April 6. ZETA TAU ALPHA

Zeta's eleven pledges are working hard under the auspices of the new Zeta officers, who were elected on March 11. The officers of the pledge class, Bev Jones, Debbie Sherin, and Jane Snyder, are busily organizing their first assignment—planning a Pledge Banquet to be held at the Granary on March 25. With State Day coming up on April 10, Gramma Beta is preparing ahead of time for its participation in the program and ceremonies. The records show Zeta to have an admirable three wins and no defeats showing in intramural basketball with high-scoring captain Anna Lucy Allspach leading the way. KAPPA ALPHA

March, the first of three busy months for the KA's, has arrived. It started on March 4 with the elections, and on March 6 the chapter was paid a visit by the Province Com-(Continued on page 4)

Letter To The Editor

Tom Jones' recent article on the poet Ezra Pound is full of the most sinister balder-dash I could ever have expected to read. It reeks with racial inferences of the worst mien and its references to history and politics are marked with untruths of the first magnitude. I think it the minimum of justice that you publish this minimal reaction to the author's apparently endless arrogance. I assure you publish this minimal reaction to the author's apparently endless arrogance. I assure you of two things to insure that publication: first/that I attempt only to crystallize the general student concensus; second/ that though I am frankly angry, my anger is aimed less at Mr. Jones than at the viciously-aimed doctrine he would like to propagate.

In fact, though I may disappoint one person let me make clear at the outset that Tom Jones himself did not disturb me. It is the mask of Pound, which Tom chooses to hide behind, that I feel it my duty as a human-being to vilify. A viewpoint that condones the murders associated with Fascism and defends the underlying premise of Hitler's at-

the murders associated with Fascism and defends the underlying premise of Hitler's attitude toward the Jews is decidedly not one that calls for a liberal tolerance. As for Jones himself, when he does show through this mask of hate, when he ceases to be the mirror of a madman, we have only a series of extra-cathedral statements so groundless and absurd that they do not deserve our comment.

The hombast against the Jews though

The bombast against the Jews, though founded on a larger absurdity than even Jones can offer us, is a little more subtle. Here it is Pound speaking. The Jews, according to him, are sponsoring a "black-out of history", to conceal the fact that they are leading a "moneymad" world into an abyss. (Continued on Page 4)

The varsity basketball season is over and the only thing left is memories and statistics. The seasons statistics show that the leading rebounders were freshmen Dick Callahan and Bob Brown. Season totals show that Dick snagged 102 rebounds off the defensive boards while his room-mate Bob was pulling off a very respectiable 46 offensive rebounds.

offensive rebounds.

Basil Wadkovsky shut 41% from the floor to lead all memhers of the squad who took more then 75 shots during the year. As a team the quint shot 37% from the floor to leed all memdet the team from the charity marker while teking advectage of 67% of his chences. The team scored on 63% of the free throw ettempts.

On March 22 Coach Athey will attend a Middle Atlantic Conference meeting at Dickerson College. On March 23 & 24, Coaches Athey, Chatilleer, and Kibler will attend a Mason Dixon Conference meeting in Richmond, Virginia.

Last year's intramural football season was a success, but there have been several suggestions for improvement. The most important suggestion is to have all players tuck a piece of cloth in their sweat pants, thus the defensive player will have to pull the cloth out of the ballcarriers pants in order to stop an offensive play.

Last year on offensive play was stopped if the hall cerrier was touched by both hands of a de-fensive man. This new rule can open up the running game end make all play more versatile. If this new rule is adopted there

will be more body contact. Both Coach's Athey and Chatilleer agree that this is good so long as the body contact doesn't make play too rough.

rough.

In order to iron out same of these problems there will have to he a committee to assist the coaches. This cummittee can consist of next year's footbell managers. These problems should he solved this apring an that the intramural season cen get under way early next fall.

After this committee works out some of these problems it will he

some of these problems it will be necessary to have a trial game play-ed so that the atbletic advisors of the college can see what affect any rule changes may have.

Last year Joe Seivold scored 50 goals in lacrosse to become the second highest scored in the Nation. As a result of this outstanding play, he was chosen to the third All-American team. This is an ATHLETES FEAT.

Girls Basketball Season Nears End

By Kathleen Brackett

Zeta Tau Alpha won their third basketball game of the season on February 5, by defeating Alpha Chi Omega, 70 to 25. Anna Lucy Allspach topped her high scoring record of their first game, 22 Points, by pouring in 25 points for the Zetas. Betty Warren was high for the Alpha Chis with 8 points. If the Zetas win their fourth and final game next Monday, with the Orange Freshmen Team, they will become permanent possessors of the basketball trophy, as every other team has lost at least one game this season and the Zetas have won the trophy for two straight pre-vious years. To date the Zeta (Continued on Page Four)

THEELM

31st Year At Baseball Helm

By Roy Henderson

On March 27, when Washington College opens its 1957 baseball season, Coach Thomas Kibler will behis 31st year at the helm of Sho'men baseball teams.

Coach Kibler has gained the reputation as one of the finest college diamond coaches in the nation. The records show that Kibler-coached teams have maintained an overall percentage of .650 throughout the years. Washington College hase-ball teams have consistently been in the running for the Mason-Dixon playoffs and as recently as 1954 were M-D champions.

Coach Kibler came to Washington College in the fall of 1913 after short stays at Lehigh University and Ohio State. He taught physical education and was an outstand-ing gymnast when he landed on the Chestertown campus.
When World War I began, Mr.

Kibler joined the Marines. wounded twice in battle and was also the victim of a gas attack. He attained the rank of captain and was awarded the French Legion of Honor medal before he returned to Washington College in

He coached football backetball and baseball until 1932, and bas-ketball and baseball until 1939. He then dropped the cage sport to devote his full concentration to his first love, basehall.

Outstanding Record As Cage
Coach
During his term as basketball

coach, Mr. Kibier's teams compiled the outstanding record of 205 wins

W. C.'s Grand Old Man Of Baseball

and only 65 losses. The Sho'men toppled such present day powers a Maryland, Duquesne, Temple, George Washington, Princeton. The most famous of all Washington College athletic teams, "The Flying Pentagon," cagers of the early 1920's, was coached by Mr. Kibler. In 1942, Coach Kibler was ealled

into the army to serve as a Lieuten ant Colonel, and was the executive officer at Camp Pickett, Virginia. He continued in this capacity for four years.

named Dean of Men. In 1950, Mr Kibler was named to the post of Assistant to the President by President Gibson.

Thomas Kibler was born

Queen Aune's County and attended school in Chestertown. He graduated from Temple University after leaving Chestertown. Pro Baseball Player For 12 Years He began his professional base-

(Continued on Page 4)

Coach Begins Sho' Nine To Open Mar. 27

By Larry Symonds

With a new semester begins a new baseball season and Coach Kibler's men have already taken the field for inter-squad games as the first contest looms near. Getting a head start on the weather, the team worked out in the gym for two weeks, readving throwing arms and getting into shape. Re turning veterans give the squad a solid core, and they are backed up by many able and promising freshmen. At the present time there are 30 men rounding out the roster.

Possible Starters

Although there is one week left before the first game, the first string positions already seem to have taken shape. Heading the outfield contenders are Russ Summers, Bob Bragg, and Lou Borbely. Gns Skordas, Captain Barry Burns and Moose Mix are set up for in-field duty with Freshman Chick Perrotti a possible selection for third base, and veteran utility man Jack Shipley battling for a start-ing position. Dick Lent is fighting to keep ahead of rookie Lee Hammond at the all important backstop

Pitching
The all-out competition produced by the team in general gives the outlook of a fine season. Even the pitching aspect looks strong after the initial thoughts that there were going to be only one or two hurlers to show for practice. Now Coach Kibler has nine to work with, building them around Arnie Sten, last year's mainstay.

Rough Schedule

This seasons team has their work cut out for them as they play a 19 game schedule. Eleven of these are away, eight at home, with 3 donbleheaders and 11 Mason-Dixon Conference contests. The seasons opener comes in one week on the 27th against Bates College of Maine. April 2 brings a double-(Continued on Page Four)

Netmen Set For 10-Match Campaign

The tennis team has been out practicing for two weeks. About twenty-five men turned out on opening day, and since then Coach John Wyatt has cut the team down to nine men.

The Netmen will be captained this year by Ollie Beall. Ollie has played on the tennis team for the last two years. The only other veteran that Coach Wyatt will have to work with is Jim Lewis, who played on last year's squad.

Tom Butler and Ron Kille are the only freshmen representatives on the team. Coach Wyatt is de-pending on both men, and Tom especially, is expected to add much strength to the team.

Other members of this year's aquad are George Darley, Marty Levin, Tom Short, Warren Wasson and Bill Budd. Coach Wyatt knows that he doean't have some of the experience and talent that he has had in other years, but he expects to compensate for this through good conditioning and hard work.

Stickmen Face **Ohio State Today**

The Lacrosse team will open its 1957 eleven game campaign this afternoon on Kibler Field. They scrimmaged Maryalnd University last Saturday, and came ont on the short end of a 7-4 score.

By Bill Miller

With Lacrosse season coming on at a fast pace, the Sho'men's practice sessions have been producing more and more efficient play. Due to the loss of a few key men, via the academic ronte, this years team will be rather green in some positions, but it should do well after gaining, a little game experience in Saturday's exhibition contest at the University of Mary-land. Last years team accumulat-ed a total of seven wins while dropping only four. The win column includes the upset victory over the highly rated Hofstra team by a

16-14 score in one overtime period.

CD-Capteins

This year's outlook is bright, however, because of the return of several lettermen. The co-captain's of the '57 reudition, both four year men, are John Kenny and Roy Pip-pen. Kenny played lacrosse with a powerful Monnt Saint Joe team before donning the gear here at Washington College in his freshman year. From there he went on to two fine seasons before gaining national recognition as a goalie in '56. In ten games Kenny accumulated a total of 202 saves which was

States Collegiate ratings.

Kenny's able partner, Roy Pippen, spent his pre-collegiate Lacrosse days playing for the ever consistent St. Pauls team. After two fine seasons of reserve work he was awarded a starting position in his junior year which he has

carried over to this season.

Defensemen

Pippen will be assisted on defense by letterman Jerry Caparoso and Don Dratch who have improved steadily since obtaining starting berths. Other backfield men who should provide the very important reserve strength are Chick Mills, Charlie Stow, and Tom Halley.
(Continued on Page Four)

Trackmen To Run Four Dual Meets At Home

By Bob Bragg

This spring, after a two year absence, the Washington College track team will again be racing ou its home grounds. The Sho'men open their home schedule against Peun Military College on Saturday, April 6 at two o'clock.

Outstanding Vaterns Returo

With an ample number of re-turning lettermen and veterans Coach Don Chatellier's hardest job seems to be finding the right Fresh to fill the positions vacated by graduation. However, such entrants the presense However, with letterman Jay Cuccia, a star dash man; Jim Potter, Bob Emory, and Tom Grouse who set a fast 440 pace; and Joe Thompson, a 4:54 miler who will team with Jim Pickett to form a one-two punch in the two mile run, brighten the picture considerably. Field event veteraus are; Bob Emory in the high jump, Bob Penkethman in the broad jump, and Jim Pickett, who is within reach of the school pole vault record of 11' 8". With this solid mucleus coach Chatellier

Joe Seivold Seivold Is Key

To Sho' Lacrosse Success In

Coach Kelly has had many problems in getting this year's lacrosse team ready for its tough schedule, but one problem that the coach doesn't have is what to do with Joe Seivold. As this lacrosse season opens hundreds of lacrosse fans will be looking at Joe. Joe is one of the outstanding laerosse players in the nation, as well as one of the popular all-round intercollegiate athletes in Maryland.

Most of this reputation has been a result of his ability in lacrosse, he does participate in other

I'mural Volleyball Is Big Success

By Dave Leap

After a layoff of only two weeks from the end of the intramural basketball tournament, the courts of the new Frank Russell Gymnasium are again resonnding with the soft thud of a volleyball from wall to wall.

A new volleyball program has been organized after the absence of volleyball from the college's athletic card for a number of years. The league's roster includes twenty-two teams which are chosen by the individual team captains. The teams are playing together in a double elimination tournament. After three nights play in the tonrnament there are only three teams left who haven't been eliminated. These are the Splendid Spikers, the Bluebirds and the Vets. The Splendid Spikers are the only team in the league who are still unbeaten.

The winning record chalked up by the Splendid Spikers was due by the Spiednu Spikers was due to the fine spiking of Bob Brown, Dick Callahan and George Wilson and also the backcourt play of Norman Phillips, Don Roland and Moose Mix. The roster of the Vet's includes Athey, Chatellier, Lentz, Lester, Sherman and Williams. On the Bluebirds roster are Gillis, Davis, Summers, Burns, Becker

and McKeuna.

The latter three teams will play in a final elimination tilt. The winner of these finals will be crowned volleyball champs for the

intramural season.

The athletic department nomeed that there will be another round of intramural volleyball. last year's record of three victories and three defeats.

(Continued on Page Four)

He returned to Washington Col-lege after World War II and was

ball career as an infielder in the Ohio State League. The Chicago White Sox bought his contract in mid-season, and he was to report

Girls Basketball record is 3 won and 0 lost.

On Monday, February 4, the two Freshmen Teams, Orange and Maroon, met in a contest that saw the Orange team emerge victorious by a score of 29 to 7. Loretta Pouder spurred the Orange Team with 11 points.

Alpha Omicron Pi defeated the Orange Freshmen Team on Tues-Orange Freshmen Team on Thes-day, March 11, by a 24 to 21 score. Betty Knox led the AOPi's by scoring 13 points, while Sandy Mnmford and Jan Kush each totaled 9 points for the Orange Quint.

Seivold Is Key

sports. At the present time he is the only three letter man on this campus. This year students have seen his skill in soccer and basket-ball, and now wait to see his athletic talents displayed on the lacrosse

Joe is a product of Friends High School in Baltimore, where likewise he was most noted for his lacrosse play. He earned three letters in lacrosse in high school and has already earned two lacrosse letters here at Washington College. In his senior year in high school Joe was named to the All Maryland Lacrosse Team.

In his freshmen year at Washington College Joe scored 22 goals for the stickmen, and in recogni-tion of his outstanding play he was given an honorable mention on the All American Lacrosse Team. During that year Joe improved favorably under Coach Charles Clark, and he came back eyen stronger in his sophomore year. Last year Joe netted fifty goals for the Sho'men and set two college records. His records are the total number of goals scored in a season, and the number of goals scored in one game.

Last year he was the second highest scorer in the United States. He received the Bill Barnett trophy as the most improved player of the year. Thus last year Joe was chosen on the third string All American Lacrosse Team. Because of his outstanding playing ability and his past record who knows what heights Joe Seivold might reach during this 1957 lacrosse season.

Sho' Nine

header with Mt. St. Mary's, and the 4th, 5th, and 6th takes the Sho'-men away for a three day road trip. Later in the month they go to Mavyland for a skirmish with the midshipmen. The tentative end of the season is set for May 11. barring any rained out games that migh occur.

This season should be a good one The general concensus is that the Sho'men have a good chance to come out on top.

Coach Kibler

However, before the season ended. to the Cincinnati Reds roster for the spring training season of 1914.

Before the season opened, Mr. Kibler was spiked badly in an hibition game, and never received of the Pacific Coast League. He played well for the Seals during the 1913 campaign and moved up he broke his leg in a slide into second base. The White Sox, wary of the chances of his leg healing, sold him to San Francisco to their camp the following spring. a chance to prove his ability in the major leagues. He later played in the International League and was a player and manager with Houston in the Texas League. He played actively for 12 years in organized baseball and served in a sconting capacity for several major league clubs after his retirement from baseball. Mr. Kibler served for several years as president of the professional Eastern Shore League and also headed the Intercollegiate Athletic League, later the Mason-Dixon Conference.

Gains Respect As Coach and

Man
In his coaching, Mr. Kibler stresses the necessity of his players having a thorough knowledge of the fundamentals of the game be-fore they take the field. In ad-dition to their respect for Coach Kibler as a teacher of baseball, every man who has ever played under him has a deep respect for

him as a man.
It is a testimony to his popularity that when a former college base-ball player returns to his alma mater, the first person he wants to see is his former coach and friend, Tom Kibler.

Trackmen

Newcomers Look Good Amoung the highly touted new-comers that are out to make a place for themselves on this year's Sho'men track squad is Mark Sho'men track squad is Dia shyn, a promising freshman who is being counted on to fill the fleet shoes of the talented Ebe Joseph in both the 100 and 200 yard dashes. Jim Murphy and Fred Boutchyard are expected to run the 440 along with those quarter milers that have already been mentioned. Dava Walker, George Walters, and Bruce Briggs will carry the half mile load. Tom Woodward, Wally mile load. Tom Woodward, Wally Weldon, and Artie Schumann are working out at the mile and two mile distances. Without the benefit of any experience in either of the hurdle events Coach Chatellier is counting on Ollie Robinson, his best low hurdler to help freshman Bob Eissele and possibly Bob Emory in the high hurdles.

Field Events
The loss of a man like Alex
Stanff in the field events cannot
be taken lightly. However, Dick
Reilley, Ed Keiffer, Jim Sauter,
Dick Callahan and Jim Hollaway are potential shot putters while Dick Irwin and Ben Tamini are March 29 Sadie Hawkins Dance

throwing the discus with great auccess. Alex Fountain, Robinson Diashyn, Pickett, Penkethman, and Irwin are developing into high immners.

In spite of inexperience Coach Chatellier does expect good results.

Stickmen Face

This years team is playing under the leadership of our new coach, Don Kelly. Mr. Kelly has a very impressive record in the Lacrosse Annals, so the team should improve under his experienced leadership as the season progresses.

Letter To Editor

(Continued from Page 2)

Does this doctrine explain the facthat the great monopolies in Capi talist states are mostly controlled by gentiles? and that, if anything characterizes the modern world, it is a sudden hunger for "power alone", on the negative side, and, on the positive, a leveling down of Capitalism's excesses? I think Tom could do better by finding a less antiquated idol than Ezra Pound-or perhaps by leaving literature for a moment and con-sulting the world.

The fact that he has fallen for Pound's fanaticism, based on such odd doctrines as the above, and has written that it is "nearer to the truth than any other explanation of the ills of the twentieth century' inspires nothing but pity, I hope, in the majority of ELM readers. I feel it my duty to inform those readers that even the disciples of Pound the poet, who are poets themselves and recognize a master, are conscious enemies of Pound the hate-monger. Since Tom made no comment on Pound the poet, I am wondering which Pound it is he really worships.

James Monsley Sincerely,

Social Calender

Lee Lawrie Statue To Be Dedicated At 175th Anniversary

The dedication of the Lee Lawrie Statue will be one of the main features of the 175th Anniversary celebration to take place this October. The statue in recognition of Washington College, was designed and sculptured by Mr. Lawrie with the cost of its casting being donated by two associates of the college who live on the Eastern Shore.

Several outstanding persons have the law invited to particulate the province of the college who live on the Eastern Shore.

been invited to participate in the observance of the College's 175th anniversary, October 17 - 20.

Dr. Daniel Z. Gibson, president, said that the general planning committee for the event has selected noted figures to take part in the program and to receive honorary degrees at the anniversary con-vocation. Announcement of the honor guest list will be made when arrangements become definite.

The weekend celebration according to a tentative program, will begin with a student assembly, Thursday October 17, at 11:15 a.m. The significance of the observance will be presented at this opening

A special concert is being arranged or Thursday evening.
On Friday, the committee is plan-

ning a memorial service honoring the founders of the College and deceased alumni and faculty. An outstanding clergyman will deliver the address at this meeting.

Saturday, October 19 will be combined Homecoming - Parents' Day - Anniversary observance. The Board of Visitors and Gover-nors will meet at 11 a.m. and will follow their meeting with a luncheon for honor guests. Parents will be feted at noon.

At 2 p.m. a special symposium will be heard in the auditorium. Three leading educational figures will participate in an examination of Colonial and present-day educ-

A soccer match is being arranged in the afternoon. At 4:30 p.m. the Board will receive students, honor guests, alumni, and faculty.

The alumni association is plan ning its annual banquet for Saturday evening. A Colonial ball, one day evening. A Colonial ball, one of the features of the weekend, will be given in the Russell gymnasium at 9 o'clock. A brief pageant is being planned for the intermission. The selection of an Anniversary Queen is being considered. The alumni will also have an open house Saturday evening. Sunday morning will be marked by services in the local churches.

At noon luncheons will be served to honor guests and delegates from colleges, universities, and professional organizations.

The main event of the weekend will be an anniversary convocation at 2:30 o'clock, Sunday afternoon, A principal address by a distin-guished educator will be followed by the conferring of several honorary degrees.

President and Mrs. Gibson will hold a public reception following the convocation.

Students who are participating in the preliminary planning of the celebration are Treeva Wishart, Helen Latimer, Bob Colborn and Charlie Lyons. Dr. Gibson urged students to present further program suggestions to one of these representatives.

SPRING VACATION

Spring vacation will begin at 12:15 p.m. on Saturday, April 13. Classes will resume on Thesday, April 28, at 8:15 a. m.

Lee Lawrie Statue

Kappa Alpha To Hold Sweetheart Dance Friday

The Annual Kappa Alpha Sweet heart Dance will be presented this Saturday night, April 6th, from nine to one in Cain Gymnasium, which will be transformed into a rose garden. Robert Webster's six-piece orchestra from Salisbury will provide the music for the evening.

Highlighting the dance will be the announcement of the Kappa Alpha Rose, who this year is eligible for competetion on a nationwide basis. In order for a girl to be chosen for this honor, she must be a resident of this campus, and

she must be pinned to a K.A.

Dress for the evening is informal: cocktail dresses for the girls.
The tickets are on sale now from
all the K.A.'s, and they will be on
sale at the door Saturday night; they are one dollar stag, and two dollars a couple.

Marines -Here On April 4

Wesley Foundation **Elects New Officers**

The Wesley Foundation recently held its annual elections. The newly elected officers include Bob Shockley as President, Ann Church, a Freshman, as Vice President, while Peggy Leverage was elected to the office of Secretary-Treasur-

In trying to promote its chief aim of religious interest in an otherwise non-sectarian atmosphere, the Wesley Foundation has shown a marked progress. In-terest is steadily mounting and according to the new President, it should be the aim of every Methodist on campus to join the Foundation and share in the many re ligious as well as social advantages offered.

Reverend Hall, who is advisor to the University of Delaware's Wesley Club as well as here at W. C., has shown great zeal and sacrifice in coming down here every meeting night from Delaware. Thanks are due to him for contributing so much to the present progress.

Below is published a list of the rest of the meeting nights and the topics to be discussed:

April 3: Christian Association

April 10: The Doctrine of God April 24: The Doctrine of Man May 1: Christian Association Meeting

May 8: Where Do You Rate On the Moral Scale?

May 15: College and Religion Also of special interest to be noted is the Methodist Conference to be held at Annapolis on April 25, 26,

Department Topics Improve Assemblies

Anne Matthews

The past few assemblies which we have had have been quite in-teresting, an indication of still bet-ter things to come.

Three weeks ago the head of the Department of Economics of Washington College, spoke to the student body on the general subject of "What Is Economics?" and did a good job on enlivening what is too considered a dull Perhaps the best part of his talk was the section on the fallability of statistics, especially where birth rates are concerned.

The English Department had charge of the assembly two weeks ago, with Dr. Alba Warren talking on "The Influence of the Atomic Bomb on Modern Poetry." He showed that poets aften are able to precede their times in thought, and ended with a selection illustrating the deep psychological probings done by many modern poet

Leaders Class, Officer Candidate Course, or Aviation Officer Candidate those Marine Corps personnel.

Freshmen, sophomores and juniors may enroll in the PLC program. Seniors only, may enroll in the OCC and AOCC programs.

Judiciary Committee Suspends 3 Students

Anne Matthews On March 15, the Judiciary Com-mittee handed down several decisions suspending three freshman men for different periods of time. The first two, David Calloway

and Raphael Sarmiento, were found guilty of plagarism and suspended for the rest of this semester. Both them had copied passages out of research material without using quotation marks, footnotes, or in any other way referring to the source from which they took the passages in question.

The third defendant, Michael Steinhauer, was suspended for the rest of this semester and also for the first semester of the next school year. He was found guilty of cheating on a test.

S.G.A. Candidates Slated For Office

The candidates for offices of Student Government Assiciation are now on ballot and are to be voted on by the entire student body at the primaries this afternoon and at the final elections this Friday. The ballot box will be in the snack bar and primaries will be held from 11:30-1:30 and from 4:30-7:30. Final elections will be held Friday during the same hours.

The candidates for the offices are as follows:

President:

Bob Colborn Vice-President:

Rex Lenderman John Davies Harry Dundore

Secretary: Fred J. Markett Toni Stallone Treasurer:

Bea Clarke Charles Downs Kathleen Brackett Bill Shortall Ron Dratch

Representatives: Class of '58

Sue Brunk Charles Foley J. Cuccia Robert Cleaver Carolyn Walls Bob Shockly Class of '59

Ronald Cook Charles Lyons Jim Pickett Don Morway Garole Crossman Nancy Mullikin Ellen Jo Sterling

comparing their work and identifying it according to the three schools of artistic thought: sensual intellectual, and emotional.

Although many plans are being considered for next year by the Assembly Committee, none are definite as yet.

During discussion of the recent | ment Association took the respon- | Student Council argued for clemency for the students involved. The Student Government further expressed its confidence in the desire and the capability of the Stu-dent Body of Washington College to assume responsibility for its own conduct. It agreed to give leader-ship and guidance to this clearly expressed desire of the student expressed desire of the student body, so as to bring to the Wash-ington College campus a program, whereby the student body would truly govern its own affairs. This it was felt could be best done by the institution of an "honor sys-tem". The Student Conneil has signed a pledge that it will work to this end. A copy of this is reproduced here.

Pledge

We, the members of the Student Council of the Student Government Association of Washington College, pledge ourselves and the support of our opinions to the following propositions:

1. That responsibility for the establishment of standards of conduct and for compliance with the regulations of the College which reflect and embody such standards is not the responsibility solely of the faculty and of the administrative officers of the College, but of students os well, both individually and collectively.

. That, recognizing our particular responsibility as defined in the administrative statement of February 28, 1957, we declare that we ought and will, do our utmost to encourage and mote this sense of responsibility among the student body of Washington College, with the ultimate end of establishing at the College, but of students as system operative in all areas of student life, academic and otherwise

3. That, not later than the spring vacation of 1957, we will have taken such concrete steps as will indicate progress in the direction outlined in Section 2

The Student Council feels that one of the first important steps is to inform the student body of the principles of an horor system, and of the methods by which it may be established, and to encourage in the student body a discussion of the whole problem. That is the purpose of this article.

What Does The "Honor System" Entail?

The term honor system is an unfortunate one, but since no more efficient phrase has been coined, and that term will probably conand that term will probably con-tinue in general usage, we will employ it with these reservations. In the first place, the honor system is not a "system" at all. What we are really talking about is not a "system", but a way of living. When one says "system", on usually thinks of something which can be thinks of something which can be imposed from without, such as the double entry "system" of book-keeping, or the Chicago Bears "system" of playing football—a ready made plan, which can he arbitrarily significant. initiated.

The "honor system", if it is to operate at all depends upon the attitude of every individual. It depends upon the moral sense of the individual, in a way that the two systems mentioned above do (Continued on Page 4)

60ites Make Good Leaders

This year's Freshmen class, led by the newly organized "60" Party, is probably mak-ing greater strides toward achieving class unity and proving themselves as a worthy campus organization than any freshmen class

of recent years.

When the "60" Party, an innovation in itself in campaigning on this campus, emerged victorious in the recent elections, they immediately swept into action to fulfill their promises and objectives. Their primary objectives were two-fold: (1) to improve the social conditions on campus and (2) to give the students more to say in conducting their own functions by giving them an interest.

Already the class has nearly completed plans for a jam session to be held in Cain Gym in order to add to their treasury. Already they have formulated a system for the paying of class dues. Already they have published two issues of a small newspaper, the "60 RAG," which, however undignified in appearance it may be given the state of th

the "60 RAG," which, however undignified in appearance it may be, gives the complete lowdown on the activities of the Freshmen class committees and the work they are doing. It is reassuring to know that, at a time when the other campus organizations are expanding and seeking qualified leaders to guide them, the members of the present Freshmen class have shown the ingenuity and hard work that will give them a line close-knit organization of their own and will develop the qualities that will make them the develop the qualities that will make them the leaders we have been waiting for.

Letter To The Editor

To the Editor:

Since I am a foreigner, I am inclined to notice whether people of this country really have any patriotic interests. I'm afraid that Washington Col-lege does not show their patriotism to any noticable

The most prominent example of what I mean is the rather important tradition of displaying the American flag. I have noticed that in the loneliest town, a one-room school-house will display its flag proudly. Washington College, however, an institution which supposedly is to produce proud citizens, has not displayed the American flag for at least the wash. least two weeks. I would like to know the reason

Sincerely, Antonio Rovira

Several of my readers inform me that they Several of my readers inform me that they interpreted my article on Ezra Pound as anti-semitic. This is Mr. Pound's view, but I do not share it. A rereading of my article will show that it was intended to be a report on Pound, the poet. All other readings, whether from my inarticulateness, or misinterpretation, or wilful malice, are incorrect.

Tom Jones

Hodson Answers Students' Gripes

"What's for dinner tonight besides potatoes? mystery meat again." This is the comment usually heard on campus around five o'clock every night, with no one ever stopping to think about the opinion on the other side of the

five dollar bill stretch into ten!) The dietician claims that many of the students take food and don't touch it. (Some students just don't seem to have the nerve!) This food cannot be served again and consequently must be thrown away, even though the students sometimes doubt this. This waste could be avoided if the student would only take food which they liked and were going to eat. How ever, the student body seems to think that if this came about, there would eventually be nothing but skeletons walking around cam-

The dietician must attempt to reconcile varied opinions. The tion of this problem girls complain because potatoes are than all of us??!!

counter. What do they have to say?

The major problem is that the budget won't allow a large quantity and variety of food. (Looks like they have the same problem as everyone else around here—making everyone else around here—making complain if potatoes aren't served, because these are the best "filleruppers". Once again the boys triumph as the girls either adopt a new diet or continue to spread Mrs. Cookerly says that carrots

corn greenbeans, peas, asparagus and beets are the only vegetables the majority of the students like and cat. Yet, they complain be-cause they don't get anything else.

The apparent solution to this problem seems to be raising the price of board per student. However there would be just as much uproar on campus if this came about as there is when "mystery meat" is served. Maybe the student body has some suggestions for the solution of this problem-or is it bigger

Spotlight On A Senior MYRA BEE, S. G. A. MISS

By Joan Waldeck This week the ELM spotlights a vivacious red-head, Myra Bonhage Myra has been busy in extra-curricular activities during all of four years here which gained her election to Who's Who. Sport-wise she prefers intramural basketball and badminton. One of Myra's hig interests is art, and she has held an office in the Art Club since her freshman year. She has been an interested member of the Young Republicans Club for three years, holding an office each year, and is treasurer of the club at present.

Myra seems to have a flair for the dramatic arts. She was set designer for the Washington Play ers in her freshman year and travelled to Iceland as a cast member while a sophomore. In her junior year, Myra was historian of her sorority, Zeta Tan Alpha, and also vice-president of the Minta Martin House Council. Myra is now secretary of the Student Council and currently is writing for both the ELM and Pegasus. From Towson, Maryland, Myra especially enjoys travelling, mys-tery novels, and Dixieland. This blue-eyed miss, who can usually be found playing cards in the snack bar after dinner, says she has en-joyed her four years at college very much. So lots of luck toMyra Bonhage, an outstanding senior

Letter From France Provokes Thought

These are excerpts from a lette. recently written by a young American living in France to Mr. Sheppard Kominars. Because of their significance he has affered them to The Elm to provoke some thought among those to whom this analysis is of immediate concern.

You ask what is happening here. First and foremost, politics. I suppose it should be no surprise to some Americans that European writers and thinkers devote any extraodinary amount of their time to political activity. This is true not only of France, but also of Britain, Italy, and, to a more limitextent-considering the lack of political freedom-in West Ger-many. It was the French who developed the notion of "art en-gage", committed art, whose lead-ing exponents are Sartre and Campa.

I think that the principal dis-covery of Americans in Europe is the reality of political thought and the totality of art and life, theory and practice. The United States, dominated today by the long-outmoded conservatism of Burke, has no viable political theory, or at least none capable of being exported abroad. A comparison of French intellectual reviews and American literary magazines is well worthwhile. At least one-third of Les Temps modernes, Sartre's review and France's leading intellectual periodical, is devoted to the discussion of politics. French reviews are superintellectual, de-voted more to the discussion of ideas than the publication of new writing.

From this distance, it looks as though an enormous desire for conformism has settled upon the country, and worst of all, even upon the intellectuals. I hope this is merely an illusion and that some radical ferment is taking place somewhere.

'As I See It

More Trouble In The Near East

By George Dengler

The political developments in the Near East have been full of explosion and suspense for months. that the world breathed these past few weeks, as tension lessened in this political sore spot. Now, once again, we have enterpointies sore spot. Now, once again, we have entered a period of waiting as a new Egyptian-Israeli crisis hinges. At the recent Bermuda conference, the United States and British delegations agreed with Nassar's contention that the United Nations ergency Force should be stationed on both sides of the Gaza Strip.

Dag Hammarskjold also agreed on this point with Colonel Nassar during their Cairo talks. The United Nations official asserted his belief that the UNEF should have the general responsibility for security in the area. But because Israel refuses to accept a U.N. patrol as a precondition for agreement, without similiar concessions from Nassar, trouble may flare up again.

But the new crisis extends even deeper.

But the new crisis extends even deeper. It is Nassar's befire that Egypt is entitled to blockade the Gulf of Agaba since no peace settlement has been reached with Israel. The Egyptian dictator recently indicated his intention of resuming this blockade as soon as possible. Prime Minister Ben Gurion of Israel has stated that any such move on the part of the Egyptians would be met with an attack but the Israeli carries of freet invactors is by the Israeli armies. Of great importance is Nassar's refusal to grant passage of ships bound for Israel through the Suez Canal. Again, Nassar uses the point of Israeli belligerency to defend his

position. Despite the fact that both the U.N. Security Council and General Assembly have endorsed free passage of all ships through the Canal, Nassar is holding fast to his policy of strict Egyptian control of the Canal.

Akthough tension had lessened in the past month, the Hammarskjold-Nassar talks have indicated that trouble lies ahead. There has been no indication that Nassar plans to abandon any positions and claims from which he can mount new pressure against Israel when his future military strength deems it advisable.

Coaches Ed Athey, Don Chat-tileer, and Tom Kibler all attended the Mason Dixou Conference meet-ing held in Richmond, Virginia, nthe 26th and 27th of March The conference sugguested that all conference baseball players wear the protective helments while bat-It will not be complusory to wear the helmet this year, but next year it is expected to be a conference rule. It is still questionable whether or not the Sho' nine will wear the helmet this season.

In this same conference meeting it was also decided that next year the Mason Dixon Basketball tourthe Mason Dixon Basketball tournament will be played one week earlier, so that the winner of the tournament will be able to represent the Mason Dixon in the N.C.A.A. Small College Tournament. This year St. Mary's represented the Mason Dixon Conference in a N.C.A.A. tonrnament game before they had actually won the Mason Dixon Playoffs.

There have been several suggestions that this apring we have an intramural tennis program. There are several possibilities for both a "singles" and a "doubles" tournament. Men and women not participating in var-sity tennis will be eligible. The athletic office has expressed in-terest in such a program, and they will try in any way to get the program started. Anyone interested should notify either Coach Athey or your truly. If enough students are interested full co-operation will be given.

Intramural softball probably will not be able to get underway until the last week in April, because daylight saving time does not begin until then. The rosters for this league will have to be in the athletic office by one o'clock Fri-day, April 12th. Thus there will be plenty of time for organization.

Last Saturday in the Navy-W.C. lacrosse game goalie, Herbie Moore, through good hustling and out-standing ability, had 28 saves against the hard shooting Navy This is an ATHLETES

Zeta Tau Alpha Captures Trophy

Zeta Tan Alpha captured the girls' basketball trophy for their permanent possession by defeating the Orange Freshman Team, on Monday, March 18, 58 to 28. Forward, Bobbie Dew, poured in 16 points for the Zetas, while Cassie Mackin hit for 12 points for the Freshmen. The Zetas were vistor-Freshmen. The Zetas were vistor-ious in all their games this year, and have won the trophy for three straight years, which is necessary in order to permanently hold it.

On Monday, March 25, Martha Cornog led the Maroon Freshmen with 19 points ,as they defeated the Alpha Omicron Pi team, by a score of 37 to 17. Jackie Stewart totaled 8 points for high for the

The Girls' Athletic Department was recently the recipient of a donation of money from Dr. Cochthran, a member of the Washington College faculty. This kind gift will be used to set up a tennis trophy for the tournament which is held each spring.

WEDNESDAY APRIL 3, 1957

Burns Tabbed 'Outstanding' By Coach Kibler

By Roy Henderson

"An outstanding college baseball ayer", said Sho'men baseball coach Tom Kibler, as he pointed in the direction of second base where an intense young man was busily engaged in the art of stopping ground balls. The object of Coach Kibler's praise was George Barry Burns, scrappy second sacker and captain of this year's Washington College entry in the Mason-Dixon pennant race. "Besides his value as a player, Coach Kibler continu-ed, "his enthusiasm and love for the game will contribute a great deal to the spirit and mental outlook of this year's team."

Burns Is Eight Letter Man

With the termination of this baseball season Barry will close a four-year career as one of Washington College's outstanding ath-letes. Barry has received seven letes. Barry has received seven letters in soccer and haseball and will graduate with a total of eight after the addition of this year's

Barry attended Patterson Park High School in Baltimore before appearing on the Chestertown campus. He lettered in soccer and

Barry Burns

haseball and was named to the All Maryland Soccer Team in his junior and senior years. He at-tained a similar honor in baseball as a senior.

Makes Shift To Keystone Sack "Spanky", as the agile infielder is sometimes called by his teamis sometimes called by his team-mates, was a shortstop under the Kibler system until midseason of last year. At that time he was switched to second hase to take advantage of his ability to make the double play and to make room for freshman Gus Skordas, whose arm was better suited for the long throw from the shortstop position

Coach Kibler has shown his con-Coach Kibler has shown ins confidence in Barry, a 282 hitter in M-D competition last year, by placing him in the third position in the batting order. It is traditionally in the batting order in the batting order. tional in baseball strategy to place the team's best hitters in the third and fourth positions. If first game performances are any indication, Barry, along with clean-up hitter Moose Mix, should provide the Sho' mea with a powerful one-two punch this season. Each collected two safties in the season's lidlifter

against Bates College. Besides being an outstanding athlete, the easy-going senior is one of the most popular students on one of the most popular students on campus. It has been said that Barry Burns has never said a cross word to anyone. In the opin-ion of his friends and teammates, a trner word was never spoken.

Sho'men Nine **Begin Season**

By Larry Symonds

The Washington College 1957 Baseball Team made its debut for the new season last Wednesday and posted a 10-7 victory over Bates College of Maine. The hitting was excellent for our Sho'men as they connected for 17 hits during the 9 inning fray. The pitching also showed promise, even though the four W. C. hurlers allowed 11 hits to the Bobcats. They were taking it easy most of the way due to the very cool weather situation that presented itself and pitched themselves out of bad spots when the need arose.

Mel Dotterweich started for the

Sho'men and did a commendable job in collecting the first win of the year. He allowed only 2 hits in his 3 innings stint which amounted to only 2 enemy tallies. Mel relied mostly on his fastball to conquer the opposition as his curve got out of control, but it was sufficient to do the job. Our only regrets are that he will be available for just three games this year due to eligibility rules. As a transfer from Loyola he cannot pitch in Mason-Dixon competition this aea-son but will be eligible for next year's play.

Outfield Play Is Good

The outfield combination of Russ Summers, Bob Bragg and, Lou Borbely handled itself well during the game and were constantly holding baserunners to the least advancement possible on hard hit halls. They did well at the plate also, with Russ getting 3 hits, one of these being a 2 run homer to left field, and Lon and Bob each getting one hit apiece.

The infield also looks to be a

safe bet as the four regulars slammed out 9 of the 17 hits. The only Freshman on the first team, Chick Presiman on the first team, Chick Perrotti, did very well for himself in his first college game as he col-lected 3 hits. Chick handles the hot corner well and bas one of the best arms on the team. He should do well this season, and with the experience gained, will be a main-stay on future Sho' teams.

Gns Skordas covered his shortstop post effectively and did well at the plate with 2 singles. Gus' play makes short-stop one of the strong spots of the '57 season. A-long with Captain Barry Burns and first sacker Moose Mix, these three will present a very good keystone combination.

Burns and Mix also did well at the plate with two hits apiece, one of them a double by the big first baseman, who also had 9 put-outs at first. These facts point to a well balanced, strong hitting in-

Lent And Hammood Handle

Catching Chores

Dick Lent, the number one receiver, handled the pitches well and made good throws in pickoff plays. His aggressive play and understanding helps the pitchers work out of tight spots and keeps team sunit alive. His understudy. Lee spirit alive. His understudy, Lee Hammond, showed he was capable of filling in at the backstop pos-ition as he put in 2 innings of fine work. Both will see plenty of action before the year's end. As mentioned before, the pitchers

did a good job and did some good clutch work. Roy Henderson took hitting for Henderson. Don is a over when Dotterweich left and scrappy infielder and a good little got into a bases loaded situation, man with the stick.

Navy Ten Tops Local Stickmen

Trackmen Host To PMC In Sat. Meet

by Bob Eissele

On April 6 the Washington College track team will open its 1957 schedule against P.M.C. This will be the first track meet held on Kibler Field in three years.

The meet with P.M.C. will be the ninth encounter between the two schools. P.M.C. has won five, including last year, while the Sho'men have taken three. Last year in three meets P.M.C. won five and lost three in Middle Atlantic competition. Dickinson, Ursinus, and Washington College were numbered among their victims.

Last year against the Sho'men, P.M.C. walked off with just about every event. With the return of many of last year's veterans they figure to be just about as strong as last year. In last about as strong as last year's meet, P.M.C. took first and second in the mile, two mile, 100 yard dash, high and low hurdles, and the half mile. Such stars as Smith in the mile, Wulff in the 100 yard dash, and Kane and Gentile in the high and low hurdles, will return again to try and repeat last year's per-formance. P.M.C. is so strong in the field events that they overcome any weakness in the running events. Last year in the shot put and discuss throw they placed first, second, and third. Walsh threw the discuss 133' while Wojowski threw the shot 44'10" which is near the school record. Both of thesa boys will return on April 6. However, there is some hope in the fact that Klotz, who won the pole vault with a 11' 3" effort and also won the high jump, has graduated.

The only winers for the Sho'men in last year's meet were Jim Potter in the quarter mile, Jay Cuccia in the 220 yard dash, and Ebe Joseph in the broad jump. It is hoped that with the experience gained by last year's members and the addition of some new boys, this year's meet will be somewhat closer than last year's.

With the nearing of the start of the new season, the boy's are practicing their special events, perfecting their styles, and correcting any errors that are noticed. It is hoped that the last few days will bring clear weather so that they may have a couple of good work out before the meet. With the out before the meet. With the thought of revenge in their minds the Sho'men may be able to atart their season off with a victory

but with determination he got the final outs with a run crossing the Don Miller stepped in for the sixth, pitched very well for his two-inning stint. Two innings later, Arnie Sten came in to finish ont the remaining two frames.

Arnie turned in a fine performance as he allowed no runs or hits.

Freshmeo Perform Well Don Davenport went in to take over the third base post in the seventh inning. Another fresh-man, Davenport shows good potential, especially at the plate. Don punched out a 2 base hit in the eighth to make a total of 10 hits collected by the Sho' infield. Dou Roland, a freshmen shortstop, heat out an infield single while pinch

After winning their opening game by an 18-10 decision over Ohio State, the Sho'men scnffled over to Annapolis where they met head on with Navy only to coma home with an 18-11 loss. The Blue and Gold of Navy; (even without the goat) proved too much for the Sho'men in the latter moments of the game as Navy in-creased the lead after the Sho'men nearly caught up in the third quarter.

This year's loss could be at-tributed to the same fact as last year's; manpower. The Naval year's; manpower. The Naval Academy simply outmanned us in the closing period. Fresh mid-fielders were too much for our battle worn men to cope with, causing a series of quick goals which made the game score rather lopsided.

W. C. Scores First

However, the game was really more interesting than the score indicates. Washington jumped off to a 1-0 lead early in the first period a 1-0 lead early in the first period as Buck swept one in at 20 seconds. Litsinger followed up soon afterward to give the Sho'men a 2-0 lead. Navy soon began pecking away, until in the third period the "Middies" had what appeared to be a safe and commanding lead. However, a new spark somewhat got into the Sho'men as they poured one goal in after another to narrow the gap to a single point in the

Joe Seivold played an outstanding game for Washington. He scored five goals and amazed the Middia fans by his versitile playing ability. Basil Wadkovsky, fiually overcoming an injury, added midfield strength and acored a goal to help the cause. Tommy Allen also acored at the cause was a strength and acored a strength and acored a strength and a strength Litsinger.
Goalie Herbie Moore made a

total of 28 saves but he managed to let 18 slip by which was too much for the Sho'men attack to overcome. The defensive unit looked good at times, in the game, but on occasions they appeared to collapse. This did not help Herbia much, and as a result he was peppered with shots in most of the

peppered with shots in most of the second half.

Navy Goat Displayed

Straight lacrosse was not the only point of interest on this snnny Saturday afternoon. At the firing of the pistol, which signaled the end of the first period, a trio of Sho'men fans raced onto the field with one of the Navy goats. This brought on cheering from the Washington faus and glum looks from the Middies. Right goat or not, the scene cansed a little confusion and colour which was all that was expected from the stunt.

This Saturday, April 6, the Sho'-

men travel to Baltimore to tangle with the Powerful Mount Washington team who tripped Army last Saturday by a 9-4 score.

For Golf Team

Varsity golf will be back on the Washington College campus spring for the first time since 1948. The members of the team have been practicing for several weeks under the capable coaching of Har-ry Russell. Coach Russell has been playing golf for about thirty years, and be is now president of the Chester River Yacht and Country Club. Coach Russell has also been a leading amateur golf-(Continued on Page 4)

Honor System

Continued from Page 1

not. Morality, obviously cannot be legislated. The very essence of the "honor system" is the absence of compulsion. There may be communities where compulsion is neces sary, but the college community is not one of them. Under com-pulsory systems, one does what he told to do because he is told to do it; under an honor system one does what he ought to do, because he knows it is what he ought to do.

The second reservation to the use of the term "honor system" has reference to the word "honor." One must guard against the possibility of building the term "honor" into an abstraction. Honor is not an idol before which one burns a pinch of incense or makes obeisances. The honor system means in a very practical sense, living with a profound regard for the reputation of oneself and others, for the values established by the group, and for the welfare of the whole community of which one is a part.

Some students have termed the honor system a "rat system" Such an opinion based on the misconception that the honor system is a new technique for uncovering those who violate regulations. This view is entirely negative. The purpose of the honor system is not to "rat", to "spy", to "stool", but something more positive. The purpose of the honor system is to prevent the kind of behavior, which needs to be reported-and a good working honor system supported by the whole student body is to do just that. On campuses where honor system is in effect, the number of cases of cheating on exams, stealing of personal pos-sessions, or other immature be-havior is much smaller that at other campuses where the honor system is non-existent. In short, the horor system presupposes that prevention is better than penalty, and is based upon the mature student's recognition of this fact.

But what about the cases where violations do occur? How are they handled? Here is where the in-dividual student's recognition of what he ought to do is important. Students who have learned their responsibilities under the honor system—and each incoming class must be educated to these respon sibilities-will realize that they are under an obligation to report themselves. Social pressures, as well as their own sense of moral duty, will compel them to do so. They will realize that they cannot live among a community of students, who are aware that they cannot be trusted. Some individuals, however, may not have the conrageand it does take courage—to re-port themselves. In such cases, it would be the duty of other students to remind them of the obligations within the code under which they live, and to help them to face those obligations.

selves either voluntarily, or after being reminded to do so by other students, must for the protection of the rest of the community, be reported. They have indicated their unwillingness to live by the standards of the college community. To let them get by with such behavior is to destroy the very fabric of the honor system, and of self-govern-ment. To protect such an individual is to remove all possibility of self-government for students, and will mean a reversion to a system of compulsion.

How Is An Honor System Operated?

Many students, probably most of the students at Washington College, are unaware of the fact that Washing College once had an honor system. An examination of the way in which the system worked may furnish valuable information for us. The Student Handbook of 1937-38 says, "The honor system applies to: a.) Personal conduct and individual responsibility in the classroom, hall, and campus, and b.) Personal conduct in all other such places as may involve either the honor of the individual, or the honor of the College." Sec. 11-"Violations of the honor system in academic work include everything which pertains to the procuring or of aid in any nature in scholastic work, whether in con-nection with examination, tests, or the wholesale copying of term papers, etc."

There are a number of colleges at which honor systems are now in existence that would help us in organizing our own. Some of these other colleges are: Johns Hopkins University, William and Mary, Princeton, The University of Vir-ginia, and Washington and Lee University. Of course none of these systems can be set down ready-made on Washington Col-We can profit from the experience of others, but we need also ideas which come ont of the conditions of our own campus life. In order to get ideas from our own Student body, the Student Govenment is encouraging all organizations to initate discussions within their own groups. We also encourage students in the dormitories to organize informal discussions. The ideas, which come out of these discussions, should be forwarded to the Student Government where they will be combined and dis-cussed in more detail.

The Student Government also encourages individual students, who have ideas concerning the honor system or questions to ask about system, to send them in to the ELM. Thoughtful comments will be printed in the ELM for the benefit of other students. The questions will be incorporated into a question and answer column. The important thing is to talk about this -to stimulate interest in the whole student body. This will be your honor system. What are you going to do about it?

The extremely small number of students who do not report them-kir Force.

Susan Elliott Phi Sig Queen

On Friday, March 23, Phi Sigma Kappa fraternity held it sannual Moonlight-Ball, and this year crowned Susan Elliott as its queen The dance maintained its reput ation as one of the season's most popular affairs with a good crowd on hand.

From 9 to 1 the music of the

Royaliares kept the dance in full swing. The highlight of the even-ing was the ceremony of crowning the new Moonlight Queen. Following this, the Phi Sigs serenaded their new queen with the "Moon-light Girl Song."

Chaperones at the affair were Mr. and Mrs. James, Mr. and Mrs. West, Mrs. Waddell, Dean Bradley and Mr. Dubnic. The president of Phi Sigma Kappa is Bob Colhurn. Don Messenger, vice-president, was in charge of the dance.

"THE MAGIC HORSE" TO BE SHOWN SUNDAY

THE MAGIC HORSE which will be shown in Bill Smith Anditorium, Sunday, April 7, at 7:30 p.m. is based on a primitive nature myth of Russian folklore. The story is about a small boy and his companion, a tiny horse possessing magical powers.

The film, backed by careful research and an authentic back ground, was produced in the U.S.

Golf Team

Continued from Page 3

er on the Eastern Shore for several years. Under such conditions the seven man squad expects to get off to a fair start after a nine year layoff.

Dick Irwin, who will captain the squad, has had a variety of ex perience in the golf game. He was a member of the Middle At-lantic P.G.A. Pro-Amateur Golf competition, and has played golf for thirteen years. He is a memof two country clubs in Maryland and has participated in many junior tournaments. Sophomores who are expected to see action are Stan Bailey, Ron Donb, and Bob D'Angelo. Stan is the most ex-perienced of these three and he should add much strength to the team. Juniors Harry Dundore, and Edward Chach are also expected to add strength to the squad. Antonio Rovira is the only senior on the team, and although he has had little match experience, his everyday experience is expected to make him a strong bidder for a

regular position on the team.

This team will play their first match on April 11th. This match will be played at home. All home matches will be played at the Chester River Yacht and Country

Tom Jones Views Grace G. Bennett

The Grace G. Bennett lies on her side in the shallow water beside the old steamboat pier at Crumpton, Maryland. She has been there since 1944. She is one of the few remaining commercial sailing vessels, those fascinating ships which "rest on the same foundation of wonder as the town of Troy and the temple at Delphi, and are as swiftly passing away." She is abandoned, and is every year in worse condition; soon she will no longer be safe for the Sunday antiquarian; any college student who is interested in the water should not miss seeing her.

She was built, I should judge, around the turn of the century, a fore and aft rigged, three masted schooner. She is close to 200 feet long, a narrow, shoal draft ship designed solely for use in the Chesapeake Bay. Her bardware her masts, her rigging are all com- era come alive again

plete, and it is possible to climb all over her and to get a very good idea of what she must have been even of her paneled captain's cabin.

She was in service until 1941, carrying freight up and down the Bay under sail power alone, when her skipper, to old to handle her, tied her up in Rock Hall. There she lay until 1944, when she was towed up the Chester River, past Chestertown, and on to Crumpton, about ten miles further up river At that time, she was still in seaworthy shape, though probably much of her planking was rotten. At Crumpton, unattended, she listed and sunk down into the mud of the bottom.

1 have spend many pleasant afternoons poking around the Grace G. Bennett. She gives an idea of what Eastern Shore life was as recently as twenty years ago. one should miss a chance to see her. has been removed, but her bowsprit, and to feel a vanished and romantic

Players Staged 'Difficult' Play

by Miss Gerda Blumenthal

The Washington Players made an unconventional and original an unconventional and original choice when they selected Vildrac's "S.S. Tenacity" for their March production. Yet, for all its beauty, this is not a rewarding play for any group of actors, let alone fairly inexperienced one.

The difficulty with the play this: its poetry, closely molded on and in its turn molding the spirit of the early 1920's in France is utterly devoid of rhetorical and even of dramatic efforts. It quiet-ly laments the distress of men who, having been uprooted, are being tossed about by chance lika "corks drifting out to sea" as they dream all the while of an unattainable happiness and freedom. And almost as quietly it prepares the small triumph of one man, Bastieno who, a little more courageous (or reckless, if you will) than the others, seizes the small chance of happiness that beckons to him right here, right now, by running off to make a new life for himself and the girl he has fallen in love with, tossing overboard all plans and all pledges.

Consummate skill would be needed to sustain, without causing bore-dom, the melancholy monotony of the small seaport bar-lone setting of the play—in which the wise old drunk Hidonx's meditations provide the background for both Segard's hopeless journey toward a dreamland.

I would have preferred to see did not quite master the problem the bar much darker, much gloom- of projecting it across the footier so that it might have contrast- lights

cellently contrived view through the open window, of the ocean and ships-symbols of dreams and hopes. Still, the set was attractive with its pale green walls and suspended fishing nets. Alan Easterby was an eloquent

Alan Easterby was an eloquent Hidoux. Bill Caldwell's Segand was gentle and sensitive but a little too lacrymose to interest us much in what was going to happen to him. Sandy Sandison, who played Bastien, had a pleasant gaiety but lacked both the firmness and the ardor which the part demands. (Both men wore suits more suggestive of midwestern tourists than of Parisian work-men.) An appraisal of Sandison's performance would be incomplete, however, without warm recognition for his valiant acceptance of this difficult only two weeks before the play opened. Mary Florence Burplay opened. Mary Florence Bur-nett was too cautious in her ap-proach to the part of Therese. She was fairly successful in con-veying Therese's tenderness for Segard but then failed t communicate the girl's vehement pas-sion for Bastien. But her performance had sweetness and appeal. Norris Hazelton was delightful in the minor role of the sailor, Regina Jerumanis good as Madame Cordier.

Bobba Norton, the director. showed a basic affinity for this essentially and delicate play which is full of understatement, but she

1957 Stunt Night Is Student Success

On Tuesday, April 9, the Senior Class of Washington College pre-sented it's annual Stunt Night.

In using the sundry talents of the fraternities and sororities as well as those of the individual acts, its was once again demonstrated that this is one of the most popular activities on Campus. Ollie Beall, president of the senor class, and vice president Mike Kochek, put their heads together and came up with one of the most outstanding stunt nights seen in these parts in a long time. These two proved that they knew what they were doing when they selected a very capable Jim Bowers to M.C. their show. Opening with a take off on the Jackie Gleason introduction, Jim kept things moving right along until the final awards were handed out.

The toughest job of all was that of the judges who had to make the final selections in order to award the trophies. Each of the acts showed imagination, talent, and a great deal of preparation.

The award for the best individual act of the evening went to Martha Cornog for her interpretive dance to "Slaughter On Tenth Avenue." Honorable mention was given to the Tony Byles String Quartet.

The presentation of the award for the best group act of the evening went to Phi Sigma Kappa for their satire on college rules entitled "Progress." Bob Colborn accepted the trophy for the fraternity.

In winding up the evening's pro ceedings while waiting for the judges' decision, Jerry Levin, who can always be expected to give a good account of himself, held the audience in the palm of his hand while he gave a serious rendition of a poem entitled "The Kid."

Mr. James Takes Leave Of Absence

Mr. Norman James, who has been a professor of English at Washington College for six years, has been granted a leave of ab-sence in order to complete his doctor's degree. Having passed his oral exam, Mr. James is doing his written work now. Mr. James will be in Baltimore, Maryland writing his doctoral dissertation which he expects to finish in a year. The theme of his dissertation is "George Bernard Shaw." He will receive his degree from Duke University in Durham, North Car-

The Board of Publications annunced this week that it had appointed Miss Toni Stallone to the post of Editor-in-Chief of The EAM editorial staff will be named later, but she has already indicated that Tom Short, sports editor at the present time, will be reappointed to that position.

Dratch, a junior from Danbury, Conn., will succeed Roy Pippen as the ELM's Business Manager. In addition to his present post as the paper's Circulation Manager, Dratch has written for both the feature and sports departments.

Dundore, a junior also Cockeysville, Maryland, will make ap-pointments to his editorial staff in the fall of 1957. He will succeed Bob Penkethman to the post.

Cleaver, a junior from Kennet Square, Penna., has gained experience in handling the yearhook's finances by assisting Dick Farrow the present Business Manager.

Dr. Erk Awarded Research Grant

The National Science Foundation, an agency of the U. S. Government, has awarded a research grant of \$5000 to Dr. Frank C. Erk, associate professor of hiology at Washington College, President Daniel Z. Gibson annonneed today.

The grant is for the support of basic research in the field of genetics for a one-year period com-mencing in June. The program will be carried out in Dunning Science Hall, on the college campus

Dr. Erk will use chromatographic techniques to study the genetic control of differentiation in Drosophila, the fruit fly. This insect has been widely used to investigate many basic problems of development and basic problems of development and inheritance. The grant will pro-vide for special equipment and chemicals, supplies, and research assistants during the period.

assistants during the period.

Dr. Erk has been associated with Washington College since 1952, when he received his doctorate in genetics at The Johns Hopkins University under Dr. Bentley Glass, a leading scientist and author. Last summer Dr. Erk didresearch work at Johns Hopkins under a grant from The Lalor Econydation. He spent, the 1954-Foundation. He spent the 1954-1955 academic year as a visiting professor at the University of Chicago.

S.G.A. Officers Are Given Oath

On Thursday, April 25 the new officers of the Student Council were officially sworn in Robert Col-burn will preside over the student government next year. On accepting the gavel, he expressed his appreciation to the student body, and his hopes for a successful year with the new officers.

The other officers who were installed were: John Davie, vice-president; Toni Stallone, secretary; and Charles Downs, treasurer. The class representatives are as follows: Senior class: Jay Cuccia and Robert Cleaver; Junior class: Nancy Mullikin and Charles Lyons; Sophomore class: Cassie Mackin and Robert Warren.

Tuition Rise An Imperative Move

by Barbara Holmead

In the past years, Washington College's tnition, room and board rates have been considerably cheaper than those of institutions that are compared to Washington College. This year, however, due to circumstances beyond the control of the college, the administration feels that it is imperative to raise the tnition in order that the stand-ards of the college do not go down.

The increase in the tuition will cover only a raise of the salaries of the faculty, which at the present time are not comparable to the faculty salaries of other colleges. Washington College has an ex-cellent faculty at the present time, but other jobs elsewhere offer more money, and unless the salary scale is raised, the members of the faculty would profit by accepting another job.

This year the tuition will be raised \$50, and beginning with the fall term of 1958 the tnition will be raised another \$100, bringing the total to \$800. The charge for the rent of a room also has been increased, the new charge being \$220 an increase of from \$25 to \$35, depending on the location of the room. The total increase of attending the college is from \$175

Students who are attending Washington College with Senatorial scholarships will not have to pay the difference between what they now receive under the scholarships and what the increase is. This applies only to the students who have full tuition scholarships. Those students who have acholarships that cover only their room and board will have to pay the increase, and the students who have tuition scholarships will have to pay the raise of the room and

Greeks Vie For Friday, May 10

On Friday, May 10, the annual Song Fest will be held in Bill Smith auditorium. There will be a trophy awarded to the winning sorority and one to the winning fraternity

Each group must sing a de-signated song in addition to their own choice. "Sleepy-time Gal" is the selection for the sororities and "Stouthearted Men" will be sung by the fraternities.

The winner is chosen not only for its vocal ability but for the arrangement of the song, the ap-pearance of the group, and the director's ability.

Phi Sigma Kappa has taken the fraternity cup for the past few years. Alpha Omicron Pi won the sorority cup last year, taking it from Zeta Tau Alpha, who had held it for three years.

Dr. Willard To Speak At Science Exibit Tomorrow Night

The annual Science Exhibit sponsored by the Society of Sciences of Washington College will be held on Thursday, May 2, 1957, from 6:30 to 10:30 P. M., at Donning Hall. There will be exhibits from all of the science departments, plus movies and a guest speaker, Mary L. Willard,

Sten Elected To S. S. O. Presidency

Sigma Sigma Omicron announced the election of Arnold Sten as president for the 1957-58 college year. Kathleen Brackett will serve as vice-president and Sue Brunk will take over the office of treasur-er. Dr. Gerda Blumenthal was elected to the office of secretary.

The organization's first act

under the leadership of the new officers will be to initiate two new members, Ann Fallowfield and Myra Bonhage. After initiation, a social hour will be held for student and faculty members of S.S.O. and invited guests At this time, the group will discuss ways to make the organization a more functioning one.

S.S.O. is the honorary society for juniors and seniors with a cumulative of 2.25 or above. Mem-bership is taken from the junior class and if the quota of 25 is not filled, seniors are eligible to be-come members.

Sororities Plan Dance For May 11

Closely following I.F.C. weekend, the Inter-Sorority dance, the last big occasion on our social calendar, will be held on May 11th, in the Russell Gymnasium. The Johnny Mussell Gymnasum. The Johnny Moran Band, of Baltimore, has been scheduled to provide music for the dance. This semi-formal affair will begin at nine and con-

tinue until one.

A highlight of the occasion will be the presentation of a song by each of the three sororities.

Players Prexy Picked

Bill Shortall has taken over the presidency of the Washington Play-ers as a result of the elections held on Thursday, April 11. Mr. Short-all, Sophomore, will take the place

of Pete Riecks.

At the same meeting, Eleanor Sewell was elected secretary and will replace Anna Lney Allspach. Miss Allspach was elected to the position of treasurer.

professor of Chemistry at The Pennsylvania State University. There will be no admission charge. Refreshments will be served after the lecture.

Well known in the field of criminalistics, Dr. Willord will speak on "Murder and the Micro-scope". A native of Pennsylvania, she attended The Pennsylvania State University where she re-ceived her B. S. in 1921, her M. S. in 1923, and then went on to com-plete her doctorate at Cornell University in 1927. Dr. Willard has held numerous positions at Penn State where she is now professor and advisor and scheduling officer to all women students in Chemistry, Ohemical Engineering, Physics, Pre-Med. and Science. As a member of many honorary academic societies, in which she often held the office of president, plus a long list of activities in various pro-fessional societies, her record is quite impressive.

Both before and after the lecture. which is from 8 to 9 P. M., the exhibits will be conducted. The Biology department will feature an exhibit concerning a "Survey of the Animal Kingdom", covering the simplest protozoa to the complex mammalia. Chemistry exhibits will center around general chemistry largely, including such interesting topics as chemical processes in photography and in pre-paring blueprints. Criptography will be the theme of the mathematics department, while the people matics department, while the people from the physics lab will show ns experiments on the transfer of energy, the stroboscope, and the spectralermonium. There will be a pshchology exhibit and such subjects as mirror drawing, monocular-binocular discrimination, retinal color zones, two-point spatial discrimination, and varous types of mannal dexterity.

There will be two showings of the films "In the Beginning" and "Paper Work", the latter being concerned with the varous paper making processes.

Dr. Manson Of Mediation Board To Address Labor Class

Or. Julius J. Manson, Executive Director of the New York State Mediation Board, will adress the labor problems class and interested guests on Saturday at 9:15 a.m. in Dunning Hall.

Dr. Manson is a member of the New York Bar and has his Ph. D. in Economics from Columbia Universit. In addition to his extensive experience in meditation and arbitration in labor disputes in New York state, he has carried teaching responsibilities at Columbia Uni-versity, the New School for Social Research, and New York University.

The labor problems class also visited the headquarters of the National Association of Manu-facturers, New York City on April Officials there described the functions of the organization to

Editorially Speaking

A Word About Spring

Work is the least o' my idees When the green, you know, gits back in the trees.

James Whitcomb Riley could very well have been using these lines to interpret the thoughts of most college students during this time of year. And when spring makes its appearance at Washington College, it changes the campus into a bright green and rustic red paradise and the students into unindustrious dreamers.

The long warm evenings give the students a sense of freedom and initiate dreams of the coming summer's experiences. Intramural softball games fill the after-dinner hours. A co-ed turns to thoughts of bermuda shorts and boys; a college man turns to thoughts of baseball and love. Afternoon trips to the beach and to the Bird enliven the days of these few short weeks before vacation. The these few short weeks before vacation. The weekends are jammed with dances and other social functions. Sunday afternoon usually brings a general turnout to Tolchester for a big beach party.

'When the green gits back in the trees" college students begin to adhere, sometimes unconclously and sometimes quite conclously, to Riley's cry, "work is the least of my idees." The temptation to "have a ball" sometimes overcomes the best of students. Studying almost completely ceases and grades begin to flounder. For many students, this spring slump spells defeat.

It is at this time, four weeks before final examinations, that we must take stock of ourselves and brace ourselves for the stretch run. We must recognize the importance of hard work in our studies during this time when it is so easy to slack off. The extra labor that is exerted will pay off now and in the future.

Participation in campus affairs and other informal student activities is important but classes are still most important. Keeping a balance between scholastic and extra-curricular activities is perhaps the toughest decision to make in college life. Both are essential for a well-rounded education. But if one of these must suffer during glorious springtime, let it not be your bread-and-butter—your studies.

IMPRESSIONS FROM THE MISCELLANY

by Dr. Alba H. Warren, Jr.

Creative writers, so they say, know more about us than we do ourselves. What sort of reflection do we get from the Spring issue of the MOUNTVERNON MISCELLANY? First Spring issue of the MOUNTVERNON MISCELLANY? First and foremost, we are lonely, "a sprig of wing-wash—ripped from the white-gold whirligig of the world's spring-month". The heroes of both Mr. Lester's and Mr. Down's stories die alone and incommunicable. Then, we are wounded: Mr. Lester's protagonist lies in a hospital, laid low by an ignominious baseball bat, and all three of the characters in Mr. Jones' story are crippled, for the narrator, too, drives a crippled car.

Reason is ineffectual. Philosophy 214 does not save Mr. Lester's "Thinker" from madness, and Mr. Jones' rationalist lapses into sentiment. "Crazy saneness of a thousand centuries", Mr. Kruse begins a poem. Science? Mr. begins a poem. Science? Mr. Jones' and Mr. Lester's heroes skipped college math. Christianity? Mr. Gates' skilful and ironic little

Mr. Gates' skilful and frome little poem proves that sex is more powerful than prayer.

What is the answer? Our wills flaccid, we wait for something to happen, for "Understanding eyes" to call and break open our hard, dry hearts to love (Mr. Kruse), to "stumble into" a job ((Mr. Jones),

But still, we are questing: Mr. for "the waters" to "roll pacifically out to sea" (Mr. Downs). What first job and Mr. Downs' asks, "Are (civilization's) goals unconquerable to the average man?"

Mr. Kruss offers to take Downs). Mr. Kruse offers to take us "Beyond Irony" with the command, "Love God", but he has already suggested that is precisely what we can't do. We all seem to be committed alike to "hosboos", in Mr. Jones' expressive word, even Dr. Reichard's dog. The word, even by recently a solution here is presented in Mr. Mouseley's prize winning "Polarity", a poem really distinguished in its handling of pictures and sounds, a fresh state-ment of the transcendental cycle of life (with a nod at Emerson)

As Man drinks the wine for mishap, so with mud he buys his soul.

Spotlight On A Senior

Elm Editor, Sports Fiend

Joan Waldeck

The Senior Spotlight this week falls on James (Dixie) Walker, the retiring editor of the ELM. Dixie began reporting for the college paper when a Sophomore and was made Sports Editor in his Junior year. He is also Co-sports Editor of the PEGASUS. Dixie from Aberdeen, Maryland, is an English major and a member of Kappa Alpha. This friendly guy definitely has sports on the mind. He has played soccer for W.C.

James (Dixie) Walker

during his three years here and also plays in amateur soccer and base-ball leagues at home. Dixie's plans for the future are naturally centered around sports. He hopes to go into newspaper work in the sports writing field, and his great amto someday write for the SPORTING NEWS, baseball's trade paper. Dixie may well be on his way already, as he pos-sesses a library collection of sports information and material, which would be highly valued by many of the sports writers of today. His collection consists of all types of (Continued on Page 4)

Jones Presents Pros and Cons Of Honor System

by Tom Jones

In the feeling that the proposed honor system was not adequately presented in the last issue of the ELM, I would suggest:

PRO: 1) The honor system is good in that it emphasizes the essentially moral nature of honesty. It impresses the student with the idea that cheating is bad, whether discovered or not, a point often disregarded. 2) It takes a often disregarded. 2) it takes a load off the faculty. Like the student council, it relieves the faculty and administration of mechanical routine; the teaching load being what it is, any way of the students relieving that load is a good thing

CON: 1) It destroys school spirit. All honor pledges, to be effective, must have a "rat" clause, thus setting up students in judgment upon each other (as in the judgiagree compility). judiciary committee). Student unity IS school spirit. However, the importance of such spirit is usually overemphasized. 2) It creates a conflict of loyalties. Rat clauses, without which the system will not work, set up canflicts be-tween honesty and friendship, often damaging to the student's peace of mind. 3) It implies that, off cam-pus, when you are not pledged to honor, you may cheat as much as you like. 4) It insults the honorable student, by implying that he is not on his honor unless he has signed a pledge to that effect,

There are significant points to be made both for and against the honor system. As for me, I'm agin it, because, in the manner of Thoreau, I don't like to sign things.

As I See It

Racial Problem **Tests Virginia**

This year the state of Virginia is marking the 350th anniversary of the founding of the first permanent English colony. Events are sched. uled throughout the summer and will be climax ed in the fall with the festive and gigantic celebration at Jamestown. As an adjunct to the 1957 Jamestown celebration, the Virginia State Chamber of Commerce is holding a dinner on 17 to honor distinguished sons and daughters of the

The Chamber of Commerce has ambarrassinbly discovered thet, "through clerical errors, "five Virginia born Negroes have been invited to the widely publicized repast, The invitations went to Rev. William Gray of Philadelphia; Dr. St. Clair Drake, Rooseof Philadelphia; Dr. St. Clair Brake, Roose-velt University professor in Chicago; Dr. Clilan Powell, New York publisher; Mrs. Ella Stewart of Toledo, Ohio; and Judge Edward Dudley of New Yory City's Domestic Re-lations Court.

Unfortunately, Governor Stanley, after con-ferring with Chamber of Commerce officials, felt oest interests of all concerned." Powell, Drake, and Mrs. Stewart have acceded to the withdrawals. Judge Dudley and Rev. Gray have indicated that they will attend.

No one recognition. that the invitations should be withdrawn "for the best interests of all concerned." Powell, Drake,

No one recognizes more than I that the problem of the South's readjustment to a non-segregated life will teke time, petience, and understanding. But this seemingly small episode could pave the way for Virginia, traditional leader of the South, to make an attempt to begin the huge task of equalizing the races in this area which has been torn by the pains of readjustment to social patterns.

Having muself come from a family of Virginian of Virginian purself come from a family of Virginian purchased.

Having myself come from a family of Virginia ancestry, I am confident that the nature of conservative Virginians will allow cool heads to prevail on May 17. If they choose to attend, I am certain that Judge Dudley and Rev. Gray will be seated at dinner and treated courteously.

easter bunny tells us he had quite a bit of traveling to do in order to deliver w.c. eggs....tom stallone, kaki brackett, leslie hoffman, sue weyer, joan hubbard, loretta pouder, nancy merker, and the bonhage sisters received their easter baskets in florida, while bobbie dew and "shocks" wore their easter finery in north carolina...anne funkey surprised to find spanish-speaking rabbit in cuba. "totter" spent her easter in new york—didn't get much of a chance to see the "big city" but enjoyed the parties and the new york accents....harry dendore passed up egg-rolling contests for a fishing contest in the bahamas - unfortunately, he caught nothing but a sunburn...friend rabbit really had a hard time finding carolyn walls in her new home on a farm ..

many congrats due: joan russell has got quite a sparkler...two pinnings: unn carol and jack, em and josh...special congrats to judy mccready, k a rose-best of luck in the national contest, judy

seems we have a least one w.c. student who doesn't like to see his name in print...he's been sending threatening letters to the editor...mr halley, is that a nice way to treat dixie?!

Famous Last Words at W. C.

I need 2 B's and 3 C's to graduate

I really shouldn't go to the Bird tonight. I took all my winter clothes home because I think it will get warm now.

I'm taking my books to the beach so I can study. I can't jitterbug until I get to feeling good. We're only going to play one hand of bridge He won't give a yellow sheet today; we've had two already this week.

He doesn't turn in cuts. What's for dinner?

This year's intramural softball season got underway on Monday night. Eight teams have entered the league and the competition should be very close. The Bluebirs are back in the league and as usual they look as though they are team to beat. The Birds should have good pitching in Joe Sievold and Ed Athey. This should prove to be their strongest point.

The K.A's who are last years champs, are having pitching problems, but they hope to compensate for this weakness through their for this weakness through their batting power. Jack Meager and Dick Lester will be expected to supply plenty of power at bat, while Tom Halley, Tom Crouse, and Quint Parsons attempt to hold down the pitching chores.

Lambdi Chi has registered two teams in this spring's intramural competition, and both squads seem to have upset potentials. They have named their teams, the Argonauts and The Burgraves. The Argonauts will have such intramural standouts as Hurt Derringer, Sam Macera, and Bob Penkethman, while the Burgraves will lead by Charles Stow, Jerry Caporoso, and Al Sharp.

The Phi Sigs have looked better in all intramural sports this year, and they look as though they will have a successful softball season. Bill Collins and Dick Reilly should give opposing pitchers a lot of trouble. The All Stars, Leviathans, and Redbirds round out the league. The Leviathans and Redbirds are composed mostly of freshmen while The All Stars are an independent team of upperclass-

Coach Athey has announced that there will be a board of students to govern all intransural softball play. The board will consist of an elected chairman, and a voting representative from each team in the league. Rule changes for softball will necessitate a majority vote providing a quarum of four are present. The representative from the athletic department will at in an ex-officio capacity only.

Congratulations to Joe Seivold country. Joe now has 26 goals against college competition, while Chuck has an even 20

Mark Diashyn scored a total of 35 points in two dual track meets This is an ATHLETES FEAT.

Girls Select All Star Cagers; Then Begin Spring Sports

by Kathleen Brackett At a recent meeting of the Board of Managers the Honorary Basketball Varsity was selected. Forwards are Anna Lucy Allspach, Toni Stallone, and Janet Disney, Billen Jo Sterling, Jane Rayner, and Kathleen Brackett are the guards. Homorable Mention went to Emily Brimer, also a forward. Anna Lucy Allspach was also voted Most Valuable Player for the sec ond straight year. This year Anna Lucy totaled 72 points in four games, averaging 18 points per

Clads Face C. U. Here Today

Jay Cuccia Out With Leg Injury, But Mark Diashyn And Other Freshmen Look Promising

by Bob Eissile

The Sho'men track team engages Catholic University today on Kibler Field. This will be the third duel meet of the year for our track men.
In their first two meets the Sho'-

meet strong competion in C. and Western Maryland. P.M.C. had too much strength in the field events for our boys to overcome. The day was not a total loss as Mark Diashyn proved to be one of the strong men of the club, and gave every indication of ing a outstanding runner in future

John Hort, of Western Maryland, one of the best runners in the conference, led the Terrors to victory over the Sho'men. Western Maryover the Sho'men. Western Maryland has one of the outstanding teams in the conference and con sidering this the Sho'men didn't do too badly. Again Mark Diashyn was Washington College's standout. The Sho'men were not at top strength due to the loss of sprinter Jay Cuccia, who sub-stained a pulled muscle against

Last Saturday the team travelle to American University to compete in the Mason-Dixon Relays.

However, Roanoke College from Virginia, took the limelight as they eaptured first place in six of the eight events. Washington Coleight events. lege took fourth place in the 440 and 880 relays.

Catholic University, who will face our thinclads today on Kibler Field, appear to be a tougher foe than either of the previous op-ponents. They are stocked with talented runners. The Sho'men may be able to pick up some points

Mark Diashyn is the leading Sho' track scorer.

looked promising in the recent

Catholic U. will he bringing a defending Mason-Dixon champ and a boy who was second in the championships last year. The defending champ is John Liebert, who won last year in the 100 and 220 yard dashes and is undefeated in the last few years. Another C. U. standout, Madison, was second in the half-mile and mile at the championships and was impres-sive at the Mason-Dixon Relays on Saturday. C. U. also has a very good quarter miler by the name of Mathews who has been clocked at 50 second. Their miler and two miler, Nelson, has been timed at 4:36 and 10:28 respectively He also ran cross-country. Catho lie University appears to be as good as in previous years which means the Sho'men are in for a tough poments. They are stocked with talented runners. The Sho'men afternoon. In spite of this undermay be able to pick up some points in the field events. In this departthenent, C. U. has only average support of the students may be material, while Ed Kieffer has

and Chuck Buck on, being in the top ten lacrosse scorers in the country. Joe now has 26 goals Conference Teams

Thus far in the spring season by a 8-1 score. Ollie Beall lost the Washington College tennis team his first match of the year as the has picked up two victories while losing the same number. The first win of the season came over Elizabethtown by a 5-4 count. Inspite of the hampering cold weather and strong winds early in the season the Sho'men went on to win their second stright match. This win was posted over the visiting Mount St. Mary's squad, by a score of 6-4.

' Riding on their 2 and 0 record, the Sho'men welcomed the visiting Randolph-Macon squad and as a result felt their first defeat of the year. Randolph Macon won easily

April 30, and games, which will be scheduled a week later. Each sorority and two independent teams will play on the field beside Dunning.

The Ping-Pong Tournament has already been completed with Kathy Rayne emerging victorious. Both the badminton and tennis tourna-

teams number one man. He was heaten by a very talented Wayne Adams.

In hopes of getting back to their winning ways the netmen traveled to Western Maryland last friday hut they were again defeated by a very powerful team who had beaten Loyola the previous day. The score was 9-0. Jim Lewis cur-rently playing number five lost his first match of the year.

PLAY HERE TOMORROW

The Sho'men will be playing or their home courts tomorrow, Friday, and Saturday. Tomorrow Towson will play here, and they will be followed by Lynchburg and Johns Hopkins respectively. All three matches should be very in-

Moore had 37 saves againist B. U. last Saturday, as bases his opinion also on he continues to be one of the outstanding goalies in the country, about the oncoming contest.

Kibler Nine Faces Towson

Sho'men Lose To Navy, But Flash Winning M-D Form: Mix, Summers

Star At Bat

Sho' Stickers Hopes High For W&L Test

After being felled by the pow-ful Mount Washington Laerful Mount Washington La-crosse Club, our Sho'men came home to prepare for the spring vacation schedule. First on the list of opponents was the undefeated Hofstra team who had beaten Washington and Lee the previous week in the second half of a twin bill at Norris field in Baltimore. The Sho'men sur-prised the New Yorkers for the second year in a row as they came from behind in the final quarter to beat them by a 10-8 score. All American Joe Seivold took quite a beating but his tremendous fighting spirit brought him through the gruelling con-test with a total of five goals.

The team then went to Baltimore to practice for the rest of the vacation. In the remaining days of the week before Easter Sunday the Sho'men trounced Delaware 19-6 and then tripped Swarthmore by a 10-9 score. The record for the spring vacation stood at three wins and no losses, with the Hofstra game going on the books as a major upset

B. U. Swamp Sho'men

Riding on the heels of three fine victories the Sho'men squad then broke up to go to their respective homes for Easter Day. On their return they immediately settled down to the task preparing for the Baltimore University game. Baltimore University, having a great season, sent our Sho'men home broken every way, except in spirit. The lone performance of which the Sho'men could boast in this game was Herbie Moore's starring role in the goal. Herbie was fine form as he accumulated a total of 37 saves. W. & L. Here Saturday

With the Washington and Lee game looming in the near fu-ture the Sho'men are again in the midst of preparing for battle. This game should prove to be the this game should prove to be the best and most exciting encoun-ter for our Sho'men this year. The Generals, as they are known, have beaten Williams, Loyola, Dartmouth, Delaware Colgate. As of April 18th their only loss was to the class "A" Hofstra team.

On Sho'men have beaten Ohio State, Hofstra, Delaware and Swarthmore, while losing to Navy, Mount Washington and Baltimore University.

Co-captain and first string

Co-captain and first close-defenseman Roy Pippen feels that the high flying Generals can be spilled and further-more he feels that we have the team to do it. Last year the Generals beat us in the final Generals beat us in the final quarter with 30 seconds to go. Therefore, since they have relatively the same team, Pippen feels that we can take them. Roy feels that the overall spirit of the team towards the game will be a deciding factor, so he bases his opinion also on hearing

by Larry Symonds
Ten down and seven to go, is the
way the basehall season shapes up
at this writing. After the loss
to Navy Monday afternoon, the Sho'men record stands at 6 and 4, with a 4 - 2 mark in Mason-Dixon with a 4 - 2 mark in Mason-Dixon competition. They renew Mason-Dixon play tomorrow at 3 P. M. with Towson State Teachers on Kibler Field. The starting pitcher for this game is not yet known, but it could be either Don Miller (1-1), or Roy Henderson (1-1). This afternoon's game will see either Jack Becker (0-0) or Al Rayne (0-0), go arrives the Phys. Rayne (0-0) go against the Blue Hens from Delaware U.

Russ Summers Homers

Russ Summers Homers In the contest at Annapolis Mon-dny, Mel Dotterweich (1-1) op-posed the Midshipmen and lost a tough one, 6-3. The Middies had 9 hits off Mel, all singles, while the Sho'men collected 9 of their own, one 4 bagger, a double and a triple. The homer came off the bat of left fielder Russ Summers in the three run seventh. Russ leads this department with 2 to his credit, The other two extra hase knocks came from Captain Barry Burns, the triple coming in the seventh to drive in Gus Skordas. Barry then scored when Lou Borbely then scored when Lou Borbely banged out a single. This ended banged out a single. This ended the scoring for W. C. when Bob Bragg flied out to left field. Trounce West, Md., 17-3 Other games played this last month — n double header with

Mt. St. Marys here with the Sho' men won 4-0 and 16-0, a road trip in which 2 games were rained out but the third was won 7-3 over Elizabethtown of Pennsylvania, a split in the double header with Baltimore U. 2-5 and 6-0, a bad defeat at the able hand of Randolph Macon, 10-0, a hig win over Western Maryland 17-3, and loss to West

Chester Teachers, 6-2.

The remaining games present quite a formidable schedule with the afore-mentioned Delaware U. game, Towson State, Lynchburg here Friday, Johns Hopkins and American U. here Saturday and next Wednesday. The season's final comes at Evergreen with Loyola April 11, a double header.

Mix Leads Hitters

First sacker Moose Mix has pulled into the lead in team batting and sports a lofty, 424 average. Not too far behind is freshman

Moose Mix leads Sho' batters with 424 hitting mark.

third baseman, Chick Perrotti Chick is now holding a .406 B. A. but has dropped from a high .476 in three contests. Shortstop Gus Skordas enters a competent .306 into the fray for his contribution, and it is good enough for third. Gus has been well over the .300 mark throughout the season, and comes in with that important clutch

binble when the time arrives.

This rest of the team hunched around close under this .300 mark, close enough to help give an over

Fourth For Bridge?

In the life of every bridge player usually has an inferiority complex there is a constant need for an integral part of their unit—a fourth. Searching for a fourth is hecause 1) she can't think of anysomething like a pot-luck dinner— you might be satisfied and ther again you might get a stomach ache. There are many kinds of fourths, some of which I would like to characterize.

The serious bridge player is out to win. Bridge is not a social game but another proof of his general superiority. He is most likely to stress the mathematical beauty of the game. The game is played with an unsmiling face showing the unlimited concentration that is needed. Ocassonially he breaks out into a frown or grimace or other facial expression showing the seri-

onsness of the situation.
In direct contrast to the serious player, is the playful fourth, Bridge to this person is a laughloaded pastime. Cards are ex-changed under the toble, indiscree questions as the quality of his partners suit are asked, and complete bedlam is set 1 loose if he gets a bust hand, which usually results in a hilarious game of 52 pick-up. The serious bridge player is likely to draw a knife on this type of

Then there is always the fourth who "KNOWS IT ALL". He keeps a helpful running commentary on a neproti running commentary on the game something like this— "now he will play his jack and I will put my King on it and I know his Queen will fall because he has his Queen will fall because ne may a singleton. Now the other guy will play his duece of clubs and I will take it with my ten" etc. etc. for the entire game. This type of fourth is also a great kibitzer. He is the player who always distresses his partner by putting the card out on the table foce down that his partner ought to have sense enough to lead. Here, the sense enough to lead. Here, the after discussion of the hand takes with the as much time as the playing of the hand. His partner guy who's sure to succeed,

thing to say other than one club, two hearts or a no trump or 2) she has the greatest hot news yet. With this type of fourth, one hand may take a half-hour. Bids are repeated over and over as inter-ruptions keep her busy.

Therefore, a bridge player should sometimes take heed from the genius of bridge, Goron, who once said, "A fifth is sometimes better than a fourth'.

Dr. Gibson Attends **Meeting In Poconos**

by Barbara Holmead The president of the college, Dr. Daniel Z. Gibson, attended the an-nual meeting of the Committee on Higher Education of the Middle States Association of Colleges and Secondary Schools that was held from April 25 to 27.

The main topic of the meeting which was held at the Sky Top Club in the Pennsylvania Poconos was to act upon the accreitation of the policies of the association

Saleman For W. C.

The man whose bu

The man whose husiness it is to sell Washington College to prospective students is Mr. J. Stewart Cox, the Assistant Director of Admissions. From December 1 to May 15 of last year, Mr. Cox visited 165 schools, and travelled 15,000 miles within the Middle Atlantic State area. His main joh is interviewing high school administrators, guidance councelors, and students, to interest them in Washington College. Although Mr. Cox feels that it is important Although W. C. to become well-known locally, he hopes later to geographically expand the reputation of the He believes that having more out of state students will re sult in varying relationships and bettering competition among the student body. Mr. Cox plans to visit 250 high schools this year, and predicts that within a very few years, 50% of the Freshman class will be composed of out-ofstate students.

148 Prospective Students Accepted

Bob Moore

Mr. Ermon N. Foster, Registrar, announced that as of May 1, fiftyone accentances have been received from prospective new students of Washington College.

As has been the case in the past the majority of these students will come from Maryland, the remainder heing from hordering states and also New Jersey, New York and New England.

The college is deviating this year from past admission procedures in that a great deal more emphasis will be placed on college board exams, with the majority of the new students taking such exams. The following year ('58-'59) all new students will be required to take the college board exams. This new policy is in keeping with the majority of the nation's better schools and colleges which in recent years have placed more stress on the results of these exams rather than the studen's marks in high school. It has been found that these exams give a better indication of the student's probable success or failure than the old method could indicate although a great deal of attention will still be paid to the student's work in high school, rank in class, and the recommendations of their principals and guidence counselors.

Mr. Foster expressed a great deal of optimism over the prospects of the future freshman class saying, "The picture looks greatly improved."

Dr. Armstrong's Four Fraternities **Book Reviewed Hold Annual Dance**

by John Messerall

Dr. Armstrong, Chairman of the History and Political Science partment, has written a book about a period of great turmoil in Ameri-ca. It is called E. L. GODKIN and AMERICAN FOREIGN POLICY, 1865-1900.

Godkin was the editor of the Nation and the New York Evening Post, Both publications were intellectual journals of their day. That is, they wielded great influence in the circles populated by the well educated gentlemen of that these Codkins were they gived! Godkin was that circle's prime believer in laissez-faire, the rights of gentlemen and the importance of a rigid society. In every sense of the word he was a true "Boston Brahmin". The pic-ture of Godkin as an extremely biased and opinionated man is brought out by Dr. Armstrong. Godkin is shown as a person who, "could confuse competence in dress and manners with character and statesman like vision". Often he would change from one side of the fence to the other, simply, it seems, for the sake of arguing or because he felt some person involved in the matter was not a gentleman. picture, as it finally develops, not flattering to Godkin. But he did possess a literary style, and it is demonstrated in parts of ed-itorials reprinted in the book. And he made people think and talk!

The first and last chapters deal solely with Godkin. The rest in-volves issue in our foreign policy of that period. The thread that ties all these issues together is Godkin's editorial comments on them. At times the thread shows signs of fraying. This is he-cause much of what Godkin had to say didn't have any application to the real facts involved. Dr. Armstrong, in saying that, "Some of the events commented upon tend to assume exaggerated significance because Godkin himself exaggerated them" is speaking accurate-

The book is written in a readable style, and it can not be class-ified as a book written just because college professors are expect ed to write books. It illustrates an 'era' when conservatism and libralism were locked in combat. Mr. Godkin, as one of the leaders of conservatism, demonstrates why it eventually lost.

Arizona has won the Border Conference baseball title every year since it was first held in 1939.

Ten players on West Virginia's freshman football team weigh 225 pounds or more.

On May 4th the four fraternities on the W. C. campus will join together to give the annual Inter-Fraternity dance, to be held in Russell Gymnasium. The music of the dance will be provided by Johnny Alexander and his band. The dance, to be one of the biggest of the school year, will be held from nine to one. The dress for this occasion will be formal.

Philosophy Assembly Slated For Thursday

The Philosophy Department of Washington College will be in charge of the assembly program for tomorrow.

Mr. Stuart Penn, head of the department, will narrate a student panel discussion. The students participating are: Edward Silverie, John Cruze, Dick McGrory, and Richard Lester. The discussion Richard Lester. The discussion will deal with the moral implications of the atomic bombing in Japan.

This is one of a series of programs on Atomic energy and its effect on different fields of learning.

Bill Mongero, San Jose State halfhack, is a judo enthusiast.

Dean Bradley Announces Six Faculty Members Her Retirement As Dean

Miss Amanda Taliaferro Bradley has announced her retirement from the post of Dean of Women which she has filled for twenty-three years. She has, however, consent-ed to remain at the college for one more year in the capacity of Associate Professor of English, and will teach her speciality, Shakespeare.

Dean Bradley received her master's degree from Radcliffe College, where she studied under Géorge Lwman Kittridge, an authority on Shakespeare, and John Livingston Lowes, author of THE ROAD TO XANADU, a book on Samuel Taylor Coleridge. A teacher for many years in the South, she was Dean of Women at Birmingham-Southern College before coming to Chester-town twenty-three years ago. Dean Bradley has been quite pro-

minent in the National Associ-ation of Deans of Women and has been an officer of the organization A good speaker, she has had charge of some of the national meetings.

Dean Bradley has been raised in the old school of southern hospiin the old school of southern hospitality, and both Reid Hall and Minta Martin Hall reflect the cordial atmosphere which is one of her trademarks. She is widely lovad and respected all over the Eastern Shore, both by those constant in the allowed the constant of the con nected with the college and by those who are not. We shall all be sorry to see her leave, and shall miss her many services to Washington Col

Honorary Degrees To Be Bestowed

At graduation on June eigth, well-known people will recive honorary degrees from Washington College. Each one, is an outstanding leader in his or her own field. Dr. Henry Steele Commager, the president of Amherst College, Dr. Bentley Glass, Pro-fessor of Biology at the Johns Hopkins University, and Miss Katherine Anne Porter, a distin-Aginerine Anne Porter, a distin-quished short story writer, will receive the honorary degrees. The Academic Council of the faculty recommends to the faculty the people to whom they desire to give honorary degees, the faculty votes on those people, and finally the faculty recommends the people to the Board of Visitors and Governors.

Miss Porter attended several Private schools and has received honorary degrees from the Women's College of the University of North Carolina and the Univer-sity of Michigan. She has also been a guest lecturer of literature at many universities and colleges both in this country and abroad. Dr. Bentley Glass took his bachalor's and master's degrees at Baylor University, and received his Ph.D. in genetics at the University of Texas. He has taught at Baylor, Stephens College, Goucher College and the Johns Hopkins University. Throughout his career he has done much research work in and animal genetics, and has published many scientific papers, Dr. Glass also serves as editor for several biological magazines and recently was a member were evaluating the effects of atomic radiation on present and future generations.

W. C. Choir Announces Next Year's Officers

The Washington College Choir recently held election for the offices for the 1957 - 1958 school year. William Pfeiffer, was elected Presiwilliam Pfeilier, was elected President, Sally Ann Groome, Vive-President, Betty Warren, Secre-tary, James Potter, Treasurer, Lynn Hawkins, Librarian.

The choir is planning on an ex-tensive trip next year to Northen New Jersey, Connecticut, and New York and at present is scheduled to cut a record next month which will be available to the student body in

To Leave At End Of College Term

It has been made known that several members of the faculty at Washington College will not he returning for the year 1957-1958. They are Dr. Stuart L. Penn, Dr. Alba H. Warren, Dr. John C. Cothron, Mr. Sheppard G. Kominars, Mr. Norman James, and Dr. Anna L. Motto.

Dr. Penn will not hold a teach ing position next year as he will he working in the applied physics laboratory of Johns Hopkins University, Baltimore, Maryland.
Dr. Warren also will not be

teaching this coming school term. His plans for the year are not definite, but he expects to he in the vicinity of New York City. Visiting friends, reading good books, listening to good music and perhaps doing some creative writing are among the pastimes that Dr. Warren hopes to enjoy next year.

professor of chemistry, is moving to New England in order to be nearer his children.

Mr. Kominars plans to work on his Ph.D this coming year. ing philosophy will be included in this work. He would like to trave to Europe to study in one of the Elects Officers

Italian Universities.

Mr. James has taken a leave of absence to complete his work on his doctor's dissertation, the theme of which is "George Bernard Shaw". He will receive his degree from Pete Reicks, President; Dick Les-Duke University, Durham, North

Dr. H. S. Commager To Address Graduates

ne has taught since 1939.

he has taught since 1959.

As visiting professor he has taught at Duke University, Harvard University, the University of Chicago, and the University of California. He has also been Bacon Lecturer at Boston Univer-sity, Richards Lecturer at the University of Virginia, Pitt Professor of American History at Cambridge University, Harmsworth Professor off American History at Oxford University, and Gottesman Lectur-er at Upsala University. He was Fulbright Professor of American History at the University of Copenhagen in 1955-56.

He is a member of Phi Beta Kappa, the National Academy of Arts and Letters, and of a number of professional organizations, and is a Fellow of Queen's College, Oxford. During World War II Oxford. During World War II he served on the War Department's Committee on the history of the war and in its behalf visited Great Britain, France, and Belgium.

In the past twenty-five years

Dr. Commager has written books in American history. Best known of these are his Growth of the American Republic (with Samuel Eliot Morison); The Heritage of Ameri-ca (with Allan Nevins); Theodore Parker; Majority Rule and Minori-ty Rights, American; The Story of a Free Nation; The American Mind; and Living Ideas in America. He is also editor of Documents of American History, Selected Writings of William Dean Howells, and Rise of the American Nationa forty-volume study now in process. Professor Commager has also heen a frequent contributor to professional journals and to the At-lantic, Harper's, The Nation, and other popular magazines.

Dr. Henry Steele Commager

Literary Society

The Mount Vernon Literary Society met on May 2, and elected the following officers for the 57-58 school year:

ter, Vice-president; Doug Gotes, Treasurer; Bobba Norton, Secre-tary, and Ann Fallowfield, Business Carolina.

Dr. Motto plans to continue tary, and Ann Fallowfield, Husmess teaching next year, but she has not as yet made any definite arnot as yet made any definite arnounds.

ALPHA CHI'S AND K.A'S WIN 5TH ANNUAL SONG FEST

Last Friday night, May the 10th, fraternities and one to the sorori- sang "Stout-hearted Men" the three sororities and three of the fraternities on campus competed against one another in the fifth annual song fest to be held at Washington College. This event took place on the steps of Bunting Library, and the audience, com-prised of visitors and college stu-dents, watched from the campus. Each sorority and fraternity

competition.

ties. The song which the fraterni-ties decided to sing was "Stout-hearted Men", the sororities chose "Sleepy Time Gal". Aside from the assigned son each group optionally chose another to he sung in the by judges Miss Covey, Miss Russell, and Mr. Forney, was eagerly awaited by the Greek organizations as well as the audience. The win-The final annoucement, of the ners of Song Fest are as follows: Alpha sang two songs. Editorially Speaking

Team Work and the ELM

This issue of THE ELM has been handled by the new editorial staff which will guide the public-

the new enterral star winer will guide the publication through the 1957-58 college term.

The past year has been a successful one for THE ELM, a year that saw innumerable changes in writing style and the page layout of the paper. These changes, in most cases, improved the paper. This improvement did not come about through the efforts of one person, but through the interest and hard work of more people than have ever been in-terested in this newspaper before. Mr. Jim Bowers, the genial Director of Public Relations, guided the editors and writers so that they became more aware of the technical professional aspects of journalism. The page editors, Miss Toni Stallone, Miss Betty Warren, and Mr. Tom Short, took to their editorial duties with the verve and responsible attitude of professionals. Mr. Tom Jones, a columnist who had cast a critical eye upon THE ELM previously, helped greatly in the paper's forward move with many enlightening and interesting feature articles. On the most part, the staff reporters were dependalbe and thorough in completing assignments. The men at the Kent County News plant, publishers of the ELM, were extremely co-operative in helping improve the paper and in helping ns meet the deadlines.

Thus, this is an accomplishment that can be attributed to tesmwork, every person doing their best for the good of the team. If this kind of co-oper-ation and interest continues in the future, the college publication will be one that students and the administration will be proud to call their own.

Good Luck To Seniors

To the students in the 1957 graduating class of Washington College goes THE ELM's wish for washington conege goes ITEL FLOOR WISH TO success and happiness in their future life. It is a big step for these seniors, for it means they are completely on their own. They should keep in mind, however, that their actions reflect not only on themselves, but on Washington College. And they should remember, perhaps above all, that commencement signifies the beginning of a new life and not an end to learning.

I wish to personally extend to Mr. Jim Bowers my thanks for the help that he has given THE ELM my thanks for the neil that he has given 1711 Educated the past semester. Mr. Bowers was tireless in his efforts to help us improve the standards for THE ELM and also sided each individual member of the staff to improve their knowledge about journalism.

Washington Players End Year With Successful Performance

by Alba H. Warren, Jr.

One wonders why the Washington Players go on sacrificing their precious time and talent to bring the living drama to the undergraduates of Whashingon College when the undergraduates are apparently not interested. At the Saturday night performance of Sean O'Casey's "Juno and the Paycock" last week they could be counted on the fingers of two hands. The Players had a right to be discouraged; but if they were, they certainly did not show it, and the people who did go were treated to a hilarious and at the same time

who did go were treated to a moving evening of theater.

O' Casey's poetic tragi-comedy is not an easy play to do, especially on a small stage and with limited the Players

That the Players Mr. Gates' as the hysterical trained by a calling for special content of the property of the pro resonrees. That the Players brought it off with a high degree of success is a tribute, not only to the director, but to the team-work of the company as a whole, stage crew, electricians, costumers and make-np technicians, not to mention

The acting honors go to Mr. Fitzgerald who kept the audience in stitches with his brogue and his shoulder shugging and who still managed to convey something of Joxer Daly's sinister quality as the Mr. Easterby and Miss Groome ably supported each other as the strutting "Paycock" and the long-suffering Juno. Highlights of these roles were the Captain's en-

class has acted together as a unit.

The group operated as a committee,

The seminar group was able to

draw upon material furnished by

the House Foreign Affairs Committee, the Senate Foreign Relations Committee, and the President

dent's Committee on Foreign Aid.

All of these bodies had issued re

ports on the situation following ex-

tensive investigations. This material and other sources provided the background for the work

of the seminar. The group drew up an outline covering the question

and each portion of the outline was

assigned to one of the 15 members of the class. Each person then

made a preliminary report in which the basic questions of that section

were decided by the group. Then came a rough copy turned in for

examination by Dr. Barnett and the members of the seminar. Fol-

lowing the return of that, the final

copy will be turned in and all 15 will be intergrated into a combined report, "A Foreign Aid Program

The highlight of the semester was a trip to Washington, D. C.

where the seminar talked with staff

members of the House and Senate

Committees on foreign aid, the International Development Ad-

visory Board, and Haldore Hanson,

a leading economist. This enabled the members to get the view point

of the government bodies which are directly concerned with the pro-

The United States.

tor, Joh, perhaps calling for special mention. Miss Matthew's duet with Juno, Miss Steiding's tipsy loquacionsness, Mr. Byles' cigarstore-Indian face, together with the Captain and Joxer helped to make the tea party of the second act the brightest spot in the performance. The contrast to the fun of the tea party was movingly made by Miss Goldman's speech as Mrs. Tancred, the best of many good small parts. Finally, no review of the Players' production would be complete with-out a "Whisker" (W. C. Oscar) for Dr. Livingood's Model-A victrola which almost stole the show in the

Local **Economics Group Writes** Foreign Aid Pamphlet Color hy Ralph Laws The Economics Seminar this

by Tom Jones

semester, has taken an unusual It is observed by almost every step in seminar procedure. In-stead of each member of the class Washington College student who does not come from the Eastern Shore that the natives here differ writing of their field, with the papers not being inter-related, this from other people in other places. They are "quaint", "colorful", removed by twenty or thirty years investigating the question of foreign aid, a question which has been in the news all year. from the rest of our culture. For example:

Leo Hicks runs a jnnk yardgarage on Cannon Street in Chestertown. A master of the appropriate cliche ("see you later, aliga-tor."), Leo is no less master of his trade, a fast man with a hacksaw. Your '41 Hudson interests him more than how much time the timeclock says he is spending on it. Once he has done the welding job for you, it is "solid", and the quickness of your rejoinders can materially reduce your bill.

Art Hock runs a anction barn in Crumpton. His customers are interested in "good, useful furniture", but Art has preserved something of the aesthete's eye for line and proportion. He can tell you why a painting is good, why a lamp is ugly. He has a sense of history of the pattern of American civilization, of his and your meaning in space and time.

There is a garrulous old man at Quaker Neck Landing who spent nine years on sailing freighters up and down the Bay. He would love to tell you everything that has hap-pened on the water since he was horn. He "oysters" now, "oysters" and "eels" with "mannows", and collects a few epicurean delicacies, such as "salt water" oysters, for such as "salt was "choicey" people.

If these people are alike, they re so in their individualism. What is it is said about the vanishing American?

It's Only My Opinion, But

Teaching Situation Can Be Remedied

by Anna Lucy Allspach

Even those who have no intention of ever becoming teachers should have an interest in the present teacher shortage. First of all because, as students, the availability of teachers directly affects our opportunities to learn, and secondly, because the lack of trained instructors at the present time cannot help but have serious consequences on future citizens

Education seems to be enmessed in a circle. Teachers receive little pay. Therefore few constanted to the profession. This means in-Education seems to be enmeshed in a various are attracted to the profession. This means in-adequate or unsatisfactory education results for pupils handicapped by teacher shortage. As a result colleges receive classes which are not as well equipped as they should be. Industry with its higher wages has greater drawing power, but if the college groduates which industry and business are relying upon for recriits are of poorer quality due to inadequate background ,then industry suffers too.

Fortunately, business is realizing the debt it owes to education and is trying to remmedy the situation by giving grants to colleges and universities to improve teacher salaries or finance sholar-ships for education majors. But this is only one answer. Salaries are increasing in may states, but although everyone agrees the hike is good, means to obtain money for this raise are aften thwarthed by special interest groups and public aparthy.

There is, of course, no one best way to finance higher salaries, but it seems strange that a country with a high standard of living should let itself be handicapped by such a seemingly surmontable

Jerry Leaves Em Laughing

By JOAN WALDECK

Jerry Levin first made himself known en campus four years ago becoming a member of the Keg Club, which had eight members of sober mind who joined together in mutual alliance, to do as adver-saries do in war-"strive mightily, but eat and drink as gentlemen". Also in his Freshman year, Jerry played lacrosse and was on the champion Freshman basketball It is no surprise to hear that Jerry, having participated in intermural sports throughout his college days, led the NGC (Neat Gnys' Club) into softball in his Sopho-more year. In his Junior year, Jerry became a part of the Bitter

Rice Club whose slogan was "a purchate is better than a good look-ing date." He co-sponsered the Gloom Ball, shared a column, THE J. & J. JABBER, in the ELM, and assisted the business manager of the PEGASUS by obtaining ads. In his Junior year Jerry also be-came a member of the Theta Chi Fraternity, and served as co-master of Ceremonies in Stunt Night when he won the individual award for his outstanding performance. This year Jerry has displayed his dramyear Jerry has also hayden ins drain-atic ability to W. C. by playing the leading role in TAMING of THE SHREW and was a member of the cast in JUNO and the PAYCOCK. Jerry has also directed plays for small dramatic groups off campus He plays the uke and piano, and is in the process of starting a collection of progressive jazz records. A major in English, Jerry plans to de radio and television work, or some sort of social service work in some sort or such the future. When usked about and four years here, Jerry had this to say," No one has failed where I have succeeded." Seriously, he has enjoyed his college years very the desm't plan to say good. much, and doesn't plan to say good-bye to our campus completely. All we can say, Jerry, is that we'll miss you very much, and W. C. is

Continued Farewell .

from thin to fat, from shy to rowdy, from little man to big man -each one going into the world with that slip of paper called a world diplema-each one hoping to make good-each one saying he's glad to be leaving, but deep down in-side regreting it just a little. We'll miss you seniors, and know you'll miss dear old W. C., for in just a few short months you'll realize you never had it so good,

Reflexions Of A Senior On Leaving W. C.

by Ken Dollenger and Larry Symonds

As I sit here with my diploma in my hand, I look back on my earlier years and reflect in my mind some things that made me wonder then as they still do. To take one big example I'll use my Alma Mater, Washington College, as a prime motive for thought.

During my four years here have been the witness of an extensive building program on the campns. The dorms on the hill were being renovated, a new gym was built, the frat houses were rebuilt and converted to faculty houses, and some of the old buildings were being repainted. This program was great. It improved the campus and raised the entrance fee.

Now, I wonder why;

(1), the halls of Bill Smith were painted with such (if you may ex-cuse the expression) putrid colors? The upper hall was given an invigorating (?) off color pink. Room 31 was painted an inspirating (?!!) c-r-e-a-m-y brown.

(2), the map in room 31 was tilted at a 10° angle from the horizontal? Was it an attempt to straighten ont Russia, or just to go with the paint jeb?

(3). only one door of Bill Smith anditorium was open during as-semblies or class sessions? When the hordes evacuated - what mess! Now, just suppose a fire had broke ont!!??

(4). there were no fire escapes on either Bill Smith, Bunting Libr-ary, or Dunning? The third floor of Bill Smith was a long way to jump. Not everybody knows how to fly these days.

(5). we never heard the school song during our entire freshman year?

(6). the library was closed when you wanted to use it? Some students didn't finish studying until much later. I remember you would find something to go to the library for, and it had been closed for an hour.

(7), there was no H2O dispenser in Bunting Library? Maybe that was why they closed it so early.

(8). you had to pass the H2O machine in Hudson Hall to get glass, then fight your way back through the line to get the water?

(9). announcements could not be heard in Hodson Hall?

(10). the speaker in Frank Russell Gym could not be understood, and why there was never a decant organized system of address at basketball games?

(11). the same record was used during intermissions at the games?

We dedicate this page to you in return for the four years you have given to Washington College. May the rest of your life be as happy as we hope your years here were.

We, the graduating class of 1957, being of sound (?) mind and firm understanding, do hereby will and bequeath our most precious possessions to the underclassmen we leave behind.
MAC HATCH leaves his laugh to Jim Carey.

BERKY KENNY leaves his love nest under the trees to Don

MIKE CAUSEY leaves his trips to Salisbury to Joe Tingle.
To Tom Short goes OLLIE BEALL'S tennis racket.
PHIL RIGGIN wills his height to Herbie Moore.
BOB PENKETHMAN leaves his activities to Bob Colbourn.
BO HUTCHINGS leaves the study rooms of Minta Martin to

Tom Crouse.

ALICE JAMES bequeaths her hockey stick to Mrs. Hill,
To Lee Hammond goes DICK LENT'S catchers' mitt.

JERRY'LEVIN leaves the spotlight to Doug Gates.

GEORGE DENGLER wills his controversial opinions to Anna

Lucy Alispach.

LEO GILLIS leaves his gossip to the girls.

DIXIE WALKER bequeaths his sporting books to Roy Henderson.

To Bill Miller goes AL SHARP'S personality.

HELEN HULL wills her sewing machine to Bea Clark.

NANCY JALBERT leaves her knowledge of math to Ellen Jo Sterling.
AL EASTERBY leaves his character parts to Bill Caldwell.

TOM JONES leaves his various means of transportation to George Wilson.

ANNE HURST leaves the Dreamgirl of Theta Chi to ????

DONNA MILLER bequeaths the Binet tests to Janet Riecks. To Joe Sievold goes BARRY BURNS' soccer ball.

JIM KREEGER wills his build to Moose Schiebel.

SARAH SACHSE leaves Joe to the Athletic Department BARBARA LONG leaves her three point index to Ann Mathematical Control of the Administration of the Control of the Administration of the Control of th

Mathews.

BUDDY MOORE leaves his productivity to Bill Fletcher.

To Charlie Lyons goes WARREN WASSON'S bridge finesse.

HANK DIXON wills his troubles to Chuck Buck JEANNE BRYMER leaves her Marine week-ends to anyone

lucky enough to have them.
To Jane Rayner goes LARRY RUBEN'S chewing gum.
JOANNE PLOWDEN wills her two-week vacations to Sue

(12). there was no scoreboard put on Kibler Field for benefit of the fans?

(13). the heat seemed to be off during the winter, and on during the summer?

Of course these things don't matter now. We are leaving our Alma Mater and all its wonders. We are facing a new world where we will find H2O dispensers in the libraries and scoreboards on the baseball fields. Will there be wonders here, too?

Drake.

PAYNE leaves his soc courses to Bob Higgins.

DAVE SINGER leaves his oc deck of cards to Betty Warren. DAVE SINGER leaves his observated shorts to Chick Mills, during the wind star to Basil Wadkovsky. MIKE KOCHEK bequeaths his banjo to Reds Horrocks. IMN NEWBOLD leaves his money to Harry Dundore. To Jackie Stuart goes CAROL KNISELEY'S gavel.

To Tom Dixon goes JOHN MESSERALL'S pipe.

DOM MESSENGER leaves his softall games to Jack Meager. BILL LEWIS leaves his little green car to Pete Riecks. HUGH SHORES leaves his masculine features to Sam Martin. DICK McCRORY leaves his voice to Dick Callahan.

Senior Spotlight

Goodbye, Our Money Holder

By JOAN WALDECK

Nancy Jelbert, who was born in New York City came to W. C. from Annapolis, Maryland. Being a Navy junior, she has done quite a hit of traveling in Wyoming, Washington, D. C. and in the Medditerrean. including North Africa, and Halv. Nava. and Italy. Nancy came to W. C. four years ago and has been a member of Zeta Tan Alpha since she was n Freshman. She has played in girl's inter-mural sports almost every season. In her junior year, she was elected Student Council Representative of her class, and was treasurer in her senior year. For the past two years,

she has also been Treasurer of Zeta. Nancy is a math major with psych as her minor, besides having many hours in related science courses. She hopes to do work in-volving math and science in her future career. Nancy says she is a country girl at heart, and a real swimming fiend. She has taught swimming in previous summers, but this summer hopes to revisit Wyoming, a part of the country she loves. Nancy also likes classical music and jazz, but not "rock and roll". A very diversified person, she can honestly say she has been to the Cashah. To this easygoing and friendly gal, we say good lnck in future years.

Farewell To The Seniors

In a few days The Class of 1957 will bid farewell to Bill Smith, Hodson Hall, and the Bluebird. The seniors will make their way The seniors will make their way into the cold cruel world of fame and fortune. But before they leave, let's look back on their four years and try to find just what they got for their \$8000.

Freshman year with hilarions dances at the Armory, classes with Dock James, and Dean's slips The Sophomore year with afternoon matines, poor man's country club, and "The kids in our rooms" controversy ... The Junior year with the Clark case, big beach rooties, and index troubles. The Senior year with complete horedom, on-campus dances, seminars, empty Sadie Hawkins Dance, Senior banquet and farewell party, and two weeks vacation. . . . Four years of complaints and concern, fun and frolic, learning and loving.

Yes, the seniors are leaving and with them leaves the memory of the "good old days" But everything changes in four year Look at the seniors themselves:

Continued under Jerry Levin

OUTSTANDING SENIOR ATHLETES

Lou Borbely

by Bob Bragg

For the past four years, Lon Borberly has been a "big gnn" on the Washington College baseball team. A senior from Metuchen, New Jersey, Leu has compiled a remarkable person record and has established himself as one of the Masen-Dixon Conference's diamond standouts.

Although a catcher in high school, Lon played first base as a freshman, and, as the team's lead-ing hitter, led the Shore nine to the Mason-Dixon championship. In his Sephomore year, Lou's big bat was still booming as he led the team in runs-batted-in and two base hits and once again was a big factor as the defending champs again landed a play-off berth only to be turned back by Randolph-Macon.

A versatile athlete, Lou played the outfield during his junior year and also returned to catching in several early season games while he continued his hitting ways with a blistering 355 parang This season found Lon in right field for Coach Kibler's Sho'men throwing arm blistering .353 batting average. where his strong throwing arm continuely held the opposition's baserunners in check. His steady fielding and consistent hitting this year, as before, have been invalu able to the team.

In addition to his illustrious base ball record at W. C., Lou received two letters in varsity basketball. A strong rehounder with good spring and an excellent jump shot, he was a constant scoring threat around the basket while representing the Maroon and Black on the hardwood.

Next fall Lou will be returning to school once again but unfortuate-ly the school will not be the familiar campus at Chestertown. Rather, it will be in Edison Town-ship, New Jersey where he will be known as "Mr. Borberly" to his grade students instead of "Lon", a good friend and team-mate. We all wish Len the best all wish Len the best of everything; a ballplayer respect-ed by his teammates and feared by opposing pitchers.

Berky Kenny

by Bill Miller

Senior class member John Kenny got his Lacrosse background play ing for the Mt. St. Joe team in Baltimore, Md. His experience there proved worthwhile as he has shown his ability while participat-ing in Lacresse for four year at Washington College. Kenny has earned three letters in Lacrosse as a goalie and as an attackman. a goalie last year he made a total of 202 saves in ten games to finish sixth in the national ratings. the conclusion of this fine season he was elected by his teammates to serve as co-captain on this year's

team.
In high school Kenny excelled in the field of swimming. He was a letter man for four straight years on a team which was undeated for rive successive years. Individual acclaim went to Kenny as he won the M. S. A. championship in the 100-yard breststroke, and the South Riggin Atlantic championship in the 200-yard breaststroke.

While in high school Kenny also won a track letter and a letter as a pitcher in Baseball. For his individual feats in swimming he was made a member of the Letter Club Here at Washington he became a member of the Varsity Club to finish off his athletic eareer.

Lent

by Roy Henderson

Washington College will lose an outstanding baseball catcher and soccer fullback when Richard E. Lent steps up to recieve his Lent steps up to recieve his bachelor of arts degree.

Dick has earned three mono-

grams in each sport and the maroon sweater that he wears so proudly identifies him as a member of the Washington College Varsity Club.

As a student at Sonthern High School in Baltimore, Dick partici-pated in football, hasketball, and haseball, and as a junior was named to the All Maryland Baseball team.

Dick has also received recognition of his athletic ability in the college runks. He was a member of the All Mason-Dixon Soccer team in his junior and senior years, and was named to the All Middle Atlantic Soccer team this past fall.

Besides being an outstanding booter, Dick is also a fine catcher on the baseball team and has played a major part in the Sho'men nine's fine showing the past two seasons

In 1956 Dick batted close to the .300 murk for most of the season and he was one of Coach Kibler's mest dependable ball players.

This season Dick was also hitting close to that coveted .300 mark until the last two weeks of the sea-son when he dipped to a lower but respectable mark of .268.
Upon graduation, Dick, who is

a Sociology major, will take a posi-tion with the Baltimore Gas and Electric Company.

The popular senior is leaving the Chestertown campus with the best wishes of all those who have known

Jerry Caporoso

by Bill Miller

Senior Lacrosse player Jerry Caporoso began his athletic career in a high school where there was no Lacrosse team. While attend-ing Summit High School in New Jersey, Jerry participated in three varsity sports. He starred in foot-ball in his junior year but received a pelvis fracture which sidelined him in his senior year. He also played Baseball and Basketball.

Jerry played for a team in the Pelice Athletic League which gave him more experience in Basketball and Baseball while still in high school.

While at Washington, Jerry has won four letters. Three were in Lacrosse and the other was in soccer. Jerry has also played Baseball and Basketball here. Having accumulated the required amount of letters at the end of his junior year, Jerry became a member of the Varsity Club. Jerry has improved steadily at

Lacrosse since coming to Washing-ton. He has been on the first team for the last two years. This year he has proved to be a fast, agres-sive, and dangerons man for any opposing attackman to get past.

by Roy Henderson

The name Phil Riggin may not sound familiar to some students, but to Coach Athey that name

but to Coach Athey that name signifies dependability.

Phil has played three years on Coach Athey's soccer team and the quiet senior, while not a brilliant flashy player, has been vitally important to the success of the soccer to college, but after making his work.

Bill Davis

by Roy Henderson
In football it is the brilliant
quarterback and the dazzling halfwho grabed the headlines. Despite the relative obscurity of the linemen, it is obvious to the majority of football funs that they have a great deal to do with the success of the football team.

In basketball, the boys who grab the headlines are the high scorers and the big rebonners. But, unlike the football linemen who are

Dixie Walker

by Roy Henderson

It seems strange that a man should have to read about William should have to read about William Shakespeare so that he can write about the Brooklyn Dodgers. Such a man is James Duane Walker, affectionately known as "Dixie," by his friends and admirers.

Dixie aspires to be a sportswriter hen he acquires his sheepskin when he acquires his sheepskin from Washington College. He has prepared for his future career by majoring in English and spending sometimes recognized for their his spare time writing for the Elm

Row 1, left to right, Dixie Walker, Barry Burns, Berky Kenny; row 2, Lou Borbely, Bill Davis, Roy Pippen; row 3, Jerry Caporoso; not shown, Phil Riggin, Dick Lent, Ollie Beall.

work, the man who sets up those high scorers and makes the offense 'go" is almost never recognized for his work.

Such is the case of Bill Davis, graduating hasketeer who has been passing up the headlines to set up his teammates for scores.

Bill earned basketball letters for

his play in his sophomore and junior years. Bill was also awarded a soccer letter in his sophomore year. Bill was a member of the squad that captured the Middle

Atlantic championship.

Bill came to the Chestertown campus from Frostberg, Maryland, where he starred in baskethall at Beall High School. Bill now makes

his home in Washington, D. C. Bill was the principle factor in holding up the morale of an inex-perienced and disappointing Sho'-men squad this year. Despite continued losses and disappointments Bill, who was captain, never gave up. His spirit and hustle was an inspiration to all these who were fighting for a winning team. It is a shame that Bill's efforts to give Washington College a winner were not more appreciated.

Phil is an outstanding defensive player and is a very smart ball player. He is very dependable and makes few mistakes on the field. He is the type of player that makes coaching easier.

Phil, who is married, is a gradurent, who is married, is a graduate of Chrisfield High School and plans to teach at Milford High School upon graduation. Good lace Phil, in all you undertake.

Cillie

In the fall, when not sitting his typewriter, Dixie could usually be found displaying his talents on the soccer field. A transfer from Baltimore University, Dixie didn't play soccer until his junior year when he saw enough action to earn a letter for his skillful play. As a senior, the pleasant son of Aber-deen, cracked Coach Athey's starting lineup and played a major part in the beoter's fine record this year.

"Dixie" has been on the Elm staff since his arrival at Washington college in the fall of 1954. In his sophomore year he served on the sports staff and in his junior year he was named Sports Editor. The creative skill of this young man with a typewriter was soon apparent as the sports page soon

began to show a professional touch. As a result of his fine work as Sports Editor, "Dixie" was named Editor of the Elm for the second semester of his senior year. The skill with which he handled this job should be more than abvious to the students on this campus.

Dixie has all the talent necessary to be outstanding in his chosen field. Here's hoping he gets the break he needs.

initial appearance on the asphalt he has made rapid strides toward perfecting his game.

Last year, Ollie earned his first letter while playing in the No. 2 and No. 3 positions. This hard-working athlete emerged from the shadow of last year's tennis great, Les Bell, to become the team's new No. 1 and his performance against an unusually strong field of Mason-Dixon opponents was outstanding.

While Ollie is not a polished, easy-moving type of player, his heads-up-quick-moving and always hustling play, gets him where he wants to be and is exciting to

Ollie's immediate plans after his graduation are marriage to Rena Knickerbocker on June 15 and

man Burns

by Bob Bragg

Barry Burns, an easy-going senior, has been popular with both his classmates and teammates during his four years at Washington College. As an outstanding athlete, Barry has accumulated eight varsity letters in soccer and baseball during his career as a Sho'man.

A constant scoring threat, Barry has played several different pesi-tions for Washington College's soccer teams and his mere presence on the field has been an important, though intangible, factor in the squad's moral. In addition to being an equally fine shot with either foot, he has the ability to play an excellent defensive game and on several occasions has filled in at as halfback to bolster an injury riddled Sho'men defense. tribute to his fine over-all play, Barry has repeatedly been named to the All Mason-Dixon, the All Middle Atlantic, and the All Southern Soccer teams, by officials and opposing coaches.

After his term as co-captain of the soccer team in the fall, it was an easy matter for "Spanky", as he is affectionately called by his teammates, to take over the field leadership of Coach Kibler's baseball nine this spring. Playing his first full season at second base for the Sho' men, Barry anchored the team defensively with his stand out play. At the plate, batting third in the batting order, his .300 plus batting average over the latter half of the season was instrumental in keening the team high in the pennant race. Barry's drive and hustle both in the field and at the plate was inspirational to the throughout the season. Sho'men

For the past four years our soccer and baseball teams have come to count on the diminutive figure of Barry Burns a great deal. It will be difficult for any athlete in the future to match the feats Barry has accomplished here at Washington College.

Pippen

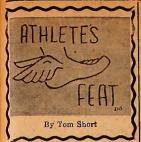

by Bill Miller

Our present co-captain of the Lacrosse team, Roy Pippen, has an athletic career which goes back to his days at St. Pauls School where he played Junior Varsity football and earned his first sports letter. On the basis of his J. V. performance he graduated to the varsity in his junior year and on to the first team in his senior year. Pip earned his varsity letter and became a member of the Monagram Club. Also at St. Pauls he played varsity Lacrosse. Even with these activities Pip found time to play Tennis, Wrestle and coach an intramural Lacrosse team.

During his days at the University of Virginia Pip played foot-ball, handball, and was on the wrestling team. Still not satisfied he participated in all the intramural sports which he could fit into

While in the Army Roy played for a six-man championship foot-ball team at Camp Gordon, Virginia.

Here at Washington College Pippen has played four years of La-crosse. He has been on the first team for the past two years and was on the alternate first team in his sophomore year. Pip has earned three varsity letters in Lacrosse and is a member of the select Varsity Club.

Another academic year is over and with the closing of the books comes the closing of intercollegiate athletic competition. All of the spring teams' records seemed to be just about as good as last year's with the exception of tennis which dropped from an eight and five record to a five and seven record. Lacrosse coach Don Kelly added greatly to the athletic success as he had a winning season in his initial appearence as a Washington College coach.

The only athletic competition or the campus now, is the intramural softball league. The league has been run very smoothly this year and the competition has been keen The Board of Managers which the athletic office organized has been active several times this year when the league was faced with controversial questions. Charles Stow has also done a good job in getting responsible umpires.

On May the eleventh the Washington College baseball team traveled to Baltimore to pay a double header with Lovola.

The local nine needed only a split to win the northern conference championship, and a chance to play host to the Hampton Sydney team who were the southern conference champs, on the following week-end. The Sho'men dropped both games and all hopes of a Masonchamps. Dixon Championship were lost.

It is true that the Kiblermen may have been favored to take at least one game, but favorites do not win ball games. This is where many of the students here at college make their mistake. The team returned to the campus late Satur day evening and many of the playwere riled by scarastic re marks from some students. Many wanted to know, "what the team had done with the apple?" Some students even asked me to write this column on, "why the baseball team had been so cocky."

This team may have been a little cocky, but it was only an effort to build their own confidence. How else would they get it? It very seldom comes from the students. No more than a handful of students ever have time enough to go out to see a home game. But regardless of how uninterested the students are during the season they still think that they have a right to demand a championship team. Once the students think that a team has a chance for a championship then they are all for them. but until the team goes out and works for a playoff opportunity, no one ever hears from the students. Perhaps through a little more school spirit the team could have pulled out a Mason-Dixon title. Don't look around for a player . . Don't look at yourself.

Freshman Chick Perrotti, in his first year in intercollegiate base-ball competition, hit .396. This is an ATHLETE'S FEAT.

Badminton, Tennis End Girls' Season

As the school year comes to a close the tennis and badminton

SATURDAY, MAY 25, 1957

PAGE 5

Kiblermen Finish With Winning Record

by Larry Symonds Surprisingly few people on Cam-pus and off realized the position of the Sho'men in regards to league After dropping the competition. Navy and Delaware games they won four straight M-D contests to move into the Northern Division's first place, one game ahead of Loyola. They took a tight one from Towson State, 2-1, took Lynch-burg, 13-3, and Johns Hopkins 12-3 in 3 successive days. American went down 2-0 and left only Loyola to contend with. Just one game out of the two was needed to win the crown. The winner would play Hampton-Sydney from the Southern Division for the M-D crown. Lovola took them both. 6-2, and 4-2.

Sten Leads Hurlers Neither Arnold Sten nor Roy Henderson could come up with a win. Sten pitched good ball, this year as his pitching led the Sho'year as his pitching led the Sho'men to a 10-7 record. He was
tough in the clutch both on the
mound and with the stick, ending
up with a 5-2 pitching record and
Dixon title.

with a .526 batting average.

Roy Henderson took the loss for the second game and ended with a 1-2 record. Roy was hindered with a bad arm most of the season and did not see much action, but when he pitched he was effective.

Perrotti Leads Hitters

In the hitting department, three players ended above the .300 mark. Chick Perrotti led with .396, Moose Mix followed with .328, and Gus Skordas finished with .302. Lee Hammond led the subs with a .280 mark. Moose's 20 hits was the team high.

Barry Burns did a great job as team captain this season and helped Coach Kibler lead the squad. He played his final game in a Sho'man uniform against the Grey-hounds, Saturday May eleventh.

Looking ahead to next year, they should have another winning sea-son, perhaps better than this one.

Stickmen Win Easily Over Drexel Tech.

The Washington Sho'men closed May 18 by downing Drexel Tech by a nine to five score. All a better season next year. With American Joe Seivold opened the the return of several men who, at scoring in the game at 2.11 of the first period as the Sho'men jumpad school or not playing, the Sho'men into a quick lead. The score was should have a very impressive team.
run to 4-0 before Ray Craig of Saivald Is Outstanding Drexel scored, early in the second period. Scivold tallied four more times before the game was over and also added an assist. Bruce Hawtin, Dick Callahan, Bill Litsinger and Chuck Buck all had one goal each to account for the rest of the Washington scoring,

This year the Stickmen showed improvement in the win column as they finished with a six and four record. Wins over Ohio State, Hofstra, Swarthmore, Delaware, Loyola, and Drexel and losses to Navy, Baltimore University, Washington & Lee, and Mt. Washington accounted for the season record. In exhibition contests the Sho'men lost to Maryland and to Johns The Mt. Washington

tennis tournament. Other first match scores were: Kush over Blake, 6-2-6-1; Kleinheksel over Butcher, 6-2-7-5; Rayne over Vuono, 6-0-6-0; and White over Green, 6-3-6-8. Tribus, Ponder, Allspach, Jalbert, Wilson, Warren, and Clarke received "byes".

Badminton doubles are going into the third round,

In the second round it Waldeck and Rhodes over Gordon and White, 15-6—15-4; Leverage close the tennis and badminton and White, 15-6-10-4; Leverage tournaments are approaching their and Latimer over Brimer and Hotfinal rounds. In softball the Independent "B" team won by default over the AOPis.

Jane Smith defaulted to Cassie over Knox and Church, 10-15-

loss, however, will not hurt the team in national ratings.

Coach Don Kelly, after coaching fine Lacrosse season Saturday, his first season feels that the team did well and is looking forward to school or not playing, the Sho'men

Seivold Is Outstanding Scoring honors this year go once again to midfielder Joe Seivold who closed the season with a total of 42 goals. He was followed by Chuck Buck who finished with a total of 27. Saivold and Buck finished one and two, respectively, last year on the Sho'men squad. Seivold had 50 goals and Buck had 30 markers.

Congratulations are in order for midfielders Seivold and Litsinger as they were elected as co-captains of the team by their teammates be-fore the game on Saturday. They will take over officially next year. Sttepping down from the captaincy are co-captains Roy Pippen and Berkie Kenny who played their final game for W. C. against

Mackin in the first match of the 15-6-15-10; and Sherin Pouder over Kleinheksel and Cornog, 15-0-15-3. One match has been played in the third round and McMahan and Howkins defeated Smith and Reinwall, 10-15-

Singles in badminton have also begun the third round.

Second round scores are: Clarke over Funkey, 11-8—11-6; Gordon over Hubbard, 11-0—11-1; Latimer over Moore, 11-1-11-13; Smith J. Over Woeber, 11-0-11-0; Gold man over Jenco, 11-1-11-0; All-spach over Brown, 11-2-11-4; Kush over Reinwall, 11-9-9-11--11-2; Ponder over Rayne, 11-0-11-0; and Stallone over Sandlin, strong and capable team next

Joe Seivold Honored As Top Athlete George Hesse Trophy Goes to Caparoso

Thinclads End Season; Outlook For '58 Good

Washington College closed its track season with a victory over Loyola College. This victory gave the Sho'men a 3 - 5 record for the year. The three victories were gained over Towson State Teachers Loyola, and Galludet while they suffered losses at the hands of P.M C., Western Maryland, Catholic University, Mount Saint Mary's, and American University. Despite the losing record, the team showed promise of improvement by win-

ning their last two meets.

Against Towson the Sho'men romped to an easy victory by tronneing them 100 to 16. How-ever, the Loyola meet was a squeaker and was easily the best meet of the season. The victory was not decided until Mark Dinshyn won the broad jump with a 19'1" effort. Mark was again the lead-

compete in the Mason-Dixon championships. Medals were won Mason-Dixon by Mark Diashyn, who tied for third place in the low hurdles, Jim Pickett, tied for third in the pole vault, and the mile relay team com-posed of Diashyn, Jay Cuccia, Jim Potter, and Boy Emory which also took third place.

Diashyn Is High Scorer Mark Diashyn, who was supposed to fill Ebe Joseph's shoes this year, did better than anyone expected as he emerged the leading point scorer with a total of 101 3/4 points. Following Mark was Jim Pickett with 43 points and Emory with 41 1/2 points. Other members of the team who will be awarded letters will be Ed Kieffer, Joe Thompson, Jay Cuccia, and Bob Eissele.

Although the team finished the season with a losing record there is much optimism regarding the coming years. There won't be anyteam will be back in full force and with the help of a couple of new boys, the thin clads should field a

Joe Seivold, Washington College's diminutive athletic dynamo, walked away with major honors at the annual Athletic Banquet held in Hodson Hall on Thursday, May 23. Coaches from all over Maryland attended the affair that feted the college's athlete's!

Serving as toastmaster for the awards dinner was Senator George Rasin, of Kent County, a graduate of Washington College, class of '37. The guest speaker was Mr. George Carrington, principal of Crisfield High School and also a graduate of this college, class of '29. Mr. Carrington, a past president of the Maryland State High School Athletic Association, gave an in-spiring talk concerning the intangible benefits that college men receive from participating in athletics. He reminisced about the days he spent in college and the great part that athletics have played in his life.

Dr. Joseph Doyle, Dean of the College, spoke briefly praising the records of the past year's team and expressing optimism for their success during next year. He also expressed the interest that the col-He also lege administration has taken in the teams and their realization of the importance of athletics in college life.

Seivold, in addition to earning letters in three sports, was awarded the Athletic Conncil's trophy which is given to the athlete who "has contributed most to athletics at Washington College during the

Joltin' Joe, an outstanding performer in soccer, basketball, and lacrosse, was also named as the lacrosse aquad'a Most Valuable Player and received a trophy befitting that honor.

Jerry Caparoso received both the George E. Hesse trophy as the Iacrosse team's "Unsung Hero" and the Bill Barnett trophy as the Stickers' "Most Improved Player." The awards were presented by Don Kelly, Sho'men Lacrosse men-tor, Mr. Harry Russell, chairman of the Athletic Conneil, and Mr. won the broad jump with a 1971" of the Athletic Conneil, and Mr.
effort. Mark was ngain the leading scorer as he won the high and low hurdles and also the broad jump.

To close ont the season the team travelled to Hampden-Syndnoy to the control of the Athletic Conneil, and Mr.

Duke Case, class of '51, representing the Washington College Lawrence the George E. Hesse Memorial Award,

Mr. Edward L. Athey, Athletic Conneil, and Mr.

Mr. Edward L. Athey, Athletic Conneil, and Mr.

To close on the season the team travelled to Hampden-Syndnoy to the connection of the Athletic Conneil, and Mr.

The Athletic Conneil, and

Director, made the individual letter presentations, and thanked the numerous illuminaries who were on

hand for the affair.

Blue Birds Once Again Victroious

Gibby's Champs Have Undefeated Softball Season

By Roy Henderson

Those perennial intramural champions, the Blue Birds, were again on top of the final standings as another successful Intramural activity was completed.

As in basketball, the Blue Birds

swept through their schedule without even a good scare. Their experienced pitching staff and powerful bats enabled them to emerge unbeaten at the close of the season. Their closest contest was a 4-0 victory over the Leviathans, a team of freshmen who just hadn't been informed that they wede sup-posed to play dead before the

Seniors, Alumni To Return June 7th

The Senior-Alumni Weekead, which will take place June seventh and eight, will be filled with activities for both the graduating seniors and the alumni who will return for the weekend. After registration on Saturday morning, there will be a golf tournament at the Chester River Yacht and Country Club This is the Sixth Annual Golf Tournament, and the tee off is from 10:00 A. M. to 2:30 P. M. This event has usually been the most popular event of the big weekend.

At 12:30 in Hodson Hall the annual alumni luncheon will take place. Ernest J. Langham, Class of 1923, who is president of the Alumni Association, will preside at the luncheon, which is also the yearly meeting of the Association. At this meeting, the members of the Class of 1907 will be awarded 50 year certificates, the election of the officers of the Alumni Association will be held, President Gibson will give his annual report to the alumni, and the chairman of funds will report. Special guests at the luncheon will be Dr. William R. Howell, Emeritus Professor of Economics and Sociology at Washington College, and Miss Amanda T. Bradley, Dean of Women. The alumni invite the members of the senior class to the luncheon. This is the first official meeting of the seniors with the alumni.

At 4:30, the President's Reception at Hynson Ringgold House will be held. This is the chief social event of the weekend, and the seniors, alumni, faculty, members of the Board and Visitors and Governors, and friends of the college are invited to the reception.

The Hotel Rigbie, Betterton, will be the scene of the class dinners. These are five year reunion dinners, and the classes that gradnated in years ending in 2 or 7 will have dinners this year.

The closing event of the alumni social weekend will be the dance at the Chester River Yacht and Country Club at 9:30, June 8th. The music will be by Eddie Dwyer and his Clubmen. The Alumni Association extends an invitation to the members of the graduating class and their dates to attend the dance.

Pegasus Editor Names Associates

The 1958 Pegasus Editor, Harry Dundore, has named the following students for the editorships of the 1958 Pegasus: Associate editor - Charles Stow, Business Manager, Bob Cleaver, Senior Editor, Kathleen Brackett, Feature Editor, Leslie Hoffmann, Photography Editor, Dick Sherman, Girls' Sports Editor, Ellen Jo Sterling.

The Boys' Sports Editor and

Art Editor posts are still open. Students who are interested should contact Harry Dundore. Also any students interested in working on the staffs should also contact Harry Dundore.

Alpha Psi Omega Elects Shortall Pres.

The Pi Zeta cast of the national honorary fraternity, Alpha Psi Omega, recently held their annual elections.

Bill Shortall assumed the role of President, formerly held by Pete. Riecks. Al Easterby, ontgoing Senior, retired as Vice-President in favor of Anna Lucy Allspach and Sally Ann Groome was elected to the post of Secretary-Treasurer, replacing Doris Hall.

Alpha Psi Omega, recognized as the largest fraternity in its field in the country, is purely an honorary group, designed to serva as a supplement to the local dramatics society and to recognize outstanding achievement in the work of the Players in the fields of acting, direction, production, and business management.

Full Program Set

since this year is the 175th anniversary of the college, three will be presented this spring and nine more at the celebration in the fall. The recipients of these degrees will be Professor Commager who will receive an honorary Doctor of Humane Letters, Dr. Bently Glass who will receive an honorary Doctor of Science, and Katherine Ann Porter who will receive an honorary Doctor of celebrate the second secon

Professor Commager is one of the foremost historians in the United States and Dr. Glass is well-known for his work in genetics at Johns Hopkins University. At one time Dr. Erk, head of the Biology Department, was a student of Dr. Glass'. Katherine Anne Porter is one of America's most prominent short story writer and has produced several volumes of her own stories. She has also received honorary degrees from Women's College of North Carolina and from the University of Wikisian.

the University of Michigan.

The college choir will also sing at the commencement. During this program they will sing Randall Thompson's "Alleluia."

Westminster Members

by Lynn Hawkins

The Westminster Fellowship, the youth group of the Presbyterian Church, is the youngest of the religious groups on campus. It was organized and sponsored in its early stages by Dr. Gustav Papperman of the Keanedyville Presbyterian Church. Recently the Reverend Robert Andrews, chaplain at the University of Delaware, became the sponsor and instituted a new program of investigation into Christian ways of living on the college campus.

Every other Sunday the Fellowship attends the Presbyterian Church in Kennedyville. Twice during the year, this church sponsors a dinner for the members of the group.

In its recent elections Jim Hughes was elected Moderator, Rob Gordon was elected vice-Moderator and Janet Little was elected Secretary-Treasurer. Most Fellowships operate on a commission plan with tive commissions named for various phases of Christion life such as Faith, Fellowship, and Outreach. So for, because of its limited membership, the campus group has only the Stewardship commission led by Jim Hong.

In the fall of 1957 the members will participate in teaching Sunday School at Kennedyville and in the spring they are planning welfare activities for the community. Also among their many plans for the future is a retreat at Happy Valley near Perryville.

Society Of Sciences Announces Winners

by Bill Coleman

The Society of Sciences completed their year with the annual banquet at the Dinner Bell Inn in Dover, Delaware on Thursday, May 9.

Officers for next year were installed. They are:
President — Dave Gillio
Vice-President — Marilyn Boston
Secretary — Carol Grossman
Treasnrer — Joe Doupnik

Sam Martin gave a talk on "Skin Diving in the Caribbean", based on his experiences with this in the service. Dr. Frank C. Erk, advisor for the group announced the winner of the certificate of merit for this year was Eveline Bowers.

The winners of the science exhibit, which was held last week, were previously announced. The first prize was won by Pete Crawford for his sound into light exhibit; second prize was won by the biology group for "The Snrvey of the Animal Kingdom". This was done jointly by Arthur Streeter, Eveline Bowers and Bill Coleman.

There's nothing like giving folks what they want

Easton Coca-Cola Bottling Co.

Blue Birds

"mighty 'Birds".

The Blue Birds, who are sponsored by W. C.'s other Gibson, are strong at every position and are blessed with an especially strong pitching staff led by Joe Seivold. 'Bird manager Russ Summers also found opportunities to pitch Ed Athey, who this year decided to play for winning team (as you can see, there are definite advantages to being Athletic Director). Other stalwarts in the Blue Bird linenp are Leo Gillis ss, Bill Davis 3b, "Mule" Jennings c, and Dick Callahan If.

The KA's, who were league champs in '56, finished second in the final standings and lost only to the Blue Birds. The Redshirts were led this year by Don Clausen If, Jim Holloway 2b, and Josh Carey cf. The Kappa Alpha nine opened the campaign without an experienced pitcher. However they found one in big Jack Meager, a transplanted catcher who performed well in a strange position.

The third place Leviathans, who opposed the Blue Birds yesterday in the final playoff games, were composed mostly of freshmen. Pitcher Kenny Dollinger, who starred in his teams victory over the KA's in the opening round of the playoffs, was the most brilliant performer on a team that surprised everybody with their fine showing. Jack Shipley and Larry Symonds also performed well for the Glaggregation.

Some of the league's other top performers were Chick Mills and Jim George of the All-Stares, Ronnie Doub and Sam Macera of the Burgraves, Hurtt Derringer and Freeman Sharp of the Argonauts, Bill Collins of the Phi Sigs, and Red Bird outfielder Mel Dotterweigh.

The league playoffs began on Wednesday, May 22, when the Leviathans scored a decisive victory over the KA's. On Thursday, May 23 the Blue Birds crushed the fourth place All-Stars in a game that was righlighted by a tapemeasure home run by Roger Gildersleeve of the Blue Birds.

Yesterday the Leviathans met was decide the Blue Birds in a double-header actions wer to determine the Intramural Soft-

ball Champions of 1957. Although this paper went to press before the final games began, I fully expect the powerful Blue Birds to maintain their domination over the Intramural leagues with a double victory over the challenging Leviathans.

Science Majors Plan Post Graduate Study

Six students at Washington College who are majoring in scientific subjects have advised the science faculty that they plan to take advanced work after they complete the current academic year.

the current academic year.

Fonr of them are majoring in biology. They are Eveline G. Bowers, a senior from Coronado, California going to Graduate School at the University of North Carolina, Arthur H. Streeter, a senior from Annapolis, and George B. Towson, a junior from Fort Bennings, Georgia, both going to Dental School at the University of Maryland. Harvey Samis, Jr., of Easton, going to Graduate School at Brown University. Mr. Samis graduated from Washington last June and is a junior instructor in biology at the College this year.

David E. Litrenta, a junior from Baltimore who majors in chemistry, will go to the Medical School at the University of Maryland.

University of Maryland.

Charles W. King, a senior from Denton who is a mathematics major, will be sponsored by the Westinghouse Corporation for advanced study at Carnegie Institute of Technology.

Judiciary Acquits "Student Soldiers"

At a judiciary board meeting Wednesday night, Sam Martin and James Kreger were acquited of charges of misconduct. The two, already on probation, had participated in the "close order drills" which plagued the campus in the early morning hours.

Dean Hill felt that because of

Dean Hill reft that because of their present probationary status, such actions may constitute misconduct where it would not generally in the case of tha rest of the student body, and thus merited consideration by the board. It was decided however, that auch actions were not clear cut cases of misconduct.

Senior Weddings

As summer comes and graduation is over, many seniors are making plans to take a trip to the altar. Among those who are making their final plans are:

Ollie Beali and Rena Knickerbocher — June 15
Berky Kenny and Judy Mullen — June 22
Bob Beaton and Joanne Plowden — August 17
Berverly Dowden and Mickey DiMaggio — August 24
Phyllis Papperman and Roy Jones — August 28
Carol Kniseley and Howie Morrison — final date not set

Join College Staff

THREE NEW MEMBERS of the College staff look over-the cata-log prior to the start of the new term. Seated are Dr. Roßert L. Harder, new philosophy department chairman, and Miss Lois Hall, dean of women. Standing is Dr. David Stevenson, associate professor of English.

NYU Grad, New Dean

Miss Mary Lois Hall, a native of Miss Mary Lois Hail, a halve of New Mexico, is the new dean of women at Washington College. Miss Hall succeeds Miss Amanda T. Bradley, who resigned in June

after 23 years as dean here.

Miss Hall attended George
Washington and Columbia Universities, and received her bachelor of arts and master of arts degrees from New York University. Her degrees were in English.

MISS HALL is a registered nurse and served as an officer in the Army Nurse Corps. For five years she served as a member of the English faculty at Ohio State

University.

She has served with the Girl Sconts professional staff, on the staff of Current History magazine, and from 1953-56 was associate editor of Current Events.

Miss Hall will reside in Minta Martin Hall, where she also will have her office.

Freshmen Have **Busy Weekend**

A busy weekend has been planned for the freshmen to end their orientation period here at Washin-ton College. At 9 o'clock Saturday morning, the class of 1961 will be introduced to the clergymen of the various Chestertown churches by President Gibson.

Saturday evening, there will be an informal dance held in Frank Russell Cymnasium in honor of the freshmen class. This dance is sponsored by the Student Govern-ment Association, and many upperclassmen will be there to meet them. ment

English Staff Adds Two

Two appointments have been made in the Department of Engush. Dr. David Stevenson, asso-ciate professor of English at East-ern Illinois State Gollege, will as-sume a similar post here, and John I. Gardner, recent graduate of the University of Wisconsin, will be-come an instructor in the depart-ment. lish. Dr. David Stevenson, asso-

ment.

Dr. Stevenson, a native of Michigan, received his bachelor and master of arts, and doctor of philosophy degrees from the University of Michigan.

HE SERVED as a teaching fellow at Michigan, and for five years taught in the English department, and served as dean and director of general clucation at Lincoln College, Ill. He moved to Murray State College, Ky., prior to joining the Eastern Illinois staff.

A specialist in English literature, Dr. Stevenson was elected the Phi Beta Kappa at Michigan. His a member of Phi Kappa Phi.

DR. STEVENSON is married and the father of three children. The Stevensons are residing on Washington Ave.

Washington Ave.

Mr. Gardner received his bach-elor of arts degree from Williams College in 1955, and a master of arts degree in English from the University of Wisconsin this year.

A NATIVE of New Jersey, Mr. Gardner did his study in Ameri-can and English literature. He is married and the father of two

Sons.

Dr. Stevenson and Mr. Gardner will replace Dr. Alba H. Warren, Jr., who is residing in Baltimore to do extended study and writing, and Sheppard B. Kominars, who resigned to travel and write in Italy this year.

Miss Amanda T. Bradley, retired dean of women, will continue her teaching duties in the department, according to Dr. Nicholas Newlin, chairman of the department.

Dr. Erk Moves to New York: New Biology Head Named

fessor of natural sciences at the New York State University Col-

lege on Long Island.
Dr. Daniel Z. Gibson, Washington president, announced that Dr. Erk's resignation, effective September 1, had been accepted with

The State University will open The State University will open the Long Island school in Septem-ber for its lirst term. The Col-lege will be temporarily hous-ed in Planting Fields, estate of the lege will be temporarily housed in Planting Freids, estate of the late William Coe, near Oyster Bay. Eventually the college will move to a new campus in Stony Brook, L. I.

DR. ERK is a graduate of Evansville (Ind.) College, and the Johns Hopkins University, where he carned his doctor of philosophy degree in genetics.

At Washington College, Dr. Erk also served as director of the College choir, and as advisor to the Society of Sciences.

LAST YEAR he was awarded a research fellowship at Johns Hopkins by the Lalor Foundation, and this summer he did research foundation, and this summer he did research foundation.

During the first year at Oyster Bay Dr. Erk will be responsible for planning and developing the science curriculum for the new school.

Rush Dates Set

Beginning with the Panhellenic Fornm on Sat., Sept. 21, first semester rush will commence. Questions about rushing will be answered by representatives of the three sororities.

Mrs. Daniel Z. Gibson will be

hostess at the Panhellenic tea on Wed., Sept. 25. At this time the women will make known whether women will make known whether they intend to go through rushing. On Fri., Sept. 27, bids will go out to upper class girls. Various parties by the different sororities will take place, Oct.

Oct. 18, Bids Go Ont

Dr. Frank C. Erk, associate professor and chairman of the department of biology at Westminster College, Pa., will succeed Dr. Frank C. Erk as professor and five years, has been named pro-

tion.
He is Dr. Myron L. Simpson, a native of Cumberland.

Dr. Simpson attended Massa-

eiving his bachelor of arts degree biology from American University. He did graduate study at the Universities of Maryland and Cincinnati, and did medical study at the Medical College of Virginia. He received his doctor of science degree from the Johns Hopkins University in 1944. His major field was in parasitology.

HE IS A FORMER faculty member at Massanutten, Johns Hopkins, and Gettysburg College, Pa. He has heen professor of biology at Westminster since 1948.

at Westminster since 1948.

Dr. Simpson has been active in professional and Methodist church activities. For 16 years he served as national president of Kappa Sigma Pi fratemity. He has been a national and state officer in the American Society of Professional Biologists. He is a member of Sigma Xi and several honorary societies.

For many years Dr Simpson was active in directing summer camp work.

Slate Monday Session

The committee planning the 175th Anniversary Ball will meet Monday at 1 p.m. in room 3, William Smith.

James L. Bowers, who is acting as chairman, said the group includes fraternity and sorority presidents, and representatives of Stu-dent Government and independents

Four-day Affair Opens Oct. 17

/ A student assembly program, Thursday, Oct. 17, will mark the official opening of the College's 175th anniversary celebration. A special 11:15 a. m. program will present the history of Washington College by the content of the cont lege, chartered by the state of Maryland, Oct. 15, 1782. The first day of the commemor-

ation also will include an evening recital of Eighteenth Century music played by the LaSalle String Quartet. This program will be the first offering of the College-Community Concert series

ON FRIDAY, Oct. 18, a memorial service is scheduled, honor-ing the founders of the College, and alumni now deceased. The Reverend Noble Powell, Bishop of the Episcopal Diocese of Maryland, will speak. The service will be held in Russell gymnasium at 8:30 p. m.

A community choir, directed by Robert L. Forney, will present special music.

special music.

The College Board of Visitors
and Governors will meet, Saturday morning, at 11 o'clock. Saturday also will be observed as Parents Day and Homecoming.

PARENTS WILL be invited to sit in on classes with their sons and daughters during the morning hours. A luncheon for students and parents will be held in Hodson Hall, beginning at 12 noon. Members of the board and honor guests will lunch at the Presi-dent's house, at 1 p. m.

A special symposium, "Educa-tion—Then and Now" will be presented in the auditorium, William Smith Hall, Saturday afternoon, at 2:30 o'clock.

AN EXAMINATION of Colonial and present day higher education, and a study of gains and loss-es in principle, content, and re-sult, will be undertaken by Miss Elizabeth Geen, dean of Goucher College; Dr. Francis Keppel, dean of the Harvard College school of education; and Dr. Edmund Morgan, professor of history, Yale University.

Editorially Speaking Up and at 'em!

It's fall again, and for the more romantic souls this brings forth a picture of leaves turning to gold, football games and high fashion. For the students here at W. C. on the other hand, there is more likely to be visions of rainy morning, too rough courses, and a too strict Gibby. Seriously though most of us are darn glad to be back.

We of THE ELM sincerely hope this will be a most successful year for all of you. We remind you of the satisfaction and sense of helonging that comes with participation in extra-curricular activities and social affairs. But we also hope no one will go overboard on these and neglect the prime reason for going to college - to learn!!!

We hope too that all those who heard rumors of a Summer ELM will accept this early fall edition with our apologies. Although it has been almost ready to go to press for a month now, late appointments and other problems delayed its publication.

ALWAYS THE SAME Freddy and Frieda Frosh

-by joan and misti

Every year Washington College sees a new crop of freshman, but somehow they always seem the Here are some of the most common types.

Billy Bookworm: This lad is so worried about his index that he is taking notes during freshman meetings and studying them between aptitude tests.

Gregory Gembler: This boy is so sure of his prowess at poker that he is willing to bet three thumbtacks on a rayal flush.

Sylvia Snob: This doll was president of her high school French club. She will not associate with anyone who speaks less than three languages.

Herman Hotshot: Herman wants to show the college crowd that he has "been around." To prove it he swaggers into the Bird, perches at the bar, and orders a daiguiri.

Gus Guog-ha: So pleased to be a college man, he supports the bookstore by buying everything from peonants to callege key chains. His little brother will soon be proudly wearing a W.C. sweatsbirt.

Alice Allergy: This poor girl catches every germ. She had to bring an extra footlocker for all of her pilla.

Alfred Athlete: Enters the snack bar like a real rock and asks for milk. You can be sure he made second-string football in high school.

Charlie Checkbook: This boy spends money as if Santa Clans delivered it every month. His Santa is really his father who is bribing him to stay in

Local Musician To Lead Choir

Robert L. Forney, Chestertown, will become the director of the Washington College Choir. His appointment, effective this year, was announced by President Dan-iel Z. Gibson.

iel Z. Gibson.

Mr. Forney, a local businessman, has many years professional
music experience, following his
graduation from Oberlin College,
where he earned a bachelor of
music education degree. He holds
a master of music degree from the
Northwestern University school of
music.

FOR 13 YEARS, Mr. Forney was a music instructor and choral director in the Detroit public schools. During that period he also was a church soloist and choir conductor.

Since moving to Chestertown, he has continued his musical interests as minister of music at First Methodist church, and as violinist in local chamber music groups.

Married, Mr. Forney lives with is wife and five children on Kent

Frosh Fresh From Facts, Frolic

This week the Freshmen class was put through the paces of orientation. It has been a week crammed full of tests, lectures, meeting the faculty, various social activities, wondering about the upperclassmen, becoming acquained with the campus and its surroundings, and most important, getting to know each other.

Monday began with a welcome from President Gibson, an overall picture of the college program by Dean Doyle, and then Registration. In the evening there was the traditional reception for Freshmen and Faculty at the heautiful home of the President on Front and Cannon Streets. The rest of the week consisted of the Freshmen Frolic, a movie party, activities night, and outdoor sports. Now its almost time for these eight fifteen classes, wearing dinks, and

next on the "culture campaign"? len't Wanda, Dean Hall's dog, one of the best things to ever happen to Minta Martin?

Apathy Out

Good news from SGA Social Chairman Charlie Lyons.

Our compus is to be plegued no more by the attitude of apathy on the part of the general student bady which has caused serious debate. A good yardstick to measure student interest in campus affairs is the emount of constructive criticism offered by the students themselves. This year we're really on the ball as evidenced by the suggestion found in the S.G.A. box in the Snack Ber on the very first day students bit the campus. . A very palita letter, it goes like this:

Would the college be so kind as to establish a fund, or to barrow from some existing fund, in order to relieve tension and improve general college morale, a small sum to purchase a can of general purpose 3-in-1 oil to fix the damn squeeky hinges on all the doors in Bill Smith."

(P.S. The suggestion bax has since been removed from its post in the Snack Bar.)

Congratulations on three recent engagements: Ann Hurst and Bob Cleaver, Bob Shockley and Bobbie Dew, and Pat Join and Warren Wasson Also a conple of pinnings as the Zeta pins of Ellen Jo Sterling and Carolyn Andrews are joined by the Theta pins of Bill Litsinger and Ed Silverie, re-

Theta pins of Bill Litsinger and Ed Silverie, respectively.....

AREN'T YOU GLAD THIS WAS THE EARLIEST YEARBOOK EVER?? Room situation at Minta Martin is sure mixed up, looks like upper class girls will be making reservations in the "powder room"... Finding it hard to talk to Curt Massey lately?, Well, he just hasn't recovered from being a Godfather yet....

If anyone had any doubts on whether N. Y. was jumping this summer they should have gotten in touch with Kakie Breekett for confirmation — that is, if you could have found her in... We understand that the 3rd flaor girls of Reid Hall are continuing the reputation of

of Reid Hell are continuing the reputetion of past classes Keep the noise down girls, or Miss Travers will never cotch up on her sleep. That's it for now See you around campus.

Russians Dig Jazz and Vodka

Russian youth are not very different from the young Americans, but their confinement puts such themselves so freely, although they are all very interested in the United States and American way

All Russians are members of the Komsomol and thus do "not believe in God and cannot go to church, according to the rules of the organization." Many of these youths, due to their hatred for their country, "have built up an overglamorized picture of life outside the Soviet Union." Statement against a top leader can lead them to "25 years imprisonment following a closed trial".

The youth speak with much bitterness about their many requirements, such as having to register "every year or so and if anyone fails to do this three times he will, in all probability be sent from the city and not permitted to return for years."

For entertainment the Russian youth usually sit at the home of a friend who owns a radio, and drink vodka or Georgian wine. "The most popular radio program in Moscow and Leningrad, and probable themselves." America's two hours of jazz from Tangiers."

Except from when they are talking about

America, the Russian youth seem very "discouraged and without any purpose in life"

Adapted from and article in COMPACT,

Congratulations are in order for Barry Burns and Warren (Moose) Mix who were chosen on the first team of the Mason-Dixon All Star haseball team, and to Arnold Ster who was chosen for the second team. Burns hatted third in the Sho' lineup and finished the sea son batting at .262. Mix followed Burns in the batting order and hit a very impressive .328 in that clean-up slot. These two diamond stars played second and first base respectively. Sten, the leading Sho' pitcher climaxed his third season last year with a 5 and 2

Last year the intramural softball league was a great success. All of the managers who made up the intramural conocil, working with the athletic office, did a good job. Because of this, there were far fewer rules questioned and the players as well as the league bene fited. This fall, all football managers should report immediately to either, the athletic office, Mule Jennings, or this writer. All rosters are due Wednesday, September 25th, at 4 P. M.. There will then be a 4 P. M.. There will then be a meeting of all managers on Fri-day, September the 27th. The season will begin the second week of college.

Two outstanding Sho' athletes are expected to return to Washington College this year. They are Mickey DiMaggio and Shelly Goodman. DiMaggio has just finished a hitch with Uncle Sam and he will be a welcome sight after his three-year absence. He plays soccer and lacrosse. He is rated, good on the soccer field, but particularly outstanding as a lacrosse-

Goodman came to Washington in 1954 and after studying here for two years, decided to take last year off. After a year's rest, Goodman plans to return to the W. C. campus again this fall. Goodman will be another letterman for Diamond Conch Kibler to work with this spring. Goodman has had a very successful baseball season this summer while playing for the Bel Air team in the Harford County league. He is currently batting over the .400 mark.

Tommy Bounds, Class of '55, made his company baseball team in Germany. Bounds was a letterman in soccer as well as baseball while here at W. C.

Dixie Walker, former editor and editor-in-chief of THE ELM is now working in Bryan, O. He is sports editor of the Bryan Times.

Congratulations to Chuck Buck who was chosen on the third team of this year's All-American Lacrosse team.

Last spring Joe Seivold achieved one of the highest honors given to any athlete. He was named to this year's All-American Lacrosse team. This LETE'S FEAT.

The Winner Is

Mickey DiMaggio and Coach Chatellier set their cross contry pace as Athletic Director Ed Athey looks on. Coach Athey and Coach Chatellier have begue their sector and cross country practices respectively. DiMaggio, a former letter man in both sports, works to get in shape for this fall sports activities. Di-Maggio has served the past three years in the U. S. Army.

Sho'men Booters **Begin Practice**

There is a very optimistic ont-look for this fall soccer team in the eyes of Coach Ed Athey. He put it this way: "The team should be generally improved. Rex Len-derman and Arnie Sten make very capable co-captains, but this team, like some of the other teams, has been hurt by graduation."

Of course the coach will expect some talent from the freshman class, but it will be very difficult to find men to fill the shoes of Barry Burns, Phil Riggin, and Dick Lent, all of whom were graduated last June.

CHARLIE STOW, with a year's experience in the W. C. goal, should come up with even more sensational saves than he had last year. Almost sure to help out with the defensive chores are Mule Jennings and George Walters, who was hindered last year with an in-

was hindered last year interest foot. Sten should once again see plenty of action at halfback. This will be his fourth consecutive year in this position. The line should be bolstered by high-scoring Lenderman. Lenderman, like Sten, is playing his fourth and final year of college soccer.

"OF COURSE, none of the po-

of Cooks, none of the po-sitions on this or any other team are seenred hefore try onts start," Coach Athey announced.
"Every position is open until I have had a chance to test and se-lect the eleven best men."

Coaches Corner

Both Coach Ed Athey and Coach Don Chatellier attended the Adelphi College basketball coaching school. The school was held in Garden City, Long Island, N. Y., Aug. 5-7. This school consisted of panel discussions, films of the Sugar Bowl, N. C. A. A. Olympics, and the N. I. T. final; and a high school demonstration game.

Every phase of basketball was covered by such outstanding coaches as Ken Norton of Manhattan College, Frank (Bucky) O'Connor of the University of Iowa, Max E. Bell of Elkhart High school in Indiana, and J. Milo Sewards of Allentown High school Pa. These coaches have some of the most outstanding records possessed by coaches throughout the

The Mason Dixon Conference will have its first school year meeting on Sept. 15, at American University, Washington, D. C.,

Coach Athey, who is vice president of the Middle Atlantic Con-ference, will be acting as president as the school year gets under-

He will fill in for President Barr of Franklin and Marshall, who is currently out of the country.

Coach Athey also reports that he will welcome all soccer players to start soccer practice i Sept. 17. Athey reminds all soccer candidates that there is never much time to practice fall sports before the season's start.

NAMED TO M-D ALL STAR BASEBALL TEAM

Warren "Moose" Mix (left) and Barry Burns (right) wer plac-ed on the first team of the Mason-Dixon All Star Baseball squad by the coaches of the conference. Pitcher Arnold Ston was awarded a position on the second team.

FRIDAY, SEPTEMBER 20, 1957

PAGE 3

Athey Stakes Some Hope On Freshmen Athletes

Last year Athletic Director Ed Athey spent a lot of time in an effort to interest high school senior athletes in Washington College. It is interesting to take a look at some of the prospective freshmen athletes for this school year to see how Coach Athey fared.

Seivold Is All American Choice

Joe Seivold, after leading the Sho-men through another successful lacrosse season, had many honors hestowed upon him as the season and school year came to a

Joe Seivold

close. Joe was chosen as a first team All-American midfielder.

Joe was also chosen to the Laurie Cox division "All Team". Then to add to the honors be was notified that he was to receive the Navy Trophy which is given annually to the out-standing individual who plays against the Navy lacrosse team.

The inscription on the trophy reads as follows:

Presented annually to the opposing team player demonstrating outstanding skill and sportsmanship as selected by the United States Naval Academy Team.

This is only the second year that such an award from the Naval Academy has been offered. It has come to Washington College ath-letes both of these years. John Howard was the recipient of this award last year.

Sho' Runners Begin Workouts

Coach Don Chatellier reports that this years' cross country team should be better than last years' squad.

Last year the distance runners won four of their eight dual meets. Last years Sho'men won over Penn Last years Sho'men won over Fenn Military Academ'y, Mount St. Marys, American University and Towson State Teachers; while losing to Loyola, Johns Hopkins, Catholic University and Gallandet. This year the coach has scheduled an additional—dual meet against the Blue Hens of Delaware.

Returning veterans this year will include Joe Thompson, Tom Crouse, Jim Pickett, Ollie Robinson, Tom Woodward, and Bill Ditman. Coach Chatellier figures that the experiences gained by these last (Continued on Page 4)

Athey sounds especially interested in Marty Sweeney. He is a product of the Sacred Heart High school in Waterbury, Conn. He stands 6-4 and weighs 185 pounds. Coach Athey explains that Sweeney should help mostly in basket-ball, although he also plays basehall. He played center on his high school quintet, and was also a haseboll standout.

IT WAS REPORTED that Sweeney was offered scholarships to Holy Cross and Boston College for his athletic obility, but he de-cided to come to Washington College this fall. He played basket-ball in a summer league in Connecticut along with last year's varsity man, Chick Perrotti.

Another ontstanding high school athlete, who may materialize into a three letter college regular is Lee Willenbacher. Willenbacher played his high school sports at Is-land Trees High school in Levittown, N. Y. He is 6-3 and like Sweeney, Coach Athey thinks that Lee will help the W. C. quintet

more than any other team.

He was voted the most valuable player in his high school circuit last year.

IN ADDITION to basketball, Lee should give the Sho-teams a boost in cross-country, baseball, and golf. He lettered in all of these sports in high school.

Athey reports he expects some help from Leo Kyle, who is a Bell High school product. Kyle is six ft. tall and weighs 165 lbs. He is an experienced soccer player and baseball pitcher. Since Leo is a lefty, he will probably be gladly accepted by the college baseball coach, Tom Kibler.

Incoming freshman Lee Curry should prove a pleasant surprise to lacrosse coach, Don Kelly. was graduated last June from Severn High school here in Maryland. He is a 6-3, 180-pound la-crosse defenseman.

ANOTHER ontstanding man lacrosseman entering Wash-ington College this fall is Bobby Barroll played his high school lacrosse at City College in Baltimore. He was selected on the All-Maryland Lacrosse team this year. Recommended as 'real good' by Joe Seivold, Bob this should see plenty of action in the W. C. midfield next spring.

Coach Don Chatellier is pleased in the fact that track man Richard Skinner of Centreville High school will enter the College this fall. Skinner is chiefly a miler and because of this he will probably be an asset to the cross country team. His best recorded time for the mile run was 4:40.

BY THE LOOKS of things the W. C. netmen should receive a very strong shot in the arm. The tennis team will welcome freshmen William Garrigues, Howard

(Continued on Page 4)

Stewart Cox Becomes **Director of Admissions**

J. Stewart Cox, for the past two years ossistant director of admissions, has been elevated to the post of director. He succeeds Ermon N. Foster, who has been carrying the admissions responsibilities in addition to serving as registrar and a member of the education department faculty.

Mr. Cox came to Chestertown in 1955 from New York City, where he was in public relations work with a travel organization. Prior to that he had lived in Europe as branch manager for American Express company.

A graduate of Pomona College Calif., Mr. Cox also attended the University of Grenoble in France.

He will have an office in the public relations office, room 4,

Curriculum Proposal Under Consideration

A proposal for revision of the curriculum is under consideration by the faculty. This proposal claims to be able to "give our students a better education, to lighten the faculty's load of work, to simplify administration, and to save money for the college." The pro-The propesal goes on to state that "if it is . . . pessible to accomplish these feur proposes together through radical measures, radical measures should be adopted."

The objectives of the faculty in putting forth this sugguestion are as follows:

- 1. Greater responsibility for the individual student.
 2. Less sitting in class-mor
- work on the student's own responsi-
- bility.
 3. Uniform hour loads instead of of large numbers of courses.
- 4. Fewer courses.
- 5. More intensive work in each course
- 6. Graduation requirements will still be distributive-some in each
- of the three divisions.
 7. The course instead of the credit hour would become the unit of credit; graduation requirement will, for example, probably become either 32 or 40 semester courses instead of 120 semester hours.

This proposal, if accented, will go into effect gradually, beginning with the fall of 1958.

Parents Invited To 175th Weekend

The 1957 Parents Day will be Saturday Oct. 19 — part of the College's 175th anniversary celebration.

All students are urged to invite their parents to the campus for the weekend or for Saturday.

Parents may attend Saturday morning classes with their sons or daughters, or may spend the morning visiting with members of the faculty and administration

At 12 noon, parents will be the guests of students for lunch in the Hodson Hall dining room. At 2:30 p.m., parents will attend the educational symposium in the William Smith auditorium. Dean Elizabeth Green, of Goucher College, will moderate the panel which includes Dean Francis Keppel, of the Harvard College School of Education, and Dr. Edmund Mor-gan, professor of history at Yale. Following the afternoon soccer

game with Georgetown University at 3:45, parents and students will be the guests of the Board of Visitors and Governors at a recep-tion in the President's House, Hynson-Ringgold House, on Water street.

Homecoming Court Procedure Changed

The Homecoming Queen will be chosen this year from among the enure female student body. Her court will be represented by two giris from each class, each elected by the members of her class only. All the students, however, will vote tor the Anniversary Queen since she is to represent the college as a whole. The girl to be chosen Queen aust have poise, personality and attractiveness for she will be introduced to all the guest speakers and noted personalities who will oe at the college for the celebration.

The semi-finals will be composed of sixteen girls eligible for the court and three girls eligible for Queen. The picture of the nineteen girls from which one will be elected Queen and eight for her court will be posted in the snack bar after the primaries.

Dress for the Anniversary Ball is optional for men but formal gowns are required for all women and formal attire for men urgently stressed.

Everyone is urged to purchase their tickets as early as possible since the number of tickets is

Approximately three hundred tickets are available to the students at \$5 a couple and may be purchased from any member of the student council or from the following students: Lynn Weisse, John Buchannan, Pete Knox and Sue Brunk. Each Sorority and fraternity president has also been alloted ten tickets for their members.

Flu Shots Available

Asiatic flu shots will be made available to the staff and students, according to Dr. Daniel Z. Gibson, president.

Dr. Gibson said that a quantity of the vaccine has been ordered by Dr. Robert W. Farr, college physician. Dr. Farr said the shipment may take several days because of the heavy backlog of vaccine orders with manufacturers.

Arrangements for the shots will be handled through the Dean of Students' office, and will be administered in the infirmary, at a date and time to be announced later.

With the increase of Asiatic flu among colleges and universities all students are advised to take the preventive measures.

It should be mentioned that the current run of colds, sore throat etc. on campus is of a local nature and should not be mistaken for the Asiatic flu.

N. Secretaries Visit College

UNITED NATIONS' GUESTS are greeted by Dr. Barnett upon their arrival at Washington College.

Bids Given Out To Upperclassmen

Two sororities and one fraternity issued bids last Friday to upper-class students who had previously

been through rushing.
Pledged to Zeta Tau Alpha was
Sally Knorr. With Alpha Chi
Omega pledged Jane Wilson and Carol Vuono.

New Theta Chi pledges are Bill Clark, Jim Carey, Dick Callahan, Tony Oswald, Al Fonntain, and Buzzy Brandenburg.

Bids from the other fraternities were issued Tuesday night, after the paper went to press.

175TH INVITATIONS MAILED TO COLLEGES

Invitations to the 175th anniversary have gone out to more than 600 colleges and universities across the nation

Many of the presidents of these institutions are expected to be present for the Convocation Ceremony, Sunday, Oct. 20 at 3 p.m. Others are expected to appoint official rep-resentatives for the afternoon affair and academic procession.

Luncheon will be served to the delegates in Hodson Hall at 1 p.m. A reception for delegates will

Six representatives and one dele-gate from the United Nations visited Washington College last weekend. The seven United Nations guests who were on one of their hospitality weekends, stayed in Easten, Md., their trip being sponsored by the Friends Meeting

Representating seven far-reaching nations of the world were Mr. Abid Al-Marati- Iraq, Miss Patrica Add Al-Marati- Iraq, Miss Patrica Capon - U. K., Mr. Yegendra Duraiswamy -Ceylon, Mr. William Hyland- Ireland, Mr. Nikolai Lalinin- USSR, Mr. Albert Kaw-achi- Japan, Mrs. Aura Jockson-Australia Australia.
In visiting Washington College

the secretaries were able to speak with the faculty and the students, to observe campus life and in this way to obtain and idea of the educational and social advantages in attending a small liberal arts college.

After dining at Hedsen Hall, with the students, the gnests were entertained at Minta Martin Hall. There an informal discussion was held with the students and several members of the faculty. At the taries were shown around the campus, managing to participate in a basketball game in Russell Gym-nasium. Their open friendliness and sincere interest in exchanging opinions pointed out their deep faith in international unity along with a personal closeness felt by all those who had the opportunity te visit with them.

Dormitories Will Open To Public

Campus dermitories will be open for public inspection as part of the College's 175th anniversary observance

The eight residences will be open, The eight residences will be open, Friday evening, Oct. 18, from 6:30 to 8 o'clock. The visitation will precede the 8:30 o'clock memorial service in Russell gymnasium.

This is the first time in several years that campus residence buildings have been open to the public. In addition to affording students the opportunity of seeing the buildings on the inside, the "open house" will provide area residents with the opportunity to see the newly-rene-vated men's houses.

New Rules For Repeating Courses

At the meeting of the faculty on September 19th, the following regulations were adopted:

1. All courses taken et Washington College no later than June, 1957, in which the student had received a grade of D or F may be repeated as previously. If the grade is improved in the repeated course it may be substituted for the old one in the computation of the average, and the course hours will be counted only once in the computation.

2. All courses teken at Weshington College from grade of F, may be repeated, but the quelity points of BOTH grades will figure in the computation of the grade average, the course hours being counted only once.

3. All courses teken at Weshington College from

3. All courses teken et Weshington Collage from September, 1957, on in which the studeot receives e grade of D or better, may NOT be repeated for aca-demic credit.

As directed by the feculty, the foregoing regulations are now in affect.

Editorially Speaking JUSTICE IN

JUDICIARY?

During exam week last May, three During exam week last May, three cases of plagarism an done of cheating were brought before the Judiciary Board of Washington College. The Board found two students guilty of the charges of plagarism and cheating and acquited the other two being tried for plagarism.

Had things and delayer those access

Had things ended here, these cases Had things ended here, these cases would have been no more important than those in the past, although they might have been remembered for awhile for the intensity of feeling and discension between students and faculty members. The case did dents and faculty members. The case did not end here though. President Gibson, for the first time in its history, reversed the decision of the board.

It is here then that the point of this editorial lies. The cases are over with, right or wrong, they are a thing of the past. The president's action, on the other hand, affects each and every case which the judiciary shall ever be asked to handle.

That the president had a legal, techni-That the president had a legal, techni-cal right to review this case is not what is being questioned. As head of this institu-tion he has the final word on all decisions. But, did he have a moral right? What will become of the Judiciary in the future if its decisions are as meaningless as were those in the aforementioned cases?

The idea of a Judiciary Board, composed of both students and faculty members, is a noble one. It is being made a farce of though, when its holds no real power and just looks good in a catolog.

As things stand now, no student can go

before the Board with any confidence. He knows that no matter what the Board de-

cides, there still may be a higher decision, even if not a more democratic one.

Board members too are fed up! Only one who has served on a judiciary trial can know the physical and mental strain which it holds. Is all this time and effort to be for nothing? It is better to abolish the hypocrisy of a Judiciary and spare the students from being a part to the masquerade.

dents from being a part to the masquerade. If the board can make no real decision—then we have no real Judiciary Board.

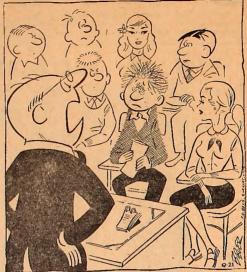

Seemingly, the composition of the Board is democratic, or even favorable, to the student body. The students outnumber the faculty six to four. In reality though, the faculty still reign supreme. In the cases mentioned , it was the emotional hysteria of a faculty member, his threatened resignation, and the protests of other faculty members which forced President's Gibsons "review".

Ohyiously, the President was in an un-

Obviously, the President was in an uncomfortable position. Was it easier and more advantageous to go along with a dominating faculty than to abide by the decision of the board?

decision of the board?
The rift between the administration and students at Washington College is widening constantly. The complete disregard of students' rights in the Judiciary only helped accentuate this discension.
Will someone please explain to this students and the many who have asked—"What about the Judiciary"? Shall it continue to exist? What shall its composition be? Will it be the final decision on a case? These questions must be answered. The students at Washington College are waiting for that answer!!!

Spotlight On A Senior

Bob Colburn, S. G. A. President

The first issue of this column spetlights our Student Government Association President, Mr. Robert Colhurn. Boh has been affiliated with S. G. A. as Class Rep-resentative since his Freshman Year, and now by serving as its President, holds one of the most responsible positions in this school. Bob has excellent leadership quali-ties, as exemplified by the fact that in his Sophomore year he was Secretary-Treasurer of the Canterhury Club and Vice-President of his fraternity, Phi Sigma Kappa. In his Junior year Bob was named President of Phi Sig and President of the Canterbury Club. He also narrated the pageant for the Ches-tertown Centennial last year. This year Bob is again President of the

Canterbury Club.

major with bio as A psych minor, Bob hopes to attend graduate school, possibly the U. of Penn., to study industrial psychology. to study industrial psychology. He is from Princess Anne, Maryland, but did spend 3 years living in Colorado and loved it. His secret Colorado and loved it. His secret ambitions are to visit Japan and also to see a hull-fight. Bob enjoys books, art, and music, likes animals, especially dogs, but positively detests cats. He favors modern architecture and also short hair cuts for girls. Bob has enjoyed every minute of college and is ambitious for W. C.'s success. He hopes to do the best possible job as hopes to do the best possible job as S. G. A. head this year, and we know he'll succeed. Lots of luck, Bob, for this year and the future. In China,

Let's Be Moderate

Within the past three months, there have been numerous advances in temperance. Of prime importance was the defeat by the House District Committee of a bill which would have incereased the number of retail and wine outlets in the District of Columbia by 850.

There have also been other advances. The liquor expenditure figure was \$410 million more in 1956 than the total expenditures for alcoholic beverages the previous vear.

year.

For the first time, the "health-ful" qualities of heer are being promoted in a mass advertising medium, thanks to the generosity of Froedtert Malt Corporation. This corporation uses logic in its advertising. Malt is a heathful food, there is malt in beer, therefore beer is healthful. fore beer is healthful.

The greatest problem of the temperance boards and the police is the drunken driver. Certainly a motorist is not at his best after even a couple of drinks. It is true also that individuals vary. may lose the fine edge of judgment after one glass while others may be able to conduct themselves properly after three. There is no way of determining the danger point.

There is, however, proof that drinking is involved in one out of four fatal traffic accidents. The people who are involved in these accidents are not within the bounds of any particular age or social class

It would be useless, it seems, to ask for complete abstinence. hope of the temperance boards is that, if the people must drink, they will drink only in moderation

As I See It ...

Where Were You?

by Anna Lucy Allspach

Last Saturday afternoon Washington College students were availed an unusual opportunity, but unfortunately only a handfull were on hand to take advantage of it. Perhaps it wasn't publicized enough but I am afraid the small turnout was just another case of student indifference. I admit I was drafted myself.

Visitors to our campus seldom see a representative cross-section of the student body. Those who did meet and talked with the United Nations visitors enjoyed the refreshing experience of new viewpoints on familiar things as the guestss politely answered our pointed questions. I sometimes felt we were on exhibit and sometimes felt they were, a sort of mutual scrutinization .-

With mixed apologies and pride we showed them our facilities and building. They were especially interested in the gym and it was worth the whole afternoon just to see the Iraq-Ceylon novice basketball free throw contest. Have you camera bugs ever seen a Russian made Zorski camera? Have you ever met a man who was at Hiroshima? There were all sorts of interesting things in our Saturday U. N. surprise package, and I hope more students will want to meet future W. C. visitors. It is a very worthwhile and entertaining experience.

Campus Clatter

by Joan Haley & Ron Dratch

The Imperial Wizard of the Sophomore Class, Jim Griffin, seems to have been masquerading as Cupid. To wit: his court decision has united Jean Tod and Bob Cheel in dateful bliss.

Have you heard people referring to Bob Colborn recently as "Daisy Mae"? The nickname is easily explained: When a class of fifteen was asked to write the first flower that came to mind there were fourteen "roses" and one "daisy"! Incidentally, Bob Shockley was going to put down "chrysanthemum" but couldn't spell it!

One of the most popular people on campi lately is Deau Hall. It's hard to tell who are more pleased with the new hours in the girl's dorms, the gals or the guys. The only complaint is that the good hours have come simultaneously with the bad times. For so many of us of late there has been a conspicnous lack of places to go at night. One girl was heard to say that she has seen six movies in thirteen

Last Saturday nite was a big social night on the campus calendar and included many incidents and accidents. The Lambda Chi's specialized in jitterhugging with crutches, while on the Phi Sig hayride Joan Waldeck got spilled off the truck and one boy sprained his knee during a lumberjacking expedition.

Tom Eshman has found the G. I.'s dream come true; his old drill sergeant is a "greenhorn" at W. C. this year. Of course, Tom's quite willing to help him become orientated.

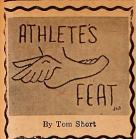

Speaking of vets, scuttlebut has it that the honored guest at the annual Veterans' Day Parade will be Jan Lawton. The heroic defenders of our country will parade their might on Nov. 11, to prove that the world is still "safe for Democracy".

Give Me One Minute More

The rules which established the cur-The rules which established the curfew hours for women here at school have at last been significantly changed. In the past these rules approached the ridiculous. In what was perhaps an effort to endorse study and fit hours to the curriculum of a small school an town, very early curfew times were set. The hours were wholly unlike those most students were accustomed to at home. They brought nothing but resentment from the women students, and the men too, I might add. the men too, I might add.

The new regulations show an under-

standing of the entertainment afforded in Chestertown along with an understanding of the feelings and background of the women students. An appreciative thank you goes to all those responsible for this you goe change.

Intramural football is underway and the league promises to highly competitive. There will be approximately eighty men participating in this year's league. Thus we have many men in the college who will not be playing. The ath-letic department of Washington Colege is very interested in having as many men as possible to participate in intramural competition. Therefore, if any men in the college are interested in trying to start any other intramural activities this fall they are welcome. Some sug-gestions might be wrestling, fencing, archery, ping pong, or cross country. I am sure that the country. I am sure that the athletic department will be more than glad to co-operate. If any-one is interested in the above suggestions or have any of their own, please contact either this writer or please contact contact the athletic office.

Joe Seivold's picture will appear on this year's National La-crosse Guide. This Guide is published once a year and contains all the official lacrosse news. So Jae Seivold who is one of the most outstanding lacrosse figures in the United States today.

The readers of this column notice that each week we have an Athlete's Feat which is symbolic of the performance which we think the performance which we think is superior in variety athletic com-petition. This year this sports staff will give an award certificate to the most outstanding of this year's collection of Athlete's Feats. The certificate will be awarded at the annual sports banquet in May.

During the past two weeks the college has been filled with something which before this time has been comparatively exempt from our campus. This is spirit! There has been a lot of school spirit aroused by this year's freshman and sophomore classes. The spirit has been centered around the program. The rousing spirit which even drew the interest of the juniors and seniors has made hazing a success. It would be very nice if this same kind of spirit could be carried to the athletic events throughout the year. I think it can make a big difference in our win-loss column. Men and women of the college should think of this throughout the year. This is your Athlete's Feat!

Runners Appear | Quint Hopefuls Ready For PMC Hold Practice

The Washington College harriers The Washington College narriers engage Penn. Military College on Saturday, October 12 at 2:00 P.M. in what loomes to be the preview of one of the great powers in Mason-Dixon circles.

Mason-Dixon circles.

Joe Thompson, stalwart of last years team, leads a veteran returning aggregation of Tom Crouse, Jim Pickett, Tom Woodward, Ollie Robinson, and Artie Schuman. The test next Saturday should be further heightened by the return of Mickey MiMaggio, who led Washington College cross country before entering the service. Freshman flash Richard Skinner has been the most empressive runner to date. Pete Wastie and Har-rison Pace are other outstanding freshman speedsters who bave shown exceeding promise.

Coach Chatellier's charges take on a nine game card which includes such powers as Loyela, Cathelic U., John Hopkins and the University of Delaware. Next Saturdays test should be the criterion on how far this potentially great team can go

Lenderman Lost To Soccer Team

The leading Sho' scorer of 1956 and this year's co-captain, along with Arnie Sten, will be lost to the soccer squad this season due to a serious back ailment. According to doctors it will require an operation to remove the piece of bone in the spinal column that is pinching a nerve and causing the trouble.

It was quite a blow to the slender Baltimorean who scored a total of 10 points last year to lead the Sho'men in scoring. Coach Athey had planned to use him at the inside position and possibly alternate with Bob Bragg at center forward. He played halfback in his premiere season and played inside and center in the two successive years. also played lacrosse in his first two years at W. C.

It is not yet official, but Lenderman will probably stay with the team to assist Coach Athey and devote his experience and know-ledge to help Washington to possibly a Mason-Dixon or Middle Atlantic Conference Championship.

W. C. Will Play Host To Georgetown U. In **Homecoming Game**

The Georgetown soccer team will compete aginist our Sho-booters here on Homecoming, October 19th. Georgetown is an independent team which Washington College has never played. Coach Athey reports that he has scheduled a return

by Roy Henderson

Although basketball season is almost two months away, a few candidates for this years squad have been working out on their own for the last two weeks. A mixture of veterans and newcomers are working diligently every afternoon to get in shape for the coming cage campaign.

Among the group are last year's freshman stars, Bob Brown and Dick Callahan. These two boys should form the backbone of this should form the backbone of this years Sho'men squad. Brown was the leading scorer on last year's inexperienced squad. He proved himself to be one of the hest shots in the conference. With a years experience under his belt, he should be one of the top hoopsters in the

Callahan, also a sophomore, led the team in rebounding, a depart-ment in which the Sho'men were weefully weak last year. Dick is a consistent scorer and when it comes to defense, he is one of the best. His fine effort on Pip Meyer, Baltimore U's high scorer, was one of the highlights of last years dis-

mal season.

Besides Brown and Callahan, other veterns from last years squad who have been working out include "Chick" Perrotti, "Flea" Phillips and Freman Sharp. In this trio, Coach Athey has three boys who are excellent playmakers and good scorers.

This years crop of freshman appears to be the biggest and the best that have hit this campus in quite awhile. Marty Sweeney, John Leverage, "Tot" Woolston and Leo Wallenbacher, all top 6-2. This quartet will have plenty to say when Coach Athey picks his starting five.

Sweeney, who turned down a scholorship at Holy Cross in favor of W. C., is an outstanding prospect. He is an excellent shot and his height (6-3) should enable him to pull down many rebounds. Along with Callahan, Brown, and Joe Seivold, Marty will give Athey the nucleus of a strong team.

If the rest of this years squad shows as much enthusiasm as this group of boys, this year's quintet should give Sho'men fans plenty

game with Georgetown, and that this game will be played in 1959. Coach Athey got this game after he had been unable to schedule a game on the homecoming date with any of the many other teams that he had tried.

Georgetown should have a strong team. Last year they defeated Catholic University, who were the winners of our local league.

COACH Ed Athey explains soccer strategy to returning letterman who should form the nucelus for this years' team. Kneeling along with coach Athey are Bob Bragg (left) and Charles Stow. Standing from left to right are; Don Davenport, Joe Seivold, Mule Jennings, Mickey DiMaggio, John Kruse, Aronld Sten, and Toby Walters.

THURSDAY, OCTOBER, 3 1957

Soccer Squad Shapes For Season Opener

Coaches Corner

The newly elected officers of this years Mason Dixon Conference are: Harold Gottshall of Baltimore University, President; Robert Thal-mon of Hampton Sidney, Vice-President; and Lefty Reitz, President; and Lefty Reitz, treasurer. This conference has moved its basketball tournment back to February 27th, 28th, and March 1st. Thus this winner will be able to compete in the N.C.A.A. Tournment which will begin one

This year the Mason Dixon cross country championship will be run at Galludet College in Washington, The date for this event set for November 23rd. The M-D Relays, which are now official, will be run at American University on April 26th.

There is a compulsory soccer schedule ruling now under study in the conference which will compel the teams in the conference to play one another at least once during a certain period of time. This should, if adopted, improve the

Grid Season Underway In IML

On Tuesday, October the first, weather permitting, the Washing-ton College intramural football season will go into full swing. So far six teams have entered into the competition. The four fraternities are represented along with a team from Foxwell and a team of converted basketball stars with Chick Perotti at the helm.

Theta Chi, the defending champs,

has suffered some damaging losses but still appear tough. John Davies will be quarterbacking the team which tripped up enough opponents in the '56 season to capture first place. Bruce Beddow, veteran Ox place. footballer, will also play an important role.

Kappa Alpha should provide good competition with veteran Gus Skordas quarterbacking the crimson shirts. Curt Massey and Jim Potter, who had fine seasons last year, should provide enough bulk and protection for the ever scheming Skordas to work his mastery on the opponents.

Lambda Chi Alpha suffered a great loss as Hurtt Derringer re-turned to school hobbling on crutches. However, Derringer has taken over coaching and is determined to instill the fire and spirit which he possesses into the entire squad. Ben Tamini will be quarterbacking the team. Jim Sauter and Ed Kieffer should be able to provide the needed weight and speed.

The commissioner of the league, Jack "Mule" Jennings, has sent out an urgent plea for officials. Anyone interested, and who thinks he can handle the job please contact

"Mule" immediately.

As the schedule stands new, games will be played on Tuesdays and Thursdays at 4:00 p.m. The and Thursdays at 4:00 p.m. The good control of these games so that the interest is freshman Dick Jacobs from and spirit which has always been an attribute of Washington College's intramural program will and should do well under game (Continued on Page 4)

by Larry Symonds

With the opener of the 1957 soccer season less than one week away, one can see the new edition of the Sho' team forming into a solid fighting unit. In the eyes of Coach Ed Athey it should be of the better squads this school has

Line Is Most Impraved

The most improvement in the squad this year should show in the play of the linemen. Even though the services of 1956 high scorer. Rex Lenderman, are lost due to a back ailment, the starters this seashow experience, speed, and hall handling ability. Most improved on the line would be John Kruse at the left wing position. John handles the ball better and drops a nice soft cross into the middle that is easy to ram into the goal.

Another improved player is side, Joe Seivold. Last year was Joe's premiere in competitive acccer, and with this experience under his belt, he should help the Sho' cause even more.

Bob Bragg has been inserted

into the center forward post and is right formidable around the goal, Bob is tall enough to get his head on the ball in the scoring area, and has a very strong, and improved

Miller Is In His Premiere

Newcomer to the soccer squad, Don Miller has the upper hand so far for the right wing slot. He can handle that position well and has a strong crass from the corner. Jay Cuccia is having a tough battle with Sophomore Don Roland for the remaining inside position. Caccia hold a slight edge because of his height and experience, but Rowland shows very good footwork and plays his position right to the let-ter. Roland might get the starting berth.

Also fighting with Roland and Cuccia for a starting position are Del Foxx, and Bill Litsinger. Foxx did not play on the team last year, but he has some high school worfl. He is an able replacement for Bragg at forward. Litsinger saw some action last year, and his experience can be of some help to the squad.

Also trying for a line position are Pete Charnhas, Bob Di Angelo and Jim Hand. Hand also shows ability at the halfback slot and might possibly see action there.

Halfbacks Have Experience

Switching to the halfback position we see two veterans and a newcomer freshman taking the lead. Arnold Sten is back for his final year of a fine sports career here at W. C. He was elected Cocaptain along with Rex Lenderman by his fellow teammates. Arnie is a very apt leader and a strong competitor. Don Davenport is at the left halfback position along side of Sten. Davenport was one of the most composed Freshmen to play soccer here, and he should carry that poise into this season. He is a very good competitor and can be depended upon for that good kick when needed. The new-comer to the right halfback spot In addition to the volumes that the Library has already acquired for the Du Pont Shelf, it has re-ceived for this purpose from Mr.

Enrollment, 488; 284 From Maryland

Washington College enrolled 488 students for its fall semester which began Monday Sept. 23.

The current enrollment is slightly higher than it was in 1956, but is about 20 less than in the 1948-49 peak years.

One hundred and seventy-nine of the student body are first-time students at Washington, who registered the week before classes started. The other 309 are returning upperclassmen.

There are 319 men enrolled and 169 women, a ratio of nearly 2-1 Two hundred and eighty-four of the students - more than one-half of the total - are from Maryland. In that group are 102 women and 182 men.

There are 50 students from New Jersey, 35 from Pennsylvania and 48 from New York State. Other states represented are Connecticut, Delaware, Virginia, Massachusetts, Ohio, Illinois, Flordia, and the District of Columbia.

Five foreign students Korea, Persia, and Puert complete the student body. and Puerto Rico

Open To Students

The National Poetry Association anonunces its Eleventh Annual Competition. Any student attending either a junior or senior college is eligible to submit his verse. There is no limitation as to form or theme. Shorter works are pre-ferred by the board of judges be-cause of space limitations.

Each poem must be typed or printed on a separate sheet and must bear the name and home address of the student as well as the name of the college. Manuscripts should be sent to the Offices of the National Poetry Association 3210 Selby Avenue, Los Angeles 34, California.

Soccer Opener

(Continued from Page 3)

conditions. With these three, Ron O'Leary, a greatly improved player, will fill in well.

Fullbacks Are Powerful

Moving into the fullback posi-tions we see two confident men with heavy feet and plenty of defensive ability taking the fore in the persons of Mule Jennings and Toby Walters. Toby, as most of us remember, played most of last season, and received a broken foot near the end of league play. His foot is fully healed now. Mule comes back after a year's layoff to finish out his senior year. Backing these two up is a good Freshman, Jack Hyde, who should help the defensive play for the Shot team very well. Other fillin Fullback are Kyle, Lieberman and Symonds

Rounding out the squad in a most important spot we have a battle between veteran Charlie Stow and Mickey DiMaggio. Stow turned in a commendable job last year and again shows good form. DiMaggio is returning after three years of army life. According to Coach Athey, it is even odds as to who will be considered the starting goalie.

New Opponents Are Tougher

New Opponents Are Tougher With this team, and the offensive type of game to be used this season, Washington should be right up near the top of the Masin-Dixon heap. The schedule is just a bit tougher, with Georgetown (for Homecoming), Franklin-Marshal, and Gettyshurg being added to the list of opponents, while Bucknell and the Towson Teachers teams were being dropped. Any one of the three added teams should be a tougher foe than either Towson or tougher foe than either Towson or Bucknell would have been.

The local fans will have a chance to see the Sho' team in action this weekend as they scrimmage with a free-lance club from Elkton. The season opener is with F & M, October the 8th.

Miss Susan Weyer To Reign Over Anniversary

Display Campus Scenes

The talents of South Africa's most famous woman photographer were commissioned by Washington College to capture the typical campus and town scenes which are now on display in the hall of Minta Martin lounge.

The photographs were snapped by Mrs. S. Larrabbe, a former war

photographer. They cover a period of more than two years and portray Nancy Merker Named student academic and recreational activities around the campus and town. Also included in the col- Joins Betty Warren lection are many shots taken during the 250th Anniversary of Chestertown last year which are especially appropriate for exhibi-tion during the school's 175 Anni-

versary celebration this weekend.

The former Miss Constance Stuart was particularly discriminating in her choice and placement of the photographs. To be noted especially are serene pictures of a pigeon and peace roses hung among photographs depicting nuclear exhibits and study on campus.

Mrs. Larrabbe's technique,

praised by Noel Coward, has won her fame not only because of her eight months of war coverage, some of it under fire, but also in her work with African tribal customs. work with Arrivan trian dissons. She has traveled throughout the Dark Continent with anthropolo-gists, illustrating their books and articles, and has had two of her works selected by the New York Museum of Modern Art for its "Family of Man" show.

Now living a somewhat quieter life on her husband's 150-acre farm "King's Prevention", Mrs. Lar-"King's Prevention", Mrs. Larrabbe is proud of her garden and
dogs. She breeds Norwich terriers
and Belgian Schipperkes, very
unusual dogs, which are posed in
some of the photographs on display. She still keeps her camera
busy, however, as in addition to the
W. C. collection, Mrs. Larrabbe is
working on photos for a glass
factory and is photographing the
Eastern Shore in the same way she
did Africa, concentrating on people and scenery, but in more
pleasant conditions.

Editorially Speaking The Big Weekend

Homecomings are always something special. The big dances, the warm reunions, and the exciting sporting events, are loved and remembered. This year, because of the addition of the anniversary celebration, it should prove the best Homecoming of all.

This celebration is in fact a birthday party. One hundred and seventy-five years ago, our school was born. Gripe as we may at times, most of us dearly love this place and should feel proud to be a part in

honoring it.

It's going to be a busy weekend. There will be some events planned that perhaps are not exactly to our liking. Memorial celebrations, assemblies and symposiums may not inspire any great enthusiasm in some students. We hope though, that throughout this weekend a number of things will be remembered. There will be many honored guests on our campus. Their opinion of our school and us will depend on whether we conduct ourselves as mature. honoring it. whether we conduct ourselves as mature adults or children who only wish to participate in those things pleasurable to them. A great deal of work by many people has gone into making this celebration a success. Let us show our appreciation by acting ac-

This should be a wonderful weekend for everyone and I hope you all "have a blast". And when it's all over, may we not only appreciate our school and its heritage more, but may we have done just a little something toward elevating it in the eyes of others.

Letter To The Editor

As a member of the student body at Washington College, I would like to inquire about a program of the college: What is included in the health program at Washington College? Is there a real bealth program which warrants the fee on our bill? Is the Student's health here adequately cared for? These questions and many more are asked in conversation by parents, students, and visitors to the campus.

When I came to Washington College as a freshman I was shocked to find such a poor program. Previous to coming here, I attended a college that had what I considered a fine program. There was a Registered Nurse on duty at ALL times and a reliable doctor who would visit the ill student. What do we find here at W. C.? an infirmary where a doctor is available for only one honr a day (8:00 a.m. to 9:00 a.m.) and who, in nine out of ten cases, gives the individual two APC's (All Pnrpose Capsules) for anything from a pain in the big toe to pneumonia. If one becomes sick at any other time during the day, he must remain without professional care until eight o'clock the next morning because he must go to the doctor-he will not come

Here at Washington College there are infirmaries in both girls' dorms and a room for the male students in Cain Gym. The girls' infirmaries are more than adequate, but they are e m p t y because the doctor does not feel that the girls are ill enough to be excused from classes. They in

Spotlight On A Senior

Joe Seivold. Class President

by Joan Waldeck

Joe Seivold, Senior Class President Joe Seivold, generally acclaimed the best athlete at W. C. now holds another top position as president of the senior class. As a freshman, Joe started things off by winning Honorable Mention All-American for his participation in varsity lafor ms participation in varsity is-crosse. He also played J. V. baskethall and rnn cross-country. His outstanding feats in varsity baskethall and lacrosse in his

Joe Sievold

sophomore year brought Joe positions on Second Team in Mason-Conference and on Third String All-American lacrosse. In his junior year Joe played varsity soccer, basketball, and lacrosse. He won First String All-American and Honorable Mention in the Mason-Dixon Conference. As a starter for this year, Joe is again playing

Needless to say, his main interest is sports. However, Joe admits to having hated lacrosse in the seventh and eighth grades of high school. Although sports have kept him pretty busy, Joe still found time to join the Future Teachers of America last year, and this year he holds the office of Secretary-Treasurer of the Varsity Club.

On the social side, Joe divides his time between the Theta Chi Fraternity, of which he is a pledge, and a '57 grad, Miss Sarah Sachse, Joe is from Sykesville, Maryland and a graduate of Friends School in Baltimore where, incidentally, he won nine varsity letters. As a because the doctor does not feel that the girls are ill enough to be excused from classes. They in turn spread the germ to their roommates and friends, and thus it becomes a vicious circle. The prescription: APC pills.

The male students are in a more deplorable situation. They are placed in a room and at five (Continued on Page 4)

Spotlight On A 5th Semester Senior

Alfred Athlete, Frolic Chairman

by Dave Gillio

Alfred Athlete, chairman of Social Committee Frolic Depart-

This paper's second spotlight falls on Mr. Albert Athlete. Altans on Mr. Albert Athlete. Albert, "Mumbles" to his friends, has very seldom been affiliated with anything. In '49 he ran for office of Frosh Class Representative, but was defeated by Zelda Glezenfelder. Again in '50 he tried before finally being voted in by a bare margin in '51 sophomore class elections.

Although Al has not been politically successful, he has done even worse in his grades. Admittedly a "manana" student, he is well known for his philosophical acceptance of life's trials with "What, me worry?"

In his junior year (second) he was pledged to his fraternity, Sigma Phi Nothing—a post he

Alfred Athlete

held for several years. Al has also ran for president of Young Democrats Club, Pan Hellenic, Young Republicans Club and Alfred E. Newman Club. Unsuccessful, yet undaunted, Al at last found his place in the lead roll of the Player's presentation of T. Williams' A physical education major with

social drinking as his minor, Al hopes to be able, someday, to attend hopes to be able, someday, to attend graduate school, although he has had substantial offers from industry—notably from a Mr. Gibson of local fame. He is from Kimberland Heights, Tennessee, but has traveled extensively on the continent as a result of winning first privation. prize in a contest sponsored by his draft board. His secret am-bition is to graduate from W.C. (Continued on Page 4)

As I See It ...

New Dimensions

by Anna Lucy Allspach

Once again Jules Verne has the last laugh, this time with the aid of the Russian moonlet, Sputnik, Since the United States lost the first beat in the satellite race the blame has been shifted from technicians to administrators to insufficient funds, while congressmen threaten to investigate and thereby lock the empty barn. One office of an El Paso advertising agency expressed their concern by selling two dozen thirty-five cent chances. The buyer guesses the time and the day or sputnik's demise. The two winners receive three dollars each and the remaining \$2.40 will be forwarded to the Defense Department to help finance the launching of an American satellite.

But perhaps your reactions were like mine;

interested uneducated and more personal. Perhaps you were awed and proud at the magnificence of it. Maybe you were a little jealous and wanted to be a poor sport—the sort of feeling you get when your favorite team is knocked out of the semi-finals. Did you wonder how others could be so unconcerned by something you thought was absolutely thrilling?

Lines Written At 12:30 A.M.

by a Sleepless Coed

by Sue Brunk

Indeed we are living in an age of discovery! We have been blessed with the atom bomb, Marilyn Monroe, rock'n roll, and vistovision. But count these as mere trifles! Now, finally, the ultimate has been reached. The male at W. C. has discovered that he can sing!

Oh, to be sure he has suspected it for a long time. There have been indications that the male was aware of a hidden, undeveloped talent which he alone possessed. Witness the attempts — and noble attempts they were — at vocalizing on such festive occasions as beach parties walks home from Gibby's, and pinnings. Yes, there is no doubt that lurking in the dark recesses of the male's larynx

was the lost chord. How long could it be imprisoned?

How long before the potential would be realized?

September 1957, a fateful month! The male of W. C. took beart, believed that his time had come, threw back his head, opened wide his mouth, come, threw back his inhibitions to the winds. Out came the notes so long repressed. The male was singing, and apparently, convinced that he was a potential threat to Elvis Presley, Ezio Pinzo and the Fred Warning Glee Club, he sang, and he sang, and he is still singing at 12:30 a.m.

How is the female at W. C. taking this?

with all the sympathy natural to her sex. She is, of course, listening! What else can she do? The strains of haunting melodies come through her windows at all hours and she is forced to arise, peer longingly into the night, and wish to heck they

peer longingly into the mght, and wish to need they would shut up so she could get some sleep.

But progress cannot be halted by the whims of the weaker sex. The discovery has been made, raw power unleashed and there is just a light chance that if we're lucky, apathy may not be able to stand the noise either and flee from W. C. with suitcase

Overheard jim hughes saying that too darned many people are reading READER'S DIGEST—seems he can't bum anything but kents ... some people bring apples to the teacher, but dick lester thinks dating her is more fun ... would love to know more about those dinner parties in john cruze's trailor ... heard a lot about changes at hodson, but club advertisements are still printing "frod!" in entitel letters. "food" in capital letters question of the week: just what is the straight-eight? and that's the royal dirt.

In watching the first home soccer game this year against Franklin and Marshall College the spectators could not help but notice the ontstanding play of Dell Foxx and Jock High who are rookies on this year's team. Both men are used in defensive positions. Foxx plays either halfback or fullback, while High fills in a fullback slot. Constantly both players broke up F and M offensive threats and by doing so they often reversed the action and set up possible scoring chances for the Sho' offense Coach Ed Athey rates both players about equal and he says that with a little more experience each man should strengthen the team even

High played his soccer at Frank lin High School where he was graduated in 1952. Foxx got his pre-college experience at Centreville High School where he was graduated in 1956. I along with the college wish each the best of luck as he continues to devote time and effort to Washington College athletics.

Congratulations to Tom Crouse and Upton Thompson who were recently elected co-captains of this year's cross-country squad. These runners formed a one-two punch on last year's squed and both seem suxious to better their times and records this year.

Soccer became a varsity sport on the Washington College cam-Since that time pus in 1946. Washington College has competed in 104 varsity soccer contests. Out of this total the teams have only lost 34 games. Thus they have either tied or won 79. Along with this long record of success have come several Championships. 1947 they won the Mason Dixon Championship. In 1950 they won the Southern Division Championship of the Middle Atlantic Conference, then just four years later they became Middle Atlantic Con-ference champs. All of this data spells success in its brightest

We all hope that tomorrow the Sho' Booters will once again add a victory to the many already won. This impressive record, along with each current win, edds to the prestige of Washington College. You are a part of this college and You are a part of this college and therefore you shere in this pres-tige. So tomorrow let's all go out and earn a BIG HOMECOMING VICTORY over a strong George-town eleven. REMEMBER... it is much easier to win when you have 400 extra participents on your team!!!

Last Saturday, October 12th, e Washington College crosscountry team won a big victory over the visiting P. M. C. team. In winning three Sho' runners finished ahead of the first P. M. C. finisher. These men were Upton
Thompson, first; Dick Skinner,
second; and Tom Cronse, third.
This is a successful team effort
and an ATHLETES FEAT.

In Fall Practice

Anyone seeking the key to the success of Washington College lacrosse teams might wander behind the gymnasium one of these pleasant Fall afternoons. You will find Coach Don Kelly, in his sophomore year at the Sho'men Helm, drilling small handful of lacrosse hopefuls in the basic fundamentals of stickwork. This group is composed mostly of Freshman along with a few holdovers from last year's squad

Fundamentals Are Objectives

Many of these boys are merely beginners and at first glance you may be puzzled as to how this inexperienced group can be so important to Coach Kelly. However, many of W.C.'s brightest stars have learned their lacrosse in similar Fall sessions. Some of the Freshmen who are struggling to master the difficult art of handling a larosse stick may be the stars of future lacrosse teams.

Veterens Help Out

Kelly has two solid veterans from last year's squad in Dick Callahan and Chnck Buck who are working out with the Freshmen. Both of these boys are working on their stick handling, and their performance this Spring will have a great deal to do with the success of this years lacrossa squad.

Some of the Freshmen who have impressed Kelly are Lee Currie, a defenseman from Severn, attack-man Tom Cleveland from Friends, and Dale Tyler, a goalie from Charlotte Hall. These boys all figure prominently in Kelly's plans for this Spring.

Experienced Veterans Return

The 1958 edition of Sho'men lacrosse squads could prove to be the best to don the maroon and black since the 1954 Class B champ-ionship unit. Graduation losses have not been heavy and Kelly has three experienced newcomers in "Mule" Jennings, "Buzzy" Brandenburg, and Micky Dimaggio to bolster this year's team. Jennings was a first string defenseman on the 1954 squad and along with the 1954 squad and along with Brandenburg, a defenseman and monogram winner at the Naval Academy, will bolster the Sho'men defense which was the Achilles heel of last year's team. Dimaggo, a midfielder just returned from the service, was an honorable mention All-American in 1954 and along with first team All-American Joe Seivold should form a potent onetwo punch for Kelly's squad.

Stickmen Shaping Crosscountrymen Are Undefeated

For the first time since he took the reins of the Washington College Cross Country team in 1955, Coach Don Chatellier has cast aside his crying towel. Chatellier has adopt

Co-captain, Upton Thompson, finishes strongly as he wins the cross country meet which was held here last Saturday against P.M.C. Finishing second in the background is Dick Skinner also of Washington College.

ed the method of nsing psychology on his charges, a method which is becoming increasingly popular in the coaching profession. Chatellier predicts a highly successful season for his harriers and has gone out on a limb in predicting "at least six wins" for his squad. This would be a welcome change after a winless season in 1955 and a 4-6 tally in '56.

Perhaps the biggest reason for the optimism in the Sho'men camp this year is Dick Skinner; a diminutive freshman from nearby Centreville. Skinner is running in his first season of Cross Country and Chatellier predicts he will be one of the Mason-Dixion's better runners before he graduates. Skinner ran his first meet against P.M.C. and finished second to Joe Thompson at a time of 16:57.

Thompson, whose short choppy stride is a familiar sight to Sho men track fans displayed his usual form last Saturday when he finish-(Continued on Page 4)

FRIDAY, OCTOBER 18, 1957

Georgetown Cancels Tomorrow's Soccer Game Due To Flu

There will be no homecoming soccer game because of the flu epidemic which has swept the Georgetown campus, thus hospitalizing many of their soccer players. This cancelation was not made until today just before press time.

The Washington College Soccer team continued their winning ways Wednesday by defeating Mount St. Mary's College by a sound 4 to 1 score. The game was played under normal weather conditions on the opponents home field. The sho's coring punch was added by Arnold Sten, Joe Sievold, Don Miller, and Bob Bragg, all of who had one scaleach. goal each.

Coaches Corner

Last Tuesday, October 15th, Coach Ed Athey attended a Middle Atlantic Conference Meeting. During this meeting it was sng-gested that the Conference divide into two divisions for this track season. The divisions would be classified as Colleges and Universities. Thus the colleges could run against other schools of their own calibre, while the universities were competing against one another on a higher level of competition. such a rule goes into effect, then our track will probably become more active in the Middle Atlan-tic Conference. They have not been too active in the past because of the superior ability of the uni-

The Sho' cross-country men remeined undefested in two meets Wednesday when they won a close 29-26 victory over the Mount St. Mary's team. Jim Murphy of the hosting Monats team won the rece but the Sho' runners were close behind, as they took 2ad, 3rd and 4th places. Dick Skinner fia-ished second, Upton Thompson third, and Tom Crouse fourth

Previous to this Mt. St. Marys game, the Sho'men played a tough Franklin and Marshall team and lost 2-0. The muddy, sloppy field seemed to hinder W. C. play and aid the shooting of F and M. Later in the week the Sho' booters packed their gear and headed for southern Virgina and the Lynch-burg Hornets. After loafing in the first half, the Sho'men accred easily in the last two periods and came home with a 6-3 win. Bob Bragg was the top scorer with 4. Arnold Sten and Clarke Johnson also collected one each. The Lynchburg field was grassy and level which seemed to help our team knock off an unbeaten club.

Plsy Georgetown Tomorrow Thus, with a 2 and 1 record, the Sho'men come home to meet a tough Georgetown University Club in the annual Homecoming game tommorrow at 3:30 p.m. on Kibler Field. This newcomer to our schedule is an independent team schedule is an independent team and was invited here for Home-coming when Coach Athey was looking for a good team to fill in for Mason-Dixon and Mid-Atlantic teams in the event. Other teams in our conference had conficting schedules and could not come here

Post Strong Records

Varsity Soccer started at Georgetown in 1953 and they have come a long way since then. The team shows strong competitive and team spirit. Last year they show-ed good play in beating Mt. St. Marys (6-1), Catholic U. (4-3), American U. (7-2) and Fordham (3-2). The present season will show them going against two of Washington's opponents, Gettys-burg and the Mounties.

Visitors Feature Foreigners

An interesting item about the Georgetown team is the number of men on the squad from foreign countries. The entire starting backfield, except for the left halfback, is made up of some of these men. They have 7 from Sonth America, 3 from Europe, and 1 from Puerto Rica.

Both Heve Strong Offenses

Heath Heve Strong Unexess
The offensive strength of the
team will be Fred Ziter at Left

Above is the Cross Country team which posted an opening victory last Saturday over a visiting P. M. C. team. This team has a great distinction in as much as there are no seniors on it. Kneeling from left to right are Dave Roth, Thomas Crouse (Cocaptain), Dick Skinner, Upton Thompson (Co-captain), and Paul Hurt. Standing in rear from left to right are Coach Don Chatellier, Thomas Woodward, Ollie Robinson, Mark Dioshyn, Bill Ditman, and Jim Pickett.

Student Fellowships Available To Seniors

The National Academy of Sciences-National Research Council able will again assist the National Science Foundation in its seventh Science Foundation in its seventh fellowship program which has just been announced by the Foundation. The NSFplans to award approximately 850 graduate and 85 regular post-doctoral fellowships for scientific study during the 1958-1959 academic year. These fellowships, open to citizens of the United States, are awarded solely on the open to citizens of the United States, are awarded solely on the basis of ability. They are offered in the mathematical, physical, medical and biological fields, in medical and biological fields, in engineering, anthropology, phych-ology (except clinical) and geo-graphy; and in certain interdis-ciplinary fields and fields of convergence between the natural and social sciences.

College seniors who expect to receive a baccalaureate degree during the 1957-1958 academic year are eligible to apply for these fel-lowships. All applicants for lowships. All applicants for graduate (predoctoral) awards will be required to take an examination designed to test scientific aptitude This achievement. and achievement. This examination, administered by the Educational Testing Service, will be given on January 18, 1958 at designated centers throughout the United States and certain foreign countries. The evaluation of each candidate's application is made by the Academy-Research Council selection panels and boards. The National Science Foundation will make the final selection of Fellows and will announce the awards on March 15, 1958

The annual stipends for graduate Fellows are as follows: \$1600 for the first year; \$1800 for the intermediate year; and \$2000 for the terminal year. Dependency allowances will be made to married Fellows. Tuition, laboratory fees and limited travel allowances will also be provided.

Further information and ap-

plication materials may be secured from the Fellowship Office, National Academy of Sciences-National research Council, 2101 Constitution Avenue, N. W., Washington 25, D. C. The deadline for the receipt of applications for graduate fellow ships is January 3, 1958.

Historical Documents On Display In Bunting

On display in the reading room of Bunting Library are valuhistorical documents connected with the founding of the college in 1782, some of which are more than 175 years old. Included in the collection is the diploma given to George Washington when the college granted him an honorary degree in 1789 which has been loaned by the Library of Congress, together with Washington's letter to the college governors expressing his appreciation for the degree. Writter in Washington's own hand, it is Written interesting to note in this letter the manner in which he changed his mind and crossed out words. On view with these papers is an issue of the Salem (Mass.) Mercury, July 28, 1789, a newspaper bearing an account of the award of Washington's degree.

A number of items such as contracts, student exercises and grade sheets, letters and other memorabilia from the college archives dealing with successive administrations may be seen as well as three original books printed in Philadelphia between 1776 and 1785 containing writings of Dr. William Smith, founder of the college. Also a part of the display are historical photegrahs of past college activites such as the "Ladies Glee and Mandolin Club" taken in 1910.

Contrary to custem, the library will close at 8 p.m. this evening, but will be open from 8:15 a,m. to 5 p.m. on Saturday, and from noon to 2 p.m. and 5 to 7 p.m. on Sunday to accommodate those wishing to view the display.

Girls Prepare For Intramural Hockey

Due te bad weather and a muddy field the girls have not been able te practice hockey as much as they Practices this year would like. are being held on Monday and Thursday afternoons so that both laboratory groups will have a day on which they can participate. Miss Doris Bell expects a full fresh-man hockey team, with both experience and enthusiasm.

Following the 175th Homecoming Celebration the girls' Board of Managers will meet to elect new officers and members from the freshman class. This Board governs all activities concerning girls' athletics.

Allspach Is Awarded

This past year at graduation Anna Lucy Allspach received the Girls Athletic Award for the second year in a row. She was chosen on the Hockey and Basketball on the Hockey and Basketball Varsities and also played badmin-ten and tennis. In addition to this, Anna Lucy was captain of the winning Zeta Tau Alpha basketball team and had the bighest number of points for the year.

Zekes And K. A. S. **Lead Grid Play**

With Theta Chi ineligible and unable to defend their title, the battle for first place, at the pre-sent, looks like a toss-up between the Kappa Alphas and the Zekes. Kappa Alpha sparked by Skordas, Massey, and Potter has three wins and no losses. The Zekes scoring punch is centered around Brown, Currie and Sweeney, and they also are the owners of a three and nothing record. These two teams will crash head on next Thursday in the final game of the season.

Sigs Sink Foxwell While the Phi Sigs dumped Foxwell to move into third place, the Lambda Chi's lost to the Zekes to fall into fourth position. In fifth place is G. l. Hall followed by Foxwell who is last.

Freshmen Show Inexperience

The two freshman teams, Foxwell and G. I., are suffering from inexperience, and they are also at a disadvantage playing against the more organized fraternity teams. They have shown the spirit and stamina, however, which makes for good competition in the league. The standings and the win and

o'clock in the afternoon they are left alone for the entire night. If someone is really ill, is this atmosphere and care condusive to their recovery?

One thing that concerns both male and female students is the fact that no matter what the nature of the illness is, they receive the same menu from the dining hall as the other students. There is no special diet given them, and most of the food is too greasy for an ill person to digest. In the case of one student, her housemother spent money out of her own pocket to buy her the nourishing food she needed until her parents came and took her home.

I think we should consider what this haphazzard treatment may lead to. I can name any number of students who may be seriously ill but who are not treated. Many students have to go home to re-ceive proper medical attention. I hope the college will now show more consideration to the student with the fevered brow and wheezy cough. Let's build the health of the college student instead of running it down.

(Continued from Page 2)

Joe Seivold,

movies, is a sports car fan, and wishes to travel, preferably seeing the United States.

Joe says he has enjoyed college and hopes to do a good job as Senior Class President. One of his projects for this year's gradu-ating class is a beach party in the spring which he hopes will be met with enthusiasm by the class mem-bers. Good luck, Joe, it has been a pleasure spot-lighting you as our Senior of the Week.

Alfred Athlete.

before 1960, and make some, any, team this spring.

Al enjoys vacations, weekends, girls, and cool music, but positively detests education. Now that this new drinking fraternity, Rho Tau Ho, is eligible for SGA funds as a campus activity, he hopes that this will be his biggest and best year. In looking over his eight years at W.C., Al expressed regret only that he has never been asked to join ODK, but brightened when told that it was not an X-country honorary fraternity. Lots of luck to Albert, for this

year and 1960.

CHESTERTOWN, MD., WEDNESDAY, NOVEMBER 6, 1957

NUMBER 4

Shortall, Tod, Star "Detective Story"

The Washington Players will present a production of Sidney gingsley's "Detective Story" on the nights of December 5th and 6th.

The male cast consists of: Bill Shortall, as the male lead, Detective Mc Leod; Dick Fitzgerald as Arthur Kindred, the second main part; Mc Leod; Dick Fitzgerald as Arthur Kindred, the second main part; and Charlie Lyons, Ed Dryden, Bill Caldwell, John Chambers, Herh Castellani, Hal Frischmann, Eck King, All Peterson, Frank Tinker, Jim Potter, Andy Warren, Barry Frankel, Bob Suman, Jim Kemp, Sororities Pledge

and Butch Brown.

The female cast is made up of:

Jean Tod, as the female lead, Mary Mc Leod; Dixie Somervel, playing the second feminine role; Sally Anne Groome, Corky Caddy, Bert Goldman, Mikki Maher, Joan Waldeck, and Felicia Yoder.

The story is a melodrama which deals with a tough hard-boiled New York police detective who finds his private life involved with his work. The whole play takes place in a precinct police station and shows a cross- section of city life and the type of person police normally deal with in an average day. "Detective Story" also conveys a sense of the general lack of human dignity in such an atmosphere and the need for it.

Art Club Plans Events

The Washington College Art Club has developed many ideas and plans for the coming year. It has, furthermore, become a part of the college constitution.

The first meeting of the Art Club was held October 29th, in Minta Martin Hall. Trips to nearby museums were discussed and plans were laid to invite guest speakers to talk on subjects most interesting to the members. Mr. Charles West, director of the Visual Arts Department and advisor of the Art Club, spoke at this first meeting. Treeva Wishart, Bonnie Bonhage and Anne Funkey were elected officers of the club.

The Art Club will assume responsibility for the making of posters for college functions of those organizations which have no publicity chairman or poster team. will also display for members of the student body and community small works created by the club's mem-The Art Club exists for anyone interested in creative com-position who would like to learn more about it or share in with

This year the sororities, by vote of the Panhellenic Council, changed the time of rushing and pledging of new members to first semester. On October 18 each sorority gave out its bids and received its new members. Each sorority was allowed to increase its total membership to forty.

Alpha Chi Omega received Corky Caddy, Carolee Carey, Kathy German, Janet Mathieson, Marianne Parshall, and Jean Tod as pledges. The pledge class officers are Carol Vouno, president; Jean Tod, secretary; Kathy German, treasurer; Revision and Corky Caddy, scholarship

chairman. Alpha Omicron Pi's bids were accepted by Kay Berninger, Phyllis Crowl, Paula Dentz, Marty Jewett, Carolyn Jones, Sue Kemp, Sally Mudgett, Nancy Robinson, Tilda Wadelton, and Sandy Wiener. The pledge class officers have not yet been elected.

Zeta Tau Alpha pledged Nancy Jane Austin, Barbara Ballard, Lee Britton, Fern Carlson, Sue Hair, Lydia Harvey, Mary Linda Haynie, Jan Lawton, Nancy Merker, Aon Mead, Tomi Sheller, Joan Silver, Nona Stevens, Liz Swink, Chris Tarbutton, Sue Tomalino, Fran Townsend, Mary Warten, and Donna Whitney. The pledges elected Sally Knorr, president; Nancy Merker, secretary and Fern Carlson treasurer. Jane Austin, Barbara Ballard, Lee son treasurer.

Alumni Dance Open To Students

The president of the Balti-more Alumni chapter, Wm. A. Buckinghan entends an invitation for students to attend the

"Anniversary Dance."
The dance will be held on Saturday November 16, in the Caswell Room of the Lord Baltimore, 10 p. m. - 2 a. m.

The prices are \$4.00 per couple; \$3.00 stag; \$3.00 to undergraduates, couple or stag.

Door prizes will be given, and the dress is optional.

LEFT TO RIGHT: Dixie Somervel, Helen Kleinheksel, body in cheering our teams to victory!

Speakers Debate Algerian

M. MANET, French Consul, holds an informal discussion with students at Reid Hall.

Assembly Proposed

The Assembly Committee has been working hard making plans for the assemblies for this year. The committee is composed of both student and faculty members (Doug Gates, Sally Ann Groome, Linda Weiss, Mr. Bailey, Mr. Bowers, Mr. Dubnic, and Dr. Barnett, chairman.) It is the aim of the committee to improve the quality of the assemblies. This improvement entails a definite pro-cedure to be followed, a possible new time, and less frequent meetings.

The assemblies planned thus far include the secretary of the Tunisian Embassy, a joint Sigma Sigma stan Embassy, a joint Sigma Sigma Omicron and administration pro-gram, the Maryland State College choir, a Fnture Teachers of Amer-ica program, and the Washington Cellege sheir. College choir.

Ginny Improves

THE ELM is happy to report that Virginia Gilmore is steadily improving after a serious attack of pneumonia. Miss Gilmore was taken ill three weeks ago. She was operated on Nov. 4. at Kent-Queen Anne's hospital, Ches-

New Girls Added To Cheerleading Squad

Four new cheerleaders were ad-Four new cheerleaders were ad-ded to the Cheerleading Squad of Washington College on Thursday October 31st. Sally Mndgett and Dixie Somervel are the new fresh-men cheerleaders; Marty Jewett and Helen Kleinheksel, sophomores

the new upperclass squad members.

The girls were chosen by the cheerleaders on the basis of 1) ability to cheer in the same style of the present cheerleaders 2) their pep and enthusiasm for cheering and 3) their personality und appearance

The squad now consists of twelve cheerleaders enabling them to re-tate for the games with seven cheerleaders at each game. The cheerleaders from last year

along with these energatic and enthusiastic new girls are looking forward to more active participa-tion and spirit from the student

Colby Proposes A Curriculum Change

Editor's Note: As reported in the October Third issue of the ELM, the faculty at Washington College is considering a revision of the curriculum. With this in mind, it is interesting to note the proposed curriculum revisions in other institutions of higher learning.

A special curriculum committee at Colby College, Waterville, Me., is investigating the possibilities of a complete schedule revision and the problem of general education.

The new program being discussed divides the year into three terms, only three subjects being taken each term, This "three by three" program would give the students more opportunity to con-centrate on each subject instead be more meetings of each course a week, probably four. Calendarwise the schedule is good; the terms would end with Christmas and spring vacations. of the present five. There would

However, this system would cut down the number of semester courses to 36 as opposed to the present 40. Each conrse would be more extensive. Year conrses would be modified to one or woma be modified to be true terms, and major and graduation requirements would be revised. Despite these disadvantages the committee feels that the program has the interest of the faculty and students.

The question of general education in the divisions of the humanities, social studies and sciences, is also being studied. Colby now offers some general education courses, such as evolution, physical science, and the social thinkers courses. Whether the conrses are satisfactory or should be changed or discontinued, and whether these courses are the type that the col-lege wants are the main issues.

Kieffer Named New S.G.A. Member

Robert Colborn, president of the Student Government Association, announced the appointment of Edward Kieffer as the new sophomore representative of SGA, this week

this week.

Mr. Kieffer replaces Cassie
Mackin who did not return to
school. He was appointed under
a constitutional provision which
gives the president of SGA the
authority to replace a representative of the Council in case the office is vacated. He will serve as representative until the regular SGA election is held this spring.

M. Manet, consul of the French Emhassy in Washington, addressed the student body in assembly on October 31. In his speech, he explained the French government's position on the current crisis in Algeria.

On Thursday, November 7th, a representative of the Tunisian Embassy will address the students on the same explosive topic. According to Dr. Irving Barnett, chairman of the assembly committee, he will present the Arab-nationalist point of view in answer to M. Manet. Dr. Barnett feels the ques-tion of Algerian independence is important enough to devote two

M'Hamed Essaafi Sect'y of Tunisian Embassy

assembly periods to it in order that the students may be fully informed about this issue which has caused the fall of the French government.

the fall of the French government.
France cannot economically afford to lose Algeria, yet most
Frenchmen do not want to fight
even to preserve their present
standard of living. According to
M. Manet, freedom for Algeria
would mean chaos and famine once would mean chass and raime once the guiding hand of French rule was removed. The Algerians, on the other hand, resent being ruled by foreigners and avidly desire independence and freedom.

This is the first time either man has addressed a college assembly on this controversial question which is of vital interest to the entire world. M. Manet was pleasantly surprised by the knowledge which students showed during an informal discussion in Reid Hall library on Thursday afternoon. There will be a like opportunity to question the Tunisian on the opposing viewpoint

ELM Offers Journalism Class

Informal instruction in journalism will be available to students for the remainder of the school year, according to Toni Stallone, editor of THE ELM, who has arranged for the program.

ranged for the program.

The sessions, for which no credit will be given, will begin Thursday, Nov. 7 at 7:30 p.m., in room 2, William Smith Hall. Any student, regardlesss of rank or major, is invited to participate. Time and fregnency of meeting will be arranged. ranged.

James L. Bowers, director of public relations, has agreed to give the instruction.

Mr. Bowers did gradnate study in journalism at Northwestern University's Medill School of Jonrnalism, and was a former member the staff of the Beaver (Pa.) Valley Times, and radio station WBVP, and was editor of the Ft. Eustis Va.) Sentinel. He taught journalism at Geneva College (Pa.) befora coming to Chestertown.

Letters to the Editor

Dear Editor:

Frequently, in these columns a letter to the editor appears from some student who is disappointed or disgruntled with some thing the administration of the college has done or has failed to de. Often these complaints are valid and the administration

dees what it can to remedy the situation.

Turnabout is only fair play and I am writing to express the administrations deep disappointment in the student body in the manner in which they received our recent 175th Anniversary. President Gibson, Mr. Bowers, Mr. West, and others worked for more than a year in preparation for the 175th Anniversary. They spent hours of time, thought and effort in trying to make as snitable and as interesting a program as pessible. The general public and our sister colleges across the nation responded in a gratifying manner and attended the Convocation. Colleges 3,000 miles away such as Reed in Oregon and Occidental in California sent representatives to be with ns on that day. Yet, few of our own students were able to find the interest Yet, few

of our own students were able to find the interest, and enthusiasm in their own college to walk a few steps across the lawn to attend the Convocation.

It is estimated that at best 50 of our student body of almost 500 attended these exercises. What do you suppose was the reaction of visiting dignitaries such as Geverner McKeldin of Maryland, and Senator Margaret Chase Smith of Maine, when they looked out across the audience and saw that it was made up almost exclusively of adults and that virtually no students had bothered to attend the

The administration appreciates of course the help and interest that a few of you showed. But the number was far too small. This is after all your college. We administrators are only the eperators of the college, you students are the soul and bedy of it. And the responsibility of making Washington College the place you all want it to be rests upon you. We can only suggest and organize; in-terest in and enthusiasm for the schoool must come from you.

The whole purpose of the 175th Anniversary celebration was to give Washington College some of the public acclaim that most of you are often wishing that it had. We feel this purpose was realized and the college get mere publicity in national news papers than at any other time in its history, with the possible exception of the Eisenhower convoc-ation. Thus the college did accomplish its pur-pose. It did, therefore, enhance the prestigious value of your Washington degree and I feel that it is a great nit; that is a few of you been to help it is great pity that se few of you chose to help it in

Sincerely,

J. STEWART COX Director of Admissions

Dear Editor:

May I take advantage of your columns to ex-press my sincere thanks to those members of the student body, faculty, and staff, who worked so willingly to insure the success of the 175th anniver-

sary observance,
Although I would be remiss if I did not admit that I was deeply disappointed in the reception and participation of students in the affair, I want to make certain that those who did offer their assistance know that I will not soon forget their help and spirit.

I have made an effort to write to each one per-

senally, but in an event of such preportions, oc-casionally someone is missed.

Sincerely,

JAMES L. BOWERS Director of Public Relations

Tem Halley is the only student at W. C. collecting both veterans' alletments and social security too Intra-mural bas-ket-ball will start soon, remember it's not whe—ther you win or leose that counts, but how much you make on side bets .

FAMOUS LAST WORDS

"You ean't do that to me fellows,

I'm the Dean glub glub glub".... Saw Pete Wastie at the Acme buying oranges, lemens, and green cherries, never knew that Pete was so interested in fresh fruit That haircut of Buz Brandenburg's makes him look like a Yellew Cab Convertible with beth doors epen. .

A POEM ...

Here's to Suzy she true blue, She hates music and voices too, So with her little Poisen Pen. Away she hopes to keep all men.

Here's to Albert he's true blue, Into the shower he was threw, There he sat all wet and mean Leeking like anything but the . Dean.

Read in the September 27th issue of THE SPLINTER that "Girls are like newspapers: They all have forms, they always have the last word, back numbers are net in demand, they have great influence, yeu can't believe everything they say, they're thinner than they used to be, they get along by advertising, and every man should have his own and not try to borrow his neighbors'." I say-this is quite What de you say? true.

As I See It ...

Tradition or Not?

By Anna Lucy Allspach
The Social Committee of the Student Government Assiciation has suggested a tentative proposal to schedule social events and activities for the year. This proposal is twe-fold and would:

1. Allot a certain number of open dates for dances, a certain number for concerts, etc. which would prevent several similar activities from following hard on the heels of one another and would vary the schedule. The calendar would be planned the previous spring.

2. Set up a "rotation" schedule whereby each

organization sponsoring an activity would have it a month later the second year, two months later the third, three the fourth, etc. This way it would take each organization about eight years before they would again have their original date.

I believe the first part is an excellent idea. It would prevent activities from piling up at any one season, and scheduling the previous May would avoid last minute confusion.

THE SECOND PART IS UNNECESSARY AND OBJECTIONABLE. We are told we should be proud of the college's heritage and traditions and set the search part of the previous property. yet the second part of the proposal would be directly detrimental to several traditional college functions. Can you picture the Zeta Christmas dance at any time but Christmas or The Theta Chi dance anywhere but after the vacation lull. I can't and would not want to. So far the "retation" idea is only a proposal. Let's hope it never becomes reality.

The Flu And You

By Betsy Sterner Friend, are you tired? Run down? Feverish? you have bags beneath your eyes? a runny nose? Bluebook blues? A racking cough and sneezing fits? Has your head been acting as storage space to a Chinese gong? Are your knees fast turning to rubber bands which threaten to give each time you stand? Are people no longer people to you, but merely hazy blobs which swim in a purple haze? Have you always been this way? Oh, come

Yen can confide in me, friend. How tall are you? Has there ever been some grain of wood for which you have had a particular fondness? When you were a child roaming the boendocks, was there one king of posey which you liked more than all the rest?

IOHN LEVERAGE is a new face on campus. He hails from Seaford, Delaware, and he came here this semesster as a transfer student from the University of Delaware. He is a sophomore. John was a top athletic at Seaford High School, and then he continued his athletic endeavors at the University of Delaware in his freshman year. During this year Leverage played freshman basketball and baseball. He was a starter on both squads. In basketball he started as a forward, and he saw outfield action on the baseball

team.

He will be ineligable for any varsity athletics here at Washington College this year because of Mason-Dixon and Middle Atlantic Conference transfer ruling a. Leverage has shown an interest in sports here on campus. He has worked out some with the baskethall team so that when he is eligible he will be able to take advantage any experience that he might

COACH ATHEY says "l am very sorry that John is ineligible very sorry that John is ineligible and I am waiting anxionsly for the time when he will regoin his eligibility." Thus we can all look forward to seeing what talent Lev-erage can add to our atbletic

Intramural basketball will begin Intramiral basketoal will begin November 19th. All games will be played on Tuesday and Thursday nights. The game times will be 6:30, 7:30, and 8:30. All rosters will be due on Tuesday, November 12th. This will give the managers of all teams a chance to meet with Coach Don Chatellier and iron out some of the problems that have been detrimental to the league in past years. This year Thankspast years. This year Thanks-giving vacation begins at noon on Wednesday, November 27, and there will be games scheduled for Tnesday night, November 26th.

Officials for this intramural league are needed very badly. Any-one who is not participating and would like to officiete mey make arrangements to do so by contact ing Coach Chatellier. be paid one dollar per geme.

The Intramural football season

is over now and the athletic office is over now and the atment once reports that there are three college footballs missing. As we all know the athletic department works on a limited basis and they cannot afford to give away footballs. Thus they are making a plea for any men have borrowed the colleges' footballs to return them at once. This way we will have footballs to play with next year. Mickey DiMaggio is playing soc

cer and in his spare time running cross country. At Mount St. cross country. At Mount St. Mary's, DiMaggio played the first quarter of the soccer game and then stopped to run the cross country race. He did not win, but he fin-ished in a position that enabled the cross country team to win a close 29-26 victory. Once again, one week ago today, Di Maggio snited up for the cross country race up for the cross country race against Delaware University, and he finished third in the race and well ahead of the first visiting competitor. Thus, he has figured prominently in two of the thinclads victories, while finding time to be an outstanding goalie on the soccer field. This is an ATH-LETE'S FEAT.

Pictured above is the Kappa Alpha Football team that won the Intramural Football Championship. On the first row from left to right are: Gus Skordas, Jim Potter, Dave Leap, and Jim Holloway. On the second row from left to right are: Bob Eissile, Jack Meager, Jim Murphy, Curt Massey, and Rich Devine. Not included in the picture were: Dick Lester, Don Clausen, Dong Gates, Tom Halley, Al Peterson, and Tom Short.

Sweeney Shows "Start" Potential

Every year Coach Ed Athey seems to come up with one real good freshman basketball prospect. Three years ago it was Joe Seivold, the next year it was Bob Bragg, and last season it was Bob Bragg, and last season it was Bob Brown and Dick Callahan. This year is no exception and Athey may have This year is come up with his best in Marty Sweeney, a 6-3 cager from Waterbury, Conn.

Athey is counting on Sweeney to help the Sho'men squad with his ball-handling, rebounding and scoring He is a versatile ballplayer and should be able to fill in on any position on the floor. He has been impressive in practice sessions and if he continues to progress at his present rate, he should be one of Athey's most dependable ballplayers.

Sweeney Has Instinct

Sweeney has what one might all "good basketball instinct". He knows what to do with the ball at all times and his alertness should set up many scores for the Sho'men. It it in this capacity that Sweeney figures to help the squad the most. Every good bas-ketball team needs a "quarter-back" on the floor and, although it is rare for a freshman to assume this role, Sweeney has the ability

Good Basketball Background A graduate of Sacred Heart

Marty Sweeney

High School in Waterbury, Swee ney was a All-State selection in his Senior year, and was the owner of an average of more than 20 points per game. He played var-sity baseball and basketball for four years and upon receiving his diploma he was offered a scholar-ship to Boston College. Sweeney also considered Holy Cross, Mt. St. Mary's and Bridgeport College before deciding to attend W. C. He should be an important factor in the success of this year's

Kappa Alpha

The 1957 intramural football championship was won by the Kappa Alpha fraternity after defeating the Zekes on two successive outings by scores of 21-0 and 7-0. The K.A.'s had, what can probably be considered, the best intramural football season ever recorded in the history of intramural athletics at W. C. Under the leadership of Gus Skordas, who was backed the ever agressive Potter, mainstay Curt Massey and Don Clausen they rolled on to an undefeated season scoring a total of 136 points while not allowing one opponent to score against them. Quarterback Skor-das attributed the fine season to the general spirit of the team and what he termed "team play".

KA's And Zekes la Pleyoffs

At the finish of the regular season Kappa Alpha and the Zekes found themselves tied for the coveted first position with four wins, no losses, and one tie each. The tie ball game was a scoreless dual which saw the K.A.'s near "pay dirt" several times, but fine de-fensive play exhibited by the Zekes squelched each thrust and made three playoff. It was then that the crimson shirts struck with full vengeance at the zekes and dealt them a severe loss, 21-0. In this game Skordas fired a T. D. pass to Clausen for one score and then ran another one in alone. Potter also figured in the scoring, running back a pass interception. In the second and final playoff game Skordas ran a pass interception into the end zone as the K.A.'s won 7-0. Including the playoff games the Kappa Alpha's had scored 164 points for the year with none scored against them. This is a job to be highly commended.

Zekes Finish Second

Though Kappa Alpha won all of the honors this year, the other teams are not to be forgotten. The Zekes, of course, finished second, while Lambda Chi bonnced back into third place dropping the Sigs to fourth position. Tied for the fifth position were the two fresh-Tied for the men teams, Foxwell and G.I. Hall.

Thus the intramural football season ends in a success. The spirit and interest is still evident in the games, and it should continue as the intramural basketball season looms in the near future.

WEDNESDAY, NOVEMBER 6, 1957

Atheymen Are Host To Hopkins Saturday

Coaches Corner

Director of Athletics Ed Athey announced this wee a brief plan to up the Athletic Department's awards program. The plan calls for an award to be given to the most valuable player in each of the eight intercollegiate sports played here at Washington College.

The plan has yet to be brought before the Athletic Council but Athey considers its approval a mere formality.

These awards, along with the Alumni Lacrosse awards, will give the Athletic Dept. a well balanced awards program and will give the athletes a worthy goal to work for.

Mr. Athey also announced that he cancelled soccer contest with Western Maryland has been reset for Nov. 19 at Kibler Field.

The Cross Country meet with Johns Hopkins, which was also called off, will be rescheduled at a later date.

Thinclads Are Threat To C.U.

The Washington College thinclads continued to run roughshod over Middle Atlantic opponents as they disposed of Delaware Wednes-day, 15 1/2 - 41 1/2. Dick Skinner marked the swiftly-paced show which saw the absence of Joe Thompson out with the flu. Tom Crouse, Mickey DiMaggio, Tom Woodward, and Jim Pickett ran brilliantly behind Skinner in W. C. domination of the meet. Bill Ditman and Harrison Pace closed ont

the scoring for Washington.

The harriers having lost to Loyola as the only blemish on a 4-1 record will put it on the line against Catholic U. Saturday, Nov. Catholic II., always powerful in Mason-Dixon circles will once again field a strong aggregation. Speed-sters Nelson and Matthews, winners of the mile and greater mile respectively at last years Mason-Dixon Track Championship, will lead the C. U. attack. Missing from the Catholic U. assault will be Long John Madison their ace in years past who is not running this

The meet with Catholic U. Saturday will be a key one as far as the sucess of the season goes with Towson, Galludet, and Johns Hopkins, yet to be encountered.

at him relentlessly. It looked to be the hardest pounding they have shown this year.

Saturady we play Johns Hopkins, and we hope, to chalk up another win. The possibility of this seems good as Hopkins has already played Loyola and barely beat them, a 3-2 score. The closeness of the Hopkins-Loyola game, plns the fact that we dominated our game with Loyola, should give us a good Loyola, should go

The sun never sets in the British Empire because the British Empire

Although the Sho' soccer team is riding on a 3 and 2 overall record so far this sea overall record so far this sea-son, they still own a 2 and 0 average in the Mason-Dixon Conference. This week they will try to better that record and fight for the lead in the conference.

Flu Slows Up Action

The Sho'men have had a tough time getting the season straightened out as their Homecoming game was cancelled and last week's game with Western Maryland was post poned until the 19th of this month. The flu bug has slowed up their own ranks too, as quite a few of the starting line-up have been sick.

Blue Joys Are Due Saturday

Coming up next Saturday is our third home game of the year and only the first in the M.-D. conference on Kibler Field. The Blue Jays from Johns Hopkins will move in to do battle, and the Sho' fans should get plenty to cheer about.

The tonghest game coming np should be Baltimore U. at Mt. Washington. The Bees are well up in the league and will be all out

All three of the Sho'men's wins this year have been on big scores and the losses have seen us held scoreless. The last win was against Delaware U. by a score of 6-0. Goals in that one were: Bob Bragg (2), Don Miller, Jay Cuccia and Toby Walters. Bragg now leads in scoring with a big 7.

Foxx Gets Starting Berth

Changes in the last few games have seen Dell Foxx move up to first string fullback, and Ron O'Leary also moved into a fullback slot while Arnie Sten was sick. Dell has proven very competent in the backfield along with veterans Jennings and Walters. Ron also did a good job against the Blue Hens of Delaware.

Look for the full Sho' team back in action against Johns Hopkins Saturday.

SPECIAL

The Sho'men traveled yesterday to Loyola College in Baltimore and came home with a 2-0 victory. The win gave the big maroon a 3 and 0 record against Mason-Dixon Com-

petition and 4 and 2 overall.

Bob Bragg collected both tallies against the Greyhounds and upped

his total to 9 on the year. Washington dominated play throughout the entire game show-ing 43 shots at the nets, while Loyola had less than a dozen. In the first quarter, Mickey DiMaggio, in the goal, had only two saves to his credit as the Sho' defensemen kept the ball on the other end of

the field most of the time.

The only casualty in the contest was Arnie Sten as he suffered a reinjury of his bad right leg. He will probably be in action against Johns Hopkins next Saturday.

The main reason the score was so low can be attributed to Loyola's goalie, who was actually substituting for their first-string net de-fender, who was ont with an injury. is in the East and the ann sets in He stopped many beautiful shots the West.

LETTERS TO EDITOR

DEAR EDITOR:

I do wish to take the epportun-y, through the pages of the ELM, to convey my warm thanks to all the members of the student body who gave unstintingly of their time and effort to make the recent celebration of our 175th anrecent celebration of our 175th anniversary a success. To the waiters, to the ushers, to the guides, to the dancers, to all I am deeply grateful. The Visitors and Governors join with me in warm thanks and hearty appreciation.

At the same time I must express research distillation at the in

my regret and disillusion at the indifference of the majority of the student hedy to the major intellectual events of this celebration.
Distinguished visitors from all parts of the Eastern seaboard, seme representing colleges thous-ands of miles distant, came to join with us in the observances. could not have gone unnoticed by them that fewer than a dezen students attended the Saturday af-ternoon symposium and that half a hundred at the most were present at the convocation on Sunday.

The student hody complains

when compulsion of any sort is visited upon them for attendance at any event, hewever significant or however important in the intel-lectual life of their college. They properly wish the responsibility as adults of making decisions them-The faculty and administration warmly endorse this prin-ciple. But the recent experience

is not encouraging.

Let us ponder the words of Edmund Burke: "The effect of liberty to individuals is that they may do what they please; we ought to see what it will please them to do before we risk congratulations.

Sincerely, DANIEL Z. GIBSON,

DEAR EDITOR:

I have heard some criticism of the student body following the visit of UN employees to the campus last month—including nnfav-orable comment in the ELM itself. I would like to make two points:

First, when arrangements were made for their visit, we were ask made for their visit, we were assisted to assure that they would not be exploited for lectures, discussion-leading, etc. Their trip to the Eastern Shore was to be purely recreational for them; people at the UN have few opportunities to come to knew the United States outside the New York area, many are eager to—both out of in-terest in the country, and because they are tired of prolonged living in an urban area. Many of them especially seek a chance to glimpse an American college, and to meet American students. Washington College was simply affording them auch an opportunity. A largerowd would have been unsuitable Actually, the number who did turn out aroused some fears that we might be criticized for exploiting their visit. For these reasons and because we did not have definite word that they were coming until less than 24 hours before they arrived, no wide advance publicity was given to the visit.

Second, I have had a number of

the most favorable reports con-cerning how they enjoyed their cerning how they enjoyed their visit, how they appreciated the warmth, easiness, friendliness of our students—and the interest that was shown in what they had to say. Since their visit is likely to figure in lecture and conversa-tional reports when they return to their home countries, the students who took part can consider that they have made a contribution to international understanding friendship.

So-looking at it from several points of view, it was a success.
Sincerely,

IRVING BARNETT.

Vocalist Engaged For Nov. 21 Concert

Rilla Rowe Mervine, mezzoano, will present a recital at College, Thursday, Nov, 21, p. m. Mrs. Mervine is the 8:30 p. m. second attraction on this season's College-Community Concerts series

Mrs. Mervine began her voice studies in her native state, North Dakota. Later she won two coveted scholarships to the Peabady Con-servatory of Music in Baltimore.

She has appeared as soloist with the National Symphony Orchestra of Washington each season since 1950. She has been soprano soloist with the Bach Festival, and last year was featured with the Pittsburg Symphony.

Her program will include groups of songs by Brahms, Tschaikowsky, Ravel, Massenet, as well as more modern works and American folk songs.

Science Program Premieres on T.V.

Scientific and educational groups at Washington College will be in-terested in the new CBS, hour-long TV program, "CONQUEST." December 1st (5:00-6:00 PM, EST) will be the premiere date of this new release being sponsored by the Monsanto Chemical Company,

CBS's distinguished newsman, Eric Sevareid, "CONQUEST'S" host, heads up a team of top flight CBS reporters who will bring these in-creasingly significant scientific adto the attention of young and old.

The TV audience will gain a better understanding of the harriers faced by scientists and the program will throw a light on the brilliance of modern research.

News In Brief

EISENHOWER TWICE ADDRESSES NATION
The recent advances achieved by the Soviet scientists in the launching of two satallites prompted President Eisenhower to address the people of the U.S. by means of television and radio.

In the first of these speeches Mr.

Eisenhower outlined a plan where-by the U. S. will be able to maintain its defense superiority and to even surpass the Russians in those fields where we have fallen behind. This plan calls for the creation of a new governmental post, a special assistant for science and technology to the President. This position is to be filled by Mr. James R. Killian, president of Massachusetts Institute of Technology. His duties will consist of seeing that the U.S. program is carried out in an integrated fashion; this is an attempt to keep interservice competition at a minimum. Mr. Killian will also judge which projects have the greatest potential and give these projects top priority.

Mr. Eisenhower reassured the nation by citing our retaliatory force which would be able to completely destroy any aggressor

In his second speech President Eisenhower called for a stepped-up program of education to provide for the training of more scientists. Mr. Eisenhower told how the Soviets have encouraged the de-velopment of scientists through their educational system. The President did not elaborate on the role the Federal Government is to play in the development of U. S. scientists, nor did he make any specific recommendations in regard to this program.

The President also told the nation that the U. S. must spend more money on weapons for the future to meet the Soviet challenge. Mr. Eisenhower said it is impossible to cut our security costs and it would be foolish to cut our foreign aid costs. Since Mr. Eisenhower thinks it essential to try and balance national budget, these costs must be met in another way. The only solution the President offered to get the necessary funds was to take the money essential programs. take the money away from non-

GOP LOSES GROUND

Spotty but significant off-year election results spell hope for Democrats, trouble for Republicans. These were the first contests after Little Rock and the sputniks. While national issues were not always featured, there was enough similarity in the samples of election returns to indicate substantial voter dissatisfaction.

Teacher Exams Being Given

The National Teacher Examinations, prepared and administered annually by Educational Testing Service, will be given at 250 testing centers throughout the United States on Saturday, February 15,

At the one-day testing session a candidate may take the Common Examinations, which include tests in Professional Information, General Culture, English Expression and Non-verbal Reasoning; and one or two of eleven Optional Examinations designed to demonstrate mastery of subject matter to be taught. The college which a candidate is attending, or the school system in which he is seeking employment, will advise him whether he should take the National Teacher Examinations and which of the Optional Examinations to select.

A Bulletin of Information (in which an application is inserted) registration procedure and containing sample tests questions may be obtained from college officials, school superintendents, or directly from the National Teacher Examinations, Educational Testing Service, 20 Nassau Street, Prince-ton, New Jersey. Completed applications, accompanied by proper examination fees, will be accepted by the ETS office during November and December, and in January so long as they are received before January 17, 1958.

VETERANS line up for inspection during annual man-euvers on November 12th.

Awards Offered To Senior Girls

Two national scholarships for college senior girls are offered for 1958-1959 by the Katharine Gibbs School. These awards were established in 1935 as a memorial to Mrs. Katharine M. Gibbs, founder and first president of the school.

Each scholarship consists of full tuition (\$785) for the secretarial training course, plus an additional cash award of \$500 totaling \$1,285. The winners may select any one of the four Gibbs schools for their

Montclair, or Providence.

Winners are chosen by the Scholarship Committee on the basis of college academic record, per-sonal and character qualifications, financial need, and potentialities for success in business

Each college or university may recommend two candidates, and each candidate must have this of-ficial endorsement. Students who may be interested in competing for one of these Katharina Gibbs awards may obtain full information from the college placement bureau

Concert Series Set

This year's concert series has gram will include six varied musical programs, featuring a final pro-gram by the Virginia Symphony Orchestra, under the direction of William Haaker.

The third concert will feature Desire Ligeti, basso, for many years leading bass-baritone of the San Francisco Opera Company.

Michel Chauveton, French violinist, who thrilled so many last season, will return to the campus, Jan. 9, for the fourth concert.

Raul Spivak, Argentine pianist, will give the fifth recital. The Virginia orchestra will present their program, Apr. 22.

All are Thursady night concerts.

Students will receive their season tickets prior to the Oct. 17 recital. Faculty and staff members who desire tickets may purchase them at \$3.00 in the business or public relations offices.

SPEAKER ADDRESSES Education Assembly

Dr. Livingood Honored At Assembly Program

The assembly on Thursday, Nov-Jers.

Dr. F. G. Livingood

Frederick G. Livingood, who is the head of the department of education and psychology at Washington Col-

The Student Educational Association of the college presented program, which consisted of talks given by four former students of Washington College, three of whom were taught by Dr. Livingood, and have become very active in the teaching field. Miss Sue Brunk, the president of the Student Edu cational Association on the campus, gave a brief account of Dr. Livinggood's educational background, and listed the professional and honorary positions he has held.

ember 14, 1957, was held in honor of National Education Week and gave special recognition to Dr. of Instruction at Salisbury State Teachers College. Dr. Willis re-marked that it is "appropriate to observe National Education Week by paying tribute to a man who has had such a wholesome influence on teaching in Maryland." He went on to describe Dr. Livinggood as a "scholar, eminent teacher, and Christian gentleman." Mr. W. Jackson Stenger, class of '29, and principal of Chestertown High School since 1934, was the next speaker. He described Dr. Living-good as "one of the foremost edu-cators of our time." The third speaker was Miss Dorathy Leonard, class of '41, who teaches English and Latin at Easton High School. and Latin at Laston High School. The final speaker was Mr. Theodore Boston, class of '30, who is a member of the Maryland State Board of Education. A gift was presented to Dr. Livingood by Tom Short as a token of appreciation from the Student Educational Association

Dr. Livingood is on leave of absence from the college due to illness, but he is slowly reositions he has held.

Tom Short introduced the speak- to teaching next September.

Letter To The Editor

Dear Editor:

May I avail myself of your col-umns to bring to student attention a few principles governing the use of libraries, especially libraries in which, as is the case at Washing-ton College, users are granted the privilege of easy access to most of the hooks and other materials?

Because a library serves many readers, some limitations are necessary on the use of library materials by individuals, in respect Records need to be kept to insure that all parties are served fairly and adequately, insofar as possi-ble. Records of holdings need to be made and kept up to date. library able to locate or control only a part of its collection would he seriously handicapped in the doing of its job; the staff could not give good service, and readers would be justifiably dissatisfied.

This is not a one-sided arrange-ment, however; the cooperation of

library users is essential.

In our own college library, readers are specifically asked to co-operate, for the benefit of all, in the following ways:

1. Do not remove books from the stack shelves, or from the reserve shelves without signing for them. Our library, in common with most others, bas lost quita a few hooks by this means in the past. This is, however, irresponsible use of the Library at its worst, the cause of inconvenience to numerous people, and of ex-pense to the Library for replacements in some instances. in point are the removal, noticed last week, of a volume of Moliere's plays in English (PQ 1825-V259 vol. 2) from the stacks, and the disappearance without record of a much-used reserve book. The latter has been recovered; it is requested that the former also he returned

2. Reference books (i. e., dicencyclopedias, tionaries. etc.) shelved in the reading room should be used in the Library only. Notices posted on each bookcase clearly indicate this. Because these books are briefly consulted by many people, they should be constantly available in the build-ing. From time to time, however, reference books are discovered to be missing. This Fall, for example, one important and useful book of this kind has disappeared —Webster's Geographical Diction-Will whoever has it or finds it return it without delay?

3. Current periodicals are be used in the reading room only. They are obviously of interest to numerous persons, and therefore their circulation is restricted. Not to do this would be unfair to the majority. This week the Novem-Harper's were taken from the Library without permission. These magazines should be replaced by the person who removed them; they are still missing as I write

Scholarship Announced

The Pan-Hellenic book scholarship, valued at \$50.00, is now being offered to the girls of the Freshman class. This cash award is given to the most deserving girl each year by the Pan-Hellenic Council which is made up of delegates from each sorority on campus.

Interested freshmen may enter the competition by writing a letter to the council, setting forth reasons for wanting the scholarship, All entries should be in the hands of senior Carole Christensen, council president, or any council member before the end of the first semester. The council will consider each entry on the basis of the content of the letter, and the contestant's college record to date. In case of indecision, the scholarship will be awarded to the contestant with the highest index.

This scholarship is an honor to receive as well as a useful bonus and should provide a major incentive to freshmen girls in applying themselves to their studies.

Former winners of the award in-

Crown For Queen

The purchase of a tiara and cape to be used for the Homecoming celebration each year, has been made by the Student Government Association.

The purchase was made with the intent of increasing the dignity and formality of the crowning of the Homecoming Queen.

The cape shall have the name of clude Kakie Brackett, 1955; Toni the queen for each year sown in it Stallone, 1956, and Nancy Merker, and shall be a permanent record

58 Pegasus Shaping Up

A commendable effort is being A commendable effort is being inade on the part of this year's Pegasus staff to present a note-worthy year book and to correct some defects present in past editions.

The staff has arranged an early final deadline with the printer so as to insure the delivery of the yearbook prior to graduation.

Also, there will be no use of that famous quote "picture not available" in this edition. A professional studio has been contracted to photograph the faculty, admini-stration, and members of the senior class, fraternities and sororities. Group pictures will be taken of all campus organizations.

With the aid of student cooper-

ation, the editors and staff of the 1957-1958 Pegasus hope to pre-sent a yearbook increased in size and of a noticeable rise in quality.

Interviews Arranged

Seniors and juniors expecting to graduate in January 1959 will have the opportunity of taking interviews with some of the nation's views with some of the handon's leading business and industry houses. The interviews will be-gin January 15 and will continue through April 15, according to James L. Bowers, placement direc-

THURSDAY, NOVEMBER 21, 1957

The Varsity Club is composed of those athletes who have won a varsity letter in three different sports or two varsity letters in the same sport at Washington College Since the club requires only ar of its members, it must rely solely on student support of its activition in order to be successful financially

ELM CLASS DRAWS INTEREST

The second Journalism lecture will be given on Thursday, November 21 at 7:15 P. M. (instead of 7:30, as there is a concert the same night) in Room 3 of William Smith Hall.

These classes, conducted by Jim Bowers, are very informal. A present the class has not yet begun to write, but is still studying the problem of how a newspaper evolves from the events themselve to the finished product on the news stand. Mr. Bowers is well qualified to act as instructor, as he has worked for the Associated Press,

Everyone is invited to come, ever if they have missed the first meeting. Although the class is intended as a workshop for the ELM, it is not necessary either to write for the paper or to have had any previous experience.

Pledge Class Plans Activity

Thursday, Friday, and Saturday of this week have been designated as "activity days" by the Zeta Tau Alpha pledge class. For a fee, the pledges will shine shoes, wash cars, iron clothes, clean girls' rooms, and do other odd chores.

The purpose of these "activity days" is to raise money for the pledge class's annual gift to the sorority, according to project chairmen Jan Lawton and Tom Sheller Anyone interested in having an of these jobs done may contact any of the ZTA pledges.

Authority Lectures

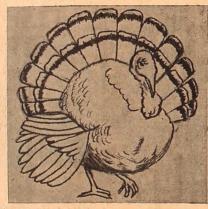

Dr. Owen A. Haley, a lawyer from New York City, addressed the National Government classes in lecture on November 19. His topi discussion was Political Parties

Dr. Haley has a very notable background. In 1920 he taugh at Fordham University Graduat His next position was the of Professor of history and government at City College of New Yor until retirement a few years as

In 1946 Dr. Haley was a Republican delegate to the New York State Nominating Convention and in 194 a Republican delegate to the National Nominating Convention

Mr. Reisky-Dubnic invited D Mr. Reisky-Dubite Li, Haley to the College through his great-neice, senior Joan Hale Mr. Reisky Dubnic feels that D Haley's lecture will be most valuable to the students since be half such an extensive knowledge political theory and practice.

HAPPY

HANKSGIVING

when they are due. This is es-pecially necessary in a small library. Returning books beyond the due date inconveniences everyone concerned, and can be a con-

siderable expense to the borrower.

I am certain that less frustration and greater profit will result ber issues of Current History and Harper's were taken from the lege Library follows the pattern I have outlined here. We want to serve you, and we beseek your co-operation in our effort to do so.

Sincerely yours, Robert G. Bailey,

A TOO FAMILIAR HOLIDAY SCENE - DON'T LET IT HAPPEN TO YOU!

A Question Of Values

How much do you value your life? Perhaps the people in this accident should have considered this thought more thoroughly. They were young people driving home from college for the vacation full of the holiday spirit, or spirits. They didn't place enough value on themselves, but the insurance com-pany did. Their parents will have to be consoled with cold cash in-stead of Sue's warm smile and Bob's W. C. jokes.

To return to the question, how much do you value your life? Enough not to cut off that guy as soon as you pass him because he is going 58 miles an hour? Enough not to lose your temper because that woman in front of you stops for every caution light? So very much as to accept the fact that everyone does not drive as if be were racing a MG or Pontiac? Although you may not place much emphasis upon accident facts or statistics it is a simple question of values. How much do you value your life?

His future goal after graduation is the Navy's Chuck says the Lambda's will be holding their annual Christmas dance in Baltimore again this year, and are making plans for a frat house off-campus.

Who Does It?

by Judy McCready

Once every two weeks the W.C. students become so intellectual that they read while eating their lunches and even forget to issue their usual complaints about Hodson Hall food. What could be the cause of this great intellectu al awakening—the formulation of a new doctrine of philosophy, the discovery of a manuscript thousands of years old? Certainly not. Any student would be eager to offer the reassurance that no such event interests him. To what, then, is he giving his undivided attention? "The Elm".

Students expect the paper to come out regularly; however they fail to realize the responsibilities of publishing a paper. Each of the editors plans what will appear on his page and assigns the stories to various individuals to write. When the stories come in to the editor, often later than the deadline, he must copyread them and "lay out" his page. If the number of words in the article is not right, the article must be cut or filler must be added to the page. At the Kent Publishing Co. proofs are run off. After the proofs have been read for mistakes and averything has been checked, the type is set up for the printing of

The editor-in-chief, Toni Stallone, is the first to agree that editing a paper is a time consuming and nerve-racking job. Besides her work a paper is a time consuming and nerve-tacking job. Besides her work as editor, Toni manages to attend a few classes, to go to S.G.A. meetings, see Buzzy, and work in the dining hall. Toni is an economics major with the goals of going to graduate school and making money.

Tom Short serves as sports editor of "The Elm" and writes the column "Athletes Feat". "The Pegasus" also claims Tom as its

sports editor. Tom was the president of his class last year and now is a member of the Advisory and Service Panel of the S.G.A., After his graduation in June, Tom's first plan is to marry Mary and then to seek a teaching position at a U.S. military installation in Europe.

The feature page of "The Elm" is handled by Jane Rayner. J

must find cartoons to put on the page and must unearth gossip. Leading cheers and refereeing basketball games occupy Jane's time during the winter months. This summer Jane plans to tour Europe. In the future Jane hopes to use her sociology major in teaching high school

The duties of editing the news pages are jointly shared by Betty Warren and Nancy Merker. The news editors must decide both what Warren and Mancy Merker. The news entires must decide both while is news and the relative importance of the news articles to each other. Betty is serving her second year as news editor of "The Elm". During her years at W.C., Betty has been active in sports and is a cheer-leader and senior representative of the Girls' Intramural Athletic Association. After her graduation Betty will attend the Katherine

Association. After her graduation Betty will attend the Katherine-Gibbs School in New York before seeking a career in journalism.

Nancy Merker is a newcomer to "The Elm" staff. During her freshman year, Nancy was a member of the choir. She now does make-up for the Washington Players and serves on the Advisory and Service Panel of the S.G.A. Nancy has had secretarial training and is working toward a major in political science.

The editors of "The Elm" often hear complaints about the quality

The centres of "The Lim" of the near complaints about the quality and contents of the paper. Realizing the necessity of new ideas to progress, they invite any student who is interested to offer his services to "The Elm". The next journalism class will be held the evening of November 21 at 7:30 P. M. Only if students support and contribute to "The Elm" will it succeed.

The Big Problem

Although THE ELM welcomes and encourages all letters to the Editor, the letter printed below is especially timely as it reflects a growing awareness by THE ELM of the problems mentioned. We recognize that these problems are deeply rooted and will take an in-tensive effort by both faculty and student mem-bers to remedy. We of THE ELM, will do our small port by attempting to report news not limited solely to our campus, but which shall, we hope, prove beneficial and interesting to the student body. News from other compuses which ties in with our plans, in addition to world news, tice in with our plans, in adaption to worth news, one examples of the latter. Responses to editorials and Letters to the Editor are always hoped for. In this ease, especially, I urge all those who have some feeling about the topic to share it with the rest of the student body.

During the past months, there has been During the past months, there has been growing within me an awareness that something vital is missing from this campus. I do not refer to the more frequently discussed material aspects of our college life, the shortcoming of which most students, by this time, are thoroughly aware. Rather, I speak of an intangible element which is infinitely more important to us all. Because of its intangible nature, it has evaded my efforts to express it in a single, concise my efforts to express it in a single, concise term. Perhaps in the course of this short and inarticulate column, you will be able to identify that something which eludes my limited powers of description.

limited powers of description.

In my mind, the purpose of a college education is to prepare an individual to assume a more dominant and responsible position in society. As an institution dedicated to higher learning, the college's immediate duty is to extend the knowledge of its students. Within the framework of the classroom situation, the instructor disseminates facts and figures in the time-honored manner, and the student, on his part, struggles to absorb them. However, while a college must extend the student's knowledge, it has an equal responsibility to develop his intellect.

knowledge, it has an equal responsibility to develop his intellect.

Before we enter college, our minds are cramped by provincialism. We accept the traditional without question. Our interests are centered in ourselves. We are complacent. We are unconcerned. But with college should come a broadening of our scope, an expansion of our minds to include more than the small realm of our own interests. It should develop in us a desire to learn something of the needs and desires of peoples other than ourselves. It should develop in us the inquiring mind, the mind that wants to know how and why. If a college fails to do this, it has fulfilled, at best, only half the obligation it has to the students it undertakes to instruct. Facts at uest, only haif the obligation it has to the students it undertakes to instruct. Facts and figures are here today and gone tomorrow, but the attitudes and outlooks which we develop during four years in the college community will be a force in our lives as long as we shall live.

It is in this gage of developing the in-

It is in this area of developing the intellect that I believe something vital is missing from our college. Instead of widened horizons, I see only evidences of an outlook which does not go beyond the narrow limits of this campus. Student

YES I KNOW YOU HAVE THE SAME ANSWERS AS SMITH — YOUR ANSWERS ARE WRONG BECAUSE YOU TOOK A DIFFERENT TEST.

Our Unsung Heroes

by Sandy Sandison

Sympathetic wails rose from the throats of the watching sorority babes as Peg-leg Cleopheus Box limped his way into the snack bar Moaning and groaning, they admired the way he smiled his wry, pain-racked smile. He knocked down two freshmen during his gallant struggle across the room, and they burst into tearful applanse Their pitying glances followed his lop-sided gait lovingly.

When he reached the other side of the room, Peg-leg sat down on a sofa and prepared for the crush. Thirty sisters came up to him for his autograph. Five females patted him on the head tenderly. asked if they could carry his books. Two more just patted.

All knew how he received his wound in the fray of battle getting out of hed. Peg-leg explained, "I donno why, but the floor was too close." Cleo Box had given his best for the school.

As he sat there arranging his crutch, three more hobbled in. These valiant patriots also were mobbed as wails again pierced the smokey air. One had his leg in a cast. (He had fallen from the fire-escape of Reid Hall while searching for the building's supports.) Another had a black eye. (Ran into a doorknob at the Bird when the sheriff came in one night.) The third favored a broken ankle. (He tripped down the steps in his hurry to get to speech.)

The four heros then stood up and with watering eyes sang the Alma Mater in Zulu a very touching scene.

Suddenly down the stairs came a frosh girl. She too was limping. The awesome news buzzed around the room. The other girls drew back, shocked. The other men were (This was usurping a outraged. male privilege! And against tradition!) A caucus was held and she was led outside. There they warned her not to repeat her folly. The guys had already picked their bandages and with soccer still on and lacrosse to come

Who Are The Celebs?

by Connie Kreml

Too aften rather famous people can be lost in the shuffle of campus activities. Consequently their talents and accomplishments often go unrecognized. To render this situation, we have, after rather strennous research, come up with various astonishing facts about some of the women of our campus

Elizabeth Humiston from Milford, Connecticut, was at one time the youngest baton-twirler in the United States. She started twirling at the tender age of one and a half and worked her way up to captain of the baton squad in her high school.

Joan Woeber, who is the proud owner of a pilot's license, has approximately fifteen hours in the air, solo. Joan, who is from Bloom-field, Connecticut hopes one day to own her own piper cub.

In the swimming department, we find Brenda Kaiser from Annapol-is, who has walked away with 90 medals and 8 trophies in com-petitive swimming and diving. Her favorite trophy is from the Round Bay Marathon Swim for a threequarters of a mile race which she won when she was twelve.

NONA STEVENS

Running a close second to Brenda, is Minona Stevens, also from Annapolis, with 45 medals. Nona, who swims with the Severn River Swimming Team and the Pine's Swimming Team, is most outstand-ing in the butterfly stroke.

Speeding around in the water like real professionals we find Ann Carol Jenkins from Baltimore and Sandra Mumford from Ocean City. Their field is water-skiing. Neither of the girls has had instruction but both are usually asked to give Sandy's favorite stunt on skiis is using only one ski, while Ann Carol prefers criss - crossing through the water with a partner.

The whole world except the US lies in the temperate zone.

As I See It ... You Can Help Too

by Anna Lucy Allspach
In many previous yearbooks there are pictures
of a small percentage of members of various campus groups, and in the most recent yearbook there
are blocks after blocks of spaces labeled "Picture
not available." There are numerous things that
could be the reason for these blanks. Perhaps the
schedule of pictures was not sufficiently publicized
or planned, or the photographers were at foult, or
the students didn't know or care enough to show up
for the yearbook staff. What ever the reason, it
is unfortunate because a yearbook, besides being a
memento of your college days, is a picture of the memento of your college days, is a picture of the college to outsiders who have never been here or who are not very familiar with the eallege.

In my opinion recent yearbooks have not been at all what they could or should be. It has been no one person's fault, but then it seldom is in a group enterprise. A successful yearbook takes more than a conscientious staff — it needs your co-operation and support. I hope this year we have both.

WHERE WERE YOU THIS TIME?

by Dave Gilleo Yesterday your reporter and several members of our student body had the pleasure of becoming acquainted with a most interesting guest of the school. As usual, few students turned out.

school. As usual, few students turned out.

Those who were not present missed quite an experience. Have you ever seen a Zorchtron? Or a Tulgy lamp? Like myself, you probably never have, but these are only samples of things that on might have learned from Mr. Jour Gell.

From our vantage point in Dunning Science Building we fried to communicate with our guest, but his only reply was "Take me to your president." When we explained that Dr. Gibson was out of town, be finely condescended to anywar some questions.

when we explained that Dr. Gibson was out of town, he finally condescended to answer some questions about himself. Originally from a place he said we would recognize as GC 4059 Alpha (we didn't either), Mr. Gell has traveled to places as distant as 700 light years from W.C.

His only comment concerning us was that we would be "much more efficient with a single eye and flexible neck." After muttering a final disgruntled "Nehman Sie mich nach ihre Fuhrer?" Mr. Gell left for home, leaving us with only a burnt lawn and a new feature article.

ATHLETES FE AT (|'!..

This year's crosscountry team with a record of six wins and only three loses has been the best such team since 1949 when the Shoteam since 1949 when the Shorunners posted a four win, no loss record. This is the first winning season for COACH DON CHAT-ELLER. Coach Chatellier came to this campus in the fall of 1955. He coached the thinclads that fall and ended the season with seven losses and no wins.

Then last year he had another losing season as he was able to gain only three victories on tof nine dual meets. This year's record shows clearly the progress that Coach Chatellier has made.

Last year's standout, Joe Thomp-son, has only run four races this year. He suffered with the flu for about two weeks, and he is now ont with an injured left leg.

Tom Woodward is the most im-

proved runner of the year, and through this improvement he was able to help boulster the marcon and black attack.

As the season grows to an end superlatives must be on hand for Coach Chatellier and his charges. Skinner's over all work has been superb and the much-vaunted Tom Crouse has run excellently though neither has been able to turn the tide with the absence of Thompson. Sure-fire runners like Woodward, Peckett, and Dimaggio have run brilliantly while the fighting spirit of Pace, Roth, Ditman, and Hunt has not been lacking.

CONGRATULATIONS from all of us to a fine Coach and his many hard working runners whose efforts have paid off in full!!!

Freshman Dick Skinner was outstanding as he led the Sho-runners across the finish line in six out of nine meets, and on three of those occassions he was the winner of the entire race. This is an Athletes Feat!!!

Bea Clarke Heads G.I.A.A.

The GIAA met on Wednesday, Nov 6, 1957, to elect officers for the year 1957-58. Bea Clarke was elected president, Anna Lucy Allspach vice-president, and Kathie Rayne secretary. The remaining members, Kathleen Brackett, Toni Stallone, and Sue Drake, were approved as representatives for the proved as representatives for the senior, junior and sophomora class-es respectively. Elections to fill the remaining vacancies followed with these results: senior Betty Warren, Junior Bobba Norton, freshman Carole Townsend, and members-at-large Carole Christen-sen, Betty Baird, and Debbie Sherin.

Hockey Season Cancelled

Because of the flu and late labs there has been a poor turnout, thus it was suggested and approved that the hockey season be cancelled. The basketball season will now be-

gin earlier, following Thanksgiving Each sorority will have a team, as well as an independent and posas well as an independent and pos-sible two freshmen teams. Sorority pledges will be allowed to play both for their class and as sub-stitutes for their sorority.

Attendance is also required in order to be eligible for the Varsity which is selected by the

Quint Prepares For Premiere

Now that the soccer season is over, the college sport spotlight turns to basketball. With a mixture of veterans and newcomers, Coach Ed Athey hopes to present a quintet that will win its share of games while playing a brand of basketball that is both interesting and crowd pleasing. In the line of a prediction he says, "I can't see hew a team with a 4-15 record last year can do anything except be

Veterans Are Shaping Up

The returning candidates, excluding those who play soccer who have shown the most ability so far are Bob Brown, Dick Callahan, "Chick" Perotti, "Flea" Phillips, Roy Hen-derson, and Freeman Sharp. derson, and Freeman Sharp. Brown, Callahan, Henderson, and Perotti possess the height, and shooting ability to give W. C. a well-balanced team. Although they lack height, Sharp and Phillips both possess enough good ball-handling and shooting skill to give any of these four a battle for a starting position. Another candidate is 6'7" Ed Burch who has the height and with some game ex-perience could prove valuable as the season progresses.

Freshmen Will Add Talent

Newcomers with considerable talent are a quartet of freshmen, Marty Sweeney, Lee Wallenbacher, "Tot" Woolston, and Jack High. All four are above six feet, possess

Runners Rip Towson And Gallaudet

The Washington College thinclads continued on their way to a very successful season although the lost of Joe Thompson in the past weeks has greatly hampered

The thinclads salvaged one vic-tory out of a three game set last week when they downed Towsen b ya 15 to 40 count. The fired up harriers were led by the durable combination of Dick Skinner, Tom Crouse, Mickey Dimaggio, Tom Crouse, Mickey Dimaggio, Tom Woodward, and Jim Pickett as they grabbed, the first five positions respectively.

Catholic U. crept by the Shore-

men on Nov. 9 by a 23 to 31 score. The spirited drive of Dick Skinner The spirited orive of Dick Sammer just fell short as he was nipped at the wire by CU's Nelson. The durable Tom Cronse garned the fifth position closely followed by Pickett and Woodward in the seventh and eighth spots.

The hitherto unbeaten Johns Hopkins runners served Washington with its stannchest test when they downed W. C. runners 19 to 37, on Nov. 2. Dick Skinner once again gained honors as he finished third behind two faststepping Hopkins runners. Crouse earned Hopkins runners. Crouse earned the sixth spot while the versitile Mickey Dimaggio and steady Tom Woodward placed ninth and tenth respectively.

The team will close their season

The team will close their season with the Mason-Dixon Champion-shots, and handle the ball well.

From the soccer team, basketball will claim Joe Seivold, Don Davenport, Don Roland, and Don Miller.

Perrotti Looms Big As Hoopster Standout

Chick Perrotti is rapidly becom- rotti began on the J. V. quintet, but ing a very familiar figure in the athletic scenes at Washington Col-lege. Last year, in his freshman year, Perrotti played varsity basketball and baseball.

He Possesses Many Shots Although comparatively small,

at 5'9', for a sport so dominated by big men, as basketball, Perrotti has such a variety of shots that he is very difficult to stop. He is an excallent ball-handler and is very adent pair-panuer and is very adent at picking out holes in the opponents defense and driving through them. Thus far in practice, he has looked very good and appears to be a possible taken charge any of this year's quicked. charge guy of this year's quintet. He has shown a lot of hustle and be keeps his team mates hustling with his constant chatter. Perrotti may team up with Joe Seivold to form the backcourt men of this years team.

Had Good Season As A Frosh Last year, as a freshman, Per-

because of his ability he was quickly moved up to the varsity and was soon starting for Coach Athey. He started the last nine games and averaged ten points a game. This is a very good freshman average and it gives some indication of his potential for the coming years. With the years experience behind him, Perrotti should develope as one of the Sho'men's leading

He hails from Torrington, Connecticut where he attended Tor-rington High School, there he played three years of varsity basket ball and baseball. While there he also managed to find some time to pla yfootball. Bridgeport Col-lege was under Parrotti's consideration before he decided to attend Washington College. He should be a very important factor not only in this year's team, but also (Continued on Page 6)

correctly for his set shots.

Booters Bounce Drexel and W. M.

Last Tuesday the Sho'men played a commanding soccer game as they thoroughly defeated the visiting Western Maryland club. Bob Bragg collected three tallies to up his total to fifteen for the year, while teammates Arnie Stendrove the other score through from the forty yard marker. As the 1957 soccer season draws had, the Sho'men came back with to a close, the Sho'men have an overall record of 7 wins and 3 losses, and a 3-1-1 record in the Mason Dixon Conference. The loss to Baltimore U. a week ago killed any hopes they might have had in taking the M.-D. title, now shared by Catholic and Baltimore Universities. The Sho'men led that one at halftime and had outplayed the unheaten Bees. However, the E. U. hoys came up with 4 in the second half to take the win. Boh Bragg hit for the only Sho' tally to reach the 10 mark in scoring. E. U. boys came up with 4 in the second half to take the win. Boh Bragg hit for the only Sho' tally to reach the 10 mark in scoring.

Sho-men Down Drexel Saturday, with a fair crowd on

on Nov. 9 caused the She'men a bit, some good wins, and lost two bad them to a 0-0 tie over the regular 72 minute run. However, the big Maroon scored in the second overtime to give the Sho'men a 1-0 win. Don Miller supplied the winning blow in the second minute of that second overtime, which was five iminutes long. The win, however, does not count in Mason-Dixon competition as the rules do not control of the control of allow for any overtime periods to be played except in Championship contests. The win does count in

our overall record.

Season Was Successful
This was not an unsuccessful

ones. The losses to B. U. and Franklin and Marshall could easily have been the other way around, but, as Coach Athey said, we are great joh as co-captains, helping Coach Athey wherever possible. Sten was hampered by leg injuries but still played his best. Lender-Season Was Successful man, although not able to play, This was not an unsuccessful gave the team all he had to make season as the team came up with this season a successful one.

I.M.L. Hoopsters Ready For Openers

Thirteen basketball teams, made up of a total of one hundred and eleven men, are readying them-selves for the coming intramural hasketball season. As scheduled to date, the season will begin on Tuesday, November 26. Games will be played at 6:30, 7:30 and 8:30; two games going on simultaneously at each stated time.

Middle Hall Toughest
According to coach Chattelier,
a new team called Middle Hall
looks to be about the toughest
since they combine heighth and

Season Will End In Playoff
The sason will consist of a round
robin, at the end of which, there will be a playoff among the first six teams. One loss will cause elimination in this playoff until two teams are remaining. These two teams will then play a two out of three series to decide the champion-

Jennings Is Commissioner

The commissioner of the basket-hall league will be Mule Jennings hall league will be Mule Jennings who held the same position for intramural football. Jennings suggests that all teams and their managers take heed of following new ruling. "Teams having to forfeit games must pay both referees which will amount to a sum of two Coach Ed Athey shows Perrotti how to hold the ball ectly for his set shots.

Coaches Corner

On December 2nd and 3rd Moravian College will be the scene of meeting of Athletic Directora from each of the Middle Atlantic Conference Colleges. One of the items expected to be discussed at this time is the present conference soccer rules.

Ceach Athey and lacrosse coach, Don Kelly, will attend the United States Intercollegiate Lacrosse As-Sociation meeting in New York December 13-15. Joe Sievold will be the guest at the All-American dinner at which All-American certificates are to be presented to members of the All-American lacrosse team.

There will be a special meeting of the College Committee of the National Collegiate Athletic Association at Johns Hopkins University November 24-26. Coach Athey will November 24-26. Coach Athey will represent Washington College at this NCAA sponsored National Workshop Conference on College Athletics.

Interclass Soccer **Scores Success**

The recent interclass socce games were an immediate success and it is hoped that more will

In the first game, the seniors and sophomores fought to a scoreless deadlock despite two sudden-death playoffs. In the following (Continued on Page 6)

(Big Problems)

(Continued from Page 4)

apathy is wide-spread and deadening. The entire campus seems to be governed by the spirit of indifference. As but one indication of this, I sight the decline and fall of this, I sight the decline and rain of so many of our campus organi-zations. The Forensic Society (which, if anyone remembers, was concerned with debate), has given up the ghost. The political organi-zations have apparently slipped into a deep coma from which there may well be no awakening. The religions groups each possess a dic-hard core of individuals who carry on courageously from meeting to meeting. The Society of Sciences meeting. The Society of Sciences presents its programs to about the same ten or fifteen members each week, and I can remember when week, and I can remember when one president spoke quite seriously of ending the meetings due to lack of membership. This only begins the list of dead or dying campus organizations. This, I am con-vinced, is an indication that some-thing is seriously wrong with our thing is seriously wrong with our college community. Can there really be no one interested in de-bate? Are there so few who are concerned with religious philos-ophy?—or any philosophy, for that matter? Can such a limited nummatter? Can such a limited number include all those who are interested in scientific knowledge and discovery? Apparently, the answer is yes. Has our life in the academic community instilled in us no greater a spirit of inquiry than this? Apparently not. What accept the lowest they is missing essential element, then, is missing from the atmosphere of our cam-

I hope that I have not been misunderstood. I am no idealist. Rather, I am an individual who be-lieves that a sheep-skin diploma written in a language which I cannot understand is a shallow indication that anything really deep and lasting has been derived from years of college. I place a much bigher value upon the powers of organer value upon the powers of reasoning, judging, comprehending, and understanding which should have been developing in the stu-dent during his four year sojourn. Consequently, when this develop-ment is somehow thwarted, I feel that a vital phase of our college education has been abandoned.

Last of all, I am told to make this an effective article, I must place blame on the individuals who I think are responsible for this unfortunate state of affairs. I decline to take this suggestion for three reasons. First, recrimination, at this point, will only serve to obscure the issue. Second, I am in no way covinced that any one group is responsible for the con-dition that exists. Third, I may be completely wrong in thinking as I do. If I am wrong, forget this letter. If my contention has some basis, the implications are immeasureably important to all of

met to form a club and elect officers.

There were three events in Sunday's meet. The first was an ac-celeration test which required the driver to make a U turn at one end and stop at the finish with his car over a line and no wheel touching the line. The whole distance was about 175 yards. In the second event, the drivers were blindfolded and their navigators directed them through tight turns between strategically placed pylons. The last event was an obstacle course which involved making short turns garaging and parking, a small hill-climb and a slalom. Other events climb and a slalom. Other events for gymkanas include the popping of balloons and the spearing of potatoes by co-pilots, tossing pingpong balls into cans and a follow the leader event, two cars driven over a prescribed course with a string tied between them.

At the meeting following Sunday's meet, a club was formed and Pete Wastie and Harry Horrocks were elected president and secretary respectively. Other activities were tentatively planned for the future. The Club was glad to welcome two entries not from Washington College: Vic Hall from Baltimore and Frank Bolle, presently at the University of Mary-

VOLUME XXXI

CHESTERTOWN, MD., FRIDAY, DECEMBER 13, 1957

NUMBER 5

Mrs. Stein To Leave Minta Martin

Mrs. Margaret Stein, Director of Residence of Minta Martin Hall, has submitted her resignation to become effective at the closing of the school for Christmas vacation next week. Housemother of the dorm since its opening in the fall of 1955, Mrs. Stein is unable to continue her duties here for reasons of health.

Mrs. Margaret Stein

After taking up residence in Baltimore, Mrs. Stein will con-tinue her present activities which include being a member of the Board of Education in Switzerland and organizing a combined travel-study summer tour of European study summer tour of European Mrs. Waddel as well as lecturing various groups in European cities.

She is often called upon by the Swiss Council to help students select the appropriate schools and plan their course of study in that country because she is distinguish ed in knowing both American and European educational systems as well as the typical student's attitude.

Her replacement has not been appointed as yet.

The November 21st issue of the ELM, announced that the annual Pan-Hellenic book scholarship would be \$50. This figure has been corrected to \$35. \$35.

Dorm Plans

Minta Martin's annual Open House and Christmas party scheduled this year for next Monday evening, December 16th. Members of the faculty and the entire student body have been invited to atend the affair which will begin at 9 P. M.

Group singing of Christmas caroles around the piano and dancing to records have been planned by entertainment chairmen Susan Weyer and B. J. Wilson. Refreshments will be served, and Saint Nick has promised to be around for the fun.

Other committee chairmen include: refreshments, Mary Jewett, decorations, Jane Wilson. Publici-ty will be handled by the Art Club

Takes Leave

Mrs. William Waddell, hostess at Hodson Hall, will be leaving her position at the start of Christmas vacation for a six month leave of absence. Mrs. Waddell has been the Hodson Hall hostess for the

the nodson hall nostes for the past year and a half. Beginning January 6th, Mrs. William McGregar will be the new hostess at Hodson/Hall. Mrs. Mc-Gregor has previously worked at LaMott Chemical Company and is a resident of Chestertown.

The hostess' job is to enforce dining room regulations, keep order, and supervise the student help."

Fraternity Plays Santa

JIM POTTER (left) and Doug Gates decorate for the children's party tomorrow.

More Rooms Planned For Minta Martin

last Saturday to finish off into additional dormitory rooms, fourth floor of Minta Martin Hall, President Daniel Z. Gibson announced this week.

The Charles Brohawn Company of Cambridge, Md., which con-structed the original structure in 1954, will begin work during February, 1958. The project is scheduled for completion this spring, and is hoped not to disturb present residents of the dorm, as an outside elevator to the fourth floor will carry materials to the workmen.

Estimated cost for the addition is \$36,000. However, tuition and room rent will not be affected, according to President Gibson.

Since only thirteen girls will be graduated this June, and Reid Hall is intended to house only freshmen girls in the future, additional housemo space must be provided to accom- selected.

The Board of Governors and modate upper-class women stu-Visitors decided at its meeting here dents. Completion of the fourth last Saturday to finish off into floor, for which facilities were provided when the dorm was con-structed, will provide quarters for approximately thirty students.
There will be two sizes of rooms available, and two girls will con-tinue to be assigned to each. The new rooms will be somewhat larger than those on the lower floor and most will have two dormer winmost will nave two dormer win-dows. They will differ also in that they will have larger closet space with sliding doors and standard bureaus will replace the built-in mirror space provided in lower floor rooms.

As the number of residents of the dormitory will be increased, two housemothers will supervise dorm activity beginning next fall. It is intended to convert the present three occupant suite on the third floor into quarters for the new housemother, who has yet to be

Dean Announces College Suspensions

Because of their conduct on the night of November 24th, several students have received diciplinary action, according to Dean of Students Albert S. Hill. Oliver Robinson has been suspended indefinitely. Robert Warren, Ernest Sandison, Edward Kigffer, John Osborne, and David Stern were suspended for the remainder of the semester. Thirteen upperclassmen and freshmen were put on probation.

The cause of the action was three incidents of loud singing and disorderly behavior which occurred in the vicinity of Reid and Minta Martin dormitories, between 12:35 and 1:15 a.m.

Dean Hill stated that as a matter of course the college must protect itself from behavior injurious to its students, the townspeople, and the reputation of the college. The noise disturbed the study and sleep in the women's dorms, and the patients in the hospital. administration does not object to singing on special occasions, such as when a girl has been pinned, if the singing is done with common sense in an orderly manner.

The grant to Washington is one of 345, totaling \$1,332,760, being made by Esso this year to private colleges in 42 states and the District of Columbia.

The Society of Sciences at Wash

ital campus appearance of the season tomerrow when 30 children from the Elizabeth W. Murphey School and Home of Dover, Dela-ware will be entertained at a party given by Kappa Alpha fraternity. given by Kappa Alpha fraternity, Arrangements for the affair were made by Doug Gates and his com-mittee with George Ehinger, superintendent of the school.

The youngsters, ranging in ages The youngsters, ranging in ages from 3-10, will arrive in Chester-town at 2:00 P. M. on a special bins doneted for the occasion by Mrs. William Waddell. Upon their arrival the children wil be greeted hy the Kappa Alphas and their dates, after which, an hour of games and entertainment will be held in the Snack Bar. The children will also be taken on a tour of the campus.

By special arrangement with Mrs. Ernest Cookerley, the entire group will be served their evening meal in the dining hall at 4:45.

At 5:30, the party will resume in the KA chapter room in West Hall. Gifts for each child purely served.

Hall. Gifts for each child, pur-chased by members of the fraterni ty will be presented by Santa Claus (Dick Lester).

Assisting Gates with affair were Tom Halley, who arranged the decorations, and Jim Murphy, who is responsible for the childens' games. Tom Crouse and Jim Potter procured the gifts and supplied refreshments for the gathering.

This is the first time a party of this type has been held on cam-pus and the brothers of Kappa Alpha are looking forward to making it an annual event.

Religious Counsel To **Be Offered**

Aided by the ministers of Chestertown, the College will soon open the Office of Religious Counselers. The Office, located in the ground floor of Middle Hall next to tha Theta Chi chapter room, will be used by the participating ministers to give desiring students individual religious counsel. In addition, the office will maintain a library of religious periodicals and books.

Participating in the program at present are: Rev. Robert Andrews, Rev. W. P. Kesmodel, Father John J. McGee, and Father John J. Masterson. Still to be heard from Masterson. Still to be heard from regarding their participation are Rev. Newton C. Wilbur and Rev. Ralph C. Kruger.

Schedules of the participating ministers and priests will be posted on the office door following the Christmas holidays.

Mr. Smith Recovering

Open Letter To ELM

Varsity Football

Several week ago the student council met with the college administration to discuss the possibilities of bringing back varsity football. It was unanimously agreed that varsity football would have many advantageous effects on the student body, the college and the alumni. It seems that football creates a pleasing and vivacious atmosphere in the fall term, that can not be replaced by any other sport or activity. In short, the attributes of football can be in-

What is preventing Washington College from bringing this sport back? This question has been constantly preying upon probably every student's mind. The facts are finally being revealed. The college is not financially capable of supporting a football team without detrimentally drawing from many of the basic necessities of the college. When football was in existence, it was computed that it required more than half of the budget alloted for the support of all the other sport teams combined. When one stops to consider the expense of adequately supporting a football team, it becomes astonishing.

At the present time our financial condition presents a temporarily unconquerable solution for the renewal of football, but it is a consideration that will surely not be forgotten. It was gratifying to the student council to find that the college administration is aware of the issue and is favorably seeking a solution.

Dining Hall

It is not uncommon for a college campus to be subject to criticism by the student body. If this were not so, the college student council would become stagnant, thus unproductive in striving to better its "sheltering institution". The student council tries to seek out those criticisms to correct them.

tries to seek out those criticisms to correct them.

A constant "gripe" among many students is the existing condition of the meal line and the ticket punching. Last week the student council again met with the college administration to seek solutions for alleviating any congesting situation. It seems that the lnnch ticket is necessary for an efficient administration, however, a new system has been devised to stop the deterioration of the ticket.

The actual facilities of Hodson Hall prohibit the line from moving faster, however, it has been suggested that a change in the scheduling of classes might alleviate some of the lunch line congestion. Perhaps the use of one set of the stairs for entering and the other set of stairs for leaving the dining hall will help sileviate the congestion.

Even with these minor changes the dining hall congestion will always be prevalent. A system for complete satisfaction has not been foreseen, therefore, the student council is asking for two considerations from the student body. First of all, the student council welcomes warmly any suggestions that you might have toward solving this student "gripe". Secondly, we sincerely hope that you will co-operate with the existing system until a new and better one is incorporated.

better one is incorporated. In concluding I would like to emphasize upon you the basic principal guiding your student council. We are primarily concerned with your interests. We can only be efficient and successful with your support. The best way to support us is to communicate your thoughts and interests to us so that we may take some positive action.

Sincerely, John Davie

CLITTLE MAN CAMPUS

ARNOLD STEN ALL-AROUND STUDENT

by

Judy McCready

To disprove the old notion that athletes are all brawn and no brain is the senior upon whom we focus our spotlight this week — Arnie Sten. Even in his first year, Arnie, who came to W. C. from North East, Maryland, excelled in both sports and scholarship. He won letters in both soccer and baseball and was named to the second All-Conference team in soccer. As a freshman, Arnie reached the Dean's List in his second semester.

For his prowess in soccer and baseball Arnie was invited to become a member of the Varsity Club in his sophomore year. At the

ARNOLD STEN

athletic banquet that same year Arnie was named the student who contributed most to athletics during the year. Last year at graduation Arnie was awarded The Fox Medal, given to the man who has, during the year, won his varsity letter in a major sport.

As a junior, Arnie was initiated into Sigma Sigma Omieron and tapped into Omieron Delta Kappa. Arnie is now president of both these organizations. Arnie's interests continue to be divided between sports and studies. He was cocaptain of the soccer team this year and will play baseball in the spring. Arnie is a member of the Kappa Alpha Order and has served as its secretary, besides playing intramural basketball for the fraternity and participating in Song Fest.

Arnie's future, like his college

Song Fest.

Arnie's future, like his college career, may be twofold, including both sports and an industrial career. A physics major, Arnie may enter industry as a physicist. First, however, Arnie hopes to try his luck in professional baseball. Although his future is undecided, it is certain that Joyce Smith will play an important part in it. We extend to Arnie the hope that his college career is an indication of what his future will be — a great success,

Week Before Christmas

by Rudolph

T'was the week before Christman when all through the school

Not a book was opened, we all played it cool.

The students were hung by the administration with care

In hopes that their morals they'd learn to repair.

The girls were all nestled all sung in the dorm;

The boys were locked out to keep them from harm.

And Stein in her kerchief and Travers in her cap

Had just settled down for a long winter's nap.

When out on the lawns there arose such a clatter,

They sprang from their beds to see what was the matter.

They flew to the phone, breaking the quiet,

To inform Dean Hill of the brand new riot.

When what to their wondering ayes should appear,

But W. C. boys full of good cheer. With a daring ring-leader, so big and so tall.

He could peep into the window with no effort at all.

Then they went to the Bluebird to get some red wine;

You could hear them shouting while standing in line,

"Now Albert, now Ermon, now Zack and Joe,

Now Lois with Wanda—why don't you go?" Back to the campi the boy did fly While all the girls just stood by

The dean did appear and the boys did hide, "Give me your college ID's", he

Some took ont North towards the Lutheran church,

Those less fortunate were left in the lurch.

A few moments later was heard in the night A search for pajamas hung on the

light.

As the girls looked out on the

campus around
Up the fire escape the boys came
with a bound.

Ivy-league dresses from back buckle to cap,

Like lambs at a slaughter, they really got japped!

As I See It ...

Education Or Exposure?

By Anna Lucy Allspach

FRIDAY, DECEMBER 13, 1957

Have you ever reached a stage where you felt not proud or even content with what you are doing, but just found yourself in a relaxed routine? Then perhaps aomething happened to jolt you into realizing how pitifully little you know and how pitifully little you are doing about that huge deficit. Many things can remind you — failing a test, considering the millions of the world's books, or listening to a quiet conversation by someone who knows infinitely more than you. About fifteen math students had that experience last week.

It was not an upbraiding nor was it a peptalk, but simply fifty minutes of evaluation and comparison, of sitting in your own spotlight and seeing your shortcomings and indifference to them. The shortcomings are still there of course, but I know this professor scraped away, momentarily at least, some of the indifference. Although "We didn't advance the ball of mathematics one inch this period," we did stir up genuine discontent with performances or lack of them. I wonder how long it will last?

MERRY CHRISTMAS AND HAPPY NEW YEAR TO ALL!!

To Bob Bragg who after playing three sports needs a summer va-cation ... To Mickey Dimaggio who is all guts ... To Arnold Sten who does not know the word "guit" ... To Dell Foxx and Don Miller who the soccer team could have used least year . . . To Charlie Stow who is the second best goalie in the conference . . . To Toby Walters who will serve as a to-co-captain on next year's soccer team ... To Dick Skinner who proved that good things come in a small package ... To Tom a small package To Tom Crouse who was co-captain of the Crouse who was co-captain of the cross-country team, and a brother to Ann Crouse ... To Marty Sweeney who taps them in like "Wilt" ... To Joe Seivold who had rather go over them than around them ... To Roy Henderson who is housekeeper, husband, father, and co-captain of two var-sity teams To Dick Callahan who is a complete basketball player To Norman Phillips who is a "flea" in size, but a big man in attitude To Freeman Sharp and "Tiny" Burch who could both get in Sharp's basketball jersey...

To Moose Mix who shall return
.... To Warner Andrews who keeps things in fine shape through keeps things in line snape through his managing efforts ... To Bob Brown who loves the "Middles"? ... To Tot Woolston who is a good student as well as a good athlete ... To Buzzy Brandenburg who dreams of lacrosse, Navy. and To Bill Litsynger who will be a co-captain of this year's la-crosse team To Herbie Moore who should have another fine season in the lacrosse goal ... Lee Currie who should help pro-vide a strong Sho' defence on this year's lacrosse team To Don Davenport, Chick Perotti, Gus Skordes who may provide a nucleus or the infield of this this year's diamond nine . . To Dick Irvin who will again this spring, earry the W. C. banner to the golf links . . . To Mark Diashyn who will use last years track experience in an attempt to have an even more To Bob Emory and Bob Eissile who are planning to break the sound barrier during this track season To Jim Pickett who again this spring will be going up, up up, and over the crossbars ... To the "thumper", Jim Lewis, who will captain this year's tennis team ... To John Davie who tried so hard to start a wrestling team on this compus To Dick Sher-man who takes some fine pictures of our athletic events ... To John Leverage who next year should prove an asset to our varsity teams ... To Mrs. Cookerly and Mrs. Waddell who feed and work our athletes respectively ... To Coach Don Chatellier who has thrown away the crying towl since he had a winning crosscountry season
.... To Coach Thomas Kibler who
just can not wait for warm weather the crack of the bat that will him to his coaching chores ... To Coach Don Kelly who had such a successful lacrosse season in his coaching debut last spring ... To Mr. Ed Athey, a gentleman, coach, instructor, and athletic coach, instructor, and athletic director ... To Mule Jennings, the fat man, who will play Santa Claus to ALL ... And finally the fellow reporters of the ELM, The Administration, the student body, and all others who help to make athletica a success on this

NORMAN PHILLIPS "Flea" played an ountstanding game against American University last Tuesday night. He did not come into the game until midway through the second half, but once he got in he continuously set plays that led to-scoring situations. Because of the calibar of play he showed in this game he should see plenty of action in tonights' game against Lycoming.

Alumni Five Hoopsters Rip

Last Saturday night the 1957-58 edition of the Washington College Sho'men took the floor to begin a long twenty-one game schedule. They went up against a good but rusty Alumni group and won going away, 69 - 52. As was evident, the squad has a new man in the post who handled himself well in the person of Marty Sweeney from Waterbury, Connecticut. He played the post well, rebounded with ease, and tapped in a few rimmed The other members of the starting team were veterans Bob Brown, Dick Callahan, Joe Seivold, and Chick Perotti.

Intramural Loop Four Teams Pace

LAMBDA CHI ALPHA, KAP-PA ALPHA and two strong independent teams, the 69ers and Middle Hall, continued to dominate the WASHINGTON COLLEGE INTRAMURAL LEAGUE as it closed for Christmas

The 69ers hold a 4-0 record by virtue of their hard-earned victory over the K. A. "B" team last Tues-day night. The 69ers boast of a well rounded club with any of eight men able to hit double figures on any given night. They are led by Roland, Dimaggio, Neely, Hand, and Skinner in the backcourt and Walters, Cumiskey, and Foxx in Crown the forecourt.

Middle Hall with a 3-0 slate boasts of three of the best playmakers in the league in Tom Allen, Stan Bailey, and "Thumper" Lewis. Livingston, Curry, Jones, and Cleveland, who scored 20 points in their first win, give this club the best rebounding strength in the league.

Kappa Alpha, perennially one of the circuits powers, remained un-defeated. Clansen, Fissele, and Leap have combined with veterans Meager, Short, Skordas, and John-son to give K.A. once again a strong contender for the crown. Meager and Eissele have been outstanding to date offensively as well as defensively under the able cute-lege of coach Rex Lenderman. It would do a great injustice not to mention the outstanding work of field general Gns Skordas.

The Foo's, with an unmarred re cord and a rookie starred quint, remained strongly in contention for the bunting. Charlie Stow, Ron O'leary, Ron Dratch, and Hurtt Deringer returned with three bril-liant rookies Ben Tamini, Al Rayne, and Jim Smith to give the Lambda's a team strong in every thing but outsanding height. Bild Miller, Chuch Buck and Larry Junkin, who has been out with a back injury, are other regulars who are playing there first year for the Green and Gold.

Sho' Quint Loses To A.U. **Face Lycoming Tonight**

Tuesday night saw the Sho'men debut in Mason-Dixon Conference debut in Mason-Dixon Conference competition this season against a very tough American University squad from Washington, D. C. The Sho'men did not look good in the first half as the buzzer sounded with the score at 42 - 21, American U. Bad passes and poor shooting accounted for the showing and the A. U. rebounding was too much. However, the second half was a different story as the Sho'men were helped by the good turnout of fans and made a great comeback. They grabbed rebounds, forced the Eagles into bad shots, harassed the ball handlers and made their own shots count, At one time they came from a 23 point deficit to a 10 point one in mid half and actual ly threatened the Eagle lead, but ten points is a long way in five minutes and the score ended 72 - 60 for A. U.

Fonls contributed in the most part in the Eagles' win as they hit for 30 free throws out of 45 tries. The Sho'men hit good per-centage in free throws with 22 for 28 for a 79% average, far above last year's attempts. With all the fouling someone had to foul out as the Sho'men lost three men, the Eagles two.

Another bright point in the game is the way Norm (Flea) phillips went into the game in the second half and held the Sho' team to-gether. He made them set up plays and quit forcing the ball.

tonight, meeting our Sho'men in a
contest slated for 8:30. Both
teams will be looking for their
first victory of the young eampaign. This will he a regularly
scheduled Middle Atlantic confracence game. ference game.

The W. C. five, losing to Ameri-

The W. C. rive, losing to American University on Tuesday night 72-60, will meet a team that has lost its first two games; first to Wilkes, 74-59, and then to Lock Haven State Teachers College, 79-75. During the 1956-57 season, Lycoming compiled a 8-15 record; Lycoming compiled a 8-1b record; on of these being a 80-74 triumph over Washington College.

This year the Warriors have seven lettermen returning. Coach

George Lawther, in his second searely on these veterans for his son as head has retball coach, will starting five. One of these, guard Bob Glunk, has been high scorer on both games for Lycoming. He is a six foot, 172 pound junior from Williamsport, Pa. The team's top source and rebounder last year, Al Wilson, will not be playing due to having completed his four years of eligibility.

Coach Athey is reluctant to name a pre-game lineup for this game. In the hopes of winning, he may alter his starting five in order to strengthen the team both of-

residually and defensively.

Preceding this game, the junior varsity will meet a highly regarded Wesley Junior College at 6:45.

Lee Paige's Orchestra

All in all, the play marked a rise in prestige for the Players. By its popular appead it helped pave the way for better things. Granted

during some crusial moments.

On December 5th and 6th, the Washington Players presented "Detective Story", by Sidney Kingsley. The entire action of this "realistic" play takes place in New right-hand side of the stage and York City's 21st Precinct which there was not enough room for the is beiled to a neuratic freezy, by a larger to move freely. It is recovery is boiled to a neurotic frenzy by a sadistic and vindictive Detective McLeod, who is driven to pro-secute crime with more than an ordinary desire for justice. Bill Shortall as McLeod made

the play a success in spite of a few of his supporting players efforts. His "complex" was convincing, and His "complex" was convinent, and he could act tough without being pretentions. Without his command of the stage, the hodgepodge of characters would have turned the play into a farce. However, in the emotional scenes at the climax of Act Two, Shortall seemd to have difficulty in brasking. ed to have difficulty in breaking with his old tempo to convey a sense of shock over his wife's past. The act might have failed without the superlative performance of Jean Tod who played Mary Mc-Leod. She was able to carry the audience through the most dif-

Almost all of the minor characters were well chosen. Sally Ann Groome as the shoplifter exhibited a convincing mastery of her part and provided a refreshing relief. Dixie Somervell, a new face on stage, did a nice job as Susan Carmichael, while Herb Castellani as Detective Dakis looked like a real cop, inconspicuous but authentic. The sultry sireen Miss Hatch, as played by Mikki Maher, scored a hearty "bravisimo!" that livened things considerably. Dick Fitzgerald, Hal Frishman, Bob Seeman, and Bill Caldwell also turned in good performances. Direction was by Ann Matthews,

One of the big jobs before the Student Council this year is the revision of the present SGA Constitution. A study by a Revisions Committee revealed that the Constitution was in serious necessitution with the C. S. which comprise the U. S. which comprise body will assume. The problem of freshmen elections is thought to be vastly important. (3) Continuity on the Counsel. At the present moment, a Student Council of commoment, a Student Council of com-pletely inexperienced individuals could be elected. Such a Council would have no knowledge of what the previous Council had been working to accomplish. Worse yet, it would have no knowledge of the function of Student Council. A more effective organization would be created if it could be ensured that some experienced members would always be sitting on the Council. This could be done by would always be sitting on the Council. This could be done by having staggered election terms, i.e., only elect one half the Conncil each year. (4) The Judiciary Board. This branch of SGA needs seroius alterations. The present entire last scene with the shooting, the "lovebirds" were billing and cooing almost in front of the action. system of selecting individuals to serve upon it is sloppy. The Judiciary Board must be much more steramlined if it is to be an thos, the play proceed a method mechanically. A pause would have been refreshing. Poor delivery of crucial lines in the final scene which provoked inappropriate more stero....
effective body.

Mony complaints have come to the Council concerning the pro-ceedure following in the registration of this past Monday and Tuesday. Many upper classmen, particularly Seniors, found it difficult or impossible to enter courses which they needed in order to fulfill the total-hours requirement. It seemed to the Council that registration should actually occur in exactly the reverse order-Senior first, Juniors second, etc. A letter expressing this opinion was sent to the Dean of the College, with the recommendation that the registraion procedings be reversed.

The Mason-Dixion Region of the The Mason-Dixion Region of the National Student Association is holding a regional assembly on Sunday, December 15, 1957, at 2:30 p.m. at the Catholic University of America, in Washington, D. Semester In **Capital Open To** W. C. Students

Program which is designed for those students who wish to spend a semester at the American Unigroups that deal with the govern-ment. The students get a first hand view of their government through free discussions with the representatives.

To obtain credit for the course each student must write a paper on a phase of the government. These papers are supervised by members of the college staff. Be-sides taking this course the student takes others which complete their semester requirements.

Washington College has regularly sent two or more students each year. Kenneth Barrett ('58) was selected to attend last spring's session.

The W. C. course in National Government is the only real requirement needed. Students major-ing in political science, history and economics should give this course serious consideration. Other students are also urged to consider it because the program is designed for those people who wish to be informed citizens.

The expenses are \$100-\$150 more per semester than at W. C., due to housing. Anyone wishing to apply for this coming semester should do so immediately. Those interest-ed for entrance next fall may see either Dr. Taber or Dr. Anderson during this coming semester. A sufficient index is also necessary because of the competition.

Dean Hill's Secretary

Mrs. MacGlashan is shown Mrs. MacGlashan is shown at her new position as secretary to Dean of Students Albert S. Hill. Before replacing the Dean's former secretary early this month. Mrs. MacGlashan worked in the U. S. Public Health Service office in Baltimore. Shelives with her family on Parson Green Farm in Churchill.

News In Brief

Eisenhower Suffers Stroke

A mild stroke prevented President Eisenhower from delivering a nationwide television address

The White House tried to side-step the word "stroke" in the Presi-dent's case on the ground that it snggests paralysis or brain hemor-rage to the average man. It in formed the nation that the President suffered an occulsion.

In Paris the NATO Council, speculating that President Eisenhower would be unable to attend the Prime Minister's meeting in December, expressed satisfaction that Vice President Nixon would lead the U. S. delegation if Mr. Eisenhower is unable to attend.

Vanguard Is Failure

The Vanguard test rocket, by which the U. S. hoped to recapture some prestige abroad, barely struggled off the ground and then fell back and exploded. The rocket only rose two feet in the air before the explosion.

AFL-CIO Expells Teamsters

The AFL-CIO, by a 5 to 1 mar-gin, voted to expell the International Brother-hood of Teamsters from that organization on the grounds that this union is dominated by corrupt influences. John F. English, the secretary-

treasurer of the teamsters, who threw his weight to James Hoffa in last teamster's convention, pleaded for a years grace "to clean house." He warned that other nuions would be following the teamsters out of the AFL-CIO.

Girard Receives Suspended Sentence Accused of killing a Japanese

shell-picker on a hilltop after lnring her onto a rifle range with promises of spent brass cartridges, Army Specialist Third Class William Girard was found guilty by a Japanese court.

The sentence was three years at hard labor, which was suspended, and payment of witnesses' expenses of \$20.

Army to Search For

Russian Rocket
The Defense Department asked the Army to check a rumor that Russia's Sputnick I rocket had fallen in Alaska. It was rumored that the carrier rocket had drop-ped in an area about 100 miles

ped in an area about 100 mines southeast of Fairbanks. Scientists there discounted the rumor, saying that a large meteor instead of the carrier rocket had probably fallen.

ington Players will be Blithe Spirit, a sophisticated comedy by Noel Coward. The dates for the play and Coward. The dates for the play then are Fridey, March 22 and Saturam. day, March 23. Although the tryros outs have not been definitely for scheduled, they will probably take of place shortly before exams.

The Blithe Spirit was selected as the off final effort of the season by the selected property of the season by t

science and mathematics as well as other subjects.

As in past years, (colleges select-Sewell, secretary; Anna Lucy Allspach, treasurer; Bobba Norton, publicity chairman; and Joe Doup-nik, production manager. The comedy deals with a man whose deceased first wife comes back to hannt him several years after his remarriage. His efforts to get rid o fthe "blithe spirit" form most of the action.

Alpha Chi's In Charge Of Polio Fund Drive

The annual school-wide March of Dimes campaign was begun this week, and will continue through exam week. The campaign is being conducted this year by Alpha Chi Omega sorority.

Contributions to this worthy cause will be collected at the basketball game Wednesday, January 15th. Containers have been placed in the snack bar in Hodson Hall, the book store, the business office, and Dean Hill's office.

A March of Dimes record-hop to be held in the lounge of Minta Martin Hall is planned for this coming weekend. Admission to the dance will be a contribution of any size to the March of Dimes.

The nembers of Alpha Chi urge the faculty and students to give to the March of Dimes; and to remember that there are still thousands crippled by polio who need your help.

Language Soph Bev. Jones | Moonlight Queen | Announced

Following a trend already begun in the country's larger colleges and universities. Washington College will shortly open a Foreign Language Laboratory. The laboratory, which will be opened second semester, will help students in sentence drill and prenounciation. Language Department will administer the laboratory with most of the actual supervision done by Miss Stadler who previously worked in the lab at Columbia Univer-

Located in the basement of the library, the lab will contain recording equipment to enable students to compare their proficiency in speaking with that of fluent speakers of the language. The lab will use tape recordings of plays, poems, and other literature.

The present plan calls for the coordination of classroom and laboratory work and will provide drill and illustration for rules and grammar already learned in class. The lab work will be required of all students enrolled in the first two years' study of any language and will be optional for students above the second year level. Students will attend one-half hour of laboratory work per week in addition to the time now spent in class.

The next production of the Wash-**Appointed** Housemother

Beginning January 5, 1958, Mrs Cecelia Livingston became housemother to the 100 women students in Minta Martin Hall. Mrs. Livingston comes to Washington College from a previous post in Washington, D. C.

Mrs. Livingston was born in Kent, England, and came to the United States after completing her education there. She has travelled extensively in Africa, India, Australia, England, Canada, and the United States.

Mrs. Livingston has been a house-mother at Pomona College in California, Colorado College in Colorado Springs, and Mar-jorie Webster Junior Col-

lege in Wash-ington, D. C. Her main interests are music, ballet, and the theater. She has one married

Mrs. Livingston is taking over the position left vacant when Mrs. Stein resigned just before the Christmas vacation for reasons of

In response to a query about her first impressions of Washington College, Mrs. Livingston replied that she was impressed by "the very nice banch of cooperative boys and girls. They have been very helpful to me in my first week here."

Noted Historian To Address Assembly

Dr. John Hope Franklin, famed historian, will be featured speaker at a Washington College assembly program to be held on Thursday, January 16. His address will concern some aspects of American Negro history during the post Civil War era.

Dr. John Hope Franklin

Valentine

All the Alpha Chis are busy getting ready for their annual dance, which will be held on Saturday, February 15 in Cain Gym. The decorations are being planned around a variation of the usual Valentine's Day theme. The highlight of the dance will be the announcement of the Alpha Chi Sweetheart of 1958; Don Morway is the present Sweetheart. Ben Morris and his orchestra will provide the music.

Chairmen of the decoration com-

mitties include: Mary Ellen Reinwall, Majie Mare, Sally Ann Groome, and Bobba Norton. Corky Caddy is in charge of refreshments, and Barbara Holmead heads the and Barbara Holmead heads the publicity committee. Anne Mat-thews is in charge of the song committee. General chairman for the dance is Phyliss Burgess, who is social chairman of the sorority.

Job Interview Dates Announced

From January 14th to March 28th, seniors and juniors anticipating January 1959 completion may interview representatives of various companies and professional groups, according to Public Re-lations Director James L. Bowers. During January, students eligible

may discuss job opportunities with representatives from: Hot Shoppes, Inc.; U.S. Naval Engineering Experiment Station at Annapolis; and the Chesapeake and Potomac Telephone Companies, who is also interviewing for the entire Bell Telephone system. Represent-atives from 15 other well-known

companies will also visit the campus during the next semester.

Due to the slight business recession which has recently affected our economy, current hiring in many industries has dropped off, although this nettern is expected to although this pattern is expected to change by summer. However, W. C.'s schedule "continues to present outstanding concerns who have interesting and worthwhile oppor-tunities and training programs", declares Mr. Bowers.

Professor Franklin, is chairman of the department of history at Brooklyn College. Though yet in his early forties, he has taught at such leading American univer-sities as Fisk, Cornell, Howard, Harvard and Wisconsin. In addition he has held numerous fellowships, including the Rosenald, Gug-genheim, and Edward Austin and in 1952 was named President's Fellow of Brown University.

In great demand as a speaker and lecturer both here and abroad, Profess Franklin has lectured over the British Broadcasting Corover the Bruss Broadcasting Cor-poration, served as visiting lecturer at Cambridge University, at the Saltzburg Seminar in American Studies in Austria and was one of the American delegates to the Tenth International Congress of Historical Sciences at Rome. He is currently a member of the Board of Directors of the American Council of Learned Societies, the Board of Trustees of Fisk University, the editorial board of the Journal of Negro History, the United States National Commission for UNESCO

And many other organizations.

Mr. Franklin's best known books are From Slavery to Frædom:

A History of American Negroes, published in 1947, and The Militant South, published in 1956, both of South, published in 1996, both of have been widely praised by historians north and south. In addition he has published The Free Negro in North Carolina, 1790-1863, The Civil War Diary of James T. Ayera and innumerable articles and reviews in journals here and in Europe.

Faculty Members Attend Talks

Dr. and Mrs. Daniel Gibson, and Dean Joseph Doyle attended a meeting of the Association of American Colleges in Miami dur-ing the week of January 6th. The conference of college and university presidents and deans was de-voted to the hearing of report from such educational organizations as the American Public Relations Council and the Council for Financial Aid to Education.

Mrs. Gibson presented a report to the presidents' wives on an in-teresting week she and President Gibson spent at Pugwash, Nova Scotia this past summer exchanging ideas with other college administrators.

On January 9th, 10th, and 11th, Alumni Secretary Bedford Groves and Public Relations Director James Bowers traveled to Atlantic City to attend a conference of the American Alumni Council. Mr. Groves took part in sessions for alumni secretaries and editors, while Mr. Bowers attended conferences on college development.

The Journalism Class will meet Thursday, Jan. 16, at 7:00 P. M. in Room 3.

A True Liberal Arts Education

The next issue of THE ELM will honor those seniors of Washington College who have been elected to Who's Who. are the students who, throughout their college careers, have actively participated in many extra-curricular activities. They are the students who gave unstintingly of their time and effort to further campus activities and promote their school.

It is fairly obvious that a student who devotes his time to other activities, besides the intellectual and social, is carrying a bigger load. He must often sacrifice a night out or a good bull session to get things done.

things done.

Very few will deny that the campus leaders are beneficial to the school. It is these men and women who have given the student body a say in college administration through the SGA; entertainment through the dramatic groups, the yearbook and newspaper; additional education or specialization in a favorite interest through the science, political, religious, debating and art clubs; and the chance to show pride in their school through the sporting events. But many will question why they should But many will question why they should be the ones to sacrifice themselves to participate in these things. Selfishly, we question the benefits such an individual receives from these activities. I believe the benefits derived are numerous.

while any generalization is dangerous, it is usually safe to say that the campus leader is a well rounded person. The very nature of his position demands it. He must have varied interests, must work with and often lead other students, and must know how to budget time. An argument in favor of participating in extra-curricular activities is the acquisition of a better, more rounded personality which is manifested as one goes into the world beyond the college campus. It is this realization that has campus. It is this realization that has made the business firm emphasize college activities more and more. The A student activities more and more. The A student who did not prove he could work with people or handle various situations is often overlooked in favor of the C student who has proven himself a leader and the possessor of a mind and personality which can cope with the varied situations one may encounter in the business world.

Often we hear a liberal arts education emphasized because of its broadening bene-fits and its stress on understanding people. It is in this very light that one should look at extra-curricular activities.

Besides the benefits of extra-curricular Besides the benefits of extra-curricular activities in later life and the business world, they are very important during the college career. As aforementioned, they provide entertainment, education and a general breaking up of college routine for the student. They also provide opportunities to meet more people and thus a chance for new and more fascinating interests.

For the freshmen and sophomores especially, I cannot stress "johning" enough. Get to know more people, do different things. Your personality, outlook on school and perhaps situation in life, may change because of this.

Anna Lucy's first plan after will be a year of configuration is to be married to a W. C. We think its two enough. W. C. alumnus, Joe Keller. Next student body to grow studies in chemistry at graduate administration and fall configuration and fall configuration. Anna Lucy!

Spotlight On A Senior

Anna Lucy Allspach

All-Around Athlete by Judy McCready

Anna Lucy Allspach, a native of Chestertown, is the senior upon whom our spotlight for this issue falls. Anna Lncy, who "commuted" to school her first three years, now is a resident of Martin Hall, where she was elected president of the House Conneil. This is only one of the numerous positions of leadership she has held. Anna Lucy was a member of the Student Government Association for three years and served as its secretary during her sophomore year. "The Wash-ington Players" has been another of Anna Lucy's interests.

The points she accumulated for her dramatic service, including the holding of the offices of secretary and treasurer of The Players allowed her to become a member

of Alpha Psi Omega, honor-ary dramatic society. Anna Lucy now oc-cupies the of-fice of vice-

president of that organization.

Anna Lucy is a member of Zeta

Tan Alpha Sorority, presently serving as its vice-president. Since Anna Lucy's interest lies in the scientific field, her major being chemistry, she was a member of Science Club for two and a years. However, Anna Lucy half years. does not limit her activities to the field of science. She is a member of both "The Elm" and "The Pegasus" staffs. The column "As I See It", written by Anny Lucy, appears regularly on the feature page of "The Elm".

page of "The Eim".
Athletics is a field in which Anna
Lucy has excelled during her career
at Washington College. Anna Lucy
has played badminton and tennis
and been named to the varsity
teams in basketball and bockey. For two years in a row she named the most valuable basket-ball player as well as the best allaround athlete. Anna Lucy has also been a member of the Girls' Intramural Athletic Association

for two years.

Anna Lucy's first plan after graduation is to be married to a W. C. alumnus, Joe Keller. Next fall Anna Lucy will continue her studies in chemistry at graduate cashed. Good luck in the future.

George And Me

by Paige Kelly

I was talking to George the other day, and we decided since he is in such an advantageous position on campus (and you must admit he is in a rather strategic spot for getting all the hot news) that it might be a good idea to write a column or at least to make a first attempt anyway. George supplies all the information and I just type it up and hand it in to the feature-editor. While the majority of George's material is first-hand he does get some bot scoops from "Lonella Parsons", Private Leo Gillis, and a few other sources too unpopular with the administration to mention at this time.

Speaking of administration, it might be a good idea if Mrs. Livingston would synchronize the upstairs and downstairs clocks in Minta Martin. It seems the clock says you're not late, but Mrs. L. says you are. Our new Hodson hostess has a lovely smile. Don't be afraid to use it more often, Mrs. McGregor—the college crowd isn't really too bad!

Before Thanksgiving, George almost lost his head, thanks to certain KA's, but he's sure this won't happen again, especially since T.H. may be leaving.

One of our professors certainly has been in a gay and jovial mood lately. This wouldn't be the effects of a wedding planned for March, would it? Congratulations, Mr. Dubnic!

Question asked by Dean Hill at a recent meeting: Just what good are fraternities and sororities to this school? Anyone care to send in an answer? Well, final exams will soon be here again. Wonder if the Judiciary Committee will be quite as busy this time?

George was wondering if per-haps there isn't something lacking Dean Hill's social calendar What about scheduled basketball games? Our sympathy to the Phi games? Sigs who staged a really terrific dance with some great decorations. Cain gym was anything but crowded!

George and I both hope 1958 will be a year of cooperation at W. C. We think its time for the student body to grow up and also time for certain members of the administration and faculty to let

As I See It ...

It's Up To Us!

By Anna Lucy Allspach

The current March of Dimes campaign is a reminder that a great deal of medical investigation is financed by donations. Just a couple of years ago, infantile paralysis was a dreaded mystery against which we had few and meagre weapons, but now that its chances of prevention have been proven we sometimes become apathetic and calloused. Did you know that the number of new polic cases in you know that the number of new polic cases in 1958 might pass the number for 1957? This may well happen if some of the 60 million eligible persons who have not received their shots or completed the series fail to get the Salk vaccine. Even though we seem to be indifferent to adequately protecting correlves we should remember that March of Dimes money is still needed for the backlog of stricken patients and the continued investigation into the disease.

U. S. N. A. Says ...

Being by nature four wise guys we could not let pass the comments of your gossip columnist without submitting our own.

We noted with a certain amount of glee that co-eds at your institution seem to perfer brass but-tons to belt buckles (in the back, of course). We feel, however, you are missing the main point in this scientific age, it's who wears the buttons.

We spend several hours each week shining our

buttons, how often do you shine that buckle in the back? And those white bucks - ours are white.

Coming from varied educational backgrounds (Dartmouth, Idaho, Loyola U., and Maine) we can fully understand campus life: those never-ending card games at the frat houses, the local hang-out (The Bird), and sharp, speedy sports cars. Therefore we feel qualified to submit some recommenda-

To the men of the campus:

slow down the car and take a look at the scenery around campus.

pull your face out of the beer mug, wipe the foam from your eyes, and-

take a course in basic mechanisms, namely, "gears".

Importants always play the role.

Read Mike Nomad daily and live like him.

We have made our comments and are prepared for repercussions. Please do not use such phrases as "anchor clankers", "deck apes", "pseudo-suave",
"egotists", etc. We've heard them already.
Good luck in lacrosse.

The Sho'men finally did it!! Last saturday night in the Russell Gym, the W. C. quintet made his-tory as they defeated Loyola, of Baltimore, for the first time in over twenty-five encounters. This win is symbolic of a great team effort that can produce a winning ball club for this season. After this week the team will take a week off for finals, but they will return to action during the midsemester vacation. During this vacation they will play one home game. The home game will be played on Saturday, February 8 aginist Susquehanna. Anyone living in this area should make an honest effort to come and see this game. We ought to be able to sacrifice one night to support a hall team that has sacrificed an entire vacation.

"Mule" Jennings received an honorable mention to this year's All American Soccer Tesm. The big, hussling, high spirited W. C. fullback consistently broke C. fullback consistantly broke up plays and set up offensive drives that were outstanding throughout the season. Such ability added greatly to the success of the team. Jennings deserves this honor and individual acceptance because of his discontinuous and his discontinuous pages of his discontinuous pages. recognition because of his dis-play of such ability.

Arnold Sten and Bob Bragg were both named to the first team of the Mason-Dixon All Conference Soccer Team. Sten, a senior, was cocaptain and center halfback for the She'men this fall. This is the third year that Sten has been named to such a team. Bragg was the high scoring center forward for the Sho eleven during their last campaign. He has recently been elected to cocaptain next year's team.

Don Miller, in his premiere as a varsity booter, received an henorable mention to the same team. Miller is only a sophomore, so he should prove very valuable to the soccer teams of the next two years.

Bob Bragg was an offensive genius during last fall's soccar season. He scored 15 goals in 10 games. Such a feat is unprecedented in the history of Washington College snecer. Rodger Smoot had previously held this scoring record. The ability and spirit displayed by Bragg throughout the season, as well as setting of this new record, is an ATHLETE'S FEAT!!

Jv's Sport 3-0 Record

The Washington College Junior Varsity, with a penchant for win-ning the close enes, remained un-

Wesley Junior College was the first to be toppled by the Shoremen. After trailing by a 21-19 count at halftime the J.V.'s put on a spurt in the second half to squeak ent a 43-42 victory. John Leverage, ex-Delaware cager sitting sitting out a season of incligibility, was high for Washington with 16 tallies. Center Ed Burch had points and was followed by Do Davenport and Don Miller with 6 each.

Leverage Sparks Second Win

In their second game of the young season the cagers soundly trounced the U. S. Army Nike Base from Tolchester 66-49. John Leverage again sparked the Sho'men, this again sparsed the showing the state that the with a 20 point effort. Back-court ace Chick Perotti had 10 tallies as did workhorse Don Davenport. Freshmen Lee Willenbacher and Tot Woolston had 10 and 5 respectively. Ed Burch had 5 while Don Miller had 7 tallies to help pace the Jayvees.

JV's Win Third In A Row

The Junior Varsity made it three in a row when they squeezed by the Western Maryland Junior Varsity by a 71-69 score. The durable combination of Davenport, Leverage, Burch, Woolston, and Perotti mark-ed the spirited drive of the Sho'men . John Leverage once again was the pace setter with 20 tallies while the spirited drives of Chick Perotti and Don Davenport netted the cagers 13 and 12 points respectively. Center Ed Burch at 6-7 hit for 8 tallies and rebounded snperbly, Frosh Tot Woelston also played flawlessly and netted 10 counters. Lee Willenbacher and Heward Portney closed out the scoring for the Junior Varsity with 6 and 2 points respectively.

Coaches Corner

Coach Athey would like to thank the student body for their interest and support of the basketball team. The enthusiastic cheering from the stands does more than anything else to pick up a team that may be faltering.

Mount St. Mary's College will oppose the She'men in both soccer and cress-country at Homecoming next fall.

Hofstra College, an annual op-ponent in lacrosse, will be met in baseball this spring and in both soccer and basketball next year.

Lebanon Valley College will re-place West Chester on the Sho'men basketball schedule next season and the University of Delaware will be met in Chestertown on December 13, 1958.

The lacrosse team will oppose the University of Maryland in a practice game on March 15 at College Park,

Runners Attend Track Meet

Last Saturday, several members of the Washnigton College track team journeyed to Baltimore to compete in the 5th Regiment Armery Indoor Track Meet Armery Indoor Track Meet. This meet consisted of some of the best collegiate teams on the Atlantic Coast. The Sho'men had only limited time to practice and thus weren't able to do as well as some of the other teams which have been working out since fall.

The only race in which the team entered was the sprint-medley relay. The Sho'men finished fourth as Mount Saint Mary's, Towsen State Teachers, and Catholic Uni-versity finished ahead of them.

WEDNESDAY, JAN. 15, 1958

Hoopsters Tackle Baltimore U. Tonight

Baltimore University is winless in the Mason-Dixon Conference. They are coached by Buddy Jearette, form-state Teachers, and Catholic University finished ahead of them. The members of the team that ran were Bob Emery in the 440, Mark Diashyn and Jsy Cuccia in the 220, and Mickey DiMaggio in the 880.

Baltimore University is winless in the Mason-Dixon Conference. They are coached by Buddy Jearette, form-strip coach of the Baltimore Bullets. The team has lost all five of last last years starters. There leading scorers are; Reisigo, Cushner, and Franz. They have been defeated by such teams as Catholic University, Mount St. Mary's, Lynch-burg, and Loyola. Washington College split with them last year.

Stotel PB-16

One night during the 1944 basketball campaign here at Washington College, the Sho'men played Loyola of Baltimore. They won that night, but from 1944 to last Saturday night, the Maroen and Black did not win a game from the high flying Greyheunds. Finally, after fourteen years, the boys did it.

It was a close game most of the way. Loyola drew first blood and went into a short lead until midway in the first half, the Sho'men caught up and led by halftime, 28-23.

In the second half, the Sho'men kept in the lead for ten minutes, but the Grayhounds came back and but the Graymans came acts and tied it at 40. Then, led by Bob Brown, the Sho'men pulled into a short lead and won, 53-47. The Greyhounds tried working the ball faster in the closing minutes, but ceuld not make shots count as the Sho'men scored last before the final buzzer.

final buzzer.

Beb Brown led both teams in scoring with 18. Marty Sweeney was second with 11, and the high for Loyola was Heagney with 11. This win sets the Sho' record in the Mason-Dixon Conference at 2 the Masen-Dixon Conterence at wins and as many losses, having lost to American U. in the opener and Mt. St. Mary's last week. The other win was a big 106-83 over Western Maryland on Jan. 10. Beb Brown sunk 25 for this year's Sho' high, and Marty Sweeney collected 23. Bob Bragg and Freeman Sharp also hit for double figures with 14 and 13 respectively.

Some bench help looking good in both games was freshman Lee Wellenbacher. He has a powerful jump from way ont and demon-strated it to the fans Saturday night. Newcomer to the first string, Freshman Sharp also shows good play and quick thinking in a tight moment.

Two Teams Undefeated In Iml. Play

With the basketball season not yet halfway over all but two teams have dropped from the unbeaten ranks. Middle Hall and the 69ers are both sporting 5-0 records but they will square off Thursday night to decide who grabs the loop lead. The Lambda Chis were riding on a 3-0 record until dnmped by the inspired Phi Sigma Kappa quintet, but then came back strongly to but then came back strongly to deal Kappa Alpha her first loss 41-37. Middle Hall, The 69ers, Lambda Chi, Kappa Alpha, Phi Sig, and The All Stars are holding down the first six pesitions re-spectively, and if they remain in the upper six will be eligible for competing in the finals.

Standing Might Change However, the teams in the bettom half of the league cannot be counted ent because the season is still young. Also with such stars as Ronnie Doub, who holds this seasons best single game point record, ene can look for some reshuffling in the standings. Doub threw in 26 points in the Strafs game and has a total of 64 points ever a four game span. Other star heopsters are Jack Mesger who has dropped in 70 points in five games and Gus Skordas who has hit a total of 66 points in as many encounters. The Kappa Alpha team holds the team record for points in a single game with a total of 105 points rolled up against their own "C"

Since there is a fair number of games remaining only time will tell how the teams will finish the season. The top six teams in the league seem fairly well matched as do the teams in the second division. Much mere good basketball remains to be played before the loop championship will be decided.

Alpha Chi's Down AOP In Hoop Tilt

The first girls' basketball game of this season was played on Monday, January 13. Alpha Chi Omega defeated Alpha Omicron Pi by a score of 27 to 19. Betty Warren and Marty Jewett were high seasons for each description. high scorers for each team, re-

spectively.

Games will be played on Mondays, Wednesdays, and Thursdays at 3:30 p. m. in Cain Gym. Six teams will participate in the league this year; three sorority teams, two freshmen teams, and an independent team.

Another interesting sport

been added for the girls of Washington College. Smash, a combination of ping-pong and tennis may be played downstairs on the court in Cain Gym. Rules are available in Miss Bell's office.

Reports

The new meal tickets which were handed out last week are the result of a Student Council committee's efforts to devise a card which would not deteriorate after several punchings. With the punching area being located around the edge, it is hoped that the body of the card will not have a tendency to fall apart as the old style cards so often did.

One of the perennial com-plaints eround the campus finds its origins in the present system of cuts. Aon Mathews has been appointed the head of a new committee to study our present system, to inquire about system, tems at other colleges end uni-versities, and to draw up recomversities, and to draw up recommendations which she and the committee deem appropriate. The committee chairman will submit a progress report to the Council this week.

On Thursday, January 23rd, the Student Council will take charge of the 11:15 assembly. The Council will atempt to present somewhat of a summary of what it has concernitself with this semester, and what it is working on for the second semester. The assembly is of special significance to the fresh-men since it will, in part, deal with the coming freshman class elections for both class officers and class representatives to the Student Conneil.

One word of caution! With the end of the semester repidly eppreaching, greet numbers of term papers, bock reports, etc., are coming due. EVERY STUDENT OWES IT TO HIMSELF TO TAKE PARTICULAR CARE TO DO NOTHING IN THE FRAMEWORK OF HIS PAPERS WHICH CAN BE CALLED "PLAGIARISM". Plagisariam is one of the most serious offenses that a college student concemnit. Everyone, particularly freshmen who may not be familiar with the regulations governing footnotes, bibliography, etc., should not hesitate to cosult the college publication dealing with the specifications which written work must meet to be ecceptable. FRAMEWORK OF HIS PAPERS

Exams begin on Monday,

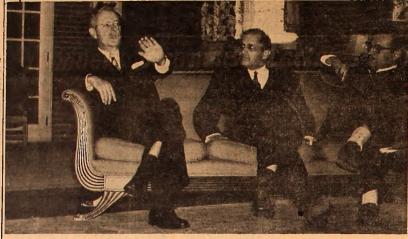

Second semester begins on Monday, Feb. 10.

News In Brief

President Delivers State-of-the-

Union Message
On January 9 President Eisenhower presented to a joint session of Congress an eight-point pro-grom to deal with atomic missile war, economic "cold war," and the service war within the Pentagon. The President called for a balanced program of military strength, and foreign economic aid and trade.

The President insistd that the

United States is militarily strong today, and the greatest deterent to war in the world is the retalitory power of the Strategic Air Command and the Navy. He said our real problen is not our present strength, but the need of action to insure our strength in the future,

insure our strength in the future.

The President stated that we must establish the foundations for gennine peace. He said that the United States must never become so preoccupied with military strength that it neglects economic development, trade, diplomacy, education, and the state of the cation and other ideas and principles which could lead to peace. Mr. Eisenhower further said that a mere matching of military power with the Soviet Union would only promise an age of terror for the future.

Mr. Eisenhower pointed out that the Soviet threat goes beyond its advances in missles and other advances in missles and other military developments and encom-passes trade, economic develop-ment, arts, science, education; "the whole world of ideas."

Eisenhower Reedy For Summit Conference

President Eisenhower told Soviet Premier Bulganin in a personal message that he was ready to at-tend the East-West summit con-ference on the condition that it is carefully prepared and shows promise of promoting world peace. Mr. Eisenhower also proposed a sweeping series of agreements at this "decisive moment in history" to renounce outer space warfare, abondon use of the veto in the United Nations over peaceful settlements of disputes, and call off nuclear weapons tests indefinitely under a program to stop making nuclear weapons.

The President rejected Premier Bulganin's recent call for a summit conference by early April. He also brushed aside as unnecessary or in-adequate half a dozen recent Bulganian proposals including an East-West nonagression pact, an agree-ment not to use force in the Middle East, and, the creation of a zone free of nuclear weapons in West Germany and Central Europe.

Johnson Sees U. S. Entering Rece For Space Missiles and outer space were the

dominant subjects at the opening of

the new session of Congress. Senator Johnson (D. Texas), the Senate majority leader, stated that nothing less than command of outer

space, which would mean total con-trol of the earth, is at stake. Senator Johnson also summed up the missiles investigation of the Prepardness Subcommittee, which he heads, and introduced other subcommittee members who also reviewed the work to date.

Atlas And Navaho Rockets

Launched

A 22-day silence at America's
missile test center at Cape Canaveral, Florida, was shattered when two intercontinental weapons, the Atlas and the Navaho, were fired

Atlas and the Navaho, were fired in rapid succession.

The Atlas rocket was fired first, it was followed four hours later by the Navaho. The Defense Department later soid they both preformed accurately over a limited

range.

The double firing was evidence of this country's increasing capa-bility to test-fire the weapons it is striving to bring into mass production for its operaional forces around the globe.

Tommy Eshman Bunting Library Heads Thetas Receives Grant

On January 13, the Theta Chi fraternity elected officers. They are: president - Tommy Eshman, vice-president - Bob Emory, secre-tary - Bob Moore, treasurer - Stan Bailey, and pledge marshall - Dave The G. A. Bunting Library received \$400 in a snb-grant from the Association of College and Research Libraries from funds granted to the Association by the U.S. Steel Foundation. The new officers term of office is for one year.

The money received here will be used to purchase basic work in the humanities and social sciences, particularly to support work in advanced courses.

A project is also under consideration for next year to adapt as an and the first year to anops as an upper-class study, or seminar room, the room in the Library basement formerly used by the Student Government Association. The books acquired from the U. S. Steel Foundation grant, probably sup-plemented by other books already in the Library's collection, would be shelved here.

The Washington College Library is one of 87 college libraries to receive sub-grants in this year's program of awards by the Associ-ation of College and Research Libraries of funds distributed for three major foundations. It is the second such grant the Library has received within a three-year period.

Did You Know!

Hynson-Ringgold Honse, where the president of Washington College now resides, was used as a British officers' club before the American Revolution.

Washington College, chartered in 1782, was the first college in Maryland to receive its charter.

Faculty Shows Literary Skill

Edgar P. Gwynn, assistant pro-fessor of biology at Washington College, is the anthor of an article that will appear in 1958 in Cytology, an international Englishlanguage journal published in Japan by Tokyo Christian Univer-

Sty.

His paper, titled "Cytological Studies in the Iridaceas," deals with a study of chromosome charwith a study of chromosome characteristics in some little-known members of the iris family from South Africa. There are around a thousand species of the iris family, ranging from the familiar garden varieties to those that are distantly related and relatively unknown. Mr. Gwynn's work is a step toward the collection of information that will provide a better understanding of the evolution of the family

AOPI's Raise Money Through Cake Sale

In order to help earn money to redecorate the sorority room, the pledges of AOPI held a bake sale on Saturday and Sunday afternoons, January 11th and 12th.

Saturday afternoon, with food donated by the patronesses of the sorority, the pledges set up a table of baked goods on High Street and sold to the townspeople.

Sunday afternoon, with head-quarters at Reid Hall, they sold cookies which they had made them-selves. In fact, it only took ten minutes to sell all twelve dozen cookies to the hungry girls of Reid

Formal Convocation Honors Washington's Birthday Low Mid-Year Indices Inflicted Serious Toll On Students

Forty-one students have not been permitted to return to W. C. this semester because of poor grades. This figure represents an alarmingly large percentage of first semester. enrollment and reflects a much stricter application of scholastic requirements by the administration. Suggested causes for this large percentage of flunk-outs offered have been many and varied, and all inconclusive. The following is a statement prepared by Dean of the College Joseph Doyle concerning the situation:

"The ELM has asked for a statement about the stu-dents who were required to withdraw earlier this mouth for academic deficiency. All of these students had failed to achieve the averages re-quired for promotion with their classes. Each case was reviewed on en individual basis by the Faculty Comon Admissions and mittee Standards.

"The Committee has the authority to extend permission to remain in college to deficient students in whose cases there appear to be imporlant extenuating circumstances. Io the past it has made rather generous exceptions of this kind. In the past semester it has studied the results of these exceptions and has concluded that for the most part they have not worked for the good of either the individuals con-cerned or for the College. It therefore made only one exception among those de-ficient in the three upper

"The Committee recogniz-os the status of being a first-semester freshman is in itself an extenuating circumstence of some impor-tance. It therefore applied the promotion rules leniently to the freshman class. It reviewed freshman records with particular care, taking into account high school performance, College Board scares, Washington College aptitude and achievement aprilude and achievement test results, and faculty es-timates, as well as firsttimates, as well as first-semester college grades. It required the withdrawal only of those students whose comoffer little hope that they could ultimately graduate from Washington College."

Wins Scholarship

The PanHellenic book scholarship has been awarded this year to Nancy Robinson. The thirty-five dollar scholarship is awarded annually to a freshman girl to pay for her second semester books

The girls applying for the scholarship are judged in the final decision on their indices with the scholarship granted to the girl with the highest index.

Nancy, outside of receiving the highest index of all the applicants, has a working scholarship in the dining hall and is also a pledge to Alpha Cmicron Pi.

In the past three years the scholarship was awarded to Kathleen Brackett, Toni Stallone, and last year to Nancy Merker.

Miller Named **Sports Chief**

In this issue of the ELM, a new name will appear opposite the position of Sports Editor...that of Bill Miller. Bill will replace Tom Short who is practice teaching English at Galena High....

Bill Miller

Bill has written for the ELM for the past year and has been a close follower of Sho'men teams. From Gamone men teams, rrom Gam-brills, Maryland, Mill was a three letter man at Arun-del High. In his freshman year at Washington College he was on the soccer team, He continued with the soc-cer team in his sophomore year and managed the lacrosse team.

Bill's other activities include heing rush chairman of his frat-ernity, Lambda Chi Alpha and heading the sports department of the Alumni Bulletin.

KA's Set Dance For March 8th

The annual Sweetheart Dance will be given by Kappa Alpha on Saturday evening, March 8 in Cain Gynmasium. Making his second appearance on campus of this school year, will be Lee Paige and his orchestra to furnish music for the occasion. Dress for the dance will be optional.

The high point of the evening will be the naming of the KA Rose. Candidates for the Rose selection must be either pinned, engaged or married to a fraternity brother. The merits taken into consideration for the nomination are personality, of the McCready,

Dean's List

During the first semester of 1957, 11 students indices rated nomination to the Dean's list. These include:

2.769
3.000
2.812
2.750
123
2.888
2.800
2.571
2.500
2.785
2.705
2.625
A.O.P.

heads the list with an index of 1.669. Following them are the Alpha Chis with their index of 1.284, and the Zetas with an index of 1.096. This gives the sororities a sum total of 1.297 and the nonsorority members a total of 1.024.

Heading the list of Fraternities are the Phi Sigs whose index is 1.403. Second and third respectively are the KAs with an index of 1.240 and Theta Chi has an index of 1.156. Lambda Chi Alpha had an indax of 1.132. The total of the fraternities index is 1.222 and of the non-fraternity members .685.

The total index for the following

Seniors	1.486
Men	
Women	1.892
Juniors	1.202
Women	1.402
Men	1.126
Sophomores	1.038
Women	1.233
Men	903
Freshmen	.579
Women	.778
Men	446
1 - Land 1 - 1 - 1 - 1 - 1 - 1 - 1 - 1 - 1 - 1	7756

This gives the entire college an dex of .997. Total for women being 1.164 and for men .908.

Funkey Heads Art Club

The Washington College Art The Washington College Art Club elected new officers at its January 21st meeting. Elected were Anne Funkey, president; Binnie Borhage, vice-president; and Debbie Sherin, secretary-treasurer. The newly elected officers will retain their office for the term of one year.

Mr West the club advisor, last

the term of one year.

Mr. West, the club advisor, last month showed colored slides in Minta Martin TV room to the student body and interested persons. The slides were of paintings by Mexican artists and were obtained from the Philadelphia Art Center. The Art Club is now in process of planning a creain process of planning a creative exhibition for the college beauty, charm and loyalty to the in the late spring. The exhibition fraternity. Last years selection will consist of contributions by the club's members and will be McCready.

Washington College will celebrate George Washington's Birthday with a special convocation on Friday, February 21, 1958 for the entire student body and guests. Included in the ceremonies will be a formal procession of the faculty in academic gowns. Washington College is the only school in the nation that had Washington's express consent to the use of his name.

Mr. DeConde

Largest Edition Ever

This edition of the ELM is the largest one ever to be published, according to all available sources. Before this, the edition the largest edition was six pages.

As with everything else, the recent storm also had its effect on the ELM. A stranded photographer and reporters made this edition e couple days late.

Mr. Alexander DeConde Mr. Alexander Decone-will present the main part of the program with a telk entitled "President Washing-ton and the Foundations of our Foreign Policy."

Mr. DeConde, presently an associate professor of history at the University of Michigan, previously served on the faculties of Stanford University, Whittier (Calif.) Col-

lege, and Duke University.

He has written several books on American foreign policy inchuding: Herbert Hoover's Latin American Policy (for which he was co-winner of the American History Award) published in 1951;Entangling Alliance: Politics and Diplomacy Under George Washington which will be published this spring; and many es-says and phamplets on Ameri-

can history and foreign policy.

During World War II, he served with distinction in the Pacific with distinction in the Pacific Theatre earning the Victory Medal. After the war, he served with the Office of Naval History in Washington, D. C.

Mr. DeConde is a member of Delta Sigma Phi, Phi Alpha Theta (national honorary fraternity history), the American Historical Association, and the American As-

Association, and the American Association of University Professors.

Dr. and Mrs. Gibson entertained at dinner in his honor last night and were due to entertain today at a luncheon at the Hynson-Ringgold House.

Professors Join Faculty

Two new members joined the Washington College faculty at the beginning of the second semester of the 1957-58 school term. They are Mr. Bernard Pierre Lebeau, who will teach French and elementary German, and Mr. William V. Grimes, who will teach philosophy.

Dr. Harter

A native of Newport News, Virginia, Mr. Grimes received his Bachelor of Arts degree, in 1949, and his Master of Arts degree, in 1950, from the University of North Carolina. He received another M. A. from Harvard in 1954, and he is working toward his Ph. D. from Harvard, which he hopes to receive next year. He has taught at Harvard, Tufts University, Northeastern University, and Massachusetts Institute of Technology He comments: Washington College is a school with a forward look. I am impressed with the student I am impressed with the student body and the progress being made." He says that Washington College is a "small liberal arts school with high standards. I feel that this is what this country needs."

Mr. Lebean, a native of Paris, France, received his Bachelor of Arts degree from Ohio University in 1955, and his Master of Arts degree from Ohio State University in 1957. He taught at Ohio University for two years, at Ohio State for two years, and at Antioch College for one summer. In addition to teaching French and German, he will be working with the new ne will be working with the new language laboratory. Mr. Lebeau is married, and he is the father of one child. He comments: "I am very happy to be here. I prefer to teach in a small college rather than a large university, because of the closer contacts both with the students and the faculty."

Editorially Speaking

Let's See The Other Side

The rift between the students and administration is one of the favorite topics of discussion on campus. One would be entirely unrealistic if he denied that this dissension existed. But perhaps the time has come for all would be entirely unrealistic if he denied that this dissension existed. But perhaps the time has come for all
parties concerned to analyze the reasons for this rift and
then work toward amending it. There is seldom one
party solely responsible for a bad situation and this is
especially true in this case. Yet the tendency seems to
be for both parties to immediately blame the other without careful thought and with great emotional outburst.

I feel that the recent incident of cheating on exams

l feel that the recent incident of cheating on exams is a good example of this. Some students were cheating, thus committing a childish, immoral act. The administration retaliated with what has been condemned as immature, high school tactics. It has been accused of incompetency in controlling the student body and its actions have even led to cries of "quit, you have failed." But, wouldn't a careful non-partisan examination of the situwouldn't a careful non-partisan examination of the situation bring us to other conclusions? If the students who cheat are acting like children, mustn't they be handled like them? The non-cheaters, who are in the vast majority, should not seriously object to this supervision for it is not meant to insult you, but rather to protect you. The fact that cheating exists is also no reason to blame the administration. One's values are learned early in life and affected greatly by the home. How can people who do not meet you until approximately your 19th year, and then for just a few hours a day, seriously affect these values? Cheating is a fault within oneself and not due to any outsider. to any outsider.

There are dozens of other incidents which are similar to this in that one side or the other automatically con-demns the other. The atmosphere at school would great-ly improve if we substituted this automatic reaction for ly improve if we substituted this automatic reaction for a little brain work. This does not mean we should all become pacifists but rather conscientous fighters. If there is a cause—then fight, but first make sure you're fighting for something worthwhile. It is fairly obvious that if a person complains only occasionally and points out intelligent reasons for his complaint, he is more likely to get consideration and results than is the chronic complaints. Penhase a little the walt at the chicket. plainer. Perhaps a little thought on the subject will reveal that there is really no opposition, and then all will have gained in the end.

Judiciary Reform Commended

It wasn't long ago that the judiciary system of Washington College was the object of attack in this column. Now, with equal vigor, we must praise it—FOR THE SITUATION HAS CHANGED. Those who were a part

SITUATION HAS CHANGED. Those who were a part of the last judiciary trial which took place a little over a month ago, will testify to this I'm sure.

This trial had as its chairman, Dr. Gibson. Beside being a brilliant chairman technically, Dr. Gibson's presence removed a big objection to the old judiciary system—review with proper knowledge. Now if a situation requiring presidential review ever arises in the future as it did in the past, the president will go by the facts HE has beard at the trial and not by another's retelling and interpretation.

interpretation.

Another big advance is the formation of a committee to study and revise the penalties for academic offenses. This committee, composed of two students and Dean Hill, will make recommendations to the judiciary board. At present the penalties for offenses are too limited and too strict to be of much use. It is hoped that this committee

strict to be of much use. It is hoped that this committee will present a workable system for more flexible penalties.

One can not say for certain but it would seem that the new attitude toward the judiciary may be a result of the prutests expressed by the student body. Protests, which for the most part, were well founded and contained beneficial suggestions. If so, then this is proof of what the students can accomplish if they handle it right, and the sympathetic, co-operative attitude the administration will show toward them.

Letters to the Editor

THE ELM attempts to live to its motto, "Serving The Students Of Washington College." Far this reason, we not only encourage letters to the editor, but it is our policy to publish all the letters we policy to puous all the letters we receive — if they are printable. By printable, we mean containing decent language and of a non-libelous nature. This does not imply that we always agree with the contents of these letters. Editorial opinion is reserved for the editorial column on the left hand column of this page.

A Question Of Good

Dear Editor

May I call your attention to an item in the Elm (Janusry 15, 1958) which quotes me out of context — I am sure, inadvertently — in such a way as to accord a meaning to the words quoted directly opposite to the meaning intended? The item in question appears in a column headed "George and Me", and attributed to a Paige Kelly. I have searched our student roster for such a name, but find none; the only Paige Kelly I know is a young lady in junior high school,

igh school.

The column slightly misquoted me as asking in a meeting, "Just what good are fraternities and sororities on this campus?"—with the obvious implication. I believe that the meeting referred to was one in which the necidents of each which the presidents of each of the fraternities and sor-orities, and of I. F. C. and Pan-Hellenic, discussed with President Gibson and myself ways of increasing fraternity responsibility and of improving fraternities at Washington College. At that time, suggested to these presidents suggested to these presidents that each of them desired and saw the need for im-provement in their own or-ganizations. They agreed. Beyond that we discussed the relationship of student organizations - specifcally, of fraternities and sororitiesto the sheltering institution. It was affirmed that student organizations are granted the right of existence on any college campus only insofar as their aims and ideals and activities contribute to the realization of the funda-mental aims of the institu-tion. (This is a thesis very clearly affirmed by the na-tional chapters of all the fraternal groups on our campus.) At that point, I suggested to the presidents assembled that each one must hold his own organization continually under scrutiny — that he must frequently ask himself "Just what good is my fraternity doing on this campus?"

You may be assured that I will ontinue to aid the fraternities and sororities in any way I car to strengthen and improve their organizations for the mutual benefit of the fraternities and of Washington College.

Albert S. Hill Dean of Students

High School Tactics?

Dear Editor:

On January 28th, the faculty of the college received a mem-orandum from the president of

there has been an unusually high percentage of cheating on final examinations by students at the college. Though early in the exam college. Though early in the exam week, the president somehow came up with the fact that one quarter (25%) of the students are cheating. Much of this evidence seems to have been sup-plied by six students who volunteered information to several of the instructors. (And no one can hold this against those who do so) The memorandum went on

to stress various means of combatting the great wave of cheating. Among the measures were constant patrolaminations, the separation of students, the breaking up of groups of students, secret marking of bluebooks so that students could not substitute those that they had brought with them (marking with pin-points was mentioned at this juncture), and other means such as constant awareness on the part of the person

administering the exam.
I think, and feel that the student body will think, that the business has gone far enough. I resent this narrow-minded, unfounded suspicion. After all one would think that the student body should at least be near to some degree of maturity and should not be classed as being in should not be closed us being in the junior high school stage. If the faculty and the administra-tion has such a low opinion of the students, then the doors of the college should be closed forthwith and the college should re-vert to elementary instruction or just plain go out of business To say that one-quarter of the student body cheats on exams is a grave accusation and it indi-cates that there is something drastically inadequate with the instruction at the college. I do not believe this charge. It is preposterious and ill-advised and merely points to the fact that the college administration is need of revamping. It is not the job of the president to, through his various talents, add to the well being of the college. Should he spend time in his office accepted the college of the college. cusing the student hody of dishonesty?

I certainly do not want to sit down to a test only to ba harassed and spied upon and be put under constant surveillance. I, and most other students, would not think of cheating, but by the same token, we resent the pressing suspicion of narrow minds. I think that narrow minds. I think that the faculty or administration might even charge a student with plagarism if he hap-pened to recall vividly and write on his examination a complete sentence from

text without properly quoting and foot-noting.

This circumstance points out the need for action. I should think that the student body as a whole would take the president's memorandum as a deep insult and would attempt to rem-edy matters,

Previously t was against the honor system, but now I feel that academically it would be a great improvement. No one wants to be treated as a small child and l am certain that the student body should not be trested as children. Let us get rid of the foot pad, the secret test marker, the inherently suspicious and have some degree of respect from the faculty and administration, for without such respect the college might as well close

college might es well close shop and call it a very poor job badly executed.

This is a very deep insult and should not be taken lightly be the students for it is an indication of the attitude of the faculty members who teach you. Tachity memoers who teach you. They do not trust you. And if they do not trust you, how in the world can you have any faith in them? If all they are concerned about is whether or not you cheat, can they he ex-pected to be of any value? Darn right they cannot. The only value they have is their own value a small, narrow-minded value which is worthwhile only as far us their own grades are concerned. And I know that there is not a student who would not rather be a human being than a student.

Imagine an instructor removing his shoes in order that he can pad about the emaxination room and look emaxination room and look over shoulders without be-ing heard. Don't you think that there is something basically wrong with him? I certainly do. He is not a teacher, he is a spy, and a rather childish one at that. I think that we have taken you appunt of guff from the

arge amount of guff from the faculty and the administration and it is time to have a word listened to from the ever so negative side. Tell them to stop the nonsense and grow up and face life. No matter how they would like to raise their own children, no matter how ad-vanced the children are, they are not up to Washington College levels.

The Chosen Ten

W. C. Book Store

Dear Editor:

College, Washington steeped high in the traditions of democracy, the American Revolution, and the colonial spirit, has always been close to the heart of our nation and the traditions we hold so dear.

And yet the administration of the college seems to allow and sanction in one of its administrative phrases, a branch which infringes upon student rights, is monopolis-tic and sometimes is even tic and sometimes is even dictatoriel. The branch of which I speak is the College Book Store. In most colleges the book store

as been an instrument of aid to the student body. At W. C. it works to the opposite effect. Students are made to keep a book which they can not use and will never be able to use because of schedule changes. These could easily be returned to the publisher or wholesaler without loss. This would take effort, and interest in the student welfare. Instead the student is made to bear the brunt of unneeded books, usually at five or six dollars each.

Students are also made to buy new editions which are almost totally similar to previous editions.

Why not have a more cooperative attitude on the point of the administration in this important link with the student body??

Anonymous.

What's The Truth?

Dear Editor:

This is just a thought for anyone who is interested. Wouldn't housemother be smarter if s watched her stories? Can't help thinking it's funny that someone Can't help wouldn't realize that conflicting statements in as small a school as Washington, are soon found out.

A Confused Co-ed

President's Corner

Princeton Sounds Off

". . . We are the generation of the third eye, the eye of self-consciousness, the eye of self-criticism The characteristic fear of our generation is our horror of finding uselves Indicrous . . ."

This startling statement has been made by one of seven Princeton who were invited by Princeton assistant professor Otto Butz to write anonymous, frank essays summarizing their ideas on especially provocative topics such as careers, marriage, religion, happiness, success, and the present generation. The essays, which are currently featured in the February 17th issue of LIFE MAGA-ZINE, are definitely challenging the widespread opinion that the American youth of today is silent and unable to speak intelligibly or expressively. These seven seniors are of varied backgrounds and points of view, and they have com-mented freely on their lives and desires for the future.

The ELM feels that these com-ments will be of interest to Washngton College students, not only because they alone are throught provoking, but because they will give our students a chance to hear the feelings and ideas of their contemporaries, and an opportunity to compare their own ideas, similar or dissimilar, with those of the Princeton students.

Following are a few quotes taken from the essays.

ON RELIGION: " the only religion that really appeals to me is one that has been called the GI religion. You simply walk into a dark room, sit, stand, or kneel — as you prefer, and worship your own God (or whatever you choose to call Him) . . . Yet I some-times wish that I could have faith in a simple, standard religion."

... I find it difficult to conceive of an omnipotent, all-good, fatherlike diety. Such a diety wouldn't permit the pain and suffering that exists . . . I prefer to believe in no god at all rather than in this kind of a god. . . "

ON CAREERS: " shall probably end up by go-ing into business or law. shall probably ond up by going into business or law.
What I know for certain is
that the vocation I finally
end up in will be one whare
I am my own boss . . . I
would feel most challenged
and could use my philosophy of getting ahead in the
world with the least possible outside interference."
If am now confidently lookif

"I am now confidently looking forward to entering the world of big business. . it offers both the greatest and most exciting chal-lenge as well as the richest re-Wards by way of money, prestige and general self-satisfaction.'

nd general self-satisfaction.'
... I'm ambitious in that
I want respect for the work
that I do... But I'm a coward when it comes to taking
a chance... What I want is
a stable order of things in
which I can work without exposing myself to ruin."
If any readers wish to discuss or
omment, uron this article or its

comment upon this article or its subject matter, the ELM will be happy to print their viewpoint.

Spotlight On A Senior

Brackett and Dundore make Who's Who

By Judy McCready

Two seniors who have recent-been elected to the list of Who's Who in American Col-'Whe's leges and Universities", Harry Dundore and Kathleen Brackett, share the "Senior Spotlight" in this issue. Harry became a mem-ber of Lambda Chi Alpha during his freshman year and serv-as the fraternity's treasurer during his senior year. As a sopho-more, Harry joined the Young Republicans Club. A member the Newnam Club, Harry filled the office of secretary-treas-nrer last year and was the president of the religious organipresident of the religious organization. During his junior year His main activity this year is the editing of the yearbook. Horry plans to marry senior Leslie Hoffman in June. Following their marriage, Harry will enter the six worth warm. Pears the six month Army Reserve Program. After fulfilling his service obligation, his career will lie in the precision metal fab-

rication industry.

Kakie Brackett joined

Zeta Tau Alpha Sprovity in her freshman year and has since been both its rush chairman and its secretary. During her four years she has been very active in sports. As a freshman Kakie was named to the varsity teams in both hockey and basketball and won the point award for her athletic excelleuce. Kakie has continued to play hockey and basketball and has always succeeded in

making the varsity team. The class offices which Kakie nas held include vice-president in her freshman year, and treasin her freshman year, and treas-urer in her sophomore year. Both The Pegasus and The Elm have claimed Kakie's services throughout her four years here. Lost year Kakie was responsible for the girls' sports column in The Elm and was the girls' sports editor of The Pegasus. This year Kakie retains her column in The Elm, besides filling the capacity of senior editor of the yearbook. Kakie's academic achieve-ments were responsible for her ments were responsible for her becoming a member of Sigma Sigma Omicron, the honorary fraternity of which she is now vice-president. After her gradua-tion in June, Kakle hopes to utilize her psychology major by working for the welfare depart

ment of Baltimore city.

To both Kakie and Harry are extended wishes for their future success and happiness.

As I See It .. Fun While You Work

By Anna Lucy Allspach Students who would like to spend their summers working, studying, or traveling abroad will be interested in two communications which have renched the editor of this paper which list opportunities for summer

placement in this country and many places all over the world. The first of these is "The The first of these is "The 1958 Summer Placement Directory" which advocates vacation with a profit for teachers, college students and professors and is a publication of the Advancement and Placement Institute. and Placement Institute.

Job opportunities in twenty foreign countries and all forty-eight states are available including employment at dude ranches, national parks, steamship lines, gov-ernment positions, travel tour agencies, work camps, service projects, summer camps, theatres, resorts, and study awards all over the world. There is a special section for students who wish to use summer jobs as trainee programs for future careers, Copies of this pub-lication may be secured from the Advancement and Placement Institute, Box Placement Institute, Box 94G, Greenpoint Station, Brooklyn 22, N. Y., for \$2

a copy.

a copy.

The second publication is titled "Work, Study, Travel Abroad" and is put out by Educational Travel, Inc., a division of the U. S. National Student Association to advise and inform students contemplating foreign travel. Under the section on work, opportunities similar to those in "The 1958 Summer Placement Directory" are men-tioned. The travel section shows how to select a tour or plan independent travel showing the advantages and disadvantages and lists the national tourist bureaus in various countries. There are discussions of clothing, good bnys, food, transportation, currency, luggage, etc. The study section of the book concerns foreign scholarships, summer sessions, seminars, and American colleges abroad. In addition there are sections devoted to there are sections devoted to special festivals and celebrations which will be held throughout the summer and a further list of books which will give information about foreign travel. This book can be secured from the editor or from USNSA, Educa-tional Travel, Inc., 701 Seventh Ave., New York, 36, N. Y.

Education For Democracy vs. Democratic Education

by President Daniel Z. Gibson

In the controversy over American vs. Russian education, one element in the American system needs sharp and unsentimental analysis: namely, the belief that education for democracy is the same thing as democratic education. Education for democracy, as I understand it, means that our educational institutions should devote themselves to the production of the maximum number of citizens who know enough of the past to be able intelligently to evaluate present issues, whose minds are trained enough to discriminate the true from the half-true, whose ideas are created and fortified by great literature, philosophy, and religion—in short, who are intellectually and emotionally able to assume the full responsibility of a citizen in a democratic culture. a democratic culture.

Wac Veteran Enrolls At W. C.

Mrs. Melba Cunningham Duke, a well-traveled Texan, can be found this semester on the Washington College campus. Mrs. Duke has traveled most of her life since her father was an Army officer, now one year retired, and since she has just completed fifteen years in the WACS. Her Army family, her career, and her marriage to an Army officer, took Mrs. Dake most of the way around the world, in-cluding the Orient, Panama, France, Switzerland, and Germany

Mrs. Melba Cunningham Duke

Her career consisted of two tours with the WACS, the first one ending in 1946. From 1946 to 1954 she worked in advertising for radio and television in New York City. Mrs. Duke returned for another tour in the WACS in 1954. She has worked as the officer-in-charge of the largest Army newspaper located in Heidelberg, Germany. Before her return November 11, she also worked as Education officer in Europe and claims that the schools in the United States are as good, if not better than the European schools.

This interesting student chose our college because she wanted college with a small student body and one which was situated in a small town close to a metropolis. The co-education factor also played a large part in Mrs. Duke's choice

Mrs. Duke hopes to be an English major and to use it in her writing. She has found a warm reception among the students at Washington College and is very happy here

Democratic education, on the other hand, appears to confuse social democracy confuse social democracy with a kind of intellectual democracy. Social democracy democracy. Social democracy we all believe in. But there is no such thing as intellectual democracy. Socially and legally Senator Eastland is equal to Senator Fulbright. Intellectually he is a comparative bush-leaguer. Certainly schools should teach social democracy, or rather should provide the social conditions and encouragement to make it prevail.

encouragement to make it prevail But for them, in the name of social democracy, to depress their intellectual standards to a dead level of the average or mediocre is dangerous confusion of objectives. If our democratic system survives, it will survive because it is inspired and led by our best and best-educated brains, not because of the omni-potence of the Gallup Poll. This is the challenge facing every college and every college student today.

Queen's Quips

by Emmy and Joanie

Sitting here looking thru the frosted window panes at the snow being blow into gigantic drifts, we feel less reluctant than usual to sit in a warm dorm working to meet a deadline. At least, the dorm would be warm if the windows didn't leak and the radiators functioned properly. But we're functioned properly. But we're wearing our mufflers and earmuffs, so on to the latest hot flashes.

Have you noticed that we have a new mystery man on campus this semester? Act-ually, Shelley Goodman is not new to Washington College, but to a lot of the students he is. And, according to the grapevine, many of the fair-er sex would like to know

more about him. Another new man on campushut no mystery—is a transfer from Hofstra. The only thing we can't find out about him is his name. But we're here to testify that his twenty-eight years and one and a half children.

Since the end of the first semester, there have been quite a few "hardies." Two carloads of W. C. students were reprimanded by the law for carrying on conversa-tion thru car windows while ton thru car windows while traveling on the Jersey Turn-pike. (I'm sorry) officer!) Jim Pickett managed to hitch-hike to New Orleans, while the three Bobs — Shockley, Bellsley and Gillespie — went to Cuba. A nite of hilarity in to Cuba. A nite of hilarity in Minta Martin produced among other things, a mock wake of an effigy - we wan-der of whom. Then there der of whom. Then there were the unknown persons who chained a dead calf to the railing outside of Bill Smith. And last, but certain not least, is the fresh (Continued on Page 5)

FRIDAY, FEBRUARY 21, 1958

Spring Sports Preview

Thinglads Seen As Improving

The snow and freezing conditions of the past weeks do not seem to have lessened the W. C. track tank's the conditions of not seem to have lessened the W. C. track team's desire to get back to the 'cinders'. A large majority of last year's team is back; hoping for a really great season. Potentially, this team should be one of the toughest track teams that we have seen in several years. As soon as the snow clears, practice will begin crears, practice will begin with many new faces making an appearance. New men will be: Paul Carter, Harrison Pace, Bob Pettyjohn, Dick Skinner, Butch Brown, Bob Emerson, Paul Hunt, and Walt Coleman. These men will make worthwhile additions to the team.

Back this season with re-newed vigor are: Mark Diashyn, 440 and 100 yards, broad jump, and hurdles; Bob Emory, 440 yards and Jay Cuccia, 440 and 100 yerd dash; Alex Fountain, broad jump; Bob Eissele, running hurdles; Tom Crouse, broad jump and half mile; Ollie Robinson, hurdles; Ollie Robinson, hurdles; Charlie "Bean" Mills, 100 yard dash; Ben Tamimi, field events.

Joe Thompson and Jim Pickett who have had all winter to catch their breath, are shooting for first place in those long one and two mile runs, respectively. Mickie DiMaggio may lend a leg in this department if he can shake away from lacrosse long enough. "Pickett" will be showing Paul Carter the "ins and outs" or rather, the "ups and downs" of pole vaulting. Veteran Tom Woodward should also be an important man with his

Coach Chatellier is hoping to make many hurdling events this year with strong support from Mark Diashyn, Bob Eissele, Bob Emerson, Ollie Robinson and Butch Brown. Robinson and Butch Brown. Terry Cumiskey and Bayne Norris are out this year to prove that they can stick with the best of them as runners. With all this talent we can expect big things from W. C.'s track team.

Sho'men Snow Gain Over' 57

With a much improved ball club, the Sho'men have come up an improved record and have already doubled the win column as compared to last year's 4 and 15 record. Their present overall re-cord now stands at a very presentable 8 wins and 6 losses with a five and five mark in Mason-Dixon competition. With a little luck and a few more wins, they could end up in the top eight in the conference and earn a playoff spot. The playoffs will be held at the season's end at one of the top schools.

Five M-D Games Left
Six games remain on the
schedule with five M.-D. contests included; Loyole, at the end of the current schedule), Western Md., Mt. St.
Marys, Towson, and Catholic
U. all being played this week, followed by Dickinson next

Stickmen Begin Practice Sessions Practice Sessions

There is a general feeling of optimism prevailing on the campus as the Sho'men Lacrosse squad has started practicing for what should prove to be one of the most impressive seasons here at

Attackmen Chuck Buck and midfielder Mickey Dimaggio sign out equipment as lacrosse prac-

Last year Washington finished the season with a win over Drexel to boost their record to seven wins and four losses. Victories were gained over Ohio State, Hofstra, Delawere, Swerth-more, Loyola and the Alumni. The losses were at the hands of Navy, Mt. Washington, Beltimore and W. and Lee.

Strength In New Talent

Since losses through graduation were slight (Jerry Caparoso, Roy Pippen and John Kenny) and ten lettermen have returned, this season should prove to be even more successful than last years. Fine freshmen prospects who were looked over in fall practice by coach Kelly should also help greatly this year. Lee Currie - defense, from Severn; Tom Cleveland — attack, from Friends School; and Don Tyler - goal, from Charlotte Hall were all impressive in their workouts. Of great importance to team strength are the two service returnees, Mickey Dimaggio and Jack Jennings. Dimaggio should work smoothly with Seivold and Buck to constitute one of the most power-ful point getting combo's in lacrosse. "Buzzie" Brandenburg, ex-Navy player will add strength on the defense, as he combines speed and shiftiness in protecting goalie Herbie Moore.

At the conclusion of last year's season three Wash-ington College men received national lacrosse recognition. Joe Seivold was given a berth on the first team All-American at midfield. Jerry Caparoso made the All-South Caparoso made the All-South team as a defenseman. Charlie Buck, who threw in 28 goals, made honorable mention All-American. This year we should place even more men nationally with the talent we possess.

Other men who are back for "stick" action this year are: Tom Allen, Ron Dratch, Chick Mills, Bill Litsinger, Dick Callahan, Bill Bernstein, Charlie Stow and Pete

This year the sho'men will serimmage Maryland and Hopkins in their prepara-tion for the season's opener against the Naval Academy on March 29th. After the spring vacation the Lacrosse schedule will go into full

Kiblermen Begin

With spring just around the corner, the Washington College basehall team is beginning to work out the kinks under the watchful eye of Coach Kibler. This year's team is a mixture of seasoned veterans and newcomers.

Leading the returning let-rmen is "Moose" Mix, last termen is year's all Mason-Dixon Con-ference first baseman. Mix batted .380 in loop play and .325 over all.

Gns Skordas will return at short-Skordas teamed up with Barry Burns to provide a strong middle on defense last year. "Flea" who was Burns' under-Phillips, study, will probably take over the second base chores this season. Don Davenport alternated between third base and the outfield last year and is slated to do the same this year. Due to the graduation of Dick Lent and the transfer of Lee Hammond, Bob Bragg has been brought in from the outfield to take over the catching duties. The outfield has no regulars from last year's squad but Jim Hand, Larry year's squad but Jim Hand, Larry Symonda, Bill Neely, and Don Clausen were all with the team last year and they will vie for the outfield positions. Don Miller, a pitcher last year, will be in the outfield when he isn't pitching.

Last year's leading pitcher, Arnold Sten, heads a mound corps composed of Al Rayne, Roy Henderson, and Don Miller. Newcomers Lee Willenbacher, and Tot Woolston.

enbacher and Tot Woolston will also aid the pitching corps.
Don Roland, who was used

Don Roland, who was used sparingly last year, will alternate hetween the infield and the oufield as will Shelley Goodman. Good-man, returning after a year and a half's absence, was a regular sec-ond baseman and outfielder this John Leverage, an outfielder from the University of Delaware is inelligible this year but will be of help in the coming years

Holiday Recap

While most of the students were home on a ten day vacation, Coach Athey and Company were having quite a holiday of their own, all at the expense of other teams. They first traveled to Philadelphia to play a tough Upsala squad. The Sho' quintet, led by Dick Callahan, came away with a good 69 - 65 victory.

K. A.'s Clinch Iml. Crown

The Kappa Alpha "A" team The Rappa Alpha A team clinched the intramural basket-ball title last Thursday night by downing the All Stars. Although this game was the clincher, two nights earlier the title was actually decided by the contest between K.A. and Middle Hall. Going into the game, both teams had lost only one, and it was obvious that whoever won this one would take the title.

The first half proved to be holding a three point lead, 16-13. At the onset of the second half, the West Hell five scored 15 straight points to put the game out of the reach of the Middle Hallers. The final outcome was 50-29. For the winners, Don Clausen was high man with 17, Tom Short and Gus Skordas had 11 apiece, and Jack Meager had 9. Tommy Allen had 10 points for the losers.

Five Teams In Playoffs

With the playoffs less than one week away, there are five teams that have assured themselves of a playoff perth. The sixth place spot will be occupied by either the Sigs or th eAll Stars.

Skordas K.A. Star

Let's take the new champ-ions first. With field general Skordas backed by Clausen, Meager, Eiselle end Short scoring anud controlling the boards, they should be classed as favorites.

The 69er's lost several key players due to "scholastic difficulty," but picked up new players at the beginning of this semester. This team lacks height, but on a big court their speed should be a compensating factor. Don Roland, Bill Neely, and Terry Cumeskey, along with newcomer Eshmann along with newcomer Eshma have been outstanding players.

Tamini Sparks Foos Lambda Chi "A" has lost only two games this year; in one game, they were upset byp the Sigs and in the other they lost by one point to Mid-dle Hall. However, this team beat the title winners, K. A. With Ben Tamini, who has been a real sparkplug, leading them. The Foo's will be toubh.

Height personified is a term to describe Middle Hall. Most of the describe Middle Hall. Most of the players are over six feet. Clayt Collins, who is tough under the boards, Tommy Allen and freshmen Bill Jones have been stalwarts of the team. How much good their height will do on a big court residue to the soan. mains to be seen.

Coleman Sinks 50

Even though his team will not get into the playoffs, "Bevo" Coleman, who scored 50 points against the Foocy's for a season's record, de-serves special mention. He serves special mention. He came right back several weeks later and racked up 42 points against K. A. "C". Scott rebounding, this team Either the Sigs or the All Stars the sixth each will present a

in the sixth spot will present a scrappy team. However, both teams lack the balance of the other

(Continued in next column)

Next, they went over to Baltimore to visit Baltimore University at their Mt. Washington home. B. U. got Washington home. B. U. got off to a fast start over the sluggish Sho'men and led for the first few minutes, However, led by Callshan and Seivold, the Sho'men and Seivold, the Sho'men opened up and pulled into the lead at halftime. From there on it was the Sho'men's game as the Bees battled to within four points but never made it as the Sho'men won 64-60. A strong group of rooters hand from their holiday play, and gave the team good sup-

From B. U. the team traveled down to Gallandet in D. C. and came away with an easy 68 - 47 victory.

In the fourth and final holiday game, the Sho'men played host to Susquehanna played host to Susquehanna Collega from Selinsgrove, Pa. Bob Brown played his best game thus far and threw in 28 points for the Sho' cause. His effort led the Sho'men to a 78-70 non-conference win. This was also the fourth in a row for the high-flying Sho'men, the best effort in a few years. few years.

The week the second semester began, the Sho'men went down to Lynchburg, Virginia to battle the Hornets of Lynchburg College. Hurt by the loss of Marty Sweeney, the smooth freshman from Waterthe smooth freshman from Water-bury, Connecticnt, the Sho'men were a little slow and went into overtime to lose, 89 - 88. Joe Seivold also was absent from the lineup with a sprained ankle picked up in the Susquehanna game. Bob Brown played another tremendous game and bagged 38 for the Sho' cause. He also saved the game in regulation time with a shot at the buzzer to tie it np.

Last week the West Chester Teachers paid the Sho-men a visit and took home a 77-67 win. The teachers were very good and prevented the Sho'men late rally from taking effect. This rounded out the Sho' 8 and 6 record to present.

Golfers Begin Second Year

The W. C. golf team is getting ready for their second year of collegiate com-petition. Although the team did not have a very impressive record last year, they did have the opportunity to gain experience for this season.

At the beginning of this year, the college held a golf tournament in which those who played golf could participate. The match was a success with two boys shooting in the seventies.

Russell Will Coach

All the home matches will be played at the Chester River Yacht and Country Club. Harry Russell will again coach the team and thus far has eight prospective team members signed up. The first match of the season will be played at home on April 16, against American University.

Athlete's Feat

By Tom Short

Joe Seivold, senior and co-captain of this year's quintet, probably will not see any more basably will not see any more has-kethall action this year. He pull-ed the Achilles tendon in his right ankle during the Susquehannal game. The doctor says that the tendons have been pulled from the hone, and that they are pain-fully applying pressures on the fully applying pressure on the nerves in his foot. Seivold wore a cast for ten days to insure correct healing. The team is hard hit by the absence of this outstanding play-maker.

Of course reserves like Freemon Sharp and Roy Hendarson, who have now moved up into starting positions, have played well and have been largely responsible for the success of the feam since its casualities. Henderson has moved inside to help out with the rebounding, while Sharp is backcourt re-placing the ailing Seivold.

This writer, on behalf of the sports staff, wishes to express his sympathy to Flee Phillips who recently lost his father. Phillips is a sophomore this year, and he has been active in basketball and baseball since entering college. We wish him the best of luck as he continues to be active in ath-

This intramural basketball season is about over and it has been a success. There have been many outstending players in this year's program. There are not many ways for such players to be recogniz-ed, but this year I have attempted to choose an ALL STAR TEAM from those men who participated in this year's intremural program. To choose the most outstanding player of the league between Ralph Skordes and Bon Tamini is impossible. Thus these two men will have split the top honor. The ALL STAR TEAM is:

First Team

TEAM PLAYER

Lambdi Chi "A" Ben Tamini Ralph Skordas Kappa Alpha "A"
Tom Allen Middle Hall
Don Clausen Kappa Alpha "A"
Don Roland Don Roland

Second Team

Middle Hall Bill Collins Fred Boutchyard Kappa Alpha "B" Charlie Stow Lambdi Chi "A" Charlie Stow Lambdi Uni 1.

Amadd Sten Kappa Alpha "B"

Gasfers "Bevo" Coleman

There are many specialties in basketball. Some players are outbasketball. Some players are outstanding offensively, while others claim their fame because of their defensive ability. There are four categories in which a player may be outstanding. The two besides those two already mentioned are rebounding and individual spirit or moral. This year the Sho'men are fortunate to have a player who are fortunate to have a player who is outstanding in every depart-ment. Dick Callahan has served as a rebounder, a scorer, a de-fensive standout, and a moral leader. He is a consistant scorer, is usually assigned to one of the tonghest defensive chores, is a leading rebounder, and is looked to by many of his team-mates for the hustle and spirit that helps build team moral. This is an ATHLETE'S FEAT!

Snow Halts Loyola Duel

Due to the unusually heavy snowfall last weekend, the Sho'men were unable to journey to Evergreen in Baltimore to meet Loyola for their second meeting this season. The game will be played at a later date.

Freeman Sharp, pictured above, and rest of Sho'men squad received disappointment as Loyola game was cancelled.

The Greyhounds from Loy ola have met with a little bad luck this season and have lost some important games. One we certainly en-joyed was the one they lost here to the Sho'men in Jan-uary. They have come back since then however, to beat the Mt. St. Marys five soundly. Due to this fact, the Greyhounds would have ruled a slight edge over the undermanued Sho' squad squad Saturday night.

Be prepared for hospitality

Zetas Crush Alpha Chis

Alpha defeated Alpha Chi Omega by a score of 72 to 27, wining their third game of the season. One game remains for the Zetas to play, with the Independents, if they win this, they will hold the new basketball trophy for the year. The Zetas have held the trophy for the past three years and now retain permanent possession of one.

Natalie Wadkovsky, re-furning to W. C. after a year's leave of absence, scored 22 points, the high for the game, while Sally Ann Groome led the Alpha Chis with 11. Foul shots, which were rather infrequent, did not contribute much to the score. The final half of the game was a fast moving one with the Zetas scoring most of their points on running shots

Scoring for the Zetas was evenly distributed among the forwards with only an 8 point difference between the high and low score. Bea Clarke, who was only one point behind her teammate, Sally Groome, in scoring, has shown much improvement during the season, as has Zeta, Toni Stallone. Zeta Tau Alpha employed a zone guard while Alpha Chi Omega used a man to

Tennis Faces Difficulties

The tennis team is apre-hensively looking toward its on-coming season. There are some problems which the team faces. All students at W. C. know of the poor condition that the courts are in. This situation will be relieved in the future when the This situation will be relieved in the future when the courts planned for behind the gym became a reality. Another problem is the fact that four of the first six members of last year's team are no longer in college. To offset this condition, there are promising underclass me n who seem able to at least partially fill the gaps.

Wyatt Leaves
The tennis coach of last year, John Wyett, has moved from Chestertown and is unable to continue in this capacity. The search for a coach has been unauccessful.

Now a student coach has

Now a student coach has been suggested as a posibla

answer to this problem.

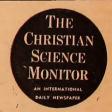

Certainly the team has its problems, but the Racket men are anxious to work out these problems to the best of their ability.

Girl's Basketball Season Underway

Girls' busketball is now in full swing with each team having played at least one game. Zeta Tau Alpha defeated Alpha Omicron Pi Alpha defeated Alpha Omicron Pi on Monday, Jan. 23, in the season's opener, by a score of 40 to 23. Leading the Zetas was Emily Brimer with 14 points, while Marty Jewett and Jackie Stewart each tallied 9 points for the AOPis. Wednesday, Jan. 22, saw the Independents wio over Alpha Chi Omega, 34 to 20. Sandy Mulford with 16 points and Bea Clarke with 12 points scored bigh for

points and Bea Clarke with 12 points scored high for the Independents and Alpha Chis, respectively. Emily Brimer once again sparked the Zetas to victory with 22 points, as they defeated the Freshman team, 43 to 22, on Thursday, Jan. 24.

Meanwhile, the Board of Managers has been meeting to discuss basketball eligibility rules. New regulations which will apply next year are being set up.

Outside Group Will Analyze College Business Operations

Within several weeks, representatives of a national organization will be coming to W. C. to give its business management an objective and intensive survey of the college plant. The representatives will live on the campus for a six-week period and will become intimately acquainted with the business functions of the college. At the end of this period they will present several reports on what improvements will make the college run more efficiently and at a lower cost. and at a lower cost.

The business management of out the college, under the direction of Mr. Frederick W. Dumschott, handles all the financial matters per-taining to tuition, fees, and dormitory rent. An organ-ization of this type is con-stantly concerned with the handling of money in the most practical ways it can,

This survey does not mean that the college is being run inefficiently, but little things are often over looked when you are in close contact with them for a long period of time which cause unnecessary expense. This survey is com-ing at the request of the col-lege to help the manage-ment check up on itsself.

Faculty Members Author Works

Editor's Note: In order to better ecquaint the student's with professional activities of the faculty, the ELM will present a series of erticles on faculty literary contributions. This issue's article on the History department will be followed by other reports concerning work by members of the verious deportments

The members of the Depart-ment of History and Political Science have recently written several books and papers for publication. Many of them are also current contributors of articles and reviews for various

Chi Sweetheart publications.

Early this year Dr. William M. Armstrong published a brook entitled E. L. Godkin and American Foreign Policy. The book is a critical biography of Edwin Godkin, the editor and critic who was an important political figure at the turn of the century.

ous satire.

Dr. Richard W. Reichard has the past written reviews World Affairs Quarterly and So-cial Studies. He is currently working on a book of the his-tory of Germany's Socialist Par-

tory of Germany's Socialist Party. It's title is to be The Quiet Citizens: A History of German Social Democracy, 1862-1914.

Mr. Vladimir Reisky-Dubnic has written an article on "Problems Of A European Federtion" which was published in the tion" which was published in the report of a United Nations Com-mission. Mr. Reisky Duhnic also wrote an article for The Feder-alist and did research for Hans Morgenthau's book, In Defense Of The National Interest. He has recently written papers on "Tito's Yugoslavia" for the Council on Foreign Relations.

Mr. Nathan Smith has frequently written book reviews for such publications as The World Affairs Quarterly. He is currently engaged in finishing his doc-toral dissertation for his Doctor of Philosophy degree.

Attention Seniors:

All seniors who have given any thought to going on for graduate work should take steps at once to select the steps at once to select the schools and programs in which they are interested. This is patricularly true of seniors who will wish to apply for assistantships of fellowships for financial reasons. The deadline for many of these appointments range from Feb-urory 15th to March 15th, It urery 15th to March 15th. It is consequently extremely important that any seniors who have not yet filed their ap-plications should do so phromptly.

A wide selection of releases from graduate schools, describing their programs and their offers of financial aid, is evailable in the Dean's Office. Cotalogues are available in the Registrar's Office. Seniors should consult these as soon as possible.

Joseph Dovle Dean of the Callege

Chi Sweetheart

On Saturday evening, February 15, Warren DeFrank was an-nounced as the new Alpha Chi Omega Sweetheart. Because War-ren was with his family in Con-necticut, Eleanor Sewell, Alpha Chi's new President, made the presentation to Dick Reilly.

Warren DeFrank

Warren, who succeeds Don Morway, is a member of Phi Sigma Kappa fraternity, treesurer of the Soph-

more class, and a member of the choir. In spite of a heavy snowfall, which kept some students and part of the band from Cain Gym, the dance was well attended. The Sweetheart theme was displayed by the decorations of Valentine's

Sororities Elect New Officers

Alpha Cbi Omega elected Eleanor Sewell president, Ellen Green first vice-president, Lynn Hawkins second vice-president, Nancy Mullikin corresponding sec-retary, Sally Ann Groome recording secretary, Anne Matthews treasurer, Mary Ellen Reinwall chaplain, Phyllis Burgess historian, and Bobba Norton warden. The officers that filled these positions last year were Ellen Green, Sue Elliot, Sally Ann Groome, Beat-rice Clarke, Nancy Mullikin, Rerice clarke, Nancy Mulikin, Re-gina Jerumanis, Phyllis Burgess, Kathy Rayne and Bobbn Norton, respectively. The sorority elected Kathy Rayne as rush chairman, Sally Brown as social chairman, and Barbara Holemead as "Lyre" editor and publicity chairman.

Zete Tan Alpha also held their elections and selected Jane Rayner president, A. Funkey vice president, Ellen Jo Sterling secretary, and Jane Snyder treasurer. These offices were filled respectively last year by Leslie Hoffman, Anna Lucy Allspach, Kakie Bracket and Ellen Jo Sterling. The other officers elected are Binnie Bonhage, rush chairman, who succeeds Jane Rayner, Bev Jones, historian, replacing Toni Stallone, and the Pan Hellenic delegates, and the Pan Hellen delegates, Toni Stallone and Joan Waldeck, follow Carol Christensen and Emmy Brimer. The committee chairman will be elected after the officers have been installed.

On February 17, 1958, the members of Alpha Omicron Pi held an election of officers for the

coming year. Jackie Stewart was unanimously re-elected to head the sorority. The of vice-president will again be filled by Judy McCready. This year, Judy will also hold the position of President of the Panhellenic Council.

Results of the election for other major officers in AOPi were: Re-cording Secretary, Joan Samuels: Corresponding Secretary, Sue Kemp; Treasurer, Jane Shurtleff; Rush Chairman, Betty Baird; and Panhellenic Representative, Marty

Campus Polio **Drive Succeeds**

A total of \$118,47 was collected by Alpha Chi Omega sorority for the March Of Dimes campaign, held during the month of January. This is more than a 100 per cent increase over the total collected last year.

The largest contributors were Student Government Association \$50. Kappa Alphe \$11, Thete Chi \$10, and Alphe Chi Omega \$8.

Seven seniors have been chosen o represent Washington College in Who's Who in American Colleges and Universities by a joint faculty-student committee. The committee, composed of Mr. Foster, Dr. Knipp, Oprande, Jim Murphy, Joann Butcher, and Anne Matthews, made the selections on the basis of scholarship, campus leadership, and extra-curricular activities,

Anna Lucy Allspach, one of the two girls chosen, is a member of Zeta Teu Alpha sarority, president of the Minta Mertin House Conocil, vice-president of both the GIAA and Alpha Psi Omega, and 'reasurer of the Washington Players.

Kakie Brackett, also a member of Zeta Tau Alpha, is vice-presi-dent of Sigma Sigma Omicron, senior editor of the Pegasus, a member of the GIAA, and on the Elm staff.

Bob Cnlborn, best knnwn as the president of the Student Government Association, is a member of Phi Sigma

Kappa and president of the Canterbury Club. Harry Dundore, who belongs to Lambda Chi Alpha, is Editor-in-Chief of the Pegasus and on the Student Government Advisory

Student Government Adviso Committee.

Joe Scivold, a pledge of Theta Chi freternity, helds the office of president of the senior class and secretary of the Varsity Club. The college's most courts of the college's most courts of the college's most courts and incommendations. college's most outstanding sthlete, he has letters in succer, basketball, and lacrosse and is nn the All-American lacrosse teaam.

Tom Short, a member of Kappa Alpha, is sports editor of both the Elm and the Pegasus, on the Stu-dent Government Advisory Com-

dent Government Advisory Com-mittee, and plays varsity tennis.

Arnie Sten is also a mem-ber of Kappa Alpha. He holds the presidency of both Omicron Delta Kappa and Sigma Sigma Omicron, is a member of the Varsity Club, and the co-captain of the soccer team.

Science Soc. Plans Events

Dr. Rizer will address the Society of Sciences on Thursday, February 27, at 7:30 p. m. in Dunning Hall. He will speak on the Internation-

will speak on the international Geophysical Year. Re-freshments will be served.

There has been a change of officers in the Society due to the illness of one of our officers end the trensfer of enother. Ronald Cook is the new resident and Anna the new president and Anne Samuels is the new vice-

president.
Plans are already underway for the Annual Science Exhibit to be held tentatively on May 8th. All those students interested in work-ing on exhibits or entering their own are encouraged to be thinking about it. As in the past, cash prizes will be offered for the winning exhibits.

Other officers recently elect-ed are Bob Lecates—Beta, Tom Butler—Gamme, Bill Miller—Delta, Joel Truitt Ejsilon, Don Murray—Teu, Ronald Doub—Pi, Ronald O'Leary—Kappe, and Mr. Ermon Foster—Phi. The charter reports a series of Ermon Foster—Phi. The chapter reports a series of informal parties and the building of new bookshelves for the fraternity room.

Religious Groups Plan Activities

Canterbury Association

Several members of the Canterbury Association attended a national meeting held in Frederick, where provincial officers were elected. Their regular meetings are held every two weeks on alternate Sun-days and Thursdays. One of the programs consisted of a discussion on the question, "What is Hap-piness?" In the future the Canterbury Association is planning to take over one of the Sunday ser-vices at Emmanuel Protestant Emmanuel Protestant Episcopal Church.

Newman Club

On February 12, 1958 the Newnam Club elected Bob Wilsan as its new presi-dent. The other officers are Ron O'Leary, vice-president; Anne Funkey, secretary-treaurer; end Bill Shortall, corresponding secretery. The new officers succeed Harry Dundore, Nancy Merker and Joan Haley, and their term of office extends until second semester of next year.

The club is also planning

a trip to a Newnam Club Regional Conference to be beld in Washington on February 23rd, A group of tea students will represent Washington College at this conference and hopes to profit by an exchange of ideas with Newnam Club represen-tatives of naighboring calleges and universities.

Wesley Foundation

of the Wesley The meetings of the Wesley Foundation Fellowship are held on Wednesday evenings at 6:30. Their election of officers will be held on March 26 at Christ Methodist Church. A service, which will be dedicated to and planned for college students and faculty members on April 20, College Day, will be held at this church.

Westminster Fellowship

The Westminster Fellow-lowship elected officers et its February 12th meeting. The election resulted ic: Tom Woodward, as moderator, Nency Robinson, vice-moderator and program chairman end Janet Little, secretary-treesurer. The Westminster meetings consist of a program taken from the book "The Unfolding Drama of the Bible," eight studies introducing the Bible as a whole. The proposed speeker for the meeting on February 26th will be Larry Jones, a member of the stu-dent Christian movement.

U. S. Prepared to Halt Recession

President Eisenhower assured the nation in a special message that the Administration is prepared to take whatever steps are necessary to end the current economic reces

Mr. Eisenhower issued his statement to prevent any hysteria over the rising unemployment figures.

The President is "convinced that we are not facing a prolonged downswing in activity." He added that the employment opportunities in March will increase and this will mark the beginning of the end of the economic downturn.

Iraq-Jordan Talk near Conclusion

VOLUME XXXI

CHESTERTOWN, MD., WEDNSDAY, MARCH 12, 1958

NUMBER 8

"Blithe Spirit" Will Open on April 18th

"Blithe Spirit", a success on Broadway for several seasons, has gone into its second week of rehersal with April 18 set for its opening night. Noel Coward's brand of sophisticated comedy at its best, the play calls for a ghost, a medium, a half-witted maid, and assorted English

Hal Frishman shows Mikki Mahar, Corky Caddy, and Dixie Somervell how to interpret a scene from "Blitbe Spirit" as Ann Matthews looks on.

With this presentation, Hal the part of Susan in "Detective Frischman will make his local debut as a director. Hal has appeared on the stage here as Joe Feinsen, the Lewish reporter in the stage of th "Detective Story", and has to his eredit extensive dramatic work in "Detective Story." high school.

Last year's winner of the Best Actor's award, Dick Fitzgerald, will play the part of Charles, the ghost's ex-husband. Dick has appeared as a Shakespearean clown, an Irish sot, and most recently as an embezzler.

Anne Matthews will appear as Anne Matthews will appear as Ruth, Charles' earthly wife. Anne scored a personal triumph in her direction of "Detective Story". With experience in the field of television, Anne has also made her-self a name in the roles of Bianca in "The Taming of the Shrew" and Mary in "Juno and the Paycock."

medium and Mikki Maher has the part. Mikki, hailing from Grenich,

Corky Caddy, the mad woman in "Detective Story," is now a monosylabic, and rather dense maid. Her effective interpretation of character roles should make her part one of the funniest in the play.

As Dr. and Mrs. Bradman, Doug Bailey and Lee Britten, make their first appearences on our stage. Both have been active in drama prior to Washington College and are expected to bring chuckles with their version of a slightly stuffy English couple.

The production of "Blithe Spirit" comes in direct contrast with "Detective Story" and the effect The less visible member of the "Detective Story" and the eff be portrayed by Dixie Somervell. should be one rewarding to b Earlier this year, Dixie took the Players and their andience. should be one rewarding to both

Jazz Concert

On Monday, March 24, there will be a Jazz Concert at 8:00 n. m. in Cain Gym. The event sponsored by the Student ancil and will feature "Wild " Whelan's Dixieland Band.

Bill" Whelan's Dixieland Band.
This is a return visit to the
W. C. Campus for the Whelan
organization. They are the same
group who led students on an all-campus march two years ago and aroused such enthusiasm in their audience that the balcony in Bill Smith had to be repaired. Dress for the occasion is strictbress for the occasion is strictly informal. There will be no chairs in the gym, so those attending should bring blankets to sit on. No admission will be

Stage Set For Stunt Night

Stunt Night, an annual time for fun sponsored by the Senior Class, will be held on Tuesday, March 18, at 8:00 p.m. in William Smith auditorium. Mr. James Bowers will repeat his role of last year as Master of Ceremonies.

Each sorority and fraternity

on campus will present an indi-vidual skit which is limited to 15 minutes. Non-fraternal individual and group acts will also participate. Anyone wishing to enter should contact Joe Sievold.

A trophy will be awarded to the fraternal organization with the best act, and one to the best independent effort. year's winners were Phi Sigma Kappa end Martha Cornog, who did an interpretative dance.

Tickets will cost 50 cents and may be purchased at the door. Proceeds from this event will go into the senior class

The College will hold a Religion in Life program, April 27 - May 1, it was disclosed by James L. Bowers, Director of Public Relations, who is chairman of the plan-

The program, built on the central theme, "Can We Except God," will include special Sunday morning church services, Wednesday evening seminars, and a Thursday morning convocation. The convocation will feature a prominent religious leader.

Board Names New Elm Editor

named to the position of Editor-in-chief of the ELM, Mr. Jomes L. Bowers, Director of Public relations announced today. She will take over the duties performed hy Miss Toni Stallone who has left school

Toni Statione who has left school because of poor health. Miss Merker will continue on as News Editor of the paper, a post she has held since October of this year. A member of the sophomore class, she is also a member of Zeta Tau Alpha sorority and was secretary of the Newman club.

Seniors Plan Annual Auction

The annual Senior Auction, sponsored by the Class of '58, will be held on Thursday, March 13, during the regular assembly period in the auditorium, according to senior class president Joe Sievold.

Bidding will be a serior class and the serior class are serior class president Joe Sievold.

Sievold.

Bidding will be on various articles, including dinners, and late permissions. Some other articles to be bid for are 6 chocolate nut sundies, candy, an excused assembly cut, and a por-trait by Mr. West. The entire school is invited to participate actively. One need not have the money at the time of the euction in order to bid.

All items to be anctioned have been donated to the Senior class. Proceeds will be added to the class treasury which will provide funds for the senior banquet and traditional gift to the school.

The program is being instituted by the several student religions organization — Newman, Canter-hury, Wesley, Westminster, and Enther clubs.

Serving on the committee, rep Serving on the committee, representing the student religious groups, are Beb Colborn, Peggy Leverage, Bob Wilson, Tom Woodward; and the Rev. Robert Andrews, minister, Westmioster Foundation; the Rev. W. P. Kesmodel, minister, Wesley Foundation; the Rev. Rolph Kruger, minister of Trinity Luthers minister of Trinity Lutheran Church; the Rev. John Masterson, essistant pastor, Sacred Heart Catholic Church; the Rev. Newton Wilbur, minister, Can-terbury Club.

The ministers will plan the Sunday services, and the individual student organizations will plan the seminars. The Thursday morning service will climax the four-day program.

Nine Sorority Bids Accepted

The Pan-Hellenic Council set Tuesday, February 24, as the day on which the three sororities could extend bids to eligible women students. Nine freshmen and upper-class girls elected to join the respective organizations.

ZETA TAU ALPHA received four new members and conducted pledging ceremonies on Tuesday evening for Joanne Butcher, Ann Carol Jenkins, Carolyn Hotten-stein, and Helen Kleinheksel. The Zetas now count thirty-one girls as members of the sorority.

ALPHA OMICRON PI pledged Alice Torovsky, Sandra Mnmford, and Dolores Marquise. After their induction on Tnesday night, the sorority totaled twenty members.

ALPHA CHI OMEGA bids were accepted by Jane Smith and Bar-bara Jane Wilson. The Alpha Chis also set Tuesday evening for their pledging ceremonies and now total twenty-four members.

Concert Features Noted Pianist

Raul Spivak, affectionately referred to as "Musical Ambassador from the Argentine" by his North American colleagues, will appear at William Smith Auditorium, in a piano recital on Thursday, March 13, 1958 at 8:30 p.m.

Freshmen Elect Silver, Skinner

On Mondey, March 3, the class of '61 elected John Silver as their class president. The other officers are: Dick Skinner, vice-president; Chris Tarbutton, Secretary; Joan Silver, Treasurer, Linda Weiss and David Roth are the two Student Council representatives. John Silver, the new President, the thirty sear shout the future

has this to say about the future events of the class: "Because of the numerous other functions on the Campus, it is comparatively hard for the Freshmen Class to function as a social group. However, I hope that each and every member the class will continue the enthusiasm that we are fortunate to have now"

Spivak is no stranger to college audiences in this country. He was on the staff of the Spanish Summer School and a member of the faculty of the Composers' Conference and Chamber Music Center at Middlebury College for two years, and his tours under the auspices of the Arts Program, Association of American Colleges, have taken him to practically every state

His program will include: So-His program will include: Sonnia, Opus 81a by Beethoven, Etude. Symphoniques, Opus 13, by Schumann, Pour Le Piano by Debussy, A Lenda Do Cabocle, Villa-Lobos, Marlborough's Return by Morillo, Navarra by Albenis, Spanish Dance NoN. 1, Valencione by Granados and M. de Falla's Spanish Dance NNo. from "La Vida Breve."

Educators To Confer On Campus

In order to study the problem of articulation between secondary schools and colleges, a college-high school conference will be held here on Saturday, March 22.

Superintendents of schools from all Eastern Shore counfrom all Eastern Shore counties and Baltimore city and counties and city and city and counties and city and ty have been invited. Fifty to sixty educators are expected to attend.

The educators will talk about changing educational problems in colleges and secondary schools. Among these are increased enrollment, curriculum changes, admissions policies, and the betterment and revision of education to meet future demands.

Speakers will be President Gibson, who will give the wel-come and remarks; Dr. John D. Makosky, Deen of Western Maryland College, who will present
"A Look Ahead"; end Dr. Ray
E. Gilman, who will discuss "The
Problem of Curriculum."

Nancy Merker

cal science major from Rochester, N. Y., is the 1958 Kappa Alpha 'Rose.' Miss Merker was presented Miss Merker was presented at KA's annual Sweetheart Dance, Saturday night, in Cain gym.

Pinned to Bob Bragg, junior from Catonsville, Miss Merker was selected by KA actives from a group of 16 eligible co-eds who are pinned to members of the fraternity, or are wives of fraternity members.

The five-foot-eight brownette was presented by Curt Massey, president of KA, and received the raditional bouquet of roses from Judy McCready, junior from Balti-more, the 1957 KA 'Rose.' Washington College Chestertown, Maryland Four page issues published bi-weekly. Sub-scription price: \$2.50 per academic year.

Editorially Speaking

Elm's New Editor

The next edition of the ELM will be edited by Miss Nancy Merker. Nancy has taken over a difficult, time-consuming job, a fact which I can verily attest to. She has, however, "what it takes" to be an excellent

editor.

As they have done in the past: Mias
Jane Rayner, feature editor; Mr. Bill Miller, sports editor; and Mr. James Bowers,
"benevolent advisor"; will ably assist Miss
Merker. I sincerely hope the student body
will do the same and continue to show an
interest in the paper and to give helpful

Fraternal Groups Show Their Worth

The sororities and fraternities at Wash ington College are increasingly showing their "worth". The present trend seems to be for the groups to come out of their exclusively social, individualistic shell, and aid the rest of the campus and the outside

The most recent indication of this was the World University Service campaign. Most of the groups went beyond the role of passive contributors and actively got out and worked for WUS. This meant more than turning over a jar full of fines to the drive or assessing members. This required than turning over a jar full of fines to the drive or assessing members. This required time, effort, and may I add, raffles, pie throwings, shoe shines, car washes, and bake sales, all added to the effectiveness of the drive. These activities produced a combination of friendly competition and co-operation among the groups. This is not the first indication of these organization than the control of the competition and control of these organizations are control of the c

not the first indication of these organizations showing an interest in others.

Before the WUS campaign, some of the fraternal organizations contributed to the March of Dimes, and a sorority sponsored The March of Dimes Dance. One of the groups gave a Christmas party for orphaned children and we hear that some of the others are considering similar activi-ties for these children. One of the tradi-tional dances on campus has always donated its revenue to the cerebral palsy

It is gratifying to see the increased interest manifested for the welfare of others, by the fraternities and sororities. I hope by the fraternities and sororities. I hope such activities become commonplace and the fraternal groups become important not only because of their social contributions to their members and the campus, but their philanthropical ones as well.

Sack Dress Or Not?

Most women today say that they do not like the new style in women's clothes. However, many of these same women also many of these same women also say that they will probably wear it anyhow. At W. C., the follow-ing comments were made by the girls when asked "What do you think of the sack dresses? Do you plan to wear one?"

LOIS FUCHS, '59 — "Oh, the 'deceiving dresses' — well, they're fine for the small petite figure. But, when there's enough of you to fill the whole sack, it loses that charm. So, I gness I'll just wait for another style or design one for myself."

SUSIE HAIR, '61 - "Sack SUSIE HAIR, '61 - "Sack dresses are an extreme style and like anything else new are going to take a while to gain any public admiration. How complimentary they are depends on who wears them. If I find one which I think does not detrect which I think dees not detract from my appearance, I plan to wear it."

Most men everywhere say they do not like the sack dresses, and this has also proven true at W. C. The following comments were made when asked "What de you think of the sack dresses which are the latest style in women's fashions?"

LLYN ZUCK, '61 - "My opinion is that this dress was not designed for the majority of wodesigned for the majority of women. It should be worn by
a woman with a good looking
figure, and the average woman,
does not meet this qualification.
However, I like the dress when
worn en the right person."

BOB LUBASH, '61 - "I am overjoyed to find that someone has created a dress that gives the boys a slight advantage over the girls. The reason 1 say this is because the sack dress serves as a measuring stick. As soon a you see a girl in a sack dress a you see a girl in a sack dress you know a few things about her:
(1) she is conceited. She has to be to wear that type of stylized outfit. (2) She is hiding something — usually an exterior protrusion which is more extensive that it is commonly thought to be. (3) She likes high-style. Along with this one can assume that the girl is hen to all the that the girl is hep to all the new things including all the types of passes. So I am thankful to the sack — it lets a guy in on the dope before he wastes his

President's Corner Verify Your References

In one of his maxims for revolutionists, Bernard Shaw said: "Except for the nine months before his birth, no man orders his life so well as a tree does." It is a sobering thing, as one before his birth, no man orders in life so well as a tree does." It is a sobering thing, as one grows older, to realize that all error is human error; that is, error a ising from faulty comprehension, error arising from passion, or error deliberately fostered to gain an end. A distindeinerately rostered to gain an end. A usinguished professor, arrived at the close of his career, was asked what was the most important advice he could give to his many generations of former students. He mused a while, and then said, simply: "Verify your references."

Not a simple thing, that: "Verify your ref-erences." To us in the educational world, both those who teach and those who learn, it would appear a minimal achievement to verify nur references, our facts, to avoid the self-hypnosis references, our facts, to avoid the self-hypnosis of talking without knowing really what we are talking about, and to resist a mere flux of words to the pen. But in the cradle our mothers love us for our baby-talk, in elementary school we are taught to "perticipate" — which usually means to talk out of a profound ignorence—and by the time we arrive at high school the damage is done, the habit solidified. In mature life the art of inane tolk has been formelized into the social ritual called the cocktail party. The old adage says that "Silence is golden," but as a nation we went off the gold stendard 25 years ago. 25 years ago.

Sometime read Maeterlinck's little book, "The Treasure of the Humble" on this subject. And you might remember, too, Josh Billings' pungent comment: "It ain't the things we don't knew that makes such fools of us, but a whole the statement of the property lot of things that we do know that ain't so.'

As I See It ..

Students Join In Support Of W. U.S.

by Anna Lucy Allspach
The United States National Student Associ-The United States National Student Association has recently published a codification of "Basic Policy Declarations, Resolutions, Special Resolutions, and Mandates" which contains what is believed to be majority opinions on a wide range or topics, from academe freedom, commuting students, athletics, and desegregation to edu-cation under Latin dictators, student health and classroom overcrowding.

In curiosity I turned to this volume of student opinions to see if there was a section on WUS. The USNSA passed a resolution reaffiron WUS. The USNSA passed a resolution reathrming its support of WUS's "dual program of promoting international education and serving as an instrument for mutual assistance among students." USNSA revied favorably (and perhaps a little enviously) the progress WUS has made as the only world-wide student group which draws its "support primarily from the community which it serves." Washington College has joined a long list of compuses supporting an effective organization.

QUEENS' QUIPS

looks like w.u.s. was a big success.—the zetas had a bit of trouble getting their car-washing started, but the girls did a fine jeb of catching colds.—good (?) feeling between the studentt body and the administration was clearly shown in the phi sigs' scheme for raising money—throwing pies at dean hill—the highlight of the week was undoubtedly the basketball game on thursday nite—we think it was the best stu-dent activity of the year___our congratulations to all who participated in raising money for w.n.s.

just dits: alphe chi trip to washington proved quite exciting — nancy mullikin lost har purse and dean hall got two tickets — margot burg was sweetheart of beta theta pi at yele for the second year running ___ congrets to all new pledges of the greeks___ chuck buck must be pledges of the greeks... chuck but must be trying to get knocked out of the running before the lacrosse seeson starts... bobba norton received a strenge gift in the mail: a pitchfork...judy mecrady had the measles, bob emerson had the measles.

Athlete's Feat by Tom Short

Congratulation are in order for Jack "Mule" Jennings and Anna Lucy Allspach for the fine job that they did in organizing and partici-pating in the boy-girl basketball game played as a benefit game for the W.U.S. All others who participated must be publicly thanked. The effort and ability that was displayed throughout the contest was both entertaining and inspirational.

The intramural basketball play-

offs are over and once again they seemed successful. The competiseemed successful. The competi-tion was very keen, especially in the playoffs. The finals went three games and one of these was decided in an overtime. One of the semi-tical games was won by only one point. The student interest seemed higher this year. The comparative-ly large crowds at the playoffs will verify this fact. This year's nightly playoff schedule was much more successful than last year's after-noon schedule. We all wish Coach Chattelier and "Mule" Jennings, and all other directors and officials of the intramural program more of this same success next year.

Spring Sports Underway

Again, as springtime approaches, it is pleasing to hear the shouts of spirit and encouragement coming from Kibler Field as the spring sports swing into full action. Many people have a lot of questions about these teams and the ability that they have. Most of the questions are involved and ambiguous but there are some that loom big and largely depend upon the effort of the student body and faculty. Such questions are: Can the Sho-nine go all the way in spite of their severe losses during mid-terms? Can the tennis team prove good enough to maintain a winning record while playing most of their matches? away? Will Coach Chattelier be able to find a weight man to pick lacrosse team beat our neighboring "Middie" squad? Perhaps your loyal support of these squads will mean the difference to several of these questions.

Bob Brown has maintained an

ontstanding scoring average since entering Washington College last year. This year in a game against Lynchburg, Brown ran away with all scoring honors as he hit for a total of 39 points. This would have been a record for our new Russell Gym, but unfortunately the game over the net. was played on the Southerner's hardwood. Regardless of where this game was played, it is a fact that this is one of the greatest scoring efforts in the history of Washington College Basketball. This is an ATHLETES FEAT!

Win Two Of Three

Kappa Alpha, title-winner of the regular season, nipped Middle Hall, 34-32, in a tense, dramatic championship playoff contest to climax a successful intramural basketball season. In the first game of the finals, KA was victorions, 39-32; then lost the second in overtine, 41-39. As this was the final game in a best two out-of-three series, there was considerable interest with a good crowd present. The spectators weren't witnesses of the season's best game, but saw a hard-fought battle with the lead changing hands several times.

The first half saw teams employing a man-to-man defense, with KA

Another Look At Our Cagers

As another Washington College pasketball season rolls to a close, wish to pause for a moment to scrutinize the men hat made-up the team. Our 'cagers' came across one finish line with a 9-10 record, which proves that the referees are right at least half of the time.
Unfortunately, the boys lost a few
rounds with Lady Luck, having
gone down in defeat in several contests by a one or two point margin.

With the enormous amount of young talent comprising the team, many of us in the grandstands visualized another 'Flying Pentagon' here at W.C. Ironically gon' here at W.C. Ironically enough, most of the flying was in a homeward direction for many of the boys when the semester grades were revealed. Later, when the smoke cleared, it was discovered showe treated, it was discovered that 'Moose' Mix had resumed his 'slot' on the squad after a semester's rest. One lump or two, 'Moose'?

The semester-surviving fresh-men, Lee Wellenbacher and 'Tot' Woolston faired rather well in the second team, seeing much more action than they had in the former one. 'Tot' seems to prefer running to sitting. How can a guy run so fast yet talk so slow? Lee Wellen-bacher got a few chances to unleash his potent jump-shot with varying reactions from the crowd and the opposing team on its 'string-catching' ability.

Love That Student Support

Other members of the squad, Dick Callahan and Bob Brown, have been scoring points in other places-Minta Martin and Reid Hall re-spectively. 'Flea' Phillips was pleased with all the blushing, female following this season and wants more of the same next year. Freeman Sharp found scores of smiling faces in the crowd after he made his many point-scoring set shots. Things went well this sea-son for Bob Bragg and Roy Henson for Bob Brigg and Koy Ren-derson with the assisting support from two girls and thirty-odd fraternity brothers. The added support from the students and alumni really helped this year in producing a team which, although not shown on the record books, provided good, solid basketball for all followers of the sport.

Coaches Corner

The Washington College Athletic Council during a recent meeting considered the petition of a group of students for official recognition as a rowing club on the campus. The council acted on the request by advising the club to show, by its own initiative, that over a period of time it can maintain the student interest necessary for it to become an authorized begin tennis, badminton, and softvarsity sport.

ing a man-to-man defense, with KA holding a 20-15 advantage at half-time. In the second half, Middle Hall kept close by outscoring their rivals but never regained the lead. Although outscored from the floor 24-22, KA converted 12 foul shots

to Middle Hall's 8.

In the last minute, three foul shots, two by Skordas and one by Eissele, wrapped it up for Rex Lenderman's charges. Jim Lewis sunk a basket at the buzzer, but it was of no avail, since Middle Hall never got the ball again. High for the winners were Skordas with 14,

the winners were Skordas with 14, Clausen with 8, and Short with 6, The scoring for Middle Hall was Jones, 10; Collins, 7; and Allen, 6. Throughout the series, it was KA's Gus Skordas who was the ball hawk and big threat, as he scored 48 points in three games. Two other reliables, Don Clausen and Tom Short, came through with and Tom Short, came through with steady performances, scoring 63 points between them. Middle Hall had its scoring more evenly balanced as each of the five starting men took his shore. Tom Allen came through with crucial points in the second game and played a good series. Bill Jones and Clayt Collins were tough under the boards, and presented constant offensive threats.

John Leverage, Middle Hall's coach, did a superb job as evidenced by the good showing his team made against the team that wasn't supposed to have much trouble in the playoffs. This meant to KA and playons. This meant to KA and Coach Lenderman the end of a very successful season, in which the team compiled a 14-2 record. Other Playoff Games

In the first set of playoffs, Lambda Chi had to come from be-Lambda Chi had to come from its-hind to down the All-Stars, 30-25, and KA "B" took the measure of the 69er's, 49-26. The semi-finals saw KA "A" drub their "B" team, 56-29. Meanwhile, Middle Hall ran bo-23. Meanwhile, Middle Hall rain into trouble with Lambda Chi and hung on for a 35-33 victory, after leading 21-12 at half. As the re-sult of these games, the stage was set for the KA-Middle Hall Championship series.

Letter To Editor Lack Of Time?

Dear Editor:

What would ever possess anyone to write an editorial on "being a joiner" when 9 per cent of the college is not able to maintain the academic standards needed to stay in college? This was, however, the subject of a recent editorial in this

It is true that some organizations serve as en incentive for academic advancement. For ex ample, this year the four frater-nities had an average index of 1.222 while non-fraternity men had a ,685 average. The sororities average was likewise comparatively higher than the non-sorority average. Since a majority of the upper classmen are in a Iraternity or a sorority, it is examples to show why some of the organizations on this campus cannot get the members they need to be able to function prop-

On this campus there are ap proximately 32 organizations or extracurricular activities, not including any varsity or intramural athletics. Likewise this does not include any social events as open houses, dances, or fraternal rush parties.

I am not opposed to extra-cur-ricular activities, but I think that they should help the students and the campus. When there are so many activities that it is a straio npon the students to keep them in existence, then they are detrimental to the students as well as the overall activity objectives. As a result many organizations are being forced to operate un-successfully simply because there is one organization to every ten students, and five times as many organizations as days in the week. Most students "just do not have time to support this many acti-

Here is a typical schedule of a fraternity man during these winter months. Monday nights frater-nities meet. Thesday and Thursday nights are taken up with intramural basketball, and then there is intramural bowling on Wednes-day nights. Most Friday nights have some sort of attraction such as open houses, and parties. How much time is left?

You must remember that this is a typical schedule instead of an extreme. I could always use as an example one of the 120 men who participate in varsity athletics during the school year. They have even less time.

Through this arguement one can clearly see that it is the lack of time rather than the lack of in-itative that is not allowing the students to support their multitude of activities.

Letter To Editor

Dear Editor:

The drinking habits of college The drinking habits of college students have always been a major source or income for col-lege town liquor stores and a major source of problems for college administrators. This lat-ter group has generally taken one of two extremes and their one of two extremes and their decisions leave campuses with the dubions distinction of being typed as "wet" or "dry". In order to live up to these titles the respective campuses generally try to act the part. The "wet" campus is notorious for lost weekends, cocktail parties on the lawn in front of the administration building, and peculiar cases of nausea which strike a iar cases of nausea which strike a good part of the student body Saturday nights.
On the other hand, the "dry'

campus seems to be more partiel to hidden, rather then lost week-ends: most of the hiding going on in the hip pockets of the students. Empty beer cans and liquor bottles are generally sub-stituted for the cocktail parties front of the administration building and the automobile is turned into a portable ber. The same Seturdey night disease is elso noticeable on these camризе

Obviously, both of these solu-tions leave something to be desired, for the wet campus finds that the students tend to destroy the dormitories while on the dry campuses the students destroy themselves in automobile accidents.

We believe a logicel solution for this campus might be a com-promise between the two extremes. Our idea is that the administration keep it prohibition of alcoholic beverages except et certain college-sponsored or college-approved functions. Such functions might include a Jazz concert with a band imported from Baltimore and keg beer imported from Harts. In this manner two problems would be solved. The major one of keeping students from drinking and driving, and the minor one of providrecreation that the student ing recreation body will enjoy. Neme Withheld

Lack Of Interest!

On examining the names of the students who left school— their LACK of activities is glar-ing. With few exceptions, most had no affiliation other than fra-ternal. Again may I suggest that it was not the shortage of study time, but their attitude and per-haps even the excess of time they had, that was responsible for their downfall. By this I mean that participation in an or ation may have ch attitude and given ganization have changed something to work for. Also, if their time was limited, they would be less apt to procrastin-ate—until it's too late!

As for the great number of organizations and their claims for time, the schedule is not as crowded as one might believe. Many organizations are duplicated, for instance one would not join all five religious clubs. Others are so different from each other that you will rarely find someone interested in more

News In Brief

Nixon Sees Recovery Tied To Buyer Market

Vice President Nixon's opinion is the road to the Nation's re-covery is through a "buyer's mar-ket" in this country. This may be interpreted as meaning lower prices

He is convinced that industry and retailers must engage in a sales program, competing for the buyer's dollar all down the line.

Despite the business recession, and the continuing high cost living, Mr. Nixon contends that many sellers are acting today as if this were a seller's market and he added, "It should be a buyer's market," and that "the sellers should take a look at their price structures." He also said that there is a floor below which they

cannot go in lowering prices.

The Vice President does not contend that a sales program, with lower prices, is the sole answer to the economic problem. But he does say it say he are in the content of does say it can be an important Over News Post part of the answer.

Mike Todd Dies In Plane Crash

Mike Todd, famous producer, perished with three others in the crash of his twin-engined airplane in Grants, New Mesico

One of the other men who ed in the cresh was a movie writer, Art Cohn, who wes working on the story "The First Niae Lives of Mike Todd".

Mr. Todd, an enthusiastic eir traveler, was flying to New York for a testimonial dinner which was to honor him. Film writer Cohn was along so they could discuss the book Mr. Cohn was writing about Mr. Todd.

Tempory Tax Cut Urged By Economic Unit

The Committee for Economic Development has called for a tempory 20 per cent cut in all income tax rates if the economy in March and April drops below the February level.

The privately supported research organization said this \$7.5 billion booster shot, possibly starting at mid-year and running for nine months, should be enforced with short-term public works and acceptable that Debte 1. celerated Federal spending.

The committee argued against including any corporation or excise tax relief in this quick cut in the money withheld from paychecks for

Sandy Sandison, a sophomore from Gaithersburg, Maryland, has been appointed to the post of News Editor of THE ELM by Editor-in-Chief Nancy Merker.

Beginning with the next issue, Sandy will take over the duties

now performed by Miss Mer-ker. He has had ample ex-perience in the journalism field Sandison as he was editor

of the Gaithersburg High School paper in his senior year. Here at W. C. he has been active in the Washington Players.

New Major In International Studies, Field Announced

A new program in International Studies will be undertaken at Washington College next term. According to Dr. Irving Barnett, director of the program, its purpose is to enable students with special interests in international affairs to major in that field.

The program is designed for students desiring to obtain a solid background in the interactional field, especially for those wishing to work in interestional organizations, in the Foreign Service, in international trade, journalism and related fields.

The International Studies Program is an interdisciplinary ap-

proach to the studies of international relations aiming at giving the students basic comprehension of the broad ramifications of international problems. Students shall be encouraged to investigate economic, cultural and power-political situations in various areas of the world.

Students who are interested in this major are urged to talk with Prof. Barnett well before registration on April 30. Graduating seniors, who have fulfilled the requirements of this major, may receive a letter to that effect. In the near future there will be descriptive material on the Bulletin Board, including the statement of requirements, as it will appear in next year's catalog.

Forney To Direct Group Of 48 On 3-Day Jaunt

The College Choir has planned its annual spring tour this year for April 7 to April 9. Robert Forney, director of the group, and James L. Bowers, public relations director, have arranged concerts in New Jersey and Pennsylvania schools. On Monday the seventh, the choir will sing at Conistoga High School in Berwyn, Pa. On Tuesday they 'll be at the Keport, N. J. high school in the morning N. J. high school in the morning and give two concerts at the Union New Jersey high school in the afternoon. The group will spend that evening in New York City and give their final concert Wednesday morning at Verona, New

Expanded Repertoire

The repetoire for this year includes some new songs for the choir such as: "The Streets of includes some new songs tor unchoir such as: "The Streets of Leredo" (Traditional), "Eric Canal" (Traditional), "Lost in the Night" by Christiensen, "To Theo We Sing" by Tkach, "May Night" by Brehms and "Listen to the Lembs" by Dett. A repect persons of some from last year's formance of songs from last year's tour program features such fa-vorites as: Paleatrina's "O Bone Jesu", and "Ave Verum", Tschai-kovsky's "Cherubim Song", Christiansen's "Today There is Ring-ing", and two Bech selections: "Lord Jesus Christ, Thou Privce of Peace" end "How Bright Appears the Morning Ster".

Forney Able Director

Mr. Forney, a new addition to the faculty, is a Chestertown businessman who was appointed director of the choir this fall. He has a Bachelor of Music from Oberlin College and a Master of Music from Northwestern University. While serving as a music instructor and choral director in Detroit schools for 13 years, he was also a church soloist and a choral conductor. In Chestertown he is Minister of Music at First Methodist Church and is active in local chamber music groups as a

Last year the choir, under the direction of Mr. Erk, completed a successful tour through the eastern and western shores of Maryland.

Alpha Chi's, Pace Win Stunt Night

Jubilant Alpha Chi's upset a campus tradition when they were awarded the fraternal organization trophy for their skit in Stunt Night March 18th. They were the first sorority to win the competition in several years. The winning entry, a satire on school life at W.C. and the appropriate title of "Elogy on a Country College." Backed by a chorus, Sue Elliot and Bea Clark told the story of a freshman girl who flunked out. Also featured was Janet Riecks as a living George Washington.

The cup for individual acts was carried away by freshman Harrison Pace who was a convincing "Lola", in a pantomine called, "Sweetheart of G. I. Hall."

The runner-up in the sorority-fraternity contest was Kappa Alpha's "Faculty Meeting." The skit depicted outstanding members of the faculty and administration in an un-typical meeting. Dean Doyle (John Parsons), Dean Hill (Tom Crouse), Charles M. West (Artie Schuman), Dr. Daniel Gibson (Jim Murphy) and Doris Bell (Bob Bragg), conducted a hilarious summit conference.

Tony Byles and his musical friends received honorable mention in the individual acts division.

In other skits satirizing the "powers that be," Lambda Chi Alpha presented the first weeks of a freshman boy in "A Letter to Mom". Bob Lecates was the bermuda-wearing innocent.

Theta Chi provoked many laughs with their version of a teen-age T.V. record hop. Mickey Di-Maggio as M. C. was ably assisted in the commercials by Tom Allen. Martha Cornog, last year's win-

Editorially Speaking

A Visitor Sounds off

Upon visiting your campus for the first time, I regret to say that I chose a place which left quite an unfavorable impression

My friend, a student at Washington Col-My friend, a student at Washington College, and I went into the snack shop below the cafeteria. A gray haired woman attended me. When I asked her to put butter on a grilled cheese sandwich after it was cooked, she informed me in a most indecorus manner that butter was applied before cooking and she would absolutely not put more butter on it. When I offered to pay more for it, she became most angry and said that it was against the rules to do to pay more for it, she became most angry and said that it was against the rules to do such a thing. I questioned her as to the whereabouts of such rules and she said that it was just against rules and that was all there was to it. Then I asked her for my money back and she refused. I explained that I only wanted my money back for the bun which I had not yet received. She threw the dime on the counter and asked me if I was a student there. I told her that

threw the dime on the counter and asked me if I was a student there. I told her that I was a graduate from the University of Maryland. She said, "Good!"

In such an institution which teaches democracy and the prevalence of human rights, I fail to see how such a thing could exist. The best restaurants cater to people. exist. The best restaurants cater to people. Shouldn't your snack shop be most anxious to cater to students and other patrons? If not, students are throwing their money away. Do you like to eat the way restaurants dictate you must?

I sincerely thank you for permitting me to write in your paper.

to write in your paper.

Sincerly yours, Shirley A. Cleaves Box 242 Dover, Delaware

Individuals Make College Reputation

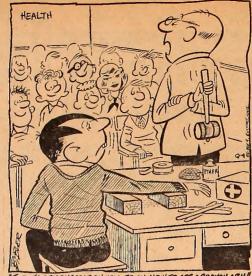

It is not the primary purpose of a college newspaper to criticize people on campus, for it is no more pleasant to publish some-

newspaper to criticize people on campus, for it is no more pleasant to publish something of such a nature that to read about it. In accordance with this, the editors would have dismissed the above letter as the work of a crank and put it aside if it were not for the fact that an informal survey of the student body disclosed the existence of many other such instances occuring in the Snack Bar. We wonder, is it right that such an unpleasant situation should exist on campus that an outsider would take the time and trouble to sit down and write a letter about it?

Be that as it may, there is also something much more important to think about in reading such a letter, and that is: individual actions on campus do not go unobserved. There are frequent visitors to the school and we are all "on display" every hour of every day.

This should serve as an acid reminder to Washingtonians — be they student or employee — that the impression each of us makes, on or off campus, reflects on our Alma Mater and on us as individuals. In the long run, those impressions impair on enhance the value of our degree, our edu-

the long run, those impressions impair or enhance the value of our degree, our edu-cation, and our pride in them.

"TODAY'S DEMONSTRATION WILL BE ON HOW TO SET A BROKEN ARM

Spotlight On A Senior

Wishart and Lenderman **Head Clubs**

by Judy McCready

Treeva Wishart, "senior spot girl, considers painting and sketching two of her favorite acti-vities. Pursuing these interests, she has distinguished herself in the field of art during her four years here. A member of the Art Club each year, Treeva served as its president for two years. as president for two years. As a sophomore she was awarded the Frances Speight Painting Award for showing the most artistic growth over the year.

A member of Zeta Tau Alpha

for four years, Treeva served its corresponding secretary this year. Her other activities have included the Wesley Club and mem-

bership on the staffs of both

The Elm and

The Pegosus. After gradu-ation Treeva, who has completed pleted majors in both psychol-

Wishart

ogy and sociology, may do social work. An all-important day for Treeva will be June8—her birth-day, her graduation day, and the day on which she will wed W. C. alumnus, Roy Pippen.

Turning our spotlight about we find that it falls on senior Rex Lenderman. Now living in Baltimore, Rex, a member of Kappa Alpha Order, has been outstanding in the sports field since his arrival at W. C. During his first three years Rex was a member of both the var-

sity lacrosse and varsity soccer teams and this year co-captain and assistant coach of the soccer tean. For

Lenderman his ability in athletics Rex was initiated into the Varsity Club, for which he has served both as secretary and president. In addition to having played intramural basketball for three years, Rex recently coached the KA basketball team to the intramural championship.

Besides his sports activities, Rex has written for The Elm served on the Freshman Advisory Council, and acted as chairman of the Homecoming Dance in 1956. An economics major with psychology a related field of study, Rex's main interests now are Sue Weyer and to "get a job".

The Church And You

With the approach of Easter too many of us think only of the vacation time and the leisurely days we will be spending. We tend to forget the real significance of this season. Easter is celebrated by the Christians in order to show the sacrifice of Christ to save his children from sin. The Jewish view is the celebration of the Passover when the Angel of Death pas-sed over the Hebrew homes and they were led from bondage. Although these views are different they are tied together because they both mean God is ready and pre sent always to help us when we

meed help.

The importance of religion in this age of living is becoming more apparent to college students everywhere. Aside from the fact that God is an explanation for life, He is also bope for the future. He is something to cling to when we are eway from home and He aids us in solving our problems. He provides a code of living that respects everyone. Religion and our college education have a definite connection.

cation have a definite connection. They are like twins, both growing up together so that we might be mature individuals. The Bible describes the growth process in these words: "When I was a child, I spoke as a child, I understood as a child, I thought as a child; but when I became a man I put away childish things." This Eastertide let each of us re-examine our religions so that we might find more clearly the goals that we are pursuing in life.

Happy Easter

President's Corner

"Campus Vs. Classroom

by Pres. Daniel Z. Gibson

Billions of dollars have been spent in the last few years on school building in the United States. Our estimate of the quality of the education provided by a particular school is likely to be conditioned heavily, in the minds of most persons, by the external apparatus within which sons, by the external apparatus within which, or around which, education is supposed to take place. But some of the fanciest buildings in the country house some of the shoddiest educational work. The converse is also true; and I shall rest my case on a story from a book by Burges Johnson, called Campus versus Classroom, which you will find in our library.

"One of the world's greatest physics teachers," says Johnson, "was Lord Kelvin. Students who worked with him in the University of Glasgow have carried to the ends of the earth a torch that he lighted, and have added to his credit not only in research and discovery, but in credit not only in research and discovery, but in teaching. One of them, the president of a Canadian college, described to me that classroom. 'The college was so poor,' he said, 'that Lord Kelvin had only handmade equipment of the crudest materials to illustrate many of the principles he taught. Spools and pieces of string with taught of the principles he taught. ciples he taught. Spools and pieces of string might serve for pulleys and belts. The students, too, were poverty-stricken, some of them actually hungry, and most of them ill-clad. One morning we went into the classroom and saw that the teacher had hung two lumps of metal by long strings from the beam overhead. One wes a piece of lead, the other brass. He swing these pendula and when they swung together end touched, they clung. Kelvin stepped to the edge of the platform end said, "Ceu any young men tell me what force operates to keep these pen-dula from resuming the perpendiculer?"

"We all sat there mumbling the names of any forces we could think of, from magnetic to centrifugal. We didn't know but we wanted to sound as though we knew. He stood there looking at us with a sort of quiet contempt, and then he said, "If anyone used the sense God gave him, he would know there must be some sticky substance on one of them."

"I have never forgotten what I learned in that classroom,' said this Canadien scholar."

Athlete's Feat

It was a cool spring Saturday afternoon about this time last March when the students of Washington College completely evacuated the campus to go to Annapolis to see their lacrosse team meet the ever challenging Middies. This Saturday was the climax of a week of planning, which consisted of getting rides and making other pregame arrangements. For the la-crosse team it was a week of rigorous training so they could be in the best possible mental and

physical shape.

Even the Navy "goat" was in the hands of the enthusiastic students as they made their way to the game. The "goat" had been borrowed on the eve of the game by some of our most ardent fans. In spite of some of the complications in getting this "goat", it was an asset in boosting the schools spirit. All of these events went into making this Saturday one of the memorable days in our college

When the Sho' visitors finally arrived at the Naval Academy it looked as though they were planning an invasion as they crossed the battlefields. The W. C. stu-dents, some chilled by the cool breeze, but never disheartened, lined their side of the playing field and SPIKERS Gain began to drum-up the kind of noise that would be compulsory if they that would be compulsory if they expected a victory. The teams response to such a following was phenomenal as was shown when they scored in the first twenty seconds of the game against a staunch Navy defense. From this point on the play was fast, clean, stimulating, and enjoyable as the

lead changed hands many times. Never, for one minute, did the Sho'men or their ardent fans re-Sho'men or their ardent fans re-lax or "let up" in their struggle for victory. This showed school spirit and co-operation at its peak. It is true that our team was de-feated that day, but a greater victory may have been won. The students on this campus found themselves and gave their best. If we can do this again this year then perhaps we will come back with a great lacrose victory. Lets use last years experience and enthusiasium to stimulate this drive If the students can stand together it may well be an ATHLETE'S FEAT!!!!!

Coaches Corner

ing, soccer and basketball requirewhere changed. Action taken dealt with the requirements for qualifying for the basketball post-season tournament. It is now necessary for each school to play thirteen games against nine different opponents compared to the previous requirements of ten and six.

The directors also voted to in-

augurate a compulsory schedule in soccer to begin the 1959-60 season. With the raising of these re-quirements it will make it in-creasingly difficult for schools like Western Maryland, Johns Hopkins and ourselves to fulfill the qualifi-cations in both the Mason-Dixon and the Middle Atlantic Confer-

Protective Helmets Required

Protective baseball helmets will be required of all baseball members for the coming season. Washington College has purchased four regulation believes of matching colors with the varsity base-ball caps. Unless you look closely you can hardly tell that the boys will be wearing them.

Lacrosse Season Opens

Stalwart defenseman, "Mule" Jennings, fights elements in (spring?)

Baseball Opens On April 8th

According to the calender, Spring 1958 is here. Also going by the same source, opening day for the 1958 Baseball Season is almost here. Its a sure bet that if nature "doesn't go by the calender, then Washington's Sho'men won't either. But, if the game comes out in Spring's favor, the season will open on April 8th after the Easter Vacation, while the Sho'men are getting a very much un-wanted rest. We will forget this for the time being and just hope for the best. Instead we will glance over the new rendition of our Sho'men and get a glimpse of things to come.

Second Iml Title

The Spikers, finding little or no trouble on their way to their second title, downed the Vets in two straight games on Thursday, March 13, for the intramural volleyball championship. The only mark on their record was losing the first game to the Vets in their initial meeting, although the Spikers came back to win the next two-and the

The defending champions, having such stalwarts as Dick Callahan, Bob Brown, "Moose" Mix, Don Roland, "Tot" Woolston, and "Flea" Phillips, left the outcome of the second meeting with the Vets in no doubt, as they downed their opponents handily. The actual scores were not kept, only the re-

Vets Better Position The Vets bettered their position

of a year ago, when they ended up third, by taking second place. Murder, Inc. was third, and a surprise freshman team was fourth, the Llewof's (Foxwell spelled back-

were other freshmen There teams in the league, but none except Foxwell was branded as such. This is how the Spikers started (as freshmen) and is the best solution for a better intramural league. Teaching of the funda-mentals in gym class would benefit many players, also.

many players, anso.

Softball To Start

Looking to the future in intramurals, there are several newsworthy topics. In a month, the worthy topics. In a month, the softball intramural league will begin. It will start as shortly after Day Light Saving Time begins as possible, with games being played on the weekdays in the evening. The days and the amount of games a week will be determined by the

to set up a round-robin soccer league with teams participating on a class basis. The games will be played on the days that the varsity soccer team is away. be played on the days that the varsity soccer team is away. Another possibility, says Coach Don Chatellier, is a track meet in the fall for Freshmen and Sophomores. This will be a one day affair which will afford him the chance to discover new talent for his track team as well as being a means of competitive sport.

Don Clausen and Jim Hand.

Turning to the pitching staff, we have a better situation, possibly, thon with the other positions. A rice sten heads the group ead and be considered the top hurler. All Rayne shows promise as a starter and veterau Roy Hendarching the constitution of the control of the contro

Coach Kibler, as always, will not commit himself as to the strength, of his team. Instead, he gives us a general outlook when he said, With the team that we have, barring injuries, we should make a good showing. Injuries could hurt because we haven't got any denth.

Not Much Depth

A good look at the team shows us what Coach mean. With a few exceptions, the first string cannot be completely replaced by near equal players if the aituation arises at any given position. Some of the replacements have the potential but cannot be completely counted upon in an emergency.

Beh'nd the plate we have Bob Bragg who, eppeared in center field last year. Bob hes done quite a bit of catching in his time and is e good hitter. Ha can came up with that extra base hit at times and is a good besa

In the infield, "Moose" Mix is the only first baseman on the team. He is the top hitter from last year and covers his position very well. His hitting and fielding will win

games.

"Flea" Phillips, a sophomore, takes over second base this year and should be great. A spray hitter, he is a good hit and run man and can use his speed well.

Veteran shortstop "Gna" Skordas pakes the duplle play conhibitation. makes the double play combination a top role along with "Flea". He finished above .300 last year and should do as well again.

Goodman Returns

Returning after a year's absence, third sacker Shelley Goodman makes the "hot corner" even hotter with good fielding. No less competent with the bat, Shelley should be one of our top guns at the plate.

These are all good men and they make np a very bright infield. However, only Don Roland and Don Davenport can fill in for the starters, and they are in the starting outfield, (tentatively). a week will be determined by the mumber of teams participating.

Next fall there will be an attempt to set up a round-robin soccer league with teams participating the fastest, and both are good hittens. Don Miller holds the other terms. Don Miller holds the other terms and the same also have als Don Clausen and Jim Hand.

Annual Clash With Navy Gets Schedule Underway

On Saturday, March 29th the W. C. "stickmen" will meet their first league competition of the 1958 lacrosse season with the midshipmen from Annapolis. This game will probably be the most rivaled and helf it is spring. With many veterans hack and many promising newcomers to the sport, the W. C. lacrosse team can bring home a victory and put down the Navy ten. Although Mother Nature has put a crimp in our style in the form of snow, team-work and student spirit can hurdle the conditioning obstacle created by the weather.

Stickmen Lose Terp Contest

by Dave Walker

On Saturday, March fifteenth the lacrosse team traveled to College Park, Md. and we got our first look at Coach Kelley's boys in action against the Maryland Terps.

W. C.'s highly touted group paced by the returning All-American Joe Seivold, ran up six goals to Maryland's eleven in four quarters of scrimmage. The Terps, who were ranked number two in the nation last year, got off to a fast start by scoring four quick goals in the first period. It wasn't until the second quarter that the Sho'men settled down and began to match the Terps shot for shot.

In general, it seemed that Maryland displayed better team play than the Sho'men did. W. C.'s atwas equally as effective, but it appeared sporadic as some of this seasons new-comers have not had sufficient time to familiarize themselves with one anothers playing habits. The Maryland team also appeared in better condition than did the Sho'men. This edge in conditioning, plus superior re-serve strength, was a big factor in determining the outcome of the scrimmage.

Moore A Standout Ball hawk, Herby Moore, looked sharp as he came up with twenty saves for the afternoon. The veteran goalie also did a fine job in clearing and in broken field play.

Tommy Allen and Joe Seivold sparked the W. C. attack as they accounted for four goals and five assists between them. The flashy midfielder, Seivold, fired three shots into Terps nets with assists from Allen who in turn tallied one goal on an assist from Seivold. Seivold fed co-captain Bill Lit-singer who scored and who also assisted Mickey DiMaggio to one

New Defanse Unit Coach Kelley's brand new defense held up well under fire. Curry, held up well under fire. Curry, Jumnings, Brandenburg and Mills showed good signs; and Mr. Kelley the W. C. "Stickmen" on to a feels that this year's defense will he much tougher than last year's. napolis".

Jee Seivold, All-American mid-fielder, claims that W. C. has "a good chance" to get Navy's goat. Outstanding freshman defenseman from Severn, Lee Curry, feels that there is "a very good chance to win" if we can control the hall and play our type of game". Goalie, Herb Moore will stop anything theory his year. "He says "these!" play our type of game?' Goalie, Herh Moore will stop anything thrown his way. He says, "there's a 50-50 chance that we'll win and, if we don't win, well at least have had a good showing. Bill Lit-singer, sharing the co-captains spot with Joe Seivold, says, "if we're ever gonna beat 'em, this will be the year."

Field House Is Big Factor

Navy this year has a lacrosse team which is reported to be quite good. Chuck Buck, playing in the attack position for W. C., says, "Navy's huge fieldhouse may have given them an advantage during the snow for staying in shape." Dick Callahan, skillful sophomore midfielder, makes his home in Annapolis as do six of the starting ten men on the team. Dick wants to remain optimistic even after the snow, but he says, "Navy should be in better shape and in addition have a more experienced bench. However, being from Annapolis gives me more incentive as I have no great love for the Navy. A good turnout from W. C. could make the difference between a win or a loss."

This year Annapolis has sent us two veterans home from the wars; "Mule" Jennings and Micky DiMaggio. Mickey thinks that we "get smashed because Navy could "get smasned because Navy is probably practicing right now in the snow" but, he thinks there could be a lot of smashing done in the other direction as well. "Mule" the other direction as well. says, "If we lose this game, I'm movin' out of town." Buzzy Brandenburg, a Severn grad from "Mid-die City", wants to "give Navy the hardest game they've ever seen." Tommy Allen, a seasoned attackman, may side with Dave Walker who says, "I'm gonna stay up all night Friday so I can be mean on Saturday.

We don't all have to stay up on Friday, but we can most certainly all get out to the game to cheer the W. C. "Stickmen" on to a

NUMBER 10

Religious Week Program Begins April 27

Dean Doyle Resigns To Take New Post

Will Leave Chestertown Downs, Gates For Springfield, Mass.

Dr. Joseph Doyle, dean of the college and professor of literature since 1953, has resigned his Washington Col-

lege post to become academic dean at American International College, Springfield, Mass.

His resignation, effective this summer, was announced to the faculty April 14 by President Daniel Z. Gibson. Dr. Gibson said that he knew his colleagues would

join him in expressing to Dr. Doyle their congratulations and appreciation for the work he has done for Washington College.

Dr. Doyle came to Chester-town from Columbia University, where he had earned his doctor of philosophy degree and served as a member of the English department.

Prior Experience

His prior teaching experience His prior teaching experience had been at Peekskill Military Academy, Columbia College of Columbia University, and Washington and Jefferson College.

Dr. Doyle received his bachelor degree from Princeton in 1937, and a master of arts degree from Columbia in 1941, with first honors.

gree from Colu with first honors.

During World War II, he served as a Naval officer with the Eighth

He has published several articles and papers. He is active in the American Association of University Professors, Modern Lauguage association, and Col-

Laggage association, and College English association.

The Doyles have one daughter and one son. The family expects to locate in Springfield this sum-

ISC, IFC Dances fraternity or soroity. The third song will be chosen by the competing organizations.

The Inter-Sorority Council and The Inter-Sorority Council and Inter-Fraternity Council dances will be held on May 3 and May 10 respectively. These dances, attended only by members of the sororities and fraternities, will both he held in Cain Gym from 9 to 1.

The Panhellenic Council has engaged the Lynn Engh Quintet, from Salisbury, to provide the music for the Inter-Sorority Dance. honor of spring. Marty Jewett is chairman of the decoration com-mittee, while Bobba Norton and Joan Waldeck head the refreshment and clean up committees

The Inter-Fraternity Council has contacted the Braydon Didenour Orchestra, from Baltimore, for the Inter-Fraternity Dance. Decorations and committees have not

Vice president of Zeta Tau Alpha In announcing Mr. Morgan's this year by the S.G.A. will be held in front of the Bunting Library, Friday, May 9, at 8 P.M.

The program will consist of three songs by each fraternity and sority. The required song for the fraternities will be "This is My sorority and president of the Art Club, Anne has been active in administrative posts for some time. Country", and the required sorority song will be "Blue Skies." Each From Towson Catholic High School, Anne is a psychology major.

Running unopposed, Joan Waldeck is the new treasurer. A junior, Joan is a member of Zeta Tau Alpha sorority.

Weeks Theme To Be "Can We Accept God"

A Religion-in-Life program, which is intended to make the college students more aware of God in their daily lives, is being revived on the Washington College campus. The program is to start on Sunday, April 27, and terminate on Thursday, May 1. The theme of this program is "Can We Accept God."

On Sunday, April 27, the clergymen of various churches in Chestertown will incorporate the theme of the

Religion-in-Life program in their sermons. The churches partici-pating and the hour of their services are:

Trinity Lutheran Church-11 a.m. Emmanuel Episcopal Church - 8 a. m. and 11 a. m.
First Methodist Church—11 a.m.

Sacred Heart Church-10:30 a.m.

Sacred Heart Church—10:30 a.m.
On Wednesday, April 30, there
will he an open meeting in William Smith Hall at 7:30 p. m.
for all those who wish to take
part in the program. The principal speaker for the program,
Rev. Fred Bruce Morgan, will
then be introduced. Rev. Morgan is Assistant Professor of
Bible and Religion at Wilson
College, Pennsylvania.

Meetings on Wednesday

From 8 p. m. to 8:50 p. m. oo Wednesday, the various religious clubs on compus will meet in separate rooms on the second floor of William Smith Hall to A student need not be a member of a religious club to attend these discussions.

After this discussion hour, there will be a "coffee hour" in the lounge of Minta Martin Hall. Refreshments will be served, and the atudents are urged to compare the conclusions reached during the discussion hour.

Convocation on May 1

There will be a convocation to William Smith auditorium durin William Smith auditorium dur-ing the assembly period on Thursdey, May 1. The Rev. Morgan will then address the student body on the theme, "Cao We Accept Gcd."

Guest Speaker

Rev. Morgan

The Reverend Fred Bruce Morgan, assistant professor of Bible and religion at Wilson college, Chambersburg, Pa., will lead grem, "Can We Accept God." lege, Chambersburg, Pa., will lead

appointment, James L. Bowers, director of public relations and chairman of the Religion-in-Life committee, said that the committee was "pleased to be able to secnre Rev. Morgan. He has an ont-standing reputation as a speaker and counselor to college young people."

THINK then VOTE

The election of the 1958-59 officers of The election of the 1938-39 officers of the Student Council is just the first of several class and organizational elections to come up soon. In a school the size of W. C., the number of petitions turned in by hopeful office seekers was shamefully low. It seems that not very many people are interested in assuming leadership and the interested in assuming leadership and the honor of an elected office — an experience that means time away from bridge or T.V. and requires effort which doesn't show up when grades come out, but which, nevertheless, is a rewarding, maturing experience in human relations and responsibility.

Of course not everyone has the time or talents to accept an office, but that is no excuse to be indifferent to participating in an election. Why is it that the same

in an election. Why is it that the same people who can't spare a minute to cast a vote are the first ones to complain loudly

wote are the first ones to complain loudly about the way things are being run?

The per cent of the campus that does wote should remember, too, that elections are not meant to be a popularity contest—candidates should be selected with an eye on past performance and ability to do the job well. Many people have been wanting more student responsibility in campus activities, and the election of competent leaders is one way to achieve this. After all, class and organization leaders repre-sent all of us, and pride alone should be an ample incentive to think and vote.

Farewell To Dean Doyle

The announcement last week of Dean Doyle's resignation has been met with mixed emotions on the part of students, faculty, and staff who have known him and his work since he arrived on the Chestertown scene in 1953.

Although we regret his leaving Washington College, we are happy for the opportunity his new appointment provides. For American International can now reap the fruits of his tireless efforts to improve the standards of higher advantages as her

the fruits of his tireless efforts to improve the standards of higher education as has Washington in the past five years.

With President Gibson, Dr. Doyle made the one-two administrative punch that has brought the calibre of the Wash-ington College program to even greater heights. The combination of their un-

heights. The combination of their unlimited energies, superior backgrounds, and profound educational philosophies has given Washington College a new place of distinction in the academic world.

In addition to his many accomplishments in our curricular affairs, the Dean has done much for faculty morale, and his friendly, winning personality has been a genuine asset to the administrative staff.

Dean Doyle has made his mark on the

genuine asset to the administrative staft.

Dean Doyle has made his mark on the
academic progress of our Alma Mater.

With him go our good wishes for as successful a term of administrative endeavors
in Springfield.

Senior Spotlight

Clarke, Buck Lead Athletes

by Judy McCready

seniors who have tinguished themselves as athletes during their four years at Washington College, Bea Clarke and Chuck Buck, share this week's "Senior Spotlight". Baltimorean Bea Clarke has participated tennis badminton, and basketball here in college. This year she acts as gym assistant to Miss Bell and as president of the Girls' Intramural Athletic Association. member of Alpha Chi Omega Sorority, Bea has held the offices Chi Omega of secretary and trasurer. In addition to these activities, Bea

Bea Clarke

has been secretary of the Martin Hall House Council, class treasurer, and a member of the choir for two years. A psychology major, Bes would like to do social work in Baltimore after graduation. Chuck Buck, also a Baltimorean,

has been a member of the varsity lacrosse team during all of his four years at W. C. In recognition of his ability and skill, Chuck was

Chuck Buck

given honorable mention in the 1956 and 1957 All-American La-crosse teams. Initiated into the Varsity Club in his junior year, Chuck served as its treasurer. He was also a Lambda Chi pledge for two years and a member of the Pep Baud. On June 21, 1958, Chuck and senior Carole Christian-sen will be married. In the future Chuck hopes to utilize his eco-nomics major hy pursuing a career in personnel or public relations in

Inquiring Reporter

by Sue Kemp

Just recently the S. G. A. ans-wered "Yes" to a much discussed unlimited cut system for all upperclassmen. Some comments from W. C. students when ask-ed whether they thought that the system would benefit the students were:

JOAN SILVER: Yes. I think the unlimited cut system will be the unlimited cut system will be very beneficial to the student because it will give ns more responsibility. Besides a sense of honor which would not permit us to abuse privileges, most of us are here for an education and consequently will go to class whether it is compulsory or not. is compulsory

JIM BARNES: 1 am definitely not in favor of it, because the majority of the students are not mature enough to accept the re-sponsibility of the unlimited cut

JANE SMITH: It would give the students more opportunity to make their own decisions. They would have to rely on their own judgement rather than that of the administration.

SKIP KLAIR: No. I do not feel that the majority of the student body is intelligent enough.

DAVE REMINGTON: The new unlimited cut system for upper-classmen is a step forward in adult training. However, how beneficial the system will be will depend upon an individual and his adult attitude. It takes money to make money, and, possibly, it will take adults to make better

President's Corner Emotions In Teaching

by Pres. Daniel Z. Gibson

In the last issue I told a story of Lord Kelvin, one of the great teachers of all time. Jacques Barzun, Dean of the Graduate School of Columbia University, and himself a great teacher, tells of another whom he does not identify hy name but only as representing a nicety in the fine art of teaching.
"Teaching," says Barzun, "is not a process, it

is a developing emotional situation. It takes two to teach, and from all we know of great teachers the spur from the class to the teacher is as needful an element as the knowledge it elicits. In its most advanced phase, even the forbidden fault of thinking aloud becomes the most desirable product of the occasion. William James used to be so stimulated to original thought in class that his mind would race shead of the subject, he would have to interrupt himself end ask the group, What was I speaking about? Here the very disconnection and break of form becomes the highest virtue, leaving mere correct.

becomes the highest virtue, leaving mere correctness and continuity for behind.

"But always, if the 'sympathy of mind with mind' is to play its role, the teacher's utterance must fit and therefore cannot be premeditated. For this reason, a quick wit can achieve results heyond foretelling. I recall a class in comparative literature in which the lecturer began by dwelling on the magic importance of words in the history of the race. 'Primitive man,' he said by way of illustration,' will never tell you his name, for fear you will use it to cast a spell by way of illustration, 'will never tell you his name, for fear you will use it to cast a spell ou him. He will not repel but evade your ques-tion.' At this point, the speaker pansed and looked at a student sitting with his head hidden

behind an open newspaper.
"'What is the name of the gentleman in the

back row reading the peper?"
"Down came the sheet. "Who, me?" "'Gentlemen, what did I tell you!""

Alumni Fund To Have Drive

The Alumni Fund commences its fourth year at Washington College: Last year the Alumni Fund gave \$15,274.65 to the college and the goal for this year is \$17,500. At present the college has received \$3,301.87.

There is to be a concentrated drive among the Alumni during the months of April and May. The chairman of this fund is W. E. Griffith ('24) who is Pres-W. E. Griffith ('24) who is Pres-ident of the Maytag Sales Co. in Philadelphia. Serving as vice-chairman is Dr. Philip J. Win-gate ('33), Assistant Director of Manufacture of duPont in Wilmington, Delaware.

The principal purpose of the fund for this year is to improve Bunting Library and to raise faculty salaries. One of the aims for this year is the hope of ohtaining higher participation among the alumni. In 1957, 15% of the alumni participated. The executive committee is holding their annual meeting on Saturday, April 20 at the Hotel duPont, in Wilmington, Del.

Dean Hill Announces Student Loan Fund

The Dean of Students has an nounced that the College has, through the generosity friends, established a Loan Fund. This Loan Fund will be available to juniors and seniors whose academic performance has been acceptable. Any junior or sen-ior is eligible to apply. He must show evidence of need, and evidence of his own responsibility in that he should demonstrate that he has been willing to work to help support himself and to gain his education.

The maximum losn to any sta dent in any academic year will be \$250.00. The total amount be \$250.00. The total amount that any one borrower may borrow cannot exceed \$500.00. The loan will be interest-free while the student is still in course of study and will carry a minimum rate of interest upon his graduation from the College or his separation due to any other cause. Repayment will begin er cause. Repayment will begin after a waiting period of 50 to 90 days after his separation from the College and may be in a lump sum or by regular instellment payments.

Students who are for some reason not eligible for acholar-ship grants or who find that they are in need of additional funds to supplement grants ceived from the College or from other sources are urged to consider and take advantage of the benefits of this Loan Fund.

Bob Colburn-congratulates Charlie Downs and Dong Gates on their election. See story on page 1.

S. G. A. Sends New Cut System To Faculty For Approval

Proposed revision of the W. C. cut system have been submitted to the faculty for final consideration, these revisions were introduced to the Student Connoil by Anne Matthews after a study of systems in other colleges. The S.G.A. submitted the revisions after considerable debate.

The cut system suggested by the Student Government Council includes the following:

Library Adds

The Washington College Li-

were donated to the library by Mr. William Fahnestock, Jr., of

Mr. William Fannestock, Jr., of Readbourne, in Queen Anne's County, and originally helonged to a collection owned by Mr. Fahnestock and his father.

These books will not be placed

Contects of Collection

three-volume edition of Mon-taigne's Essays, twelve volumes of Ibsen's plays, four volumes of

Need A Job?

Looking for a Summer Job? Finding them more difficult to acquire? Perhaps you, too, have found this "recession" not

just newspaper copy. Check the listings in Dean Hill's of-

fice . . . perticularly the

Camp openings. Quite a few good positions still available!

collection includes

Collection

1) Freshmen remain under the present system, except that au-tomatic feilure for overcutting will, instead, be replaced by a drop in one letter grade for each over the limit.

2) An open cut system for all upperclassmen.

3) Continue the policy of issuing mid-semester reports.

4) That the above suggestions

be in effect for a trial period of one semester.

The reasons for this proposed system are best stated by Bob Colborn: "I think that by the time a student is an upperclass-man in college, he should be given the responsibility of deciding for himself whether or not he will attend class. I hope that the faculty will give us a chance to discuss the proposals with them." It is now up to the faculty.

Representative Primaries Set

April 30 primary elections will be held for the office of Class Representative to the Student Covern-

To be eligible to run for Class Representative, a student must have a cumulative 1.000 index, and Historians. must file a petition supported by thirty student signatures with the S. C. by April 28. The finals will be on May 2. Two representatives from each of the four classes will be elected.

It is the job of these Representatives to aid the Student Council in any way possible, by serving on committee's, helping with elections, and offering suggestions on activities of the Student Council as well as the S. G. A.

of lbsen's plays, four volumes of Victor Hugo's plays, Plutarch's Lives, the Diary of Samuel Pepys, a collection of Shakespeare's plays, and the twenty-four volumes of the Waverly Novels by Sir Walter Scott. Revised Constitution Up For Ratification

The Student Government Association has been working on a new constitution since last fall. The present five-year-old constitution contains many weaknesses, and great-ly limits the work of the council.

The name of the governing body will be changed from Student Government Association (S.G.A.) to the Student Senate. There will be four senators from each class, instead of the present two council representatives. The new senate will consist of a total of twenty-one members: four from

each class, president, vice-president, secretary, treasurer, and faucity adviser.

Dr. Gibson Announces The elections of the executive officers will be held in the spring. The officers-elect will not take over their official duties until the Promotions

Three members of the faculty have received promotions, effective

President Daniel Z Gibson has announced the following advance-

Dr. Ester S. Dillon, from associate professor of Spanish language and literature, to full professor and head of the department of lan-

guages.
Dr. Gerda R. Blumenthal from assistant professor of French, to full professor.

brary recently received a private collection of approximately seven hundred books. They Dr. Robert L. Harder, assistant professor of philosophy and re-ligion, to associate professor. Mrs. Diliion succeeds Dr. George

G. Rathje as chairman of the language department. Dr. Rathje resigned from the faculty in 1956. Dr. Lawrence C. Ford has been acting chairman.

in general circulation, but will become the nucleus of a special collection. A number of them will be displayed at Commence-ment as examples of acquisitions Visiting Choir Gives Outstanding Performance

In the year's outstanding assembly, the Genevans, a capella choir of Geneva College, Beaver Falls, Pennsylvania, presented a concert to an unusually appreci-ative audience April 17. With a varied program ranging from traditional to "State Fair" by Rodgers and Hart, the choir also featured a special group of madrigal singers.

The assembly was part of the 40-voiced Geneva group's southern tour. Under the direction of Harold William Greig, they will range as far as Vero Beach, Florida. In previous years, the blazer-wearing Genevans have traveled in twenty states in the Mid-Western and Eastern portions of the county.

beginning of the fall semester.
The new constitution requires
that candidates for the offices of president and vice-president must have served as senators for at least one full year. This is hoped to keep the senate operating efficiently.

Election of senators will

held the second Thursday after the beginning of the fall sem-ester, simultaneously with class elections. Freshmen senators be elected the second Thursday after the beginning of second semester. The vice-president of the senate will act as representative of the Freshman class until their election in February.

Radical Change

Radical Change
The most radical acd favored
change of the constitution is
the revision of the Judiciary Appointments Committee which tries cases of academic nature. Under the provisions of the new constitution, there will be six student members, four faculty members, and an adviser. The members, and an adviser. Ince revised committee will consist of more permanent members, and two rotating members. The roll of rotating members will be list-ed alphabetically. The refusel or volunteering of members oo this board will automatically involve dismissal from it. The new judiciary system is set up such that there can be no fraternity influence by the rotating system. Six positive votes will be accessary for the conviction of the accused

The council voted unanimously in favor of the new constitution.

After a complete explanation of the new constitution at an assembly April 24, the student body sembly April 24, the student usey will further the process of ratification. If the new constitution is ratified by the student body, it will then be presented to the Student-Faculty Committee on Student Affairs for inspection. President Gibson's signature will make the document official.

Funkey Selected Dreamgirl

Aone Funkey

The members of Theta Chi chose junior Anne Funkey as their 1958 Dream Girl at the fraternity's annual dance held in Cain Gym on Saturday evening April 12. Anne was presented with a trophy by Tommy Eshman, OX president, and serenaded by members of the

Vice president of Zeta Tau Alpha sorority, Anne is also president of the Art Club. She has twice been secretary of her class, and three times a member of the Court at Homecoming. Secretary of the Newman Club, Anne has also participated in girls sports at W. C and is an avid spectator. A psychology major, she came to W. C. from Towson Catholic High

Haaker Directs Concert By Virginia Symphoney The Virginia Symphony Orchestra, under the baton of William

Haaker, distinguished American pianist-conductor, appeared on the

Washington College stage, Tuesday, April 22.

The concert was part of the Virginia Symphony's unnual spring tour. The orchestra is presenting numerous concerts throughout Virginia, Georgia, the Carolinas, Pennsylvania, and Ohio.

Talented Conductor

Mr. Haaker, although still in his late thirties, has been appearing at the helm of symphonic ensembles for twenty years. His first appearance as the conductor of a full symphonic ensemble came at the age of sixteen, when he led the Orquesta Iturbi of Mexico. A piano artist in his own right, Mr. Haaker has appeared in two Town Hall recitals in his own right, Mr. Haaker has appeared in the Lettown included one and in Boston's Jordan Hail. His program in Chestertown included one of his own compositions, "Love Psalm," which was first produced gym

Feat

Last summer Roy Henderson pitched some batting practice for the Washington Senators when they were playing at home. Through this experience he picked up quite a few tips from the pitching staff. These tips really seem to be paying off this season. The six foot four inch North Western High product has allowed only two hits in fonrteen innings thus far this season, and has an earned run average of .000. Henderson, like his team-mate Arnold Sten, is interested in pitching professional baseball. Both have proven themselves as top-notch college pitchers thus far this year, and if they continue to produce such good results, both men may find themselves in the minor league before this baseball campaign is concluded. We wish them the best. Last summer Roy Hender-

Stickmen Exhibit Power
This spring the Sho-Stickmen
havedistinguished themselves once again as a powerful team. After losing to a deep and experienced Navy team, they have hounced back with two hig triumphs. Along with these victories have come some outstanding team and individual play. In the last two games they have outscored their opponets 56 to 1. They scored an unprecidented 30 points against the Delaware Blue Hens. Individually, Joe Seivold has scored 19 goals in the first games, while scoring as many as ten in a single contest. Tom Allen has totaled up 26 assists in the three games. Allen had 42 assists last season. Both of these men are recieving national recognition for their offensive ability. Defensively Herbie Moore continues to amaze the fans with his seemingly impossible saves in the goal.

Diashyn And Liberman Ster In talking about spring sports and outstanding athletes it is impossible to overlook Mark Diashyn of the track team and Tony Liberman of the tennis team. Diashyn has scored a total of 40 points in ad for the Sho'mer the first two track meets of the to a winning start. season. He has six first places for a total of 271/2 points. Over on the tennis courts Liberman is just as outstanding. As the number one player on the team the little Philadelphian has had very ilttle trouble in his first two matches. He defeated Pruce of Towson 6-1, 6-0 and Metz of American University 6-3, 6.. He has not played two of his hardest matches, but his record thus far gives some indication of his ability.

This year the baseball team has

scored 53 runs in 52 innings and have allowed only 2 runs to be scored aginist them in as many innings. This is an ATHLETE'S

Point Getter

In the recent P.M.C. track meet above, netted a total of 21 points. founding of the college.

Athlete's Stickmen Crush Hens

Split Netters Opening Matches

The Washington College Tennis Team under the able coaching of freshman, player-coach Tony Lieberman has made a Tony Lieberman has made a somewhat favorable opening in its first two matches.

Freeman Sharp

Sophomore Freeman Sharp Sophomore Freeman Sharp shown above in his basketball uniform has shifted his athletic abilities over to tennis this spring in an attempt to strengthen the netters' squad. This is Sharp's initial attempt at the game but if he improves in the same manner as he did in basketball he will be a definite asset to Tony Lieberman's charges.

In the first outing at Towson State on April 14fi, the netters easily emerged victorious, 7-2, to start their Mason-Dixon Conference play for this season. All but the number two singles and but the number two singles and the number three doubles match-es were captured by the hard-working netmen. Singles wins by Lieberman, Jim Lewis, Dave Collins, Tom Butler and Marty Levin were all that were need-ed for the Sho'men to get off

On April 16, on W. C.'s own ourts, things looked different courts, things looked different against American University. After an easy win by Lieberman over Metz, of A. U., 6-3, 6-1, and a marathon, 7-5, 11-13, 6-2, win by captein Jim Lewis, the A. U. Netters took over to down W. C. 6-3. However, it should be pointed cut that American U. is considered to be one of the toughest teams in the Confer-

Future Metches
The tennis team's next tw
matches are against the to
teams in their respective div. sions last season. These ar Western Maryland at home o April 22, and Randolph Maco down south on the 24th. It hoped by all that Lieberman wi lead the netters on to a sucessful season.

Sho'men Box Scores Sievold Scores Ten As Sho' Team Triumphs

Last Wednesday Don Kelley's boys came roaring back after a hard taken loss at the hands of Navy to crush a rugged University of Delaware ten with a record-breaking effort of thirty goals to the opposition's seven. This new school record surpasses any national collegiate, single game, team effort of last year; and it will probably stand as the best team effort of the 1958 season.

Scivold, Allen, Pece Once again Tommy Allen and Jee Seivold joined forces to run the foe ragged. Scivold showed the home game crowd why he may well be the finest collegiate lacrosse player in America by firing ten goals and also getting three assists. Likewise Tom Allen pulled ten assists and five

although outscoring its opponent in running events, dropped a close 71-55 contest to Penn Military College on Saturday, April 12, as the result of the prowess of P.M.C. in the field events, particularly the weights.

By sweeping the shot put and taking the first two places in the discus, P.M.C. got enough support in the other events for the victory in this first track meet of the season for both teams.

Diashyn Scores 21 Points
The outstanding performance of
the day was turned in by Mark
Diashyn ,scoring 21 of the 55
points for W. C. His best mark
was in the 120 high hurdles which he won in 16 seconds flat. This is the best time he has ever had and is only .8 of a second off the record for a Sho'man. In other events he and Bob Emory tied for first place in the bigh jump at 5'2" won the 220 yard low hurdles in 26.7 seconds, took two second places

Joe Thompson won the two mile run in 10:53.3 and took second place in the mile for Washington's only two places in these distance runs. Pace and Briggs came in second and third respectively in the 880 yard rnn. Besides the high 880 yard rnn. jump, Emory also won the 440 yard dash in 56.6, with Gronse third. Jay Cuccia gave us a third in the 220. In the 220 yard low hnrdles, Eissele showed good form and his steady improvement gave him a second place.

second place.

Picket Wins Eighth Straight
Jim Pickett won his eighth
straight pole vanlt at 9 feet, and
Parson's tied a P.M.C. man for
second. "Skip" Klair had a third in the discns throw to prevent a shutout in this event.

This year's team has improved in the hurdles, the broad jump and the high jump. The sprints are stable, with the shot and the discus needing improvement. Coach Chatellier is confident, though, that these events will come along satisfactorily, combining with the other evnts for a good season

Hopkins Trips Local Golfers

The swinging six found themselves up against a brick wall when Davenport; H. R.—Cardwell, Rebland, Goodman; Stolen bases—Johnson, Goudy, Bragg (3); Innings pitched—Friesland 6, Richards 3, Woolston 8, Rayne 1; S. O.—Friesland 1, Woolston 11; W. P.—Friesland 2, Richards; Passed balls—Clem 2; Winning Pitcher—Woolston (1-0); Loser—Friesland (0-2). Time—2:52.

Solves np against a brick wall when they played John Hopkins thurshow they played John Hopkins tok the tourney with the exception of a few points. Due to the bad weather as much as needed. As a team they hope to prove more in the future matches. The following six were qualified for playing Hopkins: Richard preparing to take on Hopkins.

three assists. Likewise Tom Allen pulled ten assists and five goals from his bag of tricks as he made monkeys of the Delaware defensemen. This stellar performance by Allen brought back shades of W. C.'s great "Hezzy" Howard, who was everyone's all-American attackman in 1955.

Concerning national again, these two performances by Allen and Seivold may emerge as the top two single game at-tack efforts of this 1958 season. In general the game was a complete ront. The Delaware

In general the game was a complete ront. The Delaware team played their usual rough body game, but the side stepping Sho'men rendered the Blue Hen's "red dog tactics useless Dimaggio, Buck, Callahan, Star Indestructible Mickey DiMaggio was all over the field like a bicycle as he bagged six markars and assisted thrice. Chuck

ers and assisted thrice. Chnck Buck got some "mud in his eye" early in the game, but he 26.7 seconds, took two second places in the 100 and 220 yard dashes, and scored a third place in the broad jump.

Shook loose in the second period to turn in a fine four-goal-industrial performance for the day. Dick "Hoss" Callahan gathered three markers as be broke the ice for W. C. in the early seconds of the first quarter.

seconds of the first quarter.
Co-Captain Bill Litsinger and

Unsung Hero

by Bill Miller

This week's unsung hero, a boy who had never run track before coming to Washington, has improved steadily since donning his track unifrom. The fact that Bob has always been running behind the fleet-footed Mark Diashyn has not discouraged him in the least. not discouraged him in the least Instead he has kept plugging and his tenacity has paid off in the im-provement of his running time and the winning of varsity letter. Recently Bob tried his abilities at Broad jumping and came through with a 19'7" win.

Bob is tall and slender and gives every appearance of being a good hurdler. He practices both winter and summer and keeps in good physical shape. According to coach Chattelier such men as Bob are invaluable to his team and

certainly win more recognition in the future. Having scored points in the meets so far this spring he is also on his way to getting another varsity letter. Good luck in your endeavors Bob, from the whole of

liamonders Grab Four Wins

Roy Henderson, Al Rayne, and Arnie Sten make up part of the Sho' pitching staff which gave up only one run in its first five games. The missing member is Tot Woolston.

Stick Opener Goes To Naval Academy

On March 29th the Washington College lacrosse team went against Navy to open the 1958 'stick' season. Un-fortunately we yielded to Annapolis 17-8 but nevertheless,

made things very rough for the opposition.

During the first half W. C. played excellent ball, leading by a score of 6-5 at half time. Navy, however, turned the tables and scored twelve goals in the second half to W. C.'s three. Many reasons for our bad fourth quarter

Managers Choose Honorary Varsity

The Board of Managers met on Wednesday, March 19, and approved the Girls Basketball Varsity, which they selected on physical snape. According to coach Chattelier such men as Bob are invaluable to his team and many times are the deciding factors in the winning of dual meets.

Bob's continuance to improve will be specified by the such as Ellen Jo Sterling, ZTA; Jane Rayner, ZTA; and Ann Cronse, Frosh. Honorable Mention was awarded to forward Polly Ward, Frosh, and Joyce Smith, guard, AXO. Anna Lucy Allspach was selected the most valuable player of the season for the fourth consecutive year.

Ahl Stars For Frosh The girls' baskethall season closed on March 17, with the presentation of the winner's tro-phy to Zeta Tau Alpha, high-lighting the day. The fresh-men defeated the AOPi's by a score of 70 to 21 that day, with Carolyn Abl ponring in 35 points

Carolyn Abl ponring in 35 points for the freshmen. Freshman Polly Ward, totaled 25 points.

The previous Monday, March 10, saw a close game with the AOPi's winning over the independents, 25 to 22. Marty Jewett was high for the AOPi's with All regists while Martha Cornog 21 points, while Martha Cornog scored 12 for the Iudependents.

Whip Towson, Baltimore, and American University

The Sho'men, held hitless for 11 innings in their first game, exploded for 18 safeties on Monday, April 14th, while defeating Towson State, 20-1, in a Mason-Dixon Conference game. Nine of the hits were good for extra bases, including seven doubles and two homers. The four-base wallops came off the bats of Don Roland and Shelly Goodman. Freshman Tot Woolston pitched a brilliant three-hitter in his college debut on the hill. He walked only one man while fanning 11.

Begins Season

The Sho'men opened their 1958 baseball season here on Kibler Field on April 8 against Hofstra from Hempstead, New York. The contest was a well-played, eleven inning duel with neither team pushing across a run. It was finally called after eleven iunings of play be-

cause of darkness. Henderson, Rayne, Sten Gain Tie

Roy Henderson started for the Sho'men and gave up hit in five innings, while strik-ing out seven. Al Rayne rehit in the introgs, the first out seven. Al Rayne re-leived him in the sixth and pitched two innings of shutout, no-hit ball. Arnie Sten went in for the remainder of the game in the eighth. Arnie allowed only one hit and struck out four in the four innings he worked.

10 Innings, No Hits

Joe Laspagnoletta worked ten innings for the visitors and gave up exactly no hits. He was re-leived in the eleventh. The tall southpaw walked four and strnck out 10 in his top notch perform auce. A better job could not be seen often, and to a true base-ball fan, a game such as this is one of the most enjoyable sights in sports.

The excuses for poor hitting In Second Season on our side can be put to the long spring vacation and this game being the first of the new campaign. However, you caucampaign. However, you cannot helittle the value of the per-formance on either side. It was the best. The tie left Hofstra with a 4-1-1 record, and the Sho'men, 0-0-1 in their first

On Tuesday, April 15th, Scoreless Tie Sho'men picked up where they left off against Towson, by taking both ends of a double header against B. U. at Kibler Field.

Henderson Stars

It was veterans Roy Henderson and Arnie Sten who supplied the pitching punch needed to down the Bees. Roy Henderson pitched a one-hitter in the first game while fanning six and allowing no free passes to first. Boh Bragg and Don Davenport each getting a triple contributed the much needed batting nower.

Sten Hurls Three-Hitter

In the second game Arnie Sten allowed only three base knocks, fanned eleven and walked only one man. The second inning was the big one in this game. The entire Washington College lineup batted with Bragg leading it off with a homer.

Shutout To Rayne

On Wednesday, April 16th, the Sho'men continued their winning Sho'men continued their winning ways by soundly trouncing American University 10-0. Behind Al Rayne, who went seven innings, striking out four and walking one, and Roy Henderson who finished up, the Diamouders captured their fourth win. Bragg led the attack with two triples.

Callahan Stars Again

Dick Callahan

Dick, who joined the lacrosse team in midseason last year, has been a real star since donning his nuiform. So far this year he has scored 2 goals against Navy, three against Delaware, and 2 against Swarthmore. He is also one of the better defensive players on the Coach squad

Room Preference To Depend On **Early Deposit**

All students expecting to return to W. C. for the fall semester must have room requests and deposits in to Dean Hill by June 1.

Room reservations will depend primarily on the date at which deposits are made to hold a place for next year in the college. This had been the procedure in the past, but due to confusion last Fell, it is being emphasized. Prefence will given to those who make their

be given to those who make their deposits early.

As a rule, the fraternities make lists of who is to be in their houses. Along with this list, each student must make an individual request and deposit. This is very importent if the group wishes to room as a bloc.

Request forms are evailable in Dean Hill's office. Students have

Historic Kent To Be

On Saturday, May 3rd, from 10 a. m. until 6 p. m., there will be a tour conducted to Kent County and historic old Chestertown. It is the purpose of this tour to visit the many old and beautiful homes, gardens and churches here in Kent County and Chestertown.

Included in the tour will be Hyusou-Ringgold House (1735) which is the home of President and Mrs. D. Z. Gibson; Emmanand Mrs. D. Z. Gibson; Emman-uel Church, where lunch will be served for members of the tour; St. Paul's Church (1692); and King's Prevention, a lovely old 150 acre farm on Lankford Creek owned by Colonel and Mrs. Sterling Larrabee.

One of a Series

The Maryland House and Garden Pilgrimage is a series of tours, sponsored by the Federated Garden Clubs of Maryland, that visit many of Maryland's most famous houses and gar-dens. The proceeds from these tours are used to maintain the Hammond - Harwood House in Annapolis as a museum and for other restorations in the state. These scenic tours last twelve days, from April 29th to May

What's The Score?

Letter Jo The

With the baseball and lacrosse squads having gotten off to such fine starts, it is not unusual to see that attendance at these contests has increased to a great degree. Now that the students are showing the interest that the teams need, I feel that is is high time that they are reimbursed for their support. The biggest mistake that the Athletic Department of Washington College has made concerning their outdoor sports is its failure to put up scoreboards. No matter how exciting or well-played a game may be, it is difficult to maintain adequate interest when the score is known only to the official score-keeper. Many students are unable to attend an entire game due to classes. Scoreboards would eliminate guessing and the general confusion shown by the fans at these

outdoor contests.

Let's not show favoritism to basketball. I feel that the calibre of the spring sports teams has improved enough to warrant the placement of scorehoards on the athletic fields.

Editorially Speaking

New Appointments

This issue of the ELM announces the 1958-59 appointments to the posts of editor and business manager of both the Pegasus and the ELM. To Fred Boutchyard, Bob Moore and the rising junior class go our warmest congratulations and best wishes in carrying out the new program for the yearbook's publication. Putting a yearbook together is no easy task, and will be especially difficult in view of next year's proposed early publication date. We sincerely hope that Fred and Bob's interest and enthusiasm will be shared by more than just a handful of students to fill out the Pegasus' staff and produce a memor-This issue of the ELM announces the the Pegasus' staff and produce a memorable W. C. yearbook.

Hard Work Shows

Sandy Sandison is already doing a good job as news editor of the ELM and Ron Dratch has proved he is adept at handling the books for the paper. The past per-formances of their duties has been much

formances of their duties has been much appreciated and indicates another good year for the ELM under their leadership.

The ELM has shown a noticeable improvement during the past year. It has seen the largest number of pages ever published in its history as well as the emergular than the second of the second gence of two eight-page editions for the first time in the history of the college. There have been many favorable comments There have been many favorable comments on each issue by members of the faculty, students and alumni. This commendable record has only been achieved by the unselfish devotion of many long hours to its preparation by every member of the ELM staff, as well as the cooperation of many students and faculty members.

Special thanks go to Bill Miller, Sandy Sandison and Jane Rayner for their unfaltering interest, enthusiasm and pride in the ELM's appearance. Many innovations as to content and layout were begun under the editorship of Toni Stallone

begun under the editorship of Toni Stallone who succeeded in showing that a W. C. newspaper could take its place with the best of them. The ELM will forever be indebted to its "benevolent advisor", Jim Bowers, who has been tireless and most generous with his advice, comments, and invaluable encouragement to the editor and

SOMETIMES THEY GET PRETTY INDEPENDENT WHEN THEY GET HOLD OF THAT DIPLOMA?

SPOTLIGHT ON TWO SENIORS

by Sue Kemp

Shocks and Anonymous Chris Leave Dear Editor,

CAROLE CHRISTENSEN

Our first spotlight shines on Carole Christensen from Silver Spring. A Zeta majoring in psychology, Chris hopes to go into personnel work involving mental testing and to work with the juvenile court systems.

Having been President of Pan Hellenic Council, a member of the college choir, cheerleader for three years, a Homecoming Court representative for three years, a member of GIAA, Lambda Chi Crecent Girl, and an active participant in sports, Chris has contributed much to Washington College during her four years here. This cute carret-top is now looking forward to her marriage on June 21 to lacrosse player Chuck Buck

BOB SHOCKLEY

The spotlight now falls on Bob Shockley, a senior from St. Michaels. Bob is a member of Phi Sigma Kappa of which he was treasurer and president. He has been a member of the choir for two years and served as its vice-president for one year. This year he also held the position of president of the Wesleyan Club.

The Zeta Dream Boy this year, Bob is engaged to Bobbie Dew, a '57 graduate of W. C., and they hope to be married in September. is majoring in psychology, and though he has no definite plans, he hopes to work with the personnel in a

Letter To Editor

Bachelors

We the Bachelors of Washington College have banned together for mutual aid and protection from the opposite sex. We feel that to protect

our status this measure is necessary.

Our Motto is "Love them and leave

Our theme is "I'm not conceited;

I'm telling the truth".

Our badge is A Broken Heart

Eligibility for membership is determined by the following:

Single

- Good Looking
- Lover Collegiate
- Popular
- Vow not to go steady
- Owns a gun (to shoot non-members out of the saddle) Never dates a girl more than three
- times in a row (Except under special conditions)
- 9. Would like to see marriage abolish-

10. Dates at least once a week

11.Cannot be under a woman's thumb.

Any bachelor attending Washington College who feels be can meet our qualifications may apply for member-ship Saturday the 1st of June at 12 midnight in William Smith Hall. The anonymous members of the B.A.C will then consider the applicant for membership.

If tentatively accepted, the applicant will be placed under strict observance, and then if the members feel that the applicant is worthy, he will be tapped into the organization.

From the Chief of Publications Relations of the B.A.C.

President's Corner

Are You Penny-Wise And Pound Foolish?

Bill Jones was the owner of a small retail establishment in a growing community. Business was good, even though the competition from larger stores was heavy. He was competent, paid his bills promptly, was liked and respected by those who knew him. Yet the volume of business be could accommodate in his small place waslimited, too limited. So what did he do? He went to the bank, explained his problem, showed how, with an enlarged business, he could benefit personally and also provide a greater service to the com-munity. The bank lent him money to expand his operation.

The parallel between Bill's business and a college education is easily demonstrated. If a college education is considered only a financial investment, omitting all the enormous other benefits it confers on its prosessor and on the society around him, it is good business to make the occessary investment, even if it is necessary to borrow money for the purpose.

Many thousands of college students want and need financial aid. But there are simply not enough scholarto go around, not enough direct aid to care for all who need. On the other hand, thousands of unused dollars are available in loan funds. Yet for some reason students and their parents are reluctant to borrow money to finance all or part of a college education, the soundest capital investment a qualified young man or woman can make. They will not borrow \$2000 in order to earn \$100,000. Yet the average college graduate, during his productive lifetime, earns \$100,000 more than the average high school graduate.

All competent college students, wherever they may be, should think of Bill Jones before dropping out of college because of present lack of money. Talk it over with your parents and with your dean. Don't be pennywise and nound-foolish.

Definition: Seersucker; Someone prone to patronize - Hi Mikki! clairvoyonts

The curious mental processes manifest herein may he contemptuous. Proceed at your own risk.

Being a roving reporter, I invited myself to the Being a roving reporter, I invited myself to the W. C. Players' east party a few weeks ago to see how the drama devotees made merry — and they did. Strains of orchestral slurred melody filled each nook and cranny in the house — Mathews was singing "I Should Have Danced All Night" — and out on the porch roof Caddy made like "Juliet" and emitted superluous dropplets over the balcony rail. Fitz hemitted himself and was aroused only through transcendentalism (what ever the heck that means). Ah to be sure this entertaining array of human fiasooists devoutly

this entertaining array of nuttian massons devolvy indulged themselves in the traditional theater pattern—muffed lines, roles playing and many props.

The Zeta's have nothing on the OX's, While the Zeta's are "Washing That Man Right Out Of My Hair", the OX's will be washing those peas right out of their pants pockets. A spacking brand new super ultramatic automatic washer has been installed in Middle Hall. Yea, and Mrs. Gibson was extremely overjoyed to re-ceive the free box of "New Tide"

Hey, did ya guess what the AOPi's did last week??? My hartiest congrats ta ya'll.

Some kind of 1.F.C. dance this past weekend. fn-

deed "Omar" would have been proud of the group at the dance — and you know f think the recession is over; well the reason I say this is because most of the fellow's oat pockets were bulging — it must have been money — musn't it have been? — Gosh. But the fun really didn't begin until afterwards. The Sigies continued the dance in East. Suggestion; (feel free, thanx) whoever has the downstairs north east corner room, please pull the shades next time. she was cute too — The drag race around the campus was STUPID-endious. Kiefer should audition for Joey Chitwood"s Dare Devil Drivers. Sunday was beach time—a goodly representation appeared with bot dogs, keys, blankets and women. In fin the weekend was a success. It started off slowly, but ended with a bang — (thunder showers - yea, well). - (thunder showers - yea, well).

Meanwhile I understand one of our illustrious students took an nnexpected trip last weekend as though "Man Man" took a local visitor to catch a train and while be used his better manners and carried the baggage on the train away he went to Phillie!! What

does "Sheena" have to say about this trip?

Diggen deep: Happy birthday Bev. Someone suggested a special column for unpinnings —— ch. Exams are just around the corner — a word to the wise; cheating is not sanctioned! Word has it that Coach Kibler has got his eye on Dave Walker for varsity right field —

So long seniors. S'beco great — have fun trylog to find a job — he, he, be, be. See ya'll next year.

6:30, Hodson Hall corporation.

Renovations To Be Minor

This summer, repairs and im-provements will be only the minor and necessary ones.

The largest project will be the Hodson Hall area. The sunken sidewalk on the side of the building will be repayed, as there is an accumulation of mud and water after every rain, cov-ering the sidewalk and gradually seeping into the basement stor age room.

Parking Lot

Plans are in the making to create a circular oneway lene on the Hodson parking lot, for easier manipulation of automobiles. The parking speces themselves will be marked to create more parking space end less confusion.

Paint Jobs

The president's office and several of the dormitories will be painted. The old Theta Chi House on Washington Avenue should be completed this summer for one

be completed this summer for one of the faculty.

Some arrangement will be made to eliminate the unsightly coal pile in back of Williem Smith Hall. Various of the cempus' roofs are now in the process of being repaired from damage. by the heavy snowfalls this win-

Alumni Day Program To Include Seniors

Graduates of W. C. will enjoy a full round of activities on the 74th Alumni Day, June 7. Members of the senior class are invited as guests of the Alumni Association for many of the events. Mr. Bedford J. Groves, alumni secretary, is the program coordinator.

Leading off will be the Seventh Annual Golf Tourna-ment at the Chester River Yacht and Country Club, from 10 a.m. to 2:30. The contest is open to all alumni and male

semost they will compte for five silver trophies and other prizes. At 12:30, the Alumni Luncheon Reid Hall To

will be held in Hodson for graduates. friends, and seniors, followed by the 74th business meeting.

Speaker Planned Mrs. Henry Gratton Duyle of Washington, D. C., who is well known for her work with educational and youth organizations, will address the June meeting of the Women's League of W. C. at 2:30 in Minta Martia.
The President's Reception at Hyn-

son-Ringgold House for seniors, alumni, members of the Visitors and Governors Board, faculty, friends, and parents will be at 4

New Schedule Ends 8:15's

No more groans about 8:15 classes -they're gone. In their place come 8:30's. The fall semester will bring a change in the scheduling of classes. There will be eight classes; starting from 8:30 and running to 3:30. With an extra class added at 12:30, some morning class pressure will be reextra class during the week.

New Lunch Hour

No longer will the old dinning hall hours be in effect. The old schedule was arranged for the dinning hall when meals were still served family style. Now, in order to stop some of the mob confusion, Hodson Hall has a new schedule. Breakfast will be later, lunch at 11:45 to 1:15 and dinner from 5:30 to 6:30. This dinner hour will be a gift to late lab students and the athletic team, Assembly Changed

The new program will also effect a change in the assembly set-up. Assemblies will be at 10:30. This will end the mass stampede to Hodson.

The changes are the result of the oeed for more class time. This new program is to avoid adding another late afternoon class.

Have Counselors

Reid Hall will have two or three resident assistants next year to serve as big sisters to the Freshman girls So far, two Sophomore girls have been hosen, Beverly Burge, a major in Political Science, and Martha Cornog, a major in Sociology. They will re-ceive their rooms free of charge in return for their counseling services.

This is the first time in several years that resident assistants have lived in Reid Hall. Though the boys on campus have had assistants or proc tors, the girls who have come in as in recent years have had none. Since a need has been felt for such assistance from upperclass students, the system will again be reinstated.

Miss Bradley

The Sho'men rehearse harbershop numbers for the Choir assembly, May 22. The quartet members from left to right are Wilson Watson, Charlie Lyons, Bill Caldwell, and Willy Pfieffer. The Sho'men have been an added attraction with the choir on its spring tours.

Choir To Present Last Assembly lhe

The last assembly for this year will be presented on May 22 by the Choir under the direction of Mr. Forney. The program will vary from religious to traditional selections. The selections which will be presented at this concert are those which the Choir presented on its Spring tours.

The first group of numbers will include "How Bright Appears the Morning Star" and "Lord Jesus Christ, Thou Prince of Peace", both by

Bach, "Ave Verum" by Mozart, Palestina's "O Bone Jesu" an "To Thee We Sing" by Tkach from the liturgy of the Russian church.

In the second group of lighter numbers will be "Its a Grand Night for Singing" by Rogers and Hammerstein, Brahm's "May Night", "Listen to the Lambs" by Dett, Tschaikovsky's "Cherubim Song," and three early American folk songs, "The Erie Canal," "The Streets of Laredo" and "He's Gone Away."
Final Tour

On Wednesday, May 7, the mem-bers of the College Choir, made their second tour. This tour lasted only one day, and included two schools in Delaware. The first was Caesar Rod-ney High School, between Wyoming and Camden, Delaware. Dover High School, the second school visited, graduated Mr. Forney, the Choir's

reading committee consisting of Anne Matthews, chairman, Majie Mare, Bert Goldman, Dave Gillio, Bill Caldwell, and Hal Frischman. This committee will select a group of plays as possibilities for production next year.

The final decision will be made by the Policy and Finance Committee of the Players. Future Plans

According to Dick Fitgerald, the aim of of the Players' will be to present not only entertaining theatre, but also, to bring the idea of the out-standing authors to the campus. It is the duty of every serious playwright not only to amuse but educate his audience. The Washington Players' Jan. 22 - End 1st Semester hope to follow in this tradition.

A O Pi, Phi Sig Win Song Fest

Bob Tyson, Phi Sig song fest director, and Mary Jo Moore, who led the AOPi's, clasp the trophies their groups were awarded by choir director Forney in the annual Song Fest competition held in Russell Gym last Friday evening. Miss Russell and Dr. Harder assisted Mr. Forney in the judging. Each of the seven fraternal groups on campus sang three selections and were judged on arrangement, quality of presentation, blend of voices, and ensemble effect. Phi Sig chose "This Is My Country", the fraternal competition song; Phi Sig "Initiation Song"; and "Hallelujba Amen", by Handel. The AOPi's saog, "Madame Jeacette"; sorority song, "The Pledge"; and competition song "Blue Skies".

"And Gladly Wolde He Lerne And Gladly Teche"

by Sue Brunk

I needed no jangling alarm to wake me on the morning of February tenth. My jangling nerves did the job adequately. I eyed the clock job adequately. 1 eyed the clock suspiciously — 6 a.m. One hour to wait — 60 minutes — 3600 seconds - an eternity. 1 pulled the blankets np around my ears, stretched on my back and prepared to relax. Relax toes — relax legs — easy now — 57 minutes — 3420 seconds —

"Actoally", I told myself, "there's nothing to it. You rise at seven, you dress and eat breakfast, and then you're off to school." But here my serenity was shattered. To school, Bot not to the sanctity, sanity and safety of college classes.

For six weeks I was to lead a different life. Gooe were my late risings, leisurely linoches, and afternoon naps. Gone was my spirit of devil-may-care. The clock said 6:15, and I had forty-five minutes to compose myself and transform myself into that awkward species of being halfway between a pupil and a pedagogue. In sbort, I had three quarters of an hour to prepare myself for my role as Student Teacher.

No actor took more pains to pre pare for a Shakespearean play to be presented before royalty than I took that bleak Monday morning to prepare myself for my part as teacher before the eyes of staring, skeptical, and squirming youngsters. I donned my outfit, complete with high heels, and congratulated myself that only once did I look longingly behind at my comfortable loafers which would

And this was my morning ritual My fears gradually sobsided as I realized that I could bide my terrors behind a mask of authoritarian coldoccasionally replace coldness with no immediate disastrous results.

Then, as slowly as the first hour passed the last hour swept by and it was all over. No longer was I in was an over. No longer was 1 in charge of a class. The game was up, the party over, and I was changed back into a mere student. And yet, the change was not, and can never be, complete. And this is one of the things I learned while I was a student teacher.

I learned that teaching can get into your blood. I learned that there truly is an almost indescribable feeling of exoltation and sense of purpose life when something you've presented bits bome. I learned that although I will always be a student in life, I will also be a teacher of some sort. And I learned that I love it!

How can one put into words all the results of an experience which is not entirely objective? Yes. 1 set down in outline form helpful hints and entitle the whole enlightening work "What I Got out of Student Teaching." I could say that I found you must be firm, fair and fearless I could say that I found that you must be wise, witty and w and that you must be calm, capable, and cautious. I could tell you in definite tones that there must be time to build good student-teacher relationships and that twenty minutes is too sort for a lunch period. But there are so many things that I cannot tell you Things that I cannot even tell myself because they are impressions which defy description. Is it a bit pre-mature to say that I have learned that I can teach? Is it not enough to say that I have learned that I want to teach and that I am deter-mined that I will teach?

Cast Will and Testament Our Four

The Senior Class of 1958, being of unsound minds and delapidated bodies, do here-by bequeath their misdoings, griefs, and woes to the poor underclassmen they leave be-hind.

HARRY DUNDORE leaves the editorship of the Pegasus to Fred Bontchyard in hopes that it will be the first W. C. yearbook to be out by graduation.

BOB COLBORN bequeaths the S. G. A. gavel to Charlie Downs who will carry on under the constitution that Bob wrote.

JOE SEIVOLD leaves the W. C. coaches looking for another All-Star to fill his position in soccer, basketball, and lacrosse.

ANNA LUCY ALLSPACH leaves as proof that beauty and brains DO mix! To Bill Miller goes TOM SHORT'S "Athlete's Feat".

BILL LITSINGER leaves his lacrosse stick and position in midfield to Bill Clark. JOHN DAVIE leaves his bad knee to "Flea" so John Leverage will get off his back.

BILL "CLAYT" COLLINS bequeaths his size fifteen feet to anyone who can fill his

KAKIE BRACKETT leaves her knack for getting everything done early to those who always sweat it out the night before.

JOHN McKENNA leaves Dr. Gilman looking for another ride to school. To "Moose" Mix goes BILL ARCHER'S seat in Dr. Anderson's "soc" classes.

TREEVA WISHART leaves to prepare for her triple feature on June 8th—her birthday, graduation day, and wedding day.

JACK KINCAID leaves his ability to be nice to people to Bob Emerson.

JACK MEAGER leaves his thin ankles to "Totter".

JANET and PETE RIECKS leave their apartment on Water Street to Irma McMahan and Bill Miller.

JOHN KRUSE leaves his Bohemian way to Mikki Mahar.

WARNER "ANDY" ANDREWS hequeaths his handy-man tactics to those who wish to take up "do-it-yourself" projects

To Chris Tarbutton goes LESLIE HOFFMAN'S four-year wait for marriage

JIM GEORGE leaves his place in the apartment to anyone who can live with Newt Schellinger

To Emmy Brimer goes MISTI INGHAM'S knack for saying the right thing at the wrong time.

DICK REILLY leaves his place on the rock to Dick Callahan.

SUE BRUNK leaves her 2.5 index to the incoming freshmen in hopes they will be able to stay here longer than this year's class did.

JIM LEWIS leaves his impersonations to Tommy Allen.

CHUCK BUCK hequeaths all the scars he has acquired while playing lacrosse to Mickey DiMaggio

SUE "BIRDLEGS" ELLIOTT leaves her nickname to Kathy Rayne.

CHARLIE STOW leaves Jackie still yelling because he's going in the Marines for only 20 short years.

now begin to collect dust in a dark To Jim Murphy goes CURT MASSEY'S colorful accent.

BILL FLETCHER leaves his size to Mel Hunter, knowing that if they share it, they'll both be just average.

for the remainder of my student teaching. The changes were slight they'll soon have the student body's support. they 'll soon have the student body's support.

To Al Peterson goes BRUCE BEDDOW'S seat at the Bird.

BILL BERNSTEIN bequeaths his Saturday trips to Annapolis to Harrison Pace. ness. The talent of being able to ANN FALLOWFIELD WEBER leaves to prove that teaching and housekeeping do mix raise an eyebrow was a wonderful thing with which to be blest. I also began to find that warmth could To Judy McCready was CAPOLE CURESTEADERS.

To Judy McCready goes CAROLE CHRISTENSEN'S Panhellenic headaches.
REX LENDERMAN leaves his neat appearance to Mau Man.
ED CHACH bequeaths his "japs" to Jim Carey.

CAROLYN WALLS leaves her wardrohe for anyone lucky enough to have that many clothes.

SAM WILLIAMS leaves his freshman laboratory troubles to Bill Shortall.

RODNEY HARRISON leaves his shape to "Tiny" Cleveland. To Ronnie O'Leary goes BOB GILLESPIE'S hlushing face.

DICK LESTER leaves Chestertown with twice as much alcohol as it has been able to keep in stock since he came four years ago.

JIM HUGHES leaves his glasses for John Buchanan.

JOAN HALEY leaves her alarm clock that wakes up everybody else but her to Joan Waldeck in hopes that she will be able to make her 8:30's next year.

To Dave Leep goes JOE HARASTA'S grin which makes all the girls look at him and say, "Ain't he sweet?"!

KENNY BARRETT leaves his quiet, reserved manner to Mule Jennings in hopes. HENRY COVINGTON leaves Dr. Armstrong looking for another minister to major

JACK SHIPLEY leaves his unknowns in chemistry for Johnny Allspach to find. FELICIA YODER leaves Jim Sauter reformed.

BOB HIGGINS leaves in hopes that some of his blonde hair will soon start growing back in.

BOB CLEAVER leaves in June with his B.A. and gets his D-A-D next fall.

BEA CLARKE leaves her middle scarf to Sally Brown.

BOB SHOCKLEY leaves his Zeta cuff links to next year's dreamboy.

ECK KING leavesfinally !!!!

June 21—Carole Christenseo, ZTA,

Years At Washington

hy Betty Warren Kakie Brackett, and Bea Clarke

The class of '58 started their freshman year off with the bang of Hur-ricane Hazel, which cut off both the electric power and the water power for two days. Nevertheless, meals were still served at Hodson, but in those days we had waiters and not this modern cafeteria style of eating. Homecoming, the first dance for us freshmen, was held at the Armory then. First semester was very busy, academically and socially, with the new experience of bluebooks and rushing. In sports our soccer team won the Middle-Atlantic States Championship, and our lacrosse team gained its highest national lacrosse rating placing fifth along with Syrucuse and Prince ton in national lacrosse rating, "B" division.

The Washington Players that year took the play "Harvey" up to Iceland. In the spring along with beach parties came the last two big dances of the year; I.F.C. at the Armory and Intersorority being held for its last year out at the Country Club. In spite of the distracion of spring, finals were taken very serious-ly for most of us liked it here and wanted to be back as sophomores.

In our sophomore year Minta Martin Hall was opened and the boys moved into Middle Hall. The last off-campus dances were held that year off-campus dances were held that year with Homecoming and Inter-Sorority at Rock Hall Fire Hall and Inter-Frateroity at the Armory. Song Fest was won by AOPI and Phi Sigma Kappa with Kappa Alpha placing first in Stunt Night. In sports ZTA won the girls basketball trophy, Joe Seivold placed on the 3rd All-American Lacrosse feam, and Rex Lender-man made the 5th squad of the All-Southern Mason Dixon Soccer team. The college golf team was also started in this year.

At the beginning of our junior year we saw the dedication of the new Frank Russell Gymnasium with Cain Gym being turned over to the girls.

In dramatics the Players staged
a very successful performance
of Shakespeare's "The Taming Of The Shrew" and an equally good per-formance of Juno And The Paycock". In the academic field ODK tapped Henry Riecks and Arnold Sten while in the music field the College Choir made extensive tours to South Jersey, Western Maryland, and various high schools on the Eastern Shore. As winter days passed we saw the fraternities move off of fraternity row to their new rooms in the wing of Somerset and in the dorms on the hill. With spring, off came the ties for dinner and along came the spring dances, Stunt Night and Song Fest.
This year the Phi Sigs won Stunt
Nite, while the Song Fest trophy went
to K. A. and Alpha Chi.

Our senior year began with the Our senior year began with the celebration of the 175th Anniversary of the college. The seniors had a major part in the Anniversary's Colonial Ball in dancing the minnet in colonial costume. After first semester finals the snow really came down causing the calling off of classes for two days. Immediately following the blizzard of '58 came an epidemic of measles. Among the successes of the year were the WUS campaign, the SGA jazz concert, Stuot Night, and the Players pro-duction of "Blithe Spirit." The college choir again journied to New Jersey on a three day tour. Now the senfor year is coming to an end. From hurricans to hlizzards the Class of 58 has had an exciting college life and what was once so far away is now almost over.

Campus News In Brief

The Business Office has announced the resignation of Mrs. Ernest Cooker ly who is the dietition at Hodson Hall.

new home and devote her time to helping her husband in his law work. Applications are now being received for the position for next year.

Dean Doyle flew to the Azores Monday afternoon, May 10th. He is inspecting the Air Force Education Program. Mr. Gardner is substituting for Deao Doyle by taking over the American Literature course.

The Mount Vernon Literary Society's magazine, the Miscellany will be published in the near future. This publication is an annual effort on the part of the society to express the creative imagination of the student

Students interested in seeing the applications of prospective freshmen from their old high schools are invited to get this information from J. Stewart Cox. This information is being made available in order to give the upperclassmen some contacts among the freshman.

New officers have been elected by the Student Education Association at the last meeting. Lois Fuchs is the new president, Herbie Moore, vicepresident; Nancy Weysen, secretary treasurer and Ellen Jo Sterling, historian, publicity. These new of-ficers will plan the meetings for uext semester and will include speakers and topics concerning all sides of the educational field.

The top floor of Minta Martin is in the last stages of its completion. The remaining work consists of laying the floor tiles and installing the mar-ble backings in the two bathrooms. These new rooms are expected to be opened for occupancy next year,

The ODK Honorary Fraternity inducted three new members at an assembly, Thursday April 24, 1958. The new members are Charles Downs, James Murphy, and Robert Colburn. Candidates for the fraternity are chosen for being outsanding in the fields of Scholarship, Athletics, Religi-ous and Social activities, Dramatic Arts, or Publications.

A Lament

With Tears In Eye (And Mug In Hand)

I don't want to join the bloody Army I don't want to go into the war; I want no more to roam, I'd rather stay at home

Living on Maryland's Eastern Shore I don't want to leave this apathy, I don't want to shut the W. C. door I want to mix my brew to drink My college years down the sink

Here on George's pseudo-colonial floor. I don't want to leave Dean Hill,

don't want to leave Dean Doyle, I'd miss my spot at Gibby's bar And thumbing rides to Tolchester

without a car. (Pil even play my cards according to

Farewell to my Alma Mater, Goodbye to all my memories dear, So long Bill Smith, Minta Martin and Hodson Hall.

I'll carry with me a part of yon'all. Auf wiederseben then, till a distant reunion year.

lege are urged to check through their book shelves for any old texts which are no longer being used. The collected textbooks will be forwarded to students in Korea. Three Korean will take place on campus from Wed-nesday, May 14, until the end of final sponsors of this book drive.

Downs In, Colborn Out S. G. A. Plans Program

There was an installation of new officers and repre-There was an installation of new oliters and representatives of the Student Government Association at the meeting Tuesday, May 13. Robert Colborn, the outgoing president, administered the oath of office to the new president, Charles Downs.

Downs then swore in Dong Gates, vice-president; Anne Funkey, secretary; Joan Waldeck, treasurer; and

the class representatives: Paula Dentz, Dave Roth - freshmen; Warren de Frank, Ben Tamini - sophomores; and Nancy Mullikin and Tom Crouse - juniors.

making plans for the next semester, An open cut system is being proposed before the Academic Council for their consideration, a point system is also being proposed before the Council which will limit the number of ol-fices any one student can hold during a year's time.

Lost Books

Much to the displeasure of the organization, a spot investigation of all rooms on campus was recently held to uncover any possible stolen books. The action was felt necessary due to this increasing theft problem. investigation will result if the same camplaints continue to recur. Strict disciplinary measures will be imposed upon the offender.
Study Centers

Students will have access to the rooms of the rear basement corridor of Bill Smith as study centers during the coming examination period.
Regulations regarding the use of these rooms will be posted in all dorms.
Workshop Plans

Plans are now being outlined and presented by the executive committee for a Workshop Weekend at the Col-

lege next semester. Chairmen Picked

The Standing Committee chairmen were appointed for the new Senate. They include: Ben Tamini - Judicial; Tom Crouse - Elections; Warren de Frank - Social; and Paula Dentz S. S. Corresponding Secretary.

The new Senate is busy completing the business of the current year and making plans for the part and Girls' Athlete

Junior Natalie Wadkowski has been named 1958 Best All-Around Athlete, it was announced by Gym Instructor Doris Bell this week.

Natalie is a member of the girl's Varsity teams in both basket-ball and hockey, and is a leading contender in the tennis and badtennis and bad-minton playoffs which are currently being held.

She has been very active in all phases of athletics since her freshman year, and when not participating in girl's sports herself, can often he seen in the stands as an avid spectator. Natalie has also been a member of Zeta Tau Alpha sorority since her freshman year.

According to Miss Bell, the best athlete title is awarded on the basis of the most points accumulated by the girls during the year. These points are earned through participation in all phases of the girl's athletic pro-gram, and are totaled by Miss Bell. Natalie will receive an engraved award during the commencement exercises at graduation.

Students Gather Books for Korea Faculty Suggests New Cut System Changes

discuss the proposed changes in the quested the meeting to get an idea of the faculty's feeling about the changes. Present were Dean Doyle (chairman), Present were Dean Doyle (chairman), Dean Hill, Dr. Dillon, Dr. Gilman, Dr. Reichard, Dr. McLain, Dr. Taber, Dr. Newlin, Bob Colborn, Charlie Downs, Anne Matthews, and Charlie

Faculty Objections

The new system seemed to be, on the whole, favorably received by the faculty although they had suggestions for its improvements and enforcement. Several faculty members objected to the punishment for over-cutting (mark

On Tuesday, May 6, members of the lower one letter grade for each extra Stulent Council met with the cut taken) on the grounds that if was Academic Council of the faculty to an academic punishment for a nooacademic violation. Other suggestions were that the student committee try were that the student committee try to find solutions to the problem of classes un Saturdays and just before and after holidays. The faculty also seemed to feel that the committee should make definite plans for educating the student body on the new cut system and for evaluating its ef-

Future of System

The revision of the cut system must be approved by the entire faculty before it becomes a rule of the college. If the faculty endorses it, it will prohably go into effect in the second semester of next year.

Phi Sigs Choose Pickett, Dryden

On Monday, May 12, Phi Sigma Kappa fraternity held its elections for the coming semester.

New officers elected were Jim Pickett to succeed Bob Schockley as President, Ed Dryden to succeed Willie Pfeiffer as Vice-President, Dunkan Adams to succeed Dick Reilly as Secretary ,Bill Kogok to succeed Jim Pickett as Inductor, Bob Tyson to succeed Bob Gordon as Sentinel, and Bob De Vaux was selected as Treasur-

Reoppointments

Warren De Frank was reappoint-ed House Manager and Wilson Watson was reappointed as Athletic Chairman for the coming semester. New President

The new president, Jim Pickett, a junior from Silver Spring, Maryland, is a member of the Varsity Club, the track and cross country teams, and is the co-chairman of the Canterbury Club. Jim has high hopes of leading the fraternity to a successful year.

Canterbury Plans Program, Elects

The Canterbury Association held its final tneeting of the year on Wed-nesday, May 14. At this time, of-ficers for the coming year were elected. They are as follows: Co-chair-man - Jim Pickett and Joel Truitt, and Corresponding Secretary -

Calborn Loss
The retiring President, Bob Colborn, will be a great loss to this organization. Future Plans

Plans for next year are in progress. Among these are meetings in which a controversial subject will be introduced to present several different points of view. The organization also plans to have a speaker to give his own opinions on this same topic.

Party Possible

An interdenominational party is to be a part of the program for next year. It is felt greater cooperation among the religious groups would be to all their advantages.

How to Pass an

The average college student ordinarily acquires a wide assortment of valuable skills such as how to open beer bottles with his teeth, how to sleep with his eyes open in class, how to arrange subtle and iugenious ways to beg for cash from home, and so on.

However, there is one important asset for college one which is altogether too much shrugged off-how to pass an examination. I shall attempt to set forth to all of you, dear readers a few fundemental rules to adher to carefully.

One of the commonest kinds of exams is the multiple choice test Consider the following example:

"George Washington was called the Father of our Country because: (1) the Indians couldn't pronounce his name, (2) they had to put something on his tombstone, (3) he was the first manager of the Washington Senators, (4) he threw his father across the Potomac, (5) it was a cinch he wasn't the Mother of his Country." (1), (2), (3), and (4) are obviously incorrect. Therefore (5) is undoubtedly the right choice.

Another type of test is the completion test. Such as: "The the top of the test sheet to be certain of the name of the course you are

And then of course there is the ever-popular essay exam. Note this typical question: "Discuss the nocturnal mating habits of the Mongolian water buffalo." Let us assume that you don't know the difference beteween a Mongolian water buffale and a flesh-eating kangaroo rat. Don't despair! Careful study of the question and the following can be ascertained:

- 1. Is a member of the buffalo family.
- 2. Resides in Mongolia.
- 3. Drinks water.
 - Pursues mating habits.
- 5. Mates at night.
- 6. Probably mates with another Mongolian water buffalo. (This is only an assumption).

- Roanoke Brackety-Ack

Letter Jo The Editor

ANIMAL INSTINCT?

Dear Editor:

Spring is here again, and as usual, young MEN'S fancies turn to love: while the young BOY'S fancies have turned to - you guessed it - water

turned to - you guessed it - water pistols and pea-shooters. As the cage doors of Middle Hall were opened for a spring airing, the OX's wandered out - well armed with loud abusive words and their pea-shooters in order to defend them-selves against the stream of harmless girls who dare walk past their "hide-

It certainly is a shame that, when admitting students to Washington College, the administration did't leave lege, the administration but leave some of them where they belonged -in junior-high school. Any visitors to our campus would certainly be shocked if they unfortunately ran across one of these wondering herds of animals, armed with 1958's latest play-

SAVE MT. VERNON!

wish to bring to your attention and to the attention my fellow students that the Old-est Campus Organization, the Mount Vernon Literary Society, is rapidly fading into oblivion. At the present time there are only two active members of the Society who will be returning in the fall. Having been personally ascociated with the Society for four years, this fact grieves me.

Although it sometimes seems foolish to take college activities too seriously, they nevertheless offer students an opportunity which can be very fruitful and rewarding — especially those acrewarding — especially those ac-tivities which foster creative use of the student's mind. I believe that the Mouot Vernon is de-finitely one of those activities which cannot function without creative effort on the part of its members.

like to cite a few of the activities which the Society has sponsored in the past, and also to cite a few that the Society could sponsor in the future. Whether or not the Society can sponsor any-thing in the future is entirely up to you and the remainder of the students returning in the fall. Recently, the primary interest of the group has centered around the group has centered around the creative writing efforts of the members. But let me point out that the members have not sat around and read their works to a panorama of pleasant faces that made stupid and noncommittal remarks. The writers have met with honest, interested crticism, which has stemmed from a simple desire on the part of the criticizers to understand and to help their fellow students and fellow man.

The student and faculty members have cooperated to present dramatic readings and discussions. There have even been times when the Society has sponsored plays simply because they wanted to see a play done that the Players could not do because of limited time. Often in the past the Society has brought in speakers from outside and from the faculty to give talks on some topic of interest to the members. The talks were not laways literary and there's certainly no reason why a speaker must stick to literary topics when addressing a group of people interested in almost any-

Seniors Sound off

Each year, in the last issue of the Elm, it is our custom to run a column devoted to what improvements the departed seniors would suggest fo the school. This is the list of items we should have:

TREEVA WISHART - more parking space around Minta Martin,
BOB SHOCKLEY — campus organi-

zations should be able to hold their own affairs at locations of their own choice and without chaperones -this restriction of on-campu parties has been responsible for the

parties has been responsible to the loss of a lot of the school spirit.

HARRY DUNDORE — a campus kept cleaner and neater with parking facilities by Somerset Hall.

CURT MASSEY — clean silverware in Hodson.

MISTY INGHAM - an exit from Hodson in rain or a higger stair-way or balcony to relieve congestion.

DICK REILLY - some way of short-ening tray line at meals and an improved relationship between the school's administrators and the

toy - the pea-shooter.

Name Withheld

JACK KINCAID — would like to see enlarged library, better food in Hodson, and labs which would be

bigger and better kept.

ARNOLD STEN — public telephone and clock for Minta Martin in downstair's lounge.

TOM SHORT — a Student Union run by the college or students for the only reason of being a convenience for the students and not a profitmaking business.

The latest effort of the Society has been to publish a literary magazine consisting of works by your fellow students. To me this has been the most valuable project that the Society has done because it represents the work of the members in a permanent and unforgettable manner. It is quite thrilling to view the products of one's imagination, time, and efone's imagination, time, and earfort in print. Not everyone can be so thrilled, but to those who think they might like to try, we of the Society offer you a challenge.

you will permit me, I should the direction an organization to cite a few of the activities takes generally depends upon the individuals in it. For those of you who are notPhilistines, let me point out that the recent attitude of the Society toward creative writing need not continue.

If you have an interest with a
literary bent, come and make the organization what you want it to be. In essence, that is the function of any extra-curricular ac-tivity; that is, it affords an op-portunity for students to experi-ment and try all kinds of pro-blems and ideas.

If you go through college and don't try these things, then you don't have the right to go home and tell people that you think Washington College was not a good investment.

Best Elm Ever

Everybody at Washington College reads the Elm, because: it's bigger, better, carries more news and sports, has top-rate feature staff, and the best pictures. is a ten-page issue; the first in Elm history . Our coverage is as near complete as is possible. No one of us on the staff thought we would live thru getting it out ... we did, and here it is. All a part of the never-ending attempt to be the voice and the news of Washington College, this issue is our salute to the student body and the gradu-

Large Percent of W.C Students Receive Aid

Students who attend Washington College have many opportunities for self-help - more than one might find at most small liberal arts colleges.

Two-fifths of the current student body are receiving aid either in the form of scholarships or grants, according to recent report released by Fred W. Dumschott, business

The report shows a total of \$122,773 expended for student aid, making Washington College one of the leaders in the state in funds available. lo \$100,00 this year. Nine of these scholarships alone, Washington Col- scholarships are held by graduating lege has 37 private grants available, seniors. ranking third in the state. The Uni-

Hopkins University have more. The 211 grants are distributed among 168 students who receive financial help from the College in the form of state senatorial scholar-ships, direct College scholarships, special scholarships, work grants, or direct grants-in-aid.

versity of Maryland and the Johns

Types of Grants

Although the sums distributed ranged all the way from ten dollars to \$1552, the average student in the program received \$730.13.

Sixty-seven students receive full or partial scholarship help through an annual grant made by the state of Maryland to Washington CoBege. This year 38 students hold full room, board, tuition, and books scholarships awarded by the various state senators, while another 29 students have full tuition scholarships from the state Work grants and digrant. This program amounts to year totaled \$29,196.

Ten endowed scholarships worth

\$6,147 have been claimed this year. These include the Bunting-Worcester County, Bunting-Baltimore City, Howard-Cecil County, T. S. Nichols, Burchinal, and Jesse Jones (5) scholar-In addition to these ten, which are

specially endowed, the College also awarded 21 other scholarships, worth a total of \$8,235. Fourteen of these grants are awarded to non-residents

The report also lists 88 students on work graots and 25 students who were awarded direct grants-in-aid by the student aid committee, of which Dean of Students Albert S. Hill is chairman. Work grants are remunerations given for minimal esrvices to the College, e.g. dioing room, library, maintenance. Work grants and direct grants this

ties and fraternities have been center-ed around the respective ISC and IFC Weekends, daily Song Fest practices, and the beach. There are plans, though, for some affairs which will conclude the semester.

Seniors of ALPHA CHI OMEGA

will be honored with a party given by the chapter at the home of their patroness, Mrs. Maxwell. They are also making active plans for the new rushing season next spring.

ZETA'S and their dates enjoyed the picnic given May 4th by their patronesses at the home of Mr. and Mrs. James Anthony, Other new ZTA patronesses are Dr. Martha Taber, Mrs. Robert L. Forney, Jr., and Mrs. Robert L. Harder, Jr. Six sorority members visited Delta Chapter at Randolph Macon Women's College in Annual Windows Washington April 26 where they presented a "Brag Session" about W. C. ZETA

Frig Session anout W. C. ZEIA activities during the year. PHI SIGMA KAPPA will seed delegates to Indiana to the National Convention this August. Their pledges recently took on a project of their own when they captured and exchanged their Pledge Master, Willy Pfeiffer, for the Sig president of Maryland.

Meanwhile ALPHA OMICRON
PI is currently collecting old clothes for the Frontier Nursing Service in Kayden, Kentucky which is their National Philanthropic project. are completed for Sigma Tau Chapter's 20th anniversary celebration. They include a luncheon at the Granery, a formal ritual service and a general tour of the campus for the alums and invited guests. Judy McCready was awarded a certificate from National for achieving the highest scholarship of the Chapter for first semester. Paula Dentz has been presented the award for the best pledge of the year.

KAPPA ALPHA ORDER is pre-

sently engaged in plans for an Alumni-Chapter Party for Saturday, the 24th. This will replace the Boat Ride, which has had to be cancelled for this year. Ollie Robinson and Jim Holloway will journey to Columbia, South Carolina this June to attend a National Training School.

LAMBDA CHI ALPHA recently initiated Bob Keady, Jim Griffin, Dave Sorflaten and Jim Belch. The Tom Wells Memorial Trophy will be awarded to member achieving the highest scholastic standing in the Chapter. Tom Butler will represent them at the National Conclave to be

held in Toronto this summer.
Pledges of THETA CHI were treated to the Annual Pledge Banquet given by the Chapter at the Granary, May 14th.

Inquiring Reporter

With graduation coming, the seniors are now making plans for the future. of the plans made so far are: ARNOLD STEN - Play professional hasehall.

CLAYT COLLINS - Not to much, BEA CLARKE - Get rich and have

KAKIE BRACKETT — Work for the Baltimore Department of Welfare. JIM HUGHES - Become a Presbyterian minister

BRUCE BEDDOW - Become a "Burly-Q" M. C.
BILL BERNSTEIN — Work for U.S.

Weather Bureau.

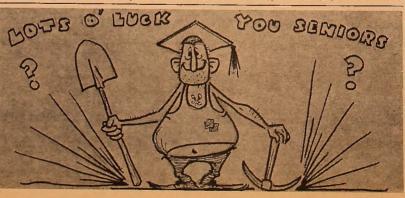

CHUCK BUCK — Become the world's first "incredible Shrinking

Man". ANNA LUCY ALLSPACH - Be

Playmate of the Month.

JOHN DAVIE — Ride herd on alhino

rhinos in his Volkswagen.

Farewell To Our Senior Stars

NO-HITTER FAME

Roy Henderson

Roy climaxed his three

Roy climaxed his three years of participation in basehall and basketball by being elected a co-captain of both teams this past year.
Roy was one of Coach Kibler's mainstays on the mound and this year supplied the Sho'men nine with many well-pitched games. He has hopes of pursuing a baseball career after college.

HUSTLING DEFENSEMAN

"Chick" Mills

A great defensive powerhouse, "Chick Mills, has helped to make the W. C. lacrosse teams of the past four years outstanding. "Cbick" has earned three letters in this sport and has consistantly been a threat to the opposition.

In his Junior year "Bean", as he is known, lent much assistance to the track team with his ability in the 100 yard and 220 yard dash. He also excelled in the shot put and the discus.

Chuck Buck

Charles Buck has been an outstanding performer on the Washing-ton College lacrosse team for four years. He has always been a good team player and a tough competitor. Charlie has been second only to the All-American Joe Seivold in scoring

SOCCER & TRACK STAR

Jay Cuccia

Jay Cuccia, Captain of this year's track team, has built a tremendous record of wins during his three years on the team. During this time be earned three varsity letters in track.

In the fall, Jay puts most of his efforts into soccer, which he has been playing for three years at W. C. Jay is a member of the Varsity Chub and will long be remembered as one of W. C.'s most outstanding runners.

GOLF MAINSTAY LEAVES

Ed Chach

For two years Ed Chach has been playing golf for the W.C. golf team. This year he earned his varsity letter for his golf ability. Ed has learned much in two years and has proved himself capable of being a great asset to the team. to the team.

ALL-AMERICAN STAR

Joe Seivold

Probably the most out-standing Senior athlete at Washington College is Joe Seivold. His skill, speed, Seivold. His skill, speed, and sportsmanship in many sports have made him a pleasure to watch on the field and a credit to W. C.

Joe has received four letters in lacrosse and, in his Junior year, he made first-string All-American. Joe has not only made a name for

not only made a name for himself in lacrosse, but he is also a basketball three-letter-man and has received two letters in soccer.

two letters in soccer.
Seivold holds many scoring records and has received many awards. He has earned two of the greatest awards given at W. C. for excellence in athletics: The Simpers Athletic Award and The Theore Reader Spadden. Thomas Reeder Spedden Medal.

CAPTAIN OF NETTERS

Jim Lewis

Although not as widely publicized Atthough not as widely publicized as baseball or lacrosse, tennis bas made a definite place for itself in the W. C. athletic program, and Captain Jim Lewis has been an integral part of the tennis team since he came to W. C.

Jim has also participated in a great

Jim has also participated in a great number of intramural activities and is a member of the Varsity Club. He has proven himself a great competitor in any sport.

REX LENDERMAN HURT, HELPS COACH SOCCER

Rex Lenderman

Rex was a member of the soccer team for three years and the lacrosse team for two years. In his Junior year, Rex was the leading scorer on the soccer team. Rex was selected to the second team All-Mason-Dixon and All-Southern team in soccer.

A back injury forced Rex to the sidelines where he then ably assisted Coach Athey during the soccer season, needed.

LACROSSE AND SOCCER

Charles Stow has shown great improvement particulary in lacrosse since coming to Washington . He has also been a mainstay on the soccer team since his freshman year. Charlie shown spirit and determination in both of these sports and has con-tributed greatly to his team's success.

NET STAR AND WRITER

Tom Short

Tom is best known for his column Athlete's Feat, which appears in the ELM. In his Senior year, Tom was sports editor of the ELM and also sports editor of the PEGASUS.

Besides writing for the paper and working on the yearbook, Tom also found time to be a member of the tennis team for three consecutive

STAR SOCCER WINGMAN

John Kruse

John Kruse has put all his sports efforts into winning two soccer letters Since his return to Washington he has strengthened the line tremendously playing at a wing position.

John was especially valuable to the

soccer team because of his fine understanding of the fundamentals of the game. Also he returned at a time

STRONG RIGHT ARM

Arnold Sten

For four years, Arnie was a member of the soccer and haseball teams and was co-captain of both this year.

Arnie was chosen for the second team All-Mason-Dixon in soccer in his freshman year and first team in both Junior and Senior years.

Besides his athletic en-deavors, Arnie also was President of O.D.K. and S.S.O.

LACROSSE CO-CAPTAIN

Bill Litsinger

Bill Litsinger, an aggressive midfielder on the lacrosse team, has been a prominent figure in W. C. been a prominent figure in sports for four years, "Lits" has earned three lacrosse letters and a soccer letter during his four years here. He is also quite active in the Varsity Club and was Co-captain of here. this year's lacrosse team with Joe Seivold.

He also spends much time with intramural sports. Intramural football, basketball, and softball seem to be very popular with "Lits" and he is a great hustler no matter what sport he participates in.

Rain Halts I-M Solfball

As a result of the first week of play only four teams remain undefeated in the intramural softball league. KA "A", Theta Chi "A", and the Sleepers, Rain has been the culprit of quite a few cancellations. The games rained out will be made up at the end of the season, before the playoffs.

Mavericks Lead

A team comprised largely of freshmen, the Mavericks, is lending the league with a 3-0 record. These wins include victories over the Phi Sigs 7-6, Lambda Chi 11-9, and the Rebets 17-4. Caach Athey and 'Bevo' Caleman share the pitching chores and are backed up by a corps of able sluggers headed by Zuck, Portnoy, Leiberman, and Lesham.

Kappa Alpha Wins Two

no losses, by virtue of downing Lamb-da Chi 9-7 in nine innings and Theta Chi "B" 14-7. Stalwarts include Chi "B" 14-7. Stalwarts include Eissele, Neely, Holloway, and Leap, Along with Coach Meager and the pitcher, Clarke Johnson.

Theta Chi Crushes Sigs

Theta Chi "A" presents a power lineup that includes Stan Bailey, Charlie Mills, Ed Chach, Jack Jea-Joe Seivold pitched them to their first win over the Phi Sigs 14-5.

Sleepers Win 29-3

By beating the Rebels, 29-3, the Sleepers placed themselves in the unbeaten ranks with a record of 1-0. Outsanding are Dick Irvin, pitcher, Bob Brown, shortstop, and Bob Lentz, first baseman.

Playoffs Near With the playoffs several weeks away, the outlook appears to place the above teams in the playoff spots, with the possible exception of the Sleepers, who will be given a fight for the fourth spot by Theta Chi topics whenner of the playoffs, the of people inte KA "A", and Theta

Trackmen Gain Second M-D Win

On May 7th, amidst the rain and cold the Sho'men won the second track meet of the year. This victory was over the invaders from Western Maryland. Mark Diashyn was the thorn in the opposition's side as he racked up 17 points.

Diashyn Scores 16

On Friday, May 9th the thinclads entertained American University on the home grounds and lost out. Diashyn and Cuccia were both in-jured but the former again led the Sho'men with 16 points. Cuccia reinjured his leg and consequently cost the Sho'men about ten points. Dick Skinner placed first in the mile Last year's fraternity trophy win-ner, Kappa Alpha, has two wins and placed first in the discus throw.

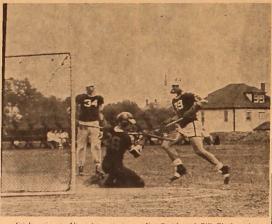

M-D Championships At A. U.

The final track meet of the sea-son will be against Ursiaus on May 13th. The Mason-Dixon champion-ships will be held at American University on May 16th and 17th

Pole vauter Jim Picket shown sailing over the cross-bar at 11 feet is undefeated in the M-D conference.

Defeat Southerners For Conference Win

Stick action in Virginia contest sees Jim Smith and Bill Clark trying to penetrate the Rebel's defense

If evaluation by comparative scores is valid the Sho'men got sweet consolation from that hard taken Navy game by trouncing the University of Virginia sixteen to six. This was the same Virginia team that dumped the Navy a few weeks ago.

Defense Looks Good

The converse of an old maxim; 'a good offense is the best defense', was demonstrated nicely by Lee Curry and Charlie Mills who combined to hold shifty Virginia midfielder, Joe Dyer, scoreless. Hats off to Jack Jennings and Buzzy Brandenberg also. A defense that holds a team Buzzy Brandenberg also. to six goals is working well.

Golfers Lose To Baltimore

The Washington College The Washington College golf team was recently defeated by one of the top teams in the Mason-Dixon conference. The University of Baltimore beat us by a score of 12 ½ to 9 ½. Such a small margin gives evidence of great improvement in the team. The line up and scores are as follows:

Richard Irvin, No. 1 Tonimy Eshman, No. 2 0 nts. Stan Bailey, No. 3 Ed Chach, No. 4 0 pts. Boh D'Angelo, No. 5 0 pts. Dunkin Adams, No. 6 Team Best Ball 3 pts one half pt.

The low man for the University of Baltimore was Hank Majesky with a 74 and the low man for Washington was Richard Irvin with a 75.

Allen Has 48 Assists

Scoring was well distributed among the midfielders and attackmen. W.C. launched a four-pronged attack that featured Seivold, Callahan, Allen and DiMaggio. Joe Seivold ran his season total to 37 goals by netting five against Virginia. Likewise Tommy Allen stretched his total number of assists to 48, assisting six times in the game. Dick Callahan who improves game. Dick Cahanan who improves every game was death to Virginia on ground balls. Dick scored twice and assisted twice. Mickey DiMaggio was his agile self again after having suf-fered an injury at Hofstra. Mickey made three goals and three assists Other goals were scored by Jim Smith (2), Chuck Buck (2), Clarke and Litsinger, one each.
Four Sho'men in Top Ten

With the statistics from the Virginia game in the books we find that four of the top ten scorers in the state are from W. C. They are Seivold (37), Callahan (20), Buck (19) and

BAGS FINAL OUT IN LOYOLA TWIN-BILL

Warren Mix

First baseman "Moose" Mix smiles happily after catching game-ending line drive to protect pitcher Roy Henderson's no-hitter. Mix caught the runner off first for an unassisted double play. The Sho'men won 1-0. The score of the first game was 3-0 in favor of Washintgon.

Feat

The monsoom season has The monsoom season has come again!! As usual the season has resulted in an athletic draught. The only spring team that has not been hurt by the weather is the lacrosse squad. They have not had to postpone or cancel any games.

Stick Loss To B. U.
The stickmen defeated Loyola Tuesday, May 6 in a driving rain. Tuesday, May 6 in a oriving.
The lacrosse team was in contention for their division championship until last Saturday when Baltimore University defeated Washington and Lee and as a result of this victory won the Division "B" title for the second straight year.

Callahan Recognized

Individually, Dick Callahan has been a standout in his sophomore year as a stickman. Gene Corrigan and Bill Pacy, the coaches of W&L and BU respectively, have made open comments on Callahan's caliber of play against them. The "HORSE" is a midfielder and he has been a scoring threat throughout this cam-

paign.

Moore, Seivold, Allen Star Other individual honors go to Moore, Seivold, and Allen. Herbie Moore has done an outstanding job defending the Sho' goal. His most outstanding game thus far this season was against B.U. He had 38 saves in this game. Seivold has scored 37 goals in 8 games. He is the second highest scorer in the state, be-hind Tim Albright of B.U. who has 42 goals in ten games. Seivold has the better average per game and could easily finish the season as the leading scorer, since he has two more games to play. Tom Allen has 48 assists before going into his final two games of the season. He is currently leading the state and possibly the nation in this department, had 30 assists last season.

Diashyn Scores 97

Mark Diashyn has scored more points in this track season than any other trackman in the history of Wash-ington College track. There may be some men who averaged more points per meet than Diashyn but because they did not run as many meets, they could not compile as many points. Diashyn has scored 97 points in the 6 track meets run thus far this season. No-Hitter To Headerson

No-Hitter 10 Headerson Roy Henderson pitched the first no-hitter of his college career last Saturday afternoon against a strong Loyola nine. This is an ATHLETE'S FEAT!!

Coaches Corner

Athletic Award Banquet Altered

The Annual Athletic Award Banquet this coming May 21st, will be slightly altered from those presented in past years. Instead of one man speaking, eight alumni will be invited to make short talke and then talks and then present a new talks and then present a new award for each sport on the campus. A "Most Valuable Player" award for each activity will be presented to that player or manager in each sport who was voted by his teammates as the most valuable during the current year. These names will be kept secret until the time of presentation.

presentation.
The Annual Athletic Council Award will then be awarded to that individual who in the opinion of the athletic council has done the most for athletics at Washington College during the past year or years.

Sho'men Northern Division Champs

Henderson No - Hits Loyola Trip "Blue Jays" 12-3

Unsung Hero

By Bill Miller

One of the least noticeable, but nevertheless one of the most important men on the 1958 Washington College baseball team is our bull-pen catcher "Newt" Schellinger. The job of warming up pitchers is an art in itself which makes or breaks a baseball team and is, for the most part, dependent on the way a catcher handles his pitchers

"Newt" Schellinger

While most of us are busy watching the proceedings on the diamond, "Newt", at his coaches bidding carefully and confidently readies pitchers at the far end of the field.

"Newt" has been playing baseball here for four years. He has also played sandlot ball. Since his in-terest in sports covers other aspects he has also taken time out for umpiring intramural softball games and reffing basketball contests.

Few of us have realized Newt's important role in our success this year but now that we understand, our hats are off to coach Kibler's unsung hero

TONY LIEBERMAN TOP M-D NETTER

the player-coach of the Sho' net squad and is now billed as the No. 1 man in the Mason-Dixon conference.

Sho'men Lose Two To "Mounts," Win Twin-Bill On Saturday

ON SATURDAY, MAY 10TH, ROY HENDERSON PITCHED A NEAR PERFECT NO-HITTER AS THE SHO'-MEN TRIPPED LOYOLA 1-0 IN THE SECOND GAME OF A TWIN BILL.

The Sho'men swung back into action last Friday as they played a twice postponed double-header with Mt. St. Marys at Emmitsburg. The long layoff apparently hurt the Sho'men and the trip accomplished nothing as they lost two

to the Mounts.

Nothing seemed to go right as Al Rayne started for us and left the game in the third at the wrong end of a 5-2 score. Tot Woolston took over but had no better luck as the Mounties stug him for four more. Errors and bad plays dotted our defensive effort. Weak hitting on the Sho' side was also a factor in the twin loss.

Lieberman Wins, **Netters** Lose

Despite brilliant play by Tony Lieberman, the rest of the tennis team supplied few wins so that they drop-ped their three matches on the southern tour to Randolph-Macon, 6-3 Bridgewater, 6-3, and Lynchburg, 7-2.
Tony Is Top Man

The brightest spot of the three day trip was the outstanding play of player-coach Tony Lieberman. The fresh-man standout, in addition to winning all his singles and all but one doubles match, beat the number one man in the Mason-Dixon Conference last year, Wayne Adams of Randolph-Macoo. The match was close and bard-fought all the way, as the score (7-5, 9-7) indicates, with both players blasting away from the baselines. Adam's hard "American Twist" serve and strong ground strokes lost out to Tony's "thinking" and concentration on the court. This loss was Sopho-more Adam's first in the Masou-Dixon Conference since he's been playing. Lieberman's victory now makes him the "man to beat" in the Mason-Dixon Conference.

Lieberman and Sharp Win

In the one match not rained out since the Lynchburg match, Catholic University's netters invaded W. C. and downed the Sho'men, 6-3. Again Lieberman was victorious over Will-ging of C. U., 6-0, 6-2, and teamed up with John Tokely in the doubles to smash their way to a 6-2, 6-1, win The only other Sho'man win was registered by Freeman Sharp in the number 6 position, 6-3, 9-7.

The netters had matches with Johns Hopkins, Mt. St. Mary's, Loyola, and Elizabethtown rained out.

Gibson's Blue Bird STATE LAW No one under 21 allowed on premises

Poor Team Effort

Roy Henderson tried to pull out the second game, but met the same kind of luck, as he gave up a 6-3 loss. Three of those runs were earned which shows the lack of effort on our side Only a couple of bright spots penetrated the gloom up on the mountain. The Sho'men came alive in the first game in the last inning, and collected four runs which, however, fell short in the 9-6 loss. A couple other of-fensive gems were Flea Phillips hit-ting, (4 for 7 in both games), and a home run by Shelley Goodman.

After the final out it was the Mounts 6, W.C. 3. The so-called impossible had happened, the strong Washington College team had dropped a double header, and to one of the weaker teams in the conference.

Sten. Henderson, Win

Saturday was a do-or-die day for our baseball team. The Sho' pitching staff seemed to improve overnight as the Sho'men took two games from the leading Greyhounds, 3-0, and 1-0. Both were beautiful games with good pitching and fielding on both sides. Arnie Sten won the first with a 3 hitter. Roy Henderson the second with a near perfect no-hitter. effort all the way. Some individual outstanding performances were Gu's Outstanding perbilinances were this Skordas' defensive play on two almost sure hits up the middle, and a clutch single by Don Miller in the second game to drive in Shell Goodman with the only run of the contest.

EDITOR'S NOTE

In a recent letter to the editor which I wrote, I asked an indirect question about scoreboards for outdoor varsity sports. It has been brought to my attention since then by the Athletic Department, that this situation will be taken care of as soon as possible.

Since there is much uncertainty as to where specific fields will be located next year the school wishes to wait until everything is settled before installations begin.

To Gain Playoff Berth

On Tuesday, May 13th the Washington College base-ball team clinched the Northern-Division Championship of the Mason-Dixon conference by downing the Hopkins Blue Jays, 12-3.

On Friday the 16th the Sho'men will head south to play the winner of the Southern Division.

Arnold Sten received credit for the win but he was relieved by Roy Henderson in the seventh.

"Moose" Mix had four R.B.I's while Don Miller and Bob Bragg had three hits each to pace the offense.

Stickmen Upset W. & L. But Go Down To Baltimore

men won over the strong contender Washington and Lee; but they lost to last year's champion, Baltimore University. This split puts W. C. in tine for a possible co-championship with Washington and Lee should W. & L. defeat Baltimore later this season.

The W. & L. victory was a ten to nine thriller that went right down to the wire. Neither team ever held a lead of more than three goals at any time during the game.

BOB BRAGG STARS AS SHO'MAN SLUGGER

Bob Bragg seen above taking a few practice swings was one of the most potent sluggers on the baseball squad and was an important cog in the success of our team this year.

Allen Maintains Assist Lead Joe Seivold fired four goals. Chuck

Buck scored twice while Allen, Cal-lahan and Litsinger each tallied once. Tommy Allen continued to maintain his national assist lead by assisting five times against W. & L. Jack Jennings played one of his best games at defense, and Charlie Mills continued to show improvement by holding his man in good check all

Against Baltimore University the Sho'men played a good hard game, but they were outclassed in the first period when B. U. jumped off to a quick four goal lead.

Moore Grabs 36 Saves

Goalie Herb Moore played one of his best games, both in and out of the goal, as he came up with thirtysix saves for the afternoon.

COACH PULLS BONER BEFORE HOPKINS GAME

Coach Kibler, in preparing to go to Baltimore, for the Hopkins game, walked off without bis uniform. With more important matters, such as winning the Northern title, on his mind, this seems logical. However the members of the team got a chance to tease their mentor for it isn't too often that he is the victim of mirth.

"WHERE YOUR DOLLAR HAS MORE CENTS"

look back on the past year picks out the Highlights of the 1957-58 College Season, or so we hoped when we asked Greydon Rhodes to prepare this cartoon. However, we ge than Highlights — we got pictures, comments, and also a cartoon. This is our first effort in this line, and we hope it to be a sainte to the seniors and a treat for the rest of us. It has a full year — Frosh hazing, the Veterans Parade, George (the statue) makes arrival on Campus, Homecoming with a sophomore Queen, and at last, graduation. The year had its happy moments — pledging, parties, and meeting the freshmen. However, we wept at seeing the purge in February and the grades of those left. This was the year — 1957 - 58!

Coleman, Samuels Win Science Fair Competition The twelfth annual Society of Sciences' Exhibit took Coleman, Samuels Win Sara Ann Fallowfield William Harold Fletcher Charles A. Foley, II James A. George, Jr. Rohert T. Gillespie Joan Angela Haley Joseph Mathews Harasta Roy C. Henderson Rohert Gene Higgins Leslie Carlene Hoffmann

The twelfth annual Society of Sciences' Exhibit took place in Dunning Science Building on May 8, 1958.

Among the many exhibits in the competition for prizes were individual projects and experiments performed by the different departments during the year. The following were selected by the judges as the winning exhibits:

1st prize - Plant Pigments - Bill Coleman and Joan Samuels

2nd prize - Solid Propellants - Charles Rittenhouse and Richard Moser

3rd prize - Reflected Light - John Parsons

Dr. Harder exhibited an astronomic al project on Jupiter and its four satellites.

The guest speaker was Mr. Howard Walters who gave a talk nn "Micro-Relays" which was later followed by a demoustration of the same subject.

Purpose of Society

The Society of Sciences, now in its fourteenth year as a Washington College activity, endeavors to bring to both the college and community topics of scientific interest. Students of the arts as well as of the five science Students of the departments join together each year to present the Society's exhibition in the spring. The exhibit provides students with an opportunity to demonstrate skills learned in the classroom and allows students of local secondary schools to see what work is being done at Washington College.

In each semester the Society's members travel to near-hy points of scientific interest, which have in the past included Franklin Institute Philadelphia and Medical / Museum in Washington.
